From the President

Dear HCU Husky,

Welcome to Houston Christian University! We are so pleased to have you as a member of the HCU family. Whether you are a new freshman, a transfer student, or a returning student, we want you to feel at home on our campus as you pursue your studies and participate in some of the many opportunities available through our enriched student life program. With our small classes and warm, friendly atmosphere, HCU is an ideal place for you to build lasting relationships with other students and with members of our faculty and staff, who are dedicated to helping you grow academically, professionally, socially, and spiritually during your college years and beyond.

Again, we welcome you to our family of students, parents, faculty, staff, alumni, and many others proud to be called Huskies! We're so glad you have chosen to join the thriving community of faith and learning at HCU, where we are committed to offering you an excellent education in a Christian environment. We know that HCU is the right choice for you, and we hope that your years here will be among the most memorable of your life.

Blessings,

Robert B. Sloan
President, Houston Christian University

From the Student Government Association President

Greetings Huskies,

My name is Brice Everhart, and it is an honor and privilege to serve as your Student Government Association President for the 2026–2027 academic year. I am grateful to represent a student body full of purpose, potential, and leadership. When I was eight years old, I told my mother, "You focus on your health, and I'll focus on our wealth." She was not well, and while I did not fully understand the weight of that promise, I understood this: when someone you love is carrying more than they should, you step forward. That moment shaped how I see responsibility and has guided my journey at HCU.

Serving as SGA President is not about position, it is about stewardship. Everything we receive here, from community to mentorship to opportunity, is something we are called to build on and give back.

Houston Christian University will stretch you. You will be pushed academically, challenged personally, and placed in spaces that feel new or uncomfortable, but that discomfort is often a sign that growth is taking place. As Romans 5:3–4 reminds us, "suffering produces endurance, and endurance produces character, and character produces hope." As Ecclesiastes 11:6 teaches, "Sow your seed in the morning, and at evening let your hands not be idle, for you do not know which will succeed." What you invest in during uncertain moments will shape who you become.

Get involved. Join organizations, attend events, build relationships, and step into leadership when the opportunity arises. Time is our most valuable non-renewable resource, and how you use it here matters more than you may realize.

The Student Government Association is here to serve you, to listen, advocate, and work to improve your experience at HCU. Your voice matters, and we are committed to making sure it is heard. Stay grounded in your faith, committed to your growth, and make the most of every opportunity ahead. I am looking forward to what we will build together.

Dawgs Up!

Introduction to HCU

The University Mission

The mission of Houston Christian University is to provide a learning experience that instills in students a passion for academic, spiritual, and professional excellence as a result of our central confession, "Jesus Christ is Lord."

-- Unanimously approved by the Board of Trustees
February 24, 2009

Our Values

The Preamble to the University By-Laws as stated below describes the distinctive nature of the institution:

The Houston Christian University is a Christian liberal arts university dedicated to the development of moral character, the enrichment of spiritual lives, and the perpetuation of growth in Christian ideals.

Founded under the providence of God and with the conviction that there is a need for a university in this community that will train the minds, develop the moral character and enrich the spiritual lives of all people who may come within the ambit of its influence, HOUSTON CHRISTIAN UNIVERSITY shall stand as a witness for Jesus Christ expressed directly through its administration, faculty and students. To assure the perpetuation of these basic concepts of its founders, it is resolved that all those who become associated with Houston Christian University as a trustee, officer, member of the faculty or of the staff, and who perform work connected with the educational activities of the University, must believe in the divine inspiration of the Bible, both the Old Testament and New Testament, that man was directly created by God, the virgin birth of Jesus Christ, our Lord and Savior, as the Son of God, that He died for the sins of all men and thereafter arose from the grave, that by repentance and the acceptance of and belief in Him, by the grace of God, the individual is saved from eternal damnation and receives eternal life in the presence of God; and it is further resolved that the ultimate teachings in this University shall never be inconsistent with the above principles.

The University Vision

Ten Pillars 2030

A Christian University and Its Worldview

In the late summer of 1900, there was a man who lived in a thriving city on the Texas shore. People came from far across the ocean to visit this growing city, as it was a rising center for commerce, innovation, and trade. One day, with no warning – for those were the days before forecasts and radar – the winds became a wild thing, and the sea began to rise. A great storm was coming, and the people were not prepared. The man and many of his fellow citizens took shelter at the courthouse where his father was a judge, behind the thick granite columns that held up the house of law, and prayed for the best. The rain fell, the flood waters rose, and the wind blew and slammed against the building. But the pillars held.

The thriving city was Galveston; the man was the father of HCU's founder Stewart Morris; the storm, the Great Galveston hurricane, was the deadliest natural disaster in the history of the United States and was later named "The Storm of the Century."

The Ten Pillars were installed on in 1969.

Houston Baptist College was founded in 1960, and today you can see ten of those same granite columns at the center of the HCU campus, a gift from the survivor's son. Given in the fall of 1969 at the height of the Cold War and cultural upheaval in the United States, they are more than merely relics of the past. They are a constant reminder that our ability to weather fierce storms depends upon solid foundations.

Undergraduate Traditions

Traditions are a source of pride and enthusiasm to a university community; they provide continuity through the years and combine connections with growth. Much of the excitement of

attending a young, changing university is that tomorrow's traditions are being made by us today.

Beanie Ceremony

During Welcome Days all incoming students have the privilege of participating in a ceremony where they are given their Beanies. This ceremony celebrates the legacies that are being continued and the new legacies that are being made.

Beanie and Tug-of-War

The beanie is the University's way of welcoming incoming students (freshman and transfer) to the HCU spirit and way of life. New students are to wear their beanies until the exciting Tug-of-War, which occurs the first week of classes. If the new students lose the Tug-of-War, they continue to wear their beanies for an additional week.

Dawgs Up!

Whenever you hear someone yell "DAWGS UP," you make our Husky sign (see photo below) and give one loud bark! This is done at sporting events, graduations, and other festive occasions.

HCU Seal

The HCU Seal is a source of pride for HCU. The Bible represents the Word of God, and the Cross represents the foundation of our central confession, "Jesus Christ is Lord." The seal includes our signature Bible reference, John 14:6. Be sure to observe the honor of this seal and do not walk on it anywhere on campus.

Hinton's Nose

In the Hinton Center, named after HCU's first President, is a bust with "power"...Hinton's bust. Before a quiz, test, or class, give his nose a gentle rub and may his luck rub off on you!

Husky Homecoming

During the Fall semester, come back home and celebrate the legacy of HCU. Homecoming is a time where the past meets the present with excitement for the future. Our alums come home, our current students celebrate, and the university is enlivened with spirit!

Husky Sign

The Husky sign is made by touching the thumb to the tips of the two middle fingers, making the dog's "head." The outside fingers are extended to represent the ears.

Late Night Breakfast

Every semester, the Monday before finals begin (Reading Day), faculty and staff stay up late to serve our students breakfast as they study. It is one big party full of food, fun, and prizes for everyone who comes.

Reading Day

Every semester, the Monday before finals begin, is considered Reading Day. This means there are no

classes and students are expected to relax and prepare for the remaining week of final exams. We end the night with Late Night Breakfast, which is fun for all!

School Colors

Selected by our founders before the first classes began, The Noble Orange and Blue have become symbolic of Houston Christian University in all phases of campus life.

School Mascot

The mascot of HCU is the mighty Siberian Husky. The name of our current live mascot is Kiza (shortened from Wakiza, which means Determined Warrior.)

Spring Fling

During the last week of classes during the Spring semester, count on the Student Programming Board to help end the year big! This is a huge event to celebrate the end of a great year!

Welcome Days

The days before school starts for the Fall semester are special to HCU. This is when we welcome our incoming students (freshmen and transfers) with a bang. From move-in to the Beanie ceremony, to learning more about the university they will embrace, Welcome Days jam packs orientation with a huge “Welcome to the Family!”

For students, we provide guidance on study abroad options that align with their academic goals, ensuring they earn credit toward their degrees while immersing themselves in new cultural and educational settings. More than just travel, these experiences encourage students to see the world as God’s creation, interact with people from different backgrounds with humility and grace, and grow in wisdom and faith. Hazing Policy

Hazing refers to any intentional, knowing, or reckless act by one or more persons that occurs on or off campus and is directed against a student for the purpose of joining, being initiated into, or maintaining full status in a university group or organization. Such acts include, but are not limited to, the following: any type of physical brutality, such as, beating, striking, branding, sleep deprivation, exposure to the elements, calisthenics, any activity involving the consumption of a food, liquid, alcoholic beverage, drug, or other substance or any other activity that subjects the student to risk or harm or that adversely affects the mental or physical health or safety of the student, or any activity that intimidates or threatens the student or that subjects them to extreme mental stress, shame, abuse or humiliation. Giving consent to allow hazing is not a defense against hazing. Hazing may be further defined in the Student Code of Conduct.

Hazing is prohibited and is a violation of both HCU policy (see student conduct section) and both Texas State Law in Texas Education Code Chapter 37, Subchapter F (§§ 37.151-157) and federal law, and may subject a violator to both criminal prosecution (punishable by fines and/or jail time) and HCU disciplinary action. Under Texas State Law, a person may be found guilty of a crime if they: Engage in hazing; Encourage, direct, aid, or assist hazing; Permit hazing to occur; or Have knowledge of hazing activities and fail to report them in writing to the Director of Student Conduct or designee. Under Texas law, penalties for hazing include: Class B misdemeanor for failure to report hazing or for hazing that does not result in serious bodily injury; Class A misdemeanor for hazing that results in serious bodily injury; State jail felony for hazing that results in a death. Organizations found guilty of hazing may be fined \$5,000 to \$10,000, or if the hazing incident causes personal injury or property damage, fines may range from \$5,000 to double the amount of damages or losses incurred. A person who reports a specific hazing incident to the Director of Student Conduct or another appropriate institutional official may be immune from civil and criminal liability unless they personally participated in the hazing or knowingly filed a false report in bad faith or with malicious intent. These laws do not limit or affect the University's ability to impose additional disciplinary penalties for hazing beyond those prescribed by the state and federal government.

Hazing should be reported to the University immediately using one of the designated reporting means. The University's disciplinary process used to investigate incidents of hazing is outlined in the Student Code of Conduct. Information regarding organizations found to have violated hazing policies will be published in a Campus Hazing Transparency Report, as required by state and federal law. The University provides hazing prevention programming annually or as needed that is designed to reach students, faculty, and staff, which may include but may not be limited to: risk management training for organization advisors or officers related to hazing, programs promoting healthy group characteristics and activities that do not include hazing, or other programs that develop leadership skills relevant to preventing hazing.

Residence Life

Living on campus is a significant part of the overall college experience and educational process. Living-learning environments provide opportunities to grow spiritually, develop interpersonal skills, increase understanding of diverse cultures, and learn self-discipline in organizing time for study, work, and social activities. Residential students learn independent responsibility while living among friends and peers.

All students who live in campus housing are considered residential on campus students. All tuition and fees will be charged at the residential on campus rates.

Department Offices and Staff

The Residence Life staff is committed to providing an atmosphere of learning and growth that will facilitate a holistic experience in the context of the university community. Residence Life Residence Directors are full-time professional staff members that live on campus and oversee their designated area. Residence Life Graduate Assistants (GA) are part-time graduate students

that assist in the supervision and oversight of their designated area. Every area has Resident Assistants (RA), which are undergraduate students who work to build a strong community with their residents. All of our Residence Life staff work together to develop a community conducive to student growth -- spiritually, academically, physically, and socially.

Residence Life Offices

The main Residence Life Office is located in the Hodo Residence College at the front desk in the lobby. Each living area has a professional staff office to serve residents, located either in the lobby or common space. On-call phone numbers are also posted in the lobby or apartment doors of each living area for after-hours needs and emergencies.

Residence Life Office Hours

Regular office hours are Monday through Friday, 8:00 a.m. to 5:00 p.m. Office hours may vary during the course of the year due to holidays or variations in the University calendar. When the office is not open, students may call the Resident Assistant's on-call cell phone for after-hours help and HCU Police for emergencies.

Residence College Holidays and Semester Breaks

The Residence Colleges will close at 5:00 p.m. the last day of classes for vacations, semester breaks, and the last day of final examinations at the end of each term. Students may be required to inform the Residence Life department of their intended housing status during breaks to ensure safety and accountability. HCU assumes no responsibility for housing and meals for students when the Residence Colleges are closed.

Living on Campus

Due to University's commitment to the residential experience, students are required to live on campus unless one or more of the following exceptions apply:

- 21 years of age or older
- Completed 64 credits prior to the beginning of Fall Semester
- Married or in need of family housing
- Graduate student
- Part-time student
- Living at home with parents/guardians in the Houston area (Less than 50 miles away from campus)

Any student who does not meet these criteria and desires to live off campus must appeal to do so. The off-campus petition form is available on the student portal under the housing tab. Questions may be directed to the HCU Residence Life Office or e-mail reslife@HC.edu.

Students live in the following living areas:

[Freshman Village](#) (FV) Phillips Men and Women's Residence Colleges, Mest [Hodo Residence College](#) (HRC) (Freshman, Sophomores, Juniors and Seniors, University Place (UP) and [Husky Village Apartments](#) (HV) – Sophomores, Juniors, and Seniors

Housing Accommodations

Visit the accommodations webpage, [HC.edu/academics/academic-resources/academic-accommodation/campus-living-accommodations/](https://www.houstonchristian.edu/academics/academic-resources/academic-accommodation/campus-living-accommodations/), for more details.

Personal Property Insurance

The University's insurance does not provide coverage for your personal property. You are responsible and liable for obtaining your own insurance coverage for losses due to fire, smoke, water damage, and/or theft. Residence Life highly encourages that students purchase renter's insurance for themselves.

Meal Plan

A [meal plan](#) is required of all residential students. The meal plan does not include University vacation periods or breaks between semesters. In the event that a resident needs to alter his/her meal plan, a meal plan change form may be obtained in the HCU Residence Life Office. Meal plan changes are only allowed during the first two weeks of each term.

All students will receive a notice via e-mail to their University account confirming their move-in date and roommate assignment.

Each resident is provided keys to access his/her room upon checking in.

- A lost key should be reported to the RA or Residence Life Office immediately.

- Before checking out, the room and common areas must be in "Model Ready Condition"; all furniture and University property must be arranged properly and the room and common areas must be cleaned.
- Once the unit has been emptied and cleaned, the student is responsible for turning their designated key into the Residence Life Office during business hours. Keys left behind in a room or not returned will result in additional charges.
- Failure to clean, damaged/missing appliances/furniture, and leaving items behind will result in applicable charges to complete such cleaning, repair, replacement or removal of items. HCU Operations may assess damage and/or cleaning fees when applicable.
- When a resident leaves, whether at or prior to the ending date of his or her agreement, the common areas must be cleaned. These areas include, but are not limited to the windows,

If there is an item of significant value (expensive items, wallets, passports, etc.), Residence Life may temporarily hold these items for up to 10 business days for the student to retrieve. Items left behind may result in further improper check out fees.

HCU Residential Guidelines

Residential guidelines are in compliment to the HCU Student Code of Conduct policies in this [Student Handbook](#). Failure to comply to these guidelines may result in further disciplinary action and/or loss of residential privileges.

Chronic Misbehavior

A student establishes an unacceptable pattern of misconduct when he or she is frequently in trouble, though individual offenses might be minor. A pattern of recalcitrance, irresponsible conduct, or manifest immaturity may be interpreted as a significant disciplinary problem.

Failure to Comply

Students must comply with all written and verbal requests and instructions from University officials. This includes requests to produce valid identification. Failure to comply may result in disciplinary action and/or fine.

Firearms/Weapons

Firearms and other weapons are forbidden on the campus and in the residence areas of Houston Christian University. The only exception to this rule is possession by properly credentialed police officers and law enforcement personnel. For questions regarding the firearm policy, please contact the HCU Police Department.

All students and their guests must comply with all federal, state, local laws and University policies pertaining to all weapons including, but not limited to, fireworks/explosives, bows and arrows, illegal knives, martial arts weapons, air rifles, BB guns, or any other object that is designed for, is brandished or is used as a weapon. All students in a room/area will be held responsible for the behavior/objects in that room or area. In addition, residents who are not observed participating in misbehavior or in possession of inappropriate items/objects, but are in the presence of a policy violation, may be held responsible. This is called "implied consent." If a resident is present, he/she will be held responsible unless it can be clearly demonstrated that he/she had no knowledge of the violation.

Loss of Property

The University assumes no responsibility for damages and/or loss of personal property due to theft, fire, destruction, acts of God, etc. Students are advised to check with their parents/guardians regarding their insurance coverage. 3. HCU staff will follow-up and revise the roommate/neighbor agreement if needed.

Only after the staff feels that the roommate/neighbor resolution process has been given full opportunity to resolve the issue will change in room or apartment assignments be considered. Failure to get along with roommates/neighbors is not grounds for cancellation of a Housing Contract.

Solicitation

No student is to permit his or her room to be used for any commercial purpose. Soliciting in the Residence Colleges or on University grounds is forbidden without the expressed written permission of the Director of Student Life. Campus organizations must obtain permission from Residence Life in order to conduct meetings in campus housing areas.

The University may conduct wellness checks on students when there is a reasonable concern for the health, safety, or well-being of an individual. Wellness checks are conducted at the discretion of professional staff and are not guaranteed in response to every request.

Complaints and Concerns

Issues and concerns regarding student housing and residency should first be directed to your resident assistant. This will expedite the repair or resolution of your concerns. If this is not possible, or if the concerns or complaints cannot be successfully resolved by your resident assistant, then the student should contact the Office of Residence Life at reslife@HC.edu.

Residential Facility Services

Laundry

A laundry room with washing machines and dryers is provided for the use of the residents in each residential area. Laundry facilities are for use by registered students who live in an HCU residence college. Any individual found using the laundry machines who is not a resident will be subject to disciplinary action.

Lockouts

If a resident becomes locked out of his or her room or apartment, he or she may get help from their building's office for assistance (during office hours). After hours, students may call the Resident Assistant on-call cell phone for assistance. A Student first lock-out is free of charge; each subsequent lock-out is \$25 each.

Mail

Resident mail is received at the HRC front desk. All residents receive mail at the HRC front desk or HCU post office located in M.D. the Anderson Student Center (packages may be delivered to the Residence Life office). The resident will be able to pick up mail during regular office hours. Mail that is not picked up within 7 days will be returned to sender (RTS).

Repairs

Maintenance requests should be reported to a Res Life staff member or emailed to workorder@HC.edu.

Pool and Spa

Please follow the posted hours of operation(8am-12am). A lifeguard is not on duty, but an emergency call box is available for emergencies. Additional rules are posted in this area. Running, irresponsible behavior, loud noise, and public displays of affection are not allowed. Glass containers are not permitted.

All individuals must wear appropriate, commercially manufactured swimwear at all times. Swimwear should provide reasonable coverage and be suitable for a shared, public residential environment. Attire that is excessively revealing, including thong-style bikinis and brief-style swimwear (e.g., Speedos), is not permitted.

Residents and guests are expected to exhibit appropriate public behavior at all times.

Outside Vendors

Students residing in university housing are not permitted to independently contract, invite, or allow third-party vendors or service providers into residential facilities for the purpose of conducting business, providing services, or delivering goods that require access beyond standard delivery points.

All vendor services within residential spaces must be approved, coordinated, and facilitated by the University.

Access to Campus

An access code is provided for access to the Husky Village gate. Access codes are given to residents only. Call boxes are used for access to other HCU gates after hours. Gate call boxes communicate with HCU dispatch.

Limited Access Gates

To avoid damage to one's vehicle and to the vehicle access gates, residents should pass through the gates carefully. Tailgating and following other cars through the gate is not permitted. The Residence Life Office is not responsible for damage which occurs to residents' or guests' vehicles. Residents who vandalize the gates in any way whatsoever or who bump the gate will be fined, required to pay the costs of repairs, and may face disciplinary action and/or criminal prosecution.

Residence College Security

An access code and/or fob is given to residents for after-hours access. For the safety of the community the code and/or card must not be given out for any reason to anyone not residing in the Residence College. Disciplinary actions and/or a fine may be assessed to any resident disclosing the code and/or allowing others to use their access card, fob, and/or code.

Spiritual Life and Discipleship

Department of Spiritual Life

The mission of Spiritual Life is to partner with faculty and staff to build campus environments where students can initiate or deepen their confession of Jesus Christ as Lord and that will stimulate holistic, lifelong flourishing in the discipleship to him.

We facilitate opportunities that allow students, faculty, and staff in our campus community to encounter God in worship, in his Word, and in community with others who are seeking to follow Christ. Spiritual Life gives leadership to our weekly Convocation services, striving to make them God-centered, biblically saturated, spiritually formative, and missionally engaged. We connect students to one-on-one opportunities for spiritual mentorship/discipleship and also offer various small group Bible studies and discussion groups that help one another grow in our relationships with God wherever we are. HCU Spiritual Life partners closely with local churches and campus ministries to provide students with chances for connection, small groups, retreats, and opportunities for mission engagement in Houston, across the state, and around the world. You can find the Spiritual Life team above the University Store in the Brown Administrative Complex or contact them at spirituallife@HC.edu.

Community Life and Worship (CLW)

At HCU, we want to nurture each student's intellectual and spiritual development in preparation to fulfill the calling God has placed on their lives. In our classrooms, in Convocation, in Kaleo discipling relationships, through church partnerships, and campus ministries, we've built spaces that can accelerate your growth for years to come.

Community Life and Worship credits are our way of providing guidance, accountability, and support to make sure that you spend enough time in the right kinds of environments to experience the kinds of growth that produce mature and excellent adulthood, which is the reason you are pursuing an HCU education in the first place. (Even if you are not coming to HCU as a Christian, we want CLWs to help you consider openly the truth of Christ in a community that will support your exploration and enjoy learning alongside you.)

CLWs help prioritize the kinds of spiritual growth that will help us to integrate our academic and professional advancement into a holistic excellence that will cause us to flourish as humans. Community Life and Worship guides you into practices and patterns of relationships that will serve your spiritual formation and fruitfulness for the rest of your life.

Community Life and Worship is because God loves you, we love you, and we want you to graduate, leave the greenhouse, and go out into the world ready and equipped with the maturity for lifelong spiritual formation as a follower of Jesus.

CLW Graduation Requirement

A graduation requirement for all HCU bachelor degrees is involvement on a regular basis in spiritual formation events. All students seeking an undergraduate degree (full-time or part-time) have a Community Life and Worship (CLW) graduation requirement of 80 credits. A minimum of 50 CLW credits (CLW-A) must be earned through participation in Convocation. Students are encouraged to garner a minimum of 15 credits per semester in order to complete their CLW credits before their last semester. Students may earn as many CLW credits per semester as their schedule allows to satisfy this requirement in order to graduate from HCU.

Transfer Students will receive 3/4 CLW transfer credit for every transfer credit hour, up to a maximum of 60 CLW credits. For example, a student with 40 transfer hours will receive 30 CLW credits towards the requirement of 80 CLW credits.

The [Community Life and Worship](#) website provides details about the CLW program. Details about current CLW events can also be found in the student newsletter which is distributed to students through their HCU email. Questions about the CLW graduation requirement or the Spiritual Life Program may be directed to the [Spiritual Life Department](#).

The Mission of Convocation

To welcome HCU students, faculty, and staff into the presence of God in community with one another for a weekly time of worship and preaching that is *biblically saturated, spiritual formative, and missionally engaged*.

To welcome HCU students, faculty, and staff...

Convocation is the gathering where we “call together” each member of our campus community on Wednesday mornings and Thursday afternoons to celebrate all the grace and truth that fills our central confession, “Jesus Christ is Lord,” in the spirit of love and welcome that flows from the gospel.

...into the presence of God in community with one another...

Beyond our own individual times of devotion and spiritual formation with the Lord, every disciple of Jesus needs times for intentionally meeting with other believers to meet together with the Lord. Convocation is our chance to seek the presence of the Lord in the presence and partnership of the people of God.

...for a weekly time of worship and preaching...

The heartbeat of our campus life is kept in rhythm through a weekly gathering in which we realign the focus of our attention, the object of our affections, and the values of our wills on the glory of the Father, Son, and Spirit.

...that is *biblically saturated*...

God’s Word creates life and radiates light. Convocation is not a time to listen to human ideas that clamor for our allegiance, but it is a time for us to tune our ears to hear God’s voice in God’s Word. So, we want to saturate our hour together with Scripture in all that we sing, pray, read, and teach.

...spiritually formative...

When we see Jesus – truly see Jesus for all of who he is – then it transforms us to be like him (1 John 3:2). At Convocation our hope is to behold God in his glory so that the most thrilling thing we can each imagine is to give our lives fully to him.

...and missionally engaged.

We want the time we spend together in Convocation to prepare us for discipleship beyond the four walls of Dunham Theater and the borders of campus. It should propel us into the life and ministry of a local church, to service in our neighborhoods and city, to work of excellence and integrity in our professional callings, and to participation in sharing the good news of Jesus’s kingdom around the world.

Convocation Participation Tracking

The student is responsible for having his/her participation recorded at the end of each

Convocation service by using a smart phone to scan a QR code or by signing in. A student may only sign in twice per semester at Convocation. Participants do not receive CLW credit when they arrive late, leave early, fail to scan or sign in, or distract others from being an active participant. Students may check their CLW record in their *iAttended app* and are encouraged to notify the Spiritual Life office immediately with any questions regarding their credits. In the case of a discrepancy in the student CLW record, changes in credit can only be made for the semester prior to the request or the current semester.

***Kaleō* Discipleship Opportunities**

The phrase “the dust of the Rabbi” is used to depict one who is so close to their teacher in their everyday walk that they could not help but have their dust – their integrity, relationship with God, and lifestyle – rub off on them. Through intentional discipleship relationships we call ***Kaleō*** (Greek for “call”), we want to learn and teach God’s love while sharing with others the truth of Christ. Important growth occurs on both sides of these relationships, between the faculty/staff who are discipling and the student who is initiating the relationship to be discipled. Our goal is to focus on helping each person know Christ and experience him in fresh ways through intentional community, study, and a growing sense of how the call to follow Christ integrates every aspect of daily life. Come and join in ***Kaleō*** discipleship and get ready for transformative growth to happen! Visit the [*Kaleō* Discipleship webpage](#) to see how to get involved.

Service and Missions

Service and mission opportunities are a great way for students to serve and develop a deeper understanding of how Jesus works in places at home and all around the world. These opportunities provide academic, cross-cultural, hands-on experiences to prepare students for service and missions. Throughout the year, teams of students, faculty and staff are living out the gospel here in Houston and around the world. Local service opportunities are shared through various student organizations, First-Year Seminar (FYS) campus ministries, local churches, and other local partners intended to deepen relationships with God and each other. Academic Advising

The advising process is designed to help the student make important decisions related to academic progress and career aspirations. All HCU students should become familiar with their advisor and the advising process.

Undergraduate Advising Procedures

All students are assigned a staff or faculty advisor who can help counsel students on all academic matters, as well as broad career and vocational interests, etc. Students may see advisors to:

- Discuss academic successes, challenges, or other issues that may affect their academic progress
- Select courses for each semester

- Consider a change of major or minor
- File a degree plan
- Discuss educational and career goals
- Provide personal encouragement and support

All advisees are expected to avail themselves of these services in order to graduate from HCU in a timely manner since the student is ultimately responsible for fulfilling his or her degree plan requirements. Failure to utilize these advising services may result in graduation delays, insufficient progress toward completing a degree, or other possible complications.

Every HCU student **MUST** schedule a personal academic advising session each semester during his or her advisor's office hours in advance of priority registration. At the conclusion of this visit, the student will be cleared by the advisor to register. Once priority registration for the upcoming semester begins, the advisee will register online for his or her desired courses. All students are strongly encouraged to make these course schedule decisions with their assigned advisors in a judicious way. For more information, please contact advising@HC.edu.

Graduate Advising Procedures

Residential graduate students should also meet with their advisor (and/or the staff person who assists with registration in the college) and enroll in classes as soon as registration opens to ensure they can get into their required courses. We strongly encourage all students to make these course schedule decisions with their assigned advisors thoughtfully and strategically. Graduate advisors act as a vital resource to our students by doing the following:

- Act as a liaison for the student and various departments (Academics, Information Technology, etc.) throughout the University
- Discuss academic successes, challenges, or other issues affecting their academic progress
- Discuss educational and career goals
- Provide personal encouragement and support.
- Aid in the selection of courses for each enrollment term
- Consider a change of major or minor when appropriate
- File a degree plan

Students are responsible for scheduling their advising appointments. Consistent communication with advisors will promote on-time graduation and sufficient progress toward degree completion as well as prevention of additional stress or complications during students' time in the Graduate School.

Online Advising Procedures

All online students have access to and are encouraged to utilize our staff advising team, who can guide them on all academic matters from matriculation through graduation.

The staff advisors act as a vital resource to our online students by assisting them with the following:

- Act as a liaison for the student and various departments (Academics, Information Technology, etc.) throughout the University
- Discuss academic successes, challenges, or other issues affecting their academic progress

- Discuss educational and career goals
- Provide personal encouragement and support.
- Aid in the selection of courses for each enrollment term
- Consider a change of major or minor when appropriate
- Arrange appointments with faculty when needed

Online students are encouraged to partner with their academic advisor to discuss their registration regularly, at least once each semester, to help ensure progress toward completing their degree.

Student Success Specialists

Student Success Specialists serve as a resource and support system for students within their assigned academic college or school in order to promote student engagement and persistence. Student Success Specialists provide academic advising to first-year students as well as provide holistic, one-on-one coaching to all students regardless of classification. They also host a variety of events throughout the year pertinent to students' development and overall success, and work closely with their assigned college or school on recruitment and retention initiatives. For more information, please email studentsuccess@HC.edu.

Athletics

Intercollegiate Athletics

Houston Christian University now sponsors 17 NCAA Division I athletic programs. The women's sports are (sand) beach volleyball, soccer, volleyball, cross country, basketball, indoor track and field, outdoor track and field, golf, and softball, while the men compete in football, soccer, cross country, basketball, indoor track and field, outdoor track and field, golf and baseball. All of the Husky athletic teams play in the Southland Conference with the exception of men's soccer, which competes in the Ohio Valley Conference.

Admission to all of the Huskies' home athletic events is free to currently enrolled HCU students with a valid student ID. Students are encouraged to attend and continue to support the great tradition of HCU athletics. For more information, including team posters and schedules, visit the Athletics offices located in Sharp Gym or the HCU Bradshaw Fitness Center or call 281-649-3205. Follow the Huskies online or on mobile devices by logging onto the official website, HCUHuskies.com, on Facebook by searching for "HCU Athletics," and on Twitter by following @hcuhuskies and using the hashtag #DawgsUp.

Athletic Facilities

The Frank and Lucille Sharp Physical Education Building was built in 1963. Later named **Sharp Gymnasium**, the facility serves as home to the Husky basketball and Husky volleyball teams. Sharp Gym has also served as the home-away-from-home practice facility for the two-time NBA champion Houston Rockets and the four-time WNBA champion Houston Comets. The most recent renovation was addition of cushioned-backed seats on the end of the court prior to the 2011-12 season. Sharp Gym connects to the **Glasscock Gym** which serves as the practice facility for both

basketball programs as well as the women's volleyball program.

Husky Stadium opened in September 2014, and is the home of HCU football. The 5,000-seat stadium hosted the first on-campus football game in the history of the University when the Huskies played McMurry on September 6, 2014. The facility also holds a weight room that will provide all Husky athletic programs with

access to the most modern and competitive strength and conditioning equipment.

Sorrels Field has been the home of HCU men's and women's soccer since 2007. The natural grass field features a practice field behind the stands. The women's team hosted their first conference tournament at the 2010 Great West Conference Tournament and won their first title, defeating North Dakota in a shootout after the teams remained tied at 1-1 after two overtime periods. The men have hosted Major League Soccer's Houston Dynamo twice to Sorrels Field, the first being an exhibition against the Chicago Fire and the other a spring friendly against the Huskies in 2011.

Opening during the 1993 season, **Husky Field** is home of the HCU baseball team. The 500-seat ballpark boasts one of the better-playing, natural grass surfaces in the state. The dimensions are 330 feet down the foul lines, 380 and 400 feet to the power alleys, and 406 to center field. A roomy press box services the needs of the media.

Located adjacent to the Huskies' baseball field, **Husky Field** for women's softball is the home to the women's softball program. The field was opened with a 2-1 win over St. Mary's (Texas) on April 1, 1993. Recent renovations have included new grandstands with chair-back seating. The symmetrical park measures 200 feet down the foul lines and 218 feet to center field.

Academic Support and Resources

This academic unit provides a comprehensive network of services dedicated to student success at HCU. This support system includes the First Year Seminar (FYS) program, designed to introduce new students to the breadth of academic, social, and spiritual resources available at HCU and empower them to actively engage in university life. The HCU Writing Center, located on the second floor of Moody Library, offers free writing assistance from trained undergraduate tutors who provide support across diverse writing styles. Moody Library itself, also housed on the second floor, provides access to a curated collection of print and online resources supporting the university curriculum, along with research assistance for students, faculty, and staff. The Testing Center (see page x) provides a secure, professional, supervised testing environment to meet individual, University, and community assessment needs. The Testing Center is located on the first floor of the Moody Library, room 121. Together, these four units work collaboratively to foster academic achievement and personal development for all members of the HCU community.

The HCU Writing Center:

Located on the second floor of Moody Library, the HCU Writing Center is staffed with undergraduates who have exhibited strong writing skills. Writing tutors receive ongoing professional development to stay up to date on promising practices in writing instruction, communication skills, and cultural competency. Services are free of charge. They are also trained to work with students from diverse backgrounds and respect different writing styles and linguistic variations.

The Writing Center assists students with academic writing across various fields. Tutors take a non-evaluative approach, focusing on constructive feedback and collaborative learning. By strengthening critical thinking, organization, and practical communication skills, tutors help clients improve their writing skills rather than tell them what to write. To schedule an in-person or a virtual meeting with a writing tutor, students can make appointments through [TracCloud](#).

HCU seeks to provide reasonable accommodations to students who meet qualifications according to federal standards: [HC.edu/academics/academic-resources/academic-accommodation/](https://www.hc.edu/academics/academic-resources/academic-accommodation/).

Houston Christian University complies with the Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973 regarding students with disabilities. In order to request and establish academic accommodations, the student is to contact the Director of Testing and Accommodations via email at akazan@HC.edu to schedule an appointment to discuss and officially request academic accommodation services. If academic accommodations are approved, the Director will provide a Letter of Accommodations to the professor(s) and the student. The student must apply for academic accommodations each semester, and the Director will provide approved written accommodations each semester. Any student who needs academic accommodations is to inform the professor immediately at the beginning of the semester in which he/she will be requesting accommodations. Please refer to the website [HC.edu/academics/academic-resources/academic-accommodation/](https://www.hc.edu/academics/academic-resources/academic-accommodation/) for all accommodation policies and procedures.

If the student is requesting accommodations concerning Residence Life (meal plans, room requests, or Service/Emotional Support Animals), he/she should refer to the Disability Services website standards, under the link for Residence Life for policies and procedures, as to how to apply for those accommodations: [HC.edu/academics/academic-resources/academic-accommodation/campus-living-accommodations/](https://www.hc.edu/academics/academic-resources/academic-accommodation/campus-living-accommodations/). The student will contact the Director of Testing and Accommodations via email at akazan@HC.edu to schedule an appointment to discuss and officially request and establish the accommodations. If approved for the accommodations, the Director of Disability Services will send a letter to Residence Life and the student. These types of accommodations are granted for approximately two semesters and must be applied for yearly.

Message from the Director

"I have always admired and often been inspired by individuals who strive to overcome challenges. I have also been passionate about supporting students who do so as they pursue their educational goals. Therefore, I am confident that Houston Christian University's Testing and Accommodations Department

Tuition Insurance

Students have the option to purchase tuition insurance via TouchNet prior to the start of each semester. Tuition insurance provides benefits to help safeguard the investment made in a university education. It can protect the cost of tuition, academic fees, and housing if a student has to completely withdraw due to a covered injury, illness, or mental health condition as advised by a licensed medical professional. Visit the provider’s website for more information at GradGuard.com.

University Store

The HCU University Store is located on the first floor of the M.D. Anderson Student Center. Spirit wear, gifts, supplies, snacks, and beverages will be sold in the University Store. Please refer to hcustore.com for details on hours of operations and services offered.

HCU BookPass

HCU’s BookPass program, supported by Follett, offers all students access to their required physical books (in new or acceptable used condition), digital books, and courseware products prior to the start of class for one flat rate per credit hour (refer to the published fee schedule for current rate). Students are automatically enrolled in this program each semester, but they may choose to opt out and must instead obtain their books directly from Follett or another bookseller of their choice. Required course materials are published on course syllabi.

Follett also provides select supply kits required for certain courses or majors. Required supply kits may either be included in the per credit hour flat rate or covered by an applicable course or major fee charged to the student. Students should verify with their professor or college how supply kits are handled if required for their course.

Because HCU partners with Follett as its preferred vendor

r to provide course materials, the University Store does not manage adoptions, sell textbooks or supply kits, or operate the BookPass program. Instead, students should direct all matters related to books, courseware, and supply kits to a Follett representative if their course professor is not able to assist.

More information regarding the BookPass program, including opt-out information, is available on HCU's website (www.hc.edu/bookpass).

Academic Standards and Goals

Academic Integrity

Academic integrity is valued at HCU and is at the very heart of the nature of the University as a Christian Liberal Arts Institution. It is the responsibility of all students, faculty, and staff to demonstrate academic integrity. The Academic Integrity policy is designed to promote "the development of moral character, the enrichment of spiritual lives, and the perpetuation of growth in Christian ideals." (HCU Preamble)

Upholding academic integrity provides experience that develops students to act with integrity in all areas of their lives. It is not considered “grace” to allow students to bend rules or act unethically without consequence; to do so violates faculty and staff’s obligation to “train the mind, develop the moral character, and enrich the spiritual lives” (HCU Preamble) of students. However, the University is committed to responding in a redemptive manner, seeking to balance compassion with accountability. Students can

expect to be treated with Christian love as they deal with alleged academic integrity matters.

In practice, academic integrity means holding oneself to the highest ethical standards in all academic pursuits – doing all individual work alone, relying on one’s own knowledge during assessments, engaging truthfully with others, following all university policies and procedures, and encouraging this behavior in fellow students and throughout the HCU community. All academic integrity matters are to be documented in Advocate on the HCU portal which is accessed by clicking on the “Advocate” button.

Academic integrity is violated when academic dishonesty or misconduct has occurred. As a Christian university, HCU views any act of academic dishonesty as a violation of the University’s fundamental principles. Academic dishonesty occurs when a student:

- submits the work or record of someone else as his/her own;
- copies another’s quiz or exam answers, laboratory work, or written assignments (e.g., homework);
- willfully cooperates with or seeks aid from another student during an academic assessment;
- has special information for use in an evaluation activity that is not available to other students in the same activity;

- accesses unauthorized materials during an exam (e.g., cell phone, textbook, prohibited calculators);
- copies, uses, buys, sells, or otherwise shares any part of an academic assessment (e.g., an exam);
- works together with other students on assignments that are clearly intended to be individual in nature;
- prepares assignments (e.g., papers) for another student to turn in as his/her own work;
- submits work as his/her own when it is not (i.e., plagiarism). This includes quoting or paraphrasing another's work or ideas without citing and referencing appropriately;
- submits work for one class that has largely been prepared for and submitted for a grade in another class;
- falsifies or fabricates data or information;
- falsifies or fabricates fieldwork documentation (e.g., internship hours).

Other forms of academic misconduct include:

- destroying, concealing, stealing, or otherwise abusing resource materials (e.g., library books);
- computer misuse, including illegal use or destruction of computer software or hardware, downloading, emailing, or otherwise accessing unauthorized material (e.g., pornographic content, gambling programs), accessing any computer through a login that belongs to someone else, or otherwise engaging in inappropriate or illegal activity (e.g., hacking, tampering with network, harassment) including the aforementioned using HCU Wi-Fi;
- unauthorized copying or distribution of copyrighted materials;
- engaging in research activities with human subjects without the approval of the Institutional Review Board (IRB);
- classroom misconduct, i.e., any conduct which is disrespectful, harassing, aggressive, or otherwise substantially disrupts the progress of the class in the judgment of the faculty member.

The faculty member is responsible for notifying students in every class at the beginning of each term about the Academic Integrity Policy by including the policy in every course syllabus. Students are responsible for knowing and following the policy in all cases. The faculty member or academic administrative officer is responsible for establishing clearly whether academic dishonesty or misconduct has occurred.

The process is to be redemptive in nature. As directed by the faculty member, the student could correct and resubmit the assignment in question or receive a failing grade for the assignment in question. At the sole discretion of the faculty member, the student may be directed to resubmit the assignment in question, or the student may receive a failing grade for the assignment in question. However, failing the course specifically as a result of the alleged violation is not an option (although when the grade for the assignment is calculated with grades for all assignments in the course, the result could be failing the course). In all cases, the faculty member shall report the incident to the dean of the college.

The student may appeal the action by following the process outlined in the Academic Grievance Policy and Process. Once an investigation into an alleged violation of academic integrity has begun, the student may not receive a grade of “W” for the course in which the alleged violation occurred. The student should be aware that suspension from the University or other administrative action may be taken in cases of academic dishonesty or misconduct, including but not limited to a pattern of academic dishonesty or misconduct. A decision to suspend a student is made by the Office of the Provost. Inclusion in the HCU Catalog is considered sufficient notice to all students of University policy and procedures regarding this matter.

Artificial Intelligence and Academic Integrity

Generative AI – Recognizing the unique nature of each course and the opportunities to ethically use generative AI, each faculty member will provide a syllabus statement regarding the use of AI for assignment completion. The statement may range from AI is not to be used on any assignments to AI is encouraged to be used on specific assignments. When allowed to use AI for assignment completion, it must be cited. If AI is used and is not cited, it is considered a case of academic dishonesty and is subject to the guidelines for academic dishonesty.

Academic Grievance Policy and Process

A student may file an academic grievance if he or she believes a grade was awarded improperly or for any academic grievance matter. The process for making a grievance is described below and must be followed by all parties in order to resolve a dispute. While the grievance is in step 1 or step 2 it is considered an informal grievance, and at step 3 it is considered a formal grievance. Chairs should keep documentation of written complaints as part of step 2, and the Advocate system is used to document any complaint that reaches step 3.

1. The student should make an appointment with the faculty member in question to discuss the matter in person. The student is advised, but not required, to apprise his or her advisor of the matter. It is appropriate to try to resolve differences amicably and in person if at all possible. This is especially true at a Christian institution. If the student is concerned that a private meeting with the faculty member will create antagonism, the student may skip to Step 2. However, the student must make this concern known in writing to the chair of the department in which the course is located explaining why he or she believes this to be the case.
2. If the student continues to dispute the grade after the face-to-face meeting, the student may bring the matter to the chair of the department. This step requires the student to make a written appeal to the chair and provide a copy to the faculty member and academic advisor. The chair will review the student’s concern and consult with the faculty member, either individually or with both present. The chair will respond to the student and the faculty member in writing of the chair’s recommendation and notify the dean.
3. If the student is unsatisfied with the chair’s recommendation, the student may submit a written request via Advocate to the dean of the college in which the department resides. The dean will review the written appeal and consult with the chair, the faculty member, the advisor and the student. This will occur either individually or in a group as the dean deems appropriate. The student may request a Standards Committee be formed by the dean. The purpose of the Committee is to bring clarity to all sides, allowing for a

thoughtful and informed response from the disputants and to assure integrity in the assigning of grades to students by faculty. However, the Committee has no authority to force the change of a grade. The membership of the Committee is composed of all parties heretofore mentioned with the dean serving as chair of the Committee. The dean will also select at least one faculty member from the college and one faculty member from another college to serve on the Committee. The student making the complaint should be the only student involved, and no legal representation nor are any other parties permitted. After hearing both sides and deliberating, the committee will render a judgment as to what it advises should be done. The hearing and the rendering are the end of the process. No appeals to change a grade are to be made to the Provost or the President.

4. If the student believes that the process or the way in which they were treated was unfair, the student may submit a written appeal to the Provost. The Provost will make a judgment whether or not to accept the appeal (the President is not to be contacted in these matters). If the Provost agrees to hear the matter, only two allegations will be considered: 1) that the process itself is unfair; 2) that the student was not treated fairly in the process. The burden will be on the student to demonstrate with facts and evidence that the process or the treatment was unfair. Depending on the Provost's findings, the matter may be returned to the Standards Committee for further review.
5. At no time should any HCU employee advise a student anonymously or write an appeal document.
6. If a student questions any grade as recorded in the Office of Academic Records, the student has until the end of the full semester following the full term in which the grade was awarded to challenge the accuracy of the record. At the end of this period, the record becomes permanent.

Department of Nursing Policy and Grade Appeal Process

Students have the right to appeal for exceptions to Dunham School of Nursing (DSN) policies or for consideration of a grade dispute through the Admission, Progression and Graduation (APG) Standards committee. Examples of issues that may be reviewed by the APG Standards Committee include, but are not limited to, the following:

- a. Grade disputes on assignments, tests, or courses
- b. Exceptions to admission criteria
- c. Exceptions to progression policies such as re-entry into or progression in a program after two course failures, failure to achieve full admission status after a conditional admission, or after academic probation or suspension.

The procedure for the appeal process is as follows:

1. The student should first address the issue with the faculty member (if a grade is being disputed), or the department chair (if a policy is being challenged). The student should make an appointment with the faculty member to discuss the matter in person. Students enrolled in 100% online courses may meet via video conferencing such as Zoom or Skype or synchronous video. The student is advised to keep his/her advisor apprised of the matter, but this is not required at this point. It is appropriate to try to resolve differences amicably and in person before seeking to raise the matter to a higher level of authority than the course faculty.
2. If the issue is not resolved, the student may meet with the faculty member and Department Chair of Nursing Programs. The student should submit a written request into Advocate where

it will then be directed to the Department Chair, advisor and other relevant parties. The Department Chair will consider the student's concern, consult with the faculty member of the course and explore options, including the option to appeal to the Admission, Progression, and Graduation (APG) Committee. The Department Chair will respond formally in writing to the student and the course faculty. The Dean will be notified of the action.

3. The student must submit a formal written complaint into Advocate within 30 days of the grade being posted or the policy being applied otherwise the petition will be deemed "untimely" and not given consideration. The written complaint will be directed from Advocate to the APG Committee and/or the Dean.
4. Petitions must include the following content:
 - a. details regarding the issue/s being petitioned,
 - b. the relief being sought,
 - c. extenuating circumstances that warrant review of the grade or policy, and
 - d. a plan of action if the petition is not granted.
5. The APG Standards Committee chairperson will schedule a meeting (not necessarily hold the meeting) within one (1) week of receiving the petition with exception to University business days.
6. During the meeting, the student and professor can present their perspectives to the committee, which is a form of internal review. No legal representation or any other parties are allowed in the meeting.
7. After reviewing the perspectives and clarifying issues, both the student and involved faculty member may be excused from the meeting. The APG Standards Committee will consider the petition and information presented during the meeting and then vote on any recommendations. The APG Committee will render a decision as to what it advises should be done regarding the student's petition and relief being sought. The student will be notified of the committee's decision at the conclusion of the meeting. In addition, a letter will be mailed to the student to provide the decision in writing. The APG Standards Committee may make recommendations to faculty regarding grades or decide to make exceptions to policies. According to University policy, only the faculty member(s) responsible for a course may assign or change a grade. The APG Committee has no coercive authority to force the change of a grade. The purpose of the process is to bring clarity to all sides and allow a thoughtful and informed response to the student and involved faculty member. The hearing aspect of the APG Committee serves to assure integrity in the assigning of grades to students by faculty.
8. All discussion during the APG Standards Committee meeting is confidential. The chairperson will communicate the decision to appropriate faculty members and/or administrators. In addition, the chairperson should have all relevant items submitted to Advocate.
9. Should the student's petition be denied, he or she may elect to meet with the Dean who will review the situation for consistency with policies and procedures and fairness. If no

inconsistencies are noted, the decision is final. No appeals to change a grade or progress in the program should be made to the Provost or the President. If the student contacts the Provost, the Provost will make a judgment as to whether to accept the appeal/request for a meeting. If the Provost does agree to hear the matter, he/she will only consider two issues: a) that the process itself was unfair; and b) that the student was not treated fairly in the process. The burden is on the student to demonstrate the facts and evidence that the process or treatment was unfair. Depending on the Provost's findings, the matter may be returned to the APG Committee for further review.

10. Arrangements will be made for students enrolled in 100% online courses to meet these requirements via video conferencing.
11. Throughout this process, if a student wishes to ask an HCU faculty member or other employee to serve as an advisor, that is permissible, but both the student and the advisor must make this fact known to all parties involved in the academic grievance process. At no time should an HCU employee advise a student anonymously or write an appeal document.
12. If a student questions any grade as recorded in the Registrar's Office, the student has 30 days from the time of the posting of the grade to challenge the accuracy of the record as indicated in step 3 above. At the end of this period, the record becomes permanent.

Drop and Add Policy for All Students

A student who ceases to attend class must follow the prescribed withdrawal procedure to protect his status and leave himself in the best possible position with respect to future registration at this or another university. Failure to do so will result in course failure(s), lower scholastic standing,

and financial loss. Students contemplating dropping a class must see their advisor to complete the proper steps. The drop process is not complete until the forms are filed by the student and processed in the Office of Academic Records. A student may not drop a class after the published last day to drop.

Once a student registers for a class, the student will receive a grade for the class unless the drop process is completed through the Office of Academic Records. This includes students who may have never actually attended class or who may never have completed payment of tuition and fees.

Learning with Technology

The University believes that establishing and maintaining adequate computer hardware and software for both academic and administrative purposes is foundational to the University goal of being a premier Christian university. Houston Christian University (HCU) makes its computing facilities available for use by undergraduate students, graduate students, faculty, and staff. The use of University computing facilities or network is considered a privilege afforded members of the HCU community. Although this policy sets forth the general parameters of appropriate use of IT Systems, students, faculty, and staff should consult school or departmental governing policies for more detailed statements on permitted use for their various roles within the HCU community. In the event of conflict between IT policies, this Computer Use Policy will prevail.

Information Technology Services

Using Canvas

HCU uses Canvas as the Learning Management System (LMS) to conduct fully online classes and to complement face-to-face and hybrid classes. Classes are available in Canvas one week prior to the start date for your review and will begin at the scheduled semester start date. This is simply for you to preview the course syllabus and required materials. Please do not submit any assignments or discussion posts until the first day of class. You will access Canvas from the

HCU Portal my.HC.edu. The Academic Technology Support Office manages Canvas and all of the integrated software, tools, book publishers, and more. Students only have access to their courses two weeks following a term. It is recommended you save all documents in two places (your hard drive and your cloud-based OneDrive storage) should you need to access them later.

Are you on the go and want to stay connected to your coursework? Download the free **Canvas Student app** from your app store to any iPhone, Android, iPad, or other device. Use the app to view assignments, interact in discussions, and engage your instructors or classmates.

Please contact the Helpdesk at 281-649-3410 or Helpdesk@HC.edu to troubleshoot any issues.

Hardware/Software Requirements

The following system requirements are the recommended minimum computer specifications for using Canvas at HCU. (Other software programs may require different or additional settings. Please check with the requirements of that program for more information.)

- **Hardware Requirements**
- Macintosh OS X (10.15 or higher) or Windows PC (10 or higher)
- 8GB RAM
- 20GB of available hard-drive space
- Screen resolution set to 1280x1024
- Broadband/high-speed Internet access
- Webcam, microphone, and speakers (a wearable headset is highly recommended)

Web Browser

It is important you use a supported browser so all course content and tools display properly. The following versions are recommended.

- Google Chrome: most recent stable version and two preceding versions.
- Mozilla Firefox: most recent stable version and two preceding versions.
- Apple Safari for MacOS and iOS: two most recent major versions.
- Microsoft Edge: most recent stable version and two preceding versions

Visit this website for more information on [Canvas Supported Browsers](#).

Additional Software or Plug-Ins

You should download the following software or plug-ins to ensure optimal performance of your online course experience:

- Microsoft Office for Windows or Mac (Office 365 is available *FREE* to HCU students)
- Adobe Reader
- Java
- Windows Media Player

Pop-up window blockers should be disabled, as they can conflict with online exams and assignments.

Respondus LockDown Browser™

If your instructors require the use of Respondus LockDown Browser™ for taking exams online, you must download and install the application to your computer prior to taking an online test. Check your course exam in Canvas for the link to download this application. Review the system requirements before installation.

Computer Use Policy

The HCU Computer Use Policy states: *“The University considers violations of the computer use policy to be a disciplinary offense. Violators of the policy shall be dealt with to the fullest extent of the student code of conduct, university policy, or (if applicable) criminal law and prosecution. Intentional attempts to impede, restrict, corrupt or in any other way disrupt the efficient operation of the university computer system(s) shall be construed as a blatant and intentional attempt to breach the integrity and security of the campus computer system, and shall be subject to the fullest extent of disciplinary policy and/or law.”*

Appropriate Use

IT Systems may be used only for their authorized purposes – that is, to support the research, education, clinical, administrative, and other functions of Houston Christian University. The particular purposes of any IT System as well as the nature and scope of authorized, incidental personal use may vary according to the duties and responsibilities of the user. Additionally, appropriate use restrictions extend to users connecting to HCU IT Systems with devices not owned by HCU.

Commercial Use

Without specific authorization, activities using HCU systems for non-HCU commercial purposes are prohibited. This is not meant to restrict normal communications and exchange of electronic data, consistent with the University’s education and research roles that may have a financial benefit for an external organization. For example, it is appropriate to discuss products or services with companies doing business with HCU or to contribute to online forums discussing issues relating to commercial products. Inappropriate use would include activities such as using an HCU-based system to run a personal for-profit business.

Authorization

Users are entitled to access only those elements of IT Systems that are consistent with their specific authorization. Upon request by a systems administrator or other University authority, users must produce valid University identification.

Fair Use and Copyright Law

The Copyright Law provides a set of rules regarding library reproductions. Moody Library complies with the law and provides that the copying equipment displays a notice that the making of a copy may be subject to the copyright law.

The Copyright Law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be used for any purpose other than private study, scholarship, or research. If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of fair use, that user may be liable for copyright infringement.

This institution reserves the right to refuse to accept a copying order if, in its judgment, fulfillment of the order would involve violation of copyright law. For more information, check the resources links below.

Copyright Infringement

HCU wants to protect you and our information resources. To be compliant with federal regulations, this important notification is distributed to the campus community. Courts have recently imposed fines against individuals found guilty of violating copyright laws. The purpose of this policy is to officially notify all students, faculty, and staff that it is a violation of federal law and HCU policy to share and/or distribute copyrighted materials without the permission of the copyright holder. Violators may be subject to civil and criminal prosecution under federal law, as well as personal sanctions specified in HCU policy. The following are copyright policies for all HCU departments.

Proscriptions on Use

The following categories of use are inappropriate and prohibited:

1. **Use that impedes, interferes with, impairs, or otherwise causes harm to the activities of others.**

Users must not deny or interfere with or attempt to deny or interfere with service to other users in any way. Knowing or reckless distribution of unwanted mail or other unwanted

messages is prohibited. Other behavior that may cause excessive network traffic or computing load is also prohibited.

2. **Use that is inconsistent with HCU's non-profit status.**

The University is a non-profit, tax-exempt organization and, as such, is subject to specific federal, state, and local laws regarding sources of income, political activities, use of property, and similar matters. As a result, commercial use of IT Systems for non-HCU purposes is generally prohibited, except if specifically authorized and permitted under University conflict-of-interest, outside employment, and other related policies. Prohibited commercial use does not include communications and data exchanges that further the University's educational, administrative, research, clinical, and other roles, regardless of whether it has an incidental financial or other benefit to an external organization.

3. **Use that suggests University endorsement of any political candidate or ballot initiative.**

Users may not use the HCU IT Systems for the purpose of lobbying that connotes University involvement, except for that authorized lobbying through or in consultation with the University's Office of the General Counsel.

4. **Harassing or threatening use.**

The IT systems shall not be used for the display of offensive or sexual material. This includes any system or computers used in computer labs, the library, or in computing facilities open to the public. Likewise, computers shall not be used to harass (in any fashion) or threaten another, nor to stalk or menace, and will not be used for the disparagement of others.

5. **Use damaging the integrity of University IT Systems or non-HCU systems.**

This category includes, but is not limited to, the following activities:

- Attempts to defeat system security.
- Unauthorized access or use. The University recognizes the importance of preserving the privacy of users and data stored in IT systems. Users must honor this principle by neither seeking to obtain unauthorized access to IT Systems, nor permitting or assisting any others in doing the same. For example, a non-HCU organization or individual may not use non-public IT Systems without specific authorization; users are prohibited from accessing or attempting to access data on IT Systems that they are not authorized to access; users must not make or attempt to make any deliberate, unauthorized changes to data on an IT System; and users must not intercept or attempt to intercept or access data communications not intended for them.

6. **Disguised or impersonated use.**

7. **Distributing computer viruses or malicious code.**

8. **Unauthorized modification or removal of data or equipment.**

9. **Use in violation of law.**

Illegal use of IT Systems – that is, use in violation of civil or criminal law at the federal, state, or local levels – is prohibited. Examples of such uses are: promoting a pyramid scheme; distributing illegal obscenity; receiving, transmitting, or possessing child pornography; infringing copyrights; and making bomb threat.

10. **Copyright Infringement.**

Users should be aware that copyright law governs (among other activities) the copying, display, and use of software and other works in digital form (text, sound, images, and

other multimedia). The law does permit use of copyrighted material without authorization from the copyright holder for some educational purposes (protecting certain classroom practices and “fair use,” for example), but an educational purpose does not automatically mean that the use is permitted without authorization.

11. Use in violation of University contracts.

All use of IT Systems must be consistent with the University’s contractual obligations, including limitations defined in software and other licensing agreements.

12. Use in violation of University policy.

13. Use in violation of external data network policies

File Sharing

Peer to peer file sharing services like BitTorrent are most commonly used to download music and movies from the Internet. Many do not realize that this software may turn your personal computer into a server, or upload site, even if that was not your intent. Many worms, viruses, and other malicious code get transferred during peer-to-peer file transfers, too. Files on your network connected PC may then be illegally shared with every other person connected to the World Wide Web. It is imperative that the file sharing capability of these systems be disabled. If you do not know how to disable this function, please contact the [Help Desk](#).

Industry representatives aggressively monitor the Internet to discover incidents of illegal file sharing. When violations are discovered, they contact the network owner and/or the Internet Service Provider and demand that the offending device be disconnected from the network. Residence Hall Wi-Fi actively monitors DMCA (Digital Millenium Copyright Act) violations. To protect the user and HCU from further responsibility under federal copyright law or HCU policy, Information Technology Services will disable network access for any machine for which a complaint of copyright infringement has been received.

Scanning

Computer labs and other administrative areas provide optical scanners to faculty, staff and students. These scanners could be used to copy (using the photocopier method) a book, journal, or other printed material. The result is a computer file with the image of the book or journal pages. This file could be printed or read from the computer screen. The principle is the same: to reproduce copyrighted material into an electronic format. This is also a violation of the copyright law if done in excess of the accepted “fair use.”

Personal Account Responsibility

Users are responsible for maintaining the security of their own IT Systems accounts and passwords and may not share passwords. Passwords must conform to those published guidelines found at [Accessing HCU’s Student Systems](#). Users are presumed to be responsible for any activity carried out under their IT Systems accounts or posted on their personal web pages.

Responsibility for Content

Official University information may be published in a variety of electronic forms. The certifying authority under whose auspices the information is published is responsible for the content of the published document.

Users also are able to publish information on IT Systems or over HCU's networks. Neither HCU nor individual systems administrators can screen such privately published material nor can they ensure its accuracy or assume any responsibility for its content. The University will treat any electronic publication provided on or over IT Systems, without a named Certifying Authority, as the private speech of an individual user.

University Access of Computers

The University places a high value on privacy and recognizes its critical importance in an academic setting. There are circumstances in which, following carefully prescribed processes, the University may determine that other considerations outweigh the value of a user's expectation of privacy, and these considerations warrant the University access to relevant IT Systems without the consent of the user. Those circumstances are discussed below, together with the procedural safeguards established to ensure that access is gained only when necessary and appropriate.

Conditions

In accordance with state and federal law, the University may access all aspects of HCU IT Systems (including devices not owned by HCU but connected to HCU IT Systems) without the consent of the user, in the following circumstances:

1. When necessary to identify or diagnose systems or security vulnerabilities and problems, or otherwise preserve the integrity of the IT Systems.
2. When required by federal, state, or local law or administrative rules.
3. When such access to IT Systems is required to carry out essential business functions of the University.
4. When required to preserve the health, safety, and welfare of the University community.
5. When there are reasonable, articulable grounds to believe that a violation of law or a significant breach of University policy may have taken place and access and inspection or monitoring may produce evidence related to the specific misconduct.
6. For users who were members of the HCU faculty or staff: When the user's employment at HCU has ended and there is a legitimate business reason to access the user's IT Systems.

Process

Consistent with the privacy interests of users, University access without the consent of the user pursuant to (1) through (5) above will occur only with the approval of the Provost and cognizant dean (for faculty users), the Chief Financial Officer/Chief Operating Officer and Administration (for staff users), dean as appropriate (for student users), or their respective delegates. The exception to these shall be when emergency access is immediately necessary to preserve the integrity of facilities or to preserve the health, safety, and welfare of the university community.

The University, through the systems administrators, will log all instances of access without the user's consent pursuant to (1) through (5) above. Additionally, systems administrators will also log any emergency access within their control, or coming to their attention, for subsequent review by the Provost, Chief Financial Officer/Chief Operating Officer and Administration, dean, or other appropriate University authority.

The user will be notified of the University's non-consensual access to relevant IT Systems, and the notification may occur before, during, or after the access, at the University's discretion. The user shall not be notified of the access if the access was pursuant to a criminal investigation, or under the service of a warrant, and confidentiality is requested pursuant to the needs of the investigation.

In the case of a former faculty member, access without consent pursuant to item (6) above must be approved by the department chair or cognizant dean, and no logging or notice is required.

User Access Deactivations

In addition to accessing IT Systems, the University, through the appropriate systems administrator, may deactivate a user's IT privileges, whether or not the user is suspected of any violation of this policy, when necessary to preserve the integrity of facilities, user services, or data. In this event, the systems administrator or his designee will attempt to notify the user of any such action using the information available from the system of record (Banner) and/or official university email (@HC.edu).

Policy for Student Network and Login Accounts

An HCU OneLogin account is provided to active HCU students. (Please reference to the HCU University Catalog for active/inactive status definitions.) HCU graduates will continue to have access to their OneLogin account for 12 months after graduation. When your OneLogin account is inactivated, you will no longer have access to HCU resources including:

- Email
- OneDrive
- Office 365
- Student library resources
- HuskyNet

Please notify your contacts and move saved email and files to another location before this grace period expires. You may update your email and contact information with HCU Alumni Office at [HCU Alum-A-Gram](#).

Use of Security Scanning Systems

By attaching privately owned personal computers or other IT resources to the University's network, users consent to the University's use of scanning programs for security purposes on those resources while attached to the network.

Logs

Most IT systems routinely log user actions in order to facilitate recovery from system malfunctions and for other management purposes. All systems administrators are required to establish and post policies and procedures concerning logging of user actions, including the extent of individually-identifiable data collection, data security, and data retention.

Technology on Campus

HCU supplies laptop kiosk check-out in the Looper Learning Commons and Hodo Residence College. These kiosks enable students to check out laptops with a valid HCU student ID card. Additionally, HCU's Cloud Services provides students access to a full suite of Microsoft Software and 1 TB of online storage while enrolled. More information about the technology available to students can be found [here](#).

HCU Student Portal: My.HC.edu

The HCU Student Portal located at my.HC.edu provides a single-entry point to many of the systems used by enrolled students. My.HC.edu is accessed with your HCU OneLogin and password. It provides single sign on to many HCU computer systems, including HuskyNet, Email, Canvas, OneDrive and Office 365 among others. My.HC.edu also broadcasts important campus wide announcements and provides shortcuts to commonly used documents and student services.

HuskyNet

HuskyNet (found at My.HC.edu) is used by students to check and update their personal information (addresses, phone numbers, etc.) or to access various tools, such as registration, add/drop requests, grades, class schedules, non-official transcripts, financial account information, financial aid awards, and more. The majority of students, faculty, and staff will have most of their needs met through these self-service tools. For more information about the services available through Information Technology Services, go to [Technology on Campus](#).

Microsoft Office 365 (Free downloads for enrolled students)

Your HCU OneLogin provides access to five free downloads of Office 365 for Education for your personal devices. This includes Word, Excel, PowerPoint, OneNote, and additional services like TEAMS and a 1TB of OneDrive cloud storage. To be eligible for the download, you must be a full-time or part-time student and:

- Have an HCU email address (for example, johnd@HC.edu)
- Be of legal age to sign up for an online offer

You may use the plan as long as your HCU OneLogin is active, including the 12 months immediately after graduation. When your Office 365 for Education plan expires:

- The software on your personal device changes to a reduced-functionality mode, which means that you can view documents through Office 365, but cannot edit or create new documents.
- Office 365 services connected to your OneLogin, such as OneDrive storage and Email will no longer work.

How to Download O365

- Go to [HCU Cloud Services](#)
- Click the “Office 365 Activate” button and follow the prompts to login with your HCU OneLogin (HCU email address + password)
- Follow the software download prompts

Campus Community and Safety

University Police

It is the desire of the University to provide a safe and peaceful campus, free from fear or concern for one's personal safety. Although this is a challenge today, the campus police strive to meet this and other challenges.

The Police Department in and of itself cannot guarantee every person's safety. It requires the combined efforts of a professional police team along with the awareness, participation, and concern of all members of the University community. One of the major functions of the officers is to patrol the University campus 24 hours per day, seven days per week. Numerous emergency call boxes, which ring directly to the University Police Department, are located around campus.

Another tool, which is essential to maintain peace and safety on campus, is the personal awareness of every member of the University community. It is essential that you remain aware of your surroundings and report any unusual or suspicious activity. The officers would much rather respond to a call that proved to be a non-incident, than to write an incident report after a situation occurs in which they had no opportunity to intervene.

Functions of the University police include, but are not limited to:

- Patrolling and responding to all hazards to the commonwealth.
- Responding to call boxes.

- Investigating all crimes reported on campus.
- Enforcement of local and state laws.
- Crime prevention.
- Parking permits and enforcement.
- After-hours gate access.
- Positively interacting with students for their benefit and for the benefit of all.
- Providing safety escorts upon request when an officer is available.

The officers of the Houston Christian University Police Department are committed to this University and to maintaining the safety of all, taking a personal interest in each person. Please help them to help you.

How you can help:

- Report any suspicious activity by calling the University Police Department at extension 3911 or 281.649.3911, call on the Emergency Call Boxes, or stop by the Police Department.
- Allow the police to be of service to you. Please call if you have a concern or desire a police escort to your vehicle or Residence College, especially at night.
- If you have fears about your personal safety or that of your personal property, talk to the Police Department.
- Take advantage of the crime prevention presentations given on campus. Call the University Police at 281.649.3314 for the time and location of the next presentation.
- If there is an emergency, remain as calm as possible, call ext. 3911, and give the dispatcher the facts as completely as possible. Make sure you give your name, location, and the nature of the emergency. Don't hang up when the conversation is over: wait until the dispatcher hangs up. Remain calm and encourage others to remain calm.
- Make and keep a copy of all your property's serial numbers, or mark it indelibly with your name, particularly game consoles and computers. Have a picture of your property for proof of ownership.
- Report any theft, no matter how minor, to the Police Department.
- Read, understand, and abide by the parking and vehicle regulations.

Community Responsibility

The security of members of the University community is of vital concern to the Houston Christian University Administration and especially of the HCU Police Department. Concurrently, students, faculty, and staff must actively participate and do their part to maintain a safe environment. All members of the University community have a responsibility to themselves and to others to use due care for their safety and to comply with all local, state, and federal laws and the University's regulations for the protection of others.

Failure to take precautions or maintain an awareness of the environment and surroundings may result in increased crimes. The HCU police will continue to develop and implement security measures, but these measures cannot succeed without the support of faculty, staff, students and visitors. The Houston Christian University Police Department is committed to providing quality service and protection to the campus community while working within the framework of its authority and resources.

Reporting Suspicious Activity

Community members are encouraged to contact the HCU Police Department or officers and to report suspicious activities and crimes as soon as they are observed or detected. The Police Department is located inside the Bradshaw Fitness Center (BFC) and is always open.

Campus Emergency Call Boxes

HCU security system includes numerous emergency call boxes located in different areas on campus. They are generally identified by a blue light on top. These call boxes are available for use in an emergency. As soon as the button on the call box is pushed, the University Police are alerted and will respond through the speaker on the call box.

To REPORT ALL EMERGENCIES (including medical) CALL EXT. 3911 on a campus telephone, or DIAL (281) 649-3911.

- Police Non-Emergency Line: (281) 649-3314 (ext. 3314 on campus)
- Houston Christian University Switchboard: (281) 649-3000
- Emergency Call Boxes are equipped with video surveillance and are located in various areas throughout the campus.

Medical Emergencies

From any campus phone call 3911 for any emergency.

Should you have any type of medical emergency on campus, immediately call (281.649.3911) extension 3911. HCU has trained officers to provide the quickest and most appropriate attention until the paramedics arrive. Contacting the Houston Fire Department directly will only delay medical attention. You may also use your *CampusShield* alert button on your cell phone app to call the authorities for emergency help.

Reporting Emergencies, Criminal Activity, or Requesting an Officer's Assistance

Members of the campus community are encouraged to immediately notify the HCU Police Department whenever they witness an offense being committed. In this type of situation, immediate reporting and response increases the opportunity for intervention and apprehension.

For crimes that have already been committed, quick reporting will still assist police officers in protecting the crime scene and gathering evidence.

Reporting an incident may be handled in one of several ways: individuals who want to report possible criminal activity or emergencies that occur on campus may do so by calling the HCU Police Department. This is recommended if the caller is observing in-progress activity, witnesses the suspect's direction and mode of travel, and/or has current information that will assist in the intervention or apprehension of an individual. There are several emergency phone blue boxes around campus that may be utilized if no other phone is available.

Community members may also choose to visit the office of the Houston Christian University Police Department, located in the Bradshaw Fitness Center facing the Southwest Freeway frontage road, to make a report in person. This procedure may be preferred whenever a report is sensitive or complex in nature or possibly requires a written statement as part of the investigative process.

Requesting immediate assistance from any officer on patrol is also an option.

When a report of a crime in progress or major offense is received, the Houston Christian University Police Department will dispatch an officer immediately to investigate the suspected criminal activity. Responses include but are not limited to dispatching one or more officers to the scene; preparing any needed investigation reports; arresting and filing charges, depending upon the circumstances of the offense; and referring alleged offenders to appropriate campus agencies for action.

For less serious crimes that have already occurred, police officers may respond immediately if time permits, or will make arrangements to meet later if there are more pressing events requiring immediate police attention.

The Police and Personal Emergencies

Our police officers are approachable to listen to personal emergencies and your personal concerns. If you find yourself in a personal crisis, you can approach an officer and ask for assistance or aid. They will help you or find the help you need.

Notification of Crime to the University Community

Efforts are made to advise the campus community about campus crimes and crime-related problems on a timely basis. These include the Crime Log, Crime Alerts and, in extreme situations, Crime Bulletins that are distributed through the campus voice mail system and/or e-mail or the HCU Alert Emergency Notification system via the *CampusShield* program, which may be accessed on your cell phone.

The Crime Log

A Crime Log of incidences occurring on campus will be maintained at the HCU Police Department. This log, which covers the last 60 days of activity, is a public record document and may be viewed at the HCU Police Department office upon request made to the dispatcher or a police supervisor.

Crime Alerts

Crime Alerts are notification by e-mail and other postings regarding crime trends and particular security risks. Once a security issue or crime trend is identified, notifications are prepared and distributed to alert the HCU community. Depending on the circumstance, distribution may go to a specific residence hall, all students, or the entire University. Alerts are also made via the *CampusShield* program, which may be accessed on your cell phone.

Crime Bulletins

Crime Bulletins are similar to Crime Alerts but are for those situations that are of a more serious nature. They may be issued whenever a major crime risk is identified, it may be after a single specific crime has been committed, or after a major security risk has been identified.

Crime Prevention and Programming

Crime Prevention Programs on personal safety and theft prevention are coordinated through the HCU Police, Student Life, and various other groups on campus. Individuals and groups wishing to host a program should contact one of these areas to plan for the specific topic being considered. Each Fall, a “Safety Day” program is held through the Department of Residence Life.

Building Access and Security

Security is everyone’s concern. Members of the Houston Christian University community can help protect their personal security and the security of campus buildings and offices by not letting suspicious persons or strangers enter buildings and by not propping doors open. Additionally, any suspicious persons or activities should be reported immediately to the HCU Police Department at 281-649-3911.

Security in the Residential Colleges

Each occupant is responsible for locking their individual rooms within the facilities. Depending on the residence building, some common-use areas are monitored by a card-reader access system. Any crime occurring in residential facilities should be reported immediately to HCU Police Department or to the Office of Residence Life.

Students should report a door or monitoring device in need of repair to the Residence Life representative at their residential facilities. Students also may request lock changes when circumstances or conditions warrant a change. Further building security information is printed in the housing agreement.

Security in Academic Areas

As a major University, many of Houston Christian University’s academic buildings are open to authorized faculty, staff, and students later at night and are secured after-hours by University Police. Students, faculty, and staff must participate in keeping buildings secure by locking doors and windows and reporting suspicious persons or activities to the Houston Christian University Police Department at 281-649-3911.

Security of Physical Facilities

University police officers patrol the campus in an effort to assure a high level of physical security. As a regular part of their patrol duties, they also submit maintenance requests regarding any safety problems such as defective lighting; inoperative gates, doors or locks; broken sidewalks, steps, and handrails; and any other condition which might detract from one's personal well-being. All such conditions should be reported to the Maintenance and Operations Department by calling 281-649-3319. Also, the University Police can be notified at 281-649-3314 regarding issues that require immediate attention after regular business hours.

Facilities Management

University facilities are well-maintained and consistent attention is given to their security in the interest of students, faculty, and staff. Additionally, cultural, educational, professional, special and athletic events, the University Store, and HCU Dining Services are open to visitors to the University.

Unless otherwise scheduled for an event, our campus academic buildings are open from 8 a.m. until 10 p.m., and administrative buildings are open from 8 a.m. until 5 p.m. Monday through Friday. Academic buildings are scheduled to be open on weekends only as needed. Access to individual classrooms and laboratories is limited to those enrolled and scheduled on the University's Master Calendar. The MDA Student Center central seating area is open Monday at 7 a.m. through Friday at 10 p.m. and closed on weekends.

Housing; Residence Colleges; Dormitories

Access to University Residence Colleges is limited to residents through a code lock or keycard system. During the times that the University is officially closed, University buildings are locked, and only faculty, staff, and students with keys and/or a proper ID are admitted. Clearance to others can be sought through the Houston Christian Police Department dispatcher at 281-649-3314.

Emergency Response

All members of the campus community are encouraged to notify the HCU Police of any situation or incident on campus that involves a significant emergency or dangerous situation. In turn, the HCU Police have a responsibility to respond to such incidents to determine the validity and scope of the threat, determine its risk to the health and safety of the campus community, and to assist those adversely affected by the threat.

In situations where a valid threat is identified, federal law requires that the institution immediately notify the campus community or the appropriate segments of the community that may be affected by the situation. This communication is relayed to the campus community by the Office of the Associate Vice President of Facilities and Campus Operations, who collects the information from the HCU Police Department or the University Safety Committee. This

communication will also, where applicable, provide information on where to find updates regarding the threat.

Notification of Immediate Threat to Houston Christian University

In the event of a serious incident that poses an immediate threat to members of the HCU community, the University has various systems in place for communicating information quickly. Some or all of these methods of communication may be activated. These methods of communication may include campus e-mails, a *CampusShield* alert, emergency text messages that can be sent to a phone, and emergency alert messages on the University's website. The University will post updates by any or all of the methods available, as those updates are received or pertain to the HCU community.

Procedures for Testing Emergency Response and Evacuation

Timed evacuation drills are held each Fall and Spring semester in the residence halls. Full documentation of drills is kept on file at the Residence Life Office. Through these drills, the HCU community learns the location of the emergency exits within the buildings they occupy and are provided guidance about the direction they should travel when exiting the facility at the time of the evacuation drill. In actual long-term evacuation situations, residents and students would be given instruction on alternate locations to meet, receive further instruction, etc., depending on the situation requiring the evacuation.

Residence hall and apartment complex drills are monitored by the University Police and Residence Life staff. Lockdown (shelter-in-place) simulation drills are monitored by the University Police. All departments should identify concerns to be addressed or repaired. Service requests and equipment concerns are submitted to the Maintenance Department or to the area of responsibility concerned.

Active Shooter on Campus

The University and this police department NEVER discharge fireworks or blanks on campus. If you hear gunshots, treat them as real and actual and rapidly go in the direction away from the sound of the gunfire.

The University follows the RUN-HIDE-FIGHT active shooter protocol. Armed police officers and others will be responding IN FORCE: STAY OUT OF THEIR WAY. If there is an incident, and you see a police officer, show them your hands and follow the officer's instructions.

Shelter-in-Place Procedures

There are situations, such as during a tornado warning, a major natural gas leak, or others where sheltering in place may be safer (or at least provide less of a safety risk) than evacuating. To "shelter-in-place" means to make a temporary shelter of the building or room you are in, until it is determined to be safe enough to resume normal activities. Shelter-in-place alerts may come from any form of emergency notification procedure available, and from any source, including the University Police Department, the Student Life staff, and other employees of the institution, or from the official offices of the respective local, state, or federal government.

Off-Campus Criminal Activity

The Houston Christian University Student Life Office is the campus entity immediately responsible for contact with student organizations. The HCU Police Department does not provide law enforcement services to off-campus residences or activities. Off-campus criminal activity within the City of Houston is monitored and recorded by the Houston Police Department. The Houston Police may call on University Police anytime their assistance is needed. The HCU Police Department maintains a close working relationship with the Houston Police Department and the Harris County Sheriff's Office, as well as other law enforcement agencies. This cooperative approach addresses situations as they arise as well as future concerns.

Missing Student Policy

The Higher Education Act Reauthorization with Higher Education Opportunity Act – 2008, Section 485(j) requires all institutions of higher education that participate in any Title IV program and provide on-campus housing to students to establish both a Missing Student Notification Policy and Official Notification procedure for handling missing persons that apply to missing student reports of students who reside on campus. If a member of the campus community has reason to believe that a student who resides in on-campus housing is missing, he or she should immediately notify the campus Police at 281.649.3314 (or ext. 3314). The HCU Police Department will generate a missing person report and initiate an investigation.

For this policy, an on-campus student housing facility is defined as any residential facility that is operated and governed by the Houston Christian University Residence Life Office. The definition excludes those properties that are owned by the University, but leased through the Financial Operations division, which are open to be leased by non-students.

A missing student is defined as any currently registered student of the Houston Christian University who has not been seen by friends, family members, or associates and whose whereabouts have been questioned and brought to the attention of a member of the University community. If the report is made to someone other than a University police officer, such as a mentor or staff member, that staff person should immediately report the information to the University Police. The University Police will immediately initiate an investigation when notified that a student, who resides in a campus residence hall, is missing with no reasonable explanation for his/her absence, or there exist articulable reasons for the fear of danger or harm to the missing student.

The investigation will include gathering all information including discussions with friends and roommates, meal and card access use around campus, use of social networking sites if possible, and contacting them by phone or text. In the event of a missing student residing on-campus, the Director of Student Life or a designee will notify the designated contacts regarding the situation. In the event the student does not reside in a University residence hall, the appropriate local police authorities will be notified by University Police, and an investigation will be initiated.

Notification upon Student Found/Returned

The HCU Police Department will be immediately notified when a student, who was reported missing, is found or located. The police officer will interview the missing student as to the facts surrounding the event and, when the officer is satisfied that the event has concluded, will then

notify the necessary parties and complete and close any official investigative missing person reports.

Firearms on Campus

Firearms are forbidden on the campus and in the residence areas of the Houston Christian University. The only exception to this rule is possession by properly credentialed police officers and law enforcement personnel. For questions regarding the firearm policy, please contact the HCU Police Department.

MACE; OC Pepper Spray

The possession of Oleoresin Capsium (OC) spray, commonly known by the trade name MACE or OC Pepper Spray, is permitted in dispenser sizes ranging from 0.5 oz. to 4 oz. and is for self-defense purposes only. The improper use, or the improper purposeful display, of an OC spray product in a manner which is menacing, reckless, aggressive, threatening, or outside the scope of lawful self-defense is strictly prohibited. (For self-defense, see Texas Penal Code 9.31.)

Conducted Energy Devices (CED) Stun Devices Prohibited

The possession of Conducted Energy Devices (CED), commonly known as Tasers, stun guns, or stun flashlights, that provide an electrical shock are, in any form, strictly prohibited.

Stalking

Any student who believes that they are a target or victim of stalking should immediately report it to the HCU Police Department for investigation. If the person being stalked does not wish to press criminal charges, the HCU Police Department and Administration reserves the right to ban persons accused or alleged of stalking from the campus or University properties.

Domestic Violence

For the purposes of this policy, domestic violence is constituted by an act of violence and it is committed against a family member, a household member or a current or former spouse, a child of a current or former spouse, a person with whom the alleged offender has a child or children, a foster child or foster parent of the alleged offender, a family member of the alleged offender by blood, marriage, adoption, or someone with whom the alleged offender lives in a familial relationship.

An act of domestic violence committed on-campus should be reported to the HCU Police Department. An act of domestic violence committed off-campus, against a student of the University, can be reported to the HCU Police Department, who will then immediately review the incident to ensure the immediate safety of the student and the campus, and who will then report it to the police department in whose jurisdiction the alleged event occurred for their investigation.

Dating Violence

For the purposes of this policy, dating violence is constituted by an act of violence committed against a person by another person when there exists a dating relationship between the two that is more than casual (considered as romantically involved), and the amount of time that the persons

have been dating adds to the belief that a more than new or casual relationship exists between the persons.

Protective Orders and Restraining Orders

Any student, staff member, or employee who is in possession of a protective order, a restraining order, or any non-contact order from a court or magistrate, should contact and inform the HCU Police Department of the order as soon as possible.

Reporting Crimes and Criminal Activity: Confidentiality

Houston Christian University encourages victims of crimes, as well as witnesses to crimes or abuse, to voluntarily report all such incidents and events to the HCU Police Department or campus security authorities. If not required by law, the University will attempt to keep the victim, witness, and reporter's personal information confidential.

Hurricane Plan: Student Preparedness and Response

Hurricanes are the most common large event disruption of activity in the Texas Gulf Coast region. Our area has a history of hurricane preparedness and, when one threatens, much excellent information is provided across every communication platform.

Students who are not from the Gulf Coast area should familiarize themselves with the following information concerning hurricanes and the steps and processes that will take place, if and when, one approaches our area. They should also have a plan in place of where to go in case the University is forced to close due to the arrival of a serious hurricane.

The hurricane season extends from June 1 through November 30. However, most hurricanes hit the Texas Coast during August and September and may strike in early October as well. In addition to damage from high winds, the campus may experience flooding from the heavy rains.

The weather service has several advisory alerts that they provide as a hurricane develops and moves towards land:

- A Hurricane Advisory is released by the National Hurricane Center every six hours whenever a hurricane storm threatens the U.S. coastline.
- If a hurricane endangers the local area, a Hurricane Alert is issued.
- A Hurricane Watch is issued later when there is a possibility that the storm might make landfall somewhere in the watch area within the coming 48 hours.
- Finally, a Hurricane Warning is issued by the National Hurricane Center indicating there exists a high probability that the storm will make landfall between two designated locations in at least 24 hours (but not less than 8 daylight hours).

Evacuation of the Campus

Not every tropical storm or hurricane is serious enough to warrant the closing of the University or the evacuation of the campus. Decisions concerning evacuation of the campus and cancellation of classes will be made by the University's President and the Executive Emergency Committee after consideration of several factors including the threat, any directives from the State of Texas, the Harris County Office of Emergency Management, and/or the City of Houston.

If the campus is to be closed and/or evacuated, official notification will be made through several information outlets to include the Internet, email, radio, and television.

Announcements will also be shared with the local television and radio media. An excellent source of hurricane information and closures can be found on radio station KTRH 740 AM – the most recognized local Houston emergency broadcast station.

Closing the University; Reopening the University

If the University is closed for a hurricane, all classes will be cancelled and the campus secured by the HCU Police.

The reopening of the University will be announced through the Internet; internal University communications systems including the portal, email, the HCU Alert System, and University web site (HC.edu); local media; and school-alerts.com (which also alerts local media).

Hurricane Pre-Season Preparation

Remember the five “Ps” when preparing: Prior Planning Prevents Poor Performance.

Students need to evaluate their hurricane plans in the spring, preferably before June 1st of each year, which is when the hurricane season begins. All students should notify their parents/family of

their personal emergency plans. Do not wait until a hurricane threatens the area to make your plan on where to go and what to do.

- Ensure that all of your personal contact information is correct and up-to-date with the University.
- Identify ahead of time a safe-haven destination in the event of an evacuation.
- If evacuation is not possible, please notify the Residence Life assistants or, if the storm is impending, the HCU Police Department for assistance.

Residential Students

Resident students will receive explicit instructions from Residence Life staff regarding hurricane procedures.

If you cannot evacuate the campus, please contact the Student Life Office or the HCU Police Department.

Emergency Notification

Houston Christian University strives to create a safe and secure learning and living environment on our campus. It requires the combined efforts of a professional police team along with the awareness and concern of all members in the University community.

HCU has implemented an important communication tool for students, faculty, and staff. [CampusShield](#) is the official HCU alert system, providing quick text messaging to cell phones as well as through HCU email accounts in the event of a campus emergency.

Changing/updating notification settings:

- Students: Make sure that your contact information is up-to-date and then follow these instructions.
- Faculty and Staff: Make sure that your contact information is up-to-date then follow these instructions.
- Alumni, Parents, those no longer attending HCU or are not associated with HCU: Report all address and phone number changes to the Office of Academic Records.

Campus phones vs. cell phones - The University phone system can only handle a limited number of simultaneous incoming calls. Therefore, cell phones may receive an alert prior to campus phones.

Replaying the message - While on the call, you can replay the message by pressing the star (*) key at the end of the message. You may also check your email to locate a link to the message.

Caller ID - When HCU sends a call out using the HCU Alert System, it will always display the University main switchboard number as the Caller ID. Please do not call the main university switchboard when you receive a message. Instead, visit this page at [HC.edu/alert](https://hcu.edu/alert) for more information on the situation.

Responding to busy signals or no-answer situations - For busy signals, the call will be repeated several times in an attempt to reach you. The same is true for no-answer calls and call waiting. If the call goes to a voicemail box, a message will be left. If after several attempts the

call does not successfully go through, the system will stop attempting and report your number to be busy.

Emergency contact information will not be published or shared.

Send questions and comments to HCUAlert@HC.edu.

Phone numbers are taken from information provided through [HuskyNet](#), so it is important that students provide the University with up-to-date contact information. To view contact information students should read the directions at [HC.edu/alert](https://www.hc.edu/alert). In the event of an emergency, the University will also utilize the following communication outlets:

- The University Portal: Emergency information will also be posted for internal audiences at my.HC.edu, the University portal.
- Check the University website: [HC.edu](https://www.hc.edu).
- Local news and radio: HCU will communicate with local news outlets to quickly disseminate news and information. KTRH Radio (740 AM). KTRH AM 740 is Houston's official Emergency Broadcasting station and is a go-to source for information during an emergency-particularly those that are weather related. Other key media outlets include TV stations KHOU (11), KPRC (2), KTRK (13), KRIV (26), Univision (45), and KTRH Radio (740 AM, Houston's official Emergency Broadcasting station), and any local media website.
- [school-alerts.com](https://www.school-alerts.com): This Houston website carries emergency notifications for all local public and private schools. You may visit their website to receive notifications of school emergencies including school closings, delayed openings, early dismissals, reopening announcements, shelter-in-place announcements, and other special alerts.

Smoke-Free Campus

HCU is a smoke-and-tobacco-free campus, and the use of tobacco in any form, to include vaping, is prohibited anywhere on the University's premises except within the confines of a private vehicle.

Noise

In a community environment, the right to participate in or enjoy a particular activity ends when that activity or by-product infringes upon the rights of others, particularly their right to sleep, study, or spend time in a peaceful setting. It is expected that students be aware of how their actions may affect others and maintain reasonable noise levels 24 hours a day. Thus, music and noise may not be projected from residence hall rooms, classrooms, or vehicles to any other area of the building or to the outside of the building unless permission has been granted from the Events Office or the [Department of Student Life](#).

Communicable Disease Policy

The University will continue to keep up-to-date on any news or suggestions via the Center for Disease Control (CDC) and health services. The University will disseminate any information regarding new practices, policies, steps, and efforts concerning communicable diseases and the degree of their threat to the University community.

AIDS

AIDS is an acronym for acquired immunodeficiency syndrome and is a disease caused by a virus

that breaks down part of the body's immune system, impairing a person's natural defenses against a variety of illnesses, many life-threatening. HIV is a medical term for the virus that breaks down the body's immune system. HIV is found in many body fluids and secretions of people who are infected, but respected medical authorities have determined that its transmission is solely through blood, semen, and female genital secretions. Current medical knowledge indicates that students and employees with HIV infection do not pose a health risk to other students and employees in an academic setting. The Public Health Service states that there is no risk created by living in the same place as an infected person, casual kissing, or swimming in the same pool with an infected person.

Policies Regarding HIV/AIDS

- 1. Individual Rights.** The individual rights of all people in the Houston Christian University Community shall be safeguarded. Therefore,
 - a. the uninfected should be protected from undue risk of exposure to the disease,
 - b. the infected should be protected against prejudice and denial of the reasonable opportunity for an education at the University,
 - c. and the University condemns any and all actions of physical or emotional harassment toward the infected or those suspected of infection.
- 2. Policy Implementation.** As stated above, current medical knowledge indicates that people with HIV infection do not pose a health risk to others in an academic setting. Therefore, until medical knowledge indicates a contrary conclusion, or unless health regulations or other laws require a different response, the policy of Houston Christian University will conform to the following:
 - a. **Admissions.** No otherwise qualified individual will, solely by reason of his or her HIV/AIDS status, be denied admission to the University.
 - b. **Attendance.** Students with HIV/AIDS may attend regular classroom sessions. The University reserves the right to restrict a student on a case-by-case basis if a student has a contagious disease (including those associated with or arising from AIDS) or if the individual behavior is disruptive or endangers the safety or health of other persons. Departments will establish safety guidelines for the handling of blood and bodily fluids in classroom settings in which analysis of these substances may be a part of the coursework, such as in nursing or biology classes.
 - c. **Access to University Housing and Facilities.** Students with HIV/AIDS will have access to University housing and facilities. Restrictions will only be imposed on the basis of medical recommendations.

Traffic and Parking

The Houston Christian University has adopted a parking and traffic program to encourage safe and orderly traffic and parking conditions on campus. Your safety, the recognition of the needs

of others, campus appearance, and applicable laws were considerations in the formulation of these regulations. The program is administered by the Houston Christian University Police Department. Please contact the Police Department at 281.649.3314 if you have any questions.

Vehicle Registration

Anyone who operates a motor vehicle on Houston Christian University property must register that vehicle with the University Police Department; **all vehicles, student and staff, must be registered with the Police Department and properly stickered.** The only exemptions are motorized wheelchairs and authorized University vehicles.

The sticker goes to the car it is registered to. If you change cars, you must get the new vehicle registered and a unique number parking sticker issued and affixed to it.

Short-term temporary parking permits are available through the Police Department.

Students who pay the parking fee for one vehicle may apply and register for two (2) parking stickers for two of their vehicles at no extra cost. Please see the Police Department for details.

Parking Fee Waivers

All students are automatically charged a parking fee at the time of registration. If you do not have a vehicle on campus, then a student parking waiver request form will need to be filled out. This also includes online class only students. Those forms are available at the Police Department or online. **The student parking waiver request form will only be accepted on or before the census date of each term.** Students who will not be parking on campus are responsible for and will be charged the parking sticker fee if the waiver is not submitted (or is submitted) after the census date even if they do not have a car on campus.

Online Only students who do not intend to park on campus must also fill out and turn in a student parking waiver form. Forms can be found online and/or picked up and turned in to the HCU Police Department and/or the Student Accounts Office.

Waiver rescind: Students who have a parking fee waiver, and then add a vehicle and need a parking sticker, must come to the police department and complete a Waiver Rescind Form. The former fee waiver will be cancelled, and the parking fee will be prorated by the Finance Office.

Parking Permits

Possession of a parking permit does not guarantee a parking place in a specific lot. To park on HCU property you must have a parking permit. Parking regulations apply 24 hours a day, except where noted otherwise.

Register online for a parking permit:

- Go to [HC.edu/optionalfees](https://hcu.edu/optionalfees)
- Type in your HuskyNet User ID (Your H#).
- Type in your pin number.
- Select school term.
- Fill out the form about your vehicle.
- For assistance call 281.649.3314.

- Your permit may be picked up at any time from the HCU Police Department.

Parking Permit Fees:

- \$150 – All three academic semesters: Fall, Spring and Summer semester
- \$112.50 – Spring and Summer semesters only.

Visitor parking is available in several locations. Failure to display either a permanent or temporary permit does not allow parking in visitor spaces. License plate numbers of vehicles parked in visitor parking are monitored. Citations will be issued for improper parking in a visitor space and failure to secure a parking permit, will be issued to vehicles belonging to or operated by students.

Handicap parking

is available in designated parking spaces. Parking in handicap parking spaces is not allowed without the handicap license plate or placard tag. An HCU student must have a University parking permit displayed even if the vehicle has a handicap license plate or placard tag

Disabled Veteran plates:

For students displaying DV plates, they must also display a handicapped license plate or placard tag to access handicapped parking spaces. For disabled veteran plates the parking fee is waived. However, the vehicle must still be registered with the HCU PD and will be issued, and must display, an HCU parking sticker.

always. Authorized vehicles parked on sidewalks must not obstruct sidewalks, stairways or handicap ramps. Vehicles and carts using sidewalks must not exceed five miles per hour. All vehicles must yield right of way to pedestrians.

Cart safety

All persons operating carts on campus will observe the rules regarding their safe operation. The University Police Department will provide, upon request, safety training for any department that operates carts on campus.

All injury incidents, accidents, or damage due or done to carts must be reported to the University Police Department immediately.

Scooter Rules and Expectations

As part of our commitment to maintaining a safe and orderly campus environment, these policies and best practices are in place regarding the use of electric scooters on campus.

Parking and Storage:

- Electric scooters must be parked and locked in designated bike racks. They may not be stored inside buildings, including hallways, classrooms, residence hall common areas, or other indoor spaces.

Failure to comply with these policies may result in the removal of the scooter and possible disciplinary action.

Official University Travel and University Vehicles

Questions on travel and liability related to field trips should be directed to the [Student Success Specialist for Student Involvement](#) (for student organizations) or the Assistant Director of Facilities, Fitness, and Transport (bpulcher@HC.edu or call 281-649-3511). All student organizations taking any off-campus trip should complete the Travel Form found on the Canvas organization labeled "Student Organization Leader Resources" under the "Forms" tab, providing the following:

- List of students attending event along with their H numbers
- Emergency contact information for each student
- Location/phone number of where the group is staying
- Contact information of the sponsor/leader of the field trip
- Detailed description of the field trip and purpose of the field trip

Travel for student organizations must be approved through Student Involvement before reserving a vehicle through the Transportation Department.

Scheduling

University-owned vehicles are available on a first-come, first-served basis, after the needs of the Athletics Department have been met, provided the request for use has been made in a timely

manner and in accordance with the guidelines established by the Transportation Department. When multiple requests have been made, priority will be given to the time stamp on the received request, whether via e-mail or in-person.

Guidelines

University-owned vehicles are available for activities initiated or required by the University. The use of University Vehicles is restricted to approved drivers who have completed the required training and certification and have filed a current copy of their driver's license and their H number with the Transportation Department. An approved driver is a faculty/staff member or currently enrolled student, 21 years of age or older, that is a member of the requesting organization or student worker.

Passengers in University owned vehicles must be employees or registered students of the University. Family members or non-HCU students/friends are not permitted as passengers in University vehicles.

- The organization must reserve a vehicle no later than five working days prior to travel by submitting a written request in person, via campus mail or via e-mail to the Transportation Department at bpulcher@HC.edu.
- The request must include the date(s) of travel, the type of vehicle requested, the approved driver(s), and the destination.
- When you receive your confirmation email, download and submit a Travel Log to the dispatch 24 hours before your departure.
- All drivers must be at least 21 years of age to drive a vehicle, whether HCU-owned or rented.

A reservation may be made when the following criteria are met:

- A copy of the individual's driver's license and H number is on file with Transportation Department.
- The driver has taken and passed an online driving test, and
- The driver has a clear Motor Vehicle Record (will be run by the Transportation Department).

If the trip exceeds 200 miles, a minimum of two approved drivers per vehicle is required. Drivers will obey all federal, state and local laws, ordinances, etc. in the operation of University vehicles. Any questions regarding traffic laws should be directed to the Police Department at 281-649-3314.

Damage to a University Vehicle; Property; Reporting Required

The HCU Police Department must be notified as soon as possible at 281-649.-314. A police report must be made anytime a University driver or operator of any University vehicle is involved in an accident, or where there is damage to the HCU vehicle or another vehicle, or property is damaged, or someone is injured. If out of town, and anyone is injured, then local emergency personnel will be called as well as the local police department in that area.

By Texas law, you must exchange your information with the other driver. To not do so is a criminal offense. Give them your name and use the HCU police department's phone number 281.649.3314 as your contact phone number. Then contact the HCU Police Department as soon as it is practicable to report the incident and the damage.

Students' Rights and Responsibilities

HCU students are expected to read and be aware of all regulations and policies stated in the University's current Catalog and Student Handbook posted to the University website. Knowing and understanding the school calendar, deadlines, and all University communications sent through either HCU email or to the student's university mailbox (if that student lives in HCU housing) or off-campus mailing address is also the student's responsibility.

Email as a Means of Official Communication

All students are provided an HCU e-mail account with an address of the form username@HC.edu once admitted to the University. This then becomes the main means of communicating official HCU business. It is imperative that students check their HCU email on a routine basis. ***Failure to read an email will not be an excuse for missing deadlines and other important expectations placed on students.***

HCU ID Card

At the initial HCU enrollment, each student receives an ID card with the student HuskyNet number (H#) and photo ID. If lost, a replacement ID card may be purchased for a fee of \$10 (ID cards with associated meal plans have a different charge. For more information see Moody Library section in this handbook). Check with staff at the circulation desk in Moody Library.

The student ID card is used in a variety of ways, including, but not limited to:

- Admissions to Moody Library and library resource checkout
- Dining services for meal plans and Husky Bucks
- Bradshaw Fitness Center access
- Hodo Residence College resident access
- Admission to HCU regular season home athletic events
- Laptop kiosk checkout

Upon request, students must furnish satisfactory identification to University staff, faculty members, administrative officials, and/or police officers. The Student ID card is the official means of identification and should be carried at all times when on campus. Falsification or misuse of this card is considered a violation of University policy. Use or possession of another person's ID card (or a copy or photocopy of another person's ID card) without permission is a violation of this policy.

Family Educational Rights and Privacy Act (FERPA)

In compliance with the Family Educational Rights and Privacy Act ([FERPA](#)), HCU cannot release personally identifiable information to any person other than the student, unless written

permission is given for the University to do so. Students may give permission for their educational records to be released to designated parties by completing the FERPA Authorization to Release Education Records in the Office of Academic Records.

In general, no personally identifiable information from a student's education records will be disclosed without written consent from the student. This includes, but is not limited to, grade reports, academic schedule information, and transcripts. The following exceptions may be made: directory information may be released unless the student requests that it be withheld, as explained in the section below; records may be disclosed to parents of students who depend upon them as defined by Internal Revenue Code 1986, Section 152; in response to a valid subpoena; or in connection with a health or safety emergency as described in § 99.36.

HCU has designated the following student information as public or directory information: name; local and permanent addresses; telephone numbers; email addresses; date and place of birth; classification; major field(s) of study; classification; dates of attendance; degrees, honors, and awards received; most recent educational institution attended; participation in officially recognized sports and activities; weight and height of athletic team members; and photographs.

At its discretion, the institution may disclose the above referenced information for any purpose. Any new or currently enrolled student who does not want his/her directory information disclosed should notify the Office of Academic Records in writing by using the FERPA Request to Withhold/Release Directory Information form. Such notification must be received by the end of the first full week of classes for any term to ensure that the student directory information is not released except to officials with legitimate educational purposes as authorized by FERPA.

The request to withhold directory information will remain in effect as long as the student continues to be enrolled or until the student files a written request with the HCU Director of Academic Records to discontinue the withholding request. To continue nondisclosure of directory information after a student ceases to be enrolled, a written request for continuance must be filed with the Office of Academic Records during the student's last term of attendance.

HCU assumes that failure on the part of any student to specifically request the withholding of categories of directory information indicates individual approval for disclosure.

Students have the right to request to inspect their educational records at any time through either the Office of the Academic Records or the Office of the Provost, who will make arrangements to obtain the record in question from its custodian (faculty, dean, etc.). If the student believes there are inaccuracies in their record upon review, requests for changes/corrections may be made in

writing to the custodian of the record. If requested changes/corrections are denied, students may appeal the decision to the Provost directly, whose decision will be final.

Student Media and Publications

Houston Christian University, acting through its Board of Trustees and its President, is the official publisher of all student publications, whether in traditional print or web format. All publications, print or web postings, representing or bearing the name of Houston Christian University, are expected to advance the ideals in keeping with the principles of this Christian university, its Preamble, mission, and vision statement. Editors of student publications are expected to ensure that their publications uphold these same standards. In their roles as editors, students are also expected to exercise good taste, high ideals, and fair-mindedness.

Alcohol Policy

Alcoholic Beverages Prohibited

Members of the HCU community are expected to commit themselves to promoting a healthy social and academic environment, where learning and campus life are not hindered by the misuse of alcohol and other drugs.

The possession, sale, or use of alcoholic beverages on the Houston Christian University campus or at University-sponsored student events or activities is prohibited, including all grounds and facilities. The use of alcoholic beverages at Houston Christian University is governed by HCU policy, Houston City Ordinances, and Texas State law. Laws regarding the possession, sale, consumption, or furnishing of alcoholic beverages is controlled by the Texas Alcoholic Beverage Commission (TABC), and on-campus enforcement is the responsibility of the Houston Christian University Police Department.

Individuals, organizations, or groups violating alcohol/substance policies or laws may be subject to sanctions by the University and/or criminal prosecution.

Possession and consumption of alcoholic beverages by anyone under the age of 21 is prohibited by law. The following Texas Alcoholic Beverage Code Offenses are Class C Misdemeanors, and are punishable by fine not to exceed \$500.

- 106.04 Consumption of Alcohol by a Minor.
- 106.05 Possession of Alcohol by a Minor.
- 106.07 Misrepresentation of Age by a Minor.

Penalties for these offenses are enhanced after the second conviction, and may result in confinement and suspension of the person's driver's license. It is also unlawful for another person to sell, furnish or provide alcohol to a person under the age of 21 (TABC 106.03 and 106.06).

Evidence of use of alcohol, such as empty alcoholic beverage containers displayed in residents' rooms or in a student's possession is also prohibited.

Lighted beer signs or posters promoting the use of alcoholic beverages will not be permitted on campus.

Any student who returns to campus while intoxicated shall be subject to full disciplinary action as outlined in this *Student Handbook*.

Culpability: As it is difficult to accurately determine degrees of culpability, all students present in a room or area at the time of the alcohol violation may generally be held responsible for such violation. Students are advised in advance to avoid such situations that may put them at risk of disciplinary action.

Health Risks

No printed lists or warning signs can replace talking with a professional in determining whether you or someone you care about has an alcohol problem. Such lists or warning signs can give you a sense of whether you should check out the possibility more thoroughly. The following are symptoms to watch for with respect to alcohol:

- Preoccupation with alcohol
- Increased tolerance of alcohol
- Physical deterioration
- Black-outs
- Morning tremors
- Large amounts of money spent on alcohol

For a more exhaustive list of health risks related to alcohol consumption, please see [cdc.gov/alcohol/fact-sheets/alcohol-use.htm](https://www.cdc.gov/alcohol/fact-sheets/alcohol-use.htm).

Drug Policy

Drug-Free Campus

The Drug-Free Schools and Communities Act Amendments of 1989 (Public Law 101226) required our institution to sign a certification to the United States Department of Education by October 1, 1990, whereby we adopted and implemented a program to prevent the illicit use of drugs and the abuse of alcohol by students and employees. The unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance or other mind-altering substance (as defined in the Texas Controlled Substances Act and the Texas Dangerous Drug Act) is prohibited by the University.

Intoxicants Prohibited

HCU has a prime concern for the psychological and medical well-being of its students and employees and recognizes the problems created by the misuse of controlled substances. The University prohibits the possession, distribution, sale, or use of controlled substances and all other drugs prohibited by state and federal law (i.e., marijuana, narcotics, barbiturates, hallucinogens, amphetamines, analogs, or chemical designer intoxicants). An item with any amount of THC content is considered prohibited.

Likewise, so-called designer substances that are made, possessed, or used as intoxicants are also prohibited. These include Gamma-Hydroxybutyric acid (GHB), ecstasy (MDMA), and any variety of chemicals processed as synthetic marijuana (spice), or which can also be commonly inhaled for the purpose of intoxicating the user.

The University also prohibits the possession of drug paraphernalia (i.e., bongs, one hitters, pipes, clips, etc.).

Sale of Drugs

When, in the opinion of the Director of Student Conduct, there is sufficient and credible information that a student is or has been trafficking in controlled drugs, the student may be asked to withdraw from the University. Under these circumstances, a student who chooses not to withdraw will be temporarily suspended by the Director of Student Conduct (further action as described in the Student Code of Conduct section).

Use of Drugs

Students are urged to seek help for themselves or on the behalf of others in any matter of drug use. If, in the judgment of the Director of Student Conduct, the welfare of the HCU campus community requires that the student receive help either on- or off-campus, the student may be required to do so as a disciplinary sanction at his or her own expense.

Culpability

As it is difficult to accurately determine degrees of culpability, all students present in a room or area at the time of the drug violation may generally be held responsible for such violation. Students are advised in advance to avoid such situations that may put them at risk of disciplinary action.

The Law

Possession, manufacture, sale, and distribution of controlled substances are illegal under both state and federal law. Giving marijuana or other drugs free of charge to friends has been interpreted in some court cases to be the same as sale or distribution. There are generally more severe sanctions given for repeat offenders. Possession of drugs in large amounts may be viewed by the courts as possession with the intent to deliver (sell or distribute).

Sanctions

A drug offense under Texas or federal law can be a misdemeanor or a felony depending on the charge and the amount of drugs involved. In either case, a criminal record will very likely hamper a person's chances of gaining admission to another school or securing future employment.

Court imposed penalties for a first offense for possession, distribution, or use of drugs depend upon the circumstances of the case.

Texas has some of the harshest penalties for drug possession. Possession of marijuana may be classified as light as a "Class B" misdemeanor, carrying a sentence of up to 180 days in jail and/or a fine of no more than \$10,000 for possession of two ounces or less of marijuana. This penalty can go all the way up to life in prison and a fine of up to \$50,000 for possession of over 2,000 pounds of marijuana.

As for drugs in other classes, the penalty for possession is at the very least a "Class B" misdemeanor, or a "Class A" misdemeanor, which carries a penalty of up to one year in county jail and/or a fine of no more than \$4,000, depending on the type of drug at issue. Depending on the amount of the illicit drug in the defendant's possession, the penalty can range from a third-degree felony all the way up to a first-degree felony. The highest penalty given in Texas for drug possession is life or 99 years in prison and/or a fine of up to \$250,000.

HCU sanctions will be issued by the appropriate disciplinary body. These sanctions, which also may be combined, may include, but are not limited to: (1) expulsion from the University; (2) suspension from the University; (3) eviction from Residence Colleges; (4) required evaluation/counseling; (5) disciplinary probation; (6) fines \$100 to \$300; and (7) educational projects.

Federal guidelines state that anyone receiving federal financial aid who is convicted of violating established federal or state-controlled substance laws may lose his or her financial aid.

Health Risks of Narcotics

Cocaine and Crack

Cocaine (especially in crack form) is one of the most addictive drugs. Crack addiction can become apparent within a matter of weeks. Some crack users have reported becoming addicted after their first use. Cocaine can be extremely harmful to the hearing and can cause death. It also has been linked to birth defects. A person coming down from a cocaine high often experiences feelings of paranoia, irritability, and extreme depression.

Hallucinogens

- With LSD, there is the risk of flashbacks or repeat experiences of the LSD trip without taking the drug. Effects on the user's body can include high blood pressure, faster heartbeat, weakness, vomiting, trembling, hyper-ventilation, and slowing down of motor functions. A bad trip on hallucinogens (LSD) can consist of loss of boundaries, paranoid feelings, extreme anxiety, panic, and in extreme cases, a psychotic reaction.
- Psilocybin (Mushrooms). There are a number of plants which have LSD-like effects which come under this category. These plants are generally dried and then eaten. Mescaline, also considered a mushroom, comes from the top of the peyote cactus. Psilocybin can cause dizziness, light headedness, upset stomach, vomiting, shivering, facial flushing, sweating and fatigue. With mescaline, nausea and vomiting usually occur; large doses may produce low blood pressure, cardiac depression, shallowness of breath, and headache.

Marijuana (Cannabis)

Marijuana impairs the user's ability to perform motor tasks such as driving a car. It impairs short-term memory and logical thinking and has also been linked to birth defects. The user may experience confusion, restlessness, hallucinations, paranoia, anxiety, or psychotic episodes. Heavy and regular users may experience problems with sequencing ability in the brain and loss of time sense, depth perception, memory storage, and recall. Long-term use has been associated with low sperm count in males and irregularities in menstruation and ovulation in females.

Amphetamines (Stimulants)

Amphetamines can cause increased alertness, euphoria, increased blood pressure, and insomnia. In cases of overdose, agitation, increase of body temperature, hallucinations, convulsions and, in some cases, death. A person experiencing withdrawal or coming down will likely be apathetic, irritable, depressed, and disoriented. Long periods of sleep are also part of amphetamine withdrawal.

Opiate Narcotics

Some of the more common narcotics include opium, morphine, heroin, and methadone. Narcotics may cause euphoria, drowsiness, respiratory depression, constricted pupils, and nausea. In cases of overdose, the person may experience slow and shallow breathing, clammy skin, coma, and possibly death. Someone experiencing withdrawal or coming down may demonstrate watery eyes, runny nose, yawning, loss of appetite, irritability, tremors,

panic, cramps, nausea, chills, and sweating.

Depressants

Depressants include chloral hydrate, barbiturates, benzoate, zephines, and equanil. Depressants may cause slurred speech, disorientation, and/or drunken behavior without odor of alcohol. In cases of overdose, a person may experience shallow respiration, clammy skin, dilated pupils, weak and rapid pulse, coma, and possibly death. Someone experiencing withdrawal or coming down may demonstrate anxiety, delirium, insomnia, tremors, convulsions, and possibly death.

Designer Drugs

Designer drugs are analogs and chemically designed intoxicants that have a number of effects such as are linked to psychedelics, amphetamines, bringing violent or psychotic behavior, extreme paranoia, soporific or paralysis, etc. The most common designer drugs are known as *synthetic marijuana*, *spice*, *bath salts*, *potpourri*, and *ecstasy*. These are often made in clandestine labs of dangerous chemicals, and you have no idea who made them or what is chemically contained in them. There are numerous cases of young people dying from one use of these drugs, and others where the designer drug has driven the user to permanent insanity. They are both extremely dangerous and illegal. Synthetic opiates, such as fentanyl, are extremely deadly in extremely small amounts.

Gamma-Hydroxybutyric acid (GHB), a common cleaning agent, when abused in even a small amount, overwhelms and defeats the user's autonomic nervous system resulting in death- unless the user receives immediate heroic lifesaving service.

If a student is concerned that they, or another, may have taken or been exposed to a dangerous substance, they are encouraged to call 911 immediately and seek emergency medical assistance.

Search and Seizure Institutional Room Entry and Search; Life-Safety Check

Institutional room searches may be authorized by the Director of Residence Life and Student Life or a designee, if there is a reasonable and an articulable reason to believe items which pose a threat to the health, safety, and welfare of the University community, and are present in a specific location in violation of University policy (e.g., drugs, alcohol, master keys, guns, weapons, stolen property, etc.). The University also reserves the right to use a search warrant issued by civil authorities if deemed necessary or appropriate.

A life-safety check of campus housing, rooms, and facilities may be conducted at any time to ensure that there is compliance with safety, health, and hygiene standards, and that utilities are present and are in good operating condition.

HCU Title IX Policy

I. Policy Statement

Houston Christian University (HCU) is committed to providing a positive learning and working environment free from discrimination. In support of this commitment, HCU prohibits discrimination and harassment on the basis of age, race, color, religion, sex, national origin,

ethnic origin, disability, genetic information, covered veteran status, and any other basis protected by law. Discrimination and harassment are incompatible with HCU's mission to provide a learning experience that instills in students a passion for academic, spiritual, and professional excellence as a result of our central confession, "Jesus Christ is Lord," and can threaten the educational experience, careers and well-being of members of the HCU community, including staff, faculty, students, and visitors.

State and federal law protects individuals from discrimination and harassment in connection with employment. Additionally, the law also prohibits discrimination and harassment in all educational programs and activities of a school, including academic, extracurricular, athletic, housing, and other programs and activities. This protection may extend to conduct that occurs both on and off University property. The law also prohibits retaliation against an individual for opposing the types of practices prohibited by this policy, for making a complaint of discrimination or harassment, or for participating in an investigation of such a complaint. Any person who believes he or she has been subject to unlawful discrimination or harassment should feel comfortable with reporting their concerns without fear of retaliation.

Acts of discrimination, harassment, sexual misconduct, and retaliation will be addressed consistent with this policy, which specifically addresses circumstances requiring the application of the US Department of Education's Final Rule regarding Title IX, effective August 14, 2020. Other University policies found in the student and employee handbooks discuss additional expectations about sexual harassment and discrimination, as well as separate grievance and adjudication processes. As noted below, reported behavior may not meet the Final Rule definitions for purposes of Title IX, yet be subject to review by the University or other legal authorities, for resolution.

II. Responsibility

The Chief Financial Officer / Chief Operating Officer is the HCU Title IX Coordinator, as well as the Equal Opportunity/Affirmative Action Officer, and is the person designated by the University to coordinate its efforts to comply with and to carry out its responsibilities under Title IX of the Education Amendments of 1972 (Title IX), The Age Discrimination Act of 1975, and other equal opportunity and affirmative regulations and laws, and is responsible for overseeing and in administering this policy. Inquiries about HCU's policies and compliance with Title IX, The Age Discrimination Act of 1975, or the aspects of HCU's equal opportunity or affirmative action programs should be directed to:

Sandra N. Mooney
Chief Financial Officer/Chief Operating Officer
Houston Christian University
7502 Fondren Road
Houston, TX 77074
281-649-3202
titleix@HC.edu

The Title IX Coordinator, or their designee, can provide information about HCU's policies regarding Title IX, and will ensure that such complaints are addressed by the appropriate

University officials. The Title IX Coordinator or their designee, will assist the parties in receiving support services and will facilitate any interim measures during the investigation. For additional information or inquiries regarding Title IX, you may also visit [Office of Civil Rights - DOE](#) for the address and phone number of the U.S. Department of Education (DOE) office that serves your area, or call 1-800-421-3481.

III. Prohibited Discriminatory Conduct Under Title IX

The DOE, in the Final Rule for Title IX effective August 14, 2020, defines sexual harassment broadly to include any of three types of misconduct on the basis of sex, all of which jeopardize the equal access to education that Title IX is designed to protect: Any instance of *quid pro quo* harassment by a school's employee; any unwelcome conduct that a reasonable person would find so severe, pervasive, and objectively offensive that it denies a person equal educational access; any instance of sexual assault (as defined in the Clery Act), dating violence, domestic violence, or stalking as defined in the Violence Against Women Act (VAWA).

The Final Rule prohibits sex-based misconduct in a manner consistent with the First Amendment. *Quid pro quo* harassment and Clery Act/VAWA offenses are not evaluated for severity, pervasiveness, offensiveness, or denial of equal educational access, because such misconduct is sufficiently serious to deprive a person of equal access.

The Final Rule uses the Supreme Court's *Davis* definition (severe *and* pervasive *and* objectively offensive conduct, effectively denying a person equal educational access) as one of the three categories of sexual harassment, so that where unwelcome sex-based conduct consists of speech or expressive conduct, schools balance Title IX enforcement with respect for free speech and academic freedom.

The Final Rule uses the Supreme Court's Title IX-specific definition rather than the Supreme Court's Title VII workplace standard (severe *or* pervasive conduct creating a hostile work environment). First Amendment concerns differ in educational environments and workplace environments, and the Title IX definition provides First Amendment protections appropriate for educational institutions where students are learning, and employees are teaching. Students, teachers, faculty, and others should enjoy free speech and academic freedom protections, even when speech or expression is offensive, however HCU's religious mission should be top of mind whenever exercising these rights and may not shield all actions under other employee or student codes of conduct.

If the allegations in a formal complaint do not meet the definition of sexual harassment in the Final Rule, or did not occur in the HCU's education program or activity against a person in the United States, the Final Rule requires that HCU must dismiss such allegations for purposes of Title IX but may still address the allegations in any manner the HCU deems appropriate under the school's own code of conduct.

IV. Program and Activities Protected by Title IX

The Title IX statute applies to persons in the U.S. with respect to education programs or activities that receive Federal financial assistance. Under the Final Rule, HCU must respond

when sexual harassment occurs in the University's education program or activity, against a person in the U.S.

Education program or activity includes locations, events, or circumstances over which the HCU exercises substantial control over both the respondent and the context in which the sexual harassment occurred, and also includes any building owned or controlled by a student organization that is officially recognized by HCU.

Title IX applies to all of a school's education programs or activities, whether such programs or activities occur on-campus or off-campus. HCU may address sexual harassment affecting its students or employees that falls outside Title IX's jurisdiction in any manner the school chooses, including providing supportive measures or pursuing discipline.

V. Accessible Reporting

In addition to the Title IX Coordinator listed above in section II, HCU considers all employees, excepting employees that the university designates as confidential resources (mental health counselors while acting in this capacity) and those employed in dining and facilities services, to be "mandatory reporters" for the purposes of both Title IX and the Jeanne Clery Act. Anyone aware of an activity that may violate Title IX, or any other criminal act, may report this activity to a University employee who is obliged by both University Policy and in some cases, the laws of the State of Texas, to inform the Title IX coordinator immediately. The University will investigate all such reports in a timely fashion. Concerned parties may also report incidents of sexual abuse, harassment, and assault anonymously through the University's Campus Shield application, or through the Title IX link provided at the bottom of HCU's main web page located at [HC.edu](https://hcu.edu).

VI. Response to Title IX Complaints

HCU will respond to all complaints of possible Title IX violations promptly and confidentially. The Final Rule requires a school to investigate sexual harassment allegations in any formal complaint, which can be filed by the individual alleging the harassment, also known as the complainant, anyone with knowledge of such an incident, or signed by a Title IX Coordinator.

While the Final Rule affirms that a complainant's wishes with respect to whether the school investigates should be respected, the State of Texas requires that all allegation of sexual assault/harassment be investigated. Therefore, the Title IX Coordinator will sign a formal complaint to initiate an investigation over the wishes of the complainant unless doing so is unreasonable in light of the known circumstances.

HCU will offer supportive measures to the complainant. The University will take into account the complainant's wishes regarding the supportive measures, and will offer those measures even if a formal complaint is not actually lodged. Supportive services are defined as individualized services reasonably available that are non-punitive, non-disciplinary, and not unreasonably burdensome to the other party while designed to ensure equal educational access, protect safety, or deter sexual harassment.

The University will explain in detail, the process for filing a formal complaint, discussing complainant rights, the investigatory process, adjudication and resolution. Unless a clear danger

to the complainant or campus exists, the DOE forbids the University from taking disciplinary action against alleged perpetrator of the complaint known also as the “respondent” until the formal Title IX grievance process has been completed.

If a formal investigation is opened, all actions on the part of HCU must be fair, free from conflict, and without bias towards either party. Supportive services must be offered to the respondent when informed of the investigations, and a strict adherence to due process for all parties which is fair and impartial, must guide all decisions and actions. Throughout the process, HCU must not restrict rights protected under the U.S. Constitution, including the First Amendment, Fifth Amendment, and Fourteenth Amendment, when complying with Title IX.

VII. Complaint Grievance Process

HCU’s Title IX complaint grievance process is designed to provide a transparent, equitable process for resolving formal complaints about sexual harassment. All parties will be granted due process throughout the investigation and hearing activities, and accommodations and communication will be available to everyone equally. The respondent is presumed not to be responsible for the allegations in the complaint until the grievance process is completed.

When appropriate, remedies assigned when a respondent is found responsible will be designed to maintain equal access to education. Remedies may include separating parties into different sections of a class, negotiating online or remote instruction for one or both parties, or other actions designed to maintain educational access, but also may include removal from HCU. Please keep in mind, the University’s disciplines process includes additional sanctions and remedies for sexual harassment, and is in no way bound by the limits set here within.

The process will include an objective evaluation of all relevant evidence, inculpatory and exculpatory, and avoid credibility determination based on a person’s status as a complainant, respondent or witness.

The University intends for these situations to be resolved in a prompt manner, but there is no “one size fits all” timeline that can be given for a thorough investigation and hearing. Instead, all parties will receive estimates in communications about the next steps in the process and will receive prompt notices regarding any delays or extensions.

As with all employee and student disciplinary proceedings at HCU, the University utilizes the “preponderance of the evidence” standard in resolving Title IX complaints.

VIII. Investigations

Upon receipt of a formal complaint, or a complaint signed by the Title IX Coordinator, a trained investigator will be assigned to review the facts in the complaints and interview all parties. The investigator will immediately communicate with both parties notice that the complaint is under formal investigation and their contact information.

Throughout the process, HCU will send written notice of any investigative interviews, meetings, or hearings. HCU will send the parties, and their advisors, evidence directly related to the allegations, via email and will provide no less than 10 calendar days for the parties to inspect, review, and respond to the evidence. HCU will send the parties, and their advisors, an

investigative report that fairly summarizes relevant evidence, via email and will provide no less than 10 days for the parties to respond.

Throughout the investigation and any hearing, both parties may present any fact and expert witnesses and other inculpatory and exculpatory evidence. HCU will not restrict the party's ability to discuss the allegations or gather evidence, but may bring code of conduct disciplinary actions separately is behavior warrants.

Both parties may choose an advisor of their choice, who may be an attorney. When a party cannot provide or afford an advisor, the University is required to provide a competent party to serve in this role, who may be or not be, an attorney. Advisors play a crucial role in the hearing process, and should be engaged as soon as possible.

HCU must dismiss allegations of conduct that do not meet the Final Rule's definition of sexual harassment or did not occur in a school's education program or activity against a person in the U.S. Such dismissal is only for Title IX purposes and does not preclude the University from addressing the complaint through student or employee conduct and disciplines processes.

HCU may, at the University's discretion, except where the decision conflict with Texas HB 449, dismiss a formal complaint or allegations therein if the complainant informs the Title IX Coordinator in writing that the complainant desires to withdraw the formal complaint or allegations therein, if the respondent is no longer enrolled or employed by the school, or if specific circumstances prevent the school from gathering sufficient evidence to reach a determination.

HCU must give the parties written notice of a dismissal (mandatory or discretionary) and the reasons for the dismissal.

HCU may, at the University's, consolidate formal complaints where the allegations arise out of the same facts.

The Final Rule protects the privacy of a party's medical, psychological, and similar treatment records by stating that schools cannot access or use such records unless the school obtains the party's voluntary, written consent to do so.

IX. Hearings

HCU has determined that all Title IX hearings will be conducted live, via an electronic meeting software platform such as Zoom or Skype and all hearings will be recorded.

HCU will permit each party's advisor to ask the other party and any witnesses all relevant questions and follow-up questions, including those challenging credibility.

Such cross-examination at the live hearing must be conducted directly, orally, and in real time by the party's advisor of choice and never by a party personally.

Only relevant cross-examination and other questions may be asked of a party or witness. Before a complainant, respondent, or witness answers a cross-examination or other question, the decision-maker must first determine whether the question is relevant and explain to the party's advisor asking cross-examination questions any decision to exclude a question as not relevant.

The Final Rule provides rape shield protections for complainants, deeming irrelevant questions and evidence about a complainant's prior sexual behavior unless offered to prove that someone other than the respondent committed the alleged misconduct or offered to prove consent.

If a party does not have an advisor present at the live hearing, the school must provide, without fee or charge to that party, an advisor of the school's choice who may be, but is not required to be, an attorney to conduct cross-examination on behalf of that party.

If a party or witness does not submit to cross-examination at the live hearing, the decision-maker(s) must not rely on any statement of that party or witness in reaching a determination regarding responsibility; provided, however, that the decision-maker(s) cannot draw an inference about the determination regarding responsibility based solely on a party's or witness's absence from the live hearing or refusal to answer cross-examination or other questions.

The HCU hearing officer or decision maker, will issue a written determination, issued to both parties simultaneously, regarding responsibility with findings of fact, conclusions about whether the alleged conduct occurred, rationale for the result as to each allegation, any disciplinary sanctions imposed on the respondent, whether remedies will be provided to the complainant, and information on how to file an appeal.

X. Appeals

The University Provost or designee, serves as the Title IX appellate authority.

The Final Rule states that a school must offer both parties an appeal from a determination regarding responsibility, and from a school's dismissal of a formal complaint or any allegations therein, on the following bases: procedural irregularity that affected the outcome of the matter, newly discovered evidence that could affect the outcome of the matter, and/or Title IX personnel had a conflict of interest or bias, that affected the outcome of the matter.

XI. Informal Resolution

In some circumstances, HCU, at its discretion, may choose to offer and facilitate informal resolution options, such as mediation or restorative justice, so long as both parties give voluntary, informed, written consent to attempt informal resolution. However, information resolution will not be used to facilitate the resolution of a complaint that an employee sexually harassed a student.

Resolution may not be required as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, waiver of the right to a formal investigation and adjudication of formal complaints of sexual harassment.

At any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint.

XII. Retaliation

The Final Rule expressly prohibits retaliation and any complaints of retaliation should be filed according to the University's prompt and equitable grievance process.

Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a Title IX grievance proceeding does not constitute retaliation; however, a determination regarding responsibility, alone, is not sufficient to conclude that any party made a bad faith materially false statement.

In addition to the Final Rule from the DOE, the State of Texas (SB 212) also prohibits retaliation. As defined by Texas, retaliation is action taken against any person who in good faith makes a complaint of, or opposes, discrimination, harassment, or sexual misconduct of the type prohibited by this policy or who has testified, assisted or participated in an investigation of discrimination, harassment, or sexual misconduct, when such action would dissuade a reasonable person from making or supporting a charge of discrimination, harassment or sexual misconduct. Retaliation includes acts of intimidation, threats, and other acts of discrimination. If warranted, steps may be taken to ensure that retaliation does not occur. This may include monitoring future evaluations of a complainant, respondent, or witness, and may include reassignment.

XIII. Amnesty and Leniency

Houston Christian University is committed to maintaining a safe and supportive environment for all members of our community. It is essential to emphasize that being a victim of sexual assault is NEVER a violation of the HCU Student Code of Conduct. Individuals who have experienced such incidents will not face punishment for being victims.

Recognizing the potential hesitation of individuals to report sexual harassment due to concerns about Student Code of Conduct violations, HCU affirms the following:

1. *Confidentiality*: The Title IX Office will not disclose the identity of a victim or witness to the Student Code of Conduct Office unless explicitly requested or if there is a risk to a person's health or safety.
2. *Amnesty*: Amnesty will be granted for any Student Code of Conduct violations that may arise from the same set of facts and circumstances as the reported incident. This includes violations related to the incident itself or those discovered during the investigation, with the primary goal of supporting the well-being of the individuals involved.

XIV. Policy Approval and Review

The Board of Trustees has the responsibility for the approval of this policy. The university administration will conduct a biennial review to ensure that the policy complies with all Federal and State requirements. Revisions to the policy will be approved by the Board of Trustees.

Student Grievance Process

Informal Grievance Procedures

Houston Christian University strives to provide education and services of the highest quality to its students and to promote equity in the application of policies and procedures. When a student has a grievance, HCU encourages that resolution be sought through informal communication with the appropriate instructor, college dean, staff member, or administrative officer who may be able to help rectify or clarify the situation before a written grievance is initiated.

Formal Grievance Procedure

Lodging a Formal Student Grievance: A student who wishes to lodge a formal grievance with Houston Christian University enters the appropriate information electronically through the Advocate System online. Advocate is accessed on the HCU portal (click on the gavel icon). Once submitted, the applicable administrative office will receive the grievance and take appropriate action. Academic grievances will specifically follow the process found in the section entitled “Academic Grievance Policy and Process.”

Administrative Grievance Acknowledgment: Formal student grievances will be directed to the administrator most immediately responsible for the area to which the grievance pertains. An automated electronic reply will be sent to the student indicating that: (1) that the formal grievance form has been received, (2) the nature of the grievance, and (3) acknowledgment of receipt will be sent to the student’s HCU email. Copies of the completed student grievance form and the acknowledgement letter of receipt will then be electronically sent to the Director, Dean, or Vice President over that specific office, division, or functional area. The expectation is that the administrator most immediately responsible will reach out to the student in a timely manner once the grievance is received and that a written response after deliberation will be sent to the student when the investigation is complete. After completion of a review process, the grievance will be properly stored by the applicable office within the Advocate software.

Administrative Deliberation and Response: If the administrator to whom the grievance is forwarded determines that the nature of the grievance is beyond his/her area of supervision or expertise, the next level administrator in the area should be consulted and may be requested to respond to the student. Administrative disposition of the grievance will generally consist of investigation into the source of the grievance, previous efforts to resolve the issue, and any contingencies that will aid in the deliberation and disposition of the problem. The responding administrator will send to the student a written statement of attempted resolution to the problem through HCU email. A copy of the deliberation response will be sent to the appropriate Director, Dean, or Vice President.

Student Appeal Process for Non-Academic Matters: Upon receiving a deliberation response to the written grievance, the student has the right of appeal. This appeal must be made in writing within three (3) calendar days of receiving the administrative deliberation response. In response to the student’s appeal, the appellant will receive a final decision in a timely manner after the reception of the appeal by the appropriate department. The final decision in relation to the appeal and the initial grievance will be sent to the appellant by university email.

Administrative Levels for Student Grievances: The appropriate office for student grievances will be as follows:

- Associate Provost for Academic Operations/Dean of the Graduate School – academic matters, undergraduate and graduate academic department and programs, accreditation, institutional research, library, library services, Office of Academic Records, academic advising, Freshman Year Seminar, testing and accommodations.
- Assistant Provost for Student Affairs – Gideon Counseling Center and Student conduct.
- Dean of Student Success – TRIO Student Support Services, Commuter Life, and the Tutoring Center
- Director of Student and Residence Life – first-year experience, student involvement, student organizations, Greek life, spirit groups, campus recreation and residence life.
- Dean of Spiritual Life – spiritual life, discipleship, and Community Life and Worship.
- Chief Financial Officer/Chief Operating Officer – administrative services, University store, post office, facilities, operations, finance, human resources, student accounts, information technology, food services, and fitness center.
- Vice President of Advancement and University Relations – event services, alumni, parent relations, and fundraising
- Vice President of Enrollment Management and Marketing – admissions, financial aid and scholarships, marketing and communications, website, and publications.
- Athletic Director – athletics, compliance and academics, intercollegiate sports, sports information, trainers

The only appeal beyond the offices listed above is to the President of the University. The appeal timeline stated above applies. The decision of the President will be final.

Academic Grievance Policy

See **Academic Grievance Policy** in the Academic Standards and Goals section of this Student Handbook.

Student Code of Conduct

Preamble

Guiding Principles

Houston Christian University has chosen to set itself apart for the purpose of preparing students for meaningful lives and careers in order to serve God and the peoples of the world. The University is dedicated to the development of moral character, the enrichment of spiritual lives, and the perpetuation of growth in Christian ideals. Spiritual maturity, strength of character, and moral virtue are considered foundational for successful living. The University shall stand as a witness for Jesus Christ as expressed directly through its administration, faculty, and students and reflected in its central confession, “Jesus Christ is Lord.”

Every student, by virtue of enrollment and their voluntary membership in this Christian community, assumes responsibility for their actions on- and off-campus and has agreed to abide by and uphold all the standards, rules, and regulations of the University, as well as to use personal discretion involving any activities which may be morally or spiritually destructive or reflect poorly on the campus community. All members of the campus community share mutual responsibility for confronting actions that violate established standards for conduct or reflect poorly on the University. It is essential that this confrontation is exercised in a spirit of love, restoration, and gentleness – a hallmark characteristic of biblical Christianity.

The Student Code of Conduct serves the educational mission of the University in achieving the aforementioned objectives. Recognizing that living in community brings both privilege and responsibility, the Code describes the behavior, values and principles HCU expects students to demonstrate as they live and interact together in community. Community standards, rules and regulations, and the Student Conduct Process are in place for the expressed purpose of moving students towards personal maturity and creating an environment that is conducive to academic learning, personal development, and spiritual growth.

The Student Conduct Process is an educational and restorative process focusing on fundamental fairness to students going through the system. ***The Student Conduct Process is not a legal proceeding.*** The process always attempts to confront misconduct through educational accountability so that the student might learn from the experience, respond to the correction, and be reconciled to the community whenever possible. The conduct system provides University personnel opportunities to educate students and to help them attain better future decision-making, character formation, and spiritual maturity. The effectiveness of these *teachable moments* requires that each student be treated with equal care, concern, honor, fairness, and dignity. ***Students are expected to check their HCU email regularly. Failing to read or respond to conduct-related letters or other communication sent to a student’s HCU email will not clear students of responsibility or excuse them from conduct related fines or sanctions that result from a failure to appear or to reschedule a hearing.***

2. The term “University” or HCU means Houston Christian University.

The term “Appellate Administrator” means a University official authorized by the Assistant Provost responsible for student conduct to consider and approve or dismiss an appeal request from a student, either the complainant or the respondent. The Director of Student Conduct or designee will serve as the Appellate Administrator. 19. The term “Complainant” means any person who submits a charge alleging that a student violated this Student Code of Conduct who believes that he or she has been a victim of another student’s misconduct. 21. The term “Advocate” means the online reporting platform used by HCU for reporting alleged violations of the Student Code of Conduct.

Article II: Student Conduct Authority

A. Authority and Responsibility

The Director of Student Conduct is that person designated by the University President to be responsible for the administration of the Student Conduct Process. The Provost may designate a faculty member to serve as a Student Conduct Administrator for procedures specifically addressing academic dishonesty (see the Houston Christian University Catalog, section entitled “Dishonesty in Academic Affairs”). Faculty is designated by the Provost to be responsible for general classroom conduct management.

B. Student Conduct Review Oversight

The Director of Student Conduct is the person designated to appoint Student Conduct Administrators, Student Conduct Boards, and/or convene the Student Discipline and Appeals Committee when needed.

C. Procedural Authority

The Director of Student Conduct, with input from the Student Conduct Administrators and/or Student Discipline and Appeals Committee members, shall develop policies for the administration of the Student Conduct Process and guidelines consistent with provisions of the process.

D. Finalizing a Decision

Decisions made by a Student Conduct Administrator or Student Conduct Board are final and complete the conduct process, unless a formal appeal is submitted. Decisions regarding appeals made by an Appellate Administrator or Appellate Board are final and shall complete the conduct process in cases where an appeal is submitted.

Article III: Standards of Conduct

A. Jurisdiction

The Student Code of Conduct shall apply to conduct that occurs on University premises, at University-sponsored activities, and to off-campus conduct that is deemed to adversely affect the University community and/or the pursuit of its objectives. Each student shall be responsible for his or her conduct from the time of application for admission through the actual awarding of a degree, even though conduct may occur before classes begin or after classes end, as well as during the academic year and during periods between terms of actual enrollment (and even if his or her conduct is not discovered until after a degree is awarded).

The Student Code of Conduct shall apply to a student's conduct, even if the student withdraws from school while a conduct matter is pending. The Director of Student Conduct shall decide whether the Student Code of Conduct shall be applied to conduct occurring off-campus, on a case-by-case basis, at his or her discretion.

B. Community Standards

"Community Standards" refer to general guidelines or biblical principles that are represented in University policies and expectations for the conduct of community members. They may be articulated in written or spoken directives or may be implicitly understood as "common sense" or basic to Christian teaching or practice. The following Community Standards are not meant to be an exhaustive list, but rather touch on topics of particular concern, interest, or conflict with contemporary culture. These standards are an outworking of the core theological convictions of the University as indicated by the *Ten Pillars 2030* and should be interpreted in light of its theological framework. For further insight, please refer to HCU's *Ten Pillars 2030*.

1. *Respect.* Students are expected to demonstrate respect for those in authority including faculty, staff, and student leaders/workers. Respect is also expected to be extended to

policies, procedures and regulations established by the University for the orderly administration of University activities and the welfare of the members of the HCU community. Furthermore, respect for the rights and human dignity of others, especially in the conduct of relationships; respect for the rights and needs of the community to develop and maintain an atmosphere conducive to academic study and personal development; and, respect for federal, state, and local laws and ordinances is expected.

2. *Integrity and Accountability.* Members of the campus community are expected to maintain lives of integrity regarding biblical principles and standards of conduct adopted by the campus community. Members are equally responsible to bring to bear accountability where there is knowledge that fellow members are violating community standards for conduct and should exercise such action in humility with concern for those involved. Students living on-campus are fully responsible for anything that happens in the space(s) they control and for the actions of their guests, including policy violations. Students are fully responsible for anything that happens in their personal vehicle or a vehicle they control.

Students who have difficulty accepting the University's standards of conduct may, as part of HCU's restorative discipline process, be required and encouraged to pursue counseling and a mentoring relationship that will help them understand and embrace these standards and the biblical truths they reflect. Students who cooperate with this process may be welcomed to continue to be part of the University community, except in cases that warrant separation from the University to protect the University community or its interests. Students who reject this process may be separated from the University for an extended or permanent period of time.

3. *Affirmation of Diversity.* The University recognizes the influence that diversity has in shaping the unique contributions of community members. The University is committed to affirming these contributions and creating opportunities for synergistic reasoning and insights. This commitment is based on a belief that community members should be able to maintain their unique distinctiveness while sharing mutual respect and dignity for the experiences and beliefs of others. Consistent with its educational objectives, the University refrains from endorsing or permitting conduct deemed to be in conflict with biblical principles or expressions of non-Christian religious worship or ceremony occurring on University premises or at University-sponsored gatherings or activities.
4. *Sanctity of Life.* The University embraces a biblical position which honors the sanctity of life. Life is a gift of God, and we affirm the dignity of all people and the goodness of life from conception forward. Consequently, the University cannot support actions which encourage or result in the termination of human life through suicide, euthanasia, or abortion-on-demand. The University's belief in the sanctity of life influences its response to those students who are involved in a crisis pregnancy. The campus community is prepared to stand with both the father and mother of the unborn child as they consider the results of their actions and experience forgiveness that comes from genuine repentance. Subsequently, abortion is not advised or entertained as an alternative solution. The University is committed to assisting the student(s) with other

alternatives. Continuity of on-campus student residency will be considered in light of what is best for all those impacted by the pregnancy. As always, persons in such a crisis will find University officials supportive and redemptive.

5. *Sexual Harassment.* The University desires to maintain a working and learning environment free from the sexual harassment of its community members and guests. Any behavior determined to constitute sexual harassment will be viewed as neither complimentary nor humorous and will be subject to the student conduct process. The University recognizes that the perception of sexual harassment behavior is often subjective and that the circumstances surrounding the conduct, as well as its pattern, frequency, and severity need to be considered in assessing the behavior. Although sexual harassment is often committed by an individual in a position of power or influence, sexual harassment can occur between any two individuals regardless of sex, employment status, work relationship, or academic association. Sexual harassment may be verbal, graphic, written or physical in nature. Each may be grounds for student conduct action.
6. *Sexual Identity.* The University embraces the biblical position that each individual is “fearfully and wonderfully made” by God (Psalm 139:14) and that God created man and woman in his image (Genesis 1:27). “We therefore believe in male and female genders as a gift of God, reflected biologically in the genetic differences that are specific to an individual even before birth. Though the fallenness of this world and the curse of mortal corruption under which it exists can produce emotional confusion in individuals, we believe that gender identity is not self-determined or discontinuous with the bodies with which we were conceived and born... We believe that living according to God’s creational intent is central to purity and holiness, whereas violating God’s laws, ways, and wisdom leads to the corruption of our humanness and, finally, death. The only remedy for such moral and physical corruption is the redeeming and recreating power of God through Jesus Christ” (HCU’s Ten Pillars 2030).

Therefore, no student, staff or faculty member will be referred to by a pronoun or preferred name that suggests a plurality of personhood or is not in agreement with their biological sex. Students who violate this norm may be expected to participate in a restorative process that will support them as they try to understand and embrace who God made them to be. This process may include counseling or a mentoring relationship. Students who cooperate with this process are welcome to continue to be part of the University community during their full participation. This may include pranks, or any act which the group or organization implies is necessary, or in which the student perceives they do not have a choice. D. Violation of Law and University Student Conduct Process

1. *Separate Processes*. University disciplinary proceedings may be instituted against a student charged with conduct that potentially violates both the criminal law and the Student Code of Conduct (that is, if both possible violations result from the same factual situation) without regard to the pendency of civil or criminal litigation in court or criminal arrest and prosecution. Proceedings under this Student Code of Conduct may be carried out prior to, simultaneously with, or following civil or criminal proceedings off campus at the discretion of the Director of Student Conduct. Determinations made or sanctions imposed under this Student Code of Conduct shall not be subject to change because criminal complaint arising out of the

same facts giving rise to violation of University rules were dismissed, reduced, or resolved in favor of or against the criminal law defendant.

2. *University Cooperation with Law Enforcement.* When a student is charged by federal, state, or local authorities with a violation of law, the University will not request or agree to special consideration for that individual because of his or her status as a student. If the alleged offense is also being processed under the Student Code of Conduct, the University may advise off-campus authorities of the existence of the Student Code of Conduct and of how such matters are typically handled within the University community. The University will attempt to cooperate with law enforcement and other agencies in the enforcement of criminal law on campus and in the conditions imposed by criminal courts for the rehabilitation of student violators (provided that the conditions do not conflict with campus rules or sanctions). Individual students and other members of the University community, acting in their personal capacities, remain free to interact with governmental representatives as they deem appropriate.

Article IV: Student Conduct System Procedures

A. Complaints and Resolution of Complaints Procedure

1. *Complaint.* Any member of the University community may file a complaint against a student for violations of the Student Code of Conduct. A complaint shall be submitted online using Advocate by the Complainant or interviewing University official and directed to the Student Conduct Administrator. Complaints should be submitted as soon as possible after a violation takes place, but no “statute of limitations” prevents the Student Conduct Administrator from acting when deemed warranted.
2. *Initial Notification.* When the Student Conduct Administrator believes there is substantial evidence to support the alleged complaint/violation, the Student Conduct Administrator will arrange a meeting with the student(s). The accused student shall be notified in writing via HCU email that there has been a complaint filed against them, or in which they have been identified to have possibly had involvement. The accused student shall be provided notice of the allegations against the student and a copy of the written complaint, when deemed appropriate, as determined by the Student Conduct Administrator. ***Failure to read an email will not be an excuse for missing a scheduled hearing or failing to complete sanctions by their deadline.***
3. *Inquiry.* The Student Conduct Administrator will conduct an inquiry to determine if the complaint has merit. Subsequent proceedings may be arranged at the discretion of the Student Conduct Administrator. The Student Conduct Administrator may, at his or her discretion, ask an HCU faculty or staff member to be or present during the inquiry process. During the course of the inquiry process, if new information is obtained that indicates the student may have violated additional policies and procedures not included in the initial notification, the Student Conduct Administrator

shall notify the student of the additional violations that are alleged. The Complainant and the Respondent have the right to be assisted by an advisor of their choosing, at their own expense. The advisor must be a member of the University community and may not be an attorney or family member. The Complainant and/or the Respondent are responsible for presenting his or her own information; therefore, advisors are not permitted to speak or to participate directly in any Student Conduct meeting. If an advisor fails to comply, they may be asked to leave the meeting.

4. *Resolution.* If the complaint is not admitted to and/or cannot be disposed of by mutual consent, the Student Conduct Administrator will make a decision based on the information revealed in the inquiry and the preponderance of evidence. If the respondent is found in violation of the Code of Conduct, sanctions shall be assigned by the Student Conduct Administrator. If the student is found to not have violated the conduct standards of the university, he/she will be notified through HCU email of his/her release from further involvement in the situation.
5. *Notification.* The Student Conduct Administrator will notify the Respondent via Advocate of the decision(s) reached. The student will be notified of his/her right to appeal, and information on the appeals process will be included in writing. If a student is found responsible for a drug violation, or if the student is found responsible for an alcohol violation and is under the age of 21, the University reserves the right to inform the student's parents regarding the infraction and consequential outcomes.

In the case of an allegation of sexual misconduct, or any act specifically addressed in the Clery Act, VAWA, SaVE Act (2016), to include stalking, dating violence, family violence, or harassment, the complainant and the accused student shall be informed of the outcome of the Inquiry and the disciplinary decision at the same time and in writing. Any postponements of the hearing, or the decision of a hearing, shall be relayed to both parties at the same time in person and in writing.

Right to have advisors at Sexual Misconduct Disciplinary Hearing

Both parties may have an advisor present during an institutional sexual misconduct disciplinary proceeding and any related meeting. However, the advisor may not speak at the hearing, nor make any interjection into the proceedings. If an advisor fails to comply, they may be asked to leave the meeting.

B. Conduct Boards

1. At his or her discretion, the Student Conduct Administrator may convene a **Student Conduct Board** composed of HCU students, faculty and staff, to resolve lower level violations. The accused student shall be notified that he or she will be appearing before the Student Conduct Board. Under the guidance of the Student Conduct Administrator, the Student Conduct Board will conduct an inquiry and submit its recommendation to the Student Conduct Administrator. The Student Conduct Administrator shall then review and either approve or deny the recommendation reached by the Student Conduct Board, and may reconvene the Student Conduct

Board if necessary.

2. At his or her discretion, the Student Conduct Administrator may convene a **Conduct Board**, composed of faculty and staff (no students), to resolve more serious or egregious violations. The accused student shall be notified that he or she will be appearing before the Conduct Board. Under the guidance of the Student Conduct Administrator, the Conduct Board will conduct an inquiry and submit its recommendation to the Student Conduct Administrator. The Student Conduct Administrator shall then review and either approve or deny the recommendation reached by the Student Conduct Board, and may reconvene the Conduct Board if necessary.

C. Sanctions

Reconciliation to the community after a violation of the Student Code of Conduct often requires some form of consequence for the action. Intermediate consequences are employed wherever possible to avoid expulsion from the University or Campus Housing. Each incident is reviewed on a case-by-case basis, with consideration to:

- 1) the severity of the violation,
- 2) the context of the incident,
- 3) a history of prior misconduct,
- 4) the responsiveness of the respondent to accountability, and
- 5) the degree to which the individual displays genuine repentance.

Community members are encouraged to provide firsthand testimony that will bring greater clarity and understanding to the student conduct process. While painstaking efforts are taken to maintain consistency from case to case and individual to individual, confidentiality often prevents the disclosure of details that contribute to a decision, occasionally resulting in unanswered questions regarding an outcome. Uninformed members of the campus community are asked to extend the benefit of the doubt to officials, knowing that prayerful consideration has been employed in the proceedings and the subsequent outcome.

1. Sanctions. One or more of the following sanctions or consequences may be imposed upon any student found to have violated the Student Code of Conduct:

- a. Verbal Warning – Verbal notice to the student that the student is violating or has violated institutional regulations, accompanied by a request to desist and refrain from the misconduct. Verbal warnings will be administratively documented as notes to accompany a student case file.
- b. Written Warning – A notice via HCU email to the student that the student is violating or has violated institutional regulations, accompanied by a request to desist and refrain from the misconduct.
- c. Loss of Privileges – Denial of specified privileges for a designated period of time. This may include but is not limited to restrictions on employment, the use of University facilities or resources, or access to campus or classes.

d. Fines – Previously established and published fines may be imposed.

e. Damages - If damages to University property are found or additional cleaning services are deemed necessary, charges for damages will be placed on a student account for any services and materials required, as determined by the University.

e. Restitution – Compensation for loss, damage, or injury. This may take the form of appropriate service and/or monetary or material replacement.

f. Discretionary and Educational Sanctions – These may include but are not limited to: Work assignments, educational programs related to the misconduct, counseling, substance use evaluations, essays and reflective assignments, service to the University, or other related discretionary or educational assignments. Students may be responsible for costs or fees associated with any such sanctions.

g. Probation – A written reprimand for violation of specified

regulations. Probation is for a designated period of time and includes the probability of more severe disciplinary sanctions if the student is found to violate any institutional regulation(s) during the probationary period.

Probation may include conditions that must be satisfied.

h. University Housing Suspension – Separation of the student from University Housing for a definite period of time, after which the student is eligible to return. Conditions for readmission may be specified. The student may not live in or be present on the premises of any University Housing residence facility during the period of suspension.

i. University Housing Expulsion – Permanent separation of the student from University Housing. The student may not live in or be present on the premises of any University Housing residence facility.

j. Interim Suspension – Requires that a student immediately leave University premises or a University-sponsored activity when it is fair and reasonable to believe that a student is an immediate threat to the safety of others or himself/herself or to the disruption of University operations. Conditions for return will be specified. (Also see IV.B.2.)

k. Suspension – Separation of the student from the University for a specified period of time, after which the student may be eligible to return. Conditions regarding access to University premises, attendance at University-sponsored activities, requirements that must be completed, and subsequent eligibility for readmission may be specified by the Director of Student Conduct or designee.

l. Dismissal – Separation of the student from the University with no promise (implied or otherwise) of readmission at a future date. Conditions regarding access to University premises, attendance at University-sponsored activities, and subsequent consideration for possible readmission may be specified by the Director of Student Conduct or designee.

m. Expulsion – Permanent separation of the student from the University. Conditions regarding access to University premises and

attendance at University-sponsored activities may be specified by the Director of Student Conduct or designee.

n. Revocation of Admission and/or Degree – Admission to, or a degree awarded from, the University may be revoked for fraud, misrepresentation, or other violation of University standards in obtaining the degree, or for other serious violations committed by a student prior to graduation. The endorsement of the appropriate governing body and approval of the President are required.

o. Withholding Degree – The University may withhold awarding a degree otherwise earned until the completion of the process set forth in this Student Code of Conduct, including the completion of all sanctions imposed, if any.

p. No Contact Order – A No Contact Order may prohibit, but is not limited to, the following: Attempts to approach, call, text, contact, or communicate with one or more specified individuals at any time by any means, including through a third party, without the expressed permission of the Director of Student Conduct or designee.

q. Deferred Suspension – Deferred suspension may be used in cases serious enough to warrant suspension but in which the specific circumstances mitigate the outcome. Deferred suspension is a designated period of time during which a student is given the opportunity to demonstrate their ability and commitment to abide by the Student Code of Conduct by remaining a student. However, students will be suspended for a minimum of one academic year if found responsible for any violation of the Student Code of Conduct during the term of deferred suspension, including failure to comply with any other sanctions imposed.

r. *Deferred University Housing Suspension* – Deferred university housing suspension may be used in cases serious enough to warrant university housing suspension but in which the specific circumstances mitigate the outcome. Deferred university housing suspension is a designated period of time during which a student is given the opportunity to demonstrate their ability and commitment to abide by the Student Code of Conduct by remaining an on-campus resident. However, students will be suspended from University Housing for a minimum of one academic year if found responsible for any violation of the Student Code of Conduct during the term of deferred university housing suspension, including failure to comply with any other sanctions imposed.

2. *Guidelines for Imposing Consequences.* The following guidelines attempt to establish some continuity in administering consequences for the violation of the Student Code of Conduct. The Student Conduct Administrator will customarily employ the following guidelines in determining an appropriate consequence, unless there are circumstances that warrant an alternative response

on the part of the University. Multiple sanctions may be employed for a single violation, and cumulative violations may result in greater consequences than a single offense.

a. *Level 1 Violations:* Minor violations likely to result in a minimum consequence of a verbal or written warning with additional sanctions, fine or restitution on the first occurrence include, but are not limited to, the following examples:

- (1) Violation of smoking or tobacco policy
- (2) Violation of burning objects policy
- (3) Failure to respond to a request for appointment
- (4) Minor abuse and damage to property
- (5) Profanity and obscenity
- (6) Violation of residential visitation policy
- (7) Violation of residential noise policy
- (8) Willful disruption of a class; impeding instruction.
- (9) Any act which is a violation of City of Houston municipal ordinances
- (10) Violation of any HCU pet/animal policies

Customary actions include, but are not limited to: Verbal warning, written warning, loss of privileges, monetary fines (a minimum fine of \$100), restitution, and/or discretionary sanction(s).

b. *Level 2 Violations:* Intermediate violations likely to result in a minimum consequence of probation or limited-term suspension with additional sanctions and conditions on the first occurrence include, but are not limited to the following examples:

- (1) Disrespect to persons of authority
- (2) Significant damage to property
- (3) Misuse of safety equipment such as fire extinguishers, residence college door codes, and fire alarms, for example.
- (4) Petty theft
- (5) Sexual misconduct
- (6) Cohabitation; overnight guests
- (7) Violation of alcohol policy
- (8) Intoxication or drunkenness
- (9) Any act which is a misdemeanor under Texas criminal statutes
- (10) Repeat offenses of Level 1 Violations

Customary actions include, but are not limited to: Level I customary actions, educational sanctions, probation, multiple-day suspension, fines (a minimum fine of \$200) and/or suspension of privileges.

c. *Level 3 Violations:* Major violations likely to result in long-term suspension, dismissal, or expulsion on the first occurrence include, but are not limited to the following examples:

- (1) Use or possession of controlled substances or illegal drugs

- (2) Providing alcohol to minors (on- or off-campus)
- (3) Intentionally causing physical harm to another person
- (4) Sexual assault
- (5) Any act of violence, including family violence and dating violence
- (7) Stalking
- (8) Theft or Vandalism
- (9) Illegal or Unlawful Acts
- (10) Arson
- (11) Possession of a weapon or firearm, where prohibited
- (12) Electronic harassment to include texting, emailing, etc.
- (13) Reckless conduct that endangers self or others
- (14) Possession of an unapproved animal on HCU campus or inside HCU facilities.
- (15) Violation of a restraining order, protective order, or a non-contact order
- (16) Violation of an HCU disciplinary sanction or directive
- (17) Any act which is a felony under Texas criminal statutes
- (18) Repeat offense(s) of Level 1 and/or Level 2 Violations
- (19) Multiple conduct violations that have cumulative impact or significance
- (20) Abusive behavior
- (21) Insubordination or defiance
- (22) Retaliation

Customary actions include, but are not limited to: Level 1 and/or Level 2 customary actions, interim suspension, academic term suspension, dismissal, fine (a minimum fine of \$300) and/or expulsion from the University.

Interim Measures. In certain circumstances, the Director of Student Conduct, or a designee, may impose interim measures prior to the resolution of an alleged violation under specified conditions. Interim measures may include, but are not limited to: No Contact Orders, Loss of Privileges, Interim Suspension from University Housing, or Interim Suspension from the University.

a. Conditions. Interim suspension may be imposed:

- (1) To ensure the safety and well-being of members of the University community or the preservation of University property.
- (2) To ensure the student's own physical or emotional safety and well-being.
- (3) If the student poses an ongoing threat of disruption of, or interference with, the normal operations of the University.
- (4) To prevent repeat violations of the Code of Conduct that the Student Conduct Administrator reasonably believes may occur absent the interim suspension.
- (5) During breaks where University services and/or resources are limited.

b. Campus Access. During the interim suspension, a student may be denied access to University premises (including housing, food services and classes)

and/or all other University activities or privileges for which the student might otherwise be eligible, as the Assistant Provost, Campus Police or the Student Conduct Administrator may determine to be appropriate.

2. *Process.* The interim measure does not replace the regular student conduct process, which shall proceed, up to and through an appeal review, if exercised. However, the student shall be notified via HCU email of an interim measure and the reasons for the interim measure. When timing necessitates a more immediate verbal notification, the notification should be provided via HCU email as soon as possible, thereafter. The notice should include reference to a meeting at which the student may demonstrate why his or her continued presence on campus would not fall under one of the conditions above for imposing the interim suspension or other interim measure. If the Director of Student Conduct or designee determines that the interim measure should

D. *Student Conduct Holds.* The Student Conduct Administrator places a registration “hold” with the Office of the Academic Records preventing subsequent enrollment when a student is suspended, dismissed, or expelled from the University. A hold may also be placed on the account of students who are found responsible for a conduct violation until they have completed in their entirety the sanction(s) imposed upon the student. A permanent record of the student conduct action is noted in the student’s academic record in cases of suspension, dismissal, or expulsion. A hold may also be placed as an interim measure, or in the event that a student withdraws from the University prior to the resolution of the student conduct process. If a student withdraws from the University prior to the resolution of the student conduct process, the Student Conduct Administrator may resolve the alleged violation or defer the decision until the student seeks to return to the University if a hold has been placed.

e student seeks to return to the University if a hold has been placed.

5. *Disposition of Student Conduct Records.* Other than student conduct suspension, dismissal, expulsion, or revocation or withholding of a degree, student conduct sanctions shall not be made part of the student’s permanent academic record, but shall become part of the student’s conduct record. Upon graduation, the student’s student conduct record may be expunged of student conduct actions other than housing expulsion; or university suspension, dismissal, or expulsion; or revocation or withholding of a degree. All remaining student conduct records may be expunged from the student’s confidential record seven years after graduation or separation from the University.
6. *Group Sanctions.* The following sanctions may be imposed upon groups or organizations:
 - (a) Those sanctions listed above in article IV.B.1.a-g.
 - (b) Loss of selected rights and privileges for a specified period of time.

- (c) Deactivation. Loss of all privileges, including University recognition, for a specified period of time.
- 7. *Notification of sanctions.* The Student Conduct Administrator is not limited to sanctions listed above. Upon completing a review of the situation, the Student Conduct Administrator shall advise the respondent, group and/or organization of the sanction(s) imposed, if any via HCU email.

Appeals

1. *Initiating an Appeal.* A decision reached by a Student Conduct Administrator may be appealed by the Respondent(s) or Complainant(s) within three (3) calendar days of the student conduct resolution notification. Such appeals shall be submitted through the Advocate System online (click on appeal link in the sanction letter). If, after reviewing the appeal, the Appellate Administrator maintains the veracity of the disciplinary process, findings, and action, the appeal is dismissed. Sanctions imposed by the Student Conduct Administrator are customarily suspended until the appeal process is completed, unless otherwise indicated by the Appellate Administrator or his/her designee. Cases approved by the Appellate Administrator to be heard will be forwarded and considered by a group of three members of the Student Discipline and Appeals Committee, which is comprised exclusively of individuals outside the authority of the Conduct Office. The decision of the Appellate Administrator or their designee shall be final and non-appealable.
2. *Conditions for Appeal.* Except as required to explain the basis of new information, an appeal shall be limited to a review of the record of the Student Conduct Administrator and supporting documents for one or more of the following purposes. If the appeal is not based on at least one (1) of these four (4) conditions, the appeal may be dismissed, at the discretion of the Appellate Administrator:
 - a. To determine whether the inquiry and follow-up meetings was conducted fairly, in light of the complaint and information presented, and in conformity with prescribed procedures giving the complaining party a reasonable opportunity to prepare and to present information that the Student Code of Conduct was violated, and giving the Respondent a reasonable opportunity to prepare and to present a response to those allegations. Deviations from designated procedures will not be a basis for sustaining an appeal unless significant prejudice results.
 - b. To determine whether the decision reached regarding the Respondent was based on substantial information, that is, whether there were facts in the case that, if believed by the fact finder, were sufficient to establish a violation of the Student Code of Conduct.
 - c. To determine whether the sanction(s) imposed were appropriate for the violation of the Conduct Code which the student was found to have committed.
 - d. To consider new information, sufficient to alter a decision or other relevant facts not brought out in the original review, because such information and/or facts were not known to the person appealing at the time of the original Student Discipline and Appeals Committee Review.

Failure to read or respond to HCU email is not a valid condition for appeal. Missing a scheduled hearing because of an external conflict (e.g., traveling, work schedule, HCU athletics team practice or game, etc.) is not a valid condition for appeal. Students who wish to manage external scheduling conflicts should contact the conduct office immediately to reschedule their hearing.

3. ***Appeal Review Process.*** If conditions for an appeal are met, the review shall be conducted by the Student Discipline and Appeals Committee according to the following guidelines:
 - a. Student Discipline and Appeals Committee reviews normally shall be conducted in private with a quorum of three (3) or more committee members.
 - b. In a review involving more than one Respondent, the Student Conduct Administrator, at his or her discretion, may permit the review concerning each student to be conducted either separately or jointly.
 - c. The Complainant and the Respondent have the right to be assisted by an advisor they choose, at their own expense. The advisor must be a member of the University community and may not be an attorney or family member. The Complainant and/or the Respondent are responsible for presenting his or her own information; therefore, advisors are not permitted to speak or to participate directly in any Student Discipline and Appeals Committee review before the committee. If the advisor fails to comply, they may be asked to leave the meeting. A student should select as an advisor a person whose schedule allows attendance at the scheduled date and time for the review because delays may not be allowed due to the scheduling conflicts of an advisor.
 - d. The Complainant, the Respondent, and their advisor(s), if any, shall be allowed to attend the entire portion of the review at which information is received (excluding deliberations). Admission of any other person to the review shall be at the discretion of the Student Discipline and Appeals Committee and/or its Student Conduct Administrator.
 - e. The Complainant, the Respondent, and the Student Conduct and Appeals Committee may arrange for witnesses to present pertinent information at the review. The University will try to arrange the attendance of possible witnesses who are members of the University community, if reasonably possible, and who are identified by the Complainant and/or Respondent prior to the review. Witnesses will provide information to and answer questions from the Student Discipline and Appeals Committee. Questions may be suggested by the Respondent and/or Complainant to be answered by each other or by other witnesses. This will be conducted by the Student Discipline and Appeals Committee with such questions directed to the Chairperson, rather than to the witness directly. This method is used to preserve the educational tone of the review and avoid creation of an adversarial environment. Questions of whether potential information will be received shall be resolved at the discretion of the chairperson of the Student Discipline and Appeals Committee.
 - f. Pertinent records, exhibits, and written statements may be accepted as information for consideration by a Student Discipline and Appeals Committee at the discretion of the Chairperson.

- g. All procedural questions and decisions are subject to the final discretion of the Chairperson of the Student Discipline and Appeals Committee.
- h. After the portion of the review concludes in which all pertinent information has been received, the Student Discipline and Appeals Committee shall determine (by majority vote) whether the Respondent has violated each section of the Student Code of Conduct which the student is charged with violating.
- i. If a respondent, with notice, does not appear before a Student Discipline and Appeals Committee review, the information in support of the Complaint shall be presented and considered even if the Respondent is not present.
- j. The Student Discipline and Appeals Committee's determination may be made within ten (10) calendar days from the time the appeal is granted by the Appellate Administrator. The Committee's determination shall be made on the basis of whether it is reasonable to conclude that the Respondent violated the Student Code of Conduct. A higher standard determination shall be made on the basis of whether it is more likely than not to conclude culpability in cases likely to result in significant consequence. The University is not obligated to a legal standard of "beyond a reasonable doubt." The University's burden of proof for conduct cases will be a "preponderance" of evidence.
- k. Formal rules of process, procedure, and/or technical rules of evidence, such as are applied in criminal or civil court, are not required to be used in student conduct proceedings. **Reminder: The Student Conduct System is an educational process, NOT a legal proceeding.**

5) Bringing Closure to an Appeal. The Student Discipline and Appeals Committee's opinion and recommendations for subsequent action are submitted to the Appellate Administrator for approval. The Appellate Administrator retains the right to amend the recommendations if warranted by the facts. The chairperson of the Student Discipline and Appeals Committee or designee will notify the student in writing of the decision once approved or amended by the Appellate Administrator. There shall be a single written administrative review summarizing the Student Discipline and Appeals Committee review prepared or delegated and approved by the Chairperson or Student Conduct Administrator. The summary will be filed as a part of the student conduct record.

- 6) *Dismissal of an Appeal.* Once an appeal has been officially submitted by a student, if any of the following guidelines are found to have been violated during or after periods of inquiry, resolution, notification, interim sanction, appeal initiation, appeal submission review, or during the appeal process, that student's appeal may be dismissed immediately, at the discretion of the Appellate Administrator, without the option for further appeal:
- a. *Violation of Probation.* Any student that has filed an appeal is effectively on a probationary period during the appeals process. The appealing student should not further violate University policies in any way. These policies may include, but are

not limited to: academic integrity, Campus Housing requirements, and the Student Code of Conduct.

- b. *Plagiarism*. Appeals must be the original work and writing of the appealing student and not anyone else, including another student who is appealing the same parent case.
- c. *Non-attendance*. Failure to respond or show up to the Appeals Committee hearing.

E. Records

Student conduct records will be maintained by the conduct office and available in compliance with FERPA guidelines for viewing and requesting copies within the Advocate database. The Student Conduct Administrator and/or the Student Conduct and Appeals Committee may, subject to their discretion, utilize audio and/or visual recordings during the student conduct process. No other party shall use audio or visual recordings during the student conduct process without the explicit consent of the Student Conduct Administrator and/or the Student Conduct and Appeals Committee.

F. Special Accommodations

The Student Conduct Administrator and/or the Student Conduct and Appeals Committee may accommodate concerns for the personal safety, well-being, and/or fears of confrontation of the Complainant, Respondent, and/or other witness(es) during the review by providing separate facilities, by using a visual screen, and/or by permitting participation by telephone, videophone, closed circuit television, video conferencing, videotape, audio tape, written statement, or other means, where and as determined to be appropriate in the sole judgment of the Student Conduct Administrator.

G. Confidentiality

All participants involved in a particular matter under this Code are expected to keep the matter confidential in order to preserve the integrity of the process. Authorized University officials with a need and right to know may have access to information regarding the discipline process and outcomes. The University may also be required to release information in response to duly issued subpoenas in criminal, civil or administrative proceedings. In cases where any participant involved in the process chooses to make public the process and/or the decision of any University official involved in the process, the University may respond accordingly.

Article V: Interpretation and Revision

A. Authority

Any question of interpretation or application of the Student Conduct System shall be referred to the Assistant Provost or their designee for final determination.

B. Review and Revision Timeline

The Student Conduct System and Student Code of Conduct shall be reviewed every three (3) years under the direction of the Assistant Provost. Revisions shall be implemented with the approval of the President.

C. Disclaimer

The Student Conduct System and Code of Conduct are subject to change when deemed necessary by the University to meet the evolving needs of students, the community, the University and the law. All substantive changes will be widely communicated by the Director of Student Conduct.
