

Profile of Graduate Students Fall 2025 and Fall 2026

This report contains demographic and academic information for graduate students in Fall 2025 and Fall 2026. Information¹ is included on:

Sex	Citizenship Status	Average Credit Hour Load
Age Range	Racial/Ethnic Group ²	Enrollee Type
Minority Status ²	Religious Affiliation ²	Program
Student Campus	Full/Part-Time Status	

Data is presented for graduate students by Main Campus (page 2), Online (page 10), and Total class (page 17).

Fall 2026

The graduate student enrollment of 1,314 includes 344 students who entered the University as new Graduate Students in Summer 2026 or Fall 2026. Demographically, seventy-three percent (959) of the graduate students are female, and 58% (757) are from racial or ethnic minority groups. Students with a Baptist religious affiliation make up eight percent of the group. Ninety-three percent of the students are U.S. citizens.

Thirteen percent of the graduate students are classified as full-time. Sixty-five percent are enrolled in 100% Online programs. The three largest graduate programs are the MA in Clinical Mental Health Counseling, the MA in Psychology, and the MS in Nursing.

Fall 2025

The graduate student enrollment of 1,414 includes 402 students who entered the University as new Graduate Students in Summer 2025 or Fall 2025. Demographically, seventy-four percent (1,039) of the graduate students are female, and 53% (751) are from racial or ethnic minority groups. Students with a Baptist religious affiliation make up eight percent of the group. Ninety-one percent of the students are U.S. citizens.

Twelve percent of the graduate students are classified as full-time. Sixty-three percent are enrolled in 100% Online programs. The three largest graduate programs are the MA in Clinical Mental Health Counseling, the MA in Psychology, and the Doctor of Education in Executive Mental Health/Human Services.

1. Most graduate students list their local address as their permanent address, so state and county information is not included as in the other profiles.
2. During census processing, it was discovered that race/ethnicity and religious preference data were not being collected for online students. Efforts are underway to collect this data from students who are missing, but this missing data will skew the totals for populations with a large percentage of online students.
