

Profile of Graduate Students Fall 2023 and Fall 2024

This report contains demographic and academic information for graduate students in Fall 2023 and Fall 2024. Information¹ is included on:

Sex	Citizenship Status	Average Credit Hour Load
Age Range	Racial/Ethnic Group ²	Enrollee Type
Minority Status ²	Religious Affiliation ²	Program
Student Campus	Full/Part-Time Status	

Data is presented for graduate students by Main Campus (page 2), Online (page 8), and Total class (page 14).

Fall 2024

The graduate student enrollment of 1,377 includes 412 students who entered the University as new Graduate Students in Summer 2024 or Fall 2024. Demographically, seventy-three percent (1,005) of the graduate students are female, and 49.7% (685) are from racial or ethnic minority groups. Students with a Baptist religious affiliation make up nine percent of the group. Ninety-two percent of the students are U.S. citizens.

Thirteen percent of the graduate students are classified as full-time. Fifty-eight percent are enrolled in 100% Online programs. The three largest graduate programs are the MA in Clinical Mental Health Counseling, the Doctor of Education in Executive Mental Health/Human Services, and the MA in Psychology.

Fall 2023

The graduate student enrollment of 1,399 includes 421 students who entered the University as new Graduate Students in Summer 2023 or Fall 2023. Demographically, seventy-three percent (1,031) of the graduate students are female, and 63.9% (894) are from racial or ethnic minority groups. Students with a Baptist religious affiliation make up eleven percent of the group. Ninety-one percent of the students are U.S. citizens.

Sixteen percent of the graduate students are classified as full-time. Fifty-six percent are enrolled in 100% Online programs. The three largest graduate programs are the MA in Clinical Mental Health Counseling, the MA in Psychology, and the MBA in Business Administration.

1. Most graduate students list their local address as their permanent address, so state and county information is not included as in the other profiles.
2. During census processing, it was discovered that race/ethnicity and religious preference data were not being collected for online students. Efforts are underway to collect this data from students who are missing, but this missing data will skew the totals for populations with a large percentage of online students.
