1. Fall 2006 data was pulled from data frozen on the census date in Fall 2006, and did not undergo the same data quality checks and cleansing as data from Fall 2007. This includes reconciliation of student numbers from Recruitment PLUS to Banner.

Test Score Calculations

For students with both an SAT and ACT score, only one score is counted. The ACT score is converted into the equivalent SAT score and compared to the actual SAT score, and only the higher is retained. Additionally, for students with multiple SAT test scores, the highest verbal and math subscores (from any test date) are added to get the student's final SAT score.

Prior to Fall 2007, SAT scores were reported using Recruitment PLUS. Recruitment PLUS converted all ACT scores to an equivalent SAT score, and included the converted scores in the final mean.
