This Catalog is neither a contract nor an offer to make a contract. While every effort has been made to ensure the accuracy of the information contained herein, HBU reserves the right to make changes at any time with respect to course offerings, degree requirements, services provided or any other subject addressed in this publication. Information is provided solely for the convenience of our applicants, students, students' families, faculty, and staff.

Letter from the Provost

Welcome to Houston Baptist University! I'm glad you have decided to join us for the 2015-2016 academic year. Our mission is to "provide a learning experience that instills in students a passion for academic, spiritual, and professional excellence as a result of our central confession, 'Jesus Christ is Lord.'" In Colossians, Paul writes that all things were created by Christ and for Him. In our student activities, classes and research we strive to glorify Christ and see the ways in which creation reflects its Creator. We hope that at HBU you experience the transformative effect of education pursued in the light of Christ.

The 2015-2016 Catalog for HBU contains a wealth of information to guide you in your personal journey here. The catalog contains policies and procedures for the various divisions and departments of the university. The answers to many of your questions are found within these pages. Moreover, in these pages you will find descriptions of who we are as a University and what we offer to assist you in becoming the person God wants you to be.

Under the leadership of President Robert Sloan and the Trustees, our university is experiencing rapid growth both in numbers of students and faculty. We continue to renew our commitment to excellence in all areas of Christian higher education. I encourage you to visit the HBU website at <http://www.hbu.edu/tenpillars> to learn more about the Ten Pillars which guide the 12-year vision for our University. HBU's alumni stand with us as testimony to the strong character and quality of our University.

The University's faculty and staff reflect a high level of dedication to meet the intellectual and spiritual needs of our students. As a university founded on the truths of the Christian faith, we strive to nurture the head and the heart. Many of our faculty and staff have spent most of their professional careers working with HBU students. This is an indication of their dedication to students and their enthusiasm for HBU's academic program. Each of us stands ready to assist you in your academic growth and the achievement of your goals.

Cynthia Simpson
Interim Provost

General Information

Purpose of Catalog

The purpose of this catalog is to provide a general description of the programs and activities offered at Houston Baptist University. The provisions of this catalog do not constitute a contract which may be accepted by students through registration and enrollment in the University.

Inasmuch as the educational process necessitates change, the University reserves the right to establish and revise without notice course offerings, requirements for graduation and degrees, curricula, schedules, charges for tuition and other fees, and all regulations affecting students. Changes will become effective when so designated by the administration and will apply to both prospective students and those already enrolled. The University further reserves the right to require a student to withdraw from the University for cause at any time.

This publication is intended for general information only and does not purport to contain all rules, regulations, and requirements governing HBU students.

Student Responsibility

All Schools and Colleges establish certain academic requirements that must be met before a degree is granted. Advisors, department chairs, and Deans are available to help the student understand and meet these requirements. However, the student alone is responsible for fulfilling them. If, at the end of a student's course of study, the requirements for graduation have not been satisfied, the degree will not be granted. For this reason, it is important for students to acquaint themselves with all academic requirements throughout their university career and to be responsible for completing all requirements within prescribed deadlines and time limits. The ultimate results of program offerings depend on the individual student and other factors outside the control of the University. Therefore, Houston Baptist University makes no claim or representation relating to the specific outcome of its program and degree offerings with regard to employment or qualification for employment, admission to or preparation for graduate or professional degree programs, or licensing for occupations or professions.

Notice of Nondiscrimination and Equal Access

Houston Baptist University complies with all applicable federal and state nondiscrimination laws, and does not engage in prohibited discrimination on the basis of race, color, nationality or ethnic origin, gender, age, or disability in either employment or the provisions of services. This nondiscrimination policy covers admission, access, and operation of University programs and activities. However, if a student requires special personal services or equipment, the student will be responsible for the associated expenses. This includes, but is not limited to, the expense of providing such things as medical technicians, personal tutors, and attendants.

The University is governed by an all Christian Board of Trustees and is affiliated with the Baptist General Convention of Texas. As a religious institution of higher education, Houston Baptist University is exempt from some provisions of certain civil rights laws, including some provisions of Title IX of the Education Amendments of 1972.

Directory Information

Houston Baptist University has designated the following student information as public or "directory information": name, local and permanent addresses, telephone numbers, email addresses, date and place of birth, classification, major fields(s) of study, classification, dates of attendance, degrees, honors, and awards received, most recent educational institution attended, participation in officially recognized sports and activities, weight and height of athletes, and photographs. Pursuant to the Family Educational Rights and Privacy Act of 1974 (FERPA),

the University may, at its discretion, disclose such information for any purpose. However, any enrolled student may ask the University to withhold such information by filing a written request with the Registrar during the first full week of classes for any term. By doing so, a student may ensure that his/her directory information is not released to anyone other than officials with a legitimate educational need for the information. The University assumes that failure on the part of any student to specifically request the withholding of “directory information” indicates that the student approves of such disclosure.

Accreditation

Houston Baptist University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award the associate, baccalaureate, and master’s degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia, 30033-4097, or call 404.679.4500 for questions about the accreditation of Houston Baptist University. For questions not related to accreditation, contact the University directly at Houston Baptist University, 7502 Fondren Road, Houston, TX, 77074, or call 281.649.3000.

HBU also holds membership in the Association of Texas Colleges and Universities and is approved by the Texas Education Agency (TEA) for the preparation of teachers for elementary and secondary Schools at both the undergraduate and graduate levels. Its undergraduate degree programs in nursing are accredited by the National League for Nursing Accrediting Commission (NLNAC) and the Texas Board of Nursing. The Archie W. Dunham College of Business is nationally accredited by the Accreditation Council for Business Schools and Programs.

History: General

Houston Baptist College was created by action of the Baptist General Convention of Texas on November 15, 1960 culminating many years of work and study. The aim of the College founders was the establishment of a Christian College of the highest order in the city of Houston that stressed quality of life as well as quality of learning. In 1952, the Union Baptist Association authorized a committee to study the possibility of locating a Baptist College in Houston. With the assistance and encouragement of the Education Commission of the Baptist General Convention of Texas, the committee conducted a survey in 1955. Acting upon information obtained with the endorsement of the Education Commission, the Association approved the concept of establishing a new College. In 1956, the Executive Board of the Baptist General Convention of Texas approved a recommendation that Houston Baptists be given assurance that the Convention would support such a College when the College Committee of the Union Baptist Association had succeeded in acquiring both (1) a satisfactory site for a campus of at least one hundred acres, and (2) a minimum corpus of at least three million dollars. Of this sum, one and one-half million dollars would constitute a nucleus endowment fund; one and one-half million dollars would be designated for a physical plant. The Union Baptist Association accepted these conditions and endorsed the requirements set up by the state Baptist convention. In 1957, a Houston land developer, Frank Sharp, offered to sell Union Baptist Association 390 acres in southwest Houston for the construction of a College. The Board of Governors of Rice University agreed to lend most of the money needed with the land as collateral. To complete the funding, twenty-five business men, since called “founders,” pledged to be responsible for \$10,000 each. Therefore, by 1958, a campus site of 196 acres was acquired in southwest Houston, and, in 1960, the initial financial goal of repaying the loan was reached as a result of a campaign among the churches. In 1960, the Baptist General Convention of Texas in its annual session at Lubbock, Texas elected the first Board of Trustees. This board in session in Houston, Texas on November 15, 1960 approved and signed the College charter. The next day, this charter was ratified and recorded with the Secretary of State in Austin. The way was then cleared to select administrative officers, develop a suitable physical plant, and design an appropriate academic program. Dr. W. H. Hinton began service as the first President of the College on July 1, 1962. The College opened in September 1963 with a freshman class of 193 students, a cluster of new buildings, and a teaching staff of thirty faculty. A new class was added each year until the College attained a four-year program in 1966-67. By then, the full-time faculty had grown to fifty-four members, serving an enrollment of approximately nine hundred undergraduate students.

History: Degrees and Programs

Initially, the College offered only a Bachelor of Arts degree with academic courses in five divisions: Christianity, Fine Arts, Languages, Science and Mathematics, and Social Studies. The Board of Trustees, following the recommendation of the faculty and administration, authorized the establishment of the Division of Education and Psychology in 1964 and a Division of Business and Economics in 1966. With the opening of the Fall Semester of 1969, the College added a Division of Nursing, offering a Bachelor of Science degree in Nursing.

In 1966, the Commission on Colleges of the Southern Association of Colleges and Schools recognized Houston Baptist College as an official candidate for accreditation. The highlight of the 1968-69 academic year was the granting of initial accreditation by the Southern Association of Colleges and Schools on December 4, 1968. A visiting committee made a careful study of the College in March 1971 and upon its recommendation, the Commission on Colleges extended accreditation for ten years. This accreditation was reaffirmed in 1981, 1991 and 2001. In 1965, the Texas Education Agency first approved Houston Baptist College for the training of certified teachers for elementary and secondary Schools. During its first semester, representatives selected by the Texas Education Agency evaluated the teacher education program; approval of the program was continued. The baccalaureate degree program in nursing received accreditation by the National League for Nursing on April 21, 1972. In July 1972, all thirty-eight members of the first nursing class successfully completed the examination required and administered by the State Board of Nurse Examiners. An Associate Degree in Nursing was added in June 1983; this program graduated its first class in 1985. Admission to the Associate Degree in Nursing program was suspended June 2010.

A study abroad program began in 1967 with a group of English majors in residence at the Shakespeare Institute, Stratford-upon-Avon, England for the month of April. Study abroad continued with programs in Mexico, the Middle East, and Europe. Currently, study abroad and academic exchange programs include the Smith College of General Studies' interdisciplinary summer course on culture and human experience, the Business School's annual international trip (BUSA 4301), the Houston Grampian Society's Nursing Exchange Program with Robert Gordon University (in Aberdeen, Scotland), and the School of Theology's Summer Hebrew Ulpan at the University of Cambridge's Centre for Modern Hebrew Studies. The MBA program includes an international study component for its graduate students.

History: Structure and Organization

In 1973, Houston Baptist College officially became Houston Baptist University following completion of a formal self-study for the Southern Association of Colleges and Schools, and approval by the Board of Trustees in November 1972. At the same time, degree programs were revised, making the Bachelor of Science option available to all graduates. The instructional divisions were completely reorganized into College units. Five Colleges headed by Deans replaced the previous structure of eight divisions. The new structure consisted of the H. B. Smith College of General Studies and four upper-level Colleges — the College of Business and Economics, the College of Education and Behavioral Sciences, the College of Fine Arts and Humanities, and the College of Science and Health Professions. A sixth College was created in 1978 by separating the College of Fine Arts from the College of Humanities. The seventh College was created in 1991 by separating the College of Nursing and the College of Science and Mathematics. In 1995, a College of Arts and Humanities was again combined from the previously separate Colleges. In 2007, the Honors College was formed and classes began in that program in fall 2008. In that same year, a Philosophy major was developed. A College of Continuing Studies was initiated in 2008; operations were suspended on May 31, 2010.

On June 1, 2009, the President determined, after consultation with the Provost, the Deans, and the Institutional and Strategic Planning Committee, to change the nomenclature of the Colleges to Schools and Colleges and to move some departments into other divisions in order to reflect best practices at universities and to better serve the mission of the university. The College of Education and Behavioral Sciences became the School of Education; the Department of Behavioral Sciences moved from the School of Education to the College of Arts and Humanities. The College of Business and Economics became the School of Business; the College of Nursing became the School

of Nursing and Allied Health and brought in the Department of Kinesiology from the former College of Education and Behavioral Sciences. In 2012, new colleges and schools were formed as a result of further review of academic structure initiated due to continued university growth. A total of eight academic units were recognized on the HBU campus: Smith College of Liberal Arts, College of Education and Behavioral Sciences, School of Humanities, School of Fine Arts, College of Business, School of Nursing and Allied Health, College of Science and Mathematics, and the School of Christian Thought. In the restructuring, the Department of Psychology was moved to the College of Education and Behavioral Sciences. Two distinct schools, School of Education and School of Behavioral Sciences, were formed within the College of Education and Behavioral Sciences. The School of Education houses the Department of Special Populations, Department of Curriculum and Instruction; the School of Psychology houses the Department of Psychology; the School of Education and the School of Psychology share leadership of the Department of Leadership and Counseling. In 2015, the College of Business was renamed as the Archie W. Dunham College of Business following receipt of a generous gift to the University.

When the instructional areas were reorganized in 1973, the University adopted a quarter calendar that permitted multiple admission opportunities annually. Semester hours were retained as the standard credit unit. An early admissions program also was established which enabled students to secure High School diplomas at the end of the freshman year of college matriculation. The quarter calendar was reviewed by the faculty and administration in 2006-07 and the decision was made to revert to the semester calendar in fall 2008. To date, the university remains on a semester calendar.

History: Graduate Programs

Graduate studies began in 1977 with the initiation of the Master of Business Administration and the Master of Science in Nursing degrees. Graduate studies leading to the Master of Education began in 1979. The Master of Science in Management degree and the Master of Accountancy degree were added in 1980. The Master of Arts in Psychology was added in 1982. A traditional Master of Business Administration degree was introduced in 1981 that was offered both on campus and through an interactive television delivery system to corporate and educational sites within sixty miles of the campus. The Master of Liberal Arts degree was initiated in 1985. In 1993, new majors were added to the Master of Business Administration degree, and a Master of Arts in Pastoral Counseling and Psychology degree was created. This degree was phased out in 2002 and replaced with the Master of Arts in Christian Counseling program. In 1995, a Master of Science degree in Health Administration and a Master of Science degree in Nursing Practice were initiated. In 1996, the Master of Science in Management was re-instituted for those already holding an MBA degree. The Master of Arts in Theological Studies was added in 1997. In 1999, the Master of Science in Accountancy and Information Technology was initiated, and in 2000 it was merged into the Master of Accountancy. In 2009, the Master of Arts in Biblical Languages was initiated. In Spring 2010, the Master of Fine Arts was initiated. The Master of International Business held its first classes in Spring, 2012. The Master of Arts, Philosophy major was initiated in Fall 2012. The Master of Arts in Counseling held its first classes Fall, 2014. Following the Ten Pillars vision, particularly Pillar III, Dr. Robert B. Sloan, Jr. initiated the formation of The Graduate School. In 2014, the addition of a Master of Liberal Arts with an emphasis in Education was initiated.

History: Physical Plant

The physical plant of the University has kept pace with development in other areas. When classes began in 1963, only the Brown Academic Quadrangle and the campus dormitories were completed. The Frank and Lucille Sharp Gymnasium and the Atwood Theology Building were completed in 1964. The Moody Library, the Holcombe Mall, and the Morris Columns were constructed in 1968-69. The McDermott Plaza was completed in 1971 as a gift from trustee Ethyl Loos McDermott. The Cullen Science Center and Mabee Teaching Theater opened in 1977, providing space for the College of Science and Health Professions. In addition, in early 1977, the Memorial Hospital System Central Unit was completed on a site purchased from the University adjacent to the academic campus. The Atwood II building was completed in 1983 as a joint project of Southwestern Baptist Theological Seminary and the University. Moreover, in 1983, an addition to the bookstore was completed that was funded by the M. D. Anderson Foundation. In 1985, the University relocated its Math and Associate Degree in Nursing departments to new housing in the Cullen Nursing Center, and the Glasscock Gymnastics Center was completed. In 1989, a new wing

was added to the Moody Library, virtually doubling its library space and providing a site for the University's Museum of Architecture and Decorative Arts – which relocated to the Morris Cultural Arts Center in 2007. In 1997, Hinton Center was dedicated, marking completion of the largest academic facility on campus. The new visual campus landmark houses the Colleges of Business and Economics and Education and Behavioral Sciences, as well as the Dillon Center conference facilities. In 1997, the University's Dunham Family Bible in America Museum opened in Moody Library — the largest collection of American Bibles on public display in the United States. Expanded to include a massive English Bible and rare Bible collection, the museum relocated to the Morris Cultural Arts Center in 2007. A new campus apartment complex, Husky Village, was built adjacent to the University residence halls. The year 1998 marked the completion of the Baugh Center, named in honor of Eula Mae (Mrs. John) Baugh, which houses food service, recreational, counseling, study, and residential-support facilities. In the fall of 1999, the Memorial Hermann-HBU Wellness Center opened on the campus, providing access to state of the art programs and facilities for the University's students and employees. A new addition to the Women's Residence College was constructed in 2000, and in 2003, the Mabee Teaching Theater and the Glasscock Center were enhanced by a new lobby facility serving the conference capability of this complex. In 2007, the Joella and Stewart Morris Cultural Arts Center was dedicated. The Center provides an integrated, multi-purpose facility for the University campus. Dunham Theater, named for Linda and Archie Dunham, is a 1200 seat theater that features a full proscenium stage, a full orchestra pit, backstage shops, and full theatrical capability, including an acoustical shell to enhance musical performances. Belin Chapel and Recital Hall provides seating for 365 in a sophisticated, acoustical environment. It represents the first a permanent site for worship on campus. It is used for music recitals, weddings, worship, and as an assembly space. Additionally, the Museum of American Architecture and Decorative Arts and the Dunham Bible Museum joined the Museum of Southern History in new facilities within the Morris Cultural Arts Center. McNair Hall serves as the unifying link for the theater, chapel and museums as well as an appealing locale for receptions and banquets. Williams Fountain and Lawrence Park crowns the complex, enhanced by the Ann Morgan Prayer Garden for meditation, reflection, and prayer providing an attractive space for outdoor gatherings. In August 2008, the Hodo Residence College, a six story Residence College, opened, providing over 350 beds supporting the University's goal to become a more residential campus. The University Academic Center, opened in August 2008, provides classrooms, offices for the Honors College and the College of Arts and Humanities, and an art gallery and studios for the Department of Art. Thanks to the generosity of Sharon and William Morris, the Hamill Foundation, Joyce and Gene O'Neal, and Linda and Terry Swift, the art gallery was expanded to include the HBU Fine Arts Museum and the HBU Contemporary Art Gallery. The Looser Fountains in the Bettis Quadrangle were dedicated in 2011 honoring the forty-five year career of HBU Vice President Emeritus Dr. Don Looser and his wife Elsa Jean. In December of 2011, HBU acquired the 80,000 square foot Bradshaw Fitness Center from Memorial Hermann. The fitness center features an indoor lap pool, a gymnasium, cardiovascular and free-weight equipment, cross-fit box, and an indoor walking track, as well as offices and classrooms for various programs. In 2014, the 5,000 seat Husky Stadium opened thanks to the generosity of many members of the HBU community, but most notably Dr. Archie and Linda Dunham and Robert and Janice McNair, along with Dr. Stewart Morris, Dr. Diane and Stanley Williams, and the Tellepsen Family Foundation. The University opened a new chapter of growth and renewal in 2015 by creating a new main entryway to the campus via Belin Drive, and marked by the 89 foot tall Belin Tower, dedicated to the memory of HBU trustee Dr. Bruce J. Belin, Jr., from his wife, Mary Ann Belin. In September of 2015, with the support of Houston Endowment, the Hamill Foundation, and AT&T, the University opened the Learning Commons in Moody Library. Later that same month, McNair Plaza and the signature clock tower at the entrance of Husky Stadium was dedicated – honoring Robert and Janice McNair's long-standing relationship with the University.

History: Endowment Programs

Special endowment programs have further enriched the University. The University received three endowed chairs during the period 1971-1978 — the Herman Brown Chair of Business and Economics, the Robert H. Ray Chair of Humanities, and the John Bisagno Chair of Evangelism. In the same period, two endowed professorships were given — the Rex G. Baker Professorship in the College of Business and Economics and the Prince-Chavanne Professorship of Christian Business Ethics. The John S. Dunn Research Foundation funded the Dunn Endowed Professorship in Nursing in 1994 and a professorship for Clinical Excellence in Nursing in 2001. In 1987, the Sharon Burrows Professorship in Counseling was established. In 2005, the estate of former HBU employee Juanita

Pool and her sister, Phyllis, funded the Juanita and Phyllis Pool Endowed Chair of Nursing. The Elizabeth and John Gibson Chair in Apologetics was established in 2012.

The Endowed Scholarship program was begun in 1971 increasing the endowment of the University and helping assure the recruitment of top academic students. More than 350 Endowed Scholarships have been funded through this program.

History: Leadership

In 1987, the University's first president, Dr. W. H. Hinton was named University Chancellor. He served in that capacity until his retirement in 1991. Dr. Hinton's successor, Dr. Edward Douglas Hodo, and his wife, Sadie, came to HBU from the University of Texas at San Antonio, where he had served as Dean of the College of Business. During the Hodo years, the University achieved a position of financial solidarity that greatly enhanced its integral strengths in other areas of its operations. In 1997, Dr. and Mrs. Hodo received the HBU Spirit of Excellence Award, the highest honor bestowed by the University. New academic programs were developed, and the physical plant was expanded to include the Hinton Center, the Baugh Center, the Husky Village Apartments, the Memorial Hermann-HBU Wellness Center, and the Glasscock Center. In 2006, construction began on the first phase of a new cultural arts center designed to include a chapel-recital hall, a theater, housing for the University museums, and an atrium gallery unifying each of the individual facilities. After 19 years of service, Dr. Hodo was named President Emeritus in July of 2006. Mr. Jack Carlson served as Interim President during August of 2006. On September 1, 2006, Dr. Robert B. Sloan, Jr., and his wife, Sue, joined the University as its President and First Lady. Dr. Sloan had served as President and Chancellor of Baylor University for over ten years. Under Dr. Sloan's leadership, HBU has experienced growth and development in enrollment, in the academic curriculum, and in campus facilities. Former University professor Dr. Marilyn McAdams Sibley has written a history of the early years of the founding of the University, *To Benefit a University: The Union Baptist Association College Property Committee, 1958-1975*. A history of the University from its chartering in 1960 to its fiftieth anniversary, *An Act of Providence*, has been written by Dr. Don Looser, Vice President Emeritus. An archive of historical material has been assembled in the Moody Library as an extension of this research and writing project.

Vision

As envisioned by its founders and constituents, HBU is growing into a national metropolitan university that emphasizes the integration of faith and learning and a strong liberal arts foundation. HBU's new vision document, *The Ten Pillars: Faith and Reason in a Great City*, may be found on the University's website at www.hbu.edu/TenPillars.

Mission

The mission of Houston Baptist University is to provide a learning experience that instills in students a passion for academic, spiritual, and professional excellence as a result of our central confession, "Jesus Christ is Lord".

Purpose

The University welcomes and extends its resources to those who strive for academic excellence. The faculty, staff, and administration are committed to providing a responsive and intellectually stimulating environment that:

- fosters spiritual maturity, strength of character, and moral virtues as the foundation for successful living;
- develops professional behaviors and personal characteristics for life-long learning and service to God and to the community;
- meets the changing needs of the community and society; and
- remains faithful to the "Nature of the Institution" statement, which is the Preamble to the By-Laws.

The University offers a broad range of programs and services committed to liberal arts education that are designed to promote the growth of the whole person. The undergraduate programs familiarize students with the principal bodies of knowledge, cultural viewpoints, belief systems, and aesthetic perspectives that affect them and their world. The graduate programs provide advanced educational opportunities to develop ethical and capable scholars and practitioners who can contribute to their academic disciplines and to society. The integration of scholarship, service, and spirituality.

Nature of the Institution

The Preamble to the University By-Laws as stated below describes the distinctive nature of the institution. HBU is a Christian liberal arts university dedicated to the development of moral character, the enrichment of spiritual lives, and the perpetuation of growth in Christian ideals. Founded under the providence of God and with the conviction that there is a need for a university in this community that will train the minds, develop the moral character and enrich the spiritual lives of all people who may come within the ambit of its influence, HBU shall stand as a witness for Jesus Christ expressed directly through its administration, faculty and students. To assure the perpetuation of these basic concepts of its founders, it is resolved that all those who become associated with HBU as a trustee, officer, member of the faculty or of the staff, and who perform work connected with the educational activities of the University, must believe in the divine inspiration of the Bible, both the Old Testament and New Testament, that man was directly created by God, the virgin birth of Jesus Christ, our Lord and Savior, as the Son of God, that He died for the sins of all men and thereafter arose from the grave, that by repentance and the acceptance of and belief in Him, by the grace of God, the individual is saved from eternal damnation and receives eternal life in the presence of God; and it is further resolved that the ultimate teachings in this University shall never be inconsistent with the above principles.

Amended by the Board of Trustees
February 22, 1974

The Christian Liberal Arts Program

The undergraduate Christian Liberal Arts program cultivates wisdom through shared theological, cultural, intellectual, and scientific traditions, and encourages exploration of concepts and issues from broadened perspectives. The Christian Liberal Arts curriculum advances primary source reading, Classical studies, and Great Texts. The curriculum provides a strong foundation for engaging students in methods of discovery for various disciplines. The integration of faith and learning promotes students' synthesis of relationships between different fields of study while encouraging them to appreciate and experience God's truth.

The undergraduate Christian liberal arts program has at its foundation the conviction that all worthy vocations are built on a basis of service to God and mankind. The program encourages members of the learning community to seek wisdom, give voice to a Christian worldview, increase their awareness of self and society, enhance their capacity for critical and creative thought, and demonstrate civic responsibility and Christian service in a diverse society. The program fosters a spirit of inquiry and inspiration for lifelong learning.

The Christian Liberal Arts curriculum and the majors and programs offered through the Colleges are designed to guide and instruct the next great faithful artists, musicians, authors, academics, business professionals, lawyers, doctors, nurses, teachers, scientists, and others – individuals who will understand the time we live in and understand God's calling for their lives. We seek to produce the future leaders of the world who also live as servants in the kingdom of God.

The Campus Plan

The campus of HBU consists of 158 acres in southwest Houston bounded by the Southwest Freeway, Fondren Road, and Beechnut Street. The campus is designed as a complex of buildings surrounding a central mall that begins at the east with the Hinton Center and ends at the west with Sharp Gymnasium and the Glasscock Center. It is flanked by the Moody Library, the Cullen Nursing Center, the Cullen Science Center, the Mabee Teaching Theater, the M. D. Anderson Student Center, and the Stanley P. Brown Administrative Complex. Adjacent to the

campus is the HBU-Memorial Herman Wellness Center for student and faculty use. Concentrically related to this complex are the complementary facilities for residence, athletics, and recreation. The campus master plan is being enhanced with the Morris Cultural Arts Center, the Belin Chapel, additional housing and recreational facilities, and an academic center.

Student Life

In an effort to help HBU students develop as life-long learners and leaders, the Office of Student Life provides a variety of services, designed to promote academic achievement and spiritual and personal development. The Student Life Handbook provides information on all services, organizations, ministries, and policies. The content of the Student Life Handbook is subject to change when deemed necessary by the University to meet the evolving needs of students, the community and the institution. Changes will be noted in the online version of the handbook.

HBU complies with all applicable federal and state non-discrimination laws and does not engage in prohibited discrimination on the basis of race, color, nationality, or ethnic origin, gender, age, or disability in either employment or the provision of services.

University Admissions

The Office of Admissions accepts formal applications from all students for admission to HBU. The Admissions Office assists prospective students with admission policies and procedures, campus visits and interviews, and initial financial information. Information regarding admission to the University and all necessary forms for admission may be obtained by visiting the Admissions website at www.hbu.edu or by contacting the Admissions Office, HBU, 7502 Fondren Road, Houston, Texas 77074-3298. The telephone number is (281) 649-3211 and email is admissions@hbu.edu. Outside Houston, a toll-free number is available: 1-800-969-3210 for Undergraduate Admissions.

Graduate applicants should contact the graduate program directly at www.hbu.edu/applygrad.

Undergraduate Admissions

Undergraduate Admissions

All official transcripts and score reports must be mailed directly to HBU from the high school (including homeschool), college, or test center. Additionally, documents may be hand carried in a sealed envelope from the institution with the envelope bearing that institution's Registrar's signature and seal.

I. Freshman Student Admission

To be considered for Freshman admission, a student must have completed high school by the end of the current academic year. If a student has taken college level classes while in high school, the student is still considered a Freshman applicant. This includes any college level course work completed during the summer immediately following high school graduation.

1. Application for admission must be completed and returned to the Undergraduate Admissions Office. Online submission of an application is strongly encouraged. Online versions of our application can be found on the Admissions webpage at www.hbu.edu/apply or through www.Applytexas.org. Paper versions of the application can also be provided upon request.
2. A freshman applicant will be required to take the SAT or ACT exam. The HBU institution code for the SAT exam is 6282; the code for the ACT exam is 4101. In the event that an exam is submitted multiple times, the Admissions Office will consider the scores that best enhance the student's application. Scores recorded on the official high school transcript are acceptable and will be considered official.
3. A freshman applicant will be required to submit an official high school transcript from the high school which will issue his/her diploma. Faxes or photocopies, while not official, may be used to provide an initial admission decision. The Admissions Office reserves the right to request additional copies/faxes from the student in the event that the submitted documents are illegible. Upon graduation, a final HS transcript indicating date of graduation will also be required. Home-schooled students will be required to submit a signed, course-by-course listing of grades and graduation date on their home-school letterhead. Those not attending an institutional high school must demonstrate high school equivalency. A student who has submitted a minimum acceptable total score of at least 50 on the General Educational Development Testing Program (GED) may be admitted to HBU.
4. Students taking college courses while enrolled in high school must submit official final transcripts from the college or university to the Office of Admissions. In considering credit by transfer from other institutions, HBU places a premium on credits from regionally accredited institutions. However, HBU will also consider a request for transfer credit from institutions that are not regionally accredited. Applicants must submit transcripts from all institutions attended whether regionally accredited or non-accredited. Upon admission to the university, the student's course work will be reviewed for transferability and possible equivalent credit by the Transfer Specialist. Transfer credits from a non-accredited institution will be considered on a case-by-case basis pending

an institutional review by the Transfer Specialist. For all transferrable work, the student must have earned a grade of “C” or higher.

5. All viable course work completed online will receive either specific course credit or elective credit after evaluation.

II. Transfer Student Admission

To be considered for transfer admission, the student will have graduated from high school and have been enrolled in classes at another college or university. All documents must be on file prior to admission consideration. Students not re-admissible to a previous institution may be considered for admission on a case-by-case basis.

In considering credit by transfer from other institutions, HBU places a premium on credits from regionally accredited institutions. However, HBU will also consider a request for transfer credit from institutions that are not regionally accredited. Applicants must submit transcripts from all institutions attended whether regionally accredited or non-accredited. Upon admission to the university, the student’s course work will be reviewed for transferability and possible equivalent credit by the Transfer Specialist. Transfer credits from a non-accredited institution will be considered on a case-by-case basis pending an institutional review by the Transfer Specialist and the Office of the Provost. For all transferrable work, the student must have earned a grade of “C” or higher.

All viable course work completed online will receive either specific course credit or elective credit after evaluation.

1. Application for admission must be completed and returned to the Undergraduate Admissions Office. Online submission of an application is strongly encouraged. Online versions of our application can be found on our Admissions webpage at www.hbu.edu/apply or through www.Applytexas.org. Paper versions of our application can also be provided upon request.

2. An official transcript from all colleges or universities attended must be sent directly from the college to the Admissions Office. Faxes or photocopies, while not official, may be used to provide an initial admissions decision. The Admissions Office reserves the right to request additional copies/faxes from the student in the event that the submitted documents are illegible. Falsification or failure to provide this academic information from all colleges or universities will result in administrative withdrawal from the University. The cumulative grade point average for transfer students should be at least a 2.0.

3. If a student has not completed or does not expect to complete 32 credit hours from a regionally accredited institution at the time of application, Admissions may require additional documents to render an admissions decision. In considering credit by transfer from other institutions, HBU places a premium on credits from regionally accredited institutions. However, HBU will also consider a request for transfer credit from institutions that are not regionally accredited. Applicants must submit transcripts from all institutions attended whether regionally accredited or non-accredited. Upon admission to the university, the student’s course work will be reviewed for transferability and possible equivalent credit by the Transfer Specialist. Transfer credits from a non-accredited institution will be considered on a case-by-case basis pending an institutional review by the Transfer Specialist. For all transferrable work, the student must have earned a grade of “C” or higher.

All viable course work completed online will receive either specific course credit or elective credit after evaluation.

a. A transfer applicant with less than 32 credit hours may be required to submit an official final high school transcript, indicating graduation date, from the high school which has issued his/her diploma. Faxes or photocopies, while not official, may be used to provide an initial admission decision. The Admissions Office reserves the right to request additional copies/faxes from the student in the event that the submitted documents are illegible. Home-schooled students will be required to submit a signed, course-by-course listing of grades and graduation date on their home-school letterhead. Those not attending a formal high school must demonstrate high school equivalency. A student who has submitted a minimum acceptable

total score of at least 50 on the General Educational Development Testing Program (GED) may be admitted to HBU.

b. A transfer student with less than 32 credit hours may be required to submit an SAT or ACT score report. The HBU institution code for the SAT exam is 6282; the code for the ACT exam is 4101. In the event that an exam is submitted multiple times, the Admissions Office will consider the scores that best enhance a student's application. Scores recorded on the official high school transcript are acceptable.

III. Post-Baccalaureate Student Admission

To be considered for Post-Baccalaureate admission a student must have earned an undergraduate degree from a regionally accredited institution and is taking undergraduate courses for personal edification or certification. Credit awarded will not be applied toward a graduate degree and may not be changed to graduate credit. A post-baccalaureate student may seek a second degree. All candidates wishing to obtain a second degree must apply as post-baccalaureate degree seeking and may be eligible for financial aid. A post-baccalaureate student not seeking a second undergraduate degree is not eligible for financial aid.

1. Application for admission must be completed and returned to the Undergraduate Admissions Office. Online submission of an application is strongly encouraged. Online versions of the application can be found on the Admissions webpage at www.hbu.edu/apply or through www.Applytexas.org. Paper versions of the application can also be provided upon request. Faxes or photocopies, while not official, may be used to provide an initial admission decision. The Admissions Office reserves the right to request additional copies/faxes from the student in the event that the submitted documents are illegible. Falsification or failure to provide this academic information from all colleges or universities will result in suspension from the University. The cumulative grade point average for transfer students should be at least a 2.0. Ordinarily, official transcript evaluations are completed after a student has been officially admitted to the University.

2. A post-baccalaureate student seeking a degree at HBU must submit official transcripts from all colleges or universities attended. In considering credit by transfer from other institutions, HBU places a premium on credits from regionally accredited institutions. However, HBU will also consider a request for transfer credit from institutions that are not regionally accredited. Applicants must submit transcripts from all institutions attended whether regionally accredited or non-accredited. Upon admission to the university, the student's course work will be reviewed for transferability and possible equivalent credit by the Transfer Specialist. Transfer credits from a non-accredited institution will be considered on a case-by-case basis pending an institutional review by the Transfer Specialist and the Office of the Provost. For all transferrable work, the student must have earned a grade of "C" or higher.

All viable course work completed online will receive either specific course credit or elective credit after evaluation.

3. If not seeking another undergraduate degree at HBU, the final transcript from the degree-granting institution will suffice. However, in some instances other course work will be requested to help determine if pre-requisite course work has been completed.

IV. Audit Admission

Attending HBU courses as a non-degree seeking student requires registration and payment of appropriate fees. Auditors are admitted to classes on a space available basis under the following guidelines:

- Any non-enrolled or currently enrolled students may audit one or more courses.
- Students not currently enrolled at HBU must complete an application for admission as a non-degree seeking student and be approved for enrollment by the Office of Admissions.

- The only period during which students may register for an audit, change a credit class to audit, or change an audit class to credit is the last day of the add period as published in the University calendar for the term. Appropriate tuition and fees will apply.
- The advisor's signature should accompany the request.
- Enrollment as an auditor is subject to the approval of the Dean of the related college. It is recommended that prospective students consult the instructors of courses in which they are interested before they register.
- Policies governing prerequisites and academic load will be applicable.
- An auditor is not entitled to have work evaluated by the instructor and the degree of participation is determined by the instructor and Dean. Individuals who wish to participate fully and engage in all instructional activities must register for credit and pay full tuition.
- Auditing grants only the privilege of hearing and observing and does not grant credit. An auditor's name will appear on the instructor's class roll. In order for the designation "AU" to appear on the transcript; however, the instructor must certify at the end of the course that the individual attended at least 75% of the class meetings as an auditor. If the student attends less than 75% of the class meetings, the designation of "X" will appear on the transcript.
- Audit and other appropriate fees, as prescribed in the University Catalog, are due at the time of registration.
- Full-time faculty and staff members are eligible for audit tuition benefits consistent with the guidelines established in the University Tuition Remission Policy.
- Individuals who desire to audit graduate courses must be admitted as a non-degree seeking or degree seeking student and have documentation indicating the completion of a baccalaureate degree. Student must have approval from the Director/Dean of the graduate program in question.

V. Non-Degree Undergraduate Student Admission

A Non-Degree student is one wishing to take a class for credit who does not have a baccalaureate degree and is not in pursuit of a baccalaureate degree.

1. Application for admission must be completed and returned to the Undergraduate Admissions Office. Online submission of an application is strongly encouraged. Online versions of our application can be found on our Admissions webpage at www.hbu.edu/apply or through www.Applytexas.org. Paper versions of our application can also be provided upon request.
2. An official transcript from all colleges or universities attended, whether accredited or non-accredited, must be sent directly from the college to the Admissions Office. Faxes or photocopies, while not official, may be used to provide an initial admissions decision. The Admissions Office reserves the right to request additional copies/faxes from the student in the event that the submitted documents are illegible. Falsification or failure to provide this academic information from all colleges or universities will result in administrative withdrawal from the University. The cumulative grade point average for transfer students should be at least a 2.0.

VI. Senior Citizen Admission

Persons 60 years or older, with proof of age, not in pursuit of a degree, may register for classes for a fixed price (contact the Cashiers' Office for a current fee structure at 281-649-3471) when space is available. Such students may register for these courses on a pass-fail basis or may receive an alpha grade.

VII. Re-Entry Admission

A Re-Entry student is any student who has been placed on suspension as a result of an academic or disciplinary action. Students who have been suspended for disciplinary reasons must contact the Student Life Department for re-entry requirements. Students desiring to return from academic suspension should complete the following steps:

1. Re-entry application for admission must be completed and returned to the Undergraduate Admissions Office. The student may find this form online at www.hbu.edu/reentry. A personal statement of at least 250 words and two (2) letters of academic recommendation from HBU faculty must accompany the application.

2. If the student attended another college or university, whether accredited or non-accredited, while on suspension from HBU, the student must request official transcripts be sent from the former institution directly to the Office of Admissions at HBU. Faxes or photocopies, while not official, may be used to provide an initial admissions decision. The cumulative grade point average for returning students with additional college hours should at least be a 2.0. In considering credit by transfer from other institutions, HBU places a premium on credits from regionally accredited institutions. However, HBU will also consider a request for transfer credit from institutions that are not regionally accredited. Applicants must submit transcripts from all institutions attended whether regionally accredited or non-accredited. Upon admission to the university, the student's course work will be reviewed for transferability and possible equivalent credit by the Transfer Specialist. Transfer credits from a non-accredited institution will be considered on a case-by-case basis pending an institutional review by the Transfer Specialist and the Office of the Provost. For all transferrable work, the student must have earned a grade of "C" or higher.

All viable course work completed online will receive either specific course credit or elective credit after evaluation.

3. An accepted re-entry student will be on probation status.

VIII. Returning Student Admission

A returning student is any student who previously attended Houston Baptist University, voluntarily left HBU in good standing, and has not been enrolled in courses for one or more semester(s).

1. A returning student application must be completed and turned in to the Office of the Registrar at least seven (7) working days prior to the start of the semester a student plans to return. The returning student application may be found online at www.hbu.edu/returning.
2. If the student attended another college or university while separated from HBU, the student must request official transcripts be sent from the former institution directly to the Office of the Registrar at HBU. Faxes or photocopies, while not official, may be used to provide an initial admissions decision. The cumulative grade point average for returning students with additional college hours should at least be a 2.0.

In considering credit by transfer from other institutions, HBU places a premium on credits from regionally accredited institutions. However, HBU will also consider a request for transfer credit from institutions that are not regionally accredited. Applicants must submit transcripts from all institutions attended whether regionally accredited or non-accredited. Upon admission to the university, the student's course work will be reviewed for transferability and possible equivalent credit by the Office of the Registrar. Transfer credits from a non-accredited institution will be considered on a case-by-case basis pending an institutional review by the Transfer Specialist and the Office of the Provost. For all transferrable work, the student must have earned a grade of "C" or higher.

All viable course work completed online will receive either specific course credit or elective credit after evaluation.

IX. Transient Student Admission

To be considered for admission as a Transient student, the student must be enrolled at another institution and wishing to take classes for credit at HBU. If a transient student decides to continue at HBU, he or she must complete all of the transfer procedures as outlined under "Transfer Student Admission" and be approved for admission. Transient student status ordinarily is permitted for only one (1) semester. Any exception must be approved by the Office of the Registrar.

1. Application for admission must be completed and returned to the Undergraduate Admissions Office. Online submission of an application is strongly encouraged. Online versions of our application can be found on our Admissions webpage at www.hbu.edu/apply or through www.Applytexas.org. Paper versions of our application can also be provided upon request.

2. An official transcript or Letter of Good Standing must be sent directly from the most recently attended institution to the Admissions Office. Faxes or photocopies, while not official, may be used to provide an initial admissions decision. The Admissions Office reserves the right to request additional copies/faxes from the student in the event that the submitted documents are illegible. Falsification or failure to provide this academic information will result in suspension from the University. The student is responsible for meeting all prerequisites for courses taken at HBU.

X. Concurrent Enrollment

Please see the section under Academic Policies and Procedures for information on concurrent enrollment.

XI. Admission through the Admissions Review Board

The Office of Undergraduate Admissions is responsible for carrying out a selective admissions criteria based on the student's academic and personal record. Specific criteria for undergraduate admissions is determined by the Office of Admissions with input and guidance from Deans, Associate Deans and the Admissions Review Board (ARB) - a presidential standing committee comprised of members of the faculty and staff of the University and co-chaired by the Director of Admissions and a senior full-time faculty member.

The (ARB) reviews all admissions exceptions and cases where undergraduate students have not met the minimum requirements to be admitted automatically to the University. The ARB convenes regularly during the semester to go over the corresponding files while paying particular attention to the academic history of the student, their standardized test scores (SAT/ACT), letters of recommendation, official transcripts from high school/previous institutions and any other supporting documentation that can help the committee reach an admissions decision.

The ARB utilizes historical statistical data compiled in an internal document called the Admissions Decision Matrix, which is updated every year and provides ARB members as well as undergraduate admissions staff with the recommended admissions decision guidelines.

Additional Required Materials

After a student has been admitted to HBU, a completed HBU meningitis vaccination form with proof and date of the vaccination must be submitted.

All freshman and transfer students who are 21 years of age or younger on the date classes begin must receive a bacterial meningitis vaccination. The vaccine must be obtained within five years of enrollment. Documentation of vaccination (HBU Meningitis Form and copy of shot records or shot card) must be received by HBU at least 10 days prior to moving into the dorms, or the first day of school if not living on campus.

Graduate Admissions

MAA – Master of Arts in Apologetics

MABL – Master of Arts in Biblical Languages

MAC – Master of Arts in Counseling

MACC – Master of Arts in Christian Counseling

MAPhil – Master of Arts in Philosophy

MAP – Master of Arts in Psychology

MAP with LSSP – Master of Arts in Psychology with LSSP Certification

MAP with LSSR – Master of Arts in Psychology with LSSP Re-specialization

MATS – Master of Arts in Theological Studies

MBA – Master of Business Administration

MEd – Master of Education

MFA – Master of Fine Arts: Studio Art

MIB – Master of International Business
MLA – Master of Liberal Arts
MS-HRM – Master of Science in Human Resources Management
MS-MGMT – Master of Science in Management
PBC – Post Baccalaureate Teacher Certification
LPC – Licensed Professional Counselor Certification
LSSP – Licensed Specialist in School Psychology Certification
EDSU – Superintendent Certification

Graduate admissions are handled by the Graduate School. Applicants for graduate degrees must submit the following credentials:

1. Application for Admission to Graduate School

The prospective student must seek admission to The Graduate School in order to pursue graduate studies. Application and all details may be found online at www.hbu.edu/Grad-Apply. Recommendation Forms are required in support of the program application in addition to a current resume. See individual program requirements for further details. An undergraduate degree from a regionally accredited institution is required for admission to all graduate programs. However, the University will consider undergraduate degrees from other institutions on a case-by-case basis.

2. Examinations

Some programs require either the Graduate Record Examination (GRE), or the Graduate Management Admissions Test (GMAT) for admission. Waivers may be available depending upon undergraduate GPA for select programs. Refer to www.hbu.edu/GradAdmitReq for specific program requirements. When required, it is the student's responsibility to have GRE or GMAT scores sent directly to HBU from the administering test service. GRE: www.ets.org - HBU GRE code is - 6282. GMAT: www.mba.com – HBU GMAT code is - 9JD-54-68

3. Transcripts

Official transcripts should be sent directly to The Graduate School from the college or university that awarded the bachelor's degree and any additional coursework taken since that time.

4. Post-Graduate Admission

Post-graduate admission may be granted to students who have a Master's degree, and wish to take courses from one of our graduate programs. Post-graduate students must meet the admission requirements for graduate students.

5. International Students

International students should refer to the International Admissions section of the HBU website for details on additional admission requirements. www.hbu.edu/international.

6. Permanent Resident Statement

Any applicant who has Permanent Resident or Resident Alien status must provide a copy of his or her green card to The Graduate School. If the applicant has not completed more than two (2) years of college work at a regionally accredited institution within the United States, he or she may be required to submit an acceptable score on the TOEFL.

7. Application Deadline

Students may apply for admission to The Graduate School throughout the year. Refer to the website, www.hbu.edu/Grad-Apply for deadlines. Please note scholarship deadlines are prior to the final application deadline. Waiting until the deadline does not guarantee course availability. Not all degree programs may be entered every semester. For international applicants, the Graduate School should receive all credentials

(application, GRE-GMAT-TOEFL scores, foreign transcript evaluation reports, recommendations, resume, written statements, etc.) at least 60 days prior to the application deadline for the intended start term.

8. Transfer Credit

Some graduate degree programs allow the transfer of graduate credits. In no case will more than six (6) semester hours of credit be allowed in transfer from another college or university. Such credit must be at the 3.00 (B) or above grade level (on a 4.0 scale) and the granting institution must be accredited by its regional accrediting association. Credits transferred must apply to a specific course in the program and must be approved at admission to the program. Within two weeks of notification of admission, a student must officially request to have courses transferred and provide course descriptions and syllabi in order for a determination to be made. The University Registrar, with the recommendation of The Graduate School, approves transfer credits. Many programs require transfer work to have been completed within a predetermined period. No correspondence or extension credit will be accepted.

Program of Study Admission Requirements (Additional Materials)

Master of Arts in Apologetics:

- **Official Transcripts** - Official transcripts should be sent directly to The Graduate School from the college or university that awarded your bachelor's degree. Transcripts from any additional coursework since that time should also be submitted. ***If your degree-conferred transcript contains fewer than 100 hours of your undergraduate coursework, you will be required to submit all undergraduate transcripts. Any post-bacc or graduate level transcripts will also be required.*
- **Two (2) Recommendation Forms** - Download Recommendation Form. Recommenders should submit the completed forms directly to the Graduate School via email at gradadmissions@hbu.edu. Recommendations must be from a professional or academic source. Forms from family members or friends will not be accepted. Recommendation forms must be sent directly from the recommenders to be considered valid.
- **Resume** - Email a current resume to the Graduate School at gradadmissions@hbu.edu.

Master of Arts in Biblical Languages:

*Fall and Spring admission only

- **Official Transcripts** - Official transcripts should be sent directly to The Graduate School from the college or university that awarded your bachelor's degree. Transcripts from any additional coursework since that time should also be submitted. ***If your degree-conferred transcript contains fewer than 100 hours of your undergraduate coursework, you will be required to submit all undergraduate transcripts. Any post-bacc or graduate level transcripts will also be required.*
- **Two (2) Recommendation Forms** - Download Recommendation Form. Recommenders should submit the completed forms directly to the Graduate School via email at gradadmissions@hbu.edu. Recommendation forms should be from a pastor and academic or professional recommenders. Recommendation forms must be sent in from the recommenders directly or they will be considered void.
- **Resume** - Email a current resume to the Graduate School at gradadmissions@hbu.edu.
- **Language Study** - Candidates must have significant undergraduate course work in a biblical language(s). Candidates coming in without coursework in biblical languages will be required to complete the necessary leveling courses.

Master of Arts in Philosophy:

- **Official Transcripts** - Official transcripts should be sent directly to The Graduate School from the college or university that awarded your bachelor's degree. Transcripts from any additional coursework since that time should also be submitted. ***If your degree-conferred transcript contains fewer than 100 hours of your*

undergraduate coursework, you will be required to submit all undergraduate transcripts. Any post-bacc or graduate level transcripts will also be required.

- **Two (2) Recommendation Forms** - [Download Recommendation Form](#). Recommenders should submit the completed forms directly to the Graduate School via email at gradadmissions@hbu.edu. Recommendation forms must be sent in from the recommenders directly or they will be considered void.
- **Resume** – Email a current resume to the Graduate School at gradadmissions@hbu.edu

Master of Arts in Theological Studies:

- **Official Transcripts** - Official transcripts should be sent directly to The Graduate School from the college or university that awarded your bachelor's degree. Transcripts from any additional coursework since that time should also be submitted. ***If your degree-conferred transcript contains fewer than 100 hours of your undergraduate coursework, you will be required to submit all undergraduate transcripts. Any post-bacc or graduate level transcripts will also be required.*
- **Two (2) Recommendation Forms** - [Download Recommendation Form](#). Recommenders should submit the completed forms directly to the Graduate School via email at gradadmissions@hbu.edu. Recommendation forms should be from a pastor and academic or professional recommenders. Recommendation forms must be sent in from the recommenders directly or they will be considered void.
- **Resume** – Email a current resume to the Graduate School at gradadmissions@hbu.edu.

Master of Arts in Psychology:

- **Official Transcripts** - Official transcripts should be sent directly to The Graduate School from the college or university that awarded your bachelor's degree. Transcripts from any additional coursework since that time should also be submitted. ***If your degree-conferred transcript contains fewer than 100 hours of your undergraduate coursework, you will be required to submit all undergraduate transcripts. Any post-bacc or graduate level transcripts will also be required.*
- **Baccalaureate degree in Psychology or Equivalent Courses** – Candidates must have received a baccalaureate degree from a regionally accredited college or university with a major in psychology or the equivalent with the following Prerequisite(s): PSYC 5300 (General Psychology), PSYC 5301 (Introduction to Statistics) and PSYC 5302 (Abnormal Psychology).
- **Two (2) Recommendation Forms** - [Download Recommendation Form](#). Recommenders should submit the completed forms directly to the Graduate School via email at gradadmissions@hbu.edu. Recommendations must be from a professional or academic source. Forms from family members or friends will not be accepted. Recommendation forms must be sent directly from the recommenders to be considered valid.
- **Resume/CV**- Email a current resume or CV to the Graduate School at gradadmissions@hbu.edu.
- **GRE Required** - Take the Graduate Record Examination test (GRE). All portions are considered, including verbal, quantitative and analytical writing. Details on the test may be obtained from the [Educational Testing Services website](#). The HBU GRE code is 6282. **You may be eligible for a GRE waiver if your undergraduate GPA is 3.0 or higher.*

Master of Arts in Psychology with LSSP:

- **Official Transcripts** - Official transcripts should be sent directly to The Graduate School from the college or university that awarded your bachelor's degree. Transcripts from any additional coursework since that time should also be submitted. ***If your degree-conferred transcript contains fewer than 100 hours of your undergraduate coursework, you will be required to submit all undergraduate transcripts. Any post-bacc or graduate level transcripts will also be required.*

- **Baccalaureate Degree in Psychology or Equivalent Courses** - Candidates must have received a baccalaureate degree from a regionally accredited college or university with a major in psychology or the equivalent with the following Prerequisite(s): PSYC 1313 (General Psychology), PSYC 2301 (Introduction to Statistics), and PSYC 2364 (Abnormal Psychology).
- **Two (2) Recommendation Forms** - Download Recommendation Form. Recommenders should submit the completed forms directly to the Graduate School via email at gradadmissions@hbu.edu. Recommendations must be from a professional or academic source. Forms from family members or friends will not be accepted. Recommendation forms must be sent directly from the recommenders to be considered valid.
- **Resume/CV** – Email a current resume or CV to the Graduate School at gradadmissions@hbu.edu.
- **GRE Required** - Take the Graduate Record Examination test (GRE). All portions are considered, including verbal, quantitative and analytical writing. Details on the test may be obtained from the Educational Testing Services website. The HBU GRE code is 6282. **You may be eligible for a GRE waiver if your undergraduate GPA is 3.0 or higher.*
- **Interview** – An admission interview is required.

Master of Arts in Psychology with LSSP Re-specialization:

*Master's degree required

- **Official Transcripts** - This program requires a conferred graduate degree from either a regionally-accredited counseling or educational diagnostician program. Official transcripts should be sent directly to The Graduate School from the college or university that awarded this degree. Your conferred bachelor's degree transcript is also required. ***If your degree-conferred transcript contains fewer than 100 hours of your undergraduate coursework, you will be required to submit all undergraduate transcripts.*
- **Two (2) Recommendation Forms** - Download Recommendation Form. Recommenders should submit the completed forms directly to the Graduate School via email at gradadmissions@hbu.edu. Recommendations must be from a professional or academic source. Forms from family members or friends will not be accepted. Recommendation forms must be sent directly from the recommenders to be considered valid.
- **Resume/CV** – Email a current resume or CV to the Graduate School at gradadmissions@hbu.edu.
- **GRE Required** - Take the Graduate Record Examination test (GRE). All portions are considered, including verbal, quantitative and analytical writing. Details on the test may be obtained from the Educational Testing Services website. The HBU GRE code is 6282. **You may be eligible for a GRE waiver if your undergraduate GPA is 3.0 or higher.*
- **Interview** – An admission interview is required.
- **Verification** that no disciplinary action has been taken against an applicant's certificate or license.

Master of Arts in Counseling:

- **Official Transcripts** - Official transcripts should be sent directly to The Graduate School from the college or university that awarded your bachelor's degree. Transcripts from any additional coursework since that time should also be submitted. ***If your degree-conferred transcript contains fewer than 100 hours of your undergraduate coursework, you will be required to submit all undergraduate transcripts. Any post-bacc or graduate level transcripts will also be required.*
- **Baccalaureate Degree in Psychology or Equivalent Courses** - Candidates must have received a baccalaureate degree from a regionally accredited college or university with a major in psychology or the equivalent with the following Prerequisite(s): PSYC 5300 (General Psychology), PSYC 5301 (Introduction to Statistics), and PSYC 5302 (Abnormal Psychology).

- **Two (2) Recommendation Forms** - [Download Recommendation Form](#). Recommenders should submit the completed forms directly to the Graduate School via email at gradadmissions@hbu.edu. Recommendations must be from a professional or academic source. Forms from family members or friends will not be accepted. Recommendation forms must be sent directly from the recommenders to be considered valid.
- **Resume/CV** - Email a current resume or CV to the Graduate School at gradadmissions@hbu.edu.
- **GRE Required** - Take the Graduate Record Examination test (GRE). All portions are considered, including verbal, quantitative and analytical writing. Details on the test may be obtained from the [Educational Testing Services website](#). The HBU GRE code is 6282. **You may be eligible for a GRE waiver if your undergraduate GPA is 3.0 or higher.*
- **Interview** – An admission interview is required.

Master of Arts in Christian Counseling:

- **Official Transcripts** - Official transcripts should be sent directly to The Graduate School from the college or university that awarded your bachelor's degree. Transcripts from any additional coursework since that time should also be submitted. ***If your degree-conferred transcript contains fewer than 100 hours of your undergraduate coursework, you will be required to submit all undergraduate transcripts. Any post-bacc or graduate level transcripts will also be required.*
- **Baccalaureate Degree in Psychology or Equivalent Courses** - Candidates must have received a baccalaureate degree from a regionally accredited college or university with a major in psychology or the equivalent with the following Prerequisite(s): PSYC 5300 (General Psychology); PSYC 5301 (Introduction to Statistics); PSYC 5302 (Abnormal Psychology); and CHRI 5300 (Introduction to Biblical Texts) or CHRI 2373 (Christian Theology and Tradition) if taken as an undergraduate.
- **Two (2) Recommendation Forms** - [Download Recommendation Form](#). Recommenders should submit the completed forms directly to the Graduate School via email at gradadmissions@hbu.edu. Recommendations must be from a professional or academic source. Forms from family members or friends will not be accepted. Recommendation forms must be sent directly from the recommenders to be considered valid.
- **Resume/CV** - Email a current resume or CV to the Graduate School at gradadmissions@hbu.edu.
- **GRE Required** - Take the Graduate Record Examination test (GRE). All portions are considered, including verbal, quantitative and analytical writing. Details on the test may be obtained from the [Educational Testing Services website](#). The HBU GRE code is 6282. **You may be eligible for a GRE waiver if your undergraduate GPA is 3.0 or higher.*
- **Interview** - An admission interview is required.

Master of Education:

- **Official Transcripts** - Official transcripts should be sent directly to The Graduate School from the college or university that awarded your bachelor's degree. Transcripts from any additional coursework since that time should also be submitted. **If your degree-conferred transcript contains fewer than 100 hours of your undergraduate coursework, you will be required to submit all undergraduate transcripts. Any post-bacc or graduate level transcripts will also be required. **If you are applying for Initial Certification, you must submit all transcripts from every college or university you have attended.*
- **Additional Transcripts** - For students applying to be certified in a content area, you are required to submit all of your transcripts to the Graduate School.
- **Two (2) Recommendation Forms** - [Download Recommendation Form](#). Recommenders should submit the completed forms directly to the Graduate School via email at gradadmissions@hbu.edu. Letters of

recommendation should be from a principal or supervisor, student parent, and colleague. Recommendation forms must be sent in from the recommenders directly or they will be considered void.

- **Resume** - Email a current resume to the Graduate School at gradadmissions@hbu.edu.
- **Interview** - An interview may be required as part of the admission process.

Post Baccalaureate Teacher Certification:

- **Official Transcripts** - Official transcripts should be sent directly to The Graduate School from all colleges or universities you have attended.
- **Additional Transcripts** - For students applying to be certified in a content area, you are required to submit all of your transcripts to the Graduate School
- **Two (2) Recommendation Forms** - [Download Recommendation Form](#). Recommenders should submit the completed forms directly to the Graduate School via email at gradadmissions@hbu.edu. If you are currently employed in a school district, it is preferred that you have your principal serve as one of your references. Recommendation forms must be sent in from the recommenders directly or they will be considered void.
- **Resume** - Email a current resume to the Graduate School at gradadmissions@hbu.edu.
- **Interview** - An admission interview is required.

Master of Business Administration:

- **Official Transcripts** - Official transcripts should be sent directly to The Graduate School from the college or university that awarded your bachelor's degree. Transcripts from any additional coursework since that time should also be submitted. ***If your degree-conferred transcript contains fewer than 100 hours of your undergraduate coursework, you will be required to submit all undergraduate transcripts. Any post-bacc or graduate level transcripts will also be required.*
- **Two (2) Recommendation Forms** - [Download Recommendation Form](#). Recommenders should submit the completed forms directly to the Graduate School via email at gradadmissions@hbu.edu. Recommendations must be from a professional or academic source. Forms from family members or friends will not be accepted. Recommendation forms must be sent directly from the recommenders to be considered valid.
- **Resume** - Email a current resume to the Graduate School at gradadmissions@hbu.edu.
- **GMAT or GRE Required** - Take the Graduate Management Admission Test (GMAT). For information and to register to sit for the exam, visit the [GMAT](#) website. You may order additional score reports on line or by calling 609-771-7330. The HBU GMAT code is 9JD-54-68. OR take the Graduate Record Examination test (GRE). Details on the test may be obtained from the [Educational Testing Services website](#). The HBU GRE code is 6282. ***You may be eligible for a GMAT waiver once your application file is complete. Your file will not be reviewed for a waiver until all other supplemental items listed have been received.*

Master of International Business:

- **Official Transcripts** - Official transcripts should be sent directly to The Graduate School from the college or university that awarded your bachelor's degree. Transcripts from any additional coursework since that time should also be submitted. ***If your degree-conferred transcript contains fewer than 100 hours of your undergraduate coursework, you will be required to submit all undergraduate transcripts. Any post-bacc or graduate level transcripts will also be required.*
- **Two (2) Recommendation Forms** - [Download Recommendation Form](#). Recommenders should submit the completed forms directly to the Graduate School via email at gradadmissions@hbu.edu. Recommendations

must be from a professional or academic source. Forms from family members or friends will not be accepted. Recommendation forms must be sent directly from the recommenders to be considered valid.

- **Resume** - Email resume to the Graduate School at gradadmissions@hbu.edu.
- Fall admission is for students who hold a Bachelor of Business Administration; Spring admission is for students who do not hold a Bachelor of Business Administration, including those who received their bachelor's degree from an institution outside the U.S.

Master of Science in Human Resources Management:

- **Official Transcripts** - Official transcripts should be sent directly to The Graduate School from the college or university that awarded your bachelor's degree. Transcripts from any additional coursework since that time should also be submitted. ***If your degree-conferred transcript contains fewer than 100 hours of your undergraduate coursework, you will be required to submit all undergraduate transcripts. Any post-bacc or graduate level transcripts will also be required.*
- **Two (2) Recommendation Forms** - [Download Recommendation Form](#). Recommenders should submit the completed forms directly to the Graduate School via email at gradadmissions@hbu.edu. Recommendations must be from a professional or academic source. Forms from family members or friends will not be accepted. Recommendation forms must be sent directly from the recommenders to be considered valid.
- **Resume** - Email a current resume to the Graduate School at gradadmissions@hbu.edu.
- Fall admission is for students who hold a Bachelor of Business Administration; Spring admission is for students who do not hold a Bachelor of Business Administration, including those who received their bachelor's degree from an institution outside the U.S.

Master of Liberal Arts:

- **Official Transcripts** - Official transcripts should be sent directly to The Graduate School from the college or university that awarded your bachelor's degree. Transcripts from any additional coursework since that time should also be submitted. ***If your degree-conferred transcript contains fewer than 100 hours of your undergraduate coursework, you will be required to submit all undergraduate transcripts. Any post-bacc or graduate level transcripts will also be required.*
- **Two (2) Recommendation Forms** - [Download Recommendation Form](#). Recommenders should submit the completed forms directly to the Graduate School via email at gradadmissions@hbu.edu. Recommendations must be from a professional or academic source. Forms from family members or friends will not be accepted. Recommendation forms must be sent directly from the recommenders to be considered valid.
- **Resume** - Email a current resume to the Graduate School at gradadmissions@hbu.edu.

Master of Fine Arts:

- **Official Transcripts** - Official transcripts should be sent directly to The Graduate School from the college or university that awarded your bachelor's degree. Transcripts from any additional coursework since that time should also be submitted. ***If your degree-conferred transcript contains fewer than 100 hours of your undergraduate coursework, you will be required to submit all undergraduate transcripts. Any post-bacc or graduate level transcripts will also be required.*
- **Two (2) Recommendation Forms** - [Download Recommendation Form](#). Recommenders should submit the completed forms directly to the Graduate School via email at gradadmissions@hbu.edu. Recommendations must be from a professional or academic source. Forms from family members or friends will not be accepted. Recommendation forms must be sent directly from the recommenders to be considered valid.
- **Resume** - Email a current resume to the Graduate School at gradadmissions@hbu.edu.

- **Digital Portfolio** - Please submit a flash drive, CD or DVD with 20-30 high-resolution, JPEG samples of your work. You may mail your flash drive, CD or DVD to The Graduate School.

Licensed Professional Counselor (LPC) or Licensed Specialist in School Psychology (LSSP) Certification:

**Students who have previously earned a master's degree with psychology or counseling in the name can return to HBU to take the additional courses need to gain their LPC or LSSP certifications.

- **Official Transcripts** - Official transcripts should be sent directly to The Graduate School from the college or university that awarded your bachelor's degree. Transcripts from any additional coursework since that time should also be submitted. ***If your degree-conferred transcript contains fewer than 100 hours of your undergraduate coursework, you will be required to submit all undergraduate transcripts. Any post-bacc or graduate level transcripts will also be required.*
- **Two (2) Recommendation Forms** - Download Recommendation Form. Recommenders should submit the completed forms directly to the Graduate School via email at gradadmissions@hbu.edu. Recommendations must be from a professional or academic source. Forms from family members or friends will not be accepted. Recommendation forms must be sent directly from the recommenders to be considered valid.
- **Resume** - Email a current resume to the Graduate School at gradadmissions@hbu.edu.
- **GRE Required** - Take the Graduate Record Examination test (GRE). All portions are considered, including verbal, quantitative and analytical writing. Details on the test may be obtained from the Educational Testing Services website. The HBU GRE code is 6282. **You may be eligible for a GRE waiver if your undergraduate GPA is 3.0 or higher.*
- **Interview** - An admission interview is required.

Superintendent Certification (EDSU):

*Master's degree required

- **Official Transcripts** – All university and college transcripts are required. Official transcripts should be sent directly to the Graduate School from the college or university that awarded your bachelor's and master's degrees. Transcripts from any additional coursework since that time should also be submitted. **If your bachelor's degree-conferred transcript contains fewer than 100 hours of your undergraduate coursework, you will be required to submit all undergraduate transcripts.*
- **Teaching Experience** – A teacher service record with evidence of two (2) years of teaching experience and two (2) years of employment in a leadership position at the campus or district level
- **Certifications** – All educational certifications (must include principal certificate).
- **Recommendation Forms** – Recommendation forms from five (5) educators are required. Two (2) of these must be submitted by supervisors. Recommenders should submit the completed forms directly to the Graduate School via email at gradadmissions@hbu.edu. Forms from family members or friends will not be accepted. Recommendation forms must be sent in from the recommenders directly or they will be considered void. Download Recommendation Form.
- **Resume** – Email a current resume to the Graduate School at gradadmissions@hbu.edu.
- **GRE Required** – All portions are considered, including verbal, quantitative and analytical writing. Details may be obtained from the Educational Testing Services website. The HBU GRE code is 6282. Submitted test scores may not be more than five (5) years old.
- **Interview** – An admission interview is required.

International Student Admissions

An international student is defined as any student wanting to attend the University who does not have the classification of United States citizen or permanent resident status as defined by the Bureau of U.S. Citizenship and Immigration Services (USCIS). This student will attend HBU on a non-immigrant visa status, e.g., F-1, H-4, L-2, A-1, etc. An individual's immigration status determines whether the student must attend full-time. More detailed information can be obtained by contacting the Office of International Student Services at 281-649-3292, fax to 281-649-3217, or e-mail to goglobal@hbu.edu. All documents must be on file prior to admission consideration. HBU assumes ownership of all documents.

1. Application for admission must be completed and returned to the appropriate admissions department (Undergraduate Admissions Office or Graduate Admissions). Online submission of an application is strongly encouraged. Paper versions of our application can also be provided upon request. The Graduate School does not have a paper copy of the application; prospective students will complete an online application.
2. An official transcript must be submitted showing graduation from a secondary school or its equivalent for undergraduate applicants. An official transcript showing a degree from a regionally accredited college or university must be submitted for graduate admissions as well as official copies of transcripts from each post-secondary institution attended. Any undergraduate or graduate applicant who has attended a college or university outside the United States must have his or her transcripts sent to a university approved foreign evaluation service for a course-by-course evaluation and a grade point average calculation. A copy of the evaluation must be sent directly to HBU from the evaluation service. Freshman applicants must also complete this process of evaluation for all foreign high school transcripts. Names of approved evaluation services are available at www.hbu.edu/international. The transferring undergraduate student should have a minimum cumulative grade point average of 2.0 on a 4.0 scale for all undergraduate work. A graduate student applicant must meet the minimum grade point requirements of the specific graduate program.

In considering credit by transfer from other institutions, HBU places a premium on credits from regionally accredited institutions. However, HBU will also consider a request for transfer credit from institutions that are not regionally accredited. Applicants must submit transcripts from all institutions attended whether regionally accredited or non-accredited. Upon admission to the university, the student's course work will be reviewed for transferability and possible equivalent credit by the Transfer Specialist. Transfer credits from a non-accredited institution will be considered on a case-by-case basis pending an institutional review by the Transfer Specialist and the Office of the Provost. For all transferable work, the student must have earned a grade of "C" or higher.

All viable course work completed online will receive either specific course credit or elective credit after evaluation.

3. All international applicants must submit copies of all relevant immigration documents, including passport, visa, and I-94. Please refer to the International Admissions page of the HBU website for detailed information and requirements.
4. Please see the "Graduate Admissions" section of this catalog for the specific requirements as they relate to the appropriate graduate program of interest.
5. Holders of non-immigrant visas will be required to demonstrate English proficiency in one of the following ways:
 - SAT/ACT (requirement for all freshman applicants)
 - TOEFL
 - Successful completion of English Composition I and II from a regionally accredited institutions.

For Current or Seeking F-1 Students

Affidavit of Support International students must submit documentation verifying financial support.

Completed financial affidavit with a witness certifying the signature of the person providing the support. The amount of support that should be written on the financial affidavit for a single person is available at www.hbu.edu/international. If the student's dependents will travel to the U.S. with the student, add an additional \$5,000* per person for one year to the specific program amount.

A certified copy of the bank account of the person providing the support or a letter from a bank (in English showing the amount in U.S. dollars) confirming the required funds are available to the student while studying in the U.S. Students under twenty-one (21) years of age must have their financial affidavit signed by a sponsor over the age of twenty-one (21).

If the sponsor does not have sufficient funds in the bank, the sponsor should submit a letter from his/her employer on company letterhead. The letter should state whether the job is temporary or permanent, salary, date employment began and what the person's job is.

Immigration Documentation Students currently on an F-1 Visa must submit a copy of Visa, passport, I-94 (front and back) and issued the form I-20. Students seeking an F-1 are required to submit a valid copy of the student's passport.

Health Insurance. All undergraduate and F-1 seeking graduate international students are required to have medical insurance which is valid in Houston, Texas. Their coverage should include repatriation and medical evacuation, an ID card in English, and a claims submission address in the United States.

Students will be issued a form I-20 after the University receives all required documents and fees and the student has been accepted by the Admissions Office.

Visa classifications other than an F-1 student visa; please contact the office of International Student Services at (281) 649-3292 or by e-mail at goglobal@hbu.edu.

Financial Aid

Financial Services

HBU is a nonprofit educational institution and receives contributions from the Baptist General Convention of Texas and from Baptist churches, gifts from the local business community, and gifts from interested individuals and foundations. The tuition and fees paid by the undergraduate student cover only approximately fifty percent of the instructional and operating costs of the University. Though graduate students bear a proportionately higher percent of costs, their education is heavily underwritten by the University's development program. The University reserves the right to change tuition, fees, and charges should conditions make it necessary. Financial Services is open for business from 8:00 a.m.-5:00 p.m. Monday through Friday.

Tuition and Fees

Information regarding undergraduate and graduate tuition and fees can be found on the worldwide web at <https://www.hbu.edu/HBU/media/HBU/publications/FinancialAid/2015-16-Undergraduate-Tuition-Rates.pdf> and <https://www.hbu.edu/HBU/media/HBU/publications/FinancialAid/2015-16-Graduate-Tuition-Rates.pdf>. Or, you may call (281) 649-3471 to have information sent by mail.

Payment of Accounts

Tuition, room and board and fees are due and payable at the time of registration. Students must complete their financial arrangements with the Cashier's Office on/before the census date to prevent a \$250 late fee from being assessed and a hold placed on their student account. However, HBU does provide a deferred payment plan for the convenience of students and parents that are expecting any form of financial aid. (There is a \$25 per semester

enrollment fee to utilize the deferred payment plan but increases to \$50 after the census date.) The basis of the plan is as follows:

The total expenses of the semester (less any financial aid) are divided into monthly payments with each installment due on the 30th of each month. The month that the first payment is due is dependent upon the plan that the student selects.

Payments made in person may be in the form of cash, check, money order, MasterCard, Visa, Discover Card, American Express or debit cards. In addition, credit card/debit card payments are accepted by telephone during business hours. In addition, payments can be made online 24/7 by accessing their TouchNet account through HuskyNet.

Fees for tuition, room and board become the responsibility of the students in accordance with the refund policy below. Failure to make payments of any indebtedness to the University when due, including but not limited to tuition, housing or rental charges, student loans, special fees, library or parking fines, is considered sufficient cause, until the debt is settled with the appropriate office to (1) bar the student from classes, (2) withhold diploma or transcript, and (3) prevent further registration. This policy will be equally enforced against debts discharged through bankruptcy, as far as the law allows.

Refund Policy

The University plans its expenditures for the year based on the anticipated attendance of students enrolled. Its instructional and operating costs are not reduced by the withdrawal of a student after a semester has begun. A student who withdraws completely (except summer sessions) will receive a refund on tuition and fees (except non-refundable fees) in accordance with the following schedule:

Fall, 2015

- 100% Through August 23, 2015
- 90% August 24-August 30, 2015
- 75% August 31-September 4, 2015
- 50% September 5-September 8, 2015
- 0% September 9-December 11, 2015

Spring, 2016

- 100% Through January 18, 2016
- 90% January 19-January 25, 2016
- 75% January 26-January 31, 2016
- 50% February 1-February 3, 2016
- 0% February 4-May 13, 2016

General and technology fees are only refundable prior to the first day of class upon complete withdrawal. Course and special fees are non-refundable.

Cashier's Office Contact Information

Assistance from one of the staff members of the Cashier's Office is available Monday through Friday between 8:00 a.m. and 5:00 p.m. by calling (281) 649-3471. Our mailing address is: HBU, Cashier's Office, Atwood II-113, 7502 Fondren Road, Houston, TX, 77074-3298. Our Web address is <http://www.hbu.edu/Choosing-HBU/Admissions/Financing-Your-Education/Cashier-s-Office.aspx>, and our email address is cashier@hbu.edu.

Financial Aid

Financial aid may be in the form of loans, grants, scholarships, work-study awards, or a combination of all of these.

Although the primary responsibility for meeting postsecondary educational expense rests with students and their families, the financial aid programs listed below have been established to assist students who can establish need.

Procedures for Applying For Financial Assistance

1. File an application for admission to the university.
 2. File the Free Application for Federal Student Aid (FAFSA). Go to www.fafsa.ed.gov to submit the FAFSA. HBU code #003576.
 3. Submit to the Financial Services Office all requested documents needed to complete the aid application.
 4. Students must enroll at least half-time (six hours undergraduate or four hours graduate) to be eligible for federal loans.
- Financial aid is awarded on a first-come, first-served basis as funding permits. The amount of the student's award is based on a calculated financial need and annual limits as specified by program requirements. A student's financial need is determined annually by completing the Free Application for Federal Student Aid (FAFSA).

Student Aid Satisfactory Progress

Federal regulations require students to make satisfactory progress toward the completion of their degrees in order to receive Title IV aid. Title IV programs include the Federal Pell Grant, Federal Supplemental Educational Opportunity Grant, Federal Work Study, Stafford Loans, and Stafford Parent Loan for Undergraduate Students. See HBU's website for the Financial Aid Satisfactory Academic Progress Policy and specific requirements.

Dependency Status

Dependent students are considered to be financially dependent on their parents and must report parents' financial information as well as their own. A dependent student is one who does not fall into one of the categories given under the definition of an independent student.

An independent student reports only income information (and that of a spouse, if the student is married) when applying for federal student aid. Under the federal definition, an independent student is one who is 24 years old by December 31 of the award year, a veteran of the U.S. Armed Forces, an orphan or ward of the court, has dependents other than a spouse, married at the time of applying for aid, or is a graduate or professional student.

Renewal of Scholarships, Loans, Grants

Application for federal financial aid must be submitted each year. The renewing and awarding of loans, scholarships, grants, etc. is based on the student's current financial need, availability of funds, academic policy and standards set forth by the particular aid involved. Financial aid will be made reasonably available to all eligible student applicants as long as funds are available.

Deadline Dates

Financial aid applications must be submitted by the following dates in order to receive a financial aid award by registration:

April 1 is the preferred deadline for applicants to submit the FAFSA to the Federal Student Aid Programs. All requested documents should be submitted by April 15.

Disbursement of Financial Aid

Financial aid, with the exception of Federal Work Study, is disbursed at the beginning of each enrollment period. If the aid package is for a regular nine-month period, one-half is disbursed at the beginning of each semester.

University policy requires that all aid must be used first to pay general registration and maintenance fees, room and board or other institutional expenses. Financial aid is credited to the student's account first, and after direct costs such as tuition, fees, room and board are met, any excess aid is disbursed by the Cashier's Office.

Government Grants

Federal Pell Grants

This is the basic grant available to qualifying undergraduate students who have not earned a bachelors or professional degree. Funding comes from the federal government. All degree-seeking undergraduate students may apply by submitting the Free Application for Federal Student Aid (FAFSA). The annual maximum award is up to \$5,730 per academic year.

Supplemental Educational Opportunity Grant (SEOG)

Federal SEOG grants are intended to supplement other aid received. These grants are federally funded. Funds are awarded to a limited number of undergraduate students who demonstrate exceptional financial need. Recipients must submit the Free Application for Federal Student Aid (FAFSA). Grants may range up to \$1200 per academic year depending upon availability of funds.

Teacher Education Assistance for College and Higher Education (TEACH) Grant

This grant program provides grants of up to \$4,000 per year to students who intend to teach in a public or private elementary or secondary school that serves students from low-income families. In exchange for receiving a TEACH grant, students must agree to serve as a full-time teacher in a high-need field of a public or private elementary or secondary school that serves low-income students. Recipients of a TEACH Grant must teach for at least four academic years within eight calendar years of completing the program of study for which a TEACH Grant is received. All amounts of TEACH Grants received will be converted to a Federal Direct Unsubsidized Stafford Loan if the service obligation is not completed. The amount received plus interest would be repaid to the U.S. Department of Education. Interest would be charged from the date the grant(s) was disbursed if the grant is converted to a loan. TEACH Grant recipients will be given a six-month grace period prior to entering repayment if a TEACH Grant is converted to a Direct Unsubsidized Loan.

Tuition Equalization Grants (TEG) or Other State Grants

These grants are available to students who are Texas residents, full-time undergraduate students, and who demonstrate need. The annual maximum varies. Recipients of athletic scholarships or ministry-related aid are not eligible for the TEG. Students who were awarded the TEG before 9-01-05 must enroll for a minimum of six hours per semester. In all cases, students who receive TEG in their second year must have completed 24 credit hours and have a 2.5 cumulative grade point average at the end of the academic year in order to receive it subsequent years. Non-Texas residents should apply for a grant in the state of their residency. Recipients should submit the Free Application for Federal Student Aid (FAFSA).

Loans

Stafford Subsidized Loans for Students

The Stafford Subsidized Loan program provides a low interest loan to students who are attending HBU at least half-time in a degree or certification program and who demonstrate need. If you are eligible for a Stafford Subsidized loan, the federal government pays the interest on the loan while you are enrolled in school at least half-time, but repayment begins six months after dropping below half-time. The student is the borrower and must attend HBU

loan counseling before the first loan at HBU can be released. A first year student demonstrating financial need may borrow up to \$3,500 a year. A second year status undergraduate may borrow up to \$4,500 a year. Students who have achieved third or fourth year status may borrow \$5,500 a year. These loan limits are coordinated into the financial aid package, and may not exceed need. Maximum subsidized loan debt is \$23,000 for undergraduates, and \$65,500 for graduate or professional study, including amounts borrowed as an undergraduate student. Recipients must submit the Free Application for Federal Student Aid.

Stafford Unsubsidized Loan for Dependent Students

The same eligibility requirements as the Stafford Subsidized Loan apply except students do not have to demonstrate need. Applicants must seek aid from the Stafford Subsidized Loan before applying for the Stafford Unsubsidized Loan, and students can have this loan in combination with the Stafford Subsidized Loan. The student is responsible for the interest that accrues on the Stafford Unsubsidized Loan while in school and deferment periods. Some deferment options are available. A dependent student may, in addition to the subsidized loan limits, received an additional \$2,000 in unsubsidized loans. Recipients must submit the Free Application for Federal Student Aid (FAFSA).

Stafford Unsubsidized Student Loan for Independent Students

This loan is available to independent undergraduate and graduate students. The annual limit is \$4,000 for first and second year undergraduates. Students who have achieved third or fourth year status are eligible to borrow up to \$5,000 annually, and graduate students may borrow up to \$12,000 annually, not to exceed the cost of education. These amounts are in addition to the Stafford Subsidized Loan amounts.

The subsidized and unsubsidized Stafford Loan interest rates are variable and adjusted on an annual basis every July 1, but will not exceed 8.25%. The borrower will be assessed a small origination/insurance fee. Repayment of principal begins six months after the borrower ceases at least half-time enrollment. All loans must be repaid.

Federal PLUS Loans for Graduate Students (GRPL)

Like parent PLUS borrowers, graduate student PLUS borrowers will undergo a credit check before borrowing and will enter repayment on the date of the final loan disbursement. The maximum amount varies, there are some deferment options available, and the interest rates vary. Recipients must submit the Free Application for Federal Student Aid (FAFSA).

Federal Parent Loan for Students (PLUS)

This loan is for parents of undergraduate students who are enrolled at least half time. A credit-worthy parent is the borrower. Repayment begins while the student is in school. The maximum amount varies, there are some deferment options available, and the interest rates vary. The student of the parent must submit the Free Application for Federal Student Aid (FAFSA).

Deferments and Loan Terms

Stafford loan borrowers may have a deferment for circumstances such as half time study at a postsecondary school, student in an approved graduate fellowship program, unable to find full time employment, or economic hardship. All borrowers should refer to their promissory notes for details of the terms, and interest rates.

Employment

Federal College Work Study (CWS)

Federal College Work Study is a federal program that allows students who demonstrate need to earn money to help pay for educational expenses. The total CWS award depends on your need, the amount of money the university has for this program, and the amount of aid received from other programs. Students earn minimum wage for most positions and are paid bi-monthly. A portion of the Federal Work Study funding is allocated to positions that perform community service duties. The work-study award does not guarantee employment. Students must apply and be hired for a position in order to receive the work study award and the amount of money earned cannot exceed the award total. Available work study positions are posted on the Hire a Husky system available through HBU's website. Awardees should contact the Financial Aid Office at (281) 649-3749 for additional information.

Federal Aid Eligibility

To receive student financial aid from these federal programs, the student must:

1. Be enrolled in a degree or certificate program or other program leading to a recognized educational credential, or in a program of study abroad approved for credit at HBU.
2. Be a U.S. citizen or an eligible noncitizen. An eligible non-citizen is one who is: (1) a U. S. permanent resident with an Alien Registration Receipt Card (I-551); (2) a conditional permanent resident (I-551C); or (3) another eligible noncitizen with an Arrival-Departure Record (I-94) from the Department of Homeland Security showing any one of the following designations: refugee, asylum granted, parolee, or Cuban-Haitian entrant.
3. Be registered with Selective Service if the student is a male who is at least 18 years old but not yet 26 years old.
4. Be making satisfactory academic progress.
5. Not be in default on any loan or owe a refund on any grant made under Title IV of the Higher Education Act of 1965 as amended, at any institution.
6. Sign a statement of educational purpose indicating that federal student aid funds will only be used for expenses related to attending the university.
7. Not have borrowed in excess of annual or aggregate limits on any Title IV loan.
8. Not be simultaneously enrolled in an elementary or secondary school.
9. Demonstrate financial need if applying for a need-based award, such as the Federal Pell Grant.

Institutional Scholarships

Merit Scholarships (Freshmen)

New full-time HBU freshman admits will be considered for one of the following awards. Scholarship and grant recipients must meet all university requirements for regular admission to the fall or spring semester. The SAT is calculated using the highest Critical Reading and Math sub-scores only. In the absence of class rank, the grade point average is used to calculate merit awards.

Founders Academic Scholarships

Based on a combination of SAT/ACT score and rank in class. Recipients of the Founder's Academic Scholarship are expected to maintain a 3.0 cumulative HBU grade point average for renewal in subsequent years.

\$15,000 per academic year

Presidential Academic Scholarships

Based on a combination of SAT/ACT score and rank in class. Recipients of the Presidential Academic Scholarship are expected to maintain a 3.0 cumulative HBU grade point average for renewal in subsequent years.

\$14,000 per academic year.

Legacy Scholarship

Based on a combination of SAT/ACT score and rank in class. Recipients of the Legacy Scholarship are expected to maintain a 2.5 cumulative HBU grade point average for renewal in subsequent years.

\$13,000 per year.

University Grants I and II

All unconditionally accepted freshmen who do not qualify for a scholarship listed above. Recipients of a University Grant must maintain a 2.5 cumulative HBU grade point average in subsequent years.

\$6,000 or \$4,000 per year.

Achievement Awards

New full-time freshmen will also be eligible for an additional Achievement Scholarship at four different levels, based upon the following test scores. The SAT is calculated using the highest Critical Reading and highest Math sub-scores only.

Recipients of an Achievement Award are expected to maintain a 3.0 cumulative HBU grade point average for renewal in subsequent years.

Level 1 - \$7,500 per year – 1500-1600 SAT or 34-36 ACT

Level 2 - \$6,500 per year – 1400-1490 SAT or 32-33 ACT

Level 3 - \$5,500 per year – 1300-1390 SAT or 29-31 ACT

Level 4 - \$4,500 per year – 1200-1290 SAT or 27-28 ACT

Transfer Merit Scholarships

A new full-time transfer student who has 15 credit hours after high school graduation will be considered for the following transfer awards:

Provost's Scholarship for Transfers

\$12,000 per academic year

3.5-4.0 cumulative transfer grade point average

Dean's Scholarship for Transfers

\$10,000 per academic year

3.0-3.49 cumulative transfer grade point average

Transfer Grant

\$3,000 per academic year
2.5-2.99 cumulative transfer grade point average

Phi Theta Kappa Scholarship

\$3,000 per year
Members in good standing with Phi Theta Kappa as a new transfer student to HBU.

Church Matching Award

A limited number of awards are available for new students. Christian churches in Texas may contribute scholarship dollars to a full-time, undergraduate student. The University will match dollar for dollar up to \$1,000 per student for monies contributed per academic year. The scholarship is available for a maximum of four years and is not applicable for summer enrollment. The total HBU value of the award is \$4,000.

Ministerial Dependents Grant

A limited number of grants are available for dependent children of ordained Baptist ministers and missionaries. Proof of ordination and current full-time ministry are required, and the students must be regularly admitted students. Documents must be sent to the Office of Scholarships. Recipients must maintain a 2.8 cumulative GPA to retain the scholarship. The scholarship is available for a maximum of 12 semesters and is not applicable for summer enrollment.

Talent-Based Aid

These grants are available to undergraduate students who can contribute special abilities or services to the University. Talent awards may vary and a limited number are available. Contact the respective University department for more information.

Ministerial Financial Assistance Scholarship (BGCT- MFA scholarship)

The MFA scholarship is available to Baptist undergraduate ministerial students and Baptist students planning to enter some church-related profession. The annual maximum award is \$50 per credit hour for freshmen and sophomores, \$75 per hour for juniors and seniors, and \$100 per hour for MATS and MABL students. Students must fill out an application and renew the scholarship annually. Second and consecutive renewal applications must be accompanied by evidence that the student is active in a church that cooperates with the Baptist General Convention of Texas (BGCT). Students receiving the Texas Equalization Grant (TEG) are not eligible for the MFA scholarship. For additional information, contact the School of Christian Thought at 281.649.3383.

Veterans

Students who are veterans are also eligible for VA benefits. Inquiries should be addressed to the VA Coordinator in the Office of the Registrar at HBU.

Graduate Financial Aid

Financial aid is available to the graduate student from several sources. Many students receive aid through their company's tuition reimbursement program. The applicant should check this source to determine eligibility. Loans are available to candidates through the Stafford Direct Loan and Graduate PLUS Loan programs.

For financial aid purposes, nine or more semester hours of credit is considered full-time enrollment; five or more hours is considered half-time enrollment. See Financial Aid for a more complete description of some of these programs.

Financial Aid Contact Information

Assistance from one of the staff members of the Financial Aid Office is available Monday through Friday between 8:00 am and 5:00 pm by calling (281) 649-3749. Our mailing address is: HBU, Financial Services Office, Atwood II-112, 7502 Fondren Road, Houston, TX, 77074-3298. Our web address is www.hbu.edu and our email address is financialaid@hbu.edu.

Academic Policies, Procedures and Resources

Academic Accommodations

Houston Baptist University complies with the Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973 regarding students with disabilities. Any student who needs learning accommodations should inform the professor immediately at the beginning of the semester that he/she will be requesting accommodations. In order to request and establish academic accommodations, the student should contact the Director of Testing and Disability Services at 504@hbu.edu to schedule an appointment to discuss and request academic accommodation services. Academic Accommodations must be applied for and written each semester. If academic accommodations are approved, a Letter of Accommodations will then be sent to the professor(s). Please refer to the website, www.hbu.edu/504 for all accommodation policies and procedures.

Academic Advising

The advising process is designed to help the student make important decisions related to academic progress and career aspirations. All HBU students should become familiar with their advisor and the advising process. Undergraduate Advising Procedures: During the freshmen and sophomore years, all students (except those in the College of Science and Mathematics) are assigned a Core Advisor, a faculty advisor who can help navigate the Liberal Arts Core Curriculum and counsel students on all academic matters, broad career and vocational interests, etc. Sometime during the sophomore year, students with declared majors will transfer to a Major Advisor, a faculty advisor who specializes in the student's particular field of interest or allied field. The Major Advisor assists the student in planning major-specific educational and career goals. (Students in the College of Science and Mathematics work with a Major Advisor from the freshmen year forward.) Students may see advisors ("Core" or "Major," as assigned) to:

- discuss academic successes, failures, or other issues that may affect academic progress
- select courses for each semester
- consider a change of major or minor
- file a degree plan
- discuss educational and career goals, and
- provide personal encouragement and support.

All advisees are expected to avail themselves of these mentoring services in order to graduate from HBU in a timely manner since the student is ultimately held responsible for fulfilling his or her degree plan requirements. Failure to utilize these advising services may result in graduation delays, insufficient progress toward completing a degree, and other possible complications.

Every HBU student **MUST** schedule a personal academic advising session each semester during his or her advisor's office hours in advance of early registration. The advisee will receive a PIN (Personal Identification Number) at the

conclusion of this visit, and once early registration for classes in the upcoming semester begins, the advisee will use this PIN to sign up on-line for his or her desired courses. All students are strongly encouraged to make these course schedule decisions with their assigned advisors in a judicious way. The PIN will allow "advised" students to change their course choices at any time during the open registration period without incurring any Add / Drop fees (see [Fee Schedule](#)).

Graduate Advising Procedures

Graduate students must also meet with their advisor and register once early registration opens to ensure that the classes they were advised to take are available to them. All students are strongly encouraged to make these course schedule decisions with their assigned advisors in a judicious way. Students should see advisors to:

- discuss academic successes, failures, or other issues that may affect academic progress
- select courses for each semester
- consider a change of major or minor
- file a degree plan
- discuss educational and career goals, and
- provide personal encouragement and support.

It is the student's responsibility to schedule advising appointments. Failure to utilize these advising services may result in graduation delays, insufficient progress toward completing a degree, and other possible complications.

Academic Grievance Policy

A student may file an academic grievance if he or she believes a grade was awarded improperly or for any academic grievance matter. The formal process is described below and must be followed by all parties in order to resolve a dispute. No one—student or faculty member—is permitted to ignore the process, follow it out of order, or appeal to authorities such as the President or Provost.

1. The student should make an appointment with the faculty member in question to discuss the matter in person. The student is advised to keep his or her advisor apprised of the matter but this is not a requirement at this point. It is appropriate to try to resolve differences amicably and in person if at all possible before seeking to raise the matter to a higher level of authority than the classroom instructor. This is especially true at a Christian institution. If the student is concerned that a private meeting with the instructor will create antagonism, the student may skip to Step 2, but the student must make this concern known to the chair who controls Step 2 and explain in detail why he or she believes this to be the case.
2. If the student continues to dispute the grade after the face-to-face meeting, the student may bring the matter to the chair of the department in which the course is located. This step requires the student to make a written appeal to the chair. At this step, the student must provide his or her advisor with a copy of the appeal (and the instructor if Step 1 was omitted). The chair will review the student's concern and consult with the classroom instructor, either individually or with both present. The chair will respond formally to the student and the instructor in writing of the chair's recommendation and notify the Dean of the action.
3. If the student is unsatisfied with the chair's recommendation, the student may bring the matter to the Dean of the College in which the department resides—again, in writing. The Dean will review the written appeal and consult with the chair, the classroom instructor, the advisor and the student, either individually or in a group as the Dean deems appropriate. If the student requests, and the Dean agrees, a Standards Committee will be formed by the Dean who will serve as chair of the committee. The membership of the committee is composed of all parties heretofore mentioned, as well as any other faculty members the Dean deems appropriate; no students other than the student making the complaint should be involved in any way. The Standards Committee hears the presentation of both parties. No legal representation or any other parties are allowed. After hearing both sides and after deliberation, at which time some parties may be excused from

the room, the Committee, through the Dean serving as chair, will render a judgment as to what it advises should be done. The Committee has no coercive authority to force the change of a grade; the purpose of the process is to bring clarity to all sides and allow a thoughtful and informed response from the disputants. The hearing aspect of the Committee process serves to assure integrity in the assigning of grades to students by faculty. The hearing and the rendering of a judgment to advise is the end of the process and no appeals to change a grade should be made to the Provost or the President. If a student wishes to take the step of contacting the Provost (the President is not to be contacted in these matters), the Provost will make a judgment as to whether to accept the appeal. If the Provost does agree to hear the matter, he or she will only consider two allegations: 1) that the process itself is unfair; 2) that the student was not treated fairly in the process. The burden will be on the student to demonstrate with facts and evidence that the process or the treatment was unfair. To repeat, the Provost will not hear an appeal to change a grade. Depending on the Provost's findings, the matter may be returned to the Standards Committee for further review.

4. Throughout this process, if a student wishes to ask an HBU faculty member or an HBU administrator to serve as an advisor, that is permissible, but both the student and the advisor must make this fact known to all parties involved in the academic grievance process. At no time should any HBU employee advise a student anonymously or write an appeal document.
5. If a student questions any grade as recorded in the Registrar's Office, the student has a period of one (1) year beginning with the end of the term in which the grade was awarded, or six (6) months after the degree is conferred (whichever comes sooner), to challenge the accuracy of the grade.

Academic Integrity Policy

Academic integrity is valued at HBU and is at the very heart of the nature of the University as a Christian Liberal Arts Institution. It is the responsibility of all students, faculty, and staff to demonstrate academic integrity. The Academic Integrity policy is designed to promote "the development of moral character, the enrichment of spiritual lives, and the perpetuation of growth in Christian ideals" (HBU Preamble).

In practice, academic integrity means holding oneself to the highest ethical standard in all academic pursuits – doing all individual work alone, relying on one's own knowledge during assessments, engaging truthfully with others, following all university policies and procedures, and encouraging this behavior in fellow students.

Upholding academic integrity provides experience that trains students to act with integrity in all areas of their lives. It is not considered "grace" to allow students to bend rules or act unethically without consequence; to do so violates faculty and staff's obligation to "train the mind, develop the moral character, and enrich the spiritual lives" (HBU Preamble) of students.

Academic Dishonesty Defined

As a Christian university, HBU views any act of academic dishonesty as a violation of the University's fundamental principles. Academic dishonesty occurs when a student:

1. submits the work or record of someone else as his own;
2. copies another's quiz or exam answers, laboratory work, or written assignments (e.g., homework);
3. willfully cooperates with or seeks aid from another student during an academic assessment;
4. has special information for use in an evaluation activity that is not available to other students in the same activity;
5. accesses unauthorized materials during an exam (e.g., cell phone, textbook, prohibited calculators)
6. a student copies, uses, buys, sells, or otherwise shares any part of an academic assessment (e.g., an exam);
7. works together with other students on assignments that are clearly intended to be individual in nature;
8. prepares assignments (e.g., papers) for another student to turn in as his/her own work;
9. submits work as his/her own when it is not (i.e., plagiarism). This includes quoting or paraphrasing another's work or ideas without citing and referencing appropriately;
10. submits work for one class that has largely been prepared for and submitted for a grade in another class;

11. falsifies or fabricates data or information;
12. falsifies or fabricates fieldwork documentation (e.g., internship hours).

Other forms of academic misconduct include:

1. destroying, concealing, stealing, or otherwise abusing resource materials (e.g., library books);
2. computer misuse, including illegal use or destruction of computer software or hardware, downloading, emailing, or otherwise accessing unauthorized material (e.g., pornographic content, gambling programs), accessing any computer through a login that belongs to someone else, or otherwise engaging in inappropriate or illegal activity (e.g., hacking, tampering with network, harassment);
3. unauthorized copying or distribution of copyrighted materials;
4. engaging in research activities with human subjects without the approval of the Research and Development Committee ;
5. classroom misconduct, i.e., any conduct which is disrespectful, harassing, aggressive, or otherwise substantially disrupts the progress of the class in the judgment of the instructor.

Possible Actions

It is the responsibility of the faculty member or academic administrative officer to establish clearly whether academic dishonesty or misconduct has occurred. In all cases, the faculty member shall report the incident to the Dean of the College or School. In the case of admissions testing or documentation, the student may be barred from admission by the University Admissions Committee. The student may appeal the action in the case of a classroom violation to the Dean of the College or School involved or to the Director of Admissions in the case of admissions testing or documentation violations.

A Standards Committee within each College or School will serve as a hearing committee to assure that the student receives a fair hearing in matters of grade appeal. The committee may take further action when academic dishonesty has occurred or may recommend further action to the Provost or a standing University committee (i.e., Academic Affairs or Admissions Committees). In the cases of serial violations, or academic dishonesty in which the influence extends beyond the boundary of a single course, the Provost, may suspend a student from the University for cause.

Students may not receive a “W” for courses in which they have been found guilty of a violation of the Academic Integrity Policy. If a “W” is received prior to a guilty finding, the student will become liable for the Academic Integrity penalty, including a grade of “F”.

The instructor in every class will notify students of the policy regarding academic dishonesty at the beginning of each term. However, students are responsible for knowing and following these policies in all cases. Inclusion in this Catalog is considered sufficient notice to all students of University policy and procedures in this matter. The student should be aware that suspension from the University or other administrative action may be taken in cases of academic dishonesty or misconduct.

Academic Load

Undergraduate Academic Load: The minimum number of semester hours (125) required to complete an undergraduate degree at HBU suggests that a student must average approximately sixteen to seventeen (16-17) hours each semester to make normal progress toward degree completion in a four-year period. For the undergraduate programs, the minimum load for full-time enrollment is twelve (12) undergraduate semester hours with an allowed maximum of nineteen (19) semester hours; 6 hours is required for the student to be enrolled half-time for the semester. The normal course load per semester for undergraduate students is 15-18 semester hours. The faculty advisor and appropriate Dean must approve credit hour overloads.

Schedules for more than 19 semester hours may only be permitted if one or more of the following criteria are met:

- The student has a 3.0 GPA (B average) on all courses completed and for the immediately preceding semester.
- The student has a 3.25 GPA for the preceding semester; or
- The student is a last-term senior in good standing.

The privilege of taking more than 19 hours will not be allowed if grades drop with the overload. A desire to meet a specific graduation date is not, in itself, sufficient reason to request the privilege of a greater than normal load.

The maximum credit for any summer is fourteen (14) hours which must be earned in not more than four courses. Five full courses will not be permitted for any reason whether taken in residence or by transfer. Students may not earn credit for more than two courses for a maximum of seven (7) hours in any one term.

Graduate Academic Load

A graduate student who is enrolled for nine or more graduate semester hours during the semester is considered to be a full-time student. Twelve semester hours is the maximum load per semester during the fall and spring semesters with nine hours the preferred average maximum. Graduate students enrolled in particular programs of study must meet the particular enrollment requirements of that specific degree program for each semester of enrollment. During the summer session only, a graduate student with a minimum GPA of 3.25 will be allowed to register for a maximum of twelve (12) semester hours provided that no more than seven hours be undertaken in a five-week summer term. Two courses per term may be allowed with permission. Overloads must be approved by the faculty advisors and College/School Deans. Registration in 6 graduate credit hours is considered a half time load and enables the graduate student to be financial aid eligible.

Academic Probation

Any undergraduate student who has failed to earn the cumulative scholastic levels designated above and who is ineligible for Academic Warning will be placed on Academic Probation and removed from the list of degree candidates until the appropriate cumulative standing is attained. A student on Academic Probation must earn a 2.00 GPA standing in the current semester to be eligible to continue in enrollment beyond that semester. Removal from Academic Probation requires that the student meets the required scholastic levels as set forth in the "Scholastic Standing" section of this Catalog. Students on Academic Probation are not eligible to represent the University unless they receive a waiver from the Provost.

The University Admissions Review Board may consider transfer students who are eligible to return to their prior institutions but who fail to attain minimal University standards. To be considered, the student must submit a personal statement, and two (2) academic letters of recommendation before the last Monday of the semester before the semester for which the student seeks admission. Any student so admitted will be admitted on Academic Probation and must attain good standing within one semester.

Notification of the action will be sent to the student and the faculty advisor and will be recorded on the student's permanent transcript.

Graduate students seeking information on academic probation see the "Academic Standing-Graduate" section of this Catalog.

Academic Standing

The Registrar's Office will maintain a cumulative record of the grade point standing of each student.

Regularly-Admitted Students are students have met or exceeded the minimum requirements for admission. Conditionally-admitted students are students who are admitted through the Admissions Review Board

because they did not achieve the acceptable minimum requirements for regular admission and are subject to the "Conditional Admission Agreement".

In the first semester that any student fails to achieve the acceptable minimum GPA, he/she will be placed on academic warning. If the student fails to achieve the acceptable minimum GPA in his/her second semester, he/she will continue on academic warning for the ensuing semester. If the student fails to achieve the acceptable minimum GPA in his/her third semester at HBU, he/she will be placed on academic probation. Finally, if the student fails to achieve the acceptable minimum GPA in his/her fourth semester, he/she will be placed on academic suspension.

An undergraduate must attain the following acceptable minimum GPA:

Undergraduate Acceptable Minimum GPA	
0-28 hours	1.6
29-47 hours	1.75
48-66 hours	1.9
67 hours and above	2

The grade point average on which scholastic standing is based is determined by dividing the number of grade points earned at HBU by the number of semester hours attempted at HBU, with repeated courses considered only once in the cumulative calculation. An undergraduate student who does not have a 2.00 cumulative standing may not be considered as a candidate for a degree. A student must maintain the cumulative academic standing specified for a classification to be eligible to represent the University, unless he or she receives a waiver from the Provost.

Graduate Academic Standing

Every graduate student enrolled in graduate programs is required to maintain a high level of performance and to comply fully with policies of the University. Students who are admitted to a degree program with stipulations are subject to compliance with those requirements. Failure to fulfill the conditions stipulated at the time of admission will result in suspension from the University. If a graduate student's cumulative grade point average falls below the acceptable minimum GPA, the student will be placed on academic probation. A 3.0 average is the minimum requirement of the University for graduate students to be a candidate for graduation; individual academic programs may impose a higher grade point average for continuance in specific programs. Probationary status can be removed only when the cumulative GPA reaches the acceptable minimum GPA. Each student placed on academic probation must achieve a minimum 3.0 GPA during the student's current enrollment or he or she will be suspended and will not be allowed to apply for readmission until at least one full semester has passed.

A graduate must attain the following acceptable minimum GPA:

Graduate Acceptable Minimum GPA	
0-9 hours	2.5
10-18 hours	2.75
19 hours or above	3

Readmission is not guaranteed after a student has been suspended. When reapplying after suspension, the student must submit a personal written statement addressing the student's efforts to improve during the upcoming semester and plans for improved academic performance in the program, provide two letters of recommendation to the Department Chair/Program Director, and schedule an interview with the Department Chair or Program Director. If admission is denied by the Chair/Director of the program, the student may appeal the decision in writing to the Dean. If admission is denied by the Dean, the student may appeal the decision in writing to the university's Graduate Admission Review Board. A student who is suspended for a second time is not eligible for readmission.

The grade point average on which scholastic standing is based is determined by dividing the number of grade points earned at HBU by the number of semester hours attempted at HBU, with repeated courses considered only once in the cumulative calculation. A graduate student who does not have a 3.00 cumulative standing may not be considered as a candidate for a degree. A student must maintain the cumulative academic standing specified for a classification to be eligible to represent the University, unless he or she receives a waiver from the Provost.

Academic Success Center

The Academic Success Center (ASC) provides services to all Houston Baptist University students. The ASC promotes student success by providing academic tutoring services for students in all majors. ASC also supports the early alert program, implemented to assist at-risk students through the assortment of challenges facing College students. The Academic Success Center is located in the Moody Library and can be found at hbu.edu/ASC.

Academic Suspension

An undergraduate student on academic probation who fails to attain a 2.0 GPA standing in the current semester will be suspended and may not apply for readmission until at least one (1) full semester has passed. A student who is suspended must submit a re-entry application at least one (1) month before the next semester begins. A personal statement of approximately 250 words and two letters of academic recommendation must support the student's application for re-entry. After receipt of these documents by the Office of Admissions, an interview with the Director of Admissions will be scheduled. A student on first suspension will be readmitted at the Director's discretion. If admission is denied, the student may appeal in writing to the Admissions Review Board. Students who are placed on academic suspension will be notified of that action in writing. The action will be recorded on the student's permanent record.

A student who is suspended for a second time may not be readmitted until at least two semesters have passed. A student on second suspension must submit a re-entry application at least one month before the semester for which admission is requested begins. When reapplying after second suspension, the student must submit a personal statement of approximately 250 words in writing to the Admissions Review Board. Two (2) letters of academic recommendation must support the student's application.

A student on second suspension is strongly encouraged to enroll in at least twelve (12) hours at another regionally-accredited institution during the two (2) semesters the student is sitting out. The student should achieve a cumulative grade point average of at least 2.5 to improve their opportunity to be reinstated at HBU by the Admissions Review Board. Any course in which the student has earned a grade of "F" at HBU cannot be repeated at another institution for transfer credit at HBU. For the re-entry application to be processed, an official transcript must be sent directly from the institution to the Office of Admissions.

A student who is suspended for a third time is not eligible for readmission.

A student who is admitted after a suspension must earn a 2.0 GPA standing in the current semester to continue. Such a student will be readmitted on academic probation and will maintain that status until the required scholastic levels as set forth in the "Scholastic Standing" section of this Catalog are met.

Graduate students seeking information on academic probation see the "Academic Standing-Graduate" section of this Catalog.

Academic Warning

Academic warning applies to any student failing to maintain the acceptable minimum GPA at the end of their first or second semester. Notification of the action will be sent to the student and the faculty advisor and will be recorded on the student's permanent transcript.

Administrative Drop of a Student from a Course

The Registrar may administratively drop a student from a course, via an Add/Drop form, with the approval of the instructor, the advisor, and the Dean of the College or School in which the course is taught. The administrative withdrawal of a student from a course may occur only through the last day for dropping a course with a grade of "W," usually the first day of the eighth week of a Fall and Spring semesters, or All-Summer semester, and the 15th day of the First or Second summer sessions. These dates are specified for each academic semester in the calendar at the beginning of this Catalog. A student may be withdrawn from a class for reasons including, but not limited to, the following:

1. If the prerequisites or co-requisites as listed in the current HBU Catalog for the course from which the student is being withdrawn have not been met.
2. If there are circumstances beyond the student's control (serious illness, accident, etc.) that will involve excessive absences in the course from which the student is being withdrawn.
3. The student has not attended a class up to the census date, or other matters pertaining to financial aid and compliance with law.

Dropping or withdrawing from the University are serious matters and cannot be accomplished by email, phone calls, voice messages or purporting to have told someone at the University that the student is not returning or has chosen not to attend. Formal rules and documents must be fulfilled to drop or withdraw with the approval of the Registrar's office required.

Americans with Disabilities Act

Houston Baptist University complies with the Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973 regarding students with disabilities. Any student who needs learning accommodations should inform the professor immediately at the beginning of the semester that he/she will be requesting accommodations. In order to request and establish academic accommodations, the student should contact the Coordinator for Learning Disability Services at 504@hbu.edu to schedule an appointment to discuss and request academic accommodation services. Academic Accommodations must be applied for and written each semester. If academic accommodations are approved, a Letter of Accommodations will then be sent to the professor(s). Please refer to the website, www.hbu.edu/504 for all accommodation policies and procedures.

Application for Degree (Graduation)

Each student must file an application for graduation in the Registrar's Office at least two (2) semesters before the date graduation is expected. The application for graduation will verify the name as it should appear on the diploma, the date the degree is expected, and the major fields of interest to be completed as a part of the degree requirements. The Registrar will perform an audit of the student's degree requirements and notify the student and his or her advisor of the course work and other requirements the student still needs to complete.

Attendance Requirements

Regular attendance in class is important for student success, and it is university policy that students must attend class. Faculty members are responsible for maintaining complete and accurate attendance records for each student. Absences are recorded beginning from the first class session after the student has enrolled in the course. Professors are not obligated to allow students to make up work they miss due to unexcused absences. Any student who does not attend at least 75% of the scheduled class sessions will receive a grade of "F" for the course, regardless of his performance on other assessments such as tests, quizzes, papers, or projects. Professors may apply additional attendance policies as appropriate to individual courses. Likewise, the College or School may also apply additional attendance requirements as necessary. In either case, all applicable attendance policies will be stipulated in the course syllabus.

Excused Absence Policy

Students represent Houston Baptist University through participation in university sponsored or sanctioned activities such as the arts, music, and intercollegiate athletics. When the activity schedule occasionally conflicts with academic obligations, student-participants and their sponsors will follow a standard protocol to provide faculty members with prior, written notification of their administratively excused absences from classes. Faculty members will determine, in consultation with student-participants, how missed classes and assignments are made-up in a manner that fulfills academic obligations and accommodates the obligation of the student to participate in a university activity. Except for excused absences (see below), student-participants have the same responsibility with regard to class attendance and assignments as do all other students. Houston Baptist University is committed to the philosophy that academic events, artistic performances, and intercollegiate athletics are an important part of the institution's mission to provide diverse educational opportunities to our students. The University recognizes that there may be occasions when, due to a scheduled event, a participating student must miss a class with an excused absence

Definition of an Excused Absence

- This policy for University excused absences applies to participation as an athlete, manager, student trainer, student coach, or graduate assistant in NCAA intercollegiate competitions, or participation as a representative of Houston Baptist University at academic events and artistic performances approved by the Provost or designee.
- Practice or rehearsal for any event is not eligible for consideration as an excused absence.
- This policy excludes those academic endeavors that require the completion of a predetermined number of clock hours. Departmental practices and procedures of each College should be consistent with this policy as much as possible in order to be sure that the University serves student needs.

Activity Director or Head Coach Responsibilities

- Head Coaches or the faculty member in charge of a university activity shall inform instructors of dates which students will miss class due to an excused absence well in advance of the date of that anticipated absence. For activities such as athletic competitions where schedules are known prior to the start of a semester, coaches must provide instructors by the second week of each semester a written schedule showing days in which students expect to miss classes. For other university excused absences, the faculty or staff member in charge must provide each instructor at the earliest possible time the dates that students will miss.
- It must be understood that travel plans may change due to unforeseen circumstances. In each case, the head coach or director will make every effort to notify the instructor as soon as possible.
- The HBU Athletic Affairs Committee has also developed an Administratively Approved Absence Form to be distributed to all professors of student-participants detailing absence information. This form comprises a list of times and dates when a student-participant will be administratively excused from a class during that semester. It is developed by the Head Coach or sponsor and checked by the Athletic Director or Dean of the sponsor.

Student Rights and Responsibilities

- Regular and punctual class attendance is essential. Do not miss class for other reasons. Be in class every day.
- Make-up work for University-excused absences
 - It is the responsibility of the student to request from the instructor an opportunity to complete missed assignments, activities, labs, examinations or other course requirements in a timely manner.
 - The student should set up an appointment with the instructor to discuss an action plan designed to meet any missed course requirements during the time of the excused absence. The timing of this meeting should take place at the discretion of the instructor.
 - Students are responsible for all material covered in classes that they miss, even when their absences are excused, as defined above.

- Missed classroom activities will be rescheduled at the discretion of the instructor. When possible, missed class work should be completed prior to leaving for an excused academic activity.
- Students should be aware that excessive absences—whether excused or unexcused—may affect their ability to do well in their classes.

Faculty Responsibility

- Instructors are responsible for taking attendance and for providing students with an equitable way to make up missed work due to an absence excused by this policy.
- Instructors should inform students in a timely manner of procedures to make up missed work, e.g., including the information in the course syllabus.
- Instructors may not penalize students for absences excused by this policy.

Violation of Academic Conduct Regulations

- Falsifying information or documentation in order to obtain an excused absence is considered a violation of the Code of Student Conduct and Academic Conduct Regulations.
- Sharing information about a make-up examination or quiz with other students is deemed a violation of the Code of Student Conduct and Academic Conduct Regulations.
- Anyone found responsible for falsifying information or documentation in order to obtain an excused absence or sharing examination or quiz information may receive a course grade of zero, as determined by the course instructor, in addition to any sanction(s) imposed by the administration.

Center for Global Initiatives in Education (CGIE)

Study abroad activities are facilitated through the Center for Global Initiatives in Education. It supports existing HBU international travel programs as well as assists students pursuing other educational ventures overseas. Dozens of undergraduate and graduate students from across the academic spectrum trek around the globe each year to acquire cross-cultural skills and earn academic credit as they study, teach, tour, intern, volunteer, participate in institutional exchanges, and visit foreign destinations. "Going Global" to make our world "our campus" not only allows students to write their own learning and life-changing educational adventure stories, but also helps fulfill HBU's Ten Pillars Vision and the University's Mission statement.

Challenge Examinations

Challenge examinations are used to validate mastery of content (1) gained many years previously or (2) gained in part through co-curricular means. **The University's policy disallowing life experience credit prohibits this option from being open to students who can show no formal study of the content area at the College level.** For those who have some formal College study plus independent study or gained expertise, the challenge exam presents a viable option. The Registrar's Office is the coordinator of all activity in this respect.

After the exam has been taken, the student should secure a form from the Registrar's Office for credit to be posted on their academic transcript.

Required scores for specific tests are stated in the current Catalog found on the website. A grade of "CR" is entered on the transcript of the student who achieves the required score and the appropriate number of semester hours of credit awarded. At the graduate level, credit does not apply to degree requirements but does allow program admission based on the fulfillment of prerequisites.

In the event that another testing vehicle is proposed other than those listed under the Advanced Placement heading in the current Catalog found on the website, the University Registrar will serve as the approval agent. Such a proposal should contain descriptive information as to the nature of the examination, grading standards, and

comparability to the CLEP tests. The proposal should contain the signature of the program director and the appropriate Dean before going to the University Registrar. Failure to meet necessary deadlines will not be considered justifiable grounds for substituting for the CLEP test.

CLEP tests may be used to meet prerequisite requirements for graduate courses at the discretion of the Dean.

Classification of Undergraduate and Graduate Students

Classification of Undergraduate Students	
Freshman:	Fewer than 32 semester hours of credit
Sophomore:	At least 32 and not more than 63 semester hours
Junior:	At least 64 semester hours and an approved degree plan on file with the Registrar
Senior:	At least 96 semester hours and a 2.00 scholastic standing or above
Special:	A student over 21 years of age, with demonstrated ability to do acceptable university work, but indicating by signed statement that he or she is not interested in following a degree program
Part-time Student:	Undergraduates registered for fewer than twelve semester hours in a regular semester

Classification of Graduate Students	
Full-time	nine or more semester hours of graduate course work
Part-time	six semester hours of graduate course work is considered half-time
<i>Note: Half-time enables the graduate student to be financial aid eligible</i>	

Commencement

Commencement ceremonies are scheduled annually in August, December, and May. Degree recipients are encouraged to participate. Due to the limitations of the Dunham Theater, which holds 1200 persons, students will be limited in the number of their guests who can attend the ceremonies.

Course Numbers

Courses of instruction are numbered to indicate the level of the course and the number of semester hours to be earned. The first digit denotes the year in which the course is usually taken: 1 – freshman; 2 – sophomore; 3 – junior; 4 – senior; 5 – post-graduate or graduate; 6 – graduate; 7- graduate. Undergraduate students may ordinarily not register for courses beginning with a 5 (See "Undergraduate Enrollment in Graduate Courses"); courses beginning with a 6 are reserved exclusively for graduate students. A student classified as a freshman (fewer than 32 semester hours of credit) is prohibited from enrolling in a 3000- or 4000-level course. The second digit indicates the semester hour value of the course. The third and fourth digits indicate the departmental sequencing of the course.

The student must designate at registration the system for recording the grade (alpha, pass-fail, or audit). This choice may not change after registration for that term is closed. A student who properly registers for a course on a pass-fail basis may, at the discretion of the instructor, be assigned a grade of "A" where the student's performance merits that grade. See the "Pass-Fail Courses" section of this Catalog.

Courses listed on the same line in this HBU Catalog and having the same description are sequence courses. If the numbers are separated by a hyphen, both must be successfully completed before a student may receive credit in either. If a comma separates the numbers, it is strongly recommended that both be completed.

Course Validity Time Limitation

Courses that have been taken within 10 years prior to the point of matriculation may apply to degree plans and count toward graduation requirements. Courses that were taken more than 10 years ago may be approved at the discretion of the Provost.

Graduate level courses that have been taken within 5 years prior to the point of matriculation may apply to degree plans and count toward graduation requirements. Graduate level courses that were taken more than 5 years ago may be approved at the discretion of the Provost.

Credit by Examination

High School graduates with strong academic records who have completed College level work while in high School may receive course credit in appropriate fields-of-interest at HBU. To become eligible for this credit, an applicant must make a satisfactory score on the College Board Advanced Placement Examination for the subject in which credit is desired. Prospective students are encouraged to consult their high School counselors and arrange to take the Advanced Placement Examinations for which they are eligible in the spring before expected fall enrollment. These examinations are normally given once each year, usually in May. University credit is awarded for students scoring a 3, 4 or 5 on the examination. Complete information may be obtained by writing the College Entrance Examination Board, Box 592, Princeton, New Jersey 08540. See the chart of approved examinations on the following pages. CLEP credit is limited to students with 63 or fewer hours. In some academic disciplines, graduate students may apply CLEP credit towards leveling or prerequisite course work. See College or School where the degree is housed for specific information.

The subject examinations in this same program and other approved examinations are available to students who have developed special abilities and would like to demonstrate eligibility for additional credit.

Students may also receive credit by examination in French, German, or Spanish through the Modern Language Association Cooperative Foreign Language Examinations. Credit is given as follows:

- Form MB
80th Percentile and above -- 12 hours of credit
- Form MB
65th Percentile and above -- 6 hours of credit
- Form LB
80th Percentile and above -- 6 hours of credit
- Form LB
50th Percentile and above -- 3 hours of credit

Transfer credit will be awarded for course work in a foreign language not offered at HBU but taken at an accredited College or university. **No life experience credit is awarded.**

HBU students who earn IB examination credit will, subject to approval by the relevant departments, receive credit for individual higher level examinations on which they receive a score of 5, 6, or 7.

All credit is posted only after the student has completed at least twelve (12) semester hours at HBU with a GPA of 2.0 or greater.

Credit by Examination Requirements

Credit Area	Approved Examination	Semester Hrs. Credit	Equivalent HBU Course	Required STD. Score
Accounting	CLEP Subject: Financial Acct	3 hrs. credit	ACCT 2301	scaled score of 55
Biology	College Board Achievement: Biology-Ecology	4 hrs. credit	BIOL 2454	560
	College Board Achievement: Biology –Molecular	4 hrs. credit	BIOL 2454	560
	*CLEP Subject: Biology	4 hrs. credit	BIOL 2454	scaled score of 65
	Advanced Placement: Biology	4 hrs. credit	BIOL 1404	3
	Advanced Placement: Biology	4 hrs. credit	BIOL 2454	4 or 5
	International Baccalaureate: Biology	4 hrs. credit (non-science major)	BIOL 1404	4
	International Baccalaureate: Biology	8 hrs. credit	BIOL 1404, 2454	5, 6 or 7
Chemistry	College Board Achievement: Chemistry	4 hrs. credit	CHEM 2415	560
	CLEP Subject: Chemistry	4 hrs. credit	CHEM 2415	scaled score of 62
	Advanced Placement: Chemistry	4 hrs. credit	CHEM 1404	3
	Chemistry	4 hrs. credit	CHEM 2415	4 or 5
	International Baccalaureate: Chemistry	4 hrs. credit (non-science major)	CHEM 1404	4
	International Baccalaureate: Chemistry	8 hrs. credit	CHEM 1404, 2415	5, 6, or 7
Computer Information Systems	Advanced Placement: Computer Science AB	3 hrs. credit	CISM 1321	4
	International Baccalaureate: Computing Studies	3hrs. credit	CISM 1321	5
Economics	CLEP Subject: Prin. Micro.	3 hrs. credit	ECON 2311	scaled score of 60

	International Baccalaureate: Economics	3 hrs. credit	ECON 2311	5
	Economics	3 hrs. credit	ECON 2312	5
English	CLEP Subject: Freshman College Composition	3 hrs. credit	ENGL 1330	scaled score of 50
	College Board Achievement – National: Engl. Comp.	3 hrs. credit	ENGL 1330	550
	Advanced Placement: Lang & Comp	3 hrs. credit	ENGL 1330	3 or higher
	Advanced Placement: Lit & Comp	6 hrs. credit	ENGL 1330, 2315, 2325	4 or 5
	International Baccalaureate: English	6 hrs. credit	ENGL 1330, 2315, 2325	5, 6, or 7
French	Advanced Placement: Literature	12 hrs. credit	FREN 1314, 1324, 2314, 2324	3
	Language	9 hrs. credit	FREN 1314, 1324, 2314	3

	Language	12 hrs. credit	FREN 1314, 1324, 2314, 2324	4 or 5
	International Baccalaureate: French	12 hrs. credit	FREN 1314, 1324, 2314, 2324	5, 6, or 7
	CLEP Subject: Language	6 hrs. credit	FREN 1314, 1324	scaled score of 49
	Language	12 hrs. credit	FREN 1314, 1324, 2314, 2324	scaled score of 68
German	Advanced Placement: Literature	12 hrs. credit	GERM 1314, 1324, 2314, 2324	3
	Language	9 hrs. credit	GERM 1314, 1324, 2314	3
	Language	12 hrs. credit	GERM 1314, 1324, 2314, 2324	4 or 5
	International Baccalaureate: German	12 hrs. credit	GERM 1314, 1324, 2314, 2324	5, 6, or 7
	CLEP Subject: Language	6 hrs. credit	GERM 1314, 1324	scaled score of 37
	Language	12 hrs. credit	GERM 1314, 1324, 2314, 2324	scaled score of 71
Government	Advanced Placement: U.S. Government and Politics	3 hrs. credit	GOVT 2313	3 or higher
	Comparative Government and Politics	3 hrs. credit	GOVT 2360	3 or higher
	CLEP Subject: American Government	3 hrs. credit	GOVT 2313	scaled score of 50
History	CLEP Subject: U.S. History I: Early Colonization to 1877	3 hrs. credit	HIST 2313	scaled score of 50
	U.S. History II: 1865 to present	3 hrs. credit	HIST 2323	scaled score of 50
	Social Science and History	3 hrs. credit	Lower level HIST elective	scaled score of 50
	Advanced Placement: U.S. History	3 hrs. credit	HIST 2313	3
	U.S. History	6 hrs. credit	HIST 2313, 2323	4 or 5
	World History	3 hrs. credit	HIST 2311	3
	World History	6 hrs. credit	HIST 2311, 2312	4 or 5
	European History	3 hrs. credit	HIST 2312	3 or higher
	International Baccalaureate: History	3 hrs. credit	Lower level HIST elective	5, 6, or 7
Mathematics	College Board Achievement: Math Level 1	3 hrs. credit	MATH 1313	550
	College Board Achievement: Math Level 2	3 hrs. credit	MATH 1323	550
	CLEP Subject: Algebra	3 hrs. credit	MATH 1313	scaled score of 60
	Calculus	4 hrs. credit	MATH 1451	scaled score of 61
	Trigonometry	3 hrs. credit	MATH 1323	scaled score of 58
	Pre-Calculus	3 hrs. credit	MATH 1434	scaled score of 58
	Advanced Placement: Calculus AB	4 hrs. credit	MATH 1434	3

	Calculus AB	8 hrs. credit	MATH 1434, 1451	4 or 5
	Calculus BC	4 hrs. credit	MATH 1451	3
	Calculus BC	8 hrs. credit	MATH 1451, 1452	4 or 5
	International Baccalaureate: Mathematics	4 hrs. credit (non-science major)	MATH 1434	4
	International Baccalaureate: Mathematics	8 hrs. credit	MATH 1434, 2434	5, 6, or 7
Music	International Baccalaureate: Music Literature (Higher Level)	3 hrs. credit	MUSI 2331	5 or higher
	Music Theory (Higher Level)	2 hrs. credit	MUSI 1322, 1122	5 or higher
Psychology	Advanced Placement: Psychology	3 hrs. credit	PSYC 1313	4 or higher
	Advanced Placement: Statistics	3 hrs. credit	PSYC 2301	4 or higher
Spanish	Advanced Placement: Literature	12 hrs. credit	SPAN 1314, 1324, 2314, 2324	3
	Language	9 hrs. credit	SPAN 1314, 1324, 2314	3
	Language	12 hrs. credit	SPAN 1314, 1324, 2314, 2324	4 or 5
	CLEP Subject: Language	6 hrs. credit	SPAN 1314, 1324	scaled score of 53
	Language	12 hrs. credit	SPAN 1314, 1324	scaled score of 64
	International Baccalaureate: Spanish	12 hrs. credit	SPAN 1314, 1324, 2314, 2324	5, 6 or 7

Note: On CLEP Subject Area tests, the required score is either the scaled score as stated above or, if not stated, is at the equivalent of a grade of "B". CLEP scores ordinarily may not be transferred from one institution to another. **HBU does NOT adhere to or accept the American Council on Education recommended minimum scores.**

Cross-Listed Courses

Courses that are cross-listed at both the graduate and the undergraduate level must have separate and specific written expectations for students in each category. Students receiving graduate credit will be required to complete work beyond that required of those receiving undergraduate credit. Higher levels of accomplishment and achievement will be expected of graduate students; these should be fully documented in the course syllabus. Differing criteria for grading may be utilized. Faculty will be expected to devote additional time and effort to the work of graduate students in such courses. Copies of the stated expectations for cross-listed courses shall be kept on file in the office of the Provost.

Dean's List

In order to encourage excellence in undergraduate scholarship and give recognition to superior achievement, a Dean's List is released each semester. Full-time undergraduate students registered for a minimum of twelve (12) semester hours of alpha grade credit and maintaining a GPA at a level which, if continued, would make them eligible to graduate with honors (3.5 and above), are included on the Dean's List.

Degree Plan

A degree plan may not be filed until all proficiency requirements have been met. Before an undergraduate student with 64 semester hours of credit can register, the student must have an approved degree plan on file. A transfer student who transfers more than fifty (50) semester hours must file a degree plan before the first day of the second semester in residence. A transfer student who expects to receive Veteran's Administration benefits must file a degree plan before the initial registration. The degree plan is based on the HBU Catalog in effect at the time of the student's initial enrollment in the University and will be valid for a period not to exceed seven (7) years from the date of initial enrollment. Students who fail to enroll in the University for consecutive fall and spring or spring and fall semesters must meet the requirements of the HBU Catalog in effect at the time they re-enroll in the University. Graduate students should file a degree plan within their first semester of coursework at HBU.

Degrees with Distinction

Honors at graduation are awarded to undergraduate baccalaureate students who have completed a minimum of 64 semester alpha-grade hours in residence at HBU and have earned an appropriate number of grade points to be eligible for the honors indicated. An average standing of 3.50 or higher entitles the student to graduate cum laude; 3.70 or higher magna cum laude; 3.90 or higher summa cum laude.

Dropping a Class

A student who ceases to attend class must follow the prescribed withdrawal procedure to protect his status and leave himself in the best possible position with respect to future registration at this or another university. Failure to do so will result in course failure(s), lower scholastic standing, and financial loss. Students contemplating dropping a class must see their advisor to complete the proper steps; the drop process is not complete until the forms are filed **by the student** and processed in the Office of the Registrar. A student may not drop a class after the published last day to drop.

Once a student registers for a class, the student will receive a grade for the class unless the drop process is completed through the Registrar's Office. This includes students who may have never actually attended class or who may never have completed payment of tuition and fees.

Family Education Rights & Privacy Act (FERPA)

HBU is subject to the provisions of a federal law known as the Family Education Rights and Privacy Act (also referred to as FERPA or the Buckley Amendment). This law affords students enrolled at HBU certain rights with respect to their education records.

These rights include:

1. The right to inspect and review their education records within 45 days of the day the University receives a request for access. Students should submit to the HBU Registrar written requests that identify the record(s) they wish to inspect. The Registrar will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the Registrar, he or she shall advise the student of the correct official to whom the request should be addressed.
2. The right to request the amendment of the student's education records that the student believes is inaccurate. Students may ask the University to amend a record that they believe is inaccurate. They should write the HBU official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate. If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to School officials with legitimate educational interests. A School official is a person employed by HBU in an administrative, supervisory, academic or research, or support staff position (including University law enforcement personnel and health staff); a person or company with whom HBU has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another School official in performing his or her tasks. A School official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. FERPA provides the University the ability to designate certain student information as "directory information." Directory information may be made available to any person without the student's consent unless the student gives notice as provided for below. HBU has designated the following as directory information:

- Student's name
- Local and permanent addresses
- Telephone numbers
- Email addresses
- Date and place of birth
- Major field(s) of study
- Dates of attendance
- Classification
- Degrees, honors, and awards received
- Most recent educational institution attended
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams
- Photographs

Any new or currently enrolled student who does not want the disclosure of directory information should notify the HBU Registrar in writing. Such notification must be received by the end of the first full week of classes for any term to ensure that the student's directory information is not released, except to officials with legitimate educational purposes as authorized by FERPA.

The request to withhold directory information will remain in effect as long as the student continues to be enrolled or until the student files a written request with the HBU Registrar to discontinue the withholding. To continue nondisclosure of directory information after a student ceases to be enrolled, a written request for continuance must be filed with the HBU Registrar during the student's last term of attendance.

If a student believes the University has failed to comply with the requirements of FERPA, he or she may file a complaint with the U.S. Department of Education. The name and address of the office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-4605

Complaints must be timely submitted, not later than 180 days from the date the student learns of the circumstances of the alleged violation; and must contain specific allegations of fact giving reasonable cause to believe that a violation has occurred, including: relevant dates, names and titles of those University officials and other third parties involved; a specific description of the education record about which the alleged violation occurred; a description of any contact with University officials regarding the matter, including dates of telephone calls,

meetings and/or any correspondence between the student and HBU; the name and address of the University; and any additional evidence that would be helpful in reviewing the complaint.

Questions about the application of the provisions of the Family Educational Rights and Privacy Act should be directed to either the University Registrar or Legal Counsel.

Final Examinations

Final examinations are required in all courses and must be taken when scheduled by the Office of the Provost. All exceptions to this rule require the filing of the Undergraduate/Graduate Exception form; students should see their advisor first who will seek approval from the Provost. Senior final examinations must be taken and the course grade reported at the time required by the Registrar's Office for the processing of senior grades. The processing of senior grades includes a final audit of the student's course work against his or her degree requirements to verify the student is eligible to receive the degree. Days for examinations are given in this Catalog. Each exam period, with the exception of the Summer term, is preceded by one study day on which no grade-determining activity may be conducted nor may be due. No University student events are scheduled Monday through Friday of final exam weeks.

Grade Appeal Process

A student may file an academic grievance if he or she believes a grade was awarded improperly. The formal process is described in the "[Academic Grievance](#)" section of this Catalog.

Graduate Grading System and Grade Points

Each graduate student will receive grades at the end of each semester of enrollment. The system of grading is as follows:

Grade	Percentage	Grade Points
A	(93 and above)	4
A-	(90 – 92)	3.67
B+	(87 – 89)	3.33
B	(83 – 86)	3
B-	(80 – 82)	2.67
C+	(77 – 79)	2.33
C	(73 – 76)	2
I		
P		
AU/X		
F	(72 and below)	0
W		

Candidates must achieve a 3.0 average in order to graduate. After each grading period, the University Registrar will review the current and cumulative grade average for each student. Those students whose performance does not meet graduation standards will be placed on academic probation or academic suspension.

Health Professions

Students interested in pursuing a career in a health professions (for example, medicine, dentistry, physical therapy, pharmacy) should consider talking with the advisors in the Health Professions program. These advisors can assist students in choosing graduate Schools, the application process, recommendation letters, and personal statements.

Honors Programs

The Departmental Honors Program provides highly qualified and motivated undergraduate students with the opportunity to develop additional expertise in their chosen majors through independent investigation. Students may apply for the program that have completed 64 hours, 32 of which must have been earned at HBU, with an overall GPA of 3.25 and 3.50 in the selected major or majors. Specific requirements are established by each academic department or College and approved by the Honors Council. Successful completion of Departmental Honors is indicated on both the transcript and diploma and is announced at graduation. Students interested in Departmental Honors should contact the appropriate College Dean for additional information.

Human Subjects in Research

The Human Subjects Research Review Committee protects the rights of human subjects in research projects proposed by faculty, staff, students, and/or outside persons. The University's Human Subjects Research and Review Committee is responsible for reviewing all research proposals involving human subjects. Review applications may be obtained from the Committee Chair.

Instructional Media Services

The Instructional Media Services (IMS) mission is to provide the campus community with the highest quality of presentation technology, training, and support services in an effective and proactive environment.

The IMS offers traditional audiovisual equipment such as overhead, slide, and film projectors, TV/VCR units, PA Systems, flipcharts, and computer and video projection systems. The department duplicates audio cassette tapes, videotapes, CD's, and DVD's.

Intellectual Property

Intellectual Property created solely for the purpose or satisfying a course requirement is owned by the student and not the University or the student's professor.

Exceptions to this policy:

- The University becomes the owner of student work if the student assigns ownership rights of the intellectual property to the University in writing, or written assignment of such ownership rights to the University is made a condition for participation in a course.
- The University owns the answers and questions on tests and examination, unless otherwise indicated by the course instructor. Tests and examinations include, but are not limited to, print, electronic and audio or visual formats.
- If student research projects are funded by outside sponsors and if the sponsor requires ownership of the intellectual property produced by the student as a condition of sponsorship, the University will so advise the student before the student begins the project. The student will be required to sign a waiver prior to beginning the project.

Internship Programs

HBU offers internship opportunities under the direction of the various academic divisions in awareness of the value of practical experience in the learning process. Such external learning opportunities may be known as practicum, internship, preceptorship, clinical experience. Internship experience enables the student to apply classroom theory to actual situations and to develop problem-solving and decision-making skills. Access to such external learning opportunity is ordinarily restricted to advanced standing in the major, for example 15 hours or more. Supervision of

such experiences is ordinarily restricted to full-time faculty members. Credit is available to both undergraduate and graduate students.

Credit is awarded based on clock hours of experience gained. One semester hour of credit may be awarded for each 30 clock-hours of internship experience up to a maximum of three semester hours each term. Ordinarily, ethical practice suggests that the student in the performance of internship responsibilities receives no pay. However, in the field of education, interns in the PBC and Master's program enroll in a paid internship. The Provost must approve formal agreements for group practica, internships and clinical experience. Legal review of formal memoranda of understanding governing group placement shall be secured from the Legal Counsel to the President.

Liberal Arts Core Curriculum

The Liberal Arts Core Curriculum is the foundation unit in the academic organization of the undergraduate instructional program of HBU; it is required for success in every major and develops the knowledge and insight conducive to citizenship as well as leadership in a chosen profession.

Library

Moody Library is a key component in the education of students at Houston Baptist University. Built in 1968, with an addition in 1989, the 40,000 square-foot building serves students, faculty, staff, and to a limited basis, the community at large. According to the library's mission statement, it provides "the information resources, services, and physical spaces that support the educational and research mission of the university."

Access to the Library

Constituents can search the library's resources by using Moody Library's web pages. Moody Library has an online catalog that provides access to the library's cataloged holdings, and a Discovery service that searches both the cataloged collection and all online databases of journal holdings and other online content. The library's web pages contain links to important information about the library and all of its resources and services.

Moody Library is open 87.5 hours per week with reference service available to users for 72 hours per week or 82.3% of the hours of operation. Moody library is open in the evenings to support graduate and doctoral students.

Majors

To graduate, a student must have completed at least one major field of study which will be recorded on the transcript, as well as any minors which have been completed.

Military Service Credit

The recommendations of the American Council on Education are used as a guide in determining eligible College credit for satisfactory completion of formally organized service School programs in the military. Courses taken through the United States Armed Forces Institute and other recognized military educational programs will be reviewed for possible credit when presented on official transcripts. All records of such training should be submitted as a part of the student's initial admission data, with a request for allowance of credit so that advisors can avoid duplication of this work. Before any such credit may be recorded as a part of the student's official record, however, the student must qualify as a resident student in good standing at this University. This may be done by completing a minimum of twelve (12) semester hours of standard residence courses with a 2.00 ("C" average) scholastic standing or above. No credit will be allowed on the basis of the General Education Development (GED) tests (College level).

Off-Campus Courses

Undergraduate students contemplating concurrent or transient enrollment at any other College MUST secure prior approval in writing from the University Registrar at HBU, and the Dean of the College or School, in order for credits to be accepted in transfer. Students should seek counsel first from their advisor. Only alpha grade credit with a grade of "C" or better from regionally accredited institutions will be considered for transfer credit. Once an undergraduate student has enrolled at HBU, no more than 18 semester hours total will be accepted for transfer credit. For the student seeking a baccalaureate degree, this work may NOT be taken at a two-year institution once the student has accumulated 64 semester hours of post-secondary credit. After completion of approved work elsewhere, an official transcript showing the approved work must be sent directly from the awarding institution to HBU Registrar's Office. Failure to comply with this requirement may result in the denial of credit. The student risks the loss of credit by failure to adhere to these policies.

Graduate students contemplating concurrent or transient enrollment at any other College must consult with the Dean of the relevant program to ascertain the current policy.

Pass-Fail Courses

HBU undergraduate students may register for one (1) elective course each semester on a pass-fail basis. Students must file the pass-fail course form in the Registrar's Office. Such an option is offered to encourage students to broaden their educational contacts through participation in courses outside their major fields without fear of competition with students who have experience that is more extensive in the selected area. This option does not apply to courses required by the University for a degree except in the case of kinesiology. In addition, courses taken on this basis may not be used as a part of a major. The hours earned in pass-fail courses are counted in the total required for a degree but not for honors. A pass grade does not affect the computation of scholastic standing; however, a fail grade in a course affects scholarship standing in the same way as any other failing grade. Courses taken on this basis are counted as a part of the student load for the term, and the type of registration elected for any course may not be changed after the last date to register as posted in the class schedule. These courses are designated at registration by a "P/F" following the course number. A student who properly registers for a course on a pass-fail basis may, at the discretion of the instructor, be assigned a grade of "A" where the student's performance merits that grade. The assignable grades are "A," "P," and "F." See the graduate handbook for pass-fail in graduate courses.

Pre-Law School Advisor

Students preparing to enter law School must dedicate themselves to academic excellence in their undergraduate studies. Most law Schools in the United States make admission decisions relying heavily on a candidate's undergraduate grade point average and performance on the Law School Admissions Test (LSAT).

Pre-law students are encouraged to contact the University pre-law advisor via the Department of Law and Society early in the course of their matriculation. Information is available on courses of study, law School admissions, career options, and LSAT preparation.

In the spring semester of the junior year, the student should begin to prepare for the LSAT and compile the information required by the Law School Data Assembly Service (LSDAS). Information on the LSDAS can be found at the office of the pre-law advisor. Students are strongly discouraged from taking the LSAT without thorough preparation.

The pre-law advisors are Dr. Jodey Hinze and Dr. John O. Tyler.

Registration Procedure

Registration will be conducted as scheduled in the University Calendar for students in good standing and those approved for admission will be eligible to participate. Following proper procedures is not optional; failure to follow proper procedures may result in a student not being allowed to register for course and thus a delay in graduation. Individual student schedules will have been predetermined through prior advising and priority registration. To enroll in any class and be eligible for credit, students must have their advisor's approval, and complete the registration procedure, including financial arrangements. A late registration fee will be charged those failing to complete registration by the designated day. Students must decide at registration the rubric desired for recording the credit in a cross-listed course and may not change this registration after the last day to register in a given semester.

Students who take advantage of priority registration are given a period of time to make changes in their schedule as they wish or need. After this period, however, a student-initiated change in schedule may involve the payment of a special fee and the approval of the change by the student's advisor and the instructor of each class involved. A form for this purpose is provided online or by the Registrar's Office.

Repeated Courses

Students may repeat courses that they have previously taken. For purposes of GPA calculation, courses taken at HBU which are repeated at HBU are calculated in the cumulative GPA as having been taken only one (1) time. The cumulative GPA is adjusted in the semester in which the course was repeated. The student may raise the cumulative GPA by this means. *Students should be aware, however, that many graduate and professional Schools and certifying agencies calculate GPA by averaging all grades earned in all registrations.*

Residency Requirement

Undergraduate

If the degree being sought is 125 hours or more, the minimum undergraduate residence requirement for the baccalaureate degree is 32 semester hours (or at least 25% of the required hours, whichever is greater), including at least 12 semester hours of upper level courses in the major completed at HBU with a grade of "C" or better in each course. The residency requirement for a minor is a minimum of nine (9) hours of upper-level courses taken at Houston Baptist University with a grade of "C" or better in each course. A student whose undergraduate degree includes 60 semester hours in residence at this University may be allowed to earn six (6) of the last 36 hours in another approved institution except in the last semester of residence before graduation.

Graduate

Students who have earned a first masters degree from a regionally accredited institution who wish to pursue a second graduate degree in a related or collateral field at HBU may do so by applying for admission to the Graduate School. With the exception of students pursuing a second graduate degree in business, students must complete at least thirty (30) hours of course work in the degree program at HBU. The Dunham College of Business requires 30 semester hours for the second graduate degree. Specific requirements are established by the faculty of the College or School offering the degree program so that duplicate course work is avoided while fulfilling the requirements for the degree.

ROTC Cross-Enrollment Program

ROTC curricula are determined by the various branches of the United States Armed Forces. The individual detachments are responsible to their service for the content and quality of their programs.

Army

HBU students may participate in the Army Reserve Officers Training Corps unit at the University of Houston. The cross-enrollment program is an arrangement between the student and the Military Science Department at the University of Houston.

Academic credits are posted to the student's transcript records at HBU. Underclassmen spend 3-5 hours a week in class and leadership lab. The Army ROTC prepares selected College students for positions of responsibility in the active Army and its reserve components. It enables a student to earn a commission as an officer at the same time he earns an academic degree in a field of his choice. The ROTC program prepares the individual to pursue either a military or a civilian career. Tuition is charged for these courses at the current HBU undergraduate tuition rate. Two- and three-year ROTC scholarships are available. Veterans may enroll directly into the Advanced Course, and there is a two-year program for those students completing their second year of studies.

Interested students should contact the Army ROTC Unit (www.hbu.edu/ContactMSCI).

Navy

HBU students may participate in the Naval ROTC Unit at Rice University. The cross-enrollment program is an arrangement between the student and the Naval Science Department at Rice University.

Tuition is charged for these courses at the current HBU undergraduate tuition rate.

There are four NROTC Programs that lead to a commission in the regular or reserve components of the Navy or Marine Corps:

1. A four-year Scholarship Program leading to a commission in the regular Navy or Marine Corps provides all tuition, books, School fees, and uniforms plus \$100 per month.
2. A four-year College program that leads to a commission in the Naval or Marine Corps Reserve provides all books and uniforms required for naval science courses.
3. A two-year Scholarship Program for juniors and seniors.
4. A two-year Nuclear Propulsion Candidate Scholarship Program which may lead to nuclear power training after graduation.

Interested students should contact the Naval ROTC Unit (www.hbu.edu/ContactNAVA).

Air Force

HBU students may participate in the Air Force ROTC program at the University of Houston. The cross-enrollment program is an arrangement between the student and the Air Force Department at the University of Houston. The Air Force Reserve Officer Training (ROTC) program prepares men and women of character, commitment, and courage to assume leadership positions as commissioned officers in the active duty United States Air Force. Upon completion of the curriculum, students will have a thorough understanding of the core values, leadership, teamwork, and other requirements to be an effective officer in the world's greatest Air Force. All courses and physical training sessions take place at the University of Houston. Flight orientation occurs at airports in the Houston metro area.

Course Credit: ROTC classes may be taken for elective credit toward any degree plan at Houston Baptist University. Freshman and sophomore level classes are open to all students. No military obligation is incurred as a result of enrollment in these courses. Junior and senior level courses are more restrictive and do require a military obligation. ROTC scholarship students also incur a military obligation.

AFROTC Scholarship Opportunities: Air Force ROTC offers various scholarship opportunities for students at Houston Baptist University:

1. **In-College Scholarship Program (ICSP)**—is a highly competitive scholarship program aimed primarily at College freshmen and sophomores in any major (students with a bachelor’s degree can compete to earn a master’s degree). The ICSP awards cover tuition capped at either \$15,000 per year plus \$900 per year for books or \$9,000 per year plus \$900 per year for books.
2. **The Express Scholarship Program**—is operated on a fully qualified basis: those who meet the qualifications are awarded the scholarship. Though the list of eligible College majors differs from year to year, the express scholarship pays up to \$15,000 tuition per year and \$900 for books. Recent majors which qualified for express scholarships included electrical engineering, environmental engineering, computer science, nursing, and strategic foreign languages. The processing of the scholarship award is completed at the local detachment.

Stipend: All AFROTC scholarship recipients and POC cadets receive a nontaxable monthly stipend. The annual stipend amount ranges from \$3,000 per year to \$4,500 per year depending on the recipient’s enrollment year.

For more information on the Air Force Science program, contact the Air Force Science Department at the University of Houston. (www.hbu.edu/ContactAFSC)

Second Undergraduate Degrees

A minimum of thirty-six (36) additional semester hours of undergraduate credit taken at HBU must be earned beyond the first degree in order for a second degree to be conferred. All requirements for the second degree must be met. Under no circumstance will the University confer the same degree title more than once. Additional majors, programs, certifications, licensure, and specializations may be noted on the transcript as deemed warranted by the University Registrar. Additional course work may also simply be considered post-baccalaureate work.

Student Responsibility

Each student is responsible for his or her progress toward graduation and completion of all degree requirements. Students are also responsible for a knowledge of and adherence to regulations governing registration, add/drop, withdrawal, degree plans, graduation requirements, and the payment of tuition and fees. Failure to act accordingly may result in F’s on transcripts or failure to graduate on time.

Time Limit on Length of Program-Graduate

Required courses are scheduled for the convenience of the student. Using a combination of available offerings, a typical student will be able to earn the graduate degree within the span of twenty-four or fewer months. A student may have five years after first enrollment to complete all requirements for the graduate degree. However, specific degree programs may require shorter periods of study.

Transcripts

Official scholastic records will be maintained in perpetuity for each student who registers for credit at HBU. These records are the joint property of the student and the University, and as such will be handled with care and confidentiality. Certified copies will be available to students and graduates. To obtain this service, the person whose record is involved completes and signs a [Transcript Request form](#) and files it with the Registrar’s Office. Students should allow up to five (5) working days for the request to be processed. Transcripts will not be released until

satisfactory arrangements have been made regarding all financial and any other obligations to the University. Official records may not be removed from official University files.

The Family Educational Rights and Privacy Act (FERPA) of 1974 mandates that transcripts may not be released to anyone without the written consent of the student.

If a student questions any grade as recorded in the Registrar's Office, the student has a period of one (1) year beginning with the end of the term in which the grade was awarded, or six (6) months after the degree is conferred (whichever comes sooner), to challenge the accuracy of the record. At the end of this period, the record becomes permanent.

Transfer Courses/Credit

Undergraduate students transferring to HBU from other institutions will have their transcripts evaluated by the Office of Enrollment Management upon acceptance to HBU. The Office of Enrollment Management also has information regarding equivalent core requirement courses from other Texas institutions of higher education. This guide is helpful in course planning if presently attending another institution with the intention of transferring to HBU.

Graduate students transferring to HBU from other institution will have their transcripts evaluated by the program director or Dean upon acceptance to HBU.

See the Undergraduate and Graduate Transfer Credit section of this Catalog for further information.

There is no guaranteed transfer of credit toward a graduate degree; however, in certain programs, work completed in residence at another accredited institution may, on the recommendation of the Program Director, be accepted by the University Registrar as credit toward a graduate degree. The University will not recognize hours achieved either entirely or partially on the basis of life experience. No correspondence or extension credit will be accepted. No more than six semester hours of graduate credit will be allowed in transfer from another College or university and the application for transfer courses should be made within two weeks of matriculation. (See "Graduate Admissions" section.) English language courses are ordinarily not accepted from institutions in countries where English is not the primary language.

Transfer Orientation

The Offices of Enrollment Management and Student Life offers an orientation program to new undergraduate transfer students. This program will assist the student in becoming aware of HBU resources. Topics discussed will include academic advising and related issues, graduation requirements, spiritual life, campus safety, campus life, HBU traditions, as well as other campus resources. Time is also allotted to meet academic advisors from each academic College to ask questions regarding majors, programs, and degree requirements.

Transient Enrollment

Undergraduate students contemplating concurrent or transient enrollment at any other College **must** secure prior approval in writing from the University Registrar at HBU, and the Dean of the College or School, in order for credits to be accepted in transfer. Only alpha-grade credit with a grade of "C" or better from regionally accredited institutions will be considered for transfer credit. For the student seeking a baccalaureate degree, this work may **not** be taken at a two-year institution once the student has accumulated 64 semester hours of post-secondary credit. No more than 18 credit hours may be taken at another institution once a student has matriculated to HBU. After completion of approved work at other institutions, an official transcript showing the approved work must be sent directly to HBU Records Office. **Failure to comply with this requirement may result in the denial of**

credit. The combined course load at HBU and the concurrently enrolled institution may not total more than 19 semester hours. The student risks the loss of credit by failure to adhere to these policies.

Graduate students contemplating concurrent or transient enrollment at any other College must secure prior approval in writing from the University Registrar at HBU and the Dean of the College or School.

Undergraduate Enrollment in Graduate Courses

In the final semester of undergraduate matriculation, the student may elect to take a graduate course with the authorization of the Registrar. The student must have at least a 2.75 GPA on all College work and must be completing the bachelor's degree at the end of the semester. The student must meet all other standards for admission to a particular graduate program, including the approval of the department chair and the Dean in the major field of study. In every case, the total number of hours taken in one (1) semester may not exceed twelve (12) semester hours, which includes no more than nine (9) semester hours of graduate courses.

Undergraduate Grading System and Grade Points

To record the level of undergraduate student achievement and stimulate quality work, the University system of grading is expressed in letters and grade points as indicated below:

Undergraduate Grading System and Grade Points	
A	Excellent work – 4 grade points per semester hour
B	Above-average work – 3 grade points per semester hour
C	Average work – 2 grade points per semester hour
CR	Credit by examination - No hours attempted, no grade points
D	Below-average work – 1 grade point per semester hour
I	Incomplete work - Only the Dean of a College or School may grant incompletes and only to students who have a major documented emergency in the last few days of a semester. Students with excessive absences, which will result in failing the course, will not be allowed to take the final exam nor be eligible to receive an incomplete. Receives 0 grade points and 0 semester hours and becomes an "F" if not completed by the end of the following semester. Summer is a bona fide semester so a grade of "I" issued during a Spring semester must be completed by the end of the last Summer session. Note to instructors: If an instructor does not have a grade because the student has failed to attend the course at all and/or has not properly dropped the course; has failed to complete sufficient work to pass the course; fails to attend a sufficient number of class sessions; fails to attend the final exam; and/or fails to contact the instructor to justify any of these circumstances, the instructor will record an "F."
F	Unsatisfactory work – 0 grade points and hours completed, no credit
P	Pass-fail courses – described in the "University Academic Policies" section
W	Complete withdrawal - from the University after the Census Date or for dropping a class after the Census Date. Withdrawal from the University or dropping a class after the last day to drop a class will not be approved and a grade of "F" is automatically recorded. Complete withdrawal from the University is described in the section titled "Withdrawal Procedure from University" under University Academic Policies
X	Courses audited – no hours attempted, no hours earned, no grade points

Undergraduate Transfer Credit

A student otherwise eligible to transfer to HBU from another regionally accredited collegiate institution may expect to receive acceptance of his previous academic work as consistent with regulations which must be observed among Colleges and universities. In general, an official transcript from a regionally accredited College or university is accepted and recorded as received, and the courses completed used to the fullest extent possible to apply toward a

degree. The transcript must be sent directly from the transfer institution to HBU. Credit is usually given at the same level at which the course was originally taken.

All foreign transcripts must be sent to an HBU approved evaluation service. The evaluation service must send an official report directly to HBU. The International Student page of HBU Website contains a list of current service providers.

In considering credit by transfer from other institutions, HBU places a premium on credits from regionally accredited institutions. However, HBU will also consider a request for transfer credit from institutions that are not regionally accredited. Applicants must submit transcripts from all institutions and indicate courses for which they wish to receive transfer credit—whether from accredited or non-accredited institutions. After an initial review upon admission to the university, the Office of Admissions will, in some cases, indicate to the student which courses he or she may request consideration for transfer credit; this is handled by the Colleges and Schools of HBU. Transfer credits from a non-accredited institution will be evaluated on a case-by-case basis; viable course work will receive either specific course credit or elective credit after evaluation, and only for courses in which the student earned a grade of "C" or higher.

A transfer student must meet the same scholastic standings as other full-time students. An undergraduate transfer student with fewer than 32 semester hours may be required to submit a high School transcript and scores on SAT or ACT tests. While HBU highly values the traditional university experience, online courses from a regionally accredited institution may be accepted; viable credit from online course work will receive either specific course credit or elective course credit. No course of any kind with a grade of "D" or "F" will be accepted by the University. No credit is granted for courses taken on a pass/fail or satisfactory basis except Kinesiology activity courses. Students must be in "good academic standing" - not currently on probation or suspension from another institution. Such documentation of good standing should come directly from the Registrar's Office of the home College, not from the office of a Dean of a College or other unofficial institutional representative.

Withdrawal from University Enrollment

A student who wants to withdraw from the University with a grade of "W" after the last date to drop with a "W" can only do so under the most extreme circumstances beyond the control of the student and with the approval of the Provost. See the cautionary statement in preceding section titled "Undergraduate Grading System and Grade Points" regarding failure to withdraw from classes once registered.

Undergraduate Degree Program

Undergraduate Degree Requirements

An approved undergraduate baccalaureate degree plan must be on file with the Registrar's Office before students with 64 or more semester hours of credit can be cleared for registration. Each student is responsible for a knowledge of and adherence to regulations governing registration, withdrawal, degree plans, graduation requirements, and the payment of tuition and fees. **Once a student begins a degree program at HBU, it is expected that the student will complete the degree requirements at HBU. The University reserves the right to refuse credits from other institutions toward completion of degree requirements at HBU for the student who has already begun a degree program.** Students contemplating credits from another institution must see their advisor before permission can be secured from the University Registrar; such permission will be granted only in extreme circumstances. Under no circumstances may students transfer in more than 18 credit hours once they have matriculated at HBU. (See "Undergraduate Transfer Credit" and "Off Campus Requests" sections in this Catalog.)

Students seeking undergraduate baccalaureate degrees must complete the following requirements:

General Requirements and Policies

1. **A minimum of 125 semester hours with no fewer than 30 semester hours of upper level courses.** No more than four (4) semester hours in activity courses in kinesiology and not over four semester hours of other student activity courses will count toward the 125 hours requirement for any undergraduate degree.
2. **Freshman Year Seminar**, FYS 1100, is required of all students who enter with fewer than thirty-two (32) semester hours credit.
3. **Residency Requirement: Once a student has entered a degree program at HBU, it is expected that all course work will be taken at HBU.** The minimum undergraduate residence requirement is 36 semester hours, (or at least 25% of the required hours, whichever is greater) including at least 12 semester hours of upper level courses in the major completed at HBU. A minimum cumulative scholastic standing of 2.00 GPA ("C" average) must be attained. A grade of "C" or higher is required for all courses within each major. The residency requirement for a minor is a minimum of nine (9) hours of upper-level courses taken at Houston Baptist University with a grade of "C" or better in each course.
4. **Credit by other than classroom-based instruction:** Credit by correspondence courses or extension courses will not be counted toward a degree. A maximum of six (6) credit hours earned online can be awarded towards a degree. HBU does not award College credit for life experience.
5. Courses received in transfer with a grade of "D", "F", or "P" will not be counted toward a degree.
6. **Community Life and Worship Program:** Participation in the Community Life and Worship Program (CLW) is a graduation requirement for all degree-seeking undergraduate students. The HBU Student Handbook contains a complete description of the CLW credit system and number of credits needed to qualify for graduation. The Community Life and Worship publication details the CLW events offered each semester and provides an overview of the CLW program.
7. **Concurrent Enrollment:** Once a student has entered a degree program at HBU, it is expected that all course work will be taken at HBU. Exceptions are rare and must receive prior approval of the University Registrar. Students must speak with their advisor about taking courses at other institutions.
8. **Proficiencies:** All undergraduate students must demonstrate proficiency in reading, mathematics, and computer use before the student files a degree plan. Students must demonstrate proficiency in written English by the end of the third term at HBU.

Proficiencies

Proficiencies may be met in the following ways:

Written English: The written English proficiency may be met in several ways:

- a. Completion of ENGL 1320 and ENGL 1330 at HBU with a grade of "C" or above
- b. Completion of ENGL 1320 and placement out of ENGL 1330 by Advanced Placement Exam or CLEP scores as outlined in this HBU Catalog.
- c. Receipt of transfer credit for courses equivalent to ENGL 1320 and 1330
- d. Students must complete ENGL 1320 and 1330 proficiency by their third semester.

Reading: One of the following:

- a. A SAT minimum verbal score of 550
- b. An ACT minimum score of 22 on the Reading portion;
- c. A score of 17 or better on the Pre-THEA Exam; or
- d. A score of 230 or higher on the THEA Exam.
- e. Completion of ENGL 2315 or ENGL 2325 at HBU with a grade of "C" or above

Mathematics: One of the following:

- a. Math 1305, completed with a "C" or higher

- b. Math 1313, completed with a "C" or higher
- c. A higher level math course, completed with a "C" or higher

Computer Literacy: One of the following:

- a. Passing of a computer Proficiency Exam purchased at the HBU Bookstore, and taken by student from their HBU Blackboard course.
 - b. Completion of CISM 1321, with a "C" or higher
 - c. Receipt of transfer credit for a course equivalent to CISM 1321.
9. **Major requirements** are determined by the College or School in which the major resides. See the appropriate College or School section of this Catalog. However, each major must include a minimum of twelve (12) upper-level hours.
 10. **Undergraduate Degree Plan Declaration:** Before 64 semester hours have been completed and once all proficiencies have been met, a student must see his or her advisor to complete and file an Undergraduate Degree Plan with the Registrar's Office (only the Provost may provide a waiver for this requirement). Students who fail to follow this policy will not be considered as a candidate for a degree, nor will they be allowed to register. (See section on "Degree Plans" in this Catalog.)
 11. **Application for Graduation:** A student must file a graduation application at least two (2) full semesters before anticipated date of graduation. Students need to see their advisor to begin this process.
 12. **Full-Time Status:** The recommended full-time undergraduate student load is twelve to nineteen (12-19) hours each semester. Students who wish to take over nineteen (19) hours must seek permission from their faculty advisor and the appropriate College or School Dean.
 13. **Majors, Degrees, and Certification Programs** The following table details the majors, degrees, and certification or licensure programs offered by HBU.
 14. **Liberal Arts Core Curriculum***

Graduate Degree Program

Graduate Degree Requirements

An approved graduate degree plan must be on file with the Registrar's Office during the student's first semester at HBU. A degree plan must be on file before a student can register for second semester course work. Each student is responsible for a knowledge of and adherence to regulations governing registration, withdrawal, degree plans, graduation requirements, and the payment of tuition and fees. **Once a student begins a degree program at HBU, it is expected that the student will complete the degree requirements at HBU. The University reserves the right to refuse credits from other institutions toward completion of degree requirements at HBU for the student who has already begun a degree program.** See the graduate handbook for each School or College. The graduate handbook provides details on the policies for residency requirements, transfer credit and concurrent enrollment for the individual graduate programs.

Students seeking graduate degrees must complete the following requirements:

Graduate Program Policies

1. **All graduate degrees awarded at HBU are a minimum of 30 semester hours.**
2. **Residency Requirement:** Once a student has entered a degree program at HBU, it is expected that all course work will be taken at HBU. See the graduate handbook for each School or College. The graduate handbook provides details on the policies for residency requirements, transfer credit and concurrent enrollment for the individual graduate programs.
3. **Minimum GPA:** A minimum cumulative scholastic standing of 3.00 GPA ("B" average) must be attained for graduation. Some Schools or Colleges may have a higher scholastic standing policy.
4. **Credit by other than classroom-based instruction:** Credit by correspondence courses or extension courses will not be counted toward a degree. HBU does not award College credit for life experience.
5. **Transfer courses:** Courses received in transfer with a grade of "D", "F", or "P" will not be counted toward a degree. See the graduate handbook for each School or College. The graduate handbook provides details on the policies for residency requirements, transfer credit and concurrent enrollment for the individual graduate programs.
6. **Community Life and Worship Program:** Participation in the Community Life and Worship Program (CLW) is not a graduation requirement for degree-seeking graduate students. However, it is recommended that students

participate in faith development offerings while attending HBU. See the HBU Spiritual Life website for more details.

7. **Concurrent Enrollment:** Once a student has entered a degree program at HBU, it is expected that all course work will be taken at HBU. See the graduate handbook for each School or College. The graduate handbook provides details on the policies for residency requirements, transfer credit and concurrent enrollment for the individual graduate programs.
8. **Proficiencies:** Graduate students enrolling in graduate programs leading to teacher certification must meet proficiencies established by the College. TOEFEL scores are used as a basis for determining English proficiencies for candidates seeking admission into the Educator Preparation Program (EPP) at HBU.
9. **Program requirements** are determined by the College or School in which the program resides including, but not limited to thesis requirements, oral exams, and program credit hours. See the appropriate College or School section of this Catalog.
10. **Graduate Degree Plan Declaration:** Within the first semester of course work at HBU and once all proficiencies have been met, a student must see his or her advisor to complete and file a Graduate Degree Plan with the Registrar's Office. Students who fail to follow this policy will not be considered as a candidate for a degree, nor will they be allowed to register. (See section on "Degree Plans" in this Catalog.)
11. **Application for Graduation:** A student must file a graduation application at least two (2) full semesters before anticipated date of graduation. Students need to see their advisor to begin this process.
12. **Full-Time Status:** The recommended full-time graduate student load is 9 to 12 hours each semester. Students who wish to take over 12 hours must seek permission from their faculty advisor and the appropriate College or School Dean.
13. **Majors, Degrees, and Certification Programs** The following table details the majors, degrees, and certification or licensure programs offered by HBU at the graduate level.

Graduate Degrees, Majors, Minors, and Certification Programs

Archie W. Dunham College of Business

The Archie W. Dunham College of Business offers the following degree programs: Bachelor of Business Administration (BBA), Master of Accountancy (MACCT), Master of Business Administration (MBA), Master of International Business (MIB), Master of Science in Human Resources Management (MS-HRM), and Master of Science in Management (MS-MGMT).

Undergraduate Programs

The Dunham College of Business offers an undergraduate degree program leading to the Bachelor of Business Administration (BBA).

A student who chooses a major within the Dunham College of Business is studying for a Bachelor of Business Administration (BBA) degree. The student may choose from the following majors: Accounting, Finance, International Business, Management, or Marketing.

Information Technology Policy

Students taking courses offered in the Dunham College of Business will be expected to use e-mail, the university's intranet system, the World Wide Web, as well as word processing, spreadsheets, databases, and presentation software. Details of these requirements change from time to time, and current statements are available on the undergraduate and graduate web sites as well as from program or departmental offices.

Dunham College of Business Exit Exam Policy

All graduates from the Dunham College of Business must complete the Dunham College of Business Exit Exam. The Dunham College of Business will administer the exit exam to all graduating seniors with at least one major in the Dunham College of Business. The Dunham College of Business Exit Exam is normally taken in the last semester prior to graduation. In order to graduate, all Dunham College of Business students must sit for and pass this exam. A passing score is at least 70 percent on the exam. Students who do not pass the exit exam will be given one opportunity during the graduating semester to re-take and pass the exit exam. If the exit exam is not passed, graduation will be delayed, and students may be asked to take additional course work to demonstrate their proficiency in business administration.

Bachelor of Business Administration (BBA)

The Bachelor of Business Administration (BBA) degree is available only to students who major in the Dunham College of Business. Every undergraduate seeking the BBA degree must complete a major in an academic area – Accounting, Finance, International Business, Management, or Marketing. This degree option is designed to prepare candidates for careers as professionals, entrepreneurs or for continued study towards graduate education.

The Business Administration core (required for all BBA students) consists of the business core requirements necessary for the study and practice of all business principles.

Major/Minor Options

Students pursuing a BBA will choose a major from the following departments:

Department of Accounting, Economics and Finance

Accounting

The undergraduate major in Accounting is designed to prepare students for careers in public accounting, industry, or government as professional accountants. Emphasis is placed on accumulating, communicating and analyzing financial data to determine its relevance for effective management and to make better business decisions.

[Accounting Major Requirements](#)

Finance

The undergraduate major in Finance is designed to prepare students for a career in financial management, banking, financial planning, and investment management. This major recognizes that financial decisions and financial management are critical to the success of the enterprise.

[Finance Major Requirements](#)

[Finance Minor Requirements](#)

Department of Management, Marketing and Business

General Business

There is no major in General Business. However, a **minor** in General Business is offered.

[General Business Minor Requirements](#)

International Business

The undergraduate major in International Business provides students with a solid foundation in business concepts, along with key international skills to prepare the student for a career in the global business environment.

[International Business Major Requirements](#)

[International Business Minor Requirements](#)

Marketing

The undergraduate major in Marketing is designed to prepare students for a career in marketing and provides the background necessary for subsequent advancement to higher-level marketing positions. Marketing majors work for many different types of companies such as advertising and PR firms, marketing research firms, non-profit organizations, retailing, or service firms.

[Marketing Major Requirements](#)

[Marketing Minor Requirements](#)

Management

The undergraduate major in management is designed to provide students with an understanding of key business concepts and technologies, along with principles and procedures to manage resources for globally competitive business organizations.

[Management Major Requirements](#)

[Management Minor Requirements](#)

Graduate Programs

Master of Accountancy

The Master of Accountancy is designed specifically for the accounting major in the Dunham College of Business at Houston Baptist University who intends to sit for the CPA Examination upon completion of degree requirements. Upon completion of degree requirements, the student is awarded **both the BBA and the MACCT**. If the MACCT is not completed, graduate courses will be accepted to satisfy the corresponding BBA Accounting degree requirements.

To apply for the MACCT program, students must have already completed 90 semester hours with an overall QPA of 3.0, including both HBU and transferred courses, and have taken the GMAT. Of the 90 hours, 24 must have been completed at HBU, and nine of them must be upper-level courses. In order to be admitted to the program, a student must have completed all of the following courses outlined in the following PDF:

[Master of Accountancy Requirements](#)

Master of Business Administration (MBA)

The MBA Program is structured to develop the knowledge and skills vital for all aspects of management. The program offers an intensive curriculum with focus on globalization, ethics and leadership. This curriculum is also uniquely innovative and flexible. The program length is 33-58 hours, depending on the student's undergraduate degree.

[Master of Business Administration Requirements](#)

Master of International Business (MIB)

The MIB provides students with the specialized knowledge that is needed in global companies—cross-cultural communications, international law, international finance, global economics, and many other disciplines. This is a lock-step program, with no electives. The program length is 33-49 hours, depending on the student's undergraduate degree.

[Master of International Business Requirements](#)

Master of Science in Human Resources Management (MS-HRM)

The Master of Science in Human Resources Management (MS-HRM) is designed to provide students with the latest and most useful knowledge and skills needed by successful human resources professionals. To ensure currency, the faculty contains an effective mix of highly successful practitioners and those with a rigorous academic background. This is a lock-step program, with no electives. The program length is 33-49 hours, depending on the student's undergraduate degree.

[Master of Science in Human Resources Management Requirements](#)

Master of Science in Management (MS-MGMT)

The Master of Science in Management is reserved for the individual who already holds the MBA degree and wishes to expand his or her skill and knowledge base. The degree consists of thirty hours (ten courses) of graduate work selected from the current MBA course offerings. Course selections are made in consultation with the Associate Dean for Graduate Business Programs.

[Master of Science in Management Requirements](#)

School of Christian Thought

The School of Christian Thought offers undergraduate and graduate degree programs in apologetics, biblical languages, philosophy and theology. The mission of the School of Christian Thought is to serve and equip the Church; to provide students with foundational knowledge in philosophy, theology, and apologetics through reading and engagement with the ideas and languages of classic and biblical texts; to challenge students to display sound reasoning, to communicate clearly, and to demonstrate effective research skills; and to foster both intellectual and spiritual growth as students and faculty alike seek to glorify God in all things.

Undergraduate Programs

Department of Classics and Biblical Languages

The Department of Classics and Biblical Languages combines two overlapping spheres of academic study. Classics focuses on the study of the languages, literature, history, philosophy, archaeology, and art of the Ancient Greek and Roman world. Biblical Languages equips students specifically to read and interpret the Christian Scriptures in their original languages and context. There is great overlap between the Classical and Biblical world and valuable insights can be gained from studying them together. The New Testament was written by Jews in the language of Greece to a world ruled by Rome. Studying Classics broadly can therefore provide valuable insights into the context of Christianity and the Bible.

Biblical Languages

The Biblical Languages major and minor are designed for students who desire to read and interpret the Christian Scriptures within their social, historical and linguistic contexts. The major or minor in Biblical Languages is appropriate for individuals preparing for vocational ministry and any serious student of the biblical traditions. The major includes Advanced Reading and Syntax in both Hebrew and Greek, while the minor program includes basic grammar for both Hebrew and Greek and Reading and Syntax II in Hebrew or Greek.

[Biblical Languages Major Requirements](#)

[Biblical Languages Minor Requirements](#)

Classics

The Classics major is designed for students who wish to focus their studies on the Ancient Greek and Roman World. The core of the degree is learning the languages of Greek and Latin, also includes opportunity to pursue other aspects of Classical culture such as literature, history, philosophy, theology, archaeology, and art.

[Classics Major Requirements](#)

Latin

Latin is an integral part of the study of History, Government, Philosophy, and Christianity and enable students in these and other disciplines to develop their training, skill, and understanding in reading texts integral to their academic work. The course offerings in Latin are designed to enable students to develop proficiency in understanding the Latin language, in reading Latin literature, and in appreciating classical and medieval civilization.

[Latin Minor Requirements](#)

Department of Philosophy

Philosophy is an underlying element of every field of study and permeates all aspects of culture and society, including matters of faith. As a result, the history of philosophy is a necessary context for understanding contemporary problems and issues. HBU's philosophy courses are designed to help students explore the contribution of philosophy to Christian thought, and to consider Christian perspectives on philosophy. In addition, the study of philosophy helps students develop critical skills for use in all areas of life. HBU is committed to enhancing student's abilities as they aim toward excellence. Whether one engages in Christian ministry or seeks some other professional vocation, a well-developed mind and the capacity for clear and cogent expression are essential components for effective service. The study of philosophy, tempered by a Christian worldview, aids in this goal.

[Philosophy Major Requirements](#)

[Philosophy Minor Requirements](#)

Department of Theology

HBU is committed to providing liberal arts undergraduate education dedicated to the view that Christian ideals and principles provide the perspective, goals, and values most essential in higher education. The implementation of this view is the responsibility of the entire University staff, but it is the province of the Department of Theology to offer the specific courses that enable students to gain an intelligent and meaningful acquaintance with the Christian faith and with the writings of the Old and New Testaments.

Six (6) semester hours in Christianity are required for graduation in any major. These are basic courses designed for all College students and not for church vocations students alone. In addition to its support of the core curriculum, the Department of Theology offers a major in Christianity.

The mission of the Department of Theology is to provide students with a foundation in the classical theological disciplines, facilitate intellectual and spiritual growth, and equip individuals in skills essential to Christian ministry. To accomplish this mission the Department of Theology offers a major in Christianity. This course of study helps students achieve an intelligent and meaningful understanding of the Christian faith, its history and its practices. It is appropriate for men and women who plan to enter a vocation in Christian ministry; it is also appropriate for individuals who desire to serve in active lay ministry. Many students who complete a major in Christianity may wish to continue their studies either in our Master of Arts in Biblical Languages program or our Master of Arts in Theological Studies program.

Christianity

Anyone wanting to understand God's work in the world will enjoy pursuing a Christianity major or minor in the Department of Theology. This degree is especially appropriate for those wanting to serve the body of Christ as a minister in a church, a missionary, someone in parachurch ministry, or whatever setting God calls you. We value our Baptist heritage, but our faculty and students are broadly evangelical, drawing from a variety of traditions and denominations. Thus, we welcome anyone who would wish to study with us.

Our broad program focusing on Biblical Studies, Theology, and Practical Ministry will give you a foundation for a variety of ministries and will prepare for graduate studies such as our Master of Arts in Theological Studies (MATS) or an M.Div. The main strength and focus of our department is the study of the Bible. You will gain a strong grasp of the Old and New Testament and will learn to interpret the Scriptures for yourself, even studying them in Greek and Hebrew. Along with the study of the Bible, we give you a strong foundation in theological disciplines so that you can understand how Christian theology addresses the questions of modern culture and how your theology fits within the variety of Christian traditions and denominations over the past two millennia. In all our classes we integrate discussion about how to apply the Bible in the church, but we focus specifically on these issues in a variety of Practical Ministry classes. Since God has gifted each of you in different ways, we help you

explore your gifting and the needs of the church, so you can ably share God's love with a broken world. There are a number of different Christianity minors in the Department of Theology, each with a different emphasis. There are minors in Biblical Studies, Christian Studies, Practical Theology or Theology.

[Christianity Major Requirements](#)

[Christian Biblical Studies Minor Requirements](#)

[Christian Studies Minor Requirements](#)

[Christian Practical Theology Minor Requirements](#)

[Christian Theology Minor Requirements](#)

Graduate Programs

Master of Arts in Apologetics

The mission of the Master of Arts program is to develop students who are capable of serving their community and the Church successfully in a variety of vocations, including academic, parachurch, and ecclesiastical professions. The Master of Arts degree is intended to provide students with interdisciplinary training in apologetics so that they understand and engage with contemporary worldviews and culture in order to transform the world for Christ, as academics, as apologists, and as followers of Christ.

The MA in Apologetics consists of 36 hours in coursework. The curriculum is built around a set of core courses which ground students in key apologetics topics. Students may then choose to have an emphasis in Cultural Apologetics or Philosophical Apologetics.

[Master of Arts in Apologetics-Cultural](#)

[Master of Arts in Apologetics-Philosophical](#)

Master of Arts in Biblical Languages

The Master of Arts in Biblical Languages (MABL) offers a concentrated and intensive program of study in biblical languages. The program is designed to give students facility with the Bible and biblical translation through direct engagement in the original languages- Greek, Hebrew, and Aramaic. No previous language work is necessary, but the program can be tailored to help those who already have biblical language study as an undergraduate.

[Master of Arts in Biblical Languages Requirements](#)

Master of Arts in Philosophy

The mission of the Master of Arts in Philosophy (MAPhil) is to develop students who are capable of serving their community and the Church successfully in a variety of vocations, including academic, parachurch, and ecclesiastical professions. The MAPhil degree is intended to offer students training in the critical and philosophical skills that are useful for their further academic study and also for their growth as followers of God. MAPhil graduates may continue their education at the doctoral level.

[Master of Arts in Philosophy Requirements](#)

[Certificate in Apologetics Requirements](#)

Master of Arts in Theological Studies

The Master of Arts in Theological Studies (MATS) is designed to meet the needs of those preparing for vocational or lay ministry, as well as those who desire to pursue further graduate study or who just want to further their own personal development.

Students will study intensively in the four major areas of theological studies: biblical, historical, theological, and practical studies. In completing the 36 hour program, all students will take a minimum of six hours of biblical studies and six hours of history and theology.

The MATS program is a seminar based program. The professor/instructor who leads the seminar will expect students to participate in extensive reading, writing, and discussion concerning the subject matter of a course. Consequently, courses are not lecture based but the professor/instructor will give input as needed to enhance the instructive force of the seminar approach to the course subject matter.

To earn a Master of Arts in Theological Studies, 36 semester hours are required.

[Master of Arts in Theological Studies Requirements](#)

College of Education and Behavioral Sciences

The College of Education and Behavioral Sciences offers undergraduate, graduate and post baccalaureate programs for educators and prospective educators. Using multiple teaching methods which address a variety of learning styles, the rigorous programs emphasize active, meaningful, field-based, student-centered, and technology-rich learning. Assessments align with national standards and utilize challenging criteria that are reliable, valid, clear, fair, and performance-based. The Center for the Preparation of Professional Educators (CPPE), which is housed in the College of Education and Behavioral Sciences (COEBS) provides a number of different functions and services for students in the Educator Preparation Program (EPP). The CPPE portion of the COEBS website provides details about those functions and services: <http://hbu.edu/CPPE>

Education Departments: Curriculum and Instruction, Educational Leadership and Counseling, Special Populations

Undergraduate Programs

The undergraduate programs in the COEBS fulfill the mission of the University by preparing truly professional teachers for public and private early childhood, elementary, middle and high schools based on a liberal arts foundation. Each program leads to state teacher certification, meets state, regional, and national professional standards, and is accredited by the Texas Education Agency (TEA).

Each program requires course work in academic foundations (Smith College), a teaching field, and professional teacher education. All of the requirements were cooperatively developed by HBU faculty and the School of Education Advisory Council. The Advisory Council includes the members of the University's Teacher Education Committee (education as well as arts and sciences professors), practicing professionals (teachers, administrators, regional service representatives, etc.), alumni and community members.

NOTE: The State of Texas through the Texas Education Agency (TEA), not the University, certifies teachers. Individuals desiring to teach in accredited public and private Schools in Texas must be certified through TEA. TEA frequently changes certification levels and requirements. In order to meet new TEA guidelines, the University may change requirements described in this Catalog. Students should check with the School of Education office to verify current requirements.

Teacher Certification Options

Elementary Education: Early Childhood through Grade Six (EC-6) Certifications

- Elementary Education: EC-6 Generalist w/ESL
- Elementary Education: EC-6 with Bilingual Certification
- Elementary Education: EC-6 with All-Level Special Education Certification

Middle Grades: Grades 4-8 Certifications

- Composite Social Studies with Grades 4-8 Certification
- Composite Science with 4-8 Certification
- English, Language Arts and Reading with Grades 4-8 Certification
- Mathematical Studies with Grades 4-8 Certification

High School: Grades 7-12 Certifications

- Composite Science with Grades 7-12 Certification
- Composite Social Studies with Grades 7-12 Certification
- English/Language Arts with Grades 7-12 Certification
- History with Grades 7-12 Certification

- Life Science with Grades 7-12 Certification
- Mathematical Studies with Grades 7-12 Certification
- Physical Science with Grades 7-12 Certification
- Speech Communication with Grades 7-12 Certification

All Level: Early Childhood (EC) – Grade 12 Certifications

- All Level Art with EC- Grade 12 Certification
- All Level Music with EC- Grade 12 Certification (See School of Music)
- Physical Education/Kinesiology with EC- Grade 12 Certification
- Spanish with EC- Grade 12 Certification

Supplemental Certifications

- English as a Second Language (ESL)
- Special Education (EC-12)

Undergraduate Course Work Requirements for Early Childhood through Grade Six (EC-Grade 6) Certification Area

Elementary Education (EC-Grade 6) with ESL Certification

This certification permits one to teach all subjects in general education classrooms from early childhood through grade six. Undergraduate students seeking this certification complete the Elementary Education (EC-6) with ESL major. This major includes English as a Second Language (ESL) course work sufficient to sit for supplemental ESL certification as well as gifted education course work.

[Elementary Education \(EC-6\) with ESL Certification Requirements](#)

Elementary Education (EC-Grade 6) with Bilingual Certification

This certification permits one to teach all subjects in bilingual classrooms from early childhood through grade six. Undergraduate students seeking this certification complete the Elementary Education (EC-6) with Bilingual Certification major. Students learn to help children develop first and second language proficiency and to teach content material in a bilingual (English and Spanish) context. In order to begin this program, students must already be proficient in Spanish. They must demonstrate competency in reading, writing, speaking and listening in Spanish.

[Elementary Education \(EC-6\) with Bilingual Certification Requirements](#)

Elementary Education (EC-Grade 6) with All-Level (EC-Grade 12) Special Education Certification

This certification permits one to teach all subjects in a “regular” education classroom from early childhood through grade six as well as special education (life skills, resource, Preschool Programs for Children with Disabilities, etc.) at those levels. It also permits one to teach Life Skills in middle school and high school, as well as special education, for the subject and for the level one is certified to teach. To simultaneously acquire EC-6 and All-Level Special Education certification, students complete the Elementary Education (EC-6) and All-Level Special Education major.

[Elementary Education \(EC-6\) w/ All-Level Special Education Certification Requirements](#)

Middle Grades Certification (Grades 4-8)

This option leads to grades four through eight (4-8) teacher certification in a chosen teaching field. In the undergraduate program, it requires completion of one of the teaching field majors listed below. Each of these majors includes content area and professional education course work. The course work requirements for each program can be accessed through the link listed under the program title.

- Composite Science with 4-8 Certification
[Composite Science \(4-8\) Teacher Certification Requirements](#)
- Composite Social Studies with 4-8 Certification

- Physical Science with Grades 7-12 Certification
[Physical Science \(7-12\) Teacher Certification Requirements](#)
- Speech Communication with Grades 7-12 Certification
[Speech Communication \(7-12\) Teacher Certification Requirements](#)

All-Level Certification (EC – Grade 12)

This option leads to early childhood through grade twelve teacher certification in a chosen teaching field. In the undergraduate program, it requires completion of one of the teaching field majors listed below. Each of these majors includes content area and professional education course work. The course work requirements for each program can be accessed through the link listed under the program title.

- Art with EC- Grade 12 Certification
[All Level Art Teacher Certification Requirements](#)

- Music with EC- Grade 12 Certification (See School of Music)
[Music Education All-Level Teacher Certification Requirements](#)
- Physical Education/Kinesiology with EC- Grade 12 Certification
[Kinesiology All-Level Teacher Certification Requirements](#)
- Spanish with EC- Grade 12 Certification
[Spanish \(EC-12\) with Teacher Certification Requirements](#)

Supplemental Certifications

A supplemental certificate is an additional certification area that is added to another certification. It requires passage of the state’s supplemental certification exam for that area. HBU offers course work that can prepare students for two different supplemental certification exams: ESL and Special Education.

English as a Second Language (ESL)

This option is available as a supplemental certification area that may be added to any teaching certificate. The course work for this area of expertise (EDBI 4304 Second Language Acquisition and EDBI 4305 Methods of Teaching ESL) is included in all undergraduate EC-6 programs and some other undergraduate programs. Any education student may take these two courses then sit for the ESL supplemental exam.

Special Education

This option is available as a supplemental certification area that may be added to any certificate. In the undergraduate program, EC-12 Special Education Certification may be obtained simultaneously with the EC-6 certification by completing the Elementary Education (EC-6) with All-Level Special Education major. Other students may prepare to add supplemental special education certification to their certificates by completing EDSP 4302, 4311, 4319, 4325, 4352 and 4353. Many of these are already included in their degree requirements. The special education supplemental certification applies only to the level(s) and subject(s) one is already certified to teach.

Policies and Procedures for Undergraduate Educator Preparation Program (EPP)

Required Pre-Program Course work

Undergraduate applicants should take EDUC 2320: Learning and Development and EDUC 2330: Foundations of American Educational Thought during their first 30 hours. These courses are prerequisites for admission to the Educator Preparation Program. Students must earn a “C” or higher in each course in order to be admitted to the Educator Preparation Program.

In order to do fieldwork, which is required in many courses in the EPP and EDUC 2320 (a pre-program course), students must have documented criminal clearance. Criminal history clearance is also required for state licensure. **Note:** In accordance with Article 6252-13c, Texas Civil Statutes, the Commissioner of Education may suspend or revoke a teaching certificate or refuse to issue a teaching certificate for a person who has been convicted of a felony or misdemeanor for a crime which directly relates to the duties and responsibilities of the teaching profession. All applicants for Texas certification will be screened for a record of felony or misdemeanor conviction through the Texas Department of Public Safety (DPS) and Home Land Security.

Admission to the Undergraduate Educator Preparation Program

1. Undergraduate applicants must complete an application on Taskstream and receive approval for admittance prior to beginning the program.
2. Program admission allows students to register for professional education classes: those with the EDBI, EDEC, EDUC, EDRE, EDSP and INDC rubrics (other than EDUC 2320 and 2330).
3. Applicants may begin the program during the fall or spring semesters. Applications should be submitted on Taskstream by February 15 for fall admission and by September 15 for spring admission. All applications

are to be submitted on Taskstream and audited by the Director of the Center for Preparation of Professional Educators (CPPE) in the COEBS to determine if applicants meet the program admission requirements.

Admission Requirements for EPP:

1. Completed application submitted on Taskstream by the posted due date.
2. A minimum of 45 hours completed before beginning the program.
3. A minimum cumulative grade point average of 2.75 (based on all university/college course work ever attempted)
4. Demonstration of English Oral Language Proficiency:
 - a grade of “C” or better in an oral communication course OR
 - a completed Speech Competency Form signed by an HBU professor AND
 - an admission interview. If possible oral communication problems are noted in the admission interview, successful completion of an additional oral language screening assessment may be required. International students may be required to submit a TOEFL.
5. For bilingual education certifications (EC-6 Bilingual Generalists and EC-12 Spanish), successful completion of a Spanish language proficiency assessment that includes listening, speaking, reading and writing. Students who do not meet minimums standards on this assessment must successfully complete prescribed course work and/or other prescribed learning experiences in each area where the minimum was not achieved.
6. A successful admission interview. The interview will determine the following:
 - Genuine desire to enter and follow a career in teaching
 - Personal and social orientation which shows promise of contributing to success in the teaching profession.
 - Physical and mental fitness which indicates potential classroom leadership.
 - Demonstration of attitudinal dispositions that are deemed necessary for successful teaching.

Students will receive written confirmation of their admission status (including an explanation of requirements that still need to be met if admission is denied). Upon admission, students must submit a written acknowledgement of acceptance into the EPP to the CPPE. When the acknowledgment of acceptance into the EPP is received from the student, a Texas Education Agency account will be established for the student by the CPPE. It is the student’s responsibility to create a TEA login and complete the personal data portion as required by TEA.

Retention in the Program:

The following conditions are necessary for retention in the EPP program:

1. A grade of “B” or better in EDUC 4301 or 4311 must be earned in order to take additional courses in the professional education course sequence and to count either course as a prerequisite for other courses.
2. Continued demonstration of the attitudinal dispositions that qualified the student for admission to the program.
3. If students fail to demonstrate an acceptable level of performance on one or more dispositions during any class or field experience, a report is filed in the School of Education office. If two reports occur, a conference is held in which difficulties are identified and means for improvement are explored. Sometimes specific interventions will be required. A third report results in a committee hearing to review difficulties and means for improvement and to determine conditions for continuance in the program.

Undergraduate Clinical Teaching

Clinical teaching is among the final requirements for a teaching certification. It must be completed during the last semester in the program prior to graduation. During the clinical teaching semester, students must also complete EDUC 4400 Clinical Teaching Seminar which meets every Tuesday afternoon.

The application for **Undergraduate Clinical Teaching** must be submitted at least two semesters prior to the clinical teaching semester. Admission to clinical teaching is not automatic upon completion of required courses. It is contingent upon approval by the Dean of the College of Education and Behavioral Sciences or her designated representative.

Prior to entry into the undergraduate Clinical Teaching Program, the following requirements must be met:

- Admitted to the Educator Preparation Program and satisfied all requirements for retention in the program.
- Signed and agreed to practice the Texas Professional Code of Ethics for Teachers and signed a FERPA Consent to Release Educational Records and Information Form in order to participate in clinical teaching.
- Completed at least 96 semester hours.
- Earned and maintained a cumulative 2.75 GPA or higher in all course work with no grade lower than a “C”.
- Completed at least 21 semester hours in content field(s) with a GPA 2.75 or above.
- Completed all of required semester hours of professional education (*See degree plan for specific requirements*).
- Completed all course work that includes field experience.
- Earned a “B” or better grade in EDUC 4301 or 4311.
- Successfully completed EDUC 4100.
- Filed a degree plan with the Registrar's Office and the School of Education Office the first semester in the Pre-Ed Program.
- Filed for graduation with the Registrar two semesters prior to graduation.

State Certification Exams

1. To receive state certification, prospective teachers must successfully complete the required state certification exams in both pedagogy and content areas. Bilingual certification also requires passage of the Bilingual Target Language Proficiency Test (BTLPT). High School certification in Spanish requires successful completion of the Languages Other than English (LOTE) Spanish test.
2. HBU teacher education students are not allowed to take certification exams without authorization from the Center for the Preparation of Professional Educators (CPPE). To gain approval to take a state exam, students must first pass the practice exam (representative test) administered by HBU which is offered multiple times each semester. Intensive review for these practice exams and the certification exams is provided in EDUC 4100. The CPPE section of the College of Education and Behavioral Sciences website contains the application form and calendar for practice exams as well as additional procedures related to state certification exams: <http://hbu.edu/CPPE>

Initial Certification Application Process

Standard Initial Teaching Certifications are issued by the State of Texas, not the University. They are not automatically conferred upon graduation. Candidates must complete all requirements of a program before applying online with the Texas Education Agency for certification. **Application for certification should not begin until the last month of the graduating semester or when all program requirements are completed.** Upon successful completion of the following requirements, Houston Baptist University will recommend the candidates for certification.

Certification requirements include:

- All required State Assessments passed
- Application for certification completed by the student online at <http://www.tea.state.tx.us>.
- No holds on HBU account
- Degrees conferred
- Completed fingerprinting process
- Completed audit by HBU Certification Officer

For detailed instructions for applying online for certification, see the [HBU CPPE webpage](#).

Graduate Study

HBU's vision is framed by the Ten Pillars that include embracing the challenge of Christian graduate education. Consistent with this tenet, the College of Education and Behavioral Sciences emphasizes graduate study. The HBU graduate programs prepare students for teaching careers in public and private Schools in Texas, extend the classroom pedagogical skills of teachers, and develop leaders in School administration, counseling and educational diagnosis. Both Master of Education (MEd) degree programs and Post Baccalaureate programs requiring graduate course work are offered. Seven of the MEd programs lead to initial teacher certification in the state of Texas. Others offer the possibility of adding professional certifications or simply expanding existing expertise.

Graduate Programs in Education

MEd Programs that lead to Initial Teacher Certification

HBU offers the following seven graduate Curriculum and Instruction programs in which students can simultaneously earn an MEd and Texas teacher certification. Each program leads to state certification in different grades and/or subjects. Eligibility for the programs is determined by the undergraduate degree previously earned.

Curriculum and Instruction with EC-6 Generalist Certification

This option leads to both the MEd degree in Curriculum and Instruction and state EC-6 Generalist certification. The student must meet all admission, retention, and certification requirements for teacher education.

[MED \(E -6\) Generalist Certification Requirements](#)

Curriculum and Instruction with Middle Grades Certification in English Language Arts and Reading

This option leads to both the MEd degree in Curriculum and Instruction and middle grades (4-8) certification in English Language Arts and Reading. The student must meet all admission, retention, and certification requirements for teacher education and have a certification plan completed by the certification officer.

[MED Curriculum and Instruction \(English L/A and Reading Certification, 4-8\) Requirements](#)

Curriculum and Instruction with Middle Grades Certification in Math, Science, or Social Studies

This option leads to both the MEd degree in Curriculum and Instruction and middle grades (4-8) certification in math, science or social studies. The student must meet all admission, retention, and certification requirements for teacher education and have a certification plan completed by the certification officer.

[MED Curriculum and Instruction \(Certification in Mathematics, Sciences, or Social Studies, 4-8\) Requirements](#)

Curriculum and Instruction with High School Certification Grades 7-12

This option leads to both the MEd degree in Curriculum and Instruction and high school certification (grades 7-12). The student must meet all admission, retention, and certification requirements for teacher education and have a certification plan completed by the certification officer.

[MED Curriculum and Instruction \(7-12\) Certification Requirements](#)

Additional course work (undergraduate or graduate) in the teaching field may be required and is determined on an individual basis by the certification officer and documented in a certification plan. Certification also requires clinical teaching or an approved equivalent and successful completion of content area and pedagogy and professional responsibility (PPR) state certification exams.

Curriculum and Instruction with All-Level Teacher Certification in Art, Spanish, Music or Physical Education
This option leads to both the MEd degree in Curriculum and Instruction and all-level Texas teacher certification in

art, physical education, Spanish, or music. The student must meet all admission, retention, and certification requirements for teacher education and have a certification plan completed by the certification officer.

MED Curriculum and Instruction (Certification in All- Level Art, Spanish, Music, or Physical Ed) Requirements

Curriculum and Instruction with Certification in EC-6 Generalist and Special Education (EC-12)

This option leads to both the MEd degree in Curriculum and Instruction and certification in Special Education (EC-12) and EC-6 Generalist. This certification permits one to teach all subjects in a “regular” education classroom from childhood through grade six as well as special education (life skills, resource, PPCD, etc.) at those levels. It also permits one to teach Life Skills in Middle School and High School as well as special education for any subject one is certified to teach at these levels.

MED Curriculum and Instruction Certification in EC-6 and Special Education (EC-12) Requirements

MEd Curriculum and Instruction Program (that does not lead to Certification)

Curriculum and Instruction

The MEd in Curriculum and Instruction provides expertise related to curriculum content and instructional methodology. It allows individual students the opportunity to acquire expertise without the requirement of teacher certification. It also provides certified teachers the ability to increase their professional knowledge and skills and add supplemental certifications and specializations. Each Curriculum and Instruction program requires a core of courses and 18 hours of electives.

MED in Curriculum and Instruction Requirements

The following programs provide additional professional expertise and/or professional certifications (Principal, School Counselor, Bilingual Educator, Educational Diagnostician, Master Technology Teacher, and Reading Specialist). The professional certifications each have specific requirements in addition to course work including state certification exams and provision of School/district service records to document teaching experience.

Bilingual Education

This degree program is designed for already certified teachers who wish to enhance their knowledge and skills in the bilingual classroom. It also permits students who possess valid Texas teacher certification in an area other than bilingual education to add a supplemental bilingual certification. To gain admission to the Bilingual Education program, the prospective student must achieve the prerequisite scores on proficiency tests in English and in Spanish. [Upon approval of the advisor, students who already possess Texas Bilingual Education Teacher Certification may, through presentation of appropriate undergraduate equivalent courses, substitute other graduate courses for required courses in the Bilingual MEd Program.]

MED in Bilingual Education Requirements

Curriculum and Instruction with a Specialization in Instructional Technology

Students may obtain the Specialization in Instructional Technology by completing the requirements for the MEd degree in Curriculum and Instruction with a Specialization in Instructional Technology or by completing the twenty-seven (27) hours of instructional technology course work included in the degree if they already possess a graduate degree. This does not lead to initial certification, and students do not have to be certified teachers to complete this degree program, but if seeking the additional Master Technology Teacher certification offered by the state, they must have completed 3 years of teaching as a certified teacher.

MED Curriculum and Instruction (Specialization in Instructional Technology) Requirements

Counselor Education

The School counselor today is a vital member of the educational team on each campus. They help students in the areas of academic achievement, psychological and social development, and College/career development. For a person to be certified as a School counselor, the Texas Education Agency (TEA) requires that the student have two

(2) years of successful teaching in an accredited School (as a certified teacher), earn an MEd degree, be recommended by an accredited program, and successfully complete the required state certification exam. Admission to the program requires the student to be a certified teacher or demonstrate progress towards certification. The requirements for this major include a 350-clock hour practicum which must be satisfactorily completed in an accredited, university-approved school. Students who are teaching full time may require more than one semester to complete the 350 hours of internship. Students who do not complete all 350 hours in EDSP 6191, may register for additional semesters of Counseling Practicum with permission of the Dean of the College of Education and Behavioral Sciences.

[MED in Counselor Education Requirements](#)

Educational Administration

The Educational Administration program prepares graduate students for positions as principals or assistant principals in elementary, middle or high schools and for such district-wide administrative positions as program directorships and supervisor or coordinator positions. To earn the Texas Standard Principal Certificate, the student must complete the thirty-seven (37) semester hours detailed through the following link, earn the MEd degree, have a valid Texas teaching certificate, have completed two (2) years of successful teaching in an accredited School, and successfully complete the certification examination required by the Texas Education Agency (TEA).

[MED in Educational Administration Requirements](#)

Educational Diagnostician

The Educational Diagnostician program prepares students for professional certification by the state. Educational Diagnosticians administer individual standardized test batteries to determine eligibility of students for areas of exceptionality. Prior to admission to the Educational Diagnostician certification, an individual must hold: a baccalaureate degree from an accredited institution of higher education that at the time of attendance was accredited or otherwise approved by an accrediting organization recognized by the Texas Higher Education Coordinating Board and a valid classroom teaching certificate. To earn professional certification as an Educational Diagnostician, the student must successfully complete the forty-two (42) graduate hours listed at the following link and earn the MEd degree.

[MED in Educational Diagnostician Requirements](#)

Reading Education

The campus reading specialist serves as a resource to students, parents and teachers. They will learn leadership and communication skills as well as methods for improving the reading ability of students with a variety of different needs. To earn the Texas Professional Certificate as a Reading Specialist, a student must have a valid Texas teaching certificate, three years of successful teaching experience in an accredited elementary or secondary school, and a passing score on the appropriate state certification examination.

[MED in Reading Specialist Certification Requirements](#)

Earning Additional Certifications after Completing a Master's Degree

If students already have a master's degree in education, but would like to earn an additional certification, they may be eligible for a deficiency plan. This plan requires between 18 and 27 hours in the field and will be created individually for each student based on previous course work. In order to be approved for the state certification exams, the student must be able to demonstrate 2-3 years of teaching experience in an accredited school and pass the appropriate practice exam. Approval for this exam will be given by the student's academic advisor in coordination with the director for the Center for the Preparation of Professional Educators. When the student has scored 80% or above on the practice exam, they are eligible to take the TExES exam. Students must request their service records be sent to HBU's CPPE office before the certification can be granted.

Possible deficiency plans are as follows:

- Reading Specialist Certification
- Master Technology Teacher Certification
- Educational Diagnostician Certification
- Principal Certification
- Counselor Certification
- Bilingual Supplemental Certification

Policies and Procedures for Graduate Educator Preparation Program

Admission Requirements:

- Hold a bachelor's degree from an accredited university.
- Cumulative undergraduate GPA of 2.75 or higher on four-point scale or a 3.0 or higher on the last 60 hours of undergraduate course work. Provisional admittance is sometimes possible. It requires that students complete six semester hours during their first semester with a GPA of 3.0 or higher in order to obtain full program admission and continue taking classes.
- Additional requirements may be required depending on degree and certification sought.

Steps in Completing a MEd Degree

Students have five years after first enrollment to complete all requirements for the graduate degree. As students progress through the program, they should do the following:

- Apply to be accepted to the HBU Educator Preparation Program
- Complete all required course work with grades of "C" or higher while maintaining a 3.0 GPA
- File a degree plan by the time they complete 12 hours
- File for candidacy when they complete 18 hours
- Successfully complete the written comprehensive exam after completion of a minimum of 24 hours and two MEd core courses
- Apply to graduate two semesters before graduation

Graduate Academic Load

During any semester, a graduate student must enroll in nine or more semester hours of graduate course work to be considered a full-time student. Twelve semester hours is the maximum allowed load per semester during the fall and spring semesters with nine hours preferred. During the summer session only, a graduate student with a minimum GPA of 3.25 may register for a maximum of fourteen (14) semester hours, provided that no more than seven hours be undertaken in a four or five-week summer term. Overloads must be approved by the student's faculty advisor and the College Dean. Registration in 6 graduate credit hours is considered a half time load and enables the graduate student to be financial aid eligible.

Graduate Grading Scale

Each course requires rigorous assessments of the course objectives. The same grading scale is used in all HBU graduate courses: 94 -100=A; 90-93=A-; 87-89=B+; 83-86=B; 80-82=B-; 77-79=C+; 73-76=C; 72 and below=F. In order for a student to receive credit for a course, the grade earned must be a "C" or higher.

School of Education Graduate Comprehensive Examination

In order to earn a MEd, graduate students must successfully complete a written comprehensive exam. To be eligible to take the Comprehensive Exam, a candidate must have completed a minimum of 24 hours of course work which applies toward the degree including at least two MEd core courses. This culminating assessment measures mastery of course objectives as well as capacity to think globally regarding educational theory and practice. The rigor of the comprehensive assessment demands students evaluate, analyze, and synthesize all learning experiences in the program.

Additional Policies and Procedures for Graduate Initial Teacher Certification Programs

Admission to initial Graduate Teacher Certification Programs - effective September 1, 2014

Applicants must:

- Complete online forms for Graduate Admission being sure to select the MED initial certification.
- Submit official transcripts from all universities and Colleges attended. All non-U.S. transcripts need to be evaluated by Spantran or Global Evaluators to be accepted. A minimum GPA of 2.75 is required for all prospective teachers.
- Successfully interview with School of Education faculty.

Initial Certification additional requirements:

1. All EC-6 Generalist certifications, including those seeking Bilingual or Special Education who want to teach in EC-6 grades, require at least 3 hours of undergraduate course work in each of the following areas: English, Math, Science, and Social Studies
2. 4th-8th and 7th-12th grade certifications require 12 hours in the content area of certification, this includes those seeking certification in Special Education who want to teach in those grade levels
 - **Note:** 7-12 Math and Science certifications require 15 hours in the content area; this includes those seeking certification in Special Education who want to teach in those grade levels
 - **Note:** If an applicant does not meet these course requirements, they may take additional content course work or take a Pre-Admission Content Test (PACT) from the Texas Education Agency **prior to applying to the program** to enter the program.
3. Demonstrate English Oral Language Proficiency through a “C” or better in an oral communication course, a signed Speech Competency Form completed by an HBU professor and an admission interview. If possible oral communication problems are noted in the admission interview, successful completion of an additional oral language screening assessment may be required. International students may be required to submit a TOEFL examination.
4. Have a successful admission interview conducted by the Educator Preparation Program Committee member(s). The interview will determine the following
 - A genuine desire to enter and follow a career in teaching.
 - A personal and social orientation which shows promise of contributing to success in the teaching profession.
 - A physical and mental fitness which indicates potential classroom leadership.
 - Demonstrate attitudinal dispositions that are deemed necessary for successful teaching.
5. For bilingual education certifications (EC-6 Bilingual Generalists and EC-12 Spanish), successful completion of a Spanish language proficiency assessment that includes listening, speaking, reading and writing. Students who do not meet minimum standards on this assessment must successfully complete prescribed course work and/or other prescribed learning experiences in each area where the minimum was not achieved.
6. Application for a state criminal history review and documented criminal clearance is required prior to beginning some professional development course work and is required for state licensure.
 - **Note:** In accordance with Article 6252-13c, Texas Civil Statutes, the Commissioner of Education may suspend or revoke a teaching certificate or refuse to issue a teaching certificate for a person who has been convicted of a felony or misdemeanor for a crime which directly relates to the duties and responsibilities of the teaching profession.
 - All applicants for Texas certification will be screened for a record of felony or misdemeanor conviction through the Texas Department of Public Safety (DPS) and Home Land Security.

Clinical Teaching

Clinical teaching is among the final requirements for a teaching certification for those seeking initial certification on the graduate level and not doing a PBC internship. It is part of the professional education requirements. It must be

done during the last semester in the program prior to graduation or certification. During the clinical teaching semester a student is required to attend EDUC 5000 Clinical Teaching Seminar on Tuesday afternoons.

The student must have signed and agreed to practice the Texas Professional Code of Ethics for Teachers and signed a FERPA Consent to Release Educational Records and Information Form in order to participate in clinical teaching.

A Clinical Teaching Graduate Application must be submitted at least 2 semesters prior to the clinical teaching semester. Admission to clinical teaching is not automatic upon completion of required courses. It is contingent upon approval by the Dean of the College of Education and Behavioral Sciences or a designated representative.

1. Admission to the Educator Preparation Program and satisfaction of all requirements for retention in the EPP.
2. Signed and agreed to practice the Texas Professional Code of Ethics for Teachers and signed a FERPA Consent to Release Educational Records and Information Form in order to participate in clinical teaching.
3. Completed all of required semester hours of professional education (*See degree plan for specific requirements*)
4. Completed all course work that includes field experience
5. Earned and maintained a cumulative 3.0 GPA or higher in all graduate course work
6. Completed at least 12 semester hours as an undergraduate in their teaching field(s) with a 2.75 GPA or passed the TExES State Content test:
 - **Note:** EC-6 Bilingual certification must also pass the BTLPT State Exam to qualify
 - **Note:** EC-12 Spanish certification must also pass the LOTE State Exam to qualify.
 - **Note:** 7-12 Math certification must have completed at least 15 semester hours as an undergraduate in math with a 2.75 GPA or passed the TExES State Content test.
 - **Note:** 7-12 Science certification must have completed at least 15 semester hours as an undergraduate in science with a 2.75 GPA or passed the TExES State Content test.
7. Passed with an 80% or above all of the required Practice State Exams
8. Filed a degree declaration with the Registrar and Education Office
9. Filed for graduation with the Registrar (2 semesters prior to graduation)

State Certification Exams

To receive state certification, prospective teachers must successfully complete the required state certification exams in both pedagogy and content areas. Bilingual students must also pass the Bilingual Target Language Proficiency Test (BTLPT). High School certification in Spanish requires successful completion of the Spanish Languages Other Than English (LOTE) test.

HBU initial certification graduate students are not allowed to take these exams without authorization from the College of Education and Behavioral Sciences. To gain approval to take a state exam, students must first pass the practice exam (representative test) administered by HBU multiple times each semester. The CPPE (Center for the Professional Preparation in Education) section of the College of Education and Behavioral Sciences website contains the calendar for the practice exams and the application form. <http://hbu.edu/CPPE>

Exams reviews are regularly provided by the CPPE or Testing Services Director.

Post Baccalaureate Teacher Certification (PBC) Program

Houston Baptist University's Post Baccalaureate with Certification (PBC) program is an alternate route to attaining initial teacher certification in Texas. The HBU PBC program has been approved by the Texas Education Agency (TEA) and complies with the U. S. Department of Education's rules as an acceptable alternative route to certification program under the No Child Left Behind (NCLB) Act. The program provides the opportunity for a student with a bachelor's degree who meets all requirements for admission to the PBC program to be employed as a full-time teacher in area school districts while completing the required course work and considered "highly qualified" in accordance with applicable federal law.

Once the student has completed the 21 hours of required course work, the student may apply those hours toward the requirements of an HBU Master's Degree in Curriculum & Instruction. Each M. Ed. degree requires a minimum of 36 hours.

Post Baccalaureate Teacher Certification Program Areas

Students in the PBC program may select one of the following certification areas:

<p>EARLY CHILDHOOD – GRADE 6</p> <ul style="list-style-type: none"> • EC-6 Generalist • EC-6 Bilingual Generalist 	<p>GRADES 7-12</p> <ul style="list-style-type: none"> • English, Language Arts, & Reading, 7-12 • Mathematics 7-12 • Social Studies Composite, 7-12 • History 7-12 • Life Science, 7-12 • Science Composite 7-12
<p>GRADES 4-8</p> <ul style="list-style-type: none"> • English, Language Arts, & Reading, 4-8 • Mathematics, 4-8 • Science Composite, 4-8 • Social Studies 4-8 	<p>GRADES EC-12</p> <ul style="list-style-type: none"> • Special Education EC-12 • Physical Education EC-12 • Art EC-12 • Music EC-12 • Spanish EC-12

Course Work Requirements for Each Certification Area

EC-6 Generalist Certification:

- EDRE 5310: Reading for Pre-Adolescents
- EDUC 5360: Math for Pre-Adolescents
- EDUC 5350: Science for Pre-Adolescents
- EDUC 5380: Essential Elements of Social Studies
- EDUC 6302: Elementary School Curriculum and Instruction
- EDUC 6304: Children, Adolescents, and Learning
- EDUC 5101: Internship I
- EDUC 5201: Internship II

EC-6 Bilingual Generalist Certification:

- EDUC 6302: Elementary School Curriculum and Instruction
- EDUC 6304: Children, Adolescents and Learning
- 12 credit hours of selected EDBI course work
- EDUC 5101: Internship I
- EDUC 5201: Internship II

Grades 4-8 Certification:

- EDRE 5330: Content Area Reading
- EDSP 5302: Survey of Exceptional Children
- EDUC 6301: Classroom Management
- EDUC 6312: Secondary School Curriculum and Instruction
- EDUC 6304: Children, Adolescents, and Learning
- EDUC 5320: Teaching Methodology for Secondary Teachers
- EDUC 5101: Internship I
- EDUC 5201: Internship II

Grades 7-12 Certification:

EDRE 5330: Content Area Reading
EDSP 5302: Survey of Exceptional Children
EDUC 6301: Classroom Management
EDUC 6312: Secondary School Curriculum and Instruction
EDUC 6304: Children, Adolescents, and Learning
EDUC 5320: Teaching Methodology for Secondary Teachers
EDUC 5101: Internship I
EDUC 5201: Internship II

EC-Grade 12 Special Education Certification:

EDRE 5310: Reading for Pre-Adolescents
EDSP 5302: Survey of Exceptional Children
EDSP 5311: Diagnostic & Prescriptive Teaching for Exceptional Children
EDSP 5319: Teaching Strategies in Special Education
EDUC 6302: Elementary School C & I
EDUC 6304: Children, Adolescents, and Learning
EDUC 5101: Internship I
EDUC 5201: Internship II

EC-Grade 12 Art, Music, Physical Education &/or Spanish Certification:

EDRE 5330: Content Area Reading
EDSP 5302: Survey of Exceptional Children
EDUC 6301: Classroom Management
EDUC 5320: Teaching Methodology for Secondary Teachers
EDUC 6302: Elementary School C & I
EDUC 6304: Children, Adolescents, and Learning
EDUC 5101: Internship I
EDUC 5201: Internship II

Policies and Procedures for Initial Teacher Certification

Required Pre-program Course Work

To be eligible for the HBU Post Baccalaureate with Certification (PBC) program:

1. All EC-6 Generalist certifications, including those seeking Bilingual or Special Education who want to teach in EC-6 grades, require at least 3 hours of undergraduate course work in each of the following areas: English, Math, Science, and Social Studies
2. 4th-8th and 7th-12th grade certifications require 12 hours in the content area of certification, this includes those seeking certification in Special Education who want to teach in those grade levels.
 - **Note:** 7-12 Math and Science certifications require 15 hours in the content area; this includes those seeking certification in Special Education who want to teach in those grade levels.
 - **Note:** If an applicant does not meet these course requirements, they may take additional content course work or take a Pre-Admission Content Test (PACT) from the Texas Education Agency **prior to applying to the program** to enter the program.
3. Demonstrate English Oral Language Proficiency through a “C” or better in an oral communication course, a signed Speech Competency Form completed by an HBU professor, and an admission interview. If possible oral communication problems are noted in the admission interview, successful completion of an additional oral language screening assessment may be required. International students may be required to submit a TOEFL examination.
4. Have a successful admission interview conducted by an Educator Preparation Program Committee member(s). The interview will determine the following:
 - A genuine desire to enter and follow a career in teaching.

- A personal and social orientation which shows promise of contributing to success in the teaching profession.
 - A physical and mental fitness which indicates potential classroom leadership.
 - Demonstrate attitudinal dispositions that are deemed necessary for successful teaching.
5. For bilingual education certifications (EC-6 Bilingual Generalists and EC-12 Spanish), successful completion of a Spanish language proficiency assessment that includes listening, speaking, reading and writing. Students who do not meet minimum standards on this assessment must successfully complete prescribed course work and/or other prescribed learning experiences in each area where the minimum was not achieved.
 6. Have an overall GPA of 2.75 or above on their undergraduate transcript from the graduating university or a 2.75 GPA in the last 60 hours of course work.
 7. Application for a state criminal history review and documented criminal clearance is required prior to beginning some professional development course work and is required for state licensure.

Note: In accordance with Article 6252-13c, Texas Civil Statutes, the Commissioner of Education may suspend or revoke a teaching certificate or refuse to issue a teaching certificate for a person who has been convicted of a felony or misdemeanor for a crime which directly relates to the duties and responsibilities of the teaching profession. All applicants for Texas certification will be screened for a record of felony or misdemeanor conviction through the Texas Department of Public Safety (DPS) and Home Land Security.

Applicants interested in a certain certification area who do not have the required content hours of course work may qualify for the program by completing additional content area course work or taking a Pre Admission Content Test (PACT) from the state of Texas.

Admission to the PBC Program

Program admission requires students to do the following:

- Complete the online forms for Graduate Admission selecting the Post Baccalaureate option.
- Submit official transcripts from all universities and Colleges attended documenting a minimum cumulative GPA of 2.75 based on all classes attempted. All non-U.S. transcripts must be evaluated by Spantran or Global Evaluators.
- Complete an Educator Preparation Program application
- Interview with School of Education professors successfully
- Obtain a certification plan

Retention in the Program

Students in the Post Baccalaureate with Certification (PBC) program are enrolled in graduate course work. Students are required to maintain a high level of performance and to comply fully with policies of the University. If a student's cumulative grade point average falls below 3.0, the student will be placed on academic probation. Probationary status can be removed only when the cumulative GPA reaches the minimum of 3.0. Each student placed on academic probation must achieve a minimum 3.0 GPA during the student's next semester of work or he/she will be suspended and will not be allowed to apply for readmission until one full semester has passed. Students will then complete an application for Readmission and submit it to the College of Education and Behavioral Sciences. The procedure for readmission is found on this link. <http://www.hbu.edu/Choosing-HBU/Academics/Registrar/Readmission-Process.aspx>

State Certification Exams

A student cannot be employed by a school district, charter school, or accredited private school until the student has taken and passed the appropriate content area certification exam. Students must score 80% or higher on an HBU administered practice exam to qualify for approval by HBU to take a state exam. Review sessions and on-line modules assist students in achieving the required score. Certification exams are scheduled online through the Texas Education Agency (TEA).

Approval for Internship/Employment

An internship is one of the final requirements for earning standard certification through the PBC program. The internship is a job with full teacher salary and benefits at a school district, charter school, or accredited private school.

Candidates admitted to the program will be eligible for Probationary Certification and the internship once they have completed at least two courses, participated in a minimum of 30 hours of fieldwork, passed the content area TExES exam in their certification area, and are offered a job as a teacher by a school district, charter school, or accredited private school. It is the student's responsibility to secure the job, although HBU will assist with job fairs as well as with fieldwork placements in districts. A letter stating the student's eligibility for employment will be generated by the College of Education and Behavioral Sciences.

Standard Teacher Certification

Students will be recommended for standard certification once they have:

- completed the required course work for their certification area
- passed the EC-12 Pedagogy and Professional Responsibilities (PPR) exam
- completed the internship year successfully
- applied online through TEAL for standard certification in their certification area
- no holds on their account at HBU

Department of Psychology

The Department of Psychology offers both undergraduate and graduate programs. The curriculum is designed to introduce the student to basic understandings in the scientific, systematic study of behavior and mental processes of organisms, including humans. The bachelor's degree with a major in psychology does not prepare the graduate for immediate placement as a professional psychologist. Consequently, students who wish to become professional psychologists must be prepared to do graduate study. Flexible course offerings at the upper level make psychology an excellent companion major to many disciplines.

Undergraduate Psychology

The undergraduate psychology program fulfills the mission of the University by preparing students for many different career fields through teaching interpersonal, analytical, and critical-thinking skills that will be required in any professional environment. Students who major in psychology can expect a balanced curriculum that includes a required introductory course, methodology courses, advanced content courses, and an integrating capstone experience. Students who minor in psychology can expect to take core courses that are foundational to each discipline. Furthermore, the elective offerings within the psychology minor allow students to tailor their learning in a way that best complements their chosen major. By providing multiple settings for learning: classroom, computer laboratory, informal and formal contacts with faculty and peers, field placement, externships and co-curricular activities (e.g. Psi Chi honor society), the undergraduate psychology program produces graduates who think scientifically, speak and write well, and respect and appreciate others.

[Psychology Major Requirements](#)

Pre-Professional Art Therapy Program

The pre-professional Art Therapy Program at HBU is a 45 hour program. Students must complete 18 hours in Art, 18 hours in Psychology and 9 hours in Art Therapy. The program culminates with a semester-long capstone experience which is designed to help students develop their application of art therapy to various populations and settings. Upon graduation, pre-professional Art Therapy majors are expected to continue on to a Master of Arts in Art Therapy program. Certified practitioners integrate the fields of human development and visual art (painting, drawing, sculpting, etc.) with current theories and models of counseling.

[Art Therapy Major Requirements](#)

Graduate Programs in Psychology

Master of Arts in Christian Counseling

To earn the Master of Arts in Christian Counseling degree, a student must complete the course requirements as outlined in the following degree plan with no grades less than "C".

1. Students must be fully admitted to the program or have departmental approval prior to taking any course work.
2. The student must be admitted to candidacy in order to receive the MACC.
3. The student must complete a minimum of forty-nine (49) graduate hours. These courses must have been completed with a GPA of 3.00 on a four-point scale with no grade less than "C" and with eighteen (18) semester hours at the 6000-level.
4. The student must demonstrate satisfactory completion of a comprehensive oral examination.
5. The student must satisfactorily complete practicum work as judged by ratings of site supervisor(s) and by faculty supervisor(s).
6. The student must receive the recommendation of the Department of Leadership & Counseling.

Master of Arts in Christian Counseling Requirements

Additional Information:

The course work provided meets the academic requirements for licensure as a Licensed Professional Counselor in the state of Texas. Students complete a practicum, consisting of a minimum of 450 clock hours in a University-approved counseling setting under the supervision of a licensed psychologist or licensed professional counselor-supervisor (LPC-S), as part of the degree plan. Before becoming a LPC, graduates also need to pass the National Counselor Exam, Texas Jurisprudence Exam, apply to the Texas State Board of Examiners of Professional Counselors, and complete a 3000 hour internship under the supervision of an LPC-S.

Master of Psychology – General (MAP-General)

The M.A. in General Psychology does not provide training that leads to licensure and, therefore, does not lead to independent practice. To earn the Master of Arts degree in Psychology - General, a student must complete the course work as outlined in the following degree plan with no grades less than "C".

Master of Arts in Psychology Requirements

MAP-General 37 hour degree program	Hours
PSYC 5310 Ethical and Professional Issues in Psychology and Counseling	3
PSYC 5312 Psychological Perspectives on Marriage, the Family and Children	3
PSYC 5330 Psychology of Learning	3
PSYC 5332 Social Psychology or PSYC 5360 Cultural Psychology	3
PSYC 5353 Physiological Psychology	3
PSYC 6301 Principles of Human Development	3
PSYC 6302 Measurement and Appraisal	3
PSYC 6310 Clinical Psychopathology	3
PSYC 6320 Research Techniques and Procedures	3
PSYC 6324 Research Seminar	3
PSYC Elective	3
PSYC 6199 Thesis Defense	1
Total Hours	37

1. The student must have an official degree plan on file with the Office of the Registrar
2. The student must be fully admitted to the program or have departmental approval prior to taking any course work.
3. The student must be admitted to candidacy (achieving at least 18 credit hours with a minimum GPA of 3.0) in order to receive the MAP.
4. The student must complete a minimum of thirty-seven (37) graduate hours. These courses must have been completed with a quality point average of 3.00 on a four-point scale with no grade less than “C” and with fifteen (15) semester hours at the 6000-level.
5. The student must receive the recommendation of the Department of Psychology based upon satisfactory completion of a Master’s thesis.
6. The student must complete a computer-based comprehensive examination (i.e. the ETS Major Field Test in Psychology)

Master of Arts in Counseling

MAC-Licensed Professional Counselor 49 hour degree program	Hours
PSYC 5310 Ethical and Professional issues in Psychology	3
PSYC 5312 Marriage, Couple and Family Counseling	3
PSYC 5313 Methods and Techniques in Counseling	3
PSYC 5323 Theories of Counseling and Psychotherapy	3
PSYC 5330 Psychology of Learning	3
PSYC 5353 Physiological Psychology	3
PSYC 5360 Cultural Psychology	3
PSYC 6301 Principles of Human Development	3
PSYC 6302 Measurement and Appraisal	3
PSYC 6305 Individual Psychological Evaluation	3
PSYC 6306 Career Information and Career Counseling	3
PSYC 6308 Methods of Group Process	3
PSYC 6310 Clinical Psychopathology	3
PSYC 6320 Research Techniques and Procedures	3
PSYC 6324 Seminar in Research	3
PSYC 6343 Personality Assessment	3
PSYC 6191 Practicum in Counseling Psychology	1
Total Hours	49

1. Students must be fully admitted to the program or have departmental approval prior to taking any course work.
2. The student must be admitted to candidacy in order to receive the MAC.
3. The student must complete a minimum of forty-nine (49) graduate hours. These courses must have been completed with a GPA of 3.00 on a four-point scale with no grade less than “C” and with eighteen (18) semester hours at the 6000-level.
4. The student must demonstrate satisfactory completion of a comprehensive oral examination.
5. The student must satisfactorily complete practicum work as judged by ratings of site supervisor(s) and by faculty supervisor(s).
6. The student must receive the recommendation of the Department of Leadership & Counseling.

Additional Information: Current academic requirements for applicants to the Texas State Board of Examiners of Professional Counselors for licensure as a Professional Counselor and to the Texas State Board of Examiners of Psychologists for licensure as a Psychological Associate may be satisfied in this program.

Students complete a practicum, consisting of a minimum of 450 clock hours in a University-approved counseling setting under the supervision of a licensed psychologist or licensed professional counselor-supervisor (LPC-S), as part of the degree plan. Before becoming a LPC, graduates also need to pass the National Counselor Exam, Texas Jurisprudence Exam, apply to the Texas State Board of Examiners of Professional Counselors, and complete a 3000 hour internship under the supervision of an LPC-S. Before becoming a LPA, graduates also need to pass the Exam for the Professional Practice of Psychology, the Texas Jurisprudence Exam, and apply to the Texas State Board of Examiners of Psychologists.

Master of Arts in Psychology – Licensed Specialist in School Psychology (MAP-LSSP)

The Master of Arts in Psychology- LSSP program prepares students for licensure as a Specialist in School Psychology (LSSP) and as a Psychological Associate (LPA) under the guidelines of the Texas State Board of Examiners of Psychologists (TSBEP). The MAP-LSSP program also meets the requirement for licensure as a Professional Counselor (LPC) under the guidelines of the Texas State Board of Examiners of Professional Counselors (TSBEPC).

Program Requirements

To earn the MAP-LSSP degree, a student must complete the following course work as outlined in the following degree plan:

MAP-Licensed Specialist in School Psychology 60 hour degree program	Hours
PSYC 5310 Ethical and Professional Issues in Psychology and Counseling	3
PSYC 5312 Psychological Perspectives on Marriage, the Family and Children	3
PSYC 5313 Methods and Techniques in Counseling	3
PSYC 5323 Theories of Counseling	3
PSYC 5330 Psychology of Learning	3
EDSP 6344 Educational Appraisal of Individuals with Exceptionalities	3
PSYC 5353 Physiological Psychology	3

Total Hours	60

1. The student must have an official degree plan on file with the Office of the Registrar.
2. The student must complete at least 60 hours as prescribed in the program. The required courses must be completed with a GPA of 3.0 or higher on a 4-point scale with no grade less than “C.”
3. The student must receive the recommendation of his or her major department based upon satisfactory completion of the following:
 - An oral comprehensive examination (there may be a written component)
 - 450 hour practicum
 - 1200 hour internship

Degree Requirements for Graduation

The student must:

1. Transfer no more than 6 semester hours from another institution while enrolled at HBU
2. Not earn a grade below “C” or fall below an overall GPA of 3.00
3. Have a degree plan on file with the Office of the Registrar
4. Achieve candidacy status (i.e. achieving 33 credit hours or more)
5. Satisfactorily complete the Practicum
6. Satisfactorily complete the Comprehensive Oral Examination
7. Satisfactorily complete the Internship
8. Receive the recommendation of the Psychology Department of the College of Education and Behavioral Sciences.

Master of Arts in Psychology- LSSP Requirements

Master of Arts in Psychology – Licensed Specialist in School Psychology (MAP-LSSP) - Respecialization

Educational diagnosticians and school counselors seeking credentialing by the Texas State Board of Examiners of Psychologists (TSBEP) as an LSSP can develop a modified plan once formally admitted to the MAP-LSSP Respecialization program. The plan will be designed according to requirements set forth by TSBEP and the Psychology Department at Houston Baptist University. At a minimum, such students will be required to complete at least 30 hours of coursework which will lead to the MAP-LSSP and include the successful completion of the Licensed Specialist in School Psychology Internship (on-campus supervision and actual placement in school setting under the supervision of an LSSP). The LSSP credential is granted by the TSBEP which is an independent board and not an academic program. Upon completion of the respecialization degree plan, students must apply to the TSBEP for credentialing.

To earn a Master of Arts in Psychology –LSSP Respecialization degree, at least 30 to 36 semester hours are required.

Master of Arts in Psychology – LSSP Respecialization Requirements

School of Fine Arts

The School of Fine Arts is founded on the belief that our God is the great Artist. We worship God when we create art from the patterns he created. Whether these artistic expressions are literary, dramatic, musical, visual, or even in the field of New Media, we understand that we were made to create in imitation of our creator.

The School of Fine Arts believes that Art is integral to the living of a full life. Towards that end, we offer courses and degrees in visual arts, music, creative writing, cinema, and mass media.

Undergraduate Programs

Department of Visual Arts

HBU offers a Bachelor of Fine Arts and a degree with a major in art. The art program is designed to help the student develop a personal, critical attitude toward his/her life situation through creative involvement. The beginner is offered a variety of courses that provide technical training, historical background and professional competence while maintaining the dignity of individual opinion and direction. These studies are designed to generate interest and promote understanding of art, which comes in part through analysis of creative works of past and present. A Senior Seminar provides an opportunity for the student's area of specialization to be the central theme in a final project.

The Department of Visual Arts offers instruction in five basic studio areas: Drawing, Painting, Ceramics, Sculpture, and Printmaking. The members of the art faculty bring a wealth of professional experience to their studios and their students. Students in the studio areas have the unique opportunity of receiving feedback in both individual and group critique sessions. The goal of the art faculty is to nurture and encourage students of all levels of experience in finding their visual voices and developing their own visual language.

Advanced Placement

Advanced Placement (AP) in Art may be awarded for incoming students provided that the following criteria are met:

1. The student arranges for official AP scores to be sent from high school to the HBU Registrar's Office.
2. The student presents the AP portfolio compiled through the high school art program to the HBU Art Faculty for evaluation.
3. The student receives written approval from the chair of the Department of Visual Arts to accept the scores and portfolio in lieu of a lower level art course(s).

Each evaluation will be made on a case-by-case basis. No more than six (6) semester hours may be awarded for AP credit.

Special Requirements

Art majors are required to participate in annual student exhibitions and other exhibits, programs, and lectures. The University reserves the right to retain permanently one (1) work from each student in each class. The art faculty will decide the disposition of these works. Other works may be held temporarily for use in specific exhibitions. These will be available to owners no later than two (2) years after the lending date.

Student Exhibition Experiences

Art majors must participate in at least one (1) approved exhibition during both junior and senior years. These opportunities must be approved by the department chair and mentored by a member of the Art faculty. Art majors are also expected to participate in the organization and presentation of the annual Student Art Exhibition (Spring Semester).

Exit Exam in Art

The exit exam in Art is presented in the form of a formal portfolio review juried by a committee of Art faculty. The review is offered in the final week of Fall and Spring Semesters, and should be scheduled by the student in the semester of graduation.

Art

This plan allows the student to have a major in art and another unrelated discipline. An Art major with an unrelated major has a studio emphasis for the production of art.

Bachelor of Fine Arts Degree

"The Bachelor of Fine Arts in Studio is considered a professional degree according to the National Association of Schools of Art and Design (NASAD)".

The BFA, Bachelor of Fine Arts, is an excellent choice of degrees for those wishing to attend graduate school for a Master of Fine Arts.

[BFA in Studio Art Major Requirements](#)

[Studio Art Minor Requirements](#)

[Art History Minor Requirements](#)

The Department of Visual Arts also supports the pre-professional Art Therapy Program offered within the College of Education and Behavioral Sciences. Students complete 45 hours including 18 hours in Art, 18 hours in Psychology and 9 hours in Art Therapy.

Department of Journalism & Mass Communication, Creative Writing, and Theater

Cinematic Arts

The BFA in Cinematic Arts expands this curriculum by providing students a comprehensive education in filmmaking and video production. In addition to the foundational CNMA classes, our Cinematic Arts students take multiple classes within specific areas of specialization, such as screenwriting, directing, editing, or cinematography. The degree also offers numerous classes in film history and theory designed to provide students important foundations for their artistic work. The final year of the Cinematic Arts degree is focused on faculty-directed practicums and a two-semester Senior Project designed to showcase the student's best cinematic skills.

[BFA in Cinematic Arts Major Requirements](#)

Multimedia Arts

In the 21st century, artists face a world of convergence. Communication is now multi-platform and multimedia—a synergy of visual arts, sound and music, story and the written word. The BFA in Multimedia Arts is designed to offer students a comprehensive, pre-professional course of study with classes drawn from each discipline in the Fine Arts. The degree begins with foundational classes in storytelling, writing, art, cinema, and music, then allows students to focus additional studies in one medium. This is paired with classes in storytelling, writing, art, cinema, and music, then allows students to focus additional studies in one medium. This is paired with multiple courses in business and entrepreneurship, as well as an internship, to prepare students to apply their artistic skills in the world of commerce and industry. A final capstone class helps students build a professional portfolio in preparation for graduation.

[BFA in Multimedia Arts Major Requirements](#)

Journalism & Mass Communication

Journalism & Mass Communication offers a unique curriculum combining Houston Baptist University's strong liberal arts foundation with cutting edge media skills in communication technology. This program is training tomorrow's leaders in journalism & mass media.

The instruction merges traditional media practices with the latest in wireless broadband multimedia. Critical thinking, visual communication, writing, interviewing, and multi-platform content distribution are emphasized throughout the curriculum and will prepare students for a career in the heart of the information age.

The courses evenly balance skills subjects in writing, reporting, audio-video production, and Internet multimedia, with critical thinking subjects like media and society, law and ethics, and new communication technologies. Discussions focus on local applications as well as the latest trends around the world. Students will be prepared for careers as on-air reporter, editor/writer, producer, radio-TV journalist, social media coordinator, media consultant, and related positions.

There are a number of ways for students to get involved in campus media-related activities. Students can write or help produce *The Collegian*, HBU's award-winning campus newspaper, or work with any number of online media currently being produced by HBU.

Journalism and Mass Communication Major Requirements

Journalism and Mass Communication Minor Requirements

Writing

The Writing program prepares students to explore the creative potential of the written word. Like J. R. R. Tolkien and C. S. Lewis, this program approaches the act of writing as an act of sub-creation in which the writer worships God the artist in the writing of original work. Students take intensive writing workshops in poetry, fiction, nonfiction, and playwriting with well published writers in these fields. Furthermore, through this program students connect with the rich opportunities the writing community of Houston offers such as publication experiences, professional writing internships, writing conferences, and readings from world famous writers. A Major and a Minor are offered.

Writing Major Requirements

Writing Minor Requirements

Cinema & New Media Arts

The Cinema & New Media Arts major provides a challenging creative environment for students to develop their artistic abilities and prepare for future work in multimedia production. Taking advantage of developing technology, the curriculum is uniquely focused on new opportunities available to filmmakers and media producers in the twenty-first century. The major offers students ample opportunities for practical, hands-on experience coupled with mentorship from experienced faculty members. All of this is designed to prepare students for a variety of pursuits, from small-budget independent work to large studio productions and everything in-between.

The major requires a total of 52 credit hours, which are divided into three basic categories: *Artistic Training*, *Practical Application*, and *Media Studies*. These three types of classes ensure that students are well-trained in their craft, have ample time to exercise and sharpen their talents, and are historically grounded in a rich artistic foundation.

While two and three-year tracks are available, the major is ideally taken over four years. As freshmen, students are given an introduction to the medium as well as an overview of art, aesthetics, collaboration, and core cinematic principles. Sophomore year, students begin to specialize with training in specific disciplines. Junior year is focused on practical application, experience, and apprenticeships in the students' chosen disciplines. Finally senior year, students complete a two-semester-long capstone experience to prepare for work after College.

Cinema & New Media Arts Major Requirements

Cinema & New Media Arts Minor Requirements

Department of Music

Houston Baptist University's Department of Music is committed to offering a world class music education where student artists expand their creative gifts, and ultimately contribute their talents to the Western classical music heritage. Designed to provide a broad aesthetic experience for both the music major and the general student, the program introduces undergraduates to the fine arts along with the theories that underlie them, and offers opportunities for creative involvement and enrichment in various ensembles. With the campus' location so near Houston's cultural center, students also regularly enjoy outstanding artists, lecturers, theater, and other renowned musical performances.

The music curricula provide the specialization and depth of study necessary for performance (voice, piano, organ, and band instruments), theory-composition, sacred music, or teacher certification. Qualified non-majors may enroll in music electives and participate in one of the performing ensembles. Students who wish to major in music must apply for acceptance to a degree program that leads to a Bachelor of Arts (BA) in Music, a Bachelor of Music (BM) (performance—voice, piano, organ, or keyboard performance), or a Bachelor of Music Education (BME) (teacher certification).

Freshmen and Transfer Students

Incoming freshman, transfer students, and other currently enrolled students who wish to major in music must audition (demonstrate their talent for performance) for the faculty in their major applied area before being admitted to the Department. Three or four auditions are held each year between January and August.

Also at the audition, incoming freshman, transfer students, and other currently enrolled students who wish to major in music must pass a music theory placement exam in order to be fully admitted to the Department of Music. Those who do not pass this exam will be required to enroll in a Fundamentals of Music Theory course (MUSI 0222). Students granted "conditional" admission will only be allowed to enroll in certain music courses. Please refer to the current Department of Music Handbook for further details.

Applied Music

Individual instruction is offered in voice, piano, organ, guitar, all band instruments, and composition. All students electing applied music for credit will be required to take a jury examination at the end of each semester. Please refer to the current Department of Music Handbook for more specific information.

Music majors must be registered for applied music in their area of concentration until they pass the Sophomore Review (MUSI 0003) and meet any recital requirements (MUSI 3090 Performance Recital and / or MUSI 4090 Senior Recital).

All lower level applied music courses (lessons) will carry an MUSI 11XX or 12XX number and all upper level applied music courses (lessons) will carry an MUSI 31XX or 32XX number. Please refer to the current Department of Music Handbook for further details.

Music Ensembles

Any approved student who meets the audition requirements may participate in an ensemble. Music majors must participate in Schola Cantorum (MUSI 2111), University Singers (MUSI 1113), Opera Workshop Ensemble (MUSI 1119), Chamber Music Ensemble (MUSI 2112), Band (MUSI 1111) or Guitar Ensemble (MUSI 1114) each semester in residence. Keyboard majors are required to participate in one ensemble and will be assigned accompanying duties.

Choral Activities: Music majors with an emphasis in voice must participate in Schola Cantorum (MUSI 2111), University Singers (MUSI 1113), or Opera Workshop Ensemble (MUSI 1119) each semester.

Instrumental Activities: Music majors with an emphasis in instrumental music must participate in the Chamber Music Ensemble (MUSI 2112), Band (MUSI 1111), the Guitar Ensemble (MUSI 1114) or, with permission, select another ensemble each semester.

All music scholarship students must enroll in an ensemble, earn a passing grade, and remain registered as full-time students for each semester they attend Houston Baptist University. Approved non-music majors assigned to an ensemble by the Chair of the Department of Music must enroll in that ensemble, earn a passing grade, and remain registered full-time each semester in order to maintain their music grant-in-aid / scholarship. Please refer to the current Department of Music Handbook for further details.

Keyboard Proficiency

All music majors must be enrolled in keyboard studies until the minimum requirements for keyboard proficiency (MUSI 0002) as set forth in the current Department of Music Handbook have been met and the examination has been passed. In certain instances, students who have passed a keyboard proficiency examination may be permitted to waive further keyboard studies. This examination shall be administered regularly at the end of each semester and at other times as required. The keyboard proficiency examination must be completed before student teaching, internship, or presentation of senior recital. Please refer to the current Department of Music Handbook for further details.

Sophomore Review Examination

The purpose of the Sophomore Review (MUSI 0003) is to assess the progress made by each music major during his or her first two years of study. Students will enroll in MUSI 0003 at the end of the fourth semester (after earning about 60 semester hours of applicable music credit toward their degree) and be concurrently enrolled in MUSI 2323 Theory IV and MUSI 2123 Theory IV Lab. Transfer students with 60 hours or more of transfer credit must take the Sophomore Review Examination at the end of their first semester after being admitted to the Department of Music. It consists of four parts: 1) A well-written essay re: choice of major and career path; 2) A student performance in a Department of Music Forum; 3) An interview with Sophomore Review Committee; 4) The Cumulative Theory Exam (covering Theory I, II, III, IV). Each student will have a maximum of two attempts to pass all sections of Sophomore Review (pass / fail grade). As the required “gateway” course to all upper level (MUSI 3000 and 4000) courses, failure to pass all four parts of MUSI 0003 after two attempts will require the student to consider an alternative major degree program with the only option of a minor in music. Please refer to the current Department of Music Handbook for further details.

Jury Examinations In Music

Every student enrolled in a private applied music course will be required to take a jury examination at the end of each semester of study. The jury will consist of the members of the faculty in the student’s major field of performance. Please refer to the current Department of Music Handbook for further details.

Student Forum and Concert Attendance Requirement

All music majors enrolled as full-time students (12 or more credit hours) must register for and pass seven semesters of MUSI 0001, Forum Recital Attendance. Please refer to the current Department of Music Handbook for further details.

Student Recital Requirements

The Bachelor of Arts (BA) in Music students are not required to perform a recital. The Bachelor in Music Education (BME) students are required to perform one recital of 30 minutes duration (MUSI 3090). All other Bachelor of Music students are required to perform both performance (MUSI 3090) and senior (MUSI 4090) recitals. Please refer to the current Department of Music Handbook for further details.

Graduate Programs

Master of Fine Arts in Studio Arts

In recent years Houston Baptist University is experiencing a marvelous resurrection of a liberal arts focus and a subsequent growth in the fine arts. Since 2006, the HBU Department of Visual Arts has enjoyed a flurry of creative research activity and meteoric growth while the leadership at HBU has supported a significant increase in resources for the Department of Visual Arts. The chair of the Department of Visual Arts, Mr. Michael Collins, a well-recognized artist and teacher has shepherded the growth and transformation of HBU's visual art program. We also have a new Artist-in-Residence program for our finest full-time faculty, and our Visiting Artist program allows exceptional artists to work in our studios, interact with and teach our students, and form a creative synergy in the Department of Visual Arts.

The Artist-In-Residency program in the Department of Visual Arts currently has three Artists in Residence, [Michael Collins](#), [Jim Edwards](#) and [James Busby](#). In addition the program has a fine Gallery directed and curated by Jim Edwards, former co-curator of the Pop Exhibition at the Menil Museum and well known expert on Art of the American West and specifically Texas Art. Our lead senior faculty in the Department of Visual Arts is well recognized as award winning all participating in large numbers of invitational museum and top gallery exhibitions around the world. This experience in both the studio and also teaching excellence in the studio classroom favorably places our new MFA program as an excellent Christian alternative to larger programs in our nation, which have lost the focus of quality in many of the traditional areas of studio research.

Our MFA program offers focused study in Painting, Drawing, Printmaking, Ceramics, and Sculpture and also is supported by graduate classes in Gallery and Museum Practices. The learning objectives and outcomes for the Master of Fine Arts student include the student's acquisition of graduate-level technical proficiency in their studio disciplines. Additionally, the MFA student will obtain expertise about the contemporary art world, eras of art history and about gallery and museum practices. Outcomes will include the ability to understand the creative process, develop their own artistic styles, and create art that is reflective of social and spiritual enlightenment.

Each graduate accepted is offered a studio space on campus and the chance at teaching assistantships as well as full scholarships for study in the MFA program. With both BFA and MFA programs the Department of Visual Arts at HBU is housed in a very impressive new state of the art 44,000 square foot facility, which possesses fully equipped labs in printmaking, painting, drawing, ceramics, and sculpture as well as working studios for its full time art faculty. This fusion of artist's faculty members making art on campus fosters a closer creative community and an opportunity for graduates to fully engage their faculty team.

Accepted graduates in the MFA program will be offered creative and teaching assistantship opportunities in Germany where our university participates in the Artz Net Werk project in Hilmsen Germany. Graduates will have professional exhibition opportunities in Germany allowing them to have this unprecedented opportunity to create and exhibit their work in Europe while in the MFA program. Our fine Visiting Artist for sculpture and ceramics Hans Molzberger is a well-known Germany artist aids in our creative activities in Germany. These opportunities for summer working and teaching abroad is yet another unique feature of our MFA program. The professional relationships, which this direct process of cultural emersion provides often opens new thinking and creative growth

for professional and student artists alike harder to witness in many MFA programs.

In the final analysis, HBU's Christian philosophic base along with the university's on campus leadership in fine art graduate faculty marks the new MFA program at HBU as a special environment for any MFA applicant seeking a critical and caring environment to complete their professional fine art training. This program's creative and sharing environment between faculty and student alike along with our study and exhibition abroad program in Germany offers a unique possibility for developing the professional skills needed for any artist seeking a life in the professional Fine Arts realm.

The Program:

The HBU Master of Fine Arts (MFA) is a Christian-based, two-year studio program with specialization in the areas of two-dimensional studies (painting, drawing, and printmaking) and three-dimensional studies (sculpture, ceramics). The program is housed in a brand new, world-class building with 5 state of the art classroom lab spaces and 18 student studios. The MFA is a terminal degree and the primary goal of graduate education in the visual arts is professional excellence!

[Master of Fine Arts Program Requirements](#)

School of Humanities

The Humanities consists of subjects like history, government, literature, law, languages, communications, and the study of cultures and society. These subjects teach more than just dates, terminology, and theory. These courses are designed to get you thinking about how we live our lives, the ethical and moral dilemmas we face, and the importance of good decision-making.

The study of history, for example, allows you to examine why some leaders and nations flourish while others do not. The study of law allows you, in a safe environment, to tempt others with legal and ethical dilemmas. The study of government confronts you with fundamental questions about freedom, equality, and order. Literature invites you to consider the human experience through stories and poetry, tragedies and comedies. Family Studies allows you to understand the changing dynamics of the modern family. Communications gives you the skills to be an advocate and agent of change. Throughout all of these courses, you'll read from the greatest thinkers and writers on the subjects, from ancient times to modern.

Majoring in the Humanities gives you a great education, a transforming experience, and will prepare you for a career in a variety of fields. Your critical thinking skills will be sharpened. Your writing and speaking skills will be enhanced. You will learn to articulate complex theories and ideas, debate them in class, and discuss them with classmates. You will learn how to confront, discuss, and resolve difficult ethical, moral, and social dilemmas. Learning a second language like Spanish broadens your ability to work with others and makes you a more attractive job candidate. All of these are skills that are highly valued by employers.

In short, our Humanities programs are a great way to make the most of your College experience while also preparing for success after graduation.

Undergraduate Programs

Department of English and Modern Languages

English Language and Literature

The most powerful tool we have is language. English majors at Houston Baptist University focus on exploring both the artistry of words as well as developing the tools for critical thinking and writing. Whether it be a Shakespearean tragedy or a corporate report, those studying English can interpret the world around them and translate their thoughts into clear language, preparing them for the workplace, graduate study, and a trajectory of lifelong learning. Our graduates enter the fields of teaching, law, professional writing, creative writing, and business as they take their ability to interpret language with them into artistic, professional, and personal endeavors. Beginning with a concentration on poetry, drama and prose, and including courses in the Great Texts as well as American and British literature, English majors master both the classics and contemporary works while developing their skills in oral and written communication.

[English Major Requirements](#)

[English Minor Requirements](#)

Honors Program in English

Completing the honors program in English permits English majors to enrich their educational experience and to receive academic recognition for electing the additional challenging course work. To qualify for the honors program in English, students must have completed 64 semester hours for credit (at least 32 hours at HBU); have completed ENGL 1313, 1323, 2353, 3313, 3323, 3331, and 3332; have at least a cumulative 3.25 GPA and a 3.5 GPA for English classes; have a desire to deepen knowledge and appreciation of literature; and have good study and research skills and the ability to complete self-directed work and be accepted by the department honors committee. To complete the program, students must maintain a cumulative 3.25 GPA and a 3.5 GPA for English classes; complete

contract work at HBU in two of the following courses: ENGL 3373, 4311, 4313-4319, 4323-4325, 4392 and 4393; and complete HONR 4399 Honors Thesis and the oral thesis defense. Upon successful completion of the program, the student's bound Honors Thesis will be placed in the HBU library and the honors program will be noted on the student's transcript.

Spanish

The course offerings in Spanish are designed to enable students to develop proficiency in understanding, speaking, reading, writing, and culture; to appreciate literature written in Spanish; and to use Spanish in their professional and leisure activities.

To be certified to teach Spanish, candidates must achieve proficiency to pass the Texas TExES Exam (reading, writing and culture) and the TOPT (speaking) with a rating of Advanced.

[Spanish Major Requirements](#)

[Spanish Minor Requirements](#)

Internship in Spanish

The internship, SPAN 4385, 4386, 4387 Work Internship in Spanish, offers outstanding majors in Spanish the opportunity to use their oral and written proficiency in a supervised setting in (a) business or consulates, (b) health care, or (c) education or church work for 40 hours per credit hour for one semester. Pre-requisites: SPAN 3314 and 3324 or the equivalent. Admission to the program will be determined by the Department Intern Selection Committee. Each applicant must be of good academic standing, be classified as a junior or senior, and be working toward a degree in Spanish at Houston Baptist University and have at least a 3.0 QPA in Spanish. Interested students must take an oral proficiency test with a member of the Spanish faculty and receive a score of Intermediate High or higher. Students must also submit an application to the Department Intern Selection Committee at least one semester in advance of the scheduled internship. If accepted by the committee, the applicant must also be interviewed and accepted by the supervisor in the internship setting.

Honors Program in Spanish

Completing the honors program in Spanish permits Spanish majors to enrich their educational experience and to receive academic recognition for electing the additional challenging course work. To qualify for the honors program in Spanish, students must have completed 64 semester hours for credit (at least 32 hours at HBU); have completed SPAN 1314, 1324, 2314, 2324, 3314, and 3324; have at least a cumulative 3.25 GPA and a 3.5 GPA for Spanish classes; have a desire to deepen knowledge and appreciation of literature; have good study and research skills and the ability to complete self-directed work; and be accepted by the department honors committee. To complete the program, students must maintain a cumulative 3.25 GPA and a 3.5 GPA for Spanish classes; complete contract work at HBU in two of the following courses: SPAN 4305, 4306, 4307, 4313, 4343, 4344, 4392 and 4393; and complete HONR 4399 Honors Thesis and oral thesis defense. Upon successful completion of the program, the student's bound Honors Thesis will be placed in the HBU library and the honors program will be noted on the student's transcript.

Department of History and Great Texts

History

Studying the past provides students with a better understanding of the present. Examining the major events, movements, and personalities that have helped shape the modern era enriches a student's worldview, promotes cultural literacy, and produces enlightened citizenship. Probing and interacting with history also assists students in developing analytic and reasoning skills and in building their written and oral communication competencies. The History major prepares students for careers in law, education, business, Christian ministry, government, and archival and museum vocations.

Before enrolling in HIST 4392 Independent Research Projects and Directed Reading history majors must have

successfully completed at least five upper level history courses (15 hours, HIST 3000 or 4000 level), or receive special permission from the instructor.

Information about student membership in Phi Alpha Theta (the Alpha Lambda Zeta chapter), a professional history honor society, and the criteria used for the history Honors Program is available from the department.

History majors interested in pursuing internship credit for work related to their field of study should contact the department chair. A maximum of three (3) internship credit hours will be counted toward the major. Students interested in teaching certification programs related to history should see the School of Education section of this catalog.

[History Major Requirements](#)

[History Minor Requirements](#)

Great Texts

The Great Texts program is designed for students who enjoy learning within a variety of disciplines in the humanities, and it is an ideal option for those preparing for teaching or graduate studies in the humanities. The program emphasizes critical thinking and analysis of significant literary, historical, and classical texts. Each major or minor in Great Texts completes the Shakespeare, Classical Mythology, and Great Texts in History courses. Students may also choose from a wide selection of courses in English, History, Classics, Government, Foreign Languages, Philosophy, Art, and Sociology, and have the option of choosing a concentration in Classical Studies, Medieval & Renaissance Studies, or Modern & Contemporary Studies. Please contact the program coordinator for further information.

[Great Texts Major Requirements](#)

Department of Law and Society

Criminal Justice (Minor Only)

A Criminal Justice minor is designed to prepare students for vocations in the criminal justice field (local, state and federal government, police, penal system, the court system, etc.). This minor will improve your basic understanding of crime and the criminal justice systems and familiarize you with the key concepts and terminology utilized in the field by focusing on three core elements: police, courts, and corrections. The program will require students to examine individual rights protected by the Constitution and balance them against a community's need for public safety and public order. The program highlights the complexities of the criminal justice discipline and encourages students to think critically and employ ethical reasoning by presenting real-life examples faced by criminal justice practitioners and asking the student to balance values, criminal procedures, and the law when coming up with solutions.

[Criminal Justice Minor Requirements](#)

Family Studies (Minor only)

The Family Studies program is designed to provide students with a fundamental understanding of the essential dimensions of family life. Students will study the theories, contexts, and processes used to understand the dynamics of family interaction related to communication, sexuality, childhood, economics, and family roles. The Family Studies minor will help prepare students who are planning careers in fields such as marketing, counseling, ministry, social work, public administration and community service.

[Family Studies Minor Requirements](#)

Government

The Government program focuses on theories of government, political institutions, government processes, and political behavior. Students are offered courses in political theory, U.S. foreign policy, national politics, American

government, public policy, international relations, and law.

The study of government assists students in developing reasoning and analytic skills and builds competencies in written and oral communication. The Government major prepares students for careers in law, business, public service, education, journalism, or any other field that requires strong analytic and communication skills. The major also increases political awareness and promotes active citizenship and political participation.

Government majors interested in pursuing internship credit for work related to their field of study should contact the department chair. Only three (3) hours of internship credit will be counted toward the major.

[Government Major Requirements](#)

[Government Minor Requirements](#)

Latin American Studies (Minor only)

The minor in Latin American Studies is designed for students who have interests in the Latin American region, to better prepare them for graduate studies, for careers in international business with operations in Latin America, in politics, for work in ministries that serve individuals from the region, and other vocations. The Latin American Studies minor provides experience in interdisciplinary inquiry through a curriculum that emphasizes area-specific knowledge of political, economic, and historical movements, as well as linguistic understanding of the language of these movements.

[Latin American Studies Minor Requirements](#)

Legal Studies/Pre-Law (Major only)

The Legal Studies program is designed to prepare students for law school or other similar graduate education by providing a solid background in politics, philosophy, economics, and history. The program draws from several disciplines in the Humanities (Government, History, and Speech Communication) and other areas as well (Economics, Business, and Philosophy). Students in this major are introduced to topics that will help them plan for careers in law, such as business law, criminal law, and trial law. The program emphasizes our nation's founding principles, a reliance of the rule of law, and a belief in natural law as the foundation for American jurisprudence. The Legal Studies major presents a rigorous educational program that provides the fundamentals for success in graduate or law school and the practice of law while upholding ethics and values consistent with the mission of the School of Humanities and the University.

[Legal Studies Major Requirements](#)

Medical Humanities

A major or minor in Medical Humanities will help prepare you for any number of careers in the growing healthcare field. These undergraduate courses will introduce you to healthcare as a practice and profession from a liberal arts perspective. You will take courses that not only provide you with a number of essential skills necessary for success but you will be equipped to think and interact on a professional level in a variety of health related environments. Talk with an academic adviser about courses you have already taken that may count toward completion of this degree.

[Medical Humanities Major Requirements](#)

[Medical Humanities Minor Requirements](#)

Sociology (Minor only)

The Sociology Minor is a course of study in the field of sociology that provides a background in culture, social interaction, and social institutions. Students will learn the context of social change and theoretical explanations for social experience. Sociology is a valuable liberal arts minor for students planning careers in criminology, social psychology, public administration, gerontology, ministry and market research.

Sociology Minor Requirements

Speech Communication (Minor only)

The focus of the curriculum of the Speech Communication minor is to develop the argumentation and advocacy skills that are necessary for participation in a democratic society. Since ancient Greek and Roman times, public speaking has been taught both as the foundation of a liberal arts education and as an essential skill of democratic citizenship. The speech minor is designed for students interested in argumentation and advocacy. The Department of Law and Society features a competitive mock trial team which provides students the opportunity to hone critical thinking and persuasive skills in a competitive atmosphere. Weekly practices prepare the team for local, state, and national competition.

Speech Communication Minor Requirements

School of Nursing and Allied Health

The School of Nursing and Allied Health provides professional learning experiences in kinesiology and nursing. The School's mission contributes to the University's mission by providing academic, spiritual, and professional excellence to prepare nurses and allied health providers for service in the health care community.

Undergraduate Majors Programs

Kinesiology

The kinesiology curriculum is designed to introduce the student to basic understandings and skills in the areas of human movement and wellness. It fosters the total development of the individual: physically, mentally, and socially. An undergraduate student may elect to major in Kinesiology: Specialization in Teacher Education (which leads to all-level teacher certification), Kinesiology: Specialization in Wellness Management (which does not lead to teacher certification), or Kinesiology: Athletic Training (which does not lead to teacher certification). The degree plan for Kinesiology: Specialization in Teacher Education is located in this Catalog in the School of Education.

[Kinesiology Specialization in Wellness Management Requirements](#)

[Kinesiology Athletic Training Requirements](#)

Criteria for Admission for Athletic Training:

1. Unconditional acceptance to HBU via Enrollment Services.
2. Completion of an athletic training internship program application with references, and interview with the athletic training staff.
3. Acceptance to HBU Athletic Training Internship Program before filing a degree plan for KINE: Athletic Training.
4. A minimum 2.5 cumulative GPA on a 4.0 scale for all high School and College work.
5. Completion of all HBU Proficiencies: Writing, Math, Reading, and Computer.
6. Contingent upon satisfactory grades, evaluation of technical standards and the interview outcomes, students will be offered an appointment in the Athletic Training Internship Program based on the number of available openings per year. Students receiving notification of acceptance into the HBU Athletic Training Internship Program will then begin his/her three year Student Athletic Training Internships. Students not accepted into the program may re-apply the following year.

Clinical Practicum Prerequisite(s):

Documentation of the following requirements is mandatory before the student can begin clinical observation.

1. Completion of blood borne pathogen training.
2. HIPAA Training
3. CPR/AED Certification
4. Proof of immunizations (required to enter HBU by all students). The hepatitis B (HBV) 3-shot series is a highly recommended immunization for health care settings.

Selection of students for the athletic training internship program is limited; therefore, it is extremely competitive and the acceptance into the program is not guaranteed just by meeting minimum criteria.

Nursing

Bachelor of Science Degree in Nursing

The Nursing faculty developed an innovative curriculum for the undergraduate nursing programs that are designed to prepare nurses who function well within the acute care setting and in specialty and community settings. The outcomes result from the inclusion of the Texas Board of Nursing (2010) *Differentiated Entry Level Competencies*, the number of clinical hours required, faculty supervision of clinical experiences, and limited observational experiences. The nursing program is organized in a curriculum framework that addresses seven dimensions of health for promoting fullness in living. The logical sequencing of the curriculum includes:

- Studies in a Christian Liberal Arts Core Curriculum.
- Prerequisites for scientific and behavioral science foundations for the study of nursing: Chemistry, Microbiology, Anatomy & Physiology, Psychology, Human Growth and Development, and Statistics.
- Development of basic knowledge, skills and values in nursing (Perspectives on the Health Care Delivery Systems, Health Assessment, Art & Science of Nursing). The focus initially is broad and inclusive of communities, groups, families and the individual.
- The focus becomes narrow with growth in understanding major concepts in nursing with application of this understanding to Individuals and Families in courses on Care of Individuals with acute, chronic, and critical illnesses, and Specialty Care which includes Care of Families with Mental Health Problems, Childbearing Families, and Families with Children.
- The BSN level is developed in a) community health, b) pathophysiology, and c) research.
- Concurrently with studies in nursing, studies continue to develop in the core studies of Christianity (9 hours required for BSN).
- The liberal arts curriculum requires demonstration of competence in reading English, writing English, math, and functional use of computer technology. The BSN students broaden their liberal arts core with studies in humanities, and fine arts.
- The graduating courses broaden to care of groups of people and families. The core Capstone course includes studies in Nursing Management and Health Care Administration.

The goal of the School of Nursing and Allied Health is to educate nurses to create health care delivery systems to meet the needs of individuals, families and groups in society. Health care focuses on health promotion and disease prevention, as well as community-based care. The curriculum reflects this focus and includes opportunities for service-based learning. All courses required for the BSN degree are offered at HBU.

Applicants to the nursing program are to meet entrance requirements of Houston Baptist University and are to manifest positive qualities of health, character and personality with the potential to develop good professional character. Objective criteria (HESI Admission Assessment scores for grammar, reading comprehension, math, and anatomy & physiology; and grade point averages, science grade point average, completion of all pre-requisites towards the degree; and hours taken at HBU), are used to rank candidates for selection for entry into the program, depending on the number of eligible candidates and availability of faculty and clinical experiences. Standardized exams are given at checkpoints throughout the curriculum and a comprehensive exam is administered at the end of the undergraduate programs. The exams are used as measures of retention and competence to enhance students' ability to take the RN licensure exam. Failure to demonstrate retention or competence on the specified exams requires remediation. Remedial study and retesting to demonstrate retention and competence may result in delays for graduation.

Houston Baptist University's School of Nursing and Allied Health offers a rigorous nursing curriculum that includes academic and clinical performance requirements. To be awarded a Bachelor's of Science Degree in Nursing, the student must successfully complete both elements of the program. Students who receive a nursing degree from Houston Baptist University will have been exposed to the skills and knowledge necessary to pass the RN licensure exam and perform the clinical tasks typically expected of registered nurses. The Houston Baptist University School of Nursing and Allied Health does not guarantee that each person admitted to its nursing program will pass all elements of the program, or that those graduated from the program will be able to pass the licensure

exam and/or secure employment as a nurse. Attaining these goals depends on the degree to which the student diligently applies him or herself to the studies, and on the economic forces influencing the health care industry. Neither of these factors is within the control of the Houston Baptist University School of Nursing and Allied Health.

The nursing programs are accredited by the following agencies:

Accreditation Commission for Education in Nursing, Inc. (ACEN)
3343 Peachtree Road, NE, Suite 850
Atlanta, Georgia 30326
Telephone: (404) 975-5000
Fax: (404) 975-5020
Website: www.acenursing.org

Texas Board of Nursing
333 Guadalupe #3-460
Austin, TX 78701
Telephone: (512) 305-7400
Website: www.bon.state.tx.us

NOTE: RN licenses are issued by the Texas Board of Nursing, not the University. The Board of Nursing may refuse to admit a person to the R.N. licensure examination if the person has been convicted of any felony or a misdemeanor involving moral turpitude, or to any individual with lack of fitness or good character to practice nursing by any reason of physical or mental illness, intemperate use of alcohol or drugs, or unprofessional or dishonorable conduct which is likely to deceive, defraud, or injure patients or the public. Under its procedures, the Board is required to conduct a background check of these areas.

An individual enrolled or planning to enroll in the nursing education program who has reason to believe he or she may be ineligible for the R.N. license, may petition the Texas Board of Nursing for a declaratory order as to the person's eligibility. Neither the University nor its faculty can answer this question for a person. The Board of Nursing may be reached at: Texas Board of Nursing, 333 Guadalupe #3-460, Austin, TX 78701, (512) 305-7400 website: www.bon.state.tx.us.

Bachelor of Science in Nursing (BSN)

The BSN program prepares graduates to promote health and healing through direct care and management and coordination of care for individuals, families, groups, and communities. There is a core curriculum required of all undergraduate nursing students. The program prepares graduates to take the examination for Registered Nurse (R.N.) licensure offered by the Texas Board of Nursing.

Bachelor of Science in Nursing Major Requirements

Admission Procedures and Policies for the Baccalaureate Degree in Nursing

To be considered for admission to the Bachelor of Science in Nursing degree program, applicants are required to have:

- Been accepted to HBU through the general undergraduate admission process.
- Met the minimum 3.0 GPA **cumulative**, in **Science**, and **HBU**
- Transcripts that reflect no more than two grades of "D" or "F" in the required science courses, or more than one grade of "D" or "F" in a nursing course (**if more, not eligible for admission**)
- Attended the Nursing Information Session.
- Completed the HESI entrance exam based on **two (2) attempts only** to achieve the 80% score on each sub-section (Reading Comprehension, Grammar, Math), and the Anatomy & Physiology sub-section (no minimum score required).
- Completed all nursing prerequisite courses (see above) with grade of "C" or better.

- Completed all HBU Proficiencies: Writing, Math, Reading, and Computer.
- Been selected for program entry through the candidate ranking process.
- A clear criminal background check and no evidence of drug or alcohol use/abuse.

Progression in the Program

To progress to the nursing courses involving direct patient care, students are required to have:

- An overall GPA of 2.5 or higher.
- No grade less than a "C" in the nursing courses.
- Satisfactory performance on the Math Proficiency Exam for Nurses.
- Transcripts that reflect no more than two grades of "D" or "F" in the required science courses, or no more than one grade of "D" or "F" in a nursing course.
- Demonstrated proficiency in the required competencies at the Novice Level, Advanced Beginner, and Graduating Level Curriculum Checkpoints by passing an examination, demonstrating safe practice and critical thinking while performing nursing skills, and providing a portfolio at Novice and Graduate levels.
- A clear criminal background check and no evidence of drug or alcohol use/abuse.
- Completed hospital orientation modules, including any specific orientation requirements for assigned clinical agency.
- Current CPR for health care providers, including newborn, infant, pediatrics and adult, and AED training.
- Updated required immunizations.
- Updated annual tuberculosis screening.
- A current statement of good health from a physician.

Graduation

Candidates eligible for graduation with a Bachelor of Science in Nursing degree are required to:

- Complete a minimum of 125 semester hours for the baccalaureate degree in nursing with a GPA of 2.5 or higher.
- Have earned the prescribed number of points in the Nursing Student Association and demonstrated competence as required for the curriculum checkpoints.
- Apply to take the State Board Examination for RN licensure.
- Complete all general requirements for graduation as outlined in the Catalog.

RN - BSN online, competency-based completion program for registered Nurses prepared with an Associate Degree. Candidate applications are reviewed individually by the admissions office and the nursing faculty for BSN completion status. RN-BSN Admissions requirements:

- Texas Resident
- Graduation from an Associate Degree nursing program
- Unencumbered Texas RN license
- Work experience as RN preferred
- Membership in a nursing professional organization (such as TNA or specialty) preferred

College of Science and Mathematics

Undergraduate Programs

The College of Science and Mathematics offers a B.S. degree with options of majors in biology, biochemistry-molecular biology, chemistry, mathematics and physics. B.S. degree options for majors for students pursuing teacher certification are composite science, life science, mathematical studies, and physical science.

The College of Science and Mathematics faculty members are deeply committed to undergraduate teaching and research. One-on-one interactions with faculty members are the norm in this College. Research opportunities with faculty are available to undergraduates. Students are also encouraged to participate in summer internships and research programs at other universities and research institutions.

Department of Biology

Major in Biology

The Biology Department at Houston Baptist University emphasizes the biomedical/biotechnology area of biology. HBU Biology is especially strong in Cell and Molecular Biology, Microbiology, and Animal Systems. The program, taught by faculty with earned Doctorates, prepares students for a wide variety of careers including health professions, graduate School, nursing, education, and industry.

Graduates of HBU Biology have become PhDs, physicians, dentists, bio technicians, researchers, teachers, and other interesting professions. They work in the fields of allied health, quality control, ecology, animal and plant science, consulting, lab management, forensics, and related sales areas.

HBU Biology prepares students for their careers by offering biology courses with an academically rigorous, contemporary curriculum. HBU Biology faculty serve as mentors to enable students to develop professional attitudes required for success and service.

HBU Biology provides mentoring and experiences that enable students to grow in a Christian environment that integrates the principles of biological sciences with their faith.

Departmental honors are available in Biology.

[Biology Major Requirements](#)

[Biology Minor Requirements](#)

Major in Biochemistry-Molecular Biology

The College of Science and Mathematics provides the interdisciplinary training necessary to prepare students for success in careers in the biological and biochemical sciences. HBU faculty from Biology, Chemistry, Math and Physics teach and mentor in this major. The Biochemistry-Molecular Biology (BCMB) major incorporates the training needed for students to compete for spaces in medical school, dental school and graduate programs in the biological and biochemical sciences, in addition to entry-level employment in biomedical research at academic institutions and in the biotechnology industry. Departmental honors are available in BCMB.

[Biochemistry-Molecular Biology Major Requirements](#)

Department of Chemistry

Major in Chemistry

The chemistry major includes courses in biochemistry as well as general, inorganic, organic, analytical, and physical chemistry. Calculus I and II and two courses in calculus-based physics are also required. The curriculum provides laboratory experiences and includes a senior research project. Internships and additional undergraduate research opportunities, outside of course requirements, are available to qualified chemistry majors. Chemistry graduates commonly pursue graduate school, industrial employment, and further study in various health professions.

[Chemistry Major Requirements](#)

[Chemistry Minor Requirements](#)

Department of Mathematics & Physics

Major in Mathematics

The mathematics major combines course work in both pure and applied mathematics with computer applications. It is designed to prepare students for graduate study or for careers in business, government, and industry. Mathematics courses are also offered to support other programs, including business, chemistry, education, engineering, the health professions, and physics.

Mathematics graduates often find employment with companies in technological fields such as computer science, engineering, statistics, and actuarial science, but are also highly-valued by employers in non-technological fields because of their proven problem-solving abilities. A mathematics degree also provides a solid foundation for students who wish to pursue further studies. Departmental honors are available in Mathematics.

[Mathematics Major Requirements](#)

[Mathematics Minor Requirements](#)

Major in Physics

The physics program at HBU provides a firm foundation in the theoretical and experimental aspects of physics. In addition, the physics program offers courses for non-science majors: Physics for the Liberal Arts Mind; Astronomy and the Universe; Physics of Sound. Currently, the faculty is involved in theoretical, experimental, and applied physics research. Areas of research include biophysics, supersymmetry, and methods of teaching physics.

[Physics Major Requirements](#)

[Physics Minor Requirements](#)

Teacher Certification (See [College of Education and Behavioral Sciences](#))

The Colleges of Science and Mathematics and Education and Behavioral Sciences cooperatively offer teacher certification in the following areas:

- 4-8 Composite Science
- 4-8 Math Studies
- 8-12 Composite Science
- 8-12 Life Science
- 8-12 Math Studies
- 8-12 Physical Science

Pre-Professional Programs

The College of Science and Mathematics also offers (in addition to advising for HBU degree requirements) specialized advising for students planning to continue their education after obtaining a degree from HBU by attending medical, dental, optometry, pharmacy, physical therapy, physician assistant, or an engineering school. The requirements as listed below are frequently updated by maintaining close contact with all professional schools. However, professional schools are continually modifying their curriculum, so students should consult with the health professions director and/or the director of the pre-engineering program for the most current requirements for a post-baccalaureate program.

Pre-Engineering Program

The pre-engineering program is designed to allow students to complete an engineering degree after one or two years of full-time study at HBU and approximately three or four years of full-time study at an engineering school. The exact time required will depend on the school and the field of engineering chosen. The program allows students to take all, or nearly all, of their math and science courses and some of their general elective courses at HBU before transferring. The courses recommended below are intended to provide the student with a strong background regardless of which engineering school or field of engineering he or she chooses. Most, but not all, of these courses are required by many engineering schools and for many fields of engineering. Students may, at their discretion, substitute other courses for those recommended. The program director in engineering will provide students with advice and assistance in selecting courses, but it is the responsibility of all students to check with the university that they plan to attend after leaving HBU to verify that the courses taken at HBU will satisfy that school's requirements.

Recommended Program of Study

First Year

FYS 1300¹

CHEM 2415, 2416

ENGL 1320, 1330

GOVT 2313²

HIST 2313, 2323²

MATH 1434³, 1451 or MATH 1451, 1452

Second Year

MATH 1452 (if not taken in first year)

MATH 2423, 2451, 3333, 3364, 3404

PHYS 2413, 2423

Other General Electives⁴

Notes:

¹Required by HBU for all beginning freshmen or transfer students with fewer than 15 semester hours credit.

²GOVT 2313, HIST 2313, and 2323 are recommended in part because six hours of American history and six hours of American and Texas government are required by all state universities in Texas.

³This course may be omitted by students who make a satisfactory score on the Calculus Placement Test (CPT). Those students should take MATH 1451 and 1452 during their first year. On the other hand, students with deficiencies in their mathematical background may need to take MATH 1313 and/or MATH 1323 before taking MATH 1434.

⁴The following courses satisfy degree requirements at many engineering Schools and are recommended for students who want to take additional general elective courses at HBU before transferring, but it is the responsibility of all students to check with the university that they plan to attend after leaving HBU to verify that the courses taken at HBU will satisfy that School's requirements: PSYC 1313 or SOCI 1313, ECON 2311 or 2312, COMM 1323, WRIT 3345, and ART 2343

Pre-Medical / Pre-Dental Program

The pre-medical/pre-dental program is open to all HBU students interested in a career in medicine or dentistry. The program is not a major, rather it is a series of classes and activities designed to prepare students for entry into these schools. The course work, shown below, consists of the pre-requisite courses required by the majority of medical and dental schools. These courses must be completed prior to entry. Some professional Schools, especially private schools, may have slightly different requirements. Activities in the program include membership and participation in the appropriate pre-professional student organization (Alpha Epsilon Delta, the pre-professional honor society and the Pre-Dental Society), trips to medical and dental schools, and workshops offered by the Health Professions Office. Students should check the bulletin board on the second floor of the Cullen Science building for information about scheduled activities. Students are also encouraged to seek shadowing opportunities with area health care professionals and to perform community service as individuals or in conjunction with AED and PDS.

Entry into a health professions school is a competitive process. Application to medical and dental schools may occur early in the summer after a student's junior year if prerequisite courses are complete and a student has a competitive GPA and MCAT/DAT score. If these conditions are not met, it may be in the student's best interest to delay application until they obtain a competitive GPA and admissions test score. Students must also acquire a letter(s) of evaluation as part of their application package.

The letter(s) can be in either of two forms:

- The first form is the **Composite Letter of Evaluation Package**. This type is the one preferred by the professional schools. This package contains comments by the science faculty, advisors, and evaluations performed by the Applicant Evaluation Committee. In order to obtain this letter, a student must:
 1. Complete 30 semester hours at HBU, of which 16 are science courses
 2. Complete 13 of the 14 pre-requisite courses listed below. If 13 classes have not been completed, the student will be referred to the Medical Professions Advisory Committee, for evaluation and comments to be included in the Evaluation Package.
 3. Attend a 30 minute scheduled interview with the Applicant Evaluation Committee during the spring semester prior to application. In addition to these requirements, students are highly encouraged to attend the series of 3 workshops designed to acquaint students with the on-line Texas Medical and Dental Application Service, the format of a successful personal statement, and the expectations of the medical school faculty at the interview.
- The second form is the Individual Evaluation Letter Package. This type can be used in lieu of the Composite Package, if the student cannot attend the interview/ workshops or register in advance, as required above. This package consists of two individual recommendation letters from faculty members, a cover letter by the Health Professions Office and may also include a letter from a health care professional. To obtain this letter, a student must:
 1. Complete 24 semester hours at HBU, of which 16 are science courses
 2. Register with the Health Professions Office and turn in the two recommendation letters, obtained from professors in your major. We recommend that you include at least one science professor. Students must realize that it often takes several weeks before an Evaluation Package of any type can be mailed to the various schools. Students applying to more than 10 schools, will be charged for mailing costs. The Health Professions Office does not include transcripts. Transcripts must be ordered by the student from the Office of the Registrar and sent directly as instructed in the application.

Pre-Medical and Pre-Dental prerequisite courses may change at any time without notice to Houston Baptist University. Some of the listed courses may have prerequisite requirements.

Medical and Dental School Requirements

BIOL 2454 General Biology I
BIOL 2455 General Biology II

Pre-Physician Assistant Program

Students who plan to enter the field of Physician Assistant may complete the prerequisite courses at Houston Baptist University before applying for admission to a Physician Assistant program.

This is a guide to the most frequently required courses. Not all courses will be required by all physician assistant schools. Pre-Physician Assistant prerequisite courses may change at any time without notice to Houston Baptist University. Some of the listed courses may have prerequisite requirements. It is the student's responsibility to check often with the professional school for any updates.

Physician Assistant School Requirements

BIOL 2241 Medical Terminology-Recommended
BIOL 2454 General Biology I
BIOL 2455 General Biology II
BIOL 3301 Cellular and Molecular Biology

BIOL 3414 Microbiology
BIOL 3444 Genetics
BIOL 3454 General Physiology
BIOL 3456 Advanced Human Anatomy
BIOL 4464 Immunology
CHEM 2415 General Chemistry I
CHEM 2416 General Chemistry II
CHEM 3131 Organic Chemistry Laboratory I
CHEM 3313 Organic Chemistry I
ENGL 1320 Writing for Wisdom I
MATH 1313 College Algebra
PSYC 1313 General Psychology
PSYC 2301 Introductory Statistics for the Behavioral Sciences or MATH 3401
Introductory Statistics for the Life Sciences
PSYC 2364 Abnormal Psychology OR PSYC 3313 Human Growth and Development

Smith College of Liberal Arts

Undergraduate Programs

The Honors College

Admission to the Honors College is by application only. There are no minimum SAT, ACT, or GPA requirements to apply to the Honors College, but students who have been admitted to the Honors College in recent years have had an average SAT score of 1280 (which is equivalent to an average ACT score of 29) and an average high School GPA of 3.6. (The SAT score includes only the critical reading and mathematics scores.) Because the ideal Honors College candidate is a well-rounded individual who excels in a diversity of fields, strong applications to the Honors College usually include two letters of recommendation (one academic, one character) and evidence of leadership experience and service to the church and community.

The mission of the HBU Honors College is to provide students with an interdisciplinary curriculum rooted in the Christian faith that cultivates knowledge, character, and wisdom by examining the great works of Western civilization and exploring timeless questions.

The Honors College provides a unique general education core curriculum in the liberal arts, social and natural sciences for exceptional undergraduates. It fosters curiosity and creativity, challenges students to grow intellectually, socially and spiritually, and inspires life-long learning.

Students in the Honors College examine the great works of Western civilization and hone their reading, writing and critical thinking skills through spirited discussions with their peers and distinguished faculty. Some courses are taught by a team of professors so that students learn from various perspectives and recognize the interconnectedness of all knowledge.

Only students accepted into the Honors College may take Honors College courses. The Honors Scholars do not take the complete complement of Liberal Arts Core Curriculum courses since the Honors College curriculum meets the general education requirements of the University. In addition, students must complete the University mandated competencies (see below). The Honors curriculum does not constitute a major but does provide the foundation courses for any undergraduate degree offered by the University.

Honors College classes are taught in a seminar setting and are structured to include co-curricular activities including symposia, roundtables, undergraduate research, service learning projects, and broad exposure to cultural and learning opportunities in Houston and beyond. Honors Scholars are encouraged to participate in additional learning experiences including study abroad programs, the National Honors College convention, and others.

Honors College students are required to complete the Honors Core (43 hours) plus all university mandated competencies. Students who leave the Honors College prior to completing the Honors core will be required to meet the Liberal Arts Core Curriculum requirements not met by analogous courses in the Honors College core curriculum. The Liberal Arts Core Curriculum courses do not meet the Honors College core requirements and may not be substituted for Honors classes.

Honors College Requirements

Bachelor of Arts, Interdisciplinary Studies Major

The Interdisciplinary Studies program is designed to offer students the opportunity to form a course of study across disciplines. There is a long and fruitful history of scholars exploring multiple areas in support of their projects. The interdisciplinary degree is suited for students whose academic or personal goals require that they take courses from a number of different disciplines across the university and who are best served by not majoring in any particular field. The classes taken are ones that are offered by the existing academic units on campus. There are no classes

that are only Interdisciplinary Studies classes and there is no Interdisciplinary Studies department. Students should work closely with their advisor in determining whether or not this degree is right for them and for determining what classes will best suit their goals.

[Bachelor of Arts, Interdisciplinary Studies Requirements](#)

Bachelor of Arts, Managerial Studies Major

The Managerial Studies program is designed to offer students the opportunity to maximize the benefit of attending a University with a strong liberal arts focus, while simultaneously gaining marketable skills in the business disciplines. The BA in Managerial Studies includes a “concentration” requirement (Management; Marketing; or International Business) that infuses the market value of a business major into the broad liberal arts preparation of a Bachelor of Arts degree.

[Bachelor of Arts, Managerial Studies International Business Concentration Requirements](#)

[Bachelor of Arts, Managerial Studies Marketing Concentration Requirements](#)

Graduate Programs

Masters of Liberal Arts

The Master of Liberal Arts (MLA) offers students an interdisciplinary panorama of knowledge in art, literature, history, culture, and science. The MLA is designed for those who have completed their undergraduate education but who wish to continue intellectual enrichment in a formal academic environment. A thesis option is available.

Students in the MLA program represent a variety of educational backgrounds and ages. The degree is of particular interest to those in areas such as education, business, law, medicine, and engineering who desire a high level inquiry into the liberal arts. Classes meet once each week in the evening. A selection of courses from the various liberal arts is offered each semester.

The Master of Liberal Arts program at HBU is dedicated to training students in the classical model of education, preparing them to serve in a variety of professions and vocations. The degree is designed for students desiring a broad and deep course of study in the Liberal Arts with an emphasis on the Great Books of the Western Tradition.

While the MLA at HBU is flexible enough to satisfy the particular interests of each student, we do not subscribe to the common “grab bag” approach to Liberal Arts. Instead, we provide a core of twelve elective courses in the Western Tradition that is both chronologically progressive and cohesive to enable students to grasp the flow and development of ideas that have shaped the modern world. Other elective courses are focused on essential figures (i.e. St. Augustine), periods (i.e. Tudor England), and topics (i.e. democracy, logic, church/state relations). Also, the MLA encourages students to craft their degree around one of three optional areas of emphasis (Classical Learning, Research, and General Liberal Arts).

Course Descriptions

Accounting (ACCT) Course Descriptions

ACCT 2301 Principles of Accounting I

Prerequisite(s): None

An introduction to the identification and analysis of business transactions and the financial accounting information system that captures them. Included is the flow of activities within the system culminating in the four basic financial statements of a for-profit business. Emphasis is placed on the use of these financial statements to make business credit and investment decisions.

ACCT 2303 Principles of Accounting II

Prerequisite(s): ACCT 2301

An introductory course designed for managers throughout the organization and the tools they use in performing the planning and controlling of operations. Students will be introduced to: internal use reporting developed from the accounting information system; budgeting; determining product costs; and analyzing costs as to function and behavior. Interesting questions are discussed such as: How does a manager use accounting goals to motivate employees? How does a marketing department determine price? How does an organization determine what data to capture in the accounting information system?

ACCT 3303 Cost Accounting

Prerequisite(s): ACCT 2303

An in-depth study of the accounting tools managers use in performing the planning and controlling of operations. Students will develop and analyze internal reports for service as well as manufacturing companies; determine how the cost of a product is determined under several cost flow systems; allocate the costs of support departments; prepare detailed variances and interpret the results.

ACCT 3304 Individual Income Taxes

Prerequisite(s): ACCT 2303

Current federal revenue acts affecting individual tax returns; procedures for computing the income tax liability of individuals. Practice in solving typical problems and in the preparation of tax returns.

ACCT 3311 Intermediate Accounting I

Prerequisite(s): ACCT 2303, CISM 1321 or Computer Proficiency Exam

An intensive study of financial accounting theory and generally accepted accounting principles related to income determination, the financial position, and cash flows of profit-oriented business enterprises. The courses must be taken in sequence.

ACCT 3312 Intermediate Accounting II

Prerequisite(s): ACCT 3311

An intensive study of financial accounting theory and generally accepted accounting principles related to income determination, the financial position, and cash flows of profit-oriented business enterprises. The courses must be taken in sequence.

ACCT 3317 Accounting Information Systems

Prerequisite(s): ACCT 3312

An active, hands-on class that equips the accounting with both knowledge and skills to evaluate and create an accounting information system; work with a relational data base; evaluate and implement control systems; and assess and implement an accounting reporting system. Also included are current uses of technology in accounting utilizing several software applications.

ACCT 4181, 4281, 4381 Special Topics

Prerequisite(s): Approval of the Dean of the Dunham College of Business.

Directed study of a minimum of thirty clock hours for each hour of credit. Provides an opportunity for accounting majors to conduct detailed investigations of selected accounting problems.

ACCT 4301 Advanced Accounting

Prerequisite(s): ACCT 3312

Study and application of generally accepted accounting principles (GAAP) to specialized problems in mergers and acquisitions; consolidated financial reporting; partnership accounting; foreign currency transactions; foreign currency translation and remeasurements for reporting purposes. Study of GAAP for government and nonprofit entities, fund accounting and reporting practices.

ACCT 4302 Auditing

Prerequisite(s): ACCT 3312

Standards and procedures in making audits and examinations of the accounting records of business enterprises; preparation of work papers; the content and forms of qualified and unqualified auditor's opinions; types of audits; ethics of the profession.

ACCT 4306 Government and Nonprofit Accounting

Prerequisite(s): ACCT 2301 and 2303

Application of financial accounting principles to governmental entities and nonprofit organizations; entails a detailed study of fund accounting and reporting practices. Requires proficiency in Microsoft® Excel.

ACCT 4314 Taxation for Corporations and Other Entities

Prerequisite(s): ACCT 3304

Federal income tax determination for corporations and the impact of decisions on the corporation and shareholders; tax issues relating to S corporations, partnerships, estates and trusts. Tax research is a substantial component of the course, representing one-third of the course content.

ACCT 4322 Advanced Auditing Issues

Prerequisite(s): ACCT 4302

Corporate governance issues and the impact on the auditing profession and accounting disclosures, additional attestation requirements from auditors, other non-attestation engagements, internal audit and audit committees, compliance and government audit, and legal liability of accounts. The course includes a substantial research and writing component representing two-thirds of the course content.

ACCT 4337 Financial Statement Analysis and Valuation

Prerequisite(s): MIS 2332 and FINA 3320

Study and application of analytical tools and techniques for analyzing corporate financial statements and related information. Financial statement analysis enables the user to assess the operating, investing, and financing activities of the corporation in an industry context to make inferences regarding historical success as well as prospective profitability and cash flows.

ACCT 4181, 4281, 4381 Special Topics

Prerequisite(s): Approval of the Dean of the Dunham College of Business.

Directed study of a minimum of thirty clock hours for each hour of credit. Provides an opportunity for accounting majors to conduct detailed investigations of selected accounting problems.

ACCT 5260 Accounting Principles

Prerequisite(s): None

This course covers the basics of accounting information. Students will examine financial statements to determine what is communicated to stakeholders. This knowledge will help gain decision-making and problem-solving abilities that are needed outside the classroom. The course introduces both financial accounting and managerial accounting to provide an overall perspective about the introductory accounting topics and presentation so that they can become effective users of accounting information. Graduate Business programs only.

ACCT 5302 Auditing

Prerequisite(s): None

The study of standards and procedures in making audits and examinations of the accounting records of business enterprises; preparation of work papers; the content and forms of qualified and unqualified auditor's opinions; types of audits; audit objectives, audit risk, materiality, and ethics of the profession.

ACCT 5311 Advanced Accounting

Prerequisite(s): ACCT 3312

Study and application of various methods under generally accepted accounting principles (GAAP) to specialized problems in mergers and acquisitions; consolidated financial reporting; partnership accounting; foreign currency transactions; foreign currency translations, derivatives, hedge accounting and remeasurements for reporting purposes. This course provides an introduction to International Financial Reporting Standards (IFRS).

ACCT 5314 Taxation for Corporations and Other Entities

Prerequisite(s): ACCT 3304

The study of federal income tax issues pertinent to various business entities and their owners. Consideration is given to how federal tax law affects the formation and operation of Corporations, Partnerships, and S Corporations. Distributions to owners

and the liquidation of these entities are also covered. Tax research is a substantial component of the course representing one-third of the course content.

ACCT 5322 Advanced Auditing Issues

Prerequisite(s): ACCT 5302

Corporate governance issues and the impact on the auditing profession and accounting disclosures, additional attestation requirements from auditors, other non-attestation engagements, internal audit and audit committees, compliance and government audit, and legal liability of accounts.

ACCT 5381 Special Topics

For course description and prerequisites for this course, please contact the Dean of the Dunham College of Business.

ACCT 6191 Special Topics

Prerequisite(s): Approval of the Dean of the Dunham College of Business.

topics not included in other courses or not emphasized there may be offered in a 1, 2, or 3 semester-hour course. Graduating accounting only.

ACCT 6281 Special Topics

Prerequisite(s): Approval of the Dean of the Dunham College of Business.

Topics not included in other courses or not emphasized there may be offered in a 1, 2, or 3 semester-hour course.

ACCT 6313 International Accounting Issues

Prerequisite(s): None

As global corporations span national boundaries, they must interact with many different accounting practices and systems. This course deals with a wide variety of international accounting issues, including, but not limited to, the different types of accounting standards in the Americas, Asia, and Europe; issues of reporting and disclosure; issues of foreign translation when considering financial statements; issues of standardizing and harmonizing financial reporting; issues of managerial planning and control; and ethical issues of international accounting. Graduate Business programs only.

ACCT 6352 Accounting for Managers

Prerequisite(s): None

The course covers accounting application and information relevant to managers in the current corporate environment. It includes analyzing corporate financial statements to assess the operating, investing, and financing activities of the corporation in an industry context; internal accounting topics like C-V-P analysis; decision-making and budgeting. Topics relevant to a public company like the IPO process and SEC filings will also be covered. The course includes coverage of legal and ethical issues facing accountants as well as highlighting international accounting differences. Graduate Business Programs only.

ACCT 6381 Special Topics

Prerequisite(s): Approval of the Dean of the Dunham College of Business.

Topics not included in other courses or not emphasized there may be offered in a 1, 2, or 3-semester-hour course. Graduate accounting only.

Apologetics (APOL) Course Descriptions

APOL 3301 Worldview Apologetics: Testing Everything with C.S. Lewis & Francis Schaeffer: Junior/Senior Standing or Prerequisite(s): Instructor's Approval

The course begins with a focused, in-depth reading of Lewis and Schaeffer. Then it examines thinkers who serve as models of how to extend and apply, or revise and modify, their apologetics arguments, and may include works by Nancy Pearcey, Alvin Plantinga, Herman Dooyeweerd, J. Richard Pearcey, Albert Wolters, Mark Noll, George Marsden, Gene Edward Veith, and many others, enriched by shorter readings such as articles, book excerpts, and primary source documents.

APOL 3302 Worldview Apologetics: Surviving and Thriving at the University

Prerequisite(s): Junior/Senior Standing or Instructor's Approval

This course provides students with tools to analyze the prevailing secular theories across a variety of fields, to think critically about underlying assumptions, and to argue persuasively for a credible Christian perspective. The course gives a worldview introduction to several subject areas, which may include math, english, science, business, political philosophy, the arts & humanities. Readings include books specific to each of the subject areas, enriched by shorter readings such as articles, book excerpts, and primary source documents.

APOL 3381 Special Topics/Independent Study

For course description and prerequisites for this course, please [contact the Dean of the School of Christian Thought](#).

APOL 5050 Spiritual Formation I

Prerequisite(s): None

One part of a four-course series to facilitate students' intellectual and spiritual formation as apologists and foster prayer and mutual support and encouragement. Students will participate in a weekly group discussion, facilitated by the SF instructor, on topics such as current issues in apologetics, faculty and student research, graduate student life, prayer, spiritual reading, and the spiritual disciplines. Part of a four-semester sequence of Spiritual Formation courses. Students must take all four courses but may do so in any order. Courses are pass/fail based on participation.

APOL 5060 Spiritual Formation II

Prerequisite(s): None

One part of a four-course series to facilitate students' intellectual and spiritual formation as apologists and foster prayer and mutual support and encouragement. Students will participate in a weekly group discussion, facilitated by the SF instructor, on topics such as current issues in apologetics, faculty and student research, graduate student life, prayer, spiritual reading, and the spiritual disciplines. Part of a four-semester sequence of Spiritual Formation courses. Students must take all four courses but may do so in any order. Courses are pass/fail based on participation.

APOL 5281 Special Topics/Independent Study

For course description and prerequisites for this course, please [contact the Dean of the School of Christian Thought](#).

APOL 5310 Apologetics Research and Writing

Prerequisite(s): None

A practical course designed to develop graduate-level writing and reading skills and introduce students to writing in the discipline of apologetics. The course will focus on developing a robust drafting, writing, and revision process; using primary and secondary source materials; writing with clarity and correctness; and writing for both academic and popular audiences. Readings will introduce students to both philosophical and cultural apologetics.

APOL 5320 Philosophy of Religion: Faith & Reason

Prerequisite(s): None

This course will deal with basic issues in philosophy of religion, such as: theistic arguments, the problem of evil, the relationship between faith and reason, miracles, and life after death. Also offered as PHIL 5320.

APOL 5330 Ancient Philosophy and Culture

Prerequisite(s): None

Christianity was shaped by Jewish, Roman, and Greek cultural forces. This class will examine the Classical heritage of the Faith. Class will survey ancient philosophy, theater, and poetry. Course will survey texts such as Theogony, Odyssey, Bacchae, Frogs, Republic, Aeneid, and Metamorphosis to examine the roots of contemporary Western Christian faith.

APOL 5340 Medieval Philosophy & Culture

Prerequisite(s): None

A survey of the ideas, cultural developments, and literature of Medieval Europe, from the Fall of Rome to the beginning of the Renaissance. The course will cover topics such as the medieval Christian contribution to science, philosophy, art, and education; the rise of Islam and the Christian response; and the integration of faith and reason as expressed in medieval literature, art, and philosophy.

APOL 5350 Modern & Post-Modern Culture

Prerequisite(s): None

An exploration of ideas and cultural developments from the 16th Century to the present, focusing especially on the tension between reason and faith, the cultural consequences of modernity, and the apologetics challenges and opportunities of the present day. Students will read philosophical, cultural, and literary texts by a range of authors, including some non-Christians. Apologetics topics include issues such as doubt and suffering; pro-life issues; sexuality and marriage; and the integration of reason and imagination into apologetics.

APOL 5360 Film, the Visual Arts, and Apologetics

Prerequisite(s): None

An exploration of the potential of film and visual art for use in apologetics, focusing on the principles of interpreting artworks, especially with regard to discerning the worldviews embodied in particular artworks and using artworks to foster dialogue on apologetics issues.

APOL 5370 C. S. Lewis and Imaginative Apologetics

Prerequisite(s): None

C. S. Lewis is the most influential public apologist of the 20th century, and his influence continues to grow. This course will explore Lewis's thought as expressed in his fiction, poetry, apologetics, and/or academic works, and assess his contribution to the work of imaginative apologetics.

APOL 5380 Mere Christian Theology and Apologetics Implications

Prerequisite(s): None

An examination of the rational coherence of core Christian doctrines, including the Trinity, the Incarnation, and the Resurrection. Other topics may include Christian Exclusivism, Substitutionary Atonement, Heaven and Hell, etc.

APOL 5381 Special Topics/Independent Study

For course description and prerequisites for this course, please [contact the Dean of the School of Christian Thought](#).

APOL 6050 Spiritual Formation III

Prerequisite(s): None

One part of a four-course series to facilitate students' intellectual and spiritual formation as apologists and foster prayer and mutual support and encouragement. Students will participate in a weekly group discussion, facilitated by the SF instructor, on topics such as current issues in apologetics, faculty and student research, graduate student life, prayer, spiritual reading, and the spiritual disciplines. Part of a four-semester sequence of Spiritual Formation courses. Students must take all four courses but may do so in any order. Courses are pass/fail based on participation.

APOL 6060 Spiritual Formation IV

Prerequisite(s): None

One part of a four-course series to facilitate students' intellectual and spiritual formation as apologists and foster prayer and mutual support and encouragement. Students will participate in a weekly group discussion, facilitated by the SF instructor, on topics such as current issues in apologetics, faculty and student research, graduate student life, prayer, spiritual reading, and the spiritual disciplines. Part of a four-semester sequence of Spiritual Formation courses. Students must take all four courses but may do so in any order. Courses are pass/fail based on participation.

APOL 6310 Apologetics Communication

Prerequisite(s): None

A practical course designed to develop techniques used in interpersonal, group, public, social media and other mass communication settings. The focus will be on developing individual ability to communicate Christian thought for effective engagement with culture.

APOL 6320 Science and Faith

Prerequisite(s): None

This course will explore the history of the relationship between science and religion, including the alleged hostility between the two. It will examine various accounts of the compatibility between the two and ways they can be understood as mutually enriching. Other topics in the philosophy of science and how they interact with theism may be considered. Also offered as PHIL 6320.

APOL 6321 Philosophy of History and the Resurrection

Prerequisite(s): None

Philosophical assumptions affecting the study of history will be examined and dealing explicitly with miraculous occurrences, and most especially, evidences for the resurrection of Christ.

APOL 6322 Philosophical Theology

Prerequisite(s): None

A rigorous examination of the coherence of theism that addresses the biblical justification and the proper conceptual formulation (or qualification) of divine attributes such as incorporeality, necessary existence, aseity, eternity, simplicity, omnipotence, omniscience, divine goodness and moral perfection, and the philosophical formulation of historically orthodox doctrines of the Trinity, the Incarnation, justification and the Atonement, divine creation and providence, the nature of the Eucharist, the nature of the indwelling of the Holy Spirit, and questions of individual and universal eschatology.

APOL 6323 Philosophical Apologetics: Frameworks and Issues

Prerequisite(s): None

An introduction to different apologetic methodologies and kinds of argument used in the defense of the Christian faith. The relative merits of classical apologetics/natural theology, evidentialism, presuppositionalism, reformed epistemology, and cumulative case methodologies will be discussed while addressing theistic arguments relying on reason, natural and historical evidences, revelation, and subjective religious experience.

APOL 6324 Theistic Arguments

Prerequisite(s): None

An examination of the nature of theistic proofs that focuses on rigorous consideration of various theistic arguments from the standpoint of modern analytic philosophy of religion. Cosmological arguments, teleological arguments, ontological arguments, arguments from providence, moral arguments, arguments from consciousness, arguments from religious experience, arguments from miracles and historical evidences, prudential arguments (e.g., Pascal's wager), and more may be considered.

APOL 6325 Theistic Ethics and Moral Apologetics

Prerequisite(s): None

Various arguments grounding objective morality in the existence of God will be considered, as will various forms of the moral argument for God's existence. The nature of divine moral perfection and the dialectic among divine love, mercy and justice may be considered, along with the philosophical problem of evil and moral tensions in the Bible (animal sacrifices, capital punishment for non-capital offenses, the Canaanite conquest, etc.).

APOL 6330 World Religions

Prerequisite(s): None

A course exploring world religions and the Christian response to them. Particular emphasis will be on the way in which one can engage participants in non-Christian religions and communicate Christian thought in various cultures.

APOL 6340 Eastern Philosophy and Culture

Prerequisite(s): None

A course exploring Eastern philosophy and culture and the Christian response to them. Particular emphasis will be on the way in which one can engage participants in non-Christian religions and communicate Christian thought in various cultures.

APOL 6350 Problem of Evil

Prerequisite(s): None

This course will examine the problem of evil as a challenge to theistic and Christian belief, and explore different responses to the challenge, both classic and contemporary.

APOL 6370 Literature and Apologetics

Prerequisite(s): None

An exploration of the use of literature in apologetics, focusing on the theory and practice of imagination as a mode of knowing and communicating truth. Theoretical perspectives will include those of C.S. Lewis, George MacDonald, and J.R.R. Tolkien. Other materials will include a range of classic and contemporary texts that explore theological themes in both fictional and non-fictional modes, by Christian and even occasionally by non-Christian authors.

APOL 6375 Creative Writing and Apologetics

Prerequisite(s): None

An exploration of the practice of creative writing as a mode of cultural apologetics. Students will read and analyze classic and contemporary texts with regard to genre, form, style, and technique, and will write and workshop their own creative pieces, including poetry, fiction, and literary nonfiction, culminating in a critical reflection and portfolio. The course will also include theoretical perspectives on creative writing as a mode of imaginative apologetics. Other topics that may be covered include publication options, multi-media creative writing, and writing for children and young adults.

APOL 6380 Scripture and Apologetics Implications

Prerequisite(s): None

A survey and evaluation of contemporary methods of biblical criticism and their implications for the authority of scripture, the historical reliability of scriptural narratives, and the doctrine of inspiration.

APOL 6390 Thesis

This course, which should be taken in the final semester of the program as a culminating project, focuses on independent research and writing to produce a thesis. The course is designed for students who intend to go on to a doctoral program or do academic research and publication in the field of apologetics.

Biblical Aramaic (ARAM) Course Descriptions

ARAM 4310 Biblical Aramaic

Prerequisite(s): HEBR 2312, 2322, and 3311

An introduction to the vocabulary, grammar, and syntax of biblical Aramaic designed to give the students the skills necessary for translation and interpretation of the Aramaic portions of the Bible.

ARAM 5310 Biblical Aramaic

Prerequisite(s): HEBR 5301, 5302, and 6301

An introduction to the vocabulary, grammar, and syntax of biblical Aramaic designed to give the students the skills necessary for translation and interpretation of the Aramaic portions of the Bible.

ART (ART) Course Descriptions

ART 1303 Art Methods and Materials

Prerequisite(s): None

An introductory course concerned with basic art techniques and materials. The student will become acquainted with processes and the materials of painting, drawing, printing, sculpture, and ceramics.

ART 1313 Design I

Prerequisite(s): None

In this introductory course, the student makes a thorough study of the principles and elements of design and visual devices that make up a work of art. By means of two and three-dimensional problems, students make personal application of these concepts.

ART 1323 Design II

Prerequisite(s): None

In this more advanced course, the student continues with a thorough study of the principles and elements of design and visual devices that make up a work of art. By means of two and three-dimensional problems, students make personal application of these concepts.

ART 2181 Special Topics

For course description and prerequisites for this course, please [contact the Dean of the School of Fine Arts.](#)

ART 2343 Art Appreciation

Prerequisite(s): None

This course provides a comparative analysis of various modes of expression in all of the visual arts through description and evaluation. Emphasis is made upon historical movements, language, media, and stylistic identity. The survey is designed to prompt the student to see art as a personal experience and to respond more sensitively to the visual arts in a cultural context.

ART 2371 Introduction to Applied Arts

Prerequisite(s): ART 1313; 1323 preferred, but not required

Applied Arts procedures in fiber arts, paper-making / book arts, mosaic, metal-working, and experimental forms will be researched to give the student a broad understanding of the possibilities of applied arts in terms of functional media.

ART 2372 Water Media - Painting I

Prerequisite(s): None

During this course students will be introduced to the use and development of water media techniques, both transparent and opaque. These courses will serve as preparatory for upper level painting classes both advanced and experimental.

ART 2380 Printmaking I: Basic

Prerequisite(s): None

This course begins a series of introductory experiences to printmaking procedures in relief, intaglio, lithography, serigraphy, and experimental forms. The course will introduce the student to a broad understanding of the possibilities of the printmaking media. Individual solutions are encouraged after basic technical procedure has been learned.

ART 2381 Special Topics

For course description and prerequisites for this course, please [contact the Dean of the School of Fine Arts.](#)

ART 2382 Printmaking I: Intermediate

Prerequisite(s): None

This course continues the series of introductory experiences to printmaking procedures in relief, intaglio, lithography, serigraphy, and experimental forms. The course will continue to introduce the student to a broad understanding of the possibilities of the printmaking media. Individual solutions are encouraged after basic technical procedure has been learned.

ART 2383 Printmaking I: Advanced

Prerequisite(s): None

This course concludes the series of introductory experiences to printmaking procedures in relief, intaglio, lithography, serigraphy, and experimental forms. The course will complete the introduction of the student to a broad understanding of the possibilities of the printmaking media. Individual solutions are encouraged after basic technical procedure has been learned.

ART 2384 Sculpture I: Basic

Prerequisite(s): None

In this course emphasis is placed on beginning a basic understanding of three-dimensional design problems and an initial exploration of various media in a variety of approaches including additive, subtractive, manipulative, and casting techniques.

ART 2385 Sculpture I: Intermediate

Prerequisite(s): None

In this course emphasis is placed on continuing to develop a basic understanding of three-dimensional design problems and an initial exploration of various media in a variety of approaches including additive, subtractive, manipulative, and casting techniques.

ART 2386 Sculpture I: Applied

Prerequisite(s): None

In this course emphasis is placed on completing a basic understanding of three-dimensional design problems and an initial exploration of various media in a variety of approaches including additive, subtractive, manipulative, and casting techniques.

ART 2387 Life Drawing I: Basic

Prerequisite(s): ART 2394 (2232)

This figure drawing class is a basic introduction to the following techniques, skills, and knowledge: gesture drawing, contour, cross contour, flash pose, memory drawing, descriptive poses, moving action, modeled drawing, descriptive poses, quick contour, extended contour, the long composition, studies of body parts, water color studies, oil studies.

ART 2391 Ceramics I: Basic

Prerequisite(s): None

In this introductory course, students work with hand-built and wheel-thrown techniques of forming pottery. Experimentation with glaze formulation, glazing, firing and the search for a form language that expresses the individual are emphasized.

ART 2392 Ceramics I: Intermediate

Prerequisite(s): None

In this second level introductory course, students continue their work with hand-built and wheel-thrown techniques of forming pottery. Experimentation with glaze formulation, glazing, firing and the search for a form language that expresses the individual are emphasized.

ART 2393 Ceramics I: Advanced

Prerequisite(s): None

In this third introductory course, students continue their work with hand-built and wheel-thrown techniques of forming pottery. Experimentation with glaze formulation, glazing, firing and the search for a form language that expresses the individual are emphasized.

ART 2394 Drawing I: Basic

Prerequisite(s): None

This course introduces students to basic exercises using various drawing media and subject matter with emphasis on the human figure. Anatomical rendering, contour and value drawing are studies that will be utilized in the student's ultimate development toward a personal approach to drawing.

ART 2395 Drawing I: Intermediate

Prerequisite(s): None

This course continues to introduce students to basic exercises using various drawing media and subject matter with emphasis on the human figure. Anatomical rendering, contour and value drawing are studies that will be utilized in the student's ultimate development toward a personal approach to drawing.

ART 2396 Drawing I: Advanced

Prerequisite(s): None

This course completes students' introduction to basic exercises using various drawing media and subject matter with emphasis on the human figure. Anatomical rendering, contour and value drawing are studies that will be utilized in the student's ultimate development toward a personal approach to drawing.

ART 2397 Painting I: Basic

Prerequisite(s): None

This introduction to studio experiences course is based on problems designed to acquaint the student with the possibilities of various painting media and approaches to painting. Students are encouraged to explore and develop a personal direction for their work.

ART 2398 Painting I: Intermediate

Prerequisite(s): None

An introduction to studio experiences continues in this course. It is based on problems designed to acquaint the student with the possibilities of various painting media and approaches to painting. Students are encouraged to explore and develop a personal direction for their work.

ART 2399 Painting I: Advanced

Prerequisite(s): None

An introduction to studio experiences concludes in this course. It is based on problems designed to acquaint the student with the possibilities of various painting media and approaches to painting. Students are encouraged to explore and develop a personal direction for their work.

ART 3305 Art for the Secondary School

Prerequisite(s): Admission to the HBU Educator Preparation Program.

This course involves the production of art using media and processes considered appropriate for middle School and senior high School art programs. Emphasis is placed on combining technique, exploration of media and interrelation of art appreciation with art activities.

ART 3310 Art for Pre-Adolescents

Prerequisite(s): Admission to the HBU Educator Preparation Program.

This course adds a concentrated focus on art education to an overview of fine arts history and education (including art, music and theatre). It explores the philosophy of preschool and elementary pedagogy based upon Discipline-based Art Education (DBAE) and Texas Essential Knowledge and Skills standards. Practical applications for integrating the arts into a cross-curriculum program are emphasized. Also offered as INDC 3310.

ART 3315 Cultural Craft for the Pre-Adolescent Student

Prerequisite(s): Admission to the HBU Educator Preparation Program.

This course combines a basic multicultural study of classical and traditional craft and creative problems in three-dimensional media for teaching in the pre-adolescent (EC-6) classroom. (Offered also as INDC 3315.)

ART 3316 Cultural Craft for the Adolescent Student

Prerequisite(s): Admission to the HBU Educator Preparation Program.

This course encourages expanded multicultural appreciation of classical and traditional craft and includes practical experience and preparation for teaching a variety of fiber arts, printmaking, bookbinding, mosaic and three-dimensional design in the adolescent (6-8 and 9-12) classroom. (Offered also as INDC 3316.)

ART 3330 Gallery and Museum Practices

Prerequisite(s): None

The course allows students a hands-on participation of fine arts gallery management and a formal study of museum operations. Students study major art facilities in Houston and collectively organize an art exhibition as part of their course of study. May be taken by art and non-art majors (with approval by the professor and art department chair).

ART 3331 Gallery and Museum Practices

Prerequisite(s): None

The course allows students a hands-on participation of fine arts gallery management and a formal study of museum operations. Students study major art facilities in Houston and collectively organize an art exhibition as part of their course of study. May be taken by art and non-art majors (with approval by the professor and art department chair).

ART 3332 Gallery and Museum Practices

Prerequisite(s): None

The course allows students a hands-on participation of fine arts gallery management and a formal study of museum operations. Students study major art facilities in Houston and collectively organize an art exhibition as part of their course of study. May be taken by art and non-art majors (with approval by the professor and art department chair).

ART 3335 Color Theory

Prerequisite(s): None

An introductory course concerned with basic art techniques and materials of the study of color. The student will become acquainted with processes and the materials of understanding and applying color theory. The course will first develop the vocabulary of color followed by the construction of the color wheel and other significant color structure formations. A major part of the course will be dedicated to the studio application of painting, drawing and design color applications by the students. The course will include the following applications of color studies: vocabulary of color, theories of color, applying color theory, color wheels, naming colors, three attributes of color, mixing of color, moving from theory to practice, using value of color, using intensity of color, using harmony of color, color in nature, symbolism of color, and creating a personal palette of color.

ART 3353 History of Art: Prehistoric through Gothic

Prerequisite(s): None

Painting, sculpture and architecture are reflections of man's thinking (social, religious, and political) and the means through which he has sought to satisfy needs common to man of every age. The unique contribution made by each culture toward our art heritage is stressed along with influences of one culture on another.

ART 3355 Experimental Drawing

Prerequisite(s): ART 2394 or 2395 or 2396

Directed study of a minimum of thirty clock hours for each hour of credit. Topics and projects are selected based on student interest and need. Open to Art majors only.

ART 3363 History of Art: Renaissance through Modern

Prerequisite(s): None

Beginning with the sixteenth century, this study traces the development of modern art forms. Stylization, social factors, and important innovations that shape the destiny of man and his arts will be considered.

ART 3370 Printmaking II: Basic

Prerequisite(s): ART 2380 or 2382 or 2383

This course begins a more refined experience of learning printmaking procedures in relief, intaglio, lithography, serigraphy, and experimental forms. The course will give the student a more developed understanding of the possibilities of the printmaking media. Individual solutions are encouraged after basic technical procedure has been learned.

ART 3371 Applied Art: Fiber Arts I

Prerequisite(s): ART 1313 and 1323

Fiber Arts introduces students to natural textiles and the culturally driven techniques traditionally used to design, decorate and construct functional forms pertaining to fiber. Techniques in dyeing, printing, wax resist and bleaching will be explored, as well as procedures in assembling and embellishing.

ART 3372 Water Media - Painting II

Prerequisite(s): None

During this course students will have an intermediate experience in the use and development of water media techniques, both transparent and opaque. These courses will serve as preparatory for upper level painting classes both advanced and experimental.

ART 3373 History of Modern Art

Prerequisite(s): None

This course is an overview of the development of the visual arts during the latter part of the nineteenth through the entire twentieth century. Beginning with the Post-Impressionist movement in Europe and continuing through the multitude of isms of the twentieth century, the study will progress to the present day Avant Garde ideas of the art world. Modern art masters such as Matisse, Picasso, Duchamp, Pollock, and Rothko will be a focus of the course. Movements such as Cubism, Abstract Expressionism, Dadaism, Pop Art, and Avant Gardism will be presented as each flows through the entirety of the modern movement.

ART 3374 Printmaking II: Intermediate

Prerequisite(s): ART 2380 or 2382 or 2383

This course continues a more refined experience of learning printmaking procedures in relief, intaglio, lithography, serigraphy, and experimental forms. The course will give the student a more developed understanding of the possibilities of the printmaking media. Individual solutions are encouraged after basic technical procedure has been learned.

ART 3375 Art of the Renaissance

Prerequisite(s): None

Michelangelo, Leonardo, and Raphael created art in one of the most fascinating historical and artistic periods in Western culture, the High Renaissance. From debunking the Da Vinci code to treasure hunting for Bruegel's proverbs, this course not only focuses on some of the world's greatest achievements in art and the individuals responsible for making them, it sets the stage for art in Western culture for centuries to come.

ART 3376 Printmaking II: Advanced

Prerequisite(s): ART 2380 or 2382 or 2383

This course concludes a more refined experience of learning printmaking procedures in relief, intaglio, lithography, serigraphy, and experimental forms. The course will give the student a more developed understanding of the possibilities of the printmaking media. Individual solutions are encouraged after basic technical procedure has been learned.

ART 3380 American Art

Prerequisite(s): None

From New York to Los Angeles, from Native America to Jackson Pollock, this course traverses the US geographically, philosophically and socially in search of major influences on and developments in American Art. Students will explore art made outside the European canon and develop an awareness and appreciation for the American heritage in artistic production.

ART 3381 Special Topics

For course description and prerequisites for this course, please [contact the Dean of the School of Fine Arts](#).

ART 3383 European Heritage in Art History

Prerequisite(s): None

This course will occur during art study in Europe such as Art is Study abroad in Florence. Students will be based in Florence where they will attend daily walking lectures at most of the churches, museums and galleries of Florence. On site lectures will be held five or more days a week and will vary each day depending on the site visited. Renaissance is the major area studied through students electing a side trip to Germany during the month stay in Florence will also encounter contemporary art. During this study abroad semester students will record detailed journal notes from each daily lecture.

ART 3384 Sculpture II: Basics

Prerequisite(s): ART 2384 or 2385 or 2386

In this course emphasis is placed on beginning a refined understanding of many three-dimensional design problems and continuing to explore various media in a variety of approaches including additive, subtractive, manipulative, and casting techniques.

ART 3385 Experimental Drawing

Prerequisite(s): ART 2232 or 2242 or 2252

Directed study of a minimum of thirty clock hours for each hour of credit. Topics and projects are selected based on student interest and need. Open to art majors only.

ART 3386 Sculpture II: Intermediate

Prerequisite(s): ART 2384 or 2385 or 2386

In this course emphasis is placed on continuing to develop a refined understanding of many three-dimensional design problems and continuing to explore various media in a variety of approaches including additive, subtractive, manipulative, and casting techniques.

ART 3387 Life Drawing II: Basic

Prerequisite(s): ART 1303 and 1313

This figure drawing class introduces a more developed experience of the following techniques, skills, and knowledge: Gesture drawing, contour, cross contour, flash pose, memory drawing, descriptive poses, moving action, modeled drawing, descriptive poses, quick contour, extended contour, the long composition, studies of body parts, water color studies, oil studies.

ART 3388 Life Drawing II: Refined

Prerequisite(s): ART 1303 and 1313

This figure drawing class continues with a more developed experience of the following techniques, skills and knowledge: Gesture drawing, contour, cross contour, flash pose, memory drawing, descriptive poses, moving action, modeled drawing,

descriptive poses, quick contour, extended contour, the long composition, studies of body parts, water color studies, and oil studies.

ART 3389 Sculpture II: Applied

Prerequisite(s): ART 2384 or 2385 or 2386

In this course, emphasis is placed on accomplishing a refined understanding of many three-dimensional design problems and continuing to explore various media in a variety of approaches including additive, subtractive, manipulative, and casting techniques.

ART 3391 Ceramics II: Basic

Prerequisite(s): ART 2391 or 2392 or 2393

In this refined skills level course, students begin to mature in their work with hand-built and wheel-thrown techniques of forming pottery. Experimentation with glaze formulation, glazing, firing, and the search for a form language that expresses the individual are emphasized.

ART 3392 Ceramics II: Intermediate

Prerequisite(s): ART 2391 or 2392 or 2393

In this second refined skills level course, students continue to mature in their work with hand-built and wheel-thrown techniques of forming pottery. Experimentation continues with glaze formulation, glazing, firing, and the search for a form language that expresses the individual are emphasized.

ART 3393 Ceramics II: Advanced

Prerequisite(s): ART 2391 and 2392 or 2393

In this third refined skills level course, students continue to mature in their work with hand-built and wheel-thrown techniques of forming pottery. Experimentation continues with glaze formulation, glazing, firing, and the search for a form language that expresses the individual are emphasized.

ART 3394 Drawing II: Basic

Prerequisite(s): ART 2394 or 2395 or 2396

This course introduces students to a more refined series of drawing exercises using various media and subject matter with emphasis on the human figure. Anatomical rendering, contour and value drawing are studies that will be utilized in the student's ultimate development toward a personal approach to drawing.

ART 3395 Drawing II: Intermediate

Prerequisite(s): ART 2394 or 2395 or 2396

This course continues to guide students through a series of refined drawing exercises using various media and subject matter with emphasis on the human figure. Anatomical rendering, contour and value drawing are studies that will be utilized in the student's ultimate development toward a personal approach to drawing.

ART 3396 Drawing II: Advanced

Prerequisite(s): ART 2394 or 2395 or 2396

This course completes the refined series of drawing exercise using various media and subject matter with emphasis on the human figure. Anatomical rendering, contour and value drawing are studies that will be utilized in the student's ultimate development toward a personal approach to drawing.

ART 3397 Painting II: Basic

Prerequisite(s): ART 2397 or 2398 or 2399

This course begins a series of more refined studio experiences. It is based on problems designed to acquaint the student with the possibilities of various painting media and approaches to painting. Students are encouraged to explore and develop a personal direction for their work.

ART 3398 Painting II: Intermediate

Prerequisite(s): ART 2397 or 2398 or 2399

This course continues a series of more refined studio experiences. It is based on problems designed to acquaint the student with the possibilities of various painting media and approaches to painting. Students are encouraged to explore and develop a personal direction for their work.

ART 3399 Painting II: Advanced

Prerequisite(s): ART 2397 or 2398 or 2399

This course concludes a series of more refined studio experiences. It is based on problems designed to acquaint the student with the possibilities of various painting media and approaches to painting. Students are encouraged to explore and develop a personal direction for their work.

ART 4181 Special Topics

Prerequisite(s): Permission of the instructor and the Dean of the School of Fine Arts.

Directed study of a minimum of thirty clock hours of credit. Topics and projects are selected based on student interest and need. Open to Art majors only.

ART 4381 Special Topics

Prerequisite(s): Permission of the instructor and the Dean of the School of Fine Arts.

Directed study of a minimum of thirty clock hours of credit. Topics and projects are selected based on student interest and need. Open to Art majors only.

ART 4392 Senior Seminar: Studio

Prerequisite(s): See Senior Seminar note in Undergraduate Degree Requirements in the HBU Catalog.

This course provides a format for the production of a body of art works in a studio setting. The student will go through a process in which s/h presents a written document presenting the proposal for the body of works, the process by which the works are to be made or produced, and the aesthetic ideas which are the basis of the works. Part of the research includes meeting with the entire Art faculty for the purpose of enriching the possibilities for the chosen media. The final grade will be determined by a jury of the entire Art faculty.

ART 4461 Apprenticeship I: Advanced Studio

Prerequisite(s): Advanced Studio Art (Ceramics, Drawing, Painting, Printmaking, Sculpture, or Water Media) course at either the 3000 or 4000 level.

The HBU Art Apprenticeship Program is an art studio concentration for individual art students who are accepted on an individual basis to do academic work in an apprentice capacity with one of the artist-in-residence members of the faculty. The students will be accepted into the program by invitation from the department chairman upon a review of the student's portfolio and academic records by the department's artists-in-residence. Upon acceptance into the program, the student will work toward individual semester hours designed as Apprenticeship credit hours.

ART 4462 Apprenticeship II: Advanced Studio

Prerequisite(s): Advanced Studio Art (Ceramics, Drawing, Painting, Printmaking, Sculpture, or Water Media) course at either the 3000 or 4000 level.

The HBU Art Apprenticeship Program is an art studio concentration for individual art students who are accepted on an individual basis to do academic work in an apprentice capacity with one of the artist-in-residence members of the faculty. The students will be accepted into the program by invitation from the department chairman upon a review of the student's portfolio and academic records by the department's artists-in-residence. Upon acceptance into the program, the student will work toward individual semester hours designed as Apprenticeship credit hours.

ART 4463 Apprenticeship III: Advanced Studio

Prerequisite(s): Advanced Studio Art (Ceramics, Drawing, Painting, Printmaking, Sculpture, or Water Media) course at either the 3000 or 4000 level.

The HBU Art Apprenticeship Program is an art studio concentration for individual art students who are accepted on an individual basis to do academic work in an apprentice capacity with one of the artist-in-residence members of the faculty. The students will be accepted into the program by invitation from the department chairman upon a review of the student's portfolio and academic records by the department's artists-in-residence. Upon acceptance into the program, the student will work toward individual semester hours designed as Apprenticeship credit hours.

ART 4464 Experimental Painting

Prerequisite(s): ART 2397 or 2398 or 2399; ART 3397 or 3398 or 3399

Directed study of a minimum of thirty hours for each hour of credit. Topics and projects are selected based on student interest and need. Open to Art majors only.

ART 4471 Applied Art: Fiber Arts II

Prerequisite(s): ART 1313 and 1323

Students will complete an introductory experience of natural textiles and the culturally driven techniques traditionally used to

design, decorate and construct functional forms pertaining to fiber. Techniques in dyeing, printing, wax resist and bleaching will be explored, as well as procedures in assembling and embellishing. Further development of experimental forms will be studied to encourage students to expand their awareness of the vast potential of fiber arts and the impact upon community culture.

ART 4472 Water Media - Painting III

Prerequisite(s): None

During this course, students will have an advanced experience in the use and development of water media techniques, both transparent and opaque. These courses will serve as preparatory for upper-level painting classes--both advanced and experimental.

ART 4480 Printmaking III: Basic

Prerequisite(s): None

This course begins the final more complex series of printmaking learning experiences. Students in this course will start to apply more highly developed printmaking procedures in relief, intaglio, lithography, serigraphy, and experimental forms. The course will give the student a more sophisticated understanding of the possibilities of the printmaking media. Individual solutions are encouraged after basic technical procedure has been learned.

ART 4482 Printmaking III: Intermediate

Prerequisite(s): ART 3370 or 3374 or 3376

This course continues the final more complex series of printmaking learning experiences. Students in this course will apply more highly developed printmaking procedures in relief, intaglio, lithography, serigraphy, and experimental forms. The course will give the student a more sophisticated understanding of the possibilities of the printmaking media. Individual solutions are encouraged after basic technical procedure has been learned.

ART 4483 Printmaking III: Advanced

Prerequisite(s): None

This course completes the final more complex series of printmaking learning experiences. Students in this course will apply more highly developed printmaking procedures in relief, intaglio, lithography, serigraphy, and experimental forms. The course will give the student a more sophisticated understanding of the possibilities of the printmaking media. Individual solutions are encouraged after basic technical procedure has been learned.

ART 4484 Sculpture III: Basics

Prerequisite(s): None

In this course, students begin to develop a more advanced understanding of the many three-dimensional design problems associated with sculpture. Students will continue their exploration of various media in a variety of approaches including additive, subtractive, manipulative, and casting techniques.

ART 4485 Sculpture III: Intermediate

Prerequisite(s): ART 3384 or 3386 or 3389

In this course, students continue to develop a more advanced understanding of the many three-dimensional design problems associated with sculpture. Students will continue their exploration of various media in a variety of approaches including additive, subtractive, manipulative, and casting techniques.

ART 4486 Sculpture III: Advanced

Prerequisite(s): None

In this course, students complete a more advanced understanding of the many three-dimensional design problems associated with sculpture. Students will continue their exploration of various media in a variety of approaches including additive, subtractive, manipulative, and casting techniques.

ART 4487 Life Drawing III: Basic

Prerequisite(s): ART 1303 and 1313

This figure drawing introduces students to an advanced experience with the following techniques, skills, and knowledge: Gesture drawing, contour, cross contour, flash pose, memory drawing, descriptive poses, moving action, modeled drawing, descriptive poses, quick contour, extended contour, the long composition, studies of body parts, water color studies, oil studies.

ART 4488 Life Drawing III: Refined

Prerequisite(s): ART 1303 and 1313

This figure drawing class completes the advanced experience with the following techniques, skills, and knowledge: Gesture

drawing, contour, cross contour, flash pose, memory drawing, descriptive poses, moving action, modeled drawing, descriptive poses, quick contour, extended contour, the long composition, studies of body parts, water color studies, oil studies.

ART 4491 Ceramics III: Basic

Prerequisite(s): None

In this first advanced course, students begin to produce more complex work with hand-built and wheel-thrown techniques of forming pottery. Experimentation continues with glaze formulation, glazing, firing and search for a form language that expresses the individual are emphasized.

ART 4492 Ceramics III: Intermediate

Prerequisite(s): ART 3391 or 3392 or 3393

In this second advanced course, students carry on with more complex work using hand-built and wheel-thrown techniques of forming pottery. Experimentation continues with glaze formulation, glazing, firing, and the search for a form language that expresses the individual are emphasized.

ART 4493 Ceramics III: Advanced

Prerequisite(s): None

In this third advanced course, students complete complex work with hand-built and wheel-thrown techniques of forming pottery. Experimentation concludes with glaze formulations, glazing, firing, and the search for a form language that expresses the individual are emphasized.

ART 4494 Drawing III: Basic

Prerequisite(s): None

This course begins the final series of drawing courses. This course introduces students to more complex exercises using various drawing media and subject matter with emphasis on the human figure. Anatomical rendering, contour and value drawing are studies that will be utilized in the student's ultimate development toward a personal approach to drawing.

ART 4495 Drawing III: Intermediate

Prerequisite(s): ART 3394 or 3395 or 3396

This course continues the final series of drawing courses. Students in this course will work on more complex drawing exercises using various media and subject matter with emphasis on the human figure. Anatomical rendering, contour and value drawing are studies that will be utilized in the student's ultimate development toward a personal approach to drawing.

ART 4496 Drawing III: Advanced

Prerequisite(s): None

This course completes the final series of drawing courses. Students in this course will continue to work on complex drawing exercises using various drawing media and subject matter with emphasis on the human figure. Anatomical rendering, contour and value drawing are studies that will be utilized in the student's ultimate development toward a personal approach to drawing.

ART 4497 Painting III: Basic

Prerequisite(s): None

This course begins the more complex series of studio experiences based on problems designed to acquaint the student with the possibilities of various painting media and approaches to painting. Students are encouraged to explore and develop a personal direction for their work.

ART 4498 Painting III: Intermediate

Prerequisite(s): ART 3397 or 3398 or 3399

This course continues the more complex series of studio experiences based on problems designed to acquaint the student with the possibilities of various painting media and approaches to painting. Students are encouraged to explore and develop a personal direction for their work.

ART 4499 Painting III: Advanced

Prerequisite(s): None

This course concludes the more complex series of studio experiences based on problems designed to acquaint the student with the possibilities of various painting media and approaches to painting. Students are encouraged to explore and develop a personal direction for their work.

Biochemistry-Molecular Biology (BCMB) Course Descriptions

BCMB 3014 Microbiology Laboratory

Prerequisite(s): BIOL 2454, 2455, and 3301

Corequisite(s): BCMB 3414, Microbiology

This is the laboratory portion of BCMB 3414, Microbiology.

BCMB 3375 Human Genetics

Prerequisite(s): BIOL 3301 and 3444

This course will introduce students to the basic concepts of human genetics and its molecular and clinical implications.

Topics include the chromosomal, molecular, and biochemical basis of disease, prenatal diagnosis, and genetic counseling.

(Also offered as BIOL 3375)

BCMB 3414 Microbiology

Prerequisite(s): BIOL 2454, 2455, and 3301

This course is a general survey of the microorganisms and includes the morphology, physiology, and control of the organisms most important to humans. The microbiology of soil, food, water, and disease will be considered. This course includes one semester hour credit for laboratory sessions. (Also offered as BIOL 3414)

BCMB 4024 Molecular Biology Laboratory

Prerequisite(s): BIOL 2454, 2455, 3301, and 3444

Corequisite(s): BIOL 4424, Molecular Biology

This is the laboratory portion for BCMB 4424, Molecular Biology.

BCMB 4044 Virology Laboratory

Prerequisite(s): BIOL 2454, 2455, 3301, and 3444

Corequisite(s): BCMB 4444, Virology

This is the laboratory portion for BCMB 4444, Virology.

BCMB 4064 Immunology Laboratory

Prerequisite(s): BIOL 2454, 2455, 3301, and 3444

Corequisite(s): BCMB 4464, Immunology

This is the laboratory portion for BCMB 4464, Immunology.

BCMB 4111 Bioanalytical Methods

Prerequisite(s): 20 hours of Biology at 2000 and above level, CHEM 2415, 2416, 3131, 3132, 3313, 3333, and completion of or concurrent enrollment in CHEM 4373.

This course is senior level course which exposes students to the principles and experimental techniques underlying common bioanalytical methods such as cell fractionation, radiolabeling, protein purification, protein and DNA sequencing, immunochemistry, and spectrophotometry, all of which are widely used in research pertaining to the biological and biochemical sciences.

BCMB 4181 Special Topics/Independent Study

Prerequisite(s): BIOL 2454, 2455, and 3301

Topics are selected on basis of student needs and academic qualifications of staff. Laboratory may or may not be included. If regular lectures are not given, a minimum of 30 hours of work for each hour credit must be included.

BCMB 4272 Integrating Biological Concepts

Prerequisite(s): Biology Core courses (BIOL 2454, 2455, 3301, 3414, and 3444)

This course will integrate the knowledge, theories, and skills expected of a Biologist. Topics will encompass and reinforce the material found in the courses of the Biology Core.

BCMB 4281 Special Topics/Independent Study

Prerequisite(s): BIOL 2454, 2455 and 3301

Topics are selected on basis of student needs and academic qualifications of staff. Laboratory may or may not be included. If regular lectures are not given, a minimum of 30 hours of work for each hour credit must be included.

BCMB 4292 Bioinformatics

Prerequisite(s): 19 hours of Biology at 2000 and above level, including at least one course from the following: BIOL 3414, 4424, 4444, or 4464.

This course is designed to provide the advanced Biochemistry-Molecular Biology (BCMB) undergraduate student with the ability to use search engines commonly employed in the study of genomics and proteomics. Students will learn to interpret, compare, and analyze sequence information and associate genetic and protein sequences with three dimensional structures. Search engines including BLAST, ENTREZ, and OMIM and sequence management software such as CLUSTALW will be introduced in instructor-led tutorials and will be reinforced with homework assignments that require their use. Ultimately students will use these tools in a research project. They will present their results to their peers in the form of an oral presentation of a scientific poster.

BCMB 4294 Cell Culture Techniques

Prerequisite(s): 19 hours in biology, including at least one course from the following BCMB 3414, 4424, 4444, or 4464.

This course will introduce students to the sterile techniques routinely used in the research laboratory. Techniques will include those for both bacterial and mammalian cells.

BCMB 4297 Research in Biochemistry-Molecular Biology

Prerequisite(s): BIOL 3414 and 3444

Laboratory research is offered for a student majoring in Biochemistry-Molecular biology. At the conclusion of the research, a written paper will be presented to the student's seminar advisor and an oral presentation of the results will be presented.

BCMB 4324 Advanced Cell Biology

Prerequisite(s): BIOL 2454, 2455, 3301, and 3444

This course provides an in-depth study of selected dynamic processes that occur in living cells. Topics include DNA regulation and expression of genes; DNA repair; protein synthesis and function; protein sorting; vesicular traffic; cell signaling; and control of cell division. (Also offered as BIOL 4324.)

BCMB 4363 Medical Microbiology

Prerequisite(s): BIOL 2454, 2455, 3301, and 3414

A study of microbial organisms that cause disease in humans. The characteristics of each pathogen are discussed along with its pathogenesis and pathology. (Also offered as BIOL 4363.)

BCMB 4375 Cancer Biology

Prerequisite(s): BIOL 2454, 2455, 3301, and 3444

This course examines the development of cancer at the cellular and molecular levels. Topics covered include tumor suppressors, oncogenes, cell cycle regulation, apoptosis, telomerase, angiogenesis, and metastasis. Cancer prevention, screen, diagnosis, and treatment will also be introduced.

BCMB 4381 Special Topics/Independent Study

Prerequisite(s): BIOL 2454, 2455 and 3301

Topics are selected on basis of student needs and academic qualifications of staff. Laboratory may or may not be included. If regular lectures are not given, a minimum of 30 hours of work for each hour credit must be included.

BCMB 4424 Molecular Biology

Prerequisite(s): BIOL 2454, 2455, 3301, and 3444

This course presents recent developments in biotechnology and genetic engineering. Topics included are recombinant DNA; DNA cloning; DNA sequencing; polymerase chain reaction; monoclonal antibodies; genetic engineering of plants and animals; and the human genome project. This course includes one semester hour credit for laboratory sessions. (Also offered as BIOL 4424.)

BCMB 4444 Virology

Prerequisite(s): BIOL 2454, 2455, 3301, and 3444

This course is an introduction to the principles of animal virology. The classification and replicative cycles of viruses are compared to their pathogenic mechanisms. Viral oncogenes and modern anti-viral chemotherapy and immunization are discussed. This course includes one semester hour credit for laboratory sessions. (Also offered as BIOL 4444.)

BCMB 4464 Immunology

Prerequisite(s): BIOL 2454, 2455, 3301, and 3444

This course is an introductory study of the biological and clinical approaches to immunology. Discussions center on the

mechanisms responsible for various clinical syndromes as well as basic immunological phenomena such as antibody diversity, T cell receptor diversity, antigen presentation, signaling across cellular receptors, and cell activation. This course includes one semester hour credit for laboratory sessions. (Also offered as BIOL 4464.)

BCMB 4481 Special Topics/Independent Study

Prerequisite(s): BIOL 2454, 2455 and 3301

Topics are selected on basis of student needs and academic qualifications of staff. Laboratory may or may not be included. If regular lectures are not given, a minimum of 30 hours of work for each hour credit must be included.

Biology (BIOL) Course Descriptions

BIOL 1004 Introductory Biology Laboratory

Prerequisite(s): None

Corequisite(s): BIOL 1404, Introductory Biology

This is the laboratory portion of BIOL 1404, Introductory Biology.

BIOL 1014 Introductory Microbiology Laboratory

Prerequisite(s): None

Corequisite(s): BIOL 1414, Introductory Microbiology

This is the laboratory portion of BIOL 1414, Introductory Microbiology.

BIOL 1404 Introductory Biology

Prerequisite(s): None

This course is a general survey of biology including the study of plants, animals, ecology, and some marine biology. This course includes one semester hour credit for laboratory sessions. This course cannot be applied toward a biology major.

BIOL 1414 Introductory Microbiology

Prerequisite(s): None

A general introduction of microbiology with emphasis placed on public health. Various disease-causing agents are discussed. Procedures used in disinfection and sterilization are demonstrated with consideration given to infection control. Includes one semester hour credit for laboratory sessions. This course cannot be counted for credit toward biology major.

BIOL 2004 Human Anatomy and Physiology I Laboratory

Prerequisite(s): None

Corequisite(s): BIOL 2404, Human Anatomy and Physiology I

This is the laboratory portion of BIOL 2404, Human Anatomy and Physiology I.

BIOL 2014 Human Anatomy and Physiology II Laboratory

Prerequisite(s): BIOL 2004 and 2404

Corequisite(s): BIOL 2414, Human Anatomy and Physiology II

This is the laboratory portion of BIOL 2414, Human Anatomy and Physiology II.

BIOL 2054 General Biology I Laboratory

Prerequisite(s): SAT composite 1040 or ACT composite 22 or 12 hrs. of college coursework.

Corequisite(s): BIOL 2454, General Biology I

This is the laboratory portion of BIOL 2454, General Biology I.

BIOL 2055 General Biology II Laboratory

Prerequisite(s): BIOL 2054 and 2454

Corequisite(s): BIOL 2455, General Biology II

This is the laboratory portion of BIOL 2455, General Biology II.

BIOL 2181 Special Topics/Independent Study

Topics are selected based on student needs and the academic qualifications of staff.

BIOL 2214 Medical Terminology

Prerequisite(s): None

This course provides the student a comprehensive study of medical terminology including word roots, combining forms, prefixes and suffixes. Students build and analyze thousands of medical terms and in the process study the structure and functions of human body systems and diseases. This course cannot be counted for credit toward the biology major.

BIOL 2281 Special Topics/Independent Study

Topics are selected based on student needs and the academic qualifications of staff.

BIOL 2381 Special Topics/Independent Study

Topics are selected based on student needs and the academic qualifications of staff.

BIOL 2404 Human Anatomy and Physiology I

Prerequisite(s): None

The course deals with the anatomical description and functions of the systems of the human body. Emphasis is placed upon the interrelationship between structure and function with maintenance and homeostasis being the unifying principle. This course includes one semester hour credit for laboratory sessions.

BIOL 2414 Human Anatomy and Physiology II

Prerequisite(s): BIOL 2404

The course deals with the anatomical description and functions of the systems of the human body. Emphasis is placed upon the interrelationship between structure and function with maintenance and homeostasis being the unifying principle. This course includes one semester hour credit for laboratory sessions.

BIOL 2454 General Biology I

Prerequisite(s): SAT composite 1040 or ACT composite 22 or 12 hrs. college course work.

This course is required of all biology majors. Topics include cell structure and function, biological diversity, plant biology, and ecology. This course includes one semester hour credit for laboratory sessions.

BIOL 2455 General Biology II

Prerequisite(s): BIOL 2454

This course is required of all biology majors. Topics include animal tissues and organ systems, animal structure and function, life processes, biological diversity and the theory of evolution. This course includes one semester hour credit for laboratory sessions.

BIOL 2481 Special Topics/Independent Study

Topics are selected based on student needs and the academic qualifications of staff.

BIOL 3004 Environmental Science Laboratory

Prerequisite(s): None

Corequisite(s): BIOL 3404, Environmental Science

This is the laboratory portion of BIOL 3404, Environmental Science.

BIOL 3014 Microbiology Laboratory

Prerequisite(s): BIOL 2454, 2455, and 3301

Corequisite(s): BIOL 3414, Microbiology

This is the laboratory portion of BIOL 3414, Microbiology.

BIOL 3033 Pathophysiology Laboratory

Prerequisite(s): BIOL 2404, 2414 or BIOL 2454, 2455, 3301

Corequisite(s): BIOL 3433, Pathophysiology

This is the laboratory portion of BIOL 3433, Pathophysiology.

BIOL 3034 Ecology and Field Biology Laboratory

Prerequisite(s): BIOL 2454, 3301 and BIOL 2455 or BIOL 2404, 2414

Corequisite(s): BIOL 3434, Ecology and Field Biology

This is the laboratory portion of BIOL 3434, Ecology and Field Biology.

BIOL 3044 Genetics Laboratory

Prerequisite(s): BIOL 2454, 3301 and BIOL 2455 or BIOL 2404, 2414

Corequisite(s): BIOL 3444, Genetics

This is the laboratory portion of BIOL 3444, Genetics

BIOL 3054 General Physiology Laboratory

Prerequisite(s): BIOL 2454, 2455 and 3301

Corequisite(s): BIOL 3454, General Physiology

This is the laboratory portion of BIOL 3454, General Physiology.

BIOL 3056 Advanced Human Anatomy Laboratory

Prerequisite(s): BIOL 2455 and 3301

Corequisite(s): BIOL 3456, Advanced Human Anatomy

This is the laboratory portion of BIOL 3456, Advanced Human Anatomy.

BIOL 3064 Comparative Vertebrate Anatomy Laboratory

Prerequisite(s): BIOL 2454, 2455 and 3301

Corequisite(s): BIOL 3464, Comparative Vertebrate Anatomy

This is the laboratory portion of BIOL 3464, Comparative Vertebrate Anatomy.

BIOL 3181 Special Topics/Independent Study

Prerequisite(s): BIOL 2454, 2455, and 3301

Topics are selected based on student needs and the academic qualifications of staff.

BIOL 3281 Special Topics/Independent Study

Topics are selected based on student needs and the academic qualifications of staff.

BIOL 3301 Cellular and Molecular Biology

Prerequisite(s): BIOL 2454, 2455 and CHEM 2415

This course is required of all biology majors. Topics include biological chemistry, cellular structure and function, energy transformations, DNA, RNA, and protein synthesis.

BIOL 3335 Nutrition and Metabolism

Prerequisite(s): BIOL 2454, 3301 and either BIOL 2455 or BIOL 2404, 2414

Nutrition and Metabolism is designed to acquaint the student with the role of nutrients in health, the physiology of the gastrointestinal tract, and the importance of nutrition in preventive and curative medicine.

BIOL 3375 Human Genetics

Prerequisite(s): BIOL 3301 and 3444

This course will introduce students to the basic concepts of human genetics and its molecular and clinical implications.

Topics include the chromosomal, molecular, and biochemical basis of disease, prenatal diagnosis, and genetic counseling. (Also offered as BCMB 3375)

BIOL 3381 Special Topics/Independent Study

Prerequisite(s): BIOL 2454, 2455, and 3301

Topics are selected based on student needs and the academic qualifications of staff.

BIOL 3404 Environmental Science

Prerequisite(s): None

This course is a study of the interrelationships of the natural world and the interactions of organisms with their environment. Analysis of populations, both natural and human, in their communities and the impact of the physical factors will be explored. Current environmental issues will also be discussed. Sampling techniques and field studies will be emphasized. This course includes one semester hour credit for laboratory sessions. This course cannot be counted for credit toward the biology major.

BIOL 3414 Microbiology

Prerequisite(s): BIOL 2454, 2455, and 3301

This course is a general survey of the microorganisms and includes the morphology, physiology, and control of the organisms most important to humans. The microbiology of soil, food, water, and disease will be considered. This course includes one semester hour credit for laboratory sessions. (Also offered as BCMB 3414.)

BIOL 3433 Pathophysiology

Prerequisite(s): BIOL 2404, 2414 or BIOL 2454, 2455, 3301

A general study of structure and function of human cells including the basic cellular requirements for life. The importance of fluid distribution, fluid volume and fluid balance along with abnormal deviations will be covered. The student will obtain an understanding of the pathology of the cardiovascular system, nervous system, endocrine system, digestive system, excretory system, and musculo-skeletal system. This course includes one semester hour credit for laboratory sessions.

BIOL 3434 Ecology and Field Biology

Prerequisite(s): BIOL 2454, 2455, and 3301

This course studies ecological concepts concerning ecosystems from a population, interspecific and community perspective. Sampling techniques and field studies will be emphasized. Analysis of populations in their communities will be explored. This course includes one semester hour credit for laboratory sessions.

BIOL 3444 Genetics

Prerequisite(s): BIOL 2454, 2455, and 3301

This course deals with the molecular and chromosomal basis of inheritance. Topics include Mendelian and non-Mendelian inheritance, population genetics, and molecular genetics. This course includes one semester hour credit for laboratory sessions.

BIOL 3454 General Physiology

Prerequisite(s): BIOL 2454, 2455, and 3301

This course deals with the function of selected organ systems in vertebrates with the major emphasis on humans. Mechanisms of kidney function, circulation, respiration, nerve transmission, muscular contraction, endocrine function, and digestion are discussed in detail. This course includes one semester hour credit for laboratory sessions.

BIOL 3456 Advanced Human Anatomy

Prerequisite(s): BIOL 2454, 2455, and 3301

This is an advanced study of the anatomical structure of the human body. Body structure will be studied by organ systems and will involve a balance between gross anatomical study and histology. Form-function relationships will be emphasized. This course includes one semester hour credit for laboratory sessions.

BIOL 3464 Comparative Vertebrate Anatomy

Prerequisite(s): BIOL 2454, 2455 and 3301

A comparative study of the anatomy of representative vertebrates which stresses the patterns and interrelationship among vertebrates. A foundation is also provided for understanding the functions of vertebrate organs and systems. This course includes one semester hour credit for laboratory sessions.

BIOL 3481 Special Topics/Independent Study

Prerequisite(s): BIOL 2454, 2455, and 3301

Topics are selected based on student needs and the academic qualifications of staff.

BIOL 4023 Histology Laboratory

Prerequisite(s): BIOL 2454, 2455, and 3301

Corequisite(s): BIOL 4423, Histology

This is the laboratory portion of BIOL 4423, Histology.

BIOL 4024 Molecular Biology Laboratory

Prerequisite(s): BIOL 2454, 2455, 3301, and 3444

Corequisite(s): BIOL 4424, Molecular Biology

This is the laboratory portion of BIOL 4424, Molecular Biology.

BIOL 4025 Drug Action Laboratory

Prerequisite(s): BIOL 2454, 2455, and 3301

Corequisite(s): BIOL 4425, Drug Action

This is the laboratory portion of BIOL 4425, Drug Action.

BIOL 4033 Embryology Laboratory

Prerequisite(s): BIOL 2454, 2455, and 3301

Corequisite(s): BIOL 4433, Embryology

This is the laboratory portion of BIOL 4433, Embryology.

BIOL 4043 Neuroscience Laboratory

Prerequisite(s): BIOL 2454, 2455, and 3301

Corequisite(s): BIOL 4443, Neuroscience

This is the laboratory portion of BIOL 4443, Neuroscience.

BIOL 4044 Virology Laboratory

Prerequisite(s): BIOL 2454, 2455, 3301, and 3444

Corequisite(s): BIOL 4444, Virology

This is the laboratory portion of BIOL 4444, Virology.

BIOL 4064 Immunology Laboratory

Prerequisite(s): BIOL 2454, 2455, 3301, and 3444

Corequisite(s): BIOL 4464, Immunology
This is the laboratory portion of BIOL 4464, Immunology.

BIOL 4181 Special Topics/Independent Study

Prerequisite(s): BIOL 2454, 2455, and 3301

Topics are selected based on student needs and the academic qualifications of staff. Laboratory may or may not be included. If regular lectures are not given, a minimum of 30 hours of work for each hour credit must be included

BIOL 4272 Integrating the Concepts in Biology

Prerequisite(s): BIOL 2454, 2455, 3301, 3414, and 3444

This course will integrate the knowledge, theories, and skills expected of a biologist. Topics will encompass and reinforce the material found in the courses of the Biology Core.

BIOL 4281 Special Topics/Independent Study

Prerequisite(s): BIOL 2454, 2455, and 3301

Topics are selected based on student needs and the academic qualifications of staff. Laboratory may or may not be included. If regular lectures are not given, a minimum of 30 hours of work for each hour credit must be included.

BIOL 4297 Research in Biology

Prerequisite(s): BIOL 3414 and 3444

Laboratory research is offered for a student majoring in Biology. At the conclusion of the research, a written paper will be presented to the student's seminar advisor and an oral presentation of the results will be presented.

BIOL 4324 Advanced Cell Biology

Prerequisite(s): BIOL 2454, 2455, 3301, and 3444

This course provides an in-depth study of selected dynamic processes that occur in living cells. Topics include DNA regulation and expression of genes; DNA repair; protein synthesis and function; protein sorting; vesicular traffic; cell signaling; and control of cell division. (Also offered as BCMB 4324.)

BIOL 4325 Endocrinology

Prerequisite(s): BIOL 2454, 2455, and 3301

This course provides students with a working knowledge of endocrinology. Topics include the historical development of endocrinology; structure and function of the major hormone groups; models for cell signaling; how hormones influence metabolism; and diseases caused by abnormalities of the endocrine system.

BIOL 4363 Medical Microbiology

Prerequisite(s): BIOL 2454, 2455, 3301, and 3414

A study of microbial organisms that cause disease in humans. The characteristics of each pathogen are discussed along with its pathogenesis and pathology. (Also offered as BCMB 4363.)

BIOL 4375 Cancer Biology

Prerequisite(s): BIOL 2454, 2455, 3301, and 3444

This course examines the development of cancer at the cellular and molecular levels. Topics covered include tumor suppressors, oncogenes, cell cycle regulation, apoptosis, telomerase, angiogenesis, and metastasis. Cancer prevention, screen, diagnosis, and treatment will also be introduced.

BIOL 4381 Special Topics/Independent Study

Prerequisite(s): BIOL 2454, 2455, and 3301

Topics are selected based on student needs and the academic qualifications of staff. Laboratory may or may not be included. If regular lectures are not given, a minimum of 30 hours of work for each hour credit must be included.

BIOL 4423 Histology

Prerequisite(s): BIOL 2454, 2455, and 3301

A study of the fine structure of normal human tissue is the principle area of consideration in this course. Tissue techniques will be included in order to afford an appreciation of the types of preparations used in the laboratory. This course includes one semester hour credit for laboratory sessions.

BIOL 4424 Molecular Biology

Prerequisite(s): BIOL 2454, 2455, 3301, and 3444

This course presents recent developments in biotechnology and genetic engineering. Topics included are recombinant DNA; DNA cloning; DNA sequencing; polymerase chain reaction; monoclonal antibodies; genetic engineering of plants and animals; and the human genome project. This course includes one semester hour credit for laboratory sessions. (Also offered as BCMB 4424.)

BIOL 4425 Drug Action

Prerequisite(s): BIOL 2454, 2455, and 3301

This course presents the basic concepts and principles of pharmacology as related to the anatomy and physiology of certain body systems. Specific topics include principles of drug receptors; pharmacodynamics and pharmacokinetics; the actions of cholinergic-activating, cholinesterase-blocking, and cholinesterase-inhibiting drugs; adrenergic-activating and adrenergic-blocking drugs; and antihypertensive, antidepressant, and chemotherapeutic drugs. This course includes one semester hour credit for laboratory sessions.

BIOL 4433 Embryology

Prerequisite(s): BIOL 2454, 2455, and 3301

This is a study of the normally developing human from conception through birth. Common congenital defects are briefly discussed. This course includes one semester hour credit for laboratory sessions.

BIOL 4443 Neuroscience

Prerequisite(s): BIOL 2454, 2455, and 3301

This course surveys the organization and functioning of the human nervous system. Action potentials and synaptic transmissions are emphasized. Sensory systems and movement are also considered along with new models that illustrate the function of memory systems. This course includes one semester hour credit for laboratory sessions.

BIOL 4444 Virology

Prerequisite(s): BIOL 2454, 2455, 3301, and 3444

This course is an introduction to the principles of animal virology. The classification and replicative cycles of viruses are compared to their pathogenic mechanisms. Viral oncogenes and modern anti-viral chemotherapy and immunization are discussed. This course includes one semester hour credit for laboratory. (Also offered as BCMB 4444.)

BIOL 4464 Immunology

Prerequisite(s): BIOL 2454, 2455, 3301, and 3444

This course is an introductory study of the biological and clinical approaches to immunology. Discussions center on the mechanisms responsible for various clinical syndromes as well as basic immunological phenomena such as antibody diversity, T cell receptor diversity, antigen presentation, signaling across cellular receptors, and cell activation. This course includes one semester hour credit for laboratory. (Also offered as BCMB 4464.)

BIOL 4481 Special Topics/Independent Study

Prerequisite(s): BIOL 2454, 2455, and 3301

Topics are selected based on student needs and the academic qualifications of staff. Laboratory may or may not be included. If regular lectures are not given, a minimum of 30 hours of work for each hour credit must be included.

Business Administration (BUSA) Course Descriptions

BUSA 1305 The World of Business

Prerequisite(s): None

A foundations course that emphasizes decision making in an ever-changing world economy. The focus is on building a foundation for key success factors and life skills, including professionalism, communications, global and cultural awareness, team-based decision making, critical thinking, technological competence, and business language. Some emphasis is placed on career guidance, including an appreciation for the functional areas of business. BUSA 1305 is required by all BBA majors and BA-Managerial Studies majors. The course is to be taken by Business majors in their first semester, or within the first 12 hours of matriculating into the Dunham College of Business. The course may be taken by non-Business majors who have earned less than 90 credit hours.

BUSA 2301 Business Math

Prerequisite(s): MATH 1313 or higher

This course covers selected topics of one- and multi-variable calculus with applications in business and economics. It will provide business students with the appropriate conceptual and computational mathematical background for future business study and economic analysis.

BUSA 2311 Quantitative Methods I

Prerequisite(s): MATH 1313 or higher and Computer Proficiency

Computation of statistical measures and applications to business including averages, dispersion, statistical inferences, linear regression and correlation.

BUSA 2320 Legal Environment of Business

Prerequisite(s): None

A study of the legal environment of business, the role of law in society, the judicial process, and government regulation. Emphases are given to the law of contracts, torts, intellectual property, as well as employment law dealing with discrimination and its relation to human resources.

BUSA 3320 Business Ethics

Prerequisite(s): None

The goal of the Business Ethics class is to prepare students for success in global business. This will be achieved by helping students develop and apply a framework for identifying the ethical implications of personal, corporate, and social of the various business practices they will encounter in an international market. A balance will be given to universal issues raised when adopting an ethical system and the particular issues involved in applying the ethical system to business issues. Main topics include: philosophical and cultural foundations of Business Ethics, applying ethical principles in the market place, and how to set up and carry out an effective Business Ethics program in an organization. The particular human resources issues of diversity, whistle blowing, recruiting and hiring, and compensation will be discussed as part of the application of ethical principles.

BUSA 3330 Career Development Strategies

Prerequisite(s): Completion of 64 hours

This course is designed to introduce students to the principles, methods, and practices of achieving career goals with emphasis on the exploration of career opportunities and paths, identification of strengths, resume development, cover letter composition, interviewing, networking, professional image, employment law (including workplace harassment and workplace privacy), financial security benefits and health care benefits, and the use of technology in achieving career goals.

BUSA 4301 International Business

Prerequisite(s): None

This course combines classroom work with international travel and provides the student with direct contact with managers operating in other countries. An international trip is scheduled at the end of the course. Class time will cover basic principles of global business and cross-cultural interaction. It will particularly emphasize cultural and historical differences in the countries the students will visit and how those differences produce different managerial styles and contrasting business practices. In addition, students will do through research, preparation, and presentations on the specific companies they are scheduled to visit. There are no prerequisites for this course. However, students whose advisors wish to allow this course to substitute for one of the required senior seminars must meet the prerequisites for the senior seminars - 80 or more total hours including a minimum of 15 hours in business - in order to receive credit. This class may not be taken in the semester a student intends to graduate.

BUSA 4320 Business Law

Prerequisite(s): BUSA 2320

Study of the uniform commercial code applied to commercial documents. Introduction to creditors' rights and bankruptcy, agency and employment, business organizations, and property law.

BUSA 4340 Internship

Prerequisite(s): See the Dunham College of Business Internship Coordinator for current prerequisite information.

The course is an integrating field experience by which students learn actual business practices by undertaking responsible roles in an organization. The students develop interpersonal skills while acquiring practical knowledge in their disciplines. The students are exposed to various work roles and career choices.

BUSA 4399 Global Business Strategy

Prerequisite(s): FINA 3320, MGMT 3302, MKTG 3301, and completion of 90 semester hours

Global Business Strategy is a capstone course in business designed to integrate concepts and knowledge from a broad range of core business courses. The course considers the increasingly global context in which firms operate and develops a strategic view of the firm through a variety of management tools, models, and current debates. The capstone experience encourages significant group-based work through use of case studies and a computer simulation with global participants.

Chemistry (CHEM) Course Descriptions

CHEM 1004 Introductory Chemistry Laboratory

Prerequisite(s): None

Corequisite(s): CHEM 1404, Introductory Chemistry

This is the laboratory portion for CHEM 1404, Introductory Chemistry.

CHEM 1011 Chemistry of Our World Laboratory

Prerequisite(s): None

Corequisite(s): CHEM 1411, Chemistry of Our World

This is the laboratory portion for CHEM 1411, Chemistry of Our World.

CHEM 1404 Introductory Chemistry

Prerequisite(s): None

This course discusses some of the fundamental concepts in inorganic, organic, and biological chemistry, and explores their social and medicinal relevance. This course includes one semester hour credit for laboratory sessions. This course cannot be applied toward a chemistry major.

CHEM 1411 Chemistry of Our World

Prerequisite(s): None

This course introduces the physical environment of our world with emphasis on scientific laws. Students study the forces of nature and apply scientific principles. Topics include rocks, minerals, the chemical composition of the earth, glaciers, the hydrologic cycle, salt water salinity, as well as selected topics from seismology, cartography, oceanography, meteorology, and astronomy. The course includes one semester hour credit for laboratory sessions. This course does not count toward the chemistry major or minor.

CHEM 2015 General Chemistry I Laboratory

Prerequisite(s): MATH 1313 or higher OR 560 SAT Math OR 25 ACT Math OR CHEM 1404 or appropriate math placement score for MATH 1323, 1434, or 1451.

Corequisite(s): CHEM 2415, General Chemistry I

This is the laboratory portion for CHEM 2415, General Chemistry I.

CHEM 2016 General Chemistry II Laboratory

Prerequisite(s): CHEM 2415

Corequisite(s): CHEM 2416, General Chemistry II

This is the laboratory portion for CHEM 2416, General Chemistry II.

CHEM 2023 Quantitative Analysis Laboratory

Prerequisite(s): CHEM 2416

Corequisite(s): CHEM 2423, Quantitative Analysis

This is the laboratory portion for CHEM 2423, Quantitative Analysis.

CHEM 2181 Special Topics/Independent Study

Topics are selected on basis of student need and academic qualifications of staff. Laboratory may not be included.

CHEM 2281 Special Topics/Independent Study

Topics are selected on basis of student need and academic qualifications of staff. Laboratory may not be included.

CHEM 2381 Special Topics/Independent Study

Topics are selected on basis of student need and academic qualifications of staff. Laboratory may not be included.

CHEM 2415 General Chemistry I

Prerequisite(s): MATH 1313 or higher OR 560 SAT Math OR 26 ACT Math OR CHEM 1404 or appropriate math placement score for MATH 1323, 1434, or 1451.

This course is for science majors. It is an introduction to chemical reactions, the mole concept, properties and states of matter, atomic structure, periodic properties, chemical bonding and molecular structure. This course includes one semester hour credit for laboratory sessions.

CHEM 2416 General Chemistry II

Prerequisite(s): CHEM 2415

This is a continuation of CHEM 2415 with an emphasis on chemical equilibrium, thermodynamics, electrochemistry and kinetics. This course includes one semester hour credit for laboratory sessions that are devoted to qualitative analysis.

CHEM 2423 Quantitative Analysis

Prerequisite(s): CHEM 2416

This course is a continuation and extension of CHEM 2415 and 2416 into the study of the basic principles of analytical chemistry, which include stoichiometry, and homogeneous and heterogeneous equilibria. This course includes one semester hour credit for laboratory work that includes both volumetric and gravimetric analysis as well as an introduction to instrumental analysis.

CHEM 2481 Special Topics/Independent Study

Topics are selected on basis of student need and academic qualifications of staff. Laboratory may not be included.

CHEM 3043 Modern Analytical Techniques Laboratory

Prerequisite(s): CHEM 2423; CHEM 3132 or 4262; and PHYS 2423

Corequisite(s): CHEM 3443, Modern Analytical Techniques

This is the laboratory portion for CHEM 3443, Modern Analytical Techniques.

CHEM 3131 Organic Chemistry Laboratory I

Prerequisite(s): CHEM 3313 or concurrent enrollment

This course provides instruction in rudimentary organic laboratory techniques, simple organic syntheses, and basic identification of organic compounds by spectroscopy.

CHEM 3132 Organic Chemistry Laboratory II

Prerequisite(s): CHEM 3131 completed. CHEM 3333 completed or concurrent enrollment

This course extends the instruction in organic laboratory techniques, organic synthesis, and the identification of organic compounds by spectroscopy begun in CHEM 3131.

CHEM 3151 Inorganic Chemistry Laboratory

Prerequisite(s): CHEM 2415 and 2416

Students conduct experiments with the main group elements, the transition metals, organometallic materials and bioinorganic compounds.

CHEM 3181 Special Topics/Independent Study

Topics are selected on basis of student need and academic qualifications of staff. Laboratory may not be included.

CHEM 3281 Special Topics/Independent Study

Topics are selected on basis of student need and academic qualifications of staff. Laboratory may not be included.

CHEM 3313 Organic Chemistry I

Prerequisite(s): CHEM 2416

This is the first lecture course in organic chemistry for science majors. It begins a survey of the structure, reactivity, reactions, reaction mechanisms, and synthesis of compounds containing carbon.

CHEM 3333 Organic Chemistry II

Prerequisite(s): CHEM 3313

This is the second lecture course in organic chemistry for science majors. It continues the survey of the structure, reactivity, reactions, reaction mechanisms, and synthesis of compounds containing carbon that was begun in CHEM 3313.

CHEM 3351 Inorganic Chemistry

Prerequisite(s): CHEM 2415 and 2416

This course provides a survey of the chemistry of the main group elements, transition metals, and organometallic compounds in the context of periodic law.

CHEM 3381 Special Topics/Independent Study

Topics are selected on basis of student need and academic qualifications of staff. Laboratory may not be included.

CHEM 3443 Modern Analytical Techniques

Prerequisite(s): CHEM 2423; CHEM 3132 or 4262; and PHYS 2423

This is an introduction to the basic concepts of applied analytical chemistry. It includes an introduction to instrumentation as applied to routine chemical analysis, including spectroscopy, chromatography and electrochemical methods. This course includes one semester hour credit for laboratory sessions.

CHEM 3481 Special Topics/Independent Study

Topics are selected on basis of student need and academic qualifications of staff. Laboratory may not be included.

CHEM 4014 Introductory Physical Chemistry Laboratory

Prerequisite(s): CHEM 2423, PHYS 2413, 2423, and MATH 1452

Corequisite(s): CHEM 4414, Introductory Physical Chemistry

This is the laboratory portion of CHEM 4414, Introductory Physical Chemistry.

CHEM 4141 Advanced Chemistry: Topics To Be Announced

Prerequisite(s): Permission of the instructor.

This course provides in-depth coverage of one topic in chemistry.

CHEM 4171 Biochemistry Laboratory

Prerequisite(s): Completion of or concurrent enrollment in CHEM 4373.

This is an upper level laboratory course which exposes students to the principles and experimental techniques underlying common biochemistry methods such as buffer preparation, ultraviolet-visible spectroscopy, protein and nucleic acid purification, enzyme kinetics, protein and nucleic acid electrophoresis and polymerase chain reactions which are widely used in research pertaining to the biochemical sciences.

CHEM 4181 Special Topics/Independent Study

Topics are selected on basis on student need and academic qualifications of staff. If regular lectures are not given, a minimum of 30 hours of work for each hour credit must be included. Laboratory may or may not be included.

CHEM 4190 The Professional Chemist

Prerequisite(s): Completion of thirty semester hours of chemistry courses.

Discussion of topics from the current chemical literature and the ethical behavior expected of chemists.

CHEM 4191 Senior Research Project

Prerequisite(s): Completion of thirty semester hours of chemistry courses.

Students conduct a laboratory research project, write a research report, and give an oral presentation to the class.

CHEM 4281 Special Topics/Independent Study

Topics are selected on basis on student need and academic qualifications of staff. If regular lectures are not given, a minimum of 30 hours of work for each hour credit must be included. Laboratory may or may not be included.

CHEM 4324 Physical Chemistry II

Prerequisite(s): CHEM 4414

This course is a survey of the fundamental aspects of thermodynamics including the First and Second Laws as well as Gibbs and Helmholtz Energy and their applications. Acids and bases, basic quantum mechanics, spectroscopy, photochemistry reactions, and macromolecules are also discussed. A working knowledge of calculus is necessary.

CHEM 4351 Advanced Inorganic Chemistry

Prerequisite(s): CHEM 3131, 3132, 3313, 3333, and 3351

This course is an introduction to the structure, bonding, and reactivity of organotransition metal compounds. The focus is on physical organometallic chemistry, with an emphasis on the mechanisms of organometallic transformations and methods for their elucidation. The fundamental reaction types of organotransition metal complexes will be covered including: oxidative addition/reductive elimination, migratory insertion, attack on coordinated ligands, and the reactivity of metallocycles, carbenes, and carbynes. Some applications of organotransition metal complexes in catalysis and in organic chemistry will be featured.

CHEM 4361 Advanced Organic Chemistry

Prerequisite(s): CHEM 3131, 3132, 3313, and 3313

Study of advanced topics in organic chemistry.

CHEM 4373 Biochemistry

Prerequisite(s): CHEM 3333

This course is a study of the more important principles of biochemistry, with emphasis placed on the physical and chemical properties of carbohydrates, lipids, and proteins, the three major components of the living organism.

CHEM 4374 Biochemistry II

Prerequisite(s): CHEM 4373

This course is a study of the principles of gene expression, replication, and metabolic pathways. Emphasis is placed on replication, transcription, translation and carbohydrate metabolism. Additional topics will include the citric acid cycle, lipid metabolism, electron transport and oxidative phosphorylation.

CHEM 4381 Special Topics/Independent Study

Topics are selected on basis on student need and academic qualifications of staff. If regular lectures are not given, a minimum of 30 hours of work for each hour credit must be included. Laboratory may or may not be included.

CHEM 4414 Introductory Physical Chemistry

Prerequisite(s): CHEM 2423, PHYS 2413, 2423, and MATH 1452

A survey of the fundamental principles which govern chemical phenomena. Emphasis is placed on gases, basic thermodynamics, solutions, chemical equilibria, phase equilibria, chemical kinetics and electrochemical phenomena. A working knowledge of basic calculus is necessary. This course includes one semester hour credit for laboratory sessions.

CHEM 4481 Special Topics/Independent Study

Topics are selected on basis on student need and academic qualifications of staff. If regular lectures are not given, a minimum of 30 hours of work for each hour credit must be included. Laboratory may or may not be included.

Christianity (CHRI) Course Descriptions

CHRI 1313 Old Testament

Prerequisite for all Christianity courses except 1323 and 1333

A course designed to introduce the student to the Old Testament and to provide an understanding of the history, institutions, and theological insights of the Hebrew people. Required for graduation.

CHRI 1323 New Testament

Prerequisite for all Christianity courses except 1313 and 1333

A course designed to introduce the student to the New Testament and to an appreciative understanding of the life and teachings of Jesus, the early Christian movement, and the doctrinal concepts and ethical ideals of Christianity. Required for graduation.

CHRI 2311 Hermeneutics

Prerequisite(s): CHRI 1313 and 1323

A course designed to introduce students to the basic issues, methods, and history of Biblical interpretation. The course will also explore the application of hermeneutical principles to a selected contemporary topic. (Offered also as PHIL 2311.)

CHRI 2373 Christian Theology and Tradition

Prerequisite(s): CHRI 1313 and 1323

A course designed to introduce the student to Christian beliefs on the Old Testament and the New Testament. Beliefs of scholars who have had a significant impact on Christian thought will also be considered. This course can be used to fulfill the nine hour Christianity requirement on Smith College degree plans. This course is a required course for degree plans using the Liberal Arts Core Curriculum.

CHRI 3301 Old Testament Theology

Prerequisite(s): CHRI 1313 and 1323

A course designed to investigate the theology of the Old Testament and to survey selected secondary literature on Old Testament themes.

CHRI 3302 New Testament Theology

Prerequisite(s): CHRI 1313 and 1323

A course designed to investigate the theology of the New Testament and to survey selected secondary literature on New Testament themes.

CHRI 3303 Spiritual Formation

Prerequisite(s): CHRI 1313 and 1323

A study of the perspectives and practices by which Christians become formed in the image of Christ through participation in faith communities. The course will review historic approaches to spiritual formation and encourage personal and congregational disciplines that strengthen faithful living.

CHRI 3311 Hermeneutics

Prerequisite(s): CHRI 1313 and 1323

A course designed to introduce students to the basic issues, methods, and history of Biblical interpretation. The course will also explore the application of hermeneutical principles to a selected contemporary topic. (Offered also as PHIL 3311.)

CHRI 3314 History of Christianity

Prerequisite(s): CHRI 1313 and 1323

A course designed to introduce Christianity in its historical development.

CHRI 3325 The Christian Vocation

Prerequisite(s): CHRI 1313, 1323, and 2333

This course includes a study of the occupational field of church vocations with emphasis upon the church vocation worker's personal and ministerial identity, ministerial ethics, Baptist denominational history and polity, and the development of basic skills common to ministry. It incorporates the use of professional ministers from a variety of specialization areas who serve as resource personnel and role models for the aspiring church vocation student.

CHRI 3333 Jesus and His Teachings
Prerequisite(s): CHRI 1313 and 1323
An intensive study of the life and teachings of Jesus.

CHRI 3336 Christian Leadership
Prerequisite(s): CHRI 1313 and 1323
This course reviews theories and literature concerning leadership from a Christian perspective. Students will study the theological and ecclesiological objectives of Christian leadership, the spiritual preparation required of leaders and core practices for leading faithfully and effectively.

CHRI 3344 Paul and His Letters
Prerequisite(s): CHRI 1313 and 1323
A study of the apostle Paul and his contribution to the progress of early Christianity based upon the book of Acts and the epistles attributed to Paul.

CHRI 3345 The General Letters
Prerequisite(s): CHRI 1313 and 1323
A study of the non-Pauline letters of the New Testament (James, 1-2 Peter, 1-3 John, Jude), examining their rhetorical style, contextual meaning, and contribution to Christian theology.

CHRI 3346 Psalms
Prerequisite(s): CHRI 1313 and 1323
This course is designed to study the book of Psalms. The study will address the origin, content, setting, literary forms, overall structure and theology of the book. Attention may also be given to important role the book has played in Christian history, liturgy, and spirituality.

CHRI 3353 Homiletics
Prerequisite(s): CHRI 1313 and 1323
A basic course to introduce the student to the principles of preaching and other ministerial speaking. Attention is given to various types of sermons and their preparation and delivery.

CHRI 3363 Evangelism
Prerequisite(s): CHRI 1313 and 1323
A general study of the theology and methods of evangelism, including practical preparation and application for a life-style evangelism.

CHRI 3370 Palestinian Archaeology
Prerequisite(s): CHRI 1313 and 1323
A field-based experience in the archaeology of Palestine through readings, lectures, travel to excavated sites, and participation in the excavation of a selected site.

CHRI 3381 Special Topics/Independent Study
For course description and prerequisites for this course, please [contact the Dean of the School of Christian Thought](#).

CHRI 4181 Special Topics
Prerequisite(s): CHRI 1313 and 1323
Guided research involving special projects relating to Christianity and its mission to the world.

CHRI 4281 Special Topics
Prerequisite(s): CHRI 1313 and 1323
Guided research involving special projects relating to Christianity and its mission to the world.

CHRI 4293 Senior Seminar
Prerequisite(s): Completion of 80 semester hours; 15 of which must be in the major. Overall GPA of 2.0 or higher.
Directed studies in selected areas of the student's special interests, including opportunities for independent research.

CHRI 4335 Systematic Theology
Prerequisite(s): CHRI 1313 and 1323; CHRI 2333 or 2343 or 2353 or 2363
A course designed to study the historical, biblical, and systematic approaches to Christian theology.

CHRI 4343 Old Testament Prophets

Prerequisite(s): CHRI 1313 and 1323

A study of the prophetic movement in Israel and the writings of the canonical prophets.

CHRI 4344 The Gospel of John

Prerequisite(s): CHRI 1313 and 1323

A study of the historical setting, literary features, and theological themes of the Gospel of John.

CHRI 4345 Christian Ethics

Prerequisite(s): CHRI 1313 and 1323

This course provides a comprehensive study of Christian ethics including biblical and theological foundations, historical developments, and contemporary issues of moral concern. The central role of faith communities in moral development and the importance of church engagement with culture will be emphasized.

CHRI 4346 Hebrews

Prerequisite(s): CHRI 1313 and 1323

A study of the historical setting, literary features, and theological themes of the letter to the Hebrews.

CHRI 4347 Amos, Hosea

Prerequisite(s): CHRI 1313 and 1323

A study of the historical setting, literary features, and theological themes of Amos and Hosea, with a focus on the message to the original hearers and the message to modern readers.

CHRI 4348 Isaiah

Prerequisite(s): CHRI 1313 and 1323

A study of the historical setting, literary features, and theological themes of Isaiah, with a focus on the message to the original hearers and the message to modern readers.

CHRI 4349 Luke-Acts

Prerequisite(s): CHRI 1313 and 1323

A study of the historical setting, literary features, and theological themes of Luke's two volume work: the Gospel of Luke and the Acts of the Apostles.

CHRI 4350 The Corinthian Letters

Prerequisite(s): CHRI 1313 and 1323

This course is designed to introduce students to the New Testament texts of 1 & 2 Corinthians and to guide them towards an appreciative understanding of the material and cultural context of ancient Roman Corinth; the patterns of social life and conflict among early Christians in Corinth; the ethical, social, and theological ideals of Paul; and the place of the Corinthian correspondence in the ongoing life and literature of early Christianity.

CHRI 4351 Apostolic Fathers

Prerequisite(s): CHRI 1313 and 1323

This course is designed to introduce students to the corpus of early Christian texts commonly called the Apostolic Fathers; to guide them towards an appreciative understanding of the material, cultural, social, and theological context of the Roman world within which these texts were written; and to situate the Apostolic Fathers in the wider life and literature of early Christianity.

CHRI 4352 Jeremiah

Prerequisite(s): CHRI 1313 and 1323

A study of the historical setting, literary and rhetorical features, and theological themes of the prophetic writings of Jeremiah.

CHRI 4354 Exodus

Prerequisite(s): CHRI 1313 and 1323

A study of the historical setting, literary and rhetorical features, and theological themes of the book of Exodus.

CHRI 4355 Trinitarianism

Prerequisite(s): CHRI 1313 and 1323

This course addresses the importance of the Trinity for Christian theology. Aspects explored will be the revelation of God as Father, Son, and Holy Spirit, the development of this doctrine, and the relevance and influence this theology has on the life and worship of the church.

CHRI 4356 Luther, Calvin, and the Reformation

Prerequisite(s): CHRI 1313 and 1323

This course explores the theological, historical, and social impact of the Protestant Reformation in the life of the Church. A particular focus will be the writings and influence of key figures such as Martin Luther and John Calvin.

CHRI 4363 Philosophy of Religion

Prerequisite(s): CHRI 1313, 1323, and PHIL 1313

A critical examination of the nature and validity of religious experience and the place of religion in human life. Consideration is given to religious problems such as the existence and nature of God, the source of religious knowledge, the nature of man, the origin and nature of evil. (Offered also as PHIL 4363.)

CHRI 4381 Special Topics

Prerequisite(s): CHRI 1313 and 1323

Guided research involving special projects relating to Christianity and its mission to the world.

CHRI 4382 Special Topics

Prerequisite(s): CHRI 1313 and 1323

This course is an upper-level Christianity course. It fulfills requirements for one elective course for a major in Christianity or one elective course required for a minor in Biblical Studies, Theological Studies, or Christian Studies.

CHRI 4383 Baptist History

Prerequisite(s): CHRI 1313 and 1323

A study of Baptist history and polity with particular emphasis given to Baptist origins, developments, distinctive theological positions, leaders, and current trends. Special attention will be given to Baptist life in America and particularly the Southern Baptist Convention.

CHRI 4391 Romans

Prerequisite(s): CHRI 1313 and 1323

This is an upper-level Christianity course. This course fulfills requirements for one elective course required for a minor in Biblical Studies, Theological Studies, or Christian Studies.

CHRI 4392, Revelation

Prerequisite(s): CHRI 1313 and 1323

This is an upper-level Christianity course. This course fulfills requirements for one elective course for a major in Christianity or one elective course required for a minor in Biblical Studies, Theological Studies, or Christian Studies.

CHRI 5101 Spiritual Formation I

Prerequisite(s): None

A practical course cultivating a holistic relationship with God, learning to love God with one's heart, mind, soul, and strength, focusing especially on traditional spiritual disciplines such as solitude, silence, spiritual reading, contemplative prayer, etc.

CHRI 5102 Spiritual Formation II

Prerequisite(s): None

A practical course cultivating a holistic relationship with God, learning to love God with one's heart, mind, soul, and strength, focusing especially on traditional spiritual disciplines such as solitude, silence, spiritual reading, contemplative prayer, etc.

CHRI 5103 Spiritual Formation III

Prerequisite(s): None

A practical course cultivating a holistic relationship with God, learning to love God with one's heart, mind, soul, and strength, focusing especially on traditional spiritual disciplines such as solitude, silence, spiritual reading, contemplative prayer, etc.

CHRI 5104 Spiritual Formation IV

Prerequisite(s): None

A practical course cultivating a holistic relationship with God, learning to love God with one's heart, mind, soul, and strength, focusing especially on traditional spiritual disciplines such as solitude, silence, spiritual reading, contemplative prayer, etc.

CHRI 5110 Internship I

Can be taken multiple times for credit. An internship in pastoral ministry with field experience in a church. HBU faculty will provide oversight and mentorship.

CHRI 5181 Special Topics/Independent Study

For course description and prerequisites for this course, please contact the Dean of the School of Christian Thought.

CHRI 5210 Internship II

Can be taken multiple times for credit. An internship in pastoral ministry with field experience in a church. HBU faculty will provide oversight and mentorship.

CHRI 5300 Introduction to Biblical Texts and Doctrines

Prerequisite(s): None

A course designed to engage students in introductory studies in Old Testament, New Testament, and Christian Doctrine.

CHRI 5301 Research Methods

Prerequisite(s): None

A practical course to develop effective research and writing skills for graduate-level academic work. The course will cover topics such as developing an effective writing and revising process; using primary and secondary source materials; writing abstracts, book reviews, conference presentations, and research papers; and clarity and precision of language.

CHRI 5310 Christian Scriptures I

Prerequisite(s): None

Major issues of Old Testament background and interpretation. The areas of study are the Pentateuch and Wisdom Literature. The study will involve specific literature as well as historical, theological, sociological, canonical, and critical issues of the biblical text.

CHRI 5311 Hermeneutics

Prerequisite(s): None

A course designed to introduce a student to the basic issues, methods, and history of biblical interpretation.

CHRI 5315 Christian Scriptures II

Prerequisite(s): None

The focus of this course of study is on New Testament background and interpretation. The areas of study are the Gospels and Acts. The study will involve specific literature as well as historical, theological, sociological, canonical, and critical issues of the biblical text.

CHRI 5330 History of Christianity

Prerequisite(s): None

In this course, the student will study the history of Christianity in the ancient, medieval, and modern periods. Although the primary focus will be on the development of Western (Latin) Christianity, some consideration will be given to Byzantine (Eastern) Christendom as well as the spread of Christianity throughout the third world. In addition to the basic content of the history of Christianity, attention will be given to the application of a critical historiography in the interpretation of events and movements.

CHRI 5340 Systematic Theology

Prerequisite(s): None

The course will focus on twelve areas of doctrinal study. The student will be assigned doctrines to examine from a biblical perspective and from a comparative study of various theologies on the doctrines assigned.

CHRI 5350 The Theology of the New Testament

Prerequisite(s): None

The study concentrates on the theological message of the New Testament as communicated by the various New Testament witnesses.

CHRI 5360 Old Testament Theology

Prerequisite(s): None

The study concentrates on the theological message of the Old Testament as communicated by the various Old Testament documents and literature in the discipline of Old Testament studies.

CHRI 6311 Philosophy and the Christian Faith

Prerequisite(s): None

The study will introduce students to the general topic of the relationship of theology and philosophy as well as major philosophical inquiries in the area of religion. In particular, students will pursue concentrated investigation among major issues in the field of philosophy of religion such as the nature and existence of God, the nature of religious experience, the nature and understanding of religious language, the source of religious knowledge, the nature of evil, the relationship between Christianity and other reflective disciplines, and Christianity's response to philosophical challenge and discourse.

CHRI 6312 Church Ministry

Prerequisite(s): None

Students will study church ministry, pastoral care, and spiritual formation in this course. Church ministry will include areas such as evangelism, church growth, and administration. Pastoral care with practical aspects of the pastoral role in caring for people. Spiritual formation will relate the spiritual life to the tasks of ministry. Students also will conduct interviews with local and state church and denominational leaders for practical aspects of ministry, available resources, and programming helps.

CHRI 6313 Pastoral Care and Spiritual Formation

Prerequisite(s): None

This course examines the integration of the life of prayer and the caring tasks of ministry. Classic writings in the area of pastoral care will be used with particular reference to the functions of ministry and the role of the devotional life in the performance of various ministerial duties. The course may also focus on the relationship between the cura animarum of classic pastoral care and the therapeutic approaches of contemporary pastoral counseling.

CHRI 6314 Missions and Evangelism

Prerequisite(s): None

This course of study will include the history of missions and the history of great awakenings. Also included would be studies in the church growth movement. Practical applications of evangelistic missions or church growth activities will be part of the requirements for this course.

CHRI 6315 Christian Scriptures III

Prerequisite(s): None

This course continues the study of Old Testament background and interpretation. The areas of study are the major and minor prophets. The study will involve specific literature as well as historical, theological, sociological, canonical, and critical issues of the biblical text.

CHRI 6320 Christian Scriptures IV

Prerequisite(s): None

This course continues the study of New Testament background and interpretation. The areas of study are Paul's letters, general letters, and Revelation. The study will involve specific literature as well as historical, theological, sociological, canonical, and critical issues of the biblical text.

CHRI 6325 Christian Scripture V OT History

Prerequisite(s): None

This course continues the study of Old Testament background and interpretation. The areas of study are the historical books of the Old Testament. The study will involve specific literature as well as historical, theological, sociological, canonical, and critical issues of the biblical text.

CHRI 6328 Christian Scripture VI General Letters and Revelation

Prerequisite(s): None

This course continues the study of New Testament background and interpretation. The areas of study are the general letters in the New Testament and Revelation. The study will involve specific literature as well as historical, theological, sociological, canonical, and critical issues of the biblical text.

CHRI 6330 Christian Readings

Prerequisite(s): None

Involves selected primary and secondary readings within specific areas as designated by the professor and according to the student's educational needs in their fields of study. Limited to one enrollment.

CHRI 6333 Historical and Moral Theology

Prerequisite(s): None

The subject of this course is the historical development of Christian theology and ethics from the second century to the present. Directed study will focus on the theological and moral ideas in the writings of significant figures of ancient, medieval, and

modern Christianity. The student will be required to study each writer as a person of his or her own age by means of a critical analysis of the influences, context, and content of his or her own writings. Additionally, consideration will be given to the matter of how the theology and ethics of the Christian past offer insight into contemporary issues and problems.

CHRI 6340 Christian Readings

Prerequisite(s): None

Involves selected primary and secondary readings within specific areas as designated by the professor and according to the student's educational needs in their fields of study. Limited to one enrollment.

CHRI 6350 Christian Readings

Prerequisite(s): None

Involves selected primary and secondary readings within specific areas as designated by the professor and according to the student's educational needs in their fields of study. Limited to one enrollment.

CHRI 6392 Thesis

The thesis component is in lieu of the last six hours in the MATS program. The thesis proposed by the student must be selected under the guidance and approval of the department, and the rendering of the thesis must be in a minimum of 75 pages.

CHRI 6393 Thesis

The thesis component is in lieu of the last six hours in the MATS program. The thesis proposed by the student must be selected under the guidance and approval of the department, and the rendering of the thesis must be in a minimum of 75 pages.

Computer Information Systems Management (CISM) Course Descriptions

CISM 1321 Introduction to Computer Applications

Prerequisite(s): None

This course emphasizes current concepts and techniques for utilizing the microcomputer as an information processor. A practical laboratory component affords hands-on experience with word processing, database management, and spreadsheet programs.

CISM 3330 Management Information Systems

Prerequisite(s): ACCT 2301

Provides a basic understanding of the value and uses of information systems for business operation, management decision-making, and strategic advantage. Concentrates on providing the tools needed for mastery of the information systems concepts and terms important to non-technical business managers. .

CISM 6367 Global Business and Technology Strategies

Prerequisite(s): None

Focuses on information technology management issues that must be addressed for a company to succeed in the intensely competitive global marketplace. Specific topics include models and paradigms of global information systems, national information technology infrastructure, technical and managerial information technology issues in different parts of the world, and technology transfer. Graduate Business programs only.

Classical Greek (CLAS) Course Descriptions

CLAS 1351 Classical Greek I

Prerequisite(s): None

Elementary introduction to the fundamentals of Classical, principally Attic, Greek. Topics include alphabet, pronunciation, basic vocabulary, grammar and syntax, and practice in reading elementary Classical Greek. Graded reading material is adapted from classical texts and cultivates an appreciation of Classical literature and culture.

CLAS 1352 Classical Greek II

Prerequisite(s): CLAS 1351

Continuation of elementary Classical Greek sequence. Topics include continued study of vocabulary, grammar and syntax, reading more difficult Greek, and gaining greater appreciation of Classical literature and culture.

CLAS 2351 Classical Greek III

Prerequisite(s): CLAS 1352

An intermediate course in Classical Greek with three main goals: to develop proficiency in reading Classical Greek; to strengthen command of Classical Greek grammar and vocabulary; and, to explore key features of Greek life and culture. Students read extended selections in original Greek prose. Classroom discussion addresses cultural and historical issues while also reviewing grammar.

Cinema & New Media (CNMA) Course Descriptions

CNMA 1301 Cinematic Core Principles

Prerequisite(s): None

An overview and survey of the cinematic medium and its various forms, with an emphasis on historical foundations and developing opportunities. Includes an in-depth look at the fundamental components of the medium - writing, directing, acting, cinematography, and editing - and synthesizes these various roles so that students can see how these components work together to create the end product. Building off of smaller exercises, students will produce their own short films from start-to-finish.

CNMA 1302 The Art of Cinema & New Media

Prerequisite(s): None

A survey of various artistic mediums and their relation to cinema, focusing on what distinguishes cinema as a unique art form and what it holds in common with other mediums. Paired with this, an introduction to aesthetics, beauty, and the moral responsibilities of artists from a Christian foundation. Students will develop a personal philosophy of art and aesthetics, which will be further developed in future courses.

CNMA 2300 Faith & Culture in Cinema & New Media

Prerequisite(s): CNMA 1301 and 1302

This class explores the role of Christian artists in culture. Students will study how great Christian thinkers have thought about culture and art throughout church history and be challenged to understand their vocation as media creators from a biblical perspective. Students will also develop an understanding of how to live out their faith through their work as they seek to affect the culture around them.

CNMA 2301 Writing for Cinema & New Media

Prerequisite(s): CNMA 1301, 1302, and 1303

An introduction to the art, technique, and structure of screenplay writing. Through exercises, students will develop their writing abilities and craft their first film or new media script.

CNMA 2303 Directing for Cinema & New Media

Prerequisite(s): CNMA 1301, 1302, and 1303

An introduction to the art and craft of directing, including an overview of different mediums, styles, and approaches. Throughout the class, students will direct short scenes and videos to practice and apply the techniques they are learning.

CNMA 2305 Producing for Cinema & New Media

Prerequisite(s): CNMA 1301, 1302, and 1303

An introduction to the work of a producer in cinema and new media. This class includes a detailed look at the pre-production steps that a producer oversees - including budgeting, scheduling, and crewing a production - as well as practical considerations, business realities, and elements of leadership.

CNMA 2310 Cinematography & Production

Prerequisite(s): CNMA 1301, 1302, and 1303

An introduction to the film set and its key participants, including the cinematographer, gaffer, key grip, assistant director, script supervisor, and sound recordist. Students will explore different production techniques and learn how different scales of crew and budget effect on-set workflow.

CNMA 2312 Editing & Post-Production

Prerequisite(s): CNMA 1301, 1302, and 1303

An introduction to the post-production workflow with a focus on the art and craft of cinematic editing. The class also guides students through sound, visual effects, color grading, and finishing.

CNMA 2316 Production Design & Art Direction

Prerequisite(s): CNMA 1301, 1302, and 1303

An overview of production design for cinema, including conceptual design, sets, props, wardrobe, and lighting. Students will be challenged to develop a strong aesthetic for art direction and will explore the practical challenges associated with executing production design in cinema and new media.

CNMA 3110 Cinematography Practicum

Prerequisite(s): CNMA 2310

Cinematography students work with a mentor to prep and shoot a short film (or equivalent production).

CNMA 3112 Sound/Visual Effects Practicum

Prerequisite(s): CNMA 2312

Post-production students work with a mentor as they complete sound, visual effects, or other post-production work on a short film (or equivalent production).

CNMA 3116 Production Design Practicum

Prerequisite(s): CNMA 2316

Production design students work with a mentor as they conceptualize and execute the art direction on a short film (or equivalent production).

CNMA 3120 Special Topics

Directed study of a minimum of 30 clock hours for each hour of credit. Topics and projects are selected based on student interest and need.

CNMA 3125 Casting Practicum

Prerequisite(s): CNMA 1301, 1302, and 1303

Students work with an experienced casting director to cast a feature film production (or equivalent production).

CNMA 3145 Internship

Prerequisite(s): Six hrs. of CNMA 2000 level course work

Credit is awarded for approved professional internships. Opportunities include media related work in the Houston area or summer internships in Austin, Hollywood, or other regions.

CNMA 3151 Media Studies: Silent Film

Prerequisite(s): None

Study the origins of cinema through this comprehensive survey of the first decades of the medium. We'll watch the great early works of Charlie Chaplin, Buster Keaton, Fritz Lang, F. W. Murnau, and more, discussing what makes their groundbreaking films work and endure.

CNMA 3152 Media Studies: Directorial Debuts

Prerequisite(s): None

In this class, we'll study the first films from a number of great filmmakers. Many of these directors went on to have successful careers in Hollywood. Others are known for their independent spirit and artistic merit. In every case though, we'll see how these pioneering artists took advantage of their first filmmaking opportunities, leveraged whatever limitations they may have had, and created great films that would set the trajectory for the rest of their cinematic work.

CNMA 3153 Media Studies: Silent Film I

Prerequisite(s): None

Corequisite(s): To be taken with Silent Film II

Study the origins of cinema through this comprehensive survey of the first decades of the medium. We'll watch the great early works of Charlie Chaplin, Buster Keaton, Fritz Lang, F. W. Murnau, and more, discussing what makes their groundbreaking films work and endure.

CNMA 3154 Media Studies: Silent Film II

Prerequisite(s): None

Corequisite(s): To be taken with Silent Film I

Study the origins of cinema through this comprehensive survey of the first decades of the medium. We'll watch the great early works of Charlie Chaplin, Buster Keaton, Fritz Lang, F. W. Murnau, and more, discussing what makes their groundbreaking films work and endure.

CNMA 3155 Media Studies: Silent Film II

Prerequisite(s): None

Corequisite(s): To be taken with Silent Film I

Study the origins of cinema through this comprehensive survey of the first decades of the medium. We'll watch the great early works of Charlie Chaplin, Buster Keaton, Fritz Lang, F. W. Murnau, and more, discussing what makes their groundbreaking

films work and endure.

CNMA 3161 Media Studies

Prerequisite(s): None

These classes are programmed each semester to expose students to a broad range of cinematic styles and approaches. Classes focus on a variety of subjects - for example, a European Film Survey, the complete works of Frank Capra, or a season of Emmy-award-winning television. Other screenings are programmed throughout the semester and could include special guests or a related lecture.

CNMA 3162 Media Studies

Prerequisite(s): None

These classes are programmed each semester to expose students to a broad range of cinematic styles and approaches. Classes focus on a variety of subjects - for example, a European Film Survey, the complete works of Frank Capra, or a season of Emmy-award-winning television. Other screenings are programmed throughout the semester and could include special guests or a related lecture.

CNMA 3163 Media Studies

Prerequisite(s): None

These classes are programmed each semester to expose students to a broad range of cinematic styles and approaches. Classes focus on a variety of subjects - for example, a European Film Survey, the complete works of Frank Capra, or a season of Emmy-award-winning television. Other screenings are programmed throughout the semester and could include special guests or a related lecture.

CNMA 3164 Media Studies

Prerequisite(s): None

These classes are programmed each semester to expose students to a broad range of cinematic styles and approaches. Classes focus on a variety of subjects - for example, a European Film Survey, the complete works of Frank Capra, or a season of Emmy-award-winning television. Other screenings are programmed throughout the semester and could include special guests or a related lecture.

CNMA 3197 Media Studies: Independent Study

With faculty guidance, students choose a media topic of study for the semester to study independently. Course hours count toward the CNMA media Studies requirement.

CNMA 3198 Media Studies: Independent Study

With faculty guidance, students choose a media topic of study for the semester to study independently. Course hours count toward the CNMA media Studies requirement.

CNMA 3199 Media Studies: Independent Study

With faculty guidance, students choose a media topic of study for the semester to study independently. Course hours count toward the CNMA media Studies requirement.

CNMA 3210 Cinematography Practicum

Prerequisite(s): CNMA 2310

Cinematography students work with a mentor to prep and shoot a short film (or equivalent production).

CNMA 3212 Sound/Visual Effects Practicum

Prerequisite(s): CNMA 2312

Post-production students work with a mentor as they complete sound, visual effects, or other post-production work on a short film (or equivalent production).

CNMA 3216 Production Design Practicum

Prerequisite(s): CNMA 2316

Production design students work with a mentor as they conceptualize and execute the art direction on a short film (or equivalent production).

CNMA 3220 Special Topics

Directed study of a minimum of 30 clock hours for each hour of credit. Topics and projects are selected based on student interest and need.

CNMA 3225 Casting Practicum

Prerequisite(s): CNMA 1301, 1302, and 1303

Students work with an experienced casting director to cast a feature film production (or equivalent production).

CNMA 3245 Internship

Prerequisite(s): Six hrs. of CNMA 2000 level course work

Credit is awarded for approved professional internships. Opportunities include media related work in the Houston area or summer internships in Austin, Hollywood, or other regions.

CNMA 3301 Advanced Writing

Prerequisite(s): CNMA 2301

Students apprentice with an experienced screenwriter who mentors them through the writing of a feature film screenplay (or equivalent). Students are also introduced to collaborative writing environments (as would be found in a television or new media production with multiple writers).

CNMA 3303 Advanced Directing

Prerequisite(s): CNMA 2303

Students apprentice with an experienced director who mentors them through the direction of a short film. Students will work with the director through each stage of development and planning for their film.

CNMA 3305 Advanced Producing

Prerequisite(s): CNMA 2305

Students apprentice with an experienced producer throughout pre-production of a large-scale production. Students will attend production meetings and work with the producer to assemble budgets and schedules, secure locations and permits, and prepare equipment and crews.

CNMA 3307 Advanced Editing

Prerequisite(s): CNMA 2312

Students apprentice with an experienced editor who works with them on the editing of a feature film production. Students have the opportunity to edit their own scenes, as well as to collaborate with the editor and director in editorial meetings.

CNMA 3309 Documentary Filmmaking

Prerequisite(s): CNMA 1301, 1302, and 1303

An overview of the art and craft of documentary filmmaking. Explores various styles, goals, and artistic opportunities. Includes a focus on the technical aspects of documentary production.

CNMA 3310 Cinematography Practicum

Prerequisite(s): CNMA 2310

Cinematography students work with a mentor to prep and shoot a short film (or equivalent production).

CNMA 3312 Sound/Visual Effects Practicum

Prerequisite(s): CNMA 2312

Post-production students work with a mentor as they complete sound, visual effects, or other post-production work on a short film (or equivalent production).

CNMA 3316 Production Design Practicum

Prerequisite(s): CNMA 2316

Production design students work with a mentor as they conceptualize and execute the art direction on a short film (or equivalent production).

CNMA 3320 Special Topics

Directed study of a minimum of 30 clock hours for each hour of credit. Topics and projects are selected based on student interest and need.

CNMA 3325 Casting Practicum

Prerequisite(s): CNMA 1301, 1302, and 1303

Students work with an experienced casting director to cast a feature film production (or equivalent production).

CNMA 3345 Internship

Prerequisite(s): Six hrs. of CNMA 2000 level course work

Credit is awarded for approved professional internships. Opportunities include media related work in the Houston area or summer internships in Austin, Hollywood, or other regions.

CNMA 4151 World-Building & Non-Linear Storytelling

Prerequisite(s): None

New media opens artists up to a whole new world of storytelling opportunities. This class explores the art of world-building - creating a fictional universe of characters, places, and events that can be explored through art and story - as well as the unique ways that new media allows us to engage with these worlds in non-traditional, non-linear ways.

CNMA 4152 Developing Technologies

Prerequisite(s): None

A survey of new technologies that will likely impact cinema and new media creation. Whenever possible, this will be accompanied by demonstrations of new technologies and discussion of how such advancements may change or affect the medium.

CNMA 4300 Entertainment Business

Prerequisite(s): Six hrs. of CNMA 2000 level course work

An overview of the business and legal elements that will affect students' work, whether as independent filmmakers or in industry careers. This class also examines the changing dynamics in the digital economy and trains students in the art of pitching and presentation.

CNMA 4325 Principles of Acting

Prerequisite(s): None

Students are taught the elements of acting and directing actors. Key theories and approaches are explored, including method acting and improvisation.

CNMA 4350 Advanced Film Theory

Prerequisite(s): Nine hrs. of CNMA 2000 level course work

Building on the ideas explored in earlier classes, this is a rigorous study of cinematic theory, including in-depth examinations of Eisenstein's theories of montage, French auteur theory, and Tarkovsky's notion of sculpting in time.

CNMA 4390 Senior Project I

Prerequisite(s): 34 hours of CNMA course work

The capstone experience for each student is a year-long final project. Developed and completed with oversight from a faculty member, these classes offer students the time and space to create a professional-quality project that can be used to kick start their artistic career after graduation.

CNMA 4395 Senior Project II

Prerequisite(s): 34 hours of CNMA course work

The capstone experience for each student is a year-long final project. Developed and completed with oversight from a faculty member, these classes offer students the time and space to create a professional-quality project that can be used to kick start their artistic career after graduation.

Speech Communication (COMM) Course Descriptions

COMM 1101 Forensic Workshop

Prerequisite(s): Permission of the instructor.

Workshop for students who actively compete in mock trial tournaments. A maximum of four semester hours may be counted toward a degree.

COMM 1323 Rhetoric and Public Speaking

Prerequisite(s): None

This course improves communication skills in a variety of contexts and develops an understanding and appreciation of the importance of public rhetoric in a democratic society. Since ancient Greek and Roman times, rhetoric has been taught both as the foundation of a liberal arts education and as an essential skill of democratic citizenship.

COMM 2101 Forensic Workshop

Prerequisite(s): Permission of the instructor.

Workshop for students who actively compete in mock trial tournaments. A maximum of four semester hours may be counted toward a degree.

COMM 3101 Forensic Workshop

Prerequisite(s): Permission of the instructor.

Workshop for students who actively compete in mock trial tournaments. A maximum of four semester hours may be counted toward a degree.

COMM 3324 Legal Communication

Prerequisite(s): COMM 1313 or COMM 1323

This course examines the central role that communication occupies in the study, practice, and understanding of the legal process. Students will be introduced to key elements of the communication process relevant in legal settings, learn basic and advanced principles of trial advocacy through participation in a mock trial.

COMM 3334 Argumentation and Advocacy

Prerequisite(s): COMM 1313 or COMM 1323

This course explores the nature, types, effects, and ethical dimensions of argument. Current public policy issues will be considered in classroom discussions, with the goal of teaching students how to express themselves clearly in speaking and writing.

COMM 4101 Forensic Workshop

Prerequisite(s): Permission of the instructor.

Workshop for students who actively compete in mock trial tournaments. A maximum of four semester hours may be counted toward a degree.

COMM 4304 Interpersonal Communication

Prerequisite(s): COMM 1313 or COMM 1323

A study of the theory and practice of person-to-person interaction. Examines such topics as self-disclosure, trust, emotions, perception and language, intimacy and distance, and conflict resolution.

COMM 4314 American Public Address

Prerequisite(s): COMM 1313 or COMM 1323

A study of the speakers and speeches that have shaped our history from colonial America to the present. The tools of rhetorical criticism will be developed and applied.

COMM 4315 Political Communication

Prerequisite(s): COMM 1313 or COMM 1323

This course investigates the role of communication in contemporary American politics. Topics to be discussed include speeches, rhetorical artifacts, and political campaigns.

COMM 4323 Intercultural Communication

Prerequisite(s): COMM 1313 or COMM 1323

A study of the impact of globalization, technology, travel, and immigration on communication. The effects of culture and experience on perception are also studied.

Economics (ECON) Course Descriptions

ECON 2311 Microeconomics

Prerequisite(s): None

An introduction to microeconomic theory with emphasis on the determination of price and output in the competitive and noncompetitive market structures of American capitalism. Includes applications of price theory to a range of economic issues.

ECON 2312 Macroeconomics

Prerequisite(s): ECON 2311 or 2302

An introduction to macroeconomic theory including supply and demand analysis, national income accounting, monetary theory and policy, modern employment theory, and applications of theory to policy.

ECON 3303 Macroeconomic Theory Intermediate

Prerequisite(s): ECON 2312 or ECON 2301

An intensive study of the assumptions and concepts which are basic to the theories of income determination and aggregate employment.

ECON 3304 Microeconomic Theory Intermediate

Prerequisite(s): ECON 2311 or ECON 2302; BUSA 2301 or MATH 1451 or higher

An intensive examination of the assumptions and forces which underlie the price system.

ECON 3315 Security Markets and Financial Institutions

Prerequisite(s): FINA 3320

An introduction to the US financial system. Topics include interest rate theory, financial markets such as money markets and capital markets including stock and bond markets, and financial institutions such as banks and other depository institutions, finance companies, insurance companies, investment companies, pension funds, securities firms. (Offered also as FINA 3315.)

ECON 3330 International Finance

Prerequisite(s): FINA 3320 and WRIT 3310

A study of the theories and practices of international trade and finance, direction and composition of world trade, institutions for facilitating trade, international payments, capital movement, exchange rates. (Offered also as FINA 3330.)

ECON 4312 Global Economy

Prerequisite(s): ECON 2311 or 2302; ECON 2312 or 2301

This course examines international trade beginning with an evaluation of the gains of trade, types of restrictions on free trade and their impacts, and policies regarding trade. The effects of the movement of resources across national boundaries are also examined. The discussion of international monetary theory includes balance of payments and the functions and impacts of the foreign-exchange markets. The course is structured around case studies that require the student to analyze and apply knowledge gained from the course.

ECON 4330 Seminar on Law and Economics

Prerequisite(s): BUSA 2320; ECON 2311 or 2302; WRIT 3310

This course will provide an analytical framework for studying the relationship between the environment and economic and political systems. Students will cover cost/benefit analysis and economic issues concerning valuation, and then apply the theory to current legislation, case law, and state and federal statutes dealing with air and pollution, waste management, wildlife management, and resource management.

ECON 4335 History of Economic Thought

Prerequisite(s): ECON 2311 or 2302; ECON 2312 or 2301

A survey of major contributors to economic thought from Adam Smith to Milton Friedman in modern times with emphasis on their impact on contemporary economic thought and analysis. Research papers will be required on selected topics in economic history.

ECON 4181, 4281, 4381 Special Topics

Prerequisite(s): Approval of the Dean of the Dunham College of Business.

Directed study of a minimum of thirty clock hours for each hour of credit. Provides an opportunity for economics majors to conduct detailed investigations of selected economic problems.

ECON 5260 Economic Principles

Prerequisite(s): None

A survey course of microeconomic theory combined with an introduction to key macroeconomic concepts. Microeconomic theory will include supply and demand analysis, with emphasis on the determination of price and output in the competitive and noncompetitive market structures of American capitalism. Macroeconomic theory will include gross domestic product, employment, inflation, and business cycles. Graduate Business Programs only.

ECON 5361 Survey of Economics for HRM

Prerequisite(s): None

This course will provide an overview of basic microeconomic and macroeconomic theory. Microeconomic theory will include how markets function using supply and demand analysis and competitive and noncompetitive market structures of American capitalism. A study of the macroeconomic theory will examine the implications of global markets, economic growth, inflation, unemployment, interest rates, monetary policy, and fiscal policy. MS-HRM Program only.

ECON 6330 Global Political Economy

Prerequisite(s): None

This course examines the interaction of politics and the economy at the global level. In particular, it evaluates how political and economic decisions of one country or groups of countries affect institutions and life circumstances in others and assesses the causes and consequences of globalization as rooted in political economy. Key topics include major conceptual frameworks for understanding the linkages between international politics and international economics, international monetary and financial relations, international trade, foreign investment and multinational enterprises, key international economic institutions such as the International Monetary Fund, World Trade Organization, and World Bank, the rise of the BRIC economics and the shift of global balance, and global economic governance. Graduate Business programs only.

ECON 6353 Global Economy and Institutions

Prerequisite(s): None

This course provides an overview of global economies, institutions and how macroeconomic factors impact different economies. This will impact the way business leaders manage risks that globalization entails. The course goes beyond the theory and includes a discussion of current global economic events drawing on articles from current publications. Graduate Business Programs only.

Educational Administration (EDAD) Course Descriptions

EDAD 5306 Educational Applications of Technology

Prerequisite(s): None

The goal of this course is to provide a combination of hands-on and student-centered experiences with administrative and instructional technology applications. These experiences will provide students with a working knowledge of electronic systems that manage student data, curriculum, assessment instruments, and on-line resources. (Offered also as EDUC 4306/5306.)

EDAD 5319 Internet Resource Management

Prerequisite(s): None

Internet Resource Management is designed to allow participants to experience appropriate uses of technology as a learner, and thus better use technology in teaching and learning. The digital world can produce a management nightmare without the proper tools for resource management. The goal of this course is to provide a combination of hands-on and student-centered experiences that will assist in the management of Internet resources. These experiences will enable participants to search for information, share information, generate materials, and evaluate web-based instructional materials. Instructional strategies will focus on the acquisition, analysis, and synthesis of Internet resources that address appropriate educational needs. Graduate students will create a group of 4 inquiry based Webquest and make it available online for students.

EDAD 5320 Systems Thinking: Theory and Application

Prerequisite(s): EDAD 5306

This class will provide an overview, background, and foundation in systems theory and performance technology. This focus will assist in developing a vision of teaching and learning with technology as a major component. Topics covered include performance technology, general systems theory, needs assessment, and change management. A class project, including a needs assessment and final report of potential solutions, is required of all students.

EDAD 6181 Special Topics

A service course designed to permit the offering of topics of current interest and special workshops. May also be used for individual study, in which a minimum of 40 clock hours of directed study is required for each semester hour of credit. Topics and projects are selected on the basis of student interest and need.

EDAD 6281 Special Topics

A service course designed to permit the offering of topics of current interest and special workshops. May also be used for individual study, in which a minimum of 40 clock hours of directed study is required for each semester hour of credit. Topics and projects are selected on the basis of student interest and need.

EDAD 6291 Internship in the Principalship

Prerequisite(s): Completion of at least 24 hours in the EDAD program

This course provides for administrative internship at the home campus of the student with the supervision of a campus-based administrator and a university supervisor.

EDAD 6292 Internship in the Principalship

Prerequisite(s): EDAD 6291 and completion of at least 24 hours in the EDAD program

This is the second course in the Internship and is recommended for the summer term. The student shadows an administrator in a summer School session. The internship is scheduled in a district other than the employing district of the student.

EDAD 6301 Administrative Theory and Practice

Prerequisite(s): None

Analysis of administrative behavior and organizational patterns. Study of conceptual models in decision-making. Examination of theory and practice as they relate to continuing problems of School administration.

EDAD 6302 Instructional Leadership and Evaluation

Prerequisite(s): None

Study of major issues, problems, and trends in the K-12 curriculum from an administrative point of view. Analysis of leadership skills required of the principal in the areas of supervision, group processes, organization for School improvement, and staff development techniques. Emphasis on strategies for stimulating, implementing, and evaluating alternatives in curriculum and instruction. Development of skill in use of the Professional Development Appraisal System.

EDAD 6303 School Law

Prerequisite(s): None

Legal basis of education at national, state, and local levels. Major court decisions affecting organization and administration of public and private Schools. Legal rights and responsibilities of School administrators and other School personnel.

EDAD 6304 School Business Management and Finance

Prerequisite(s): None

Study of roles, responsibilities, systems, and procedures in School business matters. Includes budgeting, accounting, data processing, purchasing, personnel, and management of facilities, equipment, and real property. Examination of federal, state, and local programs to finance education.

EDAD 6307 Classroom Management

Prerequisite(s): None

A study of a broad spectrum of approaches to classroom management, including authoritarian, behavior-modification, group-process, instructional, and psycho-emotional-climate orientations. Examination of research regarding effective classroom management. Exploration of multiple strategies for handling common classroom management problems. (Offered also as EDUC 6301.)

EDAD 6308 The Role of the Principal

Prerequisite(s): None

Study of the roles and responsibilities in the administration of elementary, middle, and secondary Schools, with focus on the principal's professional relations with teachers, parents, pupils, educational leaders within the district, and the board of education. Analysis of the role of the principal in curriculum development, organization, and evaluation; School organization; discipline; student behavior; community relations; the teaching/learning process; in-service training; and leadership in teacher growth and evaluation. Emphasis is on the personal qualities of leadership conducive to good human relations.

EDAD 6309 The School and Its Instructional Program

Prerequisite(s): None

Factors influencing School curriculum in grades K-12 are studied. Included are the components of the curriculum: organization of the curriculum; how curriculum is changed; how new curriculum is developed; and the curriculum programs in elementary and secondary Schools.

EDAD 6310 Applications of Educational Research

Prerequisite(s): None

A study of a spectrum of research methods related to psychological and educational research. The course is designed to develop research knowledge and skills. Included are theory, techniques, designs, evaluation of research, and integration of findings into professional decision-making. (Offered also as EDUC 6320 and PSYC 6320)

EDAD 6313 School Personnel Leadership

Prerequisite(s): None

An integration of personnel leadership skills required in the legal, academic, and administrative considerations of regular and special School programs. Included are state and federal regulations.

EDAD 6381 Special Topics

A service course designed to permit the offering of topics of current interest and special workshops. May also be used for individual study, in which a minimum of 40 clock hours of directed study is required for each semester hour of credit. Topics and projects are selected on the basis of student interest and need.

Bilingual Education (EDBI) Course Descriptions

EDBI 3121 Special Topics in Language and Literature

Special Topics to be treated are determined by interested students with the approval of the Department Chair. Mexican-American literature, sociolinguistics, grammar for native speakers of Spanish, and field experience in Hispanic language and culture are examples of possible areas of interest.

EDBI 3221 Special Topics in Language and Literature

Special Topics to be treated are determined by interested students with the approval of the Department Chair. Mexican-American literature, sociolinguistics, grammar for native speakers of Spanish, and field experience in Hispanic language and culture are examples of possible areas of interest.

EDBI 3321 Special Topics in Language and Literature

Special Topics to be treated are determined by interested students with the approval of the Department Chair. Mexican-American literature, sociolinguistics, grammar for native speakers of Spanish, and field experience in Hispanic language and culture are examples of possible areas of interest.

EDBI 3335 Spanish Writing Workshop

Prerequisite(s): None

This course provides students with strategies to write fluently in Spanish. Techniques emphasize the steps of the writing process. Students use self-editing and peer collaboration to produce a portfolio of their work. (Offered also as SPAN 3335.)

EDBI 3387 Teaching School Content Areas in the Bilingual Classroom

Prerequisite(s): Admission to the Educator Preparation Program, EDUC 4301 or 4311

This course will include the preparation and teaching of lessons and units in Spanish for content area; Spanish vocabulary development and instruction including the multifaceted knowledge of word knowledge; appropriate strategies for before, during and after reading; the role of fluency in comprehension and strategies to improve fluency; evaluation of curriculum materials for the Spanish speaker; familiarization with the state adopted materials written in Spanish; assessment that leads to data informed decisions; comprehension skills in content areas; grouping procedures in a multi-tiered approach; and lesson design that differentiates based on student need. Students apply course content in a field-based practicum in a bilingual classroom.

EDBI 4293 Senior Seminar: Foundations of Bilingual Education

Prerequisite(s): EDBI 3387 and 4314 or permission of the instructor.

Students study topics in applied linguistics, psycholinguistics, sociolinguistics, and multilingual, multicultural education. Students prepare written assignments, give oral presentations, and participate in discussion of these topics. Students conduct in-depth research on one of these areas and present their research in a senior seminar paper and in an oral presentation to the class.

EDBI 4304 Methods of Teaching English as a Second Language

Prerequisite(s): Admission to the Educator Preparation Program, EDUC 4301 or 4311.

This course will enable students to explore theories, pedagogical considerations and current methodology in the teaching of reading, speaking, listening, thinking and writing visualizing, and visually representing for second languages and targeted cultures. The five critical components of reading instruction (phonemic awareness, phonics and word study, fluency, vocabulary, and comprehension) will frame the study of learners of second languages. An emphasis will be placed on developing interpersonal communication skills of the beginning and intermediate ESL students. (Also offered as ENGL 4304 and SPAN 4304)

EDBI 4305 Second Language Acquisition

Prerequisite(s): Admission to the Educator Preparation Program.

This course will introduce students to theories of second language acquisition; comparison of first and second language acquisition; second language acquisition in children and adults and in the bilingual child. Also included in this course is an introduction to sociolinguistic considerations and assessment of language dominance and proficiency to inform instructional decisions. This course will make use of a multi-tiered system of support to provide the necessary differentiation. Student learning will focus on acquisition of English as a second language.

EDBI 4306 ESL Theory and Practice

Prerequisite(s): None

A study of research findings in the teaching of English as a Second Language (ESL) and of legal, cultural, linguistic, and educational consideration for ESL teaching. School-based practicum project.

EDBI 4307 Foundations of ESL and Bilingual Education

Prerequisite(s): None

Survey of the historical, theoretical, and policy foundations of programs which serve English language learners (ELL's); types of programs; research findings related to these programs; and factors in creating an effective multicultural environment for addressing students' affective, linguistic, and cognitive needs.

EDBI 4314 Survey of Linguistics

Prerequisite(s): None

Nature and structure of language. Language variation and change. Language and society. Introduction to contrastive linguistics, with emphasis on English. Languages of the world.

EDBI 4343 Hispanic Cultural Perspectives

Prerequisite(s): 2 (Two) 3000-level Spanish courses or the equivalent.

A study of the major cultural aspects of Spanish speaking countries, with a special emphasis on literature, art, history, geography and cultural patterns. Not open to students with language proficiency below Intermediate High. (Offered also as SPAN 4343.)

EDBI 4344 Hispanic Cultural Perspectives

Prerequisite(s): 2 (Two) 3000-level Spanish courses or the equivalent.

A study of the major cultural aspects of Spanish speaking countries, with a special emphasis on literature, art, history, geography and cultural patterns. Not open to students with language proficiency below Intermediate High. (Offered also as SPAN 4344.)

EDBI 4350 Developing Literacy in the Bilingual Classroom

Prerequisite(s): Admission to the Educator Preparation Program, EDUC 4301 or 4311.

This course will include an analysis of the development of reading, speaking, listening, thinking and writing visualizing, and visually representing as it applies to the young bilingual child. The five critical components of reading instruction (phonemic awareness, phonics and word study, fluency, vocabulary, and comprehension) will frame the study of the bilingual learner. The course will also include a theoretical framework for literacy development in the first language of bilingual students using a multi-tiered approach to classroom instruction that involves being able to gather assessment data that will inform instructional decisions and differentiate instruction. This course will also include an exploration of the selection and development of activities that promote literacy acquisition in the first language of bilingual students. This class will be taught primarily in Spanish.

EDBI 4381 Special Topics/Independent Study

For course description and prerequisites for this course, please [contact the Dean of the College of Education and Behavioral Sciences](#).

EDBI 5304 Methods of Teaching English as a Second Language

Prerequisite(s): None

This course will help to prepare learners to function as knowledgeable and effective teachers/scholars of students in a bilingual/ESL classroom. Students will conduct an in-depth study of theories, pedagogical considerations and current methodology in the teaching of listening, speaking, reading and writing skills for second languages and target cultures. Emphasis is on developing interpersonal communication skills of beginning and intermediate ESL students.

EDBI 5305 Second Language Acquisition

Prerequisite(s): None

This course will prepare professional educators to function as knowledgeable and effective teachers/scholars of students in a bilingual classroom. Students will explore theories of second language acquisition, comparison of first and second language acquisition, and second language acquisition in children and adults and in the bilingual child. Students will conduct an in-depth study of assessment of language dominance and proficiency with a focus on acquisition of English as a second language.

EDBI 5306 ESL Theory and Practice

Prerequisite(s): None

A study of research findings in the teaching of English as a Second Language (ESL) and of legal, cultural, linguistic, and educational consideration for ESL teaching. School-based practicum project.

EDBI 5314 Survey of Linguistics

Prerequisite(s): None

Nature and structure of language. Language variation and change. Language and society. Introduction to contrastive linguistics, with emphasis on English. Languages of the world.

EDBI 5315 Integrating ESL with the Content Areas

Prerequisite(s): None

Approaches to teaching English as a Second Language within the context of comprehensible content-area instruction. Sheltered English. Emphasis on developing literacy skills and fostering oral and written student interaction in all subject areas.

Understanding of cultural diversity and its implications to classroom climate. Adapting instruction to the diagnosed needs of the LEP student. Fifteen-hour School-based practicum project.

EDBI 5335 Spanish Writing Workshop

Prerequisite(s): None

This course will provide students with techniques for developing writing skills in Spanish. Knowledge and skills developed in the class will be applicable to the teaching of writing in the EC-6 Bilingual/ESL classroom. Their project will involve a compilation of entries with a focus on composing, revising, editing, and publishing a memoir or personal life story.

EDBI 5343 Hispanic Cultural Perspectives

Prerequisite(s): None

A study of the major cultural aspects of Spanish-speaking countries, with a special emphasis on literature, art, history, geography and cultural patterns. This course will be taught in Spanish. Not open to students with language proficiency below ACTFL Intermediate High.

EDBI 5344 Hispanic Cultural Perspectives

Prerequisite(s): None

A study of the major cultural aspects of Spanish-speaking countries, with a special emphasis on literature, art, history, geography and cultural patterns. This course will be taught in Spanish. Not open to students with language proficiency below ACTFL Intermediate High.

EDBI 5350 Developing Literacy in the Bilingual Classroom

Prerequisite(s): None

This course will prepare professional educators to function as knowledgeable and effective teachers/scholars of students in a bilingual classroom. Students will gain an in-depth understanding the theoretical framework for the literacy development in the first language of bilingual students. Students will explore and analyze current methods of teaching reading and writing.

Students will develop and evaluate activities that promote literacy acquisition in the first language of bilingual students. This class will be taught primarily in Spanish.

EDBI 6181 Special Topics

A service course designed to permit the offering of topics of current interest and special workshops. May also be used for individual study, in which a minimum of 40 clock hours of directed study is required for each semester hour of credit. Topics and projects are selected based on student interest and need.

EDBI 6281 Special Topics

A service course designed to permit the offering of topics of current interest and special workshops. May also be used for individual study, in which a minimum of 40 clock hours of directed study is required for each semester hour of credit. Topics and projects are selected based on student interest and need.

EDBI 6304 Applied Linguistics for Bilingual Teaching

Prerequisite(s): None

Contrastive analysis between English and Spanish. Implications of linguistic considerations for identification of special concerns in the teaching of bilingual literacy and language arts.

EDBI 6305 Foundations of Bilingual Education

Prerequisite(s): None

Rationale for bilingual education. Goals, curriculum, classroom management, and testing in the various types of bilingual programs. Research findings in bilingual education.

EDBI 6307 The Teaching of Mathematics, Science and Social Studies in the Bilingual Classroom

Prerequisite(s): None

Development, utilization, and adaptation of resources and materials for teaching math, science and social studies in the bilingual classroom. Current approaches to teaching the content areas in the bilingual classroom. Vocabulary and fluency development in content areas in Spanish. Program and staffing models. Use of the first and second languages. This course will be taught primarily in Spanish.

EDBI 6381 Special Topics

A service course designed to permit the offering of topics of current interest and special workshops. May also be used for individual study, in which a minimum of 40 clock hours of directed study is required for each semester hour of credit. Topics and projects are selected based on student interest and need.

Early Childhood Education (EDEC) Course Descriptions

EDEC 4181 Special Topics

This course provides opportunities for individual research and development in areas of special interest, current issues, and special problems within the field of education of young children. A minimum of 30 clock hours of directed study is required for each semester hour of credit.

EDEC 4281 Special Topics

This course provides opportunities for individual research and development in areas of special interest, current issues, and special problems within the field of education of young children. A minimum of 30 clock hours of directed study is required for each semester hour of credit.

EDEC 4290 Practicum in Early Childhood

Prerequisite(s): EDEC 4306, 4310, 4311, EDRE 4351, and EDUC 2311 or permission of the Program Director.

EDEC 4313 Curriculum and Instruction in Early Childhood Education

Prerequisite(s): Admission to the Educator Preparation Program, EDUC 4301 or 4311.

This course is focused on the study of research-based curriculum, instruction, and assessment for early childhood. All areas of study are focused on developmentally appropriate practices for children of preschool and kindergarten age and are supported by national standards and state standards-National Association for the Education of the Young Child (NAEYC), Texas Essential Knowledge and Skills (TEKS) and guidelines. Topics include learning about the specific characteristics and expectations for this age group, becoming knowledgeable of early childhood programs, planning learning activities and facilities, developing positive School/home relations, being aware of the diverse needs of the learner, and other aspects of creating and maintaining rich learning experiences.

EDEC 4381 Special Topics

This course provides opportunities for individual research and development in areas of special interest, current issues, and special problems within the field of education of young children. A minimum of 30 clock hours of directed study is required for each semester hour of credit.

EDEC 5181 Special Topics

A service course designed to permit the offering of topics of current interest and special workshops. May also be used for individual study, in which a minimum of 40 clock hours of directed study is required for each semester hour of credit. Topics and projects are selected on the basis of student interest and need.

EDEC 5281 Special Topics

A service course designed to permit the offering of topics of current interest and special workshops. May also be used for individual study, in which a minimum of 40 clock hours of directed study is required for each semester hour of credit. Topics and projects are selected on the basis of student interest and need.

EDEC 5302 Survey of Exceptional Children

Prerequisite(s): EDUC 5313, 5314, 6302, or 6312 or teacher certification.

This course is an in-depth study in all areas of exceptionalities. (Offered also as EDSP 5302 and EDUC 5304.)

EDEC 5306 Language and Concept Development in Young Children

Prerequisite(s): Permission of the instructor

Study includes the relationship between language and thought; theories of language and learning; changes in the young child's intellectual structure; role of the teacher, and practical application. (Offered also as EDSP 5306.)

EDEC 5310 Preschool Curriculum and Instruction

Prerequisite(s): None

This course is designed to provide an in-depth study of developmentally appropriate curriculum and instruction for three and four year old children. Fieldwork is required.

EDEC 5311 Kindergarten Curriculum and Instruction

Prerequisite(s): EDEC 5306 or permission of the instructor.

This course includes the study of and experiences with instructional strategies; planning and evaluation of learning activities; selection and planning of physical facilities; and the skills necessary for management of kindergarten programs.

EDEC 5351 Emergent Literacy

Prerequisite(s): Admission to Educator Preparation Program.

In this course students examine emergent literacy and explore ways to encourage the development of initial literacy. A wide variety of topics pertaining to the emergent reader and writer are included. (Offered also as EDRE 5351 and EDSP 5351.)

EDEC 5381 Special Topics

A service course designed to permit the offering of topics of current interest and special workshops. May also be used for individual study, in which a minimum of 40 clock hours of directed study is required for each semester hour of credit. Topics and projects are selected on the basis of student interest and need.

EDEC 6181 Special Topics

A service course designed to permit the offering of topics of current interest and special workshops. May also be used for individual study, in which a minimum of 40 clock hours of directed study is required for each semester hour of credit. Topics and projects are selected on the basis of student interest and need.

EDEC 6281 Special Topics

A service course designed to permit the offering of topics of current interest and special workshops. May also be used for individual study, in which a minimum of 40 clock hours of directed study is required for each semester hour of credit. Topics and projects are selected on the basis of student interest and need.

EDEC 6381 Special Topics

A service course designed to permit the offering of topics of current interest and special workshops. May also be used for individual study, in which a minimum of 40 clock hours of directed study is required for each semester hour of credit. Topics and projects are selected on the basis of student interest and need.

Reading Education (EDRE) Course Descriptions

EDRE 4301 Advanced Developmental Reading

Prerequisite(s): EDRE 4310

This course examines developmental reading programs for grades pre-School through College. Skill in recognizing various stages in the development of reading processes and an analysis of the total reading program, emphasizing procedures for improvement, is developed. (Offered also as EDRE 5301.)

EDRE 4320 Teaching Reading Through Children's Literature

Prerequisite(s): Admission to Educator Preparation Program.

Students in this course will be introduced to the best examples in literature for children. The student will gain an in-depth knowledge of the major genres of children's literature, how to critically evaluate books using specific criteria, and how to make use of that knowledge in extending pupil skills in developmental reading as well as the creation of lifetime reading habits. Students also become familiar with the lives and works of major authors and illustrators of works for children.

EDRE 4330 Teaching Content Area Reading Skills

Prerequisite(s): Admission to the Educator Preparation Program.

Students in this course will explore methods for teaching reading in the content areas. Topics will include assessment that leads to data informed decisions; comprehension skills in content areas; readability and material suitability; study skills; vocabulary development and instruction, the multifaceted knowledge of word knowledge; appropriate strategies for before, during and after reading; the role of fluency in comprehension and strategies to improve fluency, reading efficiency; grouping procedures in a multi-tiered approach; and lesson design that differentiates based on student need.

EDRE 4350 Reading and the Language Arts

Prerequisite(s): Admission to the Educator Preparation Program, EDRE 4351, Emergent Literacy must be taken simultaneously with EDRE 4360.

Corequisite(s): EDRE 4360

This course includes an analysis of the development of writing and spelling for grades 2-8 and the use of differentiated instruction. The use of assessment and data driven decision making for instruction are covered. The style of instruction will focus on effective teaching: (1) Explicit instruction with modeling, (2) Systematic instruction and scaffolding, (3) Multiple opportunities for independent practice and application, (4) Immediate affirmative & corrective feedback, and (5) On-going progress monitoring and a multi-tiered system of support. Both on-campus and field experiences are included. It must be completed before student teaching.

EDRE 4351 Emergent Literacy

Prerequisite(s): Admission to Educator Preparation Program.

This course includes an analysis of the development of reading, speaking, listening, thinking and writing visualizing, and visually representing as it applies to the young child. The five critical components of reading instruction (phonemic awareness, phonics and word study, fluency, vocabulary, and comprehension) frame the study of the emergent learner. The course also includes a multi-tiered approach to classroom instruction: being able to differentiate instruction as needed and gather assessment data that will inform instructional decisions.

EDRE 4352 Literacy in the Secondary Schools

Prerequisite(s): None

This course provides students with opportunities to use literacy as a tool to meet a broad range of personal, social, and curricular functions as well as real-world applications. It stresses comprehension strategies, metacognition, reflection and positive attitudes toward literacy. (Offered also as EDRE 5352.)

EDRE 4360 Developing and Teaching Literacy

Prerequisite(s): Admission to the Educator Preparation Program.

Corequisite(s): EDRE 4350

Included in this course are methods and materials for teaching developmental reading to children in School settings from grades Pre-K to 8. The course emphasizes competence in assessing specific strengths and weaknesses in the reading skills of children, differentiation in instruction, lesson planning in order to prepare learning activities appropriate to children's needs, and interaction with children in such a way that learning is maximized. It includes a multi-tiered approach to meet the various needs of students along with assessment that drives instructional decisions. It builds on the concepts from emergent literacy (EDRE 4351) that stress the 5 critical components of reading instruction and the understanding of effective instruction (5 features). Both on-campus activities and field experiences are included. This course must be completed before student teaching.

EDRE 4381 Special Topics

For course description and prerequisites for this course, please contact the Dean of the College of Education and Behavioral Sciences.

EDRE 5181 Special Topics

This is a service course designed to permit offerings of topics of current interest and special workshops. It may also be used for individual study, in which a minimum of 40 clock hours of directed study are required for each semester hour of credit. Topics and projects are selected on the basis of student interest and need.

EDRE 5182 Special Topics

For course description and prerequisites for this course, please contact the Dean of the College of Education and Behavioral Sciences.

EDRE 5301 Advanced Developmental Reading

Prerequisite(s): EDRE 5310

This course examines developmental reading programs for grades pre-School through College. Skill in recognizing various stages in the development of reading processes and an analysis of the total reading program, emphasizing procedures for improvement, is developed. (Offered also as EDRE 4301.)

EDRE 5304 Diagnosis and Correction of Reading Difficulties

Prerequisite(s): None

Causes of reading difficulties along with the use of diagnostic evaluation to select appropriate instructional materials and strategies for correction are explored. (Offered also as EDRE 4304.)

EDRE 5305 Literacy Management and Technology

Prerequisite(s): EDUC 5313 or 6302, and EDRE 5310

Literacy instructional concerns such as grouping, diversity, portfolios, study skills, and test-taking strategies are addressed along with practical applications for using technology in the classroom. (Offered also as EDRE 4305.)

EDRE 5310 Reading & Writing for Pre-Adolescents

Prerequisite(s): None

Included in this course are methods and materials for teaching developmental reading to children in elementary School settings. The course emphasizes competence in assessing specific strengths and weaknesses in the reading skills of children, lesson planning in order to prepare learning activities appropriate to children's needs, and interacting with children in such a way that learning is maximized. Both on-campus activities and field experiences are included. This course is a prerequisite for student teaching. Students taking this course must simultaneously register for EDRE 4310-L1, except in summer. (Offered also as EDRE 4310.)

EDRE 5320 Teaching Reading Through Children's Literature

Prerequisite(s): None

This course will enable professional educators to construct and evaluate reading programs at all levels. Graduate students taking this course will gain an in-depth knowledge of the major genres of children's literature and how to critically evaluate books using specific criteria. The course will provide educators with the skills and experience necessary to enrich their reading instruction, as well as the creation of lifetime reading habits. Students will explore the lives and works of major authors and illustrators of works for children and their impact on this area of reading education, as well as exploring the use of multicultural literature.

EDRE 5330 Content Area Reading

Prerequisite(s): None

This course will introduce professional educators (and those seeking initial certification) to specific methods for teaching reading in content areas. Students will study assessment procedures, comprehension skills in content areas, readability and materials suitability, study skills, vocabulary development, developing reading rate flexibility, reading efficiency, grouping procedures, and lesson design. Using these experiences, students will learn to write formal lesson plans or prepare units of study for content areas that incorporate reading instruction. Students will learn to evaluate the effectiveness of reading strategies and how to make improvements.

EDRE 5350 Reading and the Language Arts

Prerequisite(s): Admission to the Educator Preparation Program.

An analysis of the development of reading, speaking, listening, thinking and writing visualizing, and visually representing

abilities. Both on-campus and field experiences are included. Students taking this course must simultaneously register for EDRE 4350-L1, except in summer. (Offered also as EDRE 4350.)

EDRE 5351 Emergent Literacy

Prerequisite(s): Admission to the Educator Preparation Program.

In this course students examine emergent literacy and explore ways to encourage the development of initial literacy. A wide variety of topics pertaining to the emergent reader and writer are included. (Offered also as CDEV 4351, EDEC 4351/5351, and EDSP 4351/5351.)

EDRE 5352 Literacy in the Secondary Schools

Prerequisite(s): None

This course provides students with opportunities to use literacy as a tool to meet a broad range of personal, social, and curricular functions as well as real-world applications. It stresses comprehension strategies, metacognition, reflection and positive attitudes toward literacy. (Offered also as EDRE 4352.)

EDRE 5381 Special Topics

This is a service course designed to permit offerings of topics of current interest and special workshops. It may also be used for individual study, in which a minimum of 40 clock hours of directed study are required for each semester hour of credit. Topics and projects are selected on the basis of student interest and need.

EDRE 6181 Special Topics

This is a service course designed to permit offerings of topics of current interest and special workshops. It may also be used for individual study, in which a minimum of 40 clock hours of directed study are required for each semester hour of credit. Topics and projects are selected on the basis of student interest and need.

EDRE 6281 Special Topics

This is a service course designed to permit offerings of topics of current interest and special workshops. It may also be used for individual study, in which a minimum of 40 clock hours of directed study are required for each semester hour of credit. Topics and projects are selected on the basis of student interest and need.

EDRE 6305 Reading: A Linguistic Perspective

Prerequisite(s): None

This course examines reading within the framework of literacy development. Linguistic and psychological perspectives toward reading as well as their relationship to the comprehensive process are emphasized.

EDRE 6381 Special Topics

This is a service course designed to permit offerings of topics of current interest and special workshops. It may also be used for individual study, in which a minimum of 40 clock hours of directed study are required for each semester hour of credit. Topics and projects are selected on the basis of student interest and need.

Special Education (EDSP) Course Descriptions

EDSP 4181 Special Topics

Topics of current interest and special workshops. May also be used for individual study, in which a minimum credit of 40 clock hours of directed study is required for each semester hour of credit. Topics and projects are selected on the basis of student interest and need.

EDSP 4252 Clinical Experiences in Generic Special Education

Prerequisite(s): Admission to the Educator Preparation Program, EDSP 4302, 4311, and 4319. Application required.

A field-based practicum which requires fieldwork in a generic special education setting. This course must be completed prior to student teaching.

EDSP 4281 Special Topics

Topics of current interest and special workshops. May also be used for individual study, in which a minimum credit of 40 clock hours of directed study is required for each semester hour of credit. Topics and projects are selected on the basis of student interest and need.

EDSP 4302 Survey of Exceptional Children

Prerequisite(s): Admission to the Educator Preparation Program.

This course provides a survey of populations with exceptionalities. Cognitive, emotional, social, physical, and motivational characteristics as well as educational needs of children with exceptionalities are explored. Knowledge of professional, ethical and legal issues that apply to working with students with exceptionalities is also included. Students apply current and new knowledge regarding instructional planning, assessment and collaboration.

EDSP 4311 Diagnostic and Prescriptive Teaching for Exceptional Children

Prerequisite(s): Admission to the Educator Preparation Program and EDSP 4302.

This course focuses on the diagnostic-prescriptive approach to individualizing instruction which provides educators with a comprehensive method of assessing learning styles, identifying where breakdowns occur in the learning process, and developing appropriate programming related to the specific needs of learners. Key topics include response to intervention (RTI) approaches, the screening process for dyslexia, standardized and informal assessments, and data analysis as well as laws related to eligibility, ethics and parents' rights. Students learn to write Individualized Educational Programs (IEPs) based on the diagnostic-prescriptive approach to individualizing instruction for students with exceptionalities. Further, interviews of experienced educators will be conducted regarding current issues and practices in assessment and intervention.

EDSP 4319 Teaching Strategies in Special Education

Prerequisite(s): Admission to the Educator Preparation Program and EDSP 4302.

All learners possess unique characteristics, interests, and abilities. Special educators are responsible for connecting instructional planning to learner strengths and needs with typical and atypical exceptionalities. In this course, the educator examines research based instructional strategies to ensure student success across the curriculum, according to human growth and development. An investigation of characteristics associated with cross categorical learners, as defined by the Individuals with Disabilities in Education Improvement Act (IDEA, 2004), and how they affect teaching and learning will also be covered. Further, educational implications for students with exceptionalities will also be addressed. The course also explores research-based practices and subject area instructional strategies that result in accommodations and modifications for students with exceptionalities; including the five components mandated by the State Board for Educator Certification in the screening process for Dyslexia. Also included is the importance of effective and positive collaborative relationships with all stakeholders to support development and educational progress. The educator also applies knowledge of characteristics of students with learning disabilities and how knowledge of professional, ethical, and legal issues applies to working with students. In addition, opportunities are presented in which the teaching professional applies current and new knowledge regarding instructional planning, assessment, and collaboration.

EDSP 4325 Educating Gifted Learners

Prerequisite(s): EDUC 4301 or 4311

This course presents an overview of the intellectual and developmental characteristics of the gifted and talented as well as an introduction to identification techniques, instructional approaches, educational programs, and special problems. The course focuses on classroom educational practices designed to meet the unique needs of the gifted and talented students. Historical, legal, and conceptual foundations of gifted education are examined as well as current research relevant to the education of gifted learners.

EDSP 4351 Emergent Literacy

Prerequisite(s): Admission to the Educator Preparation Program.

In this course students examine emergent literacy and explore ways to encourage the development of initial literacy. A wide variety of topics pertaining to the emergent reader and writer are included. (Offered also as CDEV 4351, EDEC 4351/5351, EDRE 4351/5351, and EDSP 5351.)

EDSP 4352 Behavior and Classroom Management

Prerequisite(s): Admission to the Educator Preparation Program and EDSP 4302.

Promoting positive behavior and effectively responding to misbehavior are critical skills necessary for all educators. This course helps educators create safe, supportive, and respectful learning environments that promote social-emotional development, self-responsibility, and character, in order to optimize learning for all students. Age-appropriate skills and strategies for managing dynamic and flexible grouping structures and for teaching conflict resolution will be presented. Through this course, the educator will also learn the ABC's of behavior, function, and effective strategies for implementing a behavior intervention plan (BIP) for students that exhibit behavior deficits. The course also provides strategies for building positive relationships, fostering motivation, and engaging in effective communication and problem solving with parents and families.

EDSP 4353 Field Experiences in Special Education

Prerequisite(s): Admission to the Educator Preparation Program as well as EDSP 4302, 4311, 4319, and 4352.

Students will become knowledgeable about various methods of special service delivery to students with exceptionalities as they come in contact with a continuum of service delivery systems ranging from least restrictive (inclusive) to most restrictive (self-contained) environments. Observations, classroom assistance, instructional planning, classroom and individual instruction, and conference activities will be required. Students will create a Teacher Work Sample (TWS), which consists of a project demonstrating mastery of the components of effective instruction and student learning. Successful completion of the TWS is required for program completion.

EDSP 4381 Special Topics

Topics of current interest and special workshops. May also be used for individual study, in which a minimum credit of 40 clock hours of directed study is required for each semester hour of credit. Topics and projects are selected on the basis of student interest and need.

EDSP 5302 Survey of Exceptional Children

Prerequisite(s): Admission to the Educator Preparation Program.

Students will determine the goals of instruction according to the needs of the various exceptionalities; they will develop an appropriate curriculum using the essential elements as a base. Students will learn the techniques of managing behavior, how to individualize instruction, how to apply methods of intervention, and how to evaluate adequacy of teaching. The future educator will learn how to arrange classrooms specific to management theories. Students must be computer literate. Fieldwork is required.

EDSP 5311 Diagnostic and Prescriptive Teaching for Exceptional Children

Prerequisite(s): EDSP 5302

The learning experiences in this course will contribute to the knowledge and skills of professional educators in developing and assessing programs for students who exhibit learning and behavior difficulties. Students will learn the diagnostic-prescriptive approach to individualized instruction. Students in the course will learn about comprehensive methods of assessing learning styles and to identify where the breakdowns can occur in the learning process. This course will assist educators in developing, administering and evaluating appropriate programming related to specific needs of learners. The screening process for dyslexia mandated by the State Board for Educator Certification is taught in this course.

EDSP 5319 Teaching Strategies in Special Education

Prerequisite(s): EDSP 5302 and 5311

This course is designed to enable students to develop the expertise of the professional educator with the needs of the various student exceptionalities. Teachers seeking certification as Educational Diagnosticians will learn to apply specialized techniques of managing behavior, how to individualize instruction, how to apply methods of intervention, and how to evaluate adequacy of teaching. The practicing educator taking this course will be able to develop a comprehensive knowledge about classroom management theories as they relate to special education.

EDSP 5325 Educating Gift Learners

Prerequisite(s): None

This course presents an overview of the intellectual and developmental characteristics of the gifted and talented as well as an

introduction to identification techniques, instructional approaches, educational programs, and special problems. The course focuses on classroom educational practices designed to meet the unique needs of the gifted and talented students. Historical, legal, and conceptual foundations of gifted education are examined as well as current research relevant to the education of gifted learners.

EDSP 5335 Identification, and Evaluation in Early Childhood

Prerequisite(s): EDSP 5302 and 5311

This course involves an in-depth study of growth and development of the young child during infancy and early childhood. Additionally, this course emphasizes the acquisition of knowledge and identification of exceptionalities. It will include observations, screen, and assessment of young children, report writing, and identifying appropriate evidence-based interventions.

EDSP 5345 Student Evaluation Techniques

Prerequisite(s): Teaching experience and/or a course in instructional design, i.e. EDUC 5313, 5314, 6302, or 6312.

This course is designed to enable the student to improve the design, construction, and validation of teacher-made tests, and to evaluate, select, administer, and interpret standardized tests for all levels of instruction. Also included is brief attention to the organization and management of Schools and legal and ethical aspects of teaching. (Offered also as EDAD 5345 and EDUC 4345/5345)

EDSP 5351 Emergent Literacy

Prerequisite(s): EDUC 5313 or 6302 or teacher certification.

In this course students examine emergent literacy and explore ways to encourage the development of initial literacy. A wide variety of topics pertaining to the emergent reader and writer are included. (Offered also as CDEV 4351, EDEC 4351/5351, EDRE 4351/ 5351, and EDSP 4351.)

EDSP 5381 Special Topics

A study of topics of current interest. May also be used for individual study, in which a minimum of 40 clock hours of directed study is required for each semester hour of credit. Topics and projects are selected on the basis of student interest and need and must be approved by the instructor.

EDSP 6181 Special Topics

A study of topics of current interest. May also be used for individual study, in which a minimum of 40 clock hours of directed study is required for each semester hour of credit. Topics and projects are selected on the basis of student interest and need and must be approved by the instructor.

EDSP 6281 Special Topics

A study of topics of current interest. May also be used for individual study, in which a minimum of 40 clock hours of directed study is required for each semester hour of credit. Topics and projects are selected on the basis of student interest and need and must be approved by the instructor.

EDSP 6305 Individual Psychological Evaluation

Prerequisite(s): EDUC 6304

Review of theory underlying individual ability tests. Supervised practice in test administration, scoring, and interpretation. Skills in report preparation are addressed. The Wechsler scales are emphasized. (Offered also as EPSY 6305 and PSYC 6305.)

EDSP 6315 Practicum in Diagnosis

Prerequisite(s): EDUC 6305

Each student works under the supervision of a certified Educational Diagnostician five days a week during regular School hours for the length of the term that the course is offered at the university.

EDSP 6344 Educational Appraisal of Individuals with Exceptionalities

Prerequisite(s): EDSP 5302, 5311, 5335, and 5319

This course is an introduction to appraisal techniques and instruments used to identify the presence or absence of a specific disability. Administration, scoring, interpretation, preparation of written reports and the development of IEPs will be taught in this course. Students must be computer literate. (Offered also as EPSY 6344.)

EDSP 6345 Advanced Assessment in Special Education

Prerequisite(s): EDSP 5302, 5311, 5319, 5335, 6305, and 6344

This course addresses the explosion of information related to assessment in special education and to the diverse populations

served by special education. It examines advanced assessment techniques currently used by educational diagnosticians. The course will focus on developing proficiency in the administration and interpretation of instruments such as the following: The Stanford-Binet Intelligence Scale, the KABC, the Wechsler Achievement Test, the Bender Gestalt, the Test of Nonverbal Intelligence, the Woodcock Johnson Cognitive Battery, the UNIT, the KABC, Adaptive Behavior Scales, and the Vineland Social Maturity Scales. Students must be computer literate.

EDSP 6381 Special Topics

A study of topics of current interest. May also be used for individual study, in which a minimum of 40 clock hours of directed study is required for each semester hour of credit. Topics and projects are selected on the basis of student interest and need and must be approved by the instructor.

Professional Education (EDUC) Course Descriptions

EDUC 2320 Learning and Development

Prerequisite(s): None

This is a comprehensive study of child and adolescent development (cognitive, social, physical, and emotional development) combined with examination and analysis of learning theory and other factors and principles that affect learning. Observation and experience in Schools is included. (Students who wish to enter the Educator Preparation Program must earn a C or better in this course.)

EDUC 2330 Foundations of American Educational Thought

Prerequisite(s): None

This course of study introduces the historical, philosophical, and sociological influences that have shaped the dynamic nature of private and public educational systems in the United States. Emphasis is placed on the Christian influence on education, great educational leaders, as well as examining the future of education. A great variety of selected classical readings are included with authors such as William Penn, Benjamin Franklin, Thomas Jefferson, Noah Webster, Ralph Waldo Emerson, G. Stanley Hall, John Dewey, Booker T. Washington, Jane Addams, W.E.B. DuBois, E.L. Thorndike, and others. An overview of the many facets and issues of teaching are introduced. (Students who wish to enter the Educator Preparation Program must earn a C or better in this course.)

EDUC 4000 Clinical Teaching Seminar

Prerequisite(s): Admission to the Educator Preparation Program and approval of the Teacher Education Committee.

This course is founded on foundational research-based content and best practices in education concerning the topics of classroom management, assessment and professional development. The seminar for clinical teachers is interactive includes exploration of issues of particular interest and value to students as they complete their Educator Preparation Programs. These issues include the process of acquiring a teaching position (applications, resumes, interview skills, etc.), classroom management/discipline, ethical and legal issues related to teaching, communication with parents, portfolio construction and other issues encountered during clinical teaching. Support and encouragement in the form of sharing and problem solving will occur during each of the weekly sessions. Students enrolled in Clinical Teaching Seminar must also be enrolled in clinical teaching in their area of certification.

EDUC 4100 TExES State Certification Exam Preparation Seminar

Prerequisite(s): Admission to the Educator Preparation Program, a degree plan on file in the Registrar's Office, and completion of at least 90 hours of degree-plan specified course work.

This course assists students in understanding the state and federal standards for their chosen certification areas. Students complete intensive reviews for their Pedagogy and Professionalism (PPR) and content area certification exams. They must successfully complete PPR and content area practice exams. This course must be completed prior to entering Student Teaching.

EDUC 4181 Special Topics

A service course designed to permit the offering of topics of current interest, additional field work and special workshops. May also be used for individual study, in which a minimum of 30 clock hours of directed study is required for each semester hour of credit. Topics and projects are selected on the basis of student interest and need.

EDUC 4281 Special Topics

A service course designed to permit the offering of topics of current interest, additional field work and special workshops. May also be used for individual study, in which a minimum of 30 clock hours of directed study is required for each semester hour of credit. Topics and projects are selected on the basis of student interest and need.

EDUC 4290 Classroom Management

For course description and prerequisites for this course, please [contact the Dean of the College of Education and Behavioral Sciences](#).

EDUC 4294 Senior Seminar: Classroom Management

Prerequisite(s): None

This course involves an exploration of means for creating and maintaining optimal learning environments and helping children and adolescents develop into considerate, responsible adults. It includes independent observation which must be completed during student teaching or the CDEV practicum. (Offered also as CDEV 4294, INDC 4294.)

EDUC 4301 Curriculum and Instruction in the Elementary School

Prerequisite(s): Admission to the Educator Preparation Program.

This course is designed to provide an integrated and in-depth understanding of principles of curriculum and instruction, as well as practical experiences in instructional design for elementary School contexts and learners. Multiple approaches to learning, the roles of teachers in the teaching-learning process, as well as current Texas state curriculum requirements and guidelines are explored. The effective use of media/technology is included. Field work is required. This course must be taken with EDUC 4312. (Also offered as EDUC 5313)

EDUC 4306 Educational Applications of Technology

Prerequisite(s): Admission to the Educator Preparation Program.

A broad spectrum of technology application is explored including the use of word processing, software evaluation, Internet use, multimedia, and telecommunications. Technology is used for communication, management, teaching, and learning. Software is reviewed and evaluated.

EDUC 4311 Curriculum and Instruction in the Secondary School

Prerequisite(s): Admission to the Educator Preparation Program.

This course is designed to provide an integrated and in-depth understanding of principles of curriculum and instruction, as well as practical experiences in instructional design for secondary School contexts and learners. Multiple approaches to learning, the roles of teachers in the teaching-learning process, as well as current Texas state curriculum requirements and guidelines are explored. The effective use of media/technology is included. Field work is required. This course must be taken with EDUC 4312. (Also offered as EDUC 5314.)

EDUC 4320 Teaching Methodology for Secondary Teachers

Prerequisite(s): Admission to Educator Preparation Program, EDUC 4301 or 4311.

This course combines campus-based instruction with field-based experiences. Students observe as well as plan and present lessons in their designated content area. An emphasis is placed upon content specific instructional methods, using data to make instructional decisions and application of classroom management skills. This course must be completed before student teaching.

EDUC 4340 Action Research

Prerequisite(s): None

The Action Research model is explored and students complete an Action Research project. Preparation for certification exams is also a component of the course. Students take this course immediately preceding student teaching or concurrent with student teaching if student teaching in the Fall quarter.

EDUC 4381 Special Topics

A service course designed to permit the offering of topics of current interest, additional field work and special workshops. May also be used for individual study, in which a minimum of 30 clock hours of directed study is required for each semester hour of credit. Topics and projects are selected on the basis of student interest and need.

EDUC 4400 Clinical Teaching Seminar

Prerequisite(s): Admission to the Educator Preparation Program and approval of the Teacher Education Committee.

This course is founded on foundational research-based content and best practices in education concerning the topics of classroom management, assessment and professional development. The seminar for clinical teachers is interactive includes exploration of issues of particular interest and value to students as they complete their Educator Preparation Programs. These issues include the process of acquiring a teaching position (applications, resumes, interview skills, etc.), classroom management/discipline, ethical and legal issues related to teaching, communication with parents, portfolio construction and other issues encountered during clinical teaching. Support and encouragement in the form of sharing and problem solving will occur during each of the weekly sessions. Students enrolled in Clinical Teaching Seminar EDUC 4400 must also be enrolled in clinical teaching in their area of certification.

EDUC 4461 Clinical Teaching in Elementary School Spanish

Prerequisite(s): Approval for clinical teaching by the Center for the Preparation of Professional Educators (CPPE).

Clinical teaching is among the final requirements in the undergraduate Educator Preparation Program. This course must be taken during one of the last two semesters prior to graduation. In this course students are assigned to a classroom or classrooms for half of the semester from Monday through Friday for the entire school day. This course is part of the preparation for both the BS degree and certification in Languages Other Than English Spanish Grades (EC-12). This course must be taken concurrently with EDUC 4462; this provides a full semester of clinical teaching experience. Students enrolled in clinical teaching must also enroll and attend the Clinical Teaching Seminar EDUC 4400.

EDUC 4462 Clinical Teaching in Secondary School Spanish

Prerequisite(s): Approval for clinical teaching by the Center for the Preparation of Professional Educators (CPPE).

Clinical teaching is among the final requirements in the undergraduate Educator Preparation Program. This course must be taken during one of the last two semesters prior to graduation. In this course students are assigned to a classroom or classrooms for half of the semester from Monday through Friday for the entire school day. This course must be taken concurrently with EDUC 4461 course; this provides a full semester of clinical teaching experience. This course is part of the preparation for both the BS degree and certification in Languages Other Than English Spanish Grades (EC-12). Students enrolled in clinical teaching must also enroll and attend the Clinical Teaching Seminar EDUC 4400.

EDUC 4471 Clinical Teaching in the EC-6 Classroom

Prerequisite(s): Admission to the Educator Preparation Program and approval of the Teacher Education Committee.

Clinical teaching is among the final requirements in the undergraduate Educator Preparation Program. This course must be taken during one of the last two semesters prior to graduation. In this course students are assigned to a classroom or classrooms for half of the semester from Monday through Friday for the entire school day. This course must be taken concurrently with EDUC 4472; this provides a full semester of clinical teaching experience. This course is part of the preparation for both the BS degree and certification in the EC-6 and Special Education (EC-12). Students enrolled in clinical teaching must also enroll and attend the Clinical Teaching Seminar EDUC 4400.

EDUC 4472 Clinical Teaching in Special Education

Prerequisite(s): Admission to the Educator Preparation Program and approval of the Teacher Education Committee.

Clinical teaching is among the final requirements in the undergraduate Educator Preparation Program. This course must be taken during one of the last two semesters prior to graduation. In this course students are assigned to a classroom or classrooms for half of the semester from Monday through Friday for the entire school day. This course must be taken concurrently with EDUC 4471; this provides a full semester of clinical teaching experience. This course is part of the preparation for both the BS degree and certification in EC-6 and in Special Education Grades (EC-12). Students enrolled in clinical teaching must also enroll and attend the Clinical Teaching Seminar EDUC 4400.

EDUC 4481 Special Topics

For course description and prerequisites for this course, please [contact the Dean of the College of Education and Behavioral Sciences](#).

EDUC 4484, Clinical Teaching in Elementary PE

Prerequisite(s): Admission to the Educator Preparation Program and approval of the Teacher Education Committee.

Clinical teaching is among the final requirements in the undergraduate Educator Preparation Program. This course must be taken during one of the last two semesters prior to graduation. In this course students are assigned to a classroom or classrooms for half of the semester from Monday through Friday for the entire school day. This course must be taken concurrently with EDUC 4485; this provides a full semester of clinical teaching experience. This course is part of the preparation for both the BS degree and certification in Physical Education (EC-12). Students enrolled in clinical teaching must also enroll and attend the Clinical Teaching Seminar EDUC 4400.

EDUC 4485 Clinical Teaching in Secondary PE

Prerequisite(s): Admission to the Educator Preparation Program and approval of the Teacher Education Committee.

Clinical teaching is among the final requirements in the undergraduate Educator Preparation Program. This course must be taken during one of the last two semesters prior to graduation. In this course students are assigned to a classroom or classrooms for half of the semester from Monday through Friday for the entire school day. This course must be taken concurrently with EDUC 4484; this provides a full semester of clinical teaching experience. This course is part of the preparation for both the BS degree and certification in Physical Education (EC-12). Students enrolled in clinical teaching must also enroll and attend the Clinical Teaching Seminar EDUC 4400.

EDUC 4487 Clinical Teaching in the Bilingual Classroom

Prerequisite(s): Admission to the Educator Preparation Program and approval of the Teacher Education Committee.

Clinical teaching is among the final requirements in the undergraduate Educator Preparation Program. This course must be taken during one of the last two semesters prior to graduation. In this course students are assigned to a classroom or classrooms for the semester from Monday through Friday for the entire school day. This course is part of the preparation for both the BS

degree and certification in Bilingual Generalist-Spanish (EC-6). Students enrolled in clinical teaching must also enroll and attend the Clinical Teaching Seminar EDUC 4400.

EDUC 4493, Clinical Teaching in Elementary Art

Prerequisite(s): Admission to the Educator Preparation Program and approval of the Teacher Education Committee.

Clinical teaching is among the final requirements in the undergraduate Educator Preparation Program. This course must be taken during one of the last two semesters prior to graduation. In this course students are assigned to a classroom or classrooms for half of the semester from Monday through Friday for the entire school day. This course must be taken concurrently with EDUC 4496; this provides a full semester of clinical teaching experience. The course is part of the preparation for both the BS degree and certification in Art (EC-12). Students enrolled in clinical teaching must also enroll and attend the Clinical Teaching Seminar EDUC 4400.

EDUC 4494 Clinical Teaching in Elementary School Music

Prerequisite(s): Admission to the Educator Preparation Program and approval of the Teacher Education Committee.

Clinical teaching is among the final requirements in the undergraduate Educator Preparation Program. This course must be taken during one of the last two semesters prior to graduation. In this course students are assigned to a classroom or classrooms for half of the semester from Monday through Friday for the entire school day. This course must be taken concurrently with EDUC 4497 or EDUC 4498; this provides a full semester of clinical teaching experience. The course is part of the preparation for both the BS degree and certification in Art (EC-12). Students enrolled in clinical teaching must also enroll and attend the Clinical Teaching Seminar EDUC 4400.

EDUC 4495 Clinical Teaching in Secondary School Subjects

Prerequisite(s): Admission to the Educator Preparation Program and approval of the Teacher Education Committee.

Clinical teaching is among the final requirements in the undergraduate Educator Preparation Program. This course must be taken during one of the last two semesters prior to graduation. In this course students are assigned to a classroom or classrooms for the semester from Monday through Friday for the entire school day. This course is part of the preparation for both a BS degree and high school certification (grades 7-12) in the chosen teaching field. Students enrolled in clinical teaching must also enroll and attend the Clinical Teaching Seminar EDUC 4400.

EDUC 4496 Clinical Teaching in Secondary Art

Prerequisite(s): Admission to the Educator Preparation Program and approval of the Teacher Education Committee.

Clinical teaching is among the final requirements in the undergraduate Educator Preparation Program. This course must be taken during one of the last two semesters prior to graduation. In this course students are assigned to a classroom or classrooms for half of the semester from Monday through Friday for the entire school day. This course must be taken concurrently with EDUC 4493; this provides a full semester of clinical teaching experience. The course is part of the preparation for both the BS degree and certification in Art (EC-12). Students enrolled in clinical teaching must also enroll and attend the Clinical Teaching Seminar EDUC 4400.

EDUC 4497 Clinical Teaching in Secondary School Choral Music

Prerequisite(s): Admission to the Educator Preparation Program and approval of the Teacher Education Committee.

Clinical teaching is among the final requirements in the undergraduate Educator Preparation Program. This course must be taken during one of the last two semesters prior to graduation. In this course students are assigned to a classroom or classrooms for half of the semester from Monday through Friday for the entire school day. This course must be taken concurrently with EDUC 4494; this provides a full semester of clinical teaching experience. The course is part of the preparation for both the BS degree and certification in Art (EC-12). Students enrolled in clinical teaching must also enroll and attend the Clinical Teaching Seminar EDUC 4400.

EDUC 4498 Clinical Teaching in Secondary School Instrumental Music

Prerequisite(s): Admission to the Educator Preparation Program and approval of the Teacher Education Committee.

Clinical teaching is among the final requirements in the undergraduate Educator Preparation Program. This course must be taken during one of the last two semesters prior to graduation. In this course students are assigned to a classroom or classrooms for half of the semester from Monday through Friday for the entire school day. This course must be taken concurrently with EDUC 4494; this provides a full semester of clinical teaching experience. The course is part of the preparation for both the BS degree and certification in Art (EC-12). Students enrolled in clinical teaching must also enroll and attend the Clinical Teaching Seminar EDUC 4400.

EDUC 4872 Clinical Teaching in All-Level Special Education

Prerequisite(s): Admission to the Educator Preparation Program and approval of the Teacher Education Committee.

Clinical teaching is among the final requirements in the undergraduate Educator Preparation Program. This course must be taken during one of the last two semesters prior to graduation. In this course students are assigned to a classroom or classrooms for the semester from Monday through Friday for the entire school day. The course is part of the preparation for both the BS degree and certification in Special Education (EC-12). Students enrolled in clinical teaching must also enroll and attend the Clinical Teaching Seminar EDUC 4400.

EDUC 4873 Clinical Teaching in the EC-6 Classroom

Prerequisite(s): Admission to the Educator Preparation Program and approval of the Teacher Education Committee.

Clinical teaching is among the final requirements in the undergraduate Educator Preparation Program. This course must be taken during one of the last two semesters prior to graduation. In this course students are assigned to a classroom or classrooms for the semester from Monday through Friday for the entire school day. This course is part of the preparation for both the BS degree and certification in the EC-6. Students enrolled in clinical teaching must also enroll and attend the Clinical Teaching Seminar EDUC 4400.

EDUC 5000 Clinical Teacher Seminar

Prerequisite(s): Admission to the Educator Preparation Program, approval of the Teacher Education Committee and enrolled in a clinical teaching course.

This course is founded on foundational research-based content and best practices in education concerning the topics of classroom management, assessment and professional development. The seminar for clinical teachers is interactive includes exploration of issues of particular interest and value to students as they complete their Educator Preparation Programs. These issues include the process of acquiring a teaching position (applications, resumes, interview skills, etc.), classroom management/discipline, ethical and legal issues related to teaching, communication with parents, portfolio construction and other issues encountered during clinical teaching. Support and encouragement in the form of sharing and problem solving will occur during each of the weekly sessions. Students enrolled in Clinical Teaching Seminar EDUC 5000 must also be enrolled in clinical teaching in their area of certification.

EDUC 5101 Internship I

Prerequisite(s): Must have a PBC plan on file in the School of Education office or a Masters with Initial Certification degree plan on file in the Registrar's office and be employed in an EC-12 School as a teacher.

This is a field-based course required for students in the HBU Post Baccalaureate with Certification Program or in a Masters with Initial Certification degree plan. To be enrolled in the course, the student must be employed as a teacher in an EC-12 state-accredited School. HBU faculty will provide regular supervision and support for the student during the semester to assist the student in becoming a successful and effective teacher. (Offered Fall and Spring only.)

EDUC 5181 Special Topics

A service course designed to permit the offering of topics of current interest and special workshops. May also be used for individual study, in which a minimum of 40 clock hours of directed study is required for each semester hour of credit. Topics and projects are selected on the basis of student interest and need.

EDUC 5201 Internship II

Prerequisite(s): EDUC 5101

This is a field-based course required for students in the HBU Post Baccalaureate with Certification Program or in a Masters with Initial Certification degree plan. To be enrolled in the course, the student must be employed as a teacher in an EC-12 state-accredited School and have completed EDUC 5101 in the semester immediately prior (excluding summer). HBU faculty will provide regular supervision and support for the student during the semester to assist the student in becoming a successful and effective teacher. Preparation for the EC-12 Pedagogy and Professional Responsibilities certification exam is provided during this course. (Offered Fall and Spring only.)

EDUC 5281 Special Topics

A service course designed to permit the offering of topics of current interest and special workshops. May also be used for individual study, in which a minimum of 40 clock hours of directed study is required for each semester hour of credit. Topics and projects are selected on the basis of student interest and need.

EDUC 5302 Multimedia Instructional Strategies

Prerequisite(s): None

This course is part of the introductory sequence of courses designed to introduce and train educators in the appropriate applications of instructional technology. Information acquisition will focus on methodologies and appropriate use of multimedia as an instructional tool. Application of skills will focus on demonstrated proficiency in manipulation of text,

graphics, and sound. Problem-solving activities will focus on the integration of multimedia programs as appropriate. Participants will complete the design and development of an individual multimedia project and a group multimedia project, using advanced technical features and multiple sources of media. Participants will learn to use multimedia tools to enhance their own communication, expand their repertoire of instructional strategies, and lead students in creating their own multimedia projects

EDUC 5305 Technology Enhanced Instructional Design

Prerequisite(s): EDUC 5306

This course is designed to provide integrated and in-depth understanding of the principles and processes of technology-enhanced instructional design and curriculum development. Learning will be focused on the application of learner, instructional, and resource analyses with an emphasis on technology-enhanced resources, assessment, and computer-based curriculum management.

EDUC 5306 Educational Applications of Technology

Prerequisite(s): None

A broad spectrum of technology application is explored including the use of word processing, software evaluation, Internet use, multimedia, and telecommunications. Technology is used for communication, management, teaching, and learning. Researching the role technology plays in digital natives of today and how that influences teaching and learning will be examined with special emphasis on how to change digital immigrant teachers' methodology and pedagogy. Students will also be exposed to and begin to demonstrate competencies related to the Master Technology Teacher Standards.

EDUC 5320 Teaching Methodology for Secondary Teachers

Prerequisite(s): Teacher Certification

This course combines campus-based instruction with a minimum of 25 clock hours of field-based experience in observation and the planning and presenting of lessons for prospective student teachers or interns. An emphasis is placed upon lesson presentation skills; lesson preparation and planning, using a variety of teaching methods including technology; application of classroom management skills; and research into the teaching of the specific content area for which the student is being certified.

EDUC 5331 Mathematics for Pre-Adolescents

Prerequisite(s): None

This course prepares prospective and practicing preschool, elementary School and middle School teachers to teach mathematics effectively. Students overview all aspects of the PK-6 mathematics curriculum and acquire an in depth knowledge of the content, methods, and materials involved in the development of mathematical processes and of the number and operations strand of preschool, elementary, and middle School mathematics. Classroom use of models and manipulatives is emphasized.

EDUC 5335 Clinical Teaching in the 4-8 Classroom

Prerequisite(s): Admission to the Educator Preparation Program, approval of the Teacher Education Committee and enrolled in a clinical teaching course.

Clinical teaching is among the final requirements in the graduate Educator Preparation Program. This course must be taken during one of the last two semesters prior to graduation. In this course students are assigned to a classroom or classrooms for the semester from Monday through Friday for the entire school day. This course is part of the preparation for both a MED degree and certification (grades 4-8) in the chosen teaching field. Students enrolled in clinical teaching must also enroll and attend the Clinical Teaching Seminar EDUC 5000.

EDUC 5340 Social Studies for Pre-Adolescents

Prerequisite(s): EDUC 5313, 5314, 6302 or 6312 or teacher certification

This course provides an exploration of social studies content and skills as well as teaching/learning materials and strategies for developing content and skills at preschool through grade 6 levels. Essential knowledge and skills are emphasized. Field-based experiences and technology applications are required. (Offered also as INDC 4340)

EDUC 5350 Science for Pre-Adolescents

Prerequisite(s): None

This course is an exploration of teaching science for educators in preschool through grade 6. Graduate students will examine a variety of science curricula as well as teaching/learning materials and strategies for developing new content and skills at preschool through grade 6 levels. Applications of knowledge and skills are emphasized. Technology applications are required.

EDUC 5360, Essential Elements of Math

Prerequisite(s): Teacher Certification and any one Curriculum and Instruction course (EDUC 6202, 6312, or 6322).

This course prepares prospective and practicing preschool, elementary School and middle School teachers to teach mathematics effectively. Students acquire an in-depth knowledge of the content, methods, and materials involved in the development of mathematical processes and in development of the number and operations strand of preschool, elementary, and middle School mathematics. Classroom applications and use of models and manipulatives are emphasized. Fieldwork in which students teach mathematics in an elementary or middle School is required.

EDUC 5361 Clinical Teaching in Elementary School Spanish

Prerequisite(s): Admission to the Educator Preparation Program, approval of the Teacher Education Committee and enrolled in a clinical teaching course.

Clinical teaching is among the final requirements in the graduate Educator Preparation Program. This course must be taken during one of the last two semesters prior to graduation. In this course students are assigned to a classroom or classrooms for half of the semester from Monday through Friday for the entire school day. This course must be taken concurrently with EDUC 5362; this provides a full semester of clinical teaching experience. The course is part of the preparation for both the MED degree and certification in Spanish (EC-12). Students enrolled in clinical teaching must also enroll and attend the Clinical Teaching Seminar EDUC 5000.

EDUC 5362 Clinical Teaching in Secondary School Spanish

Prerequisite(s): Admission to the Educator Preparation Program, approval of the Teacher Education Committee and enrolled in a clinical teaching course.

Clinical teaching is among the final requirements in the graduate Educator Preparation Program. This course must be taken during one of the last two semesters prior to graduation. In this course students are assigned to a classroom or classrooms for half of the semester from Monday through Friday for the entire school day. This course must be taken concurrently with EDUC 5361; this provides a full semester of clinical teaching experience. The course is part of the preparation for both the MED degree and certification in Spanish (EC-12). Students enrolled in clinical teaching must also enroll and attend the Clinical Teaching Seminar EDUC 5000.

EDUC 5371 Clinical Teaching in the EC-6 Classroom or Clinical Teaching in the EC-6 Bilingual Classroom

Prerequisite(s): Admission to the Educator Preparation Program, approval of the Teacher Education Committee and enrolled in a clinical teaching course.

Clinical teaching is among the final requirements in the graduate Educator Preparation Program. This course must be taken during one of the last two semesters prior to graduation. In this course students are assigned to a classroom or classrooms the semester from Monday through Friday for the entire school day. This course is part of the preparation for both the MED degree and certification in EC-6 or EC-6 Bilingual. Students enrolled in clinical teaching must also enroll and attend the Clinical Teaching Seminar EDUC 5000.

EDUC 5373 Clinical Teaching in the 7-12 Classroom

Prerequisite(s): Admission to the Educator Preparation Program, approval of the Teacher Education Committee and enrolled in a clinical teaching course.

Clinical teaching is among the final requirements in the graduate Educator Preparation Program. This course must be taken during one of the last two semesters prior to graduation. In this course students are assigned to a classroom or classrooms for the semester from Monday through Friday for the entire school day. This course is part of the preparation for both a MED degree and high school certification (grades 7-12) in the chosen teaching field. Students enrolled in clinical teaching must also enroll and attend the Clinical Teaching Seminar EDUC 5000.

EDUC 5374 Clinical Teaching in EC-6/Special Education EC-12 Classrooms

Prerequisite(s): Admission to the Educator Preparation Program, approval of the Teacher Education Committee and enrolled in a clinical teaching course.

Clinical teaching is among the final requirements in the graduate Educator Preparation Program. This course must be taken during one of the last two semesters prior to graduation. In this course students are assigned from Monday through Friday for the entire school day in an EC- 6 classroom for half of the semester and are assigned in a Special Education EC-12 classroom for the remainder of the semester. This course is part of the preparation for both the MED degree and certification in EC-6 and in Special Education Grades (EC-12). Students enrolled in clinical teaching must also enroll and attend the Clinical Teaching Seminar EDUC 5000.

EDUC 5375 Essential Elements of Fine Arts and PE/Health

Prerequisite(s): None

This course explores EC-6 fine arts, PE and Health content and methodology. It includes development of knowledge skills, and dispositions identified in the art, music, theatre, PE and Health TEKS (Texas Essential Knowledge and Skills), as well as ways to integrate into learning in other content areas.

EDUC 5380 Essential Elements of Social Studies

Prerequisite(s): EDUC 6302 or 6312

This course provides an in-depth study of social studies content and skills, as well as teaching/learning materials and strategies for developing content and skills at preschool through grade 12 levels. Teachers will apply content knowledge as they learn to implement and enhance classroom essential knowledge and skills; construct assessments that assess in a differentiated manner using multiple approaches to assessment; and create diagnostic assessment tools. Emphasis is placed on developing a professional perspective and knowledge base designed for service as a teacher leader at campus/district/national levels. Technology integration to enhance instruction is an integral element of the course.

EDUC 5381 Special Topics

A service course designed to permit the offering of topics of current interest and special workshops. May also be used for individual study, in which a minimum of 40 clock hours of directed study is required for each semester hour of credit. Topics and projects are selected on the basis of student interest and need.

EDUC 5384 Clinical Teaching in Elementary Physical Education

Prerequisite(s): Admission to the Educator Preparation Program, approval of the Teacher Education Committee and enrolled in a clinical teaching course.

Clinical teaching is among the final requirements in the graduate Educator Preparation Program. This course must be taken during one of the last two semesters prior to graduation. In this course students are assigned to a classroom or classrooms for half of the semester from Monday through Friday for the entire school day. This course must be taken concurrently with EDUC 5385; this provides a full semester of clinical teaching experience. The course is part of the preparation for both the MED degree and certification in Physical Education (EC-12). Students enrolled in clinical teaching must also enroll and attend the Clinical Teaching Seminar EDUC 5000.

EDUC 5385 Clinical Teaching in Secondary Physical Education

Prerequisite(s): Admission to the Educator Preparation Program, approval of the Teacher Education Committee and enrolled in a clinical teaching course.

Clinical teaching is among the final requirements in the graduate Educator Preparation Program. This course must be taken during one of the last two semesters prior to graduation. In this course students are assigned to a classroom or classrooms for half of the semester from Monday through Friday for the entire school day. This course must be taken concurrently with EDUC 5384; this provides a full semester of clinical teaching experience. The course is part of the preparation for both the MED degree and certification in Physical Education (EC-12). Students enrolled in clinical teaching must also enroll and attend the Clinical Teaching Seminar EDUC 5000.

EDUC 5393 Clinical Teaching in Elementary School Art

Prerequisite(s): Admission to the Educator Preparation Program, approval of the Teacher Education Committee and enrolled in a clinical teaching course.

Clinical teaching is among the final requirements in the graduate Educator Preparation Program. This course must be taken during one of the last two semesters prior to graduation. In this course students are assigned to a classroom or classrooms for half of the semester from Monday through Friday for the entire school day. This course must be taken concurrently with EDUC 5396; this provides a full semester of clinical teaching experience. The course is part of the preparation for both the MED degree and certification in Art (EC-12). Students enrolled in clinical teaching must also enroll and attend the Clinical Teaching Seminar EDUC 5000.

EDUC 5394 Clinical Teaching in Elementary School Music

Prerequisite(s): Admission to the Educator Preparation Program, approval of the Teacher Education Committee and enrolled in a clinical teaching course.

Clinical teaching is among the final requirements in the graduate Educator Preparation Program. This course must be taken during one of the last two semesters prior to graduation. In this course students are assigned to a classroom or classrooms for half of the semester from Monday through Friday for the entire school day. This course must be taken concurrently with EDUC 5397 or EDUC 5398; this provides a full semester of clinical teaching experience. The course is part of the preparation for both

the MED degree and certification in Music (EC-12). Students enrolled in clinical teaching must also enroll and attend the Clinical Teaching Seminar EDUC 5000.

EDUC 5396 Clinical Teaching in Secondary School Art

Prerequisite(s): Admission to the Educator Preparation Program, approval of the Teacher Education Committee and enrolled in a clinical teaching course.

Clinical teaching is among the final requirements in the graduate Educator Preparation Program. This course must be taken during one of the last two semesters prior to graduation. In this course students are assigned to a classroom or classrooms for half of the semester from Monday through Friday for the entire school day. This course must be taken concurrently with EDUC 5393; this provides a full semester of clinical teaching experience. The course is part of the preparation for both the MED degree and certification in Art (EC-12). Students enrolled in clinical teaching must also enroll and attend the Clinical Teaching Seminar EDUC 5000.

EDUC 5397 Clinical Teaching in Secondary School Choral Music

Prerequisite(s): Admission to the Educator Preparation Program, approval of the Teacher Education Committee and enrolled in a clinical teaching course.

Clinical teaching is among the final requirements in the graduate Educator Preparation Program. This course must be taken during one of the last two semesters prior to graduation. In this course students are assigned to a classroom or classrooms for half of the semester from Monday through Friday for the entire school day. This course must be taken concurrently with EDUC 5394; this provides a full semester of clinical teaching experience. The course is part of the preparation for both the MED degree and certification in Music (EC-12). Students enrolled in clinical teaching must also enroll and attend the Clinical Teaching Seminar EDUC 5000.

EDUC 5398 Clinical Teaching in Secondary School Instrumental Music

Prerequisite(s): Admission to the Educator Preparation Program, approval of the Teacher Education Committee and enrolled in a clinical teaching course.

Clinical teaching is among the final requirements in the graduate Educator Preparation Program. This course must be taken during one of the last two semesters prior to graduation. In this course students are assigned to a classroom or classrooms for half of the semester from Monday through Friday for the entire school day. This course must be taken concurrently with EDUC 5394; this provides a full semester of clinical teaching experience. The course is part of the preparation for both the MED degree and certification in Music (EC-12). Students enrolled in clinical teaching must also enroll and attend the Clinical Teaching Seminar EDUC 5000.

EDUC 6181 Special Topics

A service course designed to permit the offering of topics of current interest and special workshops. May also be used for individual study, in which a minimum of 40 clock hours of directed study is required for each semester hour of credit. Topics and projects are selected on the basis of student interest and need.

EDUC 5181, 5281, 5381, 6181, 6281, 6381 Special Topics

A service course designed to permit the offering of topics of current interest and special workshops. May also be used for individual study, in which a minimum of 40 clock hours of directed study is required for each semester hour of credit. Topics and projects are selected on the basis of student interest and need.

EDUC 6301 Classroom Management

Prerequisite(s): None

A study of a broad spectrum of approaches to classroom management, including authoritarian, behavior-modification, group-process, instructional, and psycho-emotional-climate orientations. Examination of research regarding effective classroom management. Exploration of multiple strategies for handling common classroom management problems. (Offered also as EDAD 6307.)

EDUC 6302 Elementary School Curriculum and Instruction

Prerequisite(s): None

This course is designed to provide an integrated and in-depth understanding of principles of curriculum and instruction, as well as practical experiences in instructional design for elementary school contexts and learners. Multiple approaches to learning, the roles of teachers in the teaching-learning process, as well as current Texas state curriculum requirements and guidelines are explored. The effective use of media/technology is included. Fieldwork is required.

EDUC 6304 Children, Adolescents, and Learning

Prerequisite(s): None

This course combines a study of learning (including both cognitive and behavioral perspectives), human development (childhood through adolescence), and assessment (traditional and performance; teacher-made and standardized). Related constructs such as motivation and self-esteem are explored.

EDUC 6307 Design of Print-Based Media

Prerequisite(s): EDUC 5306

Information acquisition activities include analysis of graphic and text layout design for various print-based media. Application competencies include creation and evaluation of documents using advanced standards and styles of publishing. Problem-solving activities will focus on matching the appropriate production software.

EDUC 6308 Distance Learning

Prerequisite(s): EDUC 5306

Information acquisition focuses on case studies and research efforts documenting effective and ineffective applications of distance learning technologies. Application of research findings will lead to the development of a distance learning prospectus. By participating in distance learning demonstrations and simulations, students will apply and test instructional strategies appropriate for learners in a remote learning scenario. Problem-solving activities will include delivery system design and program design.

EDUC 6312 Secondary School Curriculum and Instruction

Prerequisite(s): None

This course is designed to provide an integrated and in-depth understanding of principles of curriculum and instruction, as well as practical experiences in instructional design for secondary school contexts and learners. Multiple approaches to learning, the roles of teachers in the teaching-learning process, as well as current Texas state curriculum requirements and guidelines are explored. The effective use of media/technology is included. Fieldwork is required.

EDUC 6315 American Educational Reform

Prerequisite(s): None

In this course of study the historical, philosophical, sociological and political influences of the past, present, and future issues and trends of American education are examined. Emphasis is placed on interconnectivity and impact on teaching and learning in both private and public venues. Study framed within this context provides opportunity for the professional educator to develop a deeper understanding of the current challenges faced in educational settings. A broad selection of readings range from traditional classical works to current perspectives on challenging issues such as: demographics, diversity, vouchers, charter Schools, home Schooling, accountability, high-stakes testing, special needs, giftedness, bilingual instruction, technology, and more.

EDUC 6320 Research Techniques and Procedures

Prerequisite(s): None

A study of a spectrum of research methods related to psychological and educational research. The course is designed to develop research knowledge and skills. Included are theory, techniques, designs, evaluation of research, and integration of findings into professional decision-making. (Offered also as EDAD 6310 and PSYC 6320)

EDUC 6322 Curriculum and Instruction: Grades K-12

Prerequisite(s): None

This course provides a study of influencing factors and guiding principles for curriculum and instruction in grades K-12. It includes practical experience in instructional design as well as first-hand teaching experiences. It is designed to provide integrated and in-depth understandings of principles and processes for curriculum and instruction, as well as practical experiences in planning and facilitating learning (instructional design, media/technology usage, and classroom teaching). The role of the student and teacher in the teacher-learning process as well as current Texas curriculum requirements, including Essential Knowledge and Skills, are explored.

EDUC 6330 Teaching Methodology for the Professional

Prerequisite(s): None

Structured to meet the needs of those professionals who must design, organize, and present materials to various target populations, this graduate level course focuses on teaching methods, media, and evaluation of the learning process.

EDUC 6370 Critical Issues in Teaching Reading in the Elementary School

Prerequisite(s): None

An analysis of issues important to effective development of reading abilities during the elementary School years. Emphasis is placed upon teaching comprehension processes and understanding factors which affect comprehension processes.

EDUC 6371 Critical Issues in Teaching Reading in the Secondary School

Prerequisite(s): None

An analysis of issues important to effective development of reading abilities during the secondary School years. Emphasis is placed upon teaching comprehension processes and understanding factors which affect comprehension processes.

EDUC 6381 Special Topics

A service course designed to permit the offering of topics of current interest and special workshops. May also be used for individual study, in which a minimum of 40 clock hours of directed study is required for each semester hour of credit. Topics and projects are selected on the basis of student interest and need.

English (ENGL) Course Descriptions

See [Professional Writing \(WRIT\)](#) for writing courses.

ENGL 1303 Basic Grammar and Composition

Prerequisite(s): None

A prerequisite course for enrollment in ENGL 1320 for students scoring below 18 on the English section of the ACT or below 480 on the SAT. Students with no available test scores will also be enrolled in ENGL 1303. ENGL 1303 is an introduction to the principles of composition accomplished through the study of grammar, standard English usage, and rhetorical techniques and strategies. This course emphasizes basic grammar and composition and focuses on sentence structure and on organizing and developing the short essay. Students must also register for one writing lab, ENGL 1003 which meets for two hours weekly. ENGL 1303 does not meet the Smith College requirements for either the BA or the BS degree but does carry elective credit.

ENGL 1320 Writing for Wisdom I

Prerequisite(s): SAT Essay Subscore 08 or SAT Writing 500 or ACT English 22 or ENGL 1303 with a minimum grade of C
This course teaches the fundamentals of College reading, thinking, and writing from a classical, Christian perspective. Writing for Wisdom grounds students in a deep understanding of and appreciation for proper standards of written English including mechanical skills and forms while using writing as a vehicle for intellectual, emotional, ethical, and spiritual wrestling. It moves past the kinds of fashionable current event topics normally assigned in freshmen Composition classes. Rather, students engage wider issues and questions: Who am I? Why am I here? What is my purpose? How do I know I am of value? Finally, through a close study of a series of classical works from our Greco-Roman and Judeo-Christian heritage, students will explore their status as citizens of a deliberative democracy and seek to define, and manifest in their lives, the nature of the Good, the True, and the Beautiful.

ENGL 1330 Writing for Wisdom II

Prerequisite(s): ENGL 1320

This course continues the study of composition and rhetoric introduced in English 1320: Writing for Wisdom I. Students will gain an understanding of why reading literature is deeply important for Christians, learn the conventions of such literary genres as poems, stories, novels, and plays, study methods of literary analysis, interpret literature from a Biblical perspective through the exploration of Biblical archetypes, typology, language constructions, and metaphor in classic works of English literature, and learn to write well-constructed and well-written arguments about literature and life in standard English including the use of research in MLA format and the writing of a fully developed research paper.

ENGL 2302 Chri Intellectual Trad II

For course description and prerequisites for this course, please [contact the Dean of the School of Humanities](#).

ENGL 2315 Great Works of Literature I

Prerequisite(s): ENGL 1320 and 1330

A reading course in the literary heritage of western civilization. This course includes readings from the Greeks, the Romans, and the Middle Ages.

ENGL 2325 Great Works of Literature II

Prerequisite(s): ENGL 1320 and 1330

A reading course in the literary heritage of western civilization. This course includes readings from the 18th century to the present.

ENGL 2353 Continental Literature

Prerequisite(s): ENGL 1320 and 1330 or their equivalents.

This course acquaints students with the significant literature written in continental Europe. All material read is in English translation. No works written in the Americas or in England are included.

ENGL 2363 Masterworks: Poetry

Prerequisite(s): ENGL 1320 and 1330

This course shows students how to read poetry and allows them to increase their abilities to read, understand and enjoy many types of poetry from many periods.

ENGL 2364 Masterworks: Fiction

Prerequisite(s): ENGL 1320 and 1330

This course acquaints students with significant masterpieces of short fiction from all over the world, although the majority selected stem from the Western tradition. Students become active and responsive readers and develop insights into the imaginative and intellectual dimensions of shorter fiction.

ENGL 2365 Masterworks: Drama

Prerequisite(s): ENGL 1320 and 1330

This course acquaints students with some of the most popular plays, ranging over the entire spectrum of Western literary history. Students learn to identify the aims and techniques of the theater and develop an appreciation of those qualities that produce vital and exiting stage productions.

ENGL 2367 Masterworks: English Literature

Prerequisite(s): ENGL 1320 and 1330

This course acquaints students with selected major works of English literature from various periods.

ENGL 2368 Masterworks: American Literature

Prerequisite(s): ENGL 1320 and 1330

This course acquaints students with selected major works of American literature.

ENGL 3313 English Literature I

Prerequisite(s): ENGL 1320 and 1330

A survey of the historical development of English literature from its beginning through the eighteenth century: historical background and major authors of each period. The course will provide requisite information for advanced study in major periods of English literature. For English majors or by permission of the instructor.

ENGL 3321 Special Topics

Prerequisite(s): ENGL 1320 and 1330

Topics are determined by faculty and interested students with the approval of the Department Chair. Ethnic literature, science fiction, and Christ archetypes in literature are examples of possible areas of interest.

ENGL 3323 English Literature II

Prerequisite(s): ENGL 1320 and 1330

A survey of the historical development of English literature of the nineteenth and twentieth centuries: historical background and major authors of each period. The course will provide requisite information for advanced study in major periods of English literature. For English majors or by permission of the instructor.

ENGL 3331 American Literature I

Prerequisite(s): ENGL 1320 and 1330

This course examines the beginnings of America's literary self-definition in the Colonial Period and covers the rise of American Romanticism and its culmination in writers such as Emerson, Poe, Hawthorne, Melville, Thoreau, and Dickinson. For English majors or by permission of the instructor.

ENGL 3332 American Literature II

Prerequisite(s): ENGL 1320 and 1330

This course examines American literary trends after the Civil War, including Realism, Naturalism, and Modernism. Writers under consideration include Twain, S. Crane, Frost, Stevens, Fitzgerald, Hemingway, and Faulkner. For English majors or by permission of the instructor.

ENGL 3334 Literature and Culture of the Southwest

Prerequisite(s): 1320 and 1330

The course addresses the way the American West has shaped American culture and popular culture. It examines the Frontier Myth, Manifest Destiny, Regeneration through Violence, America's cowboy archetype, the 'savage' archetype, and the American dream. Students read literature written by authors from a variety of cultures, including Anglo, Mexican-American, and Native American. Students view television shows and films to examine how popular culture has created and enforced stereotypes. The course is designed for non-majors seeking upper level elective credit or to fulfill Smith College requirements.

ENGL 3342 Women's Literature

Prerequisite(s): ENGL 1320 and 1330

This course will acquaint students with literature by and about women from the medieval period to the present. Through a study of various literary genres, students will learn that the issues that concern women transcend time, place, race, religion, and

ethnicity. This course is designed for non-English majors seeking upper level elective credit or to fulfill Smith College requirements and for persons seeking certification in Language Arts Grades 6-8 and Grades 8-12.

ENGL 3346 Austen and the Brontes

Prerequisite(s): ENGL 1320 and 1330

This course covers selected novels of Jane Austen and Charlotte, Emily, and Anne Bronte, influential 19th century writers who wrote of affairs of the heart with insight and passion. Students will study the authors, social and intellectual milieu and discuss their works and compare them to some of the film adaptations of these popular works.

ENGL 3363 Film Studies

Prerequisite(s): ENGL 1320 and 1330 or their equivalents.

An introduction to the art of film. Students are provided with a methodology and a vocabulary for understanding film and are encouraged to consider how different directors guide and shape our perceptions of reality, how different genres generate their own unique vision of the world and of humanity, how the multi-media aspects of film affect us as viewers, how film provides us with a record of cultural values and cultural change, and how screen writers, actors, directors, and cinematographers translate literary genres into visual terms. This course may not be used as a Humanities selection in the Smith College requirements. It may be used for elective credit.

ENGL 3370 Hispanic Literature

Prerequisite(s): ENGL 1320 and 1330

The study of major periods and masterworks of Hispanic literature, read and discussed in English. Introduces literary/cultural figures of medieval and early modern Spain (El Cid, Don Quixote, Don Juan); and includes major 20th-century writers, as well as literary movements that were propagated from Latin America to the rest of the literary world (e.g., magical realism). This course may not be used to fulfill requirements for the Spanish major. (Offered also as SPAN 3370.)

ENGL 3371 Chronicles of Narnia

Prerequisite(s): ENGL 1320 and 1330

Students complete a close reading of the seven novels that make up the Chronicles of Narnia by C. S. Lewis. Students assess how and to what extent the Chronicles successfully foster spiritual maturity, strength of character, and moral virtue. Special focus will be placed on the Christian allegories that underlie each of the novels.

ENGL 3372 Multicultural Literature

Prerequisite(s): ENGL 1320 and 1330

Students study ethnic literatures, including works by authors from the following cultural voices: North American Indian, African American, Mexican American, Asian American, and Americans of Middle Eastern descent.

ENGL 3373 Shakespeare

Prerequisite(s): ENGL 1320 and 1330

A study of selected tragedies, history plays, and comedies, with emphasis on the major tragedies. Some consideration will be given to the cultural and philosophical characteristics of the Elizabethan Age as they are reflected in the drama of Shakespeare. For English majors or permission of the instructor.

ENGL 3377 Lord of the Rings

Prerequisite(s): ENGL 1320 and 1330

Students complete readings from Beowulf and selected Arthurian romances and a close reading of The Hobbit and The Lord of the Rings. The course also includes an overview of The Silmarillion and a discussion of how Tolkien was influenced by Norse mythology, Beowulf, Arthurian Romances, his Catholic faith, and his friendship with C. S. Lewis.

ENGL 3378 The Legacy of Greece

Prerequisite(s): ENGL 1320 and 1330

This course takes students on an exciting journey through the great literary works of Ancient Greece: Homer's Iliad and Odyssey; Aeschylus' Oresteia (Agamemnon, Libation Bearers, Eumenides), Sophocles' Oedipus, Antigone, Women of Trachis, and Philoctetes; Euripides' Medea, Hippolytus and Bacchae. The course examines the nature of the epic and tragic hero and those universal questions we all must answer for ourselves: Who am I?, What is my purpose?, How do I know I am of value? The course will also offer an overview of ancient Greek history and consider Greece's legacy for Western civilization.

ENGL 3379 The Legacy of Rome

Prerequisite(s): ENGL 1320 and 1330

This course takes students on an exciting journey through the great literary works of Ancient Rome and Medieval Italy: Virgil's

Aeneid; Ovid's *Metamorphoses*, Dante's *Divine Comedy: Inferno, Purgatorio, Paradiso*. The course examines the nature of the classical and medieval epic hero and those universal questions we all must answer for ourselves: Who am I?, What is my purpose?, How do I know I am of value? The course will also offer an overview of ancient Roman history, consider Rome's legacy for Western civilization, and discuss how Dante, while imitating pagan writers, was able to fashion a Christian epic.

ENGL 3381 Special Topics

For course description and prerequisites for this course, please [contact the Dean of the School of Humanities](#).

ENGL 3384 Religion in American Literature and Film

Prerequisite(s): ENGL 1320 and 1330

Students read novels, including Flannery O'Connor's *Wise Blood*, Davis Grubb's *Night of the Hunter* (screenplay by James Agee), Sinclair Lewis's *Elmer Gantry*, and Marilyn Robinson's *Gilead*. Students also view films based on these and other novels that portray religion in 20th century American society, and learn to analyze both genres for plot, characterization, metaphors, themes and other literary elements.

ENGL 3385 The Writings of C.S. Lewis

Prerequisite(s): None

C.S. Lewis, the greatest Christian apologist of the 20th century, has challenged three generations of readers to think logically and imaginatively about their faith, their moral behavior, and their view of man, God, and the universe. This class will study closely Lewis' seven major apologetical works (*Mere Christianity*, *The Problem of Pain*, *Miracles*, *Screwtape Letters*, *The Great Divorce*, *The Abolition of Man*, and *A Grief Observed*) and seek to determine why these works have had such a phenomenal and growing impact both on Christians of all denominations and on those of other (or no) religious backgrounds.

ENGL 3386 The Inklings

Prerequisite(s): None

Although the late 19th century was a golden age for children's literature, after WWI a more cynical, "realistic" Europe relegated fairy tales to the nursery. A group known as the Inklings—which centered on C.S. Lewis, J.R.R. Tolkien, and Charles Williams—played a major role in revising the reputation of fantastical literature. This class will study Lewis's *Space Trilogy* (*Out of the Silent Planet*, *Perelandra*, *That Hideous Strength*) and *Till We Have Faces*, Tolkien's shorter fairy tales and essay "On Fairy Stories", and one of the spiritual warfare novels of Charles Williams (*Descent into Hell*). The class will also consider how the Inklings were influenced by the faerie stories of George MacDonald (*Phantastes*, *Lillith*), and the imaginative apologetics of G.K. Chesterton (*Orthodoxy*, *The Everlasting Man*).

ENGL 4304 Methods of Teaching English as a Second Language

Prerequisite(s): EDUC 4301 and 4312 or permission of the instructor.

Theories, pedagogical considerations and current methodology in the teaching of listening, speaking, reading, and writing skills for second languages and target cultures. Emphasis on developing interpersonal communication skills of beginning and intermediate ESL students. (Offered as EDBI 4304, FREN 4304, and SPAN 4304.)

ENGL 4311 Literary Criticism

Prerequisite(s): ENGL 1320 and 1330 or HNRS 2310 and 2340

A survey of literary theory from Plato to Postmodernism. The course provides an understanding of the different theoretical structures, Schools, and methodologies that have influenced our understanding and appreciation of literature. It explores the presuppositions upon which each theoretical system is founded and the special terminology associated with each system. Students planning to pursue a graduate degree are strongly encouraged to take this course.

ENGL 4313 Periods of English Literature

Prerequisite(s): ENGL 1320 and ENGL 1330

Intensive study of the major works of one of the following periods: (a) The Middle Ages, (b) The Renaissance, (c) The Seventeenth Century, (d) The Eighteenth Century, (e) The Romantic Age, (f) The Victorian Age, or (g) The Twentieth Century.

ENGL 4314 Periods of English Literature

Prerequisite(s): ENGL 1320 and 1330

Intensive study of the major works of one of the following periods: (a) The Middle Ages, (b) The Renaissance, (c) The Seventeenth Century, (d) The Eighteenth Century, (e) The Romantic Age, (f) The Victorian Age, or (g) The Twentieth Century.

ENGL 4315 Periods of English Literature

Prerequisite(s): ENGL 1320 and 1330

Intensive study of the major works of one of the following periods: (a) The Middle Ages, (b) The Renaissance, (c) The

Seventeenth Century, (d) The Eighteenth Century, (e) The Romantic Age, (f) The Victorian Age, or (g) The Twentieth Century.

ENGL 4316 Periods of English Literature

Prerequisite(s): ENGL 1320 and 1330

Intensive study of the major works of one of the following periods: (a) The Middle Ages, (b) The Renaissance, (c) The Seventeenth Century, (d) The Eighteenth Century, (e) The Romantic Age, (f) The Victorian Age, or (g) The Twentieth Century.

ENGL 4317 Periods of English Literature

Prerequisite(s): ENGL1320 and 1330

Intensive study of the major works of one of the following periods: (a) The Middle Ages, (b) The Renaissance, (c) The Seventeenth Century, (d) The Eighteenth Century, (e) The Romantic Age, (f) The Victorian Age, or (g) The Twentieth Century.

ENGL 4318 Periods of English Literature

Prerequisite(s): ENGL 1320 and 1330

Intensive study of the major works of one of the following periods: (a) The Middle Ages, (b) The Renaissance, (c) The Seventeenth Century, (d) The Eighteenth Century, (e) The Romantic Age, (f) The Victorian Age, or (g) The Twentieth Century.

ENGL 4319 Periods of English Literature

Prerequisite(s): ENGL 1320 and 1330

Intensive study of the major works of one of the following periods: (a) The Middle Ages, (b) The Renaissance, (c) The Seventeenth Century, (d) The Eighteenth Century, (e) The Romantic Age, (f) The Victorian Age, or (g) The Twentieth Century.

ENGL 4323 Periods of American Literature

Prerequisite(s): ENGL 1320 and 1330

Intensive study of the major works of one of the following periods: (a) Age of Romanticism, (b) Age of Realism and Naturalism, or (c) The Twentieth Century.

ENGL 4324 Periods of American Literature

Prerequisite(s): ENGL 1320 and 1330

Intensive study of the major works of one of the following periods: (a) Age of Romanticism, (b) Age of Realism and Naturalism, or (c) The Twentieth Century.

ENGL 4325 Periods of American Literature

Prerequisite(s): ENGL 1320 and 1330

Intensive study of the major works of one of the following periods: (a) Age of Romanticism, (b) Age of Realism and Naturalism, or (c) The Twentieth Century.

ENGL 4381 Special Topics/Independent Study

Prerequisite(s): ENGL 1320 and 1330

Engineering Science (ENGR) Course Descriptions

ENGR 1301 Introduction to Engineering

Prerequisite(s): MATH 1313 and 1323 or the equivalent

An introduction to the engineering profession, including registration, ethics, and an introduction to the different fields of engineering. Topics include: a review of basic mathematical skills required for engineering, including operations with vectors, matrices, and complex numbers; the use of graphing calculators and computer algebra systems; an introduction to engineering analysis and design techniques; and the use of word processors, spreadsheets, and computer-aided-design software in engineering. Includes one semester hour credit for laboratory sessions.

ENGR 1302 Introduction to Engineering II

Prerequisite(s): ENGR 1301

A continuation of ENGR 1301. Topics include: explorations of basic mechanics, acoustics, optics, thermodynamics, analog and digital electronics, and computer systems. This course also covers additional mathematical skills required for engineering: numerical techniques, statistics, nonlinear systems, iterative systems, and chaotic behavior. Includes one semester hour credit for laboratory sessions.

Educational Psychology (EPSY) Course Descriptions

EPSY 5310 Ethical/Prof Issues: Psyc/Coun

For course description and prerequisites for this course, please contact the Dean of the College of Education and Behavioral Sciences.

EPSY 5313 Methods and Techniques in Counseling

Prerequisite(s): None

This course will introduce the student to those active listening skills which communicate the qualities of empathy, genuineness and unconditional positive regard. The course will include role-playing and videotaped exercises. Other selected interventions will be included.

EPSY 5323 Theories of Counseling and Psychotherapy

Prerequisite(s): None

Comprehensive and intensive study of major theoretical orientations in counseling and psychotherapy, stressing implications for research and practice. Includes experiences in micro-counseling and other simulations to develop counseling skills. (Offered also as PSYC 4323/5323.)

EPSY 5330 Psychology of Learning

Prerequisite(s): None

A course stressing the contributions of major learning theories to understanding behavior. Particular attention is paid to human learning and the applicability of learning theory to the educational process as well as to goal attainments. (Offered also as PSYC 4330, EDUC 4330, PSYC 5330.)

EPSY 5363 Principles of Guidance

Prerequisite(s): None

Introduction to philosophical and historical foundations of guidance and counseling, stressing practical problems of organizing and implementing guidance programs in the secondary and elementary Schools. Consideration is given to professional issues, present and future, as they impact the role and function of the counselor. Includes the design of a guidance and counseling program for an elementary, secondary, or postsecondary institution.

EPSY 5381 Special Topics

A service course designed to permit the offering of topics of current interest and special workshops. May also be used for individual study, in which a minimum of 40 clock hours of directed study is required for each semester hour of credit. Topics and projects are selected on the basis of student interest and need. Permission of the department required.

EPSY 6181 Special Topics

A service course designed to permit the offering of topics of current interest and special workshops. May also be used for individual study, in which a minimum of 40 clock hours of directed study is required for each semester hour of credit. Topics and projects are selected on the basis of student interest and need. Permission of the department required.

EPSY 6191 Counseling Practicum

This course includes supervised field experience in counseling with emphasis on methods and techniques and evaluation. Competence in counseling is developed.

EPSY 6192 Counseling Practicum

This course includes supervised field experience in counseling with emphasis on methods and techniques and evaluation. Competence in counseling is developed.

EPSY 6281 Special Topics

A service course designed to permit the offering of topics of current interest and special workshops. May also be used for individual study, in which a minimum of 40 clock hours of directed study is required for each semester hour of credit. Topics and projects are selected on the basis of student interest and need. Permission of the department required.

EPSY 6301 Principles of Human Development

Prerequisite(s): None

Intensive study and examination of literature and theory in developmental psychology as it relates to persons through the lifespan from infancy through adulthood. Social and personality development, intellectual development, language acquisition,

and developmental expectations are emphasized. The unique concerns of the exceptional child are studied as well as in-depth, case-study skill development. (Offered also as PSYC 6301.)

EPSY 6302 Measurement and Appraisal

Prerequisite(s): None

Principles and techniques of psychological measurement are emphasized. Major instruments are surveyed, exclusive of projective measures and individual intellectual measures. The knowledge and skills covered can apply in a variety of settings: agencies, clinics, Schools, and businesses. Uses and critical evaluation of achievement, aptitude, interest, and non-projective personality tests are included, as are experiences in administering and scoring of tests, and ethical standards for uses of tests. (Offered also as PSYC 6302.)

EPSY 6305 Individual Psychological Evaluation

Prerequisite(s): EPSY 6302

Review of theory underlying individual ability tests; supervised practice in test administration, scoring, and interpretation. Skills in report preparation are addressed. The Wechsler scales are emphasized. (Offered also as EDSP/PSYC 6305.)

EPSY 6306 Career Information and Career Counseling

Prerequisite(s): EPSY 6302

Methods and processes of collecting, organizing, evaluating, and interpreting educational, occupational, and personal-social information. Theories of career development are included as well as the counselor's role in career education. Career interest inventories and other measures are reviewed with reference to their utility in career counseling.

EPSY 6308 Methods of Group Guidance

Prerequisite(s): EPSY 5323 or permission of the instructor.

Group aspects of student personnel and clinical work for counselors, administrators, and other professionals dealing in services where group counseling is provided. Theory and research relevant to providing group counseling to various populations are emphasized. Didactic and experiential activities are offered. (Offered also as PSYC 6308.)

EPSY 6310 Clinical Psychopathology

For course description and prerequisites for this course, please [contact the Dean of the College of Education and Behavioral Sciences](#).

EPSY 6381 Special Topics

A service course designed to permit the offering of topics of current interest and special workshops. May also be used for individual study, in which a minimum of 40 clock hours of directed study is required for each semester hour of credit. Topics and projects are selected on the basis of student interest and need. Permission of the department required.

Finance (FINA) Course Descriptions

FINA 3315 Security Markets and Financial Institutions

Prerequisite(s): FINA 3320

An introduction to the US financial system. Topics include interest rate theory, financial markets such as money markets and capital markets including stock and bond markets, and financial institutions such as banks and other depository institutions, finance companies, insurance companies, investment companies, pension funds, securities firms. (Offered also as ECON 3315.)

FINA 3320 Corporate Finance

Prerequisite(s): ACCT 2301 and BUSA 2311

Introduction to the basic concepts, principles, and analytical techniques of financial management. Topics include financial planning and analysis, risk and return, time value of money, valuation and capital budgeting. The following key aspects of finance will be emphasized on net present value, cash flows, and the tradeoff between risk and return.

FINA 3322 Introduction to Risk Management

Prerequisite(s): FINA 3320

This course provides an introduction to corporate risk management by combining concepts, tools, and techniques from finance and related disciplines such as economics and statistics. It discusses the identification, measurement, and management of risk from both personal and corporate perspectives. Topics covered include how to characterize and measure risks, compare and price risk, evaluate the effects that risk has upon stakeholder incentives and firm value, etc.

FINA 3330 International Finance

Prerequisite(s): FINA 3320

A study of the theories and practices of international trade and finance, direction and composition of world trade, institutions for facilitating trade, international payments, capital movement, exchange rates. (Offered also as ECON 3330.)

FINA 4307 Investment Principles

Prerequisite(s): FINA 3320

An introductory investment course designed to teach students how to make investment decisions. It helps prepare students become investment professionals and financial planners. It analyzes different types of investment products and discusses the characteristics of different kinds of investors for purposes of developing an effective investment policy. Topics include debt securities, equity securities, derivative securities, security analysis, and portfolio management. The course provides the first good step for those students who are interested in obtaining the CFP® (Certified Financial Planner) certification or the CFA® (Chartered Financial Analyst) charter. (Offered also as ECON 4307.)

FINA 4318 Corporate Financial Management

Prerequisite(s): FINA 3320

This course will examine the theories and practice of corporate finance and provide practical solutions to the problems faced by financial managers and analysts. This course will demonstrate the problems of utilizing financial decision making tools under uncertainty, establish a framework for the analysis of financial problems, and illustrate the breadth of financial decision making.

FINA 4330 Financial Analysis and Modeling

Prerequisite(s): FINA 4318

This course will introduce students to the fundamentals of financial modeling using the theories, concepts, and tools covered in FINA 3310, Corporate Finance, and FINA 4318, Corporate Financial Management. Extensive application of spreadsheet models incorporating real life financial data is used to familiarize students with the methodology in financial analysis and financial decision-making. Specific emphasis is on the interpretation of financial statements and their forecasts in support of planning, budgeting, and asset, as well as corporate, valuation objectives.

FINA 4181, 4281, 4381 Special Topics

Prerequisite(s): Approval of the Dean of the Dunham College of Business.

Directed study of a minimum of thirty clock hours for each hour of credit. Provides an opportunity for finance majors to conduct detailed investigations of selected finance problems.

FINA 5260 Principles of Finance

Prerequisite(s): None

An introduction to the basic theory and tools of financial management. Topics include financial statement analysis, risk and return, time value of money, and security valuation.

FINA 6330 Financial Management

Prerequisite(s): None

Application of current financial analysis techniques within the firm. Topics covered include capital budgeting techniques, investment analysis, capital structure decisions, financial planning, and working capital management. The course includes review of multinational or global corporations and multinational versus domestic financial management. This course also looks at business ethics and social responsibility by firms, including agency problem, management compensation, and executive stock options. Legal aspects are considered throughout the course and involve Securities and Exchange Commission (SEC), bankruptcy, reorganizations, liquidation proceedings, initial offerings (IPOs) and mergers, leveraged buyouts (LBOs), divestitures, and holding companies. Graduate Business programs only.

FINA 6332 Investments

Prerequisite(s): FINA 6330

A detailed analysis of the types of investment media integrated with the basic concepts of portfolio selection, diversification, and risk management. Sophisticated investment techniques and strategy will be utilized. Graduate Business programs only.

FINA 6333 International Finance

Prerequisite(s): FINA 6330 or ACCT 5460

Studies of the factors that influence international financial decision making and the institutions and instruments that facilitate international trade and investment. Includes the international payments system, foreign exchange rates, and international capital movements. Graduate Business programs only.

FINA 6335 Risk Management

Prerequisite(s): FINA 6330

Decision-making under uncertainty and the management of risk by corporations, recognizing the relationship between risk management and the overall goals of the firm. Emphasis is placed upon the identification, measurement and management of corporate risks. Risk exposures due to complex financial structures are also covered in this course. Graduate Business programs only.

Freshman Year Seminar (FYS) Course Descriptions

FYS 1100 Freshmen Year Seminar

For course description and prerequisites for this course, please contact the Dean of the Smith College of Liberal Arts.

FYS 1300 Freshman Year Seminar

Prerequisite(s): None

The ultimate purpose of College is student learning. The purpose of the first-year seminar is to help the new student begin exploring how to make his or her education, both in and out of the classroom, relevant and meaningful. Emphasis is on assisting the student in becoming aware of the spectrum of learning opportunities at this university, directing the student to the academic, social, cultural, recreational, and spiritual resources and opportunities to the university and teaching the new student how to effectively utilize and take part in these as a new member of the university community.

Government (GOVT) Course Descriptions

GOVT 2313 American and Texas Government

Prerequisite(s): None

A survey of the structure and operation of the national and Texas governments. This course is required for certification to teach in the public Schools of Texas.

GOVT 2334 Campaigns and Elections

Prerequisite(s): None

An analysis of the American electoral system and political campaigns. This course focuses on political parties, campaign strategy, the electoral process, public opinion, and voter turnout.

GOVT 2343 Public Policy

Prerequisite(s): None

This course will examine policy issues at the national level including crime, welfare, healthcare, the environment, taxation, immigration, defense, and education. The course will not only emphasize policy content, but also will focus upon the policy process, the influence of various political personalities on shaping public policy, and policy evaluation.

GOVT 2350 Introduction to Criminal Justice

Prerequisite(s): None

This course is designed to provide an introduction into criminal justice. It will improve one's basic understanding of crime and the criminal justice systems and familiarize one with the key concepts and terminology utilized in the field by discussing the role of the core elements: police, courts, and corrections. It will force students to examine individual rights protected by the constitution and balance them against a community's need for public safety and public order. It highlights the complexities of the criminal justice discipline and encourages students to think critically and employ ethical reasoning by presenting real-life examples faced by criminal justice practitioners and asking the student to balance values, criminal procedures, and the law when coming up with solutions. (This course is usable under the Public Law Option of the Degree Plan.)

GOVT 2360 Understanding Politics

Prerequisite(s): None

This course explores the purpose and function of government from both theoretical and applied perspectives. Students will read various foundational theories of government, understand different ways in which governments can be designed and implemented, and examine the working governments of countries other than the United States.

GOVT 3340 Legal Aspects of Criminal Justice

Prerequisite(s): None

This course is designed to provide an in-depth look into the aspects of law which are relevant to and essential for a better understanding of the criminal justice system and its related processes. Laws that govern policing are primarily based upon the United States Constitution, United States Supreme Court decisions, and statutes passed by the United States Congress and state legislatures. This course focuses on these sources but will present the material in a format and in language designed to meet the needs and interests of non-lawyers while preserving the meaning and content of the law as interpreted by the courts. This class will force students to examine individual rights protected by the constitution and balance them against a community's need for public safety and public order. It highlights the complexities of the criminal justice discipline and encourages students to think critically and employ ethical reasoning by presenting real-life examples faced by criminal justice practitioners and asking the student to balance values, criminal procedures, and the law when coming up with solutions. (This course is usable under the Public Law Option of the degree plan.)

GOVT 3341 Ethics, Crime, and Criminal Justice

Prerequisite(s): None

This course is designed to provide a comprehensive study of ethics, crime, and criminal justice by exploring different themes and issues, including concepts such as good vs. evil, right vs. wrong, duty, obligation, virtue, freedom, rationality, and free will. The themes that ethics explores underlie many circumstances we routinely confront as individuals, groups, organizations, communities, and cultures. Ultimately, if the criminal justice aim of ethics is realized, the student will be equipped to adopt more informed beliefs, to make better decisions, to undertake healthier actions, to be a better citizen, and consequently, to live a more rewarding and fulfilling life in the United States or any country on earth. The study into criminal justice ethics concludes by discussing why faith matters and how it could matter more.

GOVT 3342 Foundations of Criminal Law

Prerequisite(s): None

The course will focus on introducing students to the substantive criminal law and the criminal justice system. The course will include a treatment of the origin of laws, the penal code, the definition of law and crime, general principles of criminal responsibility, elements of major crimes, punishments, conditions or circumstances which may excuse one from criminal responsibility or mitigate punishment, and introduce students to the court system. Although the course will familiarize students with federal criminal law, the main emphasis will be on the penal laws of Texas (Texas Penal Code).

GOVT 3344 The American Court System

Prerequisite(s): None

Survey of state and federal court systems, the U.S. Supreme Court, introduction to civil and criminal law, the role of lawyers, judges, and juries in the American court system. This course is basic to pre-law.

GOVT 3345 Ancient and Medieval Political Thought

Prerequisite(s): None

An examination of classic dilemmas and recurrent problems in political theory and how they are dealt with by ancient Greek, Roman, and feudal thinkers. This course will focus on the original writings of philosophers who have made a substantial contribution to political theory, from Plato to Machiavelli.

GOVT 3348 American Political Thought

Prerequisite(s): None

This course covers American political thought from the colonial experience, the Revolution, the drafting of the Constitution, the Civil War, the Civil Rights movement, to the present - an analysis of ideas that shaped the American political system.

GOVT 3353 Contemporary Political Thought

Prerequisite(s): None

A study of the major political doctrines of the present day, with primary emphasis upon Marxism, Fascism, and the doctrines of the modern democratic state.

GOVT 3374 The United States Congress

Prerequisite(s): None

An analysis of the institutional behavior, procedures, and organization of Congress. Special attention paid to the roles of representatives, senators, lobbyists, and the legislative process.

GOVT 3384 The Presidency

Prerequisite(s): None

Analysis of the nation's chief executive, including the origins of the office, electoral process, powers and duties of the office, organization and staffing of the White House, and influence on national and world politics.

GOVT 3390 Law and Justice: Great Trials of the Western Legal Tradition

Prerequisite(s): None

An analysis of the great trials that shaped the Western legal tradition, from ancient Athens to contemporary America. This course focuses on the formation and justification of three principles of justice (reason, autonomy, and consent) which define the natural law jurisprudence underlying the legal and governmental institutions of England and the United States. This course also examines the horrific consequences of abandoning these principles of justice in three 20th century legal systems: the Soviet Union, Nazi Germany, and the United States. (This course is usable under the Public Law Option of the degree plan.)

GOVT 3394 Law and Religion in the United States

Prerequisite(s): None

This course provides the historical background for the development of the separation of church and state and the subsequent development of secularism. Law and religion is designed to teach students to think in sophisticated ways about religious liberty and the interaction of religion and politics.

GOVT 4310 Jurisprudence, Law, and Legal Theory

Prerequisite(s): None

This course presents an introduction to jurisprudence. It surveys (1) the rudiments of the common law system, (2) the existence conditions (essential elements) of law, and (3) what determines the legal validity (enforceability) of law. These issues necessarily involve a number of fundamental philosophical issues, including: 1) the appropriate relationship between law and morality, 2) the appropriate relationship of the individual to the state, and the appropriate limits and boundaries of

governmental coercion, 3) the nature of justice, and the principles of reason, autonomy, and consent, 4) the relationship between individual liberty and the protection of property, freedom of expression, and freedom of religious belief and practice., 5) the appropriate limits and boundaries of judicial discretion, and 6) constitutional interpretation. The course also addresses important substantive issues of tort law, property law, contract law, and constitutional law. The course concludes by examining the recent emergence of the economic approach to law, a judicial philosophy that evaluates the morality of law by its ability to generate profits. (This course will be included in the Political Theory Option of the degree plan.)

GOVT 4313 Constitutional Law

Prerequisite(s): None

A study of judicial review, the political role of the courts, American federalism, the jurisdiction of and the limitations on the judicial branch, the power of taxation, the commerce power, the substantive and procedural rights of the individual, and the powers of the President.

GOVT 4333 United States Foreign Policy

Prerequisite(s): None

A survey of the foundation of foreign policy and the major diplomatic developments from the founding period to the present. Emphasis will be placed on the means and methods by which United States foreign policy is formulated and executed.

GOVT 4343 Intelligence and National Security

Prerequisite(s): None

An analysis of the role played by the American intelligence community (CIA, NSA, DIA, etc.) in the assessment and realization of U.S. national security interests, with special attention to methods, duties, and prerogatives of the various agencies that make up the intelligence community.

GOVT 4353 International Relations

Prerequisite(s): None

A survey of contemporary international political conditions. Along with the analysis of the forces and pressures behind contemporary events, the principles, origin, and development of international law and international organizations will be given consideration.

GOVT 4363 Political Economy of Latin America: Revolutions, Reform, and Resistance

Prerequisite(s): None

This course explores the political dynamics involved in economic decision-making and action in contemporary Latin America. In examining the relationship between politics and economics in the region, the course will focus on issues of dependency and development, neo-liberalism, authoritarian rule and transition to democracy, and religious and social mobilization in revolution.

GOVT 4381 Individual Topic/Independent Study

For course description and prerequisites for this course, please [contact the Dean of the School of Humanities.](#)

GOVT 4383 Internship in Political Science

Prerequisite(s): Permission of Instructor

Directed work experience in a variety of public and private organizations. The primary objective of this course is to provide students with opportunities to apply what they have learned in class in a career-oriented setting. Also provides students with the opportunity to attain applied research experience and develop analytic skills.

GOVT 4392 Independent Research Project

Prerequisite(s): Permission of the instructor

This course is designed to provide a mentoring experience for students interested in producing a research paper related to government/political science. The instructor will help students develop their research question and then will meet with them periodically throughout the semester to supervise the progress of their papers.

Greek (GREK) Course Descriptions

GREK 2312 Greek Grammar I

Prerequisite(s): None

An introduction to the forms, vocabulary, and grammatical usage of the Koine Greek, designed to give the student the tools necessary for translation and analysis of the Greek New Testament.

GREK 2322 Greek Grammar

Prerequisite(s): GREK 2312

A continuation of GREK 2312. An introduction to additional forms, vocabulary, and grammatical usage of Koine Greek designed to give the student the skills necessary for translation and analysis of the Greek New Testament.

GREK 3311 Greek Syntax and Reading I

Prerequisite(s): GREK 2312 and 2322

An intermediate study of Greek syntax with application to the translation and analysis of the Greek New Testament.

GREK 4351 Greek Reading and Syntax II

Prerequisite(s): GREK 2312, 2322, and 3311

Advanced study of Greek syntax with application to the translation and analysis of the Greek New Testament.

GREK 4352 Directed Studies in Greek

Prerequisite(s): GREK 2312, 2322, 3311, and 4351

Advanced study of Greek literature of the Koine period. This course may not be repeated more than twice.

GREK 5301 Greek I

Prerequisite(s): None

Greek I is a study of Koine Greek grammar and syntax for reading the Greek New Testament and selected extrabiblical literature.

GREK 5302 Greek II

Prerequisite(s): GREK 5301

Greek II is an advanced study of Koine Greek grammar and syntax for reading and exegesis of the Greek New Testament and other selected literature.

GREK 6301 Greek Studies I

Prerequisite(s): Permission of instructor or completion of GREK 5301 and 5302.

Introductory studies in Greek grammar and syntax of select literature of the Koine period.

GREK 6303 Greek Studies II

Prerequisite(s): GREK 6301

Intermediate studies in Greek grammar, syntax and linguistic approaches to select literature of the Koine period.

GREK 6351 Greek Studies III

Prerequisite(s): GREK 6303

Advanced studies in Greek grammar, syntax, and linguistic approaches to literature of the Koine Period.

GREK 6352 Advanced Directed Studies in Greek

Prerequisite: GREK 6351

Advanced studies in Greek grammar, syntax, linguistic approaches, and/or text critical theories with application to literature of the Koine Period. Course may be repeated as course content differs.

Hebrew (HEBR) Course Descriptions

HEBR 2312 Hebrew Grammar I

Prerequisite(s): None

An introduction to the forms, vocabulary, and grammatical usage of biblical Hebrew designed to give the student the skills necessary for the translation and analysis of the Hebrew Bible. An introduction to the forms, vocabulary, and grammatical usage of biblical Hebrew designed to give the student the skills necessary for the translation and analysis of the Hebrew Bible.

HEBR 2322 Hebrew Grammar II

Prerequisite(s): HEBR 2312

A continuation of HEBR 2312. An introduction to additional forms, vocabulary, and grammatical usage of biblical Hebrew designed to give the student the skills necessary for the translation and analysis of the Hebrew Bible.

HEBR 3311 Hebrew Reading and Syntax I

Prerequisite(s): HEBR 2312 and 2322

An intermediate study of Hebrew syntax with application to the translation and analysis of selected portions of the Hebrew Bible and/or Second Temple literature.

HEBR 4351 Hebrew Reading and Syntax II

Prerequisite(s): HEBR 2312 and 2322

Advanced study of Hebrew syntax with application to the translation of selected portions of the Hebrew Bible and/or Second Temple literature.

HEBR 4352 Directed Studies in Hebrew

Prerequisite(s): HEBR 2312, 2322, 3311, and 4351

Advanced study of the Hebrew Bible and/or selected Second Temple literature. This course may not be repeated more than twice.

HEBR 4393 Senior Seminar

Prerequisite(s): HEBR 2312, 2322, 3311, and 4351

Directed studies in the Hebrew Bible and other Second Temple literature.

HEBR 5301 Hebrew I

Prerequisite(s): None

Hebrew I is a study of Hebrew grammar and syntax for reading the Hebrew Bible and other Second Temple literature.

HEBR 5302 Hebrew II

Prerequisite(s): HEBR 5301

Hebrew II is an advanced study of Hebrew grammar and syntax for reading the Hebrew Bible and other Second Temple literature.

HEBR 6301 Hebrew Studies I

Prerequisite(s): Permission of the instructor or completion of HEBR 5301 and 5302.

Introductory studies in Hebrew grammar and syntax of select literature of the Hebrew Bible and/or Second Temple period.

HEBR 6303 Hebrew Studies II

Prerequisite(s): HEBR 6301

Intermediate studies in Hebrew grammar, syntax, and linguistic approaches with application to select readings from the Hebrew Bible and/or Second Temple literature.

HEBR 6351 Hebrew Studies III

Prerequisite(s): HEBR 6303

Advanced studies in Hebrew grammar, syntax, and linguistic approaches with application to select readings from the Hebrew Bible and/or Second Temple literature.

HEBR 6352 Advanced Directed Studies in Hebrew

Prerequisite(s): HEBR 6351

Advanced studies in Hebrew grammar, syntax, linguistic approaches, and/or text critical theories with application to literature of the Hebrew Bible and/or Second Temple literature. Course may be repeated as course content differs.

History (HIST) Course Descriptions

HIST 2303 Introduction to Historical Methods

Prerequisite(s): None

This course is designed to introduce students to the approaches and methods involved in the study of history. It will focus on basic tools of historical research and writing, questions about the concept of history, and the fundamental issues involved in studying the past.

HIST 2311 Western Civilization to 1500

Prerequisite(s): None

A survey of Western Civilization from the Ancient World to the end of the Middle Ages in Europe.

HIST 2312 Western Civilization from 1500

Prerequisite(s): None

A survey of Western Civilization from the Renaissance and Reformation to the present.

HIST 2313 U.S. History to 1877

Prerequisite(s): None

A survey of American history from its origins to the close of Reconstruction.

HIST 2323 U.S. History from 1877

Prerequisite(s): None

A survey of American history from the close of Reconstruction to the present.

HIST 2381 Special Topics/Independent Study

For course description and prerequisites for this course, please [contact the Dean of the School of Humanities.](#)

HIST 3311 American Religious History

Prerequisite(s): None

This course covers the history of American religion from the pre-contact period to the present.

HIST 3313 Colonial America

Prerequisite(s): None

An advanced survey of the establishment and development of the British colonies in North America to 1763. Includes the transplanting of English institutions and their modifications in the North American setting.

HIST 3314 Revolutionary and Early National America

Prerequisite(s): None

An advanced study of the causes and consequences of the American Revolution and the development of the United States to 1808. Includes the evolution of the political system from Confederation to Federation and the origin of political parties.

HIST 3323 Civil War and Reconstruction

Prerequisite(s): None

A study of the rise of sectionalism, the abolition crusade, the secession crisis, United States versus Confederate States, aftermath of the war, reconstruction, economic and social consequences of the war, and emergence of a New South.

HIST 3333 History of Texas

Prerequisite(s): None

A survey course from the period of exploration and early colonization to the present. It includes the struggle for independence, the Civil War in Texas, and the growth of the state into an industrialized, urbanized society.

HIST 3341 The Old South

Prerequisite(s): None

This course covers the history of the American South (the Old South) from the pre-contact period to the beginning of the Civil War.

HIST 3346 History of Latin America: From Kings to Presidents

Prerequisite(s): None

This course focuses on Latin America from the Spanish and Portuguese conquest to the twentieth century. Emphasis will be placed on the colonial era, the development of nationalism and independence movements, and the major historical developments in the last 70 years. The course will examine the region's development chronologically, examining the dominant trends across national boundaries, providing students with a framework to understand how current situations are rooted in past historical processes.

HIST 3354 History of Britain I - To 1688

Prerequisite(s): None

The origins and development of political, social, and cultural institutions in the British Isles, including Britain's impact on Europe and the British Empire. HIST 3354 extends from pre-roman times to 1714.

HIST 3364 History of Britain II - From 1688

Prerequisite(s): None

The origins and development of political, social, and cultural institutions in the British Isles, including Britain's impact on Europe and the British Empire. HIST 3364 starts at 1688 and deals with Britian's rise and fall as a colonial world power up to the present day.

HIST 3375 Great Texts in History

Prerequisite(s): None

This course introduces students to a variety of ideas, methods, and texts, and the kinds of genres and sources that compose historical studies. Emphasis is placed on the Great Books of the Western Tradition and other key historical texts that are important to the discipline.

HIST 3377 Ancient Greece

Prerequisite(s): None

This course examines the political, social, and cultural history of the ancient Greek world. Topics include the Archaic, Classical, and Hellenistic periods.

HIST 3378 Ancient Rome

Prerequisite(s): None

This course examines the political, social, religious, and cultural history of the ancient Roman world from the founding of Rome to approximately AD 250. Topics include Republican expansion, transition to Empire, and Pax Romana.

HIST 3379 Late Antiquity

Prerequisite(s): HIST 2311, 2312, 2313, and 2323

This course examines the political, social, religious and cultural history of the Mediterranean world from approximately AD 250 to 600. Topics include the rise of Christianity, the Germanic migrations, and the birth of Islam.

HIST 3380 Blood & Fire: Religion, Science, and Medicine, 1000-1700

Prerequisite(s): None

This course explores the changes in natural philosophy and scientific thought in Christian Europe and the Muslim world during the medieval and early modern periods, as well as the role of religion in these changes. Particular emphasis is placed on advances in medicine and physics as well as the transition from a medieval to modern view of science.

HIST 3388 Comparative World Civilizations

Prerequisite(s): None

This course focuses on major world civilizations from ancient times to the present.

HIST 4181 Special Topics

Prerequisite(s): Permission of the instructor and the Dean of the College of Humanities.

Directed study of a minimum of thirty clock hours for each hour of credit. Projects are selected based on student interest and need. Open to history majors only.

HIST 4281 Special Topics

Prerequisite(s): Permission of the instructor and the Dean of the College of Humanities.

Directed study of a minimum of thirty clock hours for each hour of credit. Projects are selected based on student interest and need. Open to history majors only.

HIST 4311 Renaissance and Reformation

Prerequisite(s): None

This course examines the European cultural, religious, and social transformations that occurred between 1350 and 1650--transformations known as the Renaissance and Reformation.

HIST 4314 The Gilded Age and Progressive Era, 1870-1917

Prerequisite(s): None

An advanced study of the Gilded Age (1870-1890) and Progressive Era (1890-1917) as the formative stage of modern America.

HIST 4330 United States Legal History

Prerequisite(s): None

This course provides an introduction to the history of American law from the Declaration of Independence in 1776 to the establishment of women's suffrage in 1920.

HIST 4340 Unborn Life in the Western Tradition and American History

Prerequisite(s): None

This course explores the history of American ideas and practices regarding unborn human life within the context of the philosophical and religious traditions of the West.

HIST 4357 American Experience in Vietnam

Prerequisite(s): None

This course is a study of the American military experience in Vietnam, 1950-1975.

HIST 4381 Special Topics

Prerequisite(s): Permission of the instructor and the Dean of the College of Humanities.

Directed study of a minimum of thirty clock hours for each hour of credit. Projects are selected based on student interest and need. Open to history majors only.

HIST 4383 Internship in History

Prerequisite(s): HIST 2311 or 1314, HIST 2312 or 1324, HIST 2313, HIST 2323

Directed work experience in a variety of public and private organizations. The primary objective of this course is to provide students with opportunities to apply what they have learned in class in a career-oriented setting. Also provides students with the opportunity to attain applied research experience and develop analytic skills.

HIST 4392 Independent Research & Directed Read

For course description and prerequisites for this course, please [contact the Dean of the School of Humanities.](#)

Honors College (HNRS) Course Descriptions

HNRS 1020 Honors Writing I

Prerequisite(s): Admission to the Honors College

Corequisite(s): Concurrent enrollment in HNRS 1710 and 1030

A course designed to teach the writing and rhetorical skills needed to complement HNRS 1710.

HNRS 1030 Honors Lecture I

Prerequisite(s): Admission to the Honors College

Corequisite(s): Concurrent enrollment in HNRS 1710 and 1020

A lecture course designed to complement HNRS 1710 by providing information on the texts and authors that students examine in HNRS 1710.

HNRS 1050 Honors Writing II

Prerequisite(s): Admissions to the Honors College and HNRS 1710

Corequisite(s): Concurrent enrollment in HNRS 1740 and 1060

A course designed to teach the writing and rhetorical skills need to complement HNRS 1740.

HNRS 1060 Honors Lecture II

Prerequisite(s): Admissions to the Honors College and HNRS 1710

Corequisite(s): Concurrent enrollment in HNRS 1740 and 1050

A lecture course designed to complement HNRS 1740 by providing information on the texts and authors that students examine in HNRS 1740.

HNRS 1710 Walking to Piraeus: The Ancient Greek World

Prerequisite(s): Admission to the Honors College

Corequisite(s): Concurrent enrollment in HNRS 1020 and 1030

This course will explore the human intellectual tradition during the Classical Age. Students will examine themes that underscore human experience during a particular historical period from various academic perspectives. The themes may be chosen from leadership, war, race, ethics, globalization and community. Students will gain a critical understanding of the literary, philosophical, historical, theological, and socio-cultural traditions that shape our world. (Also offered as ENGL 2710)

HNRS 1740 All Roads Lead to Rome: The Ancient Roman & Early Christian Worlds

Prerequisite(s): Admission to the Honors College and HNRS 1710

Corequisite(s): Concurrent enrollment in HNRS 1050 and 1060

This course will explore the human intellectual tradition during the classical Roman period and the period of the early Christian church. Students will examine themes that underscore human experience during a particular historical period from various academic perspectives. The themes may be chosen from leadership, war, race, ethics, globalization, and community. Students will gain a critical understanding of the literary, philosophical, historical, theological, and socio-cultural traditions that shape our world.

HNRS 2020 Honors Writing III

Prerequisite(s): Admission to the Honors College and HNRS 1740

Corequisite(s): Concurrent enrollment in HNRS 2710 and 2030

A course designed to teach the writing and rhetorical skills needed to complement HNRS 2710.

HNRS 2030 Honors Lecture III

Prerequisite(s): Admission to the Honors College and HNRS 1740

Corequisite(s): Concurrent enrollment in HNRS 2710 and 2020

A lecture course designed to complement HNRS 2710 by providing information on the texts and authors that students examine in HNRS 2710.

HNRS 2050 Honors Writing IV

Prerequisite(s): Admission to the Honors College and HNRS 2710

Corequisite(s): Concurrent enrollment in HNRS 2740 and 2020

A course designed to teach the writing and rhetorical skills needed to complement HNRS 2740.

HNRS 2060 Honors Lecture IV

Prerequisite(s): Admission to the Honors College and HNRS 2710

Corequisite(s): Concurrent enrollment in HNRS 2740 and 2050

A lecture course designed to complement HNRS 2740 by providing information on the texts and authors that students examine in HNRS 2740.

HNRS 2710 Faith, Reason & Romance: The Medieval & Renaissance Worlds

Prerequisite(s): Admission to the Honors College and HNRS 1740

Corequisite(s): Concurrent enrollment in HNRS 2020 and 2030

This course will explore the human intellectual tradition during the medieval and Renaissance periods. Students will examine themes that underscore human experience during a particular historical period from various academic perspectives. The themes may be chosen from leadership, war, race, ethics, globalization and community. Students will gain a critical understanding of the literary, philosophical, historical, theological, and socio-cultural traditions that shape our world. (Also offered as ENGL 2720)

HNRS 2740 Enlightenment & Modernity: 1600-1800

Prerequisite(s): Admission to the Honors College and HNRS 2710

Corequisite(s): Concurrent enrollment in HNRS 2050 and 2060

This course will explore the human intellectual tradition during the Enlightenment and Modern periods. Students will examine themes that underscore human experience during a particular period from various academic perspectives. The themes may be chosen from leadership, war, race, ethics, globalization and community. Students will gain a critical understanding of the literary, philosophical, historical, theological, and socio-cultural traditions that shape our world.

HNRS 3020 Honors Writing VI

Prerequisite(s): Admission to the Honors College

Corequisite(s): Concurrent enrollment in HNRS 3710, 3030, and 3135

A course designed to teach the writing and rhetorical skills needed to complement HNRS 3710.

HNRS 3030 Honors Lecture V

Prerequisite(s): Admission to the Honors College

Corequisite(s): Concurrent enrollment in HNRS 3710, 3020, and 3135

A lecture course designed to complement HNRS 3710 by providing information on the texts and authors that students examine in HNRS 3710.

HNRS 3050 Honors Writing I

Prerequisite(s): Admission to the Honors College and HNRS 3710

Corequisite(s): Concurrent enrollment in HNRS 3740 and 3060

A course designed to teach the writing and rhetorical skills needed to complement HNRS 3740.

HNRS 3060 Honors Lecture VI

Prerequisite(s): Admission to the Honors College and HNRS 3710

Corequisite(s): Concurrent enrollment in HNRS 3740 and 3050

A lecture course designed to complement HNRS 3740 by providing information on the texts and authors that students examine in HNRS 3740.

HNRS 3199 Independent Study

Prerequisite(s): Admission to the Honors College and permission of the instructor.

Independent study on a research topic directed by a faculty member. May be repeated for credit only if the research topic differs.

HNRS 3299 Independent Study

Prerequisite(s): Admission to the Honors College and permission of the instructor.

Independent study on a research topic directed by a faculty member. May be repeated for credit only if the research topic differs.

HNRS 3300 Honors Study Abroad: Oxford

Prerequisite(s): None

Much of the intellectual heritage of western civilization comes to us by way of England. The university system with its roots in the Middle Ages flowered in Oxford. Many of England's greatest writers have lived and studied in Oxford, and some have set

their works of literature in the city and the university. This seminar will examine several Oxford writers including C.S. Lewis, J.R.R. Tolkien, Evelyn Waugh, and G.K. Chesterton. Works by William Shakespeare and T.S. Eliot will also be considered. Where possible, lectures on and discussion of the works will take place in venues in and around Oxford that will deepen student appreciation and understanding.

HNRS 3399 Independent Study

Prerequisite(s): Admission to the Honors College and permission of the instructor.

Independent study on a research topic directed by a faculty member. May be repeated for credit only if the research topic differs.

HNRS 3710 The Last Two Hundred Years: 1800 to the Present

Prerequisite(s): Admissions to the Honors College and HNRS 2740

Corequisite(s): Concurrent enrollment in HNRS 3020, 3030, and 3135

This course will explore the human intellectual tradition during the last one hundred years. Students will examine themes that underscore human experience during a particular historical period from various academic perspectives. The themes may be chosen from leadership, war, race, ethics, globalization, community, and science. Students will gain a critical understanding of the literary, philosophical, historical, theological, and socio-cultural traditions that shape our world.

HNRS 3740 The Story of Scripture: The Biblical Narrative from Genesis to Revelation

Prerequisite(s): Admission to the Honors College and HNRS 3710

Corequisite(s): Concurrent enrollment in HNRS 3050 and 3060

This course will explore the biblical narrative from the beginning of the Old Testament to the end of the New Testament. Students will examine themes that underscore human experience recorded in the biblical text. The themes may be chosen from leadership, war, race, ethics, globalization, and community. Students will gain a critical understanding of the literary, philosophical, historical, theological, and socio-cultural traditions that shape our world.

HNRS 4310 Special Topics

Prerequisite(s): Admission to the Honors College and HNRS 3740

Topics are selected on the basis of students' needs and academic qualifications of faculty. May be repeated for credit only if course content differs.

HNRS 4320, Special Topics

Prerequisite(s): Admission to the Honors College and HNRS 3740 or permission of the instructor.

Topics are selected on basis of students' needs and academic qualifications of faculty. May be repeated for credit only if course content differs.

HNRS 4330 Special Topics

Prerequisite(s): Admission to the Honors College and HNRS 3740 or permission of the instructor.

Topics are selected on basis of students' needs and academic qualifications of faculty. May be repeated for credit only if course content differs.

HNRS 4340 Special Topics

Prerequisite(s): Admission to the Honors College and HNRS 3740 or permission of the instructor.

Topics are selected on basis of students' needs and academic qualifications of faculty. May be repeated for credit only if course content differs.

HNRS 4398 Senior Thesis

Prerequisite(s): Admission to the Honors College and permission of the director.

The Senior Thesis is a capstone learning experience in the Honors College. The thesis must be on an original topic, involve significant research and writing, and be defended orally upon its completion. A faculty advisor shall direct the research and writing project.

HNRS 4399 Senior Thesis

Prerequisite(s): Admission to the Honors College and permission of the director.

The Senior Thesis is a capstone learning experience in the Honors College. The thesis must be on an original topic, involve significant research and writing, and be defended orally upon its completion. A faculty advisor shall direct the research and writing project.

Honors Program (HONR) Course Descriptions

HONR 4399 Senior Honors Thesis

The Senior Honors Thesis is the capstone learning experience in the departmental honors program. The thesis must be at least 35 pages in length, include a one page abstract, be on an original topic, involve significant research, and must be defended orally upon its completion. A faculty thesis advisor shall direct the research and writing project. An approved prospectus is a pre-requisite for registration for this course.

Interdisciplinary Courses (INDC) Course Descriptions

INDC 2333 American Heritage Destinations

Prerequisite(s): None

This course explores various historical and cultural aspects of the nation's heritage in three specific locations: Boston, Philadelphia, and Washington D.C. The first week of the course will be spent in preparation for an academically oriented field trip during the second week. Students may repeat this course for each NEW destination. Only offered during May Fast Term each spring.

INDC 3310 Essential Elements of Art

Prerequisite(s): Admission to the Educator Preparation Program.

This course adds a concentrated focus on art education to an overview of fine arts history and education (including art, music and theatre). It explores the philosophy of preschool and elementary pedagogy based upon Discipline-based Art Education (DBAE) and Texas Essential Knowledge and Skills standards. Practical applications for integrating the arts into a cross-curriculum program are emphasized. Also offered as ART 3310.

INDC 3315 Cultural Craft for the Pre- Adolescent Student

Prerequisite(s): Admission to the Educator Preparation Program.

This course combines a basic multicultural study of classical and traditional craft and creative problems in three-dimensional media for teaching in the pre-adolescent (EC-6) classroom. (Offered also as ART 3315).

INDC 3316 Cultural Craft for the Adolescent Student

Prerequisite(s): Admission to the Educator Preparation Program.

This course encourages expanded multicultural appreciation of classical and traditional craft and includes practical experience and preparation for teaching a variety of fiber arts, printmaking, bookbinding, mosaic and three-dimensional design in the adolescent (6-8 and 9-12) classroom. (Offered also as ART 3316.)

INDC 3320 Essential Elements of Music

Prerequisite(s): Admission to the Educator Preparation Program.

This course adds a concentrated focus on music education to an overview of fine arts history and education (including art, music and theatre). It includes a study of the child voice, rote singing, development of rhythmic and melodic expression, directed listening, and music reading readiness. Basic materials including song text are studied, and simple percussion and melodic instruments are used in creative activities.

INDC 3381 Special Topics

For course description and prerequisites for this course, please [contact the Dean of the College of Education and Behavioral Sciences](#).

INDC 4160 Wellness and Fitness for Children

Prerequisite(s): Admission to the Educator Preparation Program.

This course prepares students to effectively teach health and P.E. in grades PK-6. In addition to PK-6 health content and methodology, it includes exploration of developmentally appropriate movement education methods for PK through grade 6 as well as ways to use movement activities to help children learn academic content areas other than health and P.E. (such as math, science, social studies and language arts).

INDC 4181 Special Topics

Prerequisite(s): Permission of the instructor.

Special course designed to respond to rapidly evolving issues in media and media technology.

INDC 4281 Special Topics

Prerequisite(s): Permission of the instructor.

Special course designed to respond to rapidly evolving issues in media and media technology.

INDC 4290 Classroom Management

For course description and prerequisites for this course, please [contact the Dean of the College of Education and Behavioral Sciences](#).

INDC 4294 Senior Seminar: Classroom Management

Prerequisite(s): None

Must be taken during the CDEV practicum. This course involves an exploration of means for creating and maintaining optimal learning environments and helping children and adolescents develop into considerate, responsible adults. It includes independent observation which must be completed during student teaching or the CDEV practicum. (Offered also as CDEV 4294 and EDUC 4294.)

INDC 4302 Multimedia Instructional Strategies

Prerequisite(s): None

This course is designed to develop skills necessary for today's educators in the development and integration of multimedia projects into their curriculum and to explore trends and issues in the use of multimedia tools for communication and instruction.

INDC 4305 Tech Enhanced Instruct Design

For course description and prerequisites for this course, please contact the Dean of the College of Education and Behavioral Sciences.

INDC 4319 Internet Resource Management

Prerequisite(s): None

Internet Resource Management is designed to allow participants to experience appropriate uses of technology as a learner, and thus better use technology in teaching and learning. The goal of this course is to provide a combination of hands-on and student-centered experiences that will assist in the management of Internet resources. These experiences will enable participants to search for information, share information, generate materials, and evaluate web-based instructional materials. Instructional strategies will focus on the acquisition, analysis, and synthesis of Internet resources that address appropriate educational needs.

INDC 4340 Social Studies for Pre-Adolescents

Prerequisite(s): EDUC 4301 and 5313 or 6302

This course provides an exploration of social studies content and skills as well as teaching/learning materials and strategies for developing content and skills at preschool through grade 6 levels. Essential knowledge and skills are emphasized. Field-based experiences and technology applications are required. (Offered also as EDUC 5340)

INDC 4350 Essential Elements of Science

Prerequisite(s): Admission to the Educator Preparation Program and EDUC 4301 or 4311

This course provides an exploration of science content and skills, as well as teaching/learning materials and strategies for helping preschool through grade six students learn science. It includes an overview of the Texas Essential Knowledge and Skills (TEKS) for science at these grade levels and exploration of discipline specific pedagogy and reading strategies. Technology applications are required.

INDC 4360 Essential Elements of Math

Prerequisite(s): Admission to the Educator Preparation Program, EDUC 4301 or 4311, MATH 2301, and MATH 2302

This math methods course prepares prospective elementary and middle School teachers with knowledge of methods and materials needed to teach math effectively. EC-6 math content is briefly reviewed as students explore research validated ways to develop children's problem solving and reasoning abilities as well as their understanding and use of whole numbers, decimals and fractions. Active learning using models and inquiry is emphasized. Fieldwork in which students teach mathematics in an elementary or middle School is required.

INDC 4380 Essential Elements of Social Studies

Prerequisite(s): Admission to the Educator Preparation Program and EDUC 4301 or 4311

This course is an introduction to theories, pedagogical considerations and current methodology, including technology integration, in the teaching of social studies to elementary age children. Students gain experience in applying this knowledge through instructional design projects and simulated teaching experiences. The course includes an overview of PK-8 social studies content including Texas history and world geography and an exploration of discipline specific reading strategies.

INDC 4381 Special Topics

Prerequisite(s): Permission of the instructor.

Special course designed to respond to rapidly evolving issues in media and media technology.

INDC 4385 Essential Elements of Fine Arts

Prerequisite(s): None

This course explores EC-6 fine arts content and methodology. It includes development of knowledge, skills and dispositions identified in the art, music and theatre Texas Essential Knowledge and Skills (TEKS) as well as ways to integrate fine arts into learning in other content areas.

INDC 4390 Advanced Elements of Social Studies

Prerequisite(s): Admission to the Educator Preparation Program and EDUC 4301 or 4311

This course provides an exploration of social studies content and skills. Social studies content will include World History, Geography, and Texas History. The course will introduce students to teaching/learning materials and strategies for developing concepts and skills for middle to high School students. Integration of technology and interactive learning are integral aspects of this course.

INDC 6331 Foreign Cultures

Prerequisite(s): None

As global corporations span national boundaries, their employees must interact with a wide variety of national cultures, societal structures, and world views. This course adopts the viewpoint of the anthropologist, applying anthropological theory to business situations. This course covers a wide variety of topics, including, but not limited to, the following: the methods of anthropology; issues of culture; issues of language and communication; the economic aspects of anthropology; the role of family and kinship in society; religion and ethics; gender; and issues of ethnicity. It also examines how national cultures affect behaviors in business situations. Graduate Business programs only.

Journalism & Mass Communication (JMC)

Course Descriptions

JMC 1313 History of American Journalism

Prerequisite(s): None

A study of the development of American Journalism, from colonial days to the present in context of social, economic, and political change.

JMC 1323 The Press and Democracy

Prerequisite(s): None

Examination of the principles, concepts, theories, and functions of journalism in American society including significant 20th and 21st century journalists.

JMC 1324 Fundamentals of Broadcasting

Prerequisite(s): None

The course acquaints the student with the equipment, terminology, and operation of a production studio and field production.

JMC 1325 Media Writing

Prerequisite(s): None

Media writing explores the different styles of writing information content, entertaining scripts, advertising copy, and public relations materials for print media, broadcast media, and mobile media. Students will learn how to gather information and various forms content, write for specific audiences, and check for accuracy.

JMC 2301 Publication Production - Newspaper

Prerequisite(s): Permission of the instructor.

This course offers the student the opportunity to prepare news, feature, entertainment, religion, and sports articles for publication in The Collegian. The Collegian newsroom offers students the opportunity to develop desktop publishing skills and to become familiar with software programs such as InDesign, PhotoShop, and Illustrator that are commonly used in multimedia productions. The student serves on the newspaper staff under the direction of The Collegian editor and faculty advisor.

JMC 2302 Publication Production - Video

Prerequisite(s): Permission of the instructor.

This course offers the student the opportunity to develop video production techniques by preparing videos for a variety of HBU venues including possible publication on The Collegian Website or the HBU Website. Students will digitally shoot, edit using industry-standard software, render in a variety of digital formats, and upload their videos to a website for grading. The student works under the direction of the course instructor. External hard drive required.

JMC 2324 Editing News Copy

Prerequisite(s): None

Introduces the fundamentals of news media copyediting for grammar, punctuation, style rules, condensing, rewriting and headline writing.

JMC 2414 Reporting and Writing I

Prerequisite(s): ENGL 1313 and 1323

Teaches the fundamentals of news reporting and writing. Lectures, discussions and laboratory work provide training in the development and organization of basic news stories and in meeting deadlines. This course includes one semester hour credit for laboratory sessions.

JMC 3302 Multimedia Production

Prerequisite(s): JMC 2414 or JOUR 2303

This course will emphasize both traditional journalistic values and skills, while also preparing students to function in a dynamic and evolving multimedia environment. Assignments are designed to help students to work across multiple-media platforms, including broadcast, print, and online journalism. The goal is to develop a range of techniques that includes research, writing, editing, and presentation for news, corporate and strategic communication in print, audio, video and online. Students produce projects that may be distributed and/or entered in competitions.

JMC 3324 Multimedia Production

For course description and prerequisites for this course, please [contact the Dean of the School of Fine Arts.](#)

JMC 3325 Principles of Public Relations

Prerequisite(s): None

This course teaches the theory and practice of public relations, how public relations operates in organizations, its impact on publics, and its function in society. The course will also focus on professional development of the field; concepts, issues, and principles in the practice; and models and theories guiding the practice.

JMC 3326 Understanding Audiences

Prerequisite(s): None

Fundamentals of research in mass communication with focus on how people are attracted to media. Principles of messages and markets, appropriate strategies for analyzing message effectiveness. Practical training in how to conduct primary and secondary research, understand sampling, questionnaire design, survey, data processing, and analysis.

JMC 3365 Video Production I

Prerequisite(s): None

Introduces fundamental single camera/film style production concepts to the Multimedia Production students. This course teaches the theory and practices relative to professional video standards and introduces practical hands-on applications. Studio/Field applications will include cameras, microphones, lighting, audio, graphics, non-linear editing, and switching. Additional lab fee and external hard drive required.

JMC 3366 Video Production II

Prerequisite(s): None

Introduces multi-camera studio and field production concepts to the Multimedia Production students. This course teaches the theory and practices relative to professional video standards and introduces practical hands-on applications in situations requiring more than one camera. Advanced applications of video production including scriptwriting, directing and production of live events on campus ranging from operas to athletic activities.

JMC 3414 Reporting and Writing II

Prerequisite(s): JMC 2414

This course is designed to enhance the reporting and writing skills developed in JMC 2414. Interviewing techniques are emphasized. This course includes one semester hour credit for laboratory sessions.

JMC 4314 Feature Writing

Prerequisite(s): JMC 2414 or permission of the instructor.

This course helps students learn the effective use of dialogue, development of narrative techniques, including vivid description and detail, and comparison and contrast in developing the feature story. Exercises in this course are designed to help students develop techniques to involve the reader emotionally through human interest including drama, pathos, empathy, humor, and curiosity.

JMC 4315 Public Affairs Reporting

Prerequisite(s): JMC 2414 or permission of the instructor.

This course emphasizes public affairs reporting in its traditional role as the staple of American journalism while stressing the increased and evolving role of journalists, working in the age of information, to go beyond gathering, organizing, and presenting facts, to finding ways to present increasingly complicated information in ways that help the public to better understand and manage 21st century issue that dominate the news. Public affairs issues discussed in this course include, but are not limited to, public agencies, law enforcement, courts, local, state, and national government, education, science, the environment, medicine, health, and business, and the global issues of energy, hunger, health, war and terrorism.

JMC 4336 Principles of Advertising

Prerequisite(s): None

A study of the advertising component of the firm. Emphasizes the interactive coordination and strategy of this promotional tool. Applications necessary for developing target markets, utilization of the mass media, advertising research, and analysis of the complete campaign are stressed. (Also offered as MKTG 4336)

JMC 4367 Non-Linear Editing

Prerequisite(s): None

This advanced course in video production will offer students experience in non-linear editing using both PC and MAC editing

suites. Students will develop projects to be used in a variety of applications from tape to multimedia.

JMC 4373 Internship in Journalism & Mass Communication

Prerequisite(s): Permission of the instructor prior to the beginning of the semester registered.

Directed work experience at newspaper, radio and television, advertising agencies, public relations firms, and production houses. Students are encouraged to intern in more than one area. A professional portfolio is required.

JMC 4374 Internship in Journalism & Mass Communication

Prerequisite(s): Permission of the instructor prior to the beginning of the semester registered.

Directed work experience at newspaper, radio and television, advertising agencies, public relations firms, and production houses. Students are encouraged to intern in more than one area. A professional portfolio is required.

JMC 4375 Internship in Journalism & Mass Communication

Prerequisite(s): Permission of the instructor prior to the beginning of the semester registered.

Directed work experience at newspaper, radio and television, advertising agencies, public relations firms, and production houses. Students are encouraged to intern in more than one area. A professional portfolio is required.

JMC 4381 Special Topics

For course description and prerequisites for this course, please contact the Dean of the School of Fine Arts.

JMC 4392 Media Law

Prerequisite(s): JMC 1313 and 1323

Examines legal concepts, including prior restraint, libel, privacy, obscenity, contempt, and access as they relate to print and electronic media.

JMC 4393 Media Ethics

Prerequisite(s): JMC 1313 and 1323

Examines ethical issues that challenge media professionals by interpreting and applying ethical theory - from the classicists to the contemporary - students will analyze ethical challenges inherent in modern media.

Kinesiology (KINE) Course Descriptions

KINE 1310 Basic Health Assessment and Terminology

Prerequisite(s): None

This course is a study of the basic structure of medical terms, including prefixes, suffixes, roots, and general rules and guidelines. Emphasis is placed on pronunciation, spelling, and application of general rules for translation and composition of medical terms. Commonly used medical terms are presented for each body system. This course also provides the basic knowledge and skills necessary to obtain a detailed health assessment of individuals across the age continuum. Emphasis is placed on obtaining a systematic health history and physical exam using the techniques of inspection, palpation, percussion, and auscultation.

KINE 2202 Creating a Wellness Lifestyle

Prerequisite(s): None

Provides information regarding the components of physical fitness: cardiorespiratory endurance, muscular strength and endurance, flexibility, and body composition. In addition, nutrition, disease control, stress management, proper diet and exercise procedures are emphasized. Pre-selected physical activities will be conducted during many of the class sessions to allow the application of principles taught in the lecture sessions. Students are expected to design and implement a wellness plan during the class. Required for all baccalaureate degrees.

KINE 2304 Athletic Training Internship I

Prerequisite(s): None

Practical experience supervised by a Texas licensed athletic trainer. The course's emphasis is on learning and mastering clinical skills appropriate to skill level. A minimum of 300 clinical hours must be accumulated for the internship.

KINE 2305 Athletic Training Internship II

Prerequisite(s): Formal retention within the ATEP or permission of instructor.

Practical experience supervised by a Texas licensed athletic trainer. The course's emphasis is on learning and mastering clinical skills appropriate to skill level. A minimum of 300 clinical hours must be accumulated for the internship.

KINE 2310 Foundations of Kinesiology

Prerequisite(s): Kinesiology major or minor

Students will study the various areas of kinesiology and will learn basic information concerning each discipline studied. Students will also study the history and philosophy of kinesiology, and will develop their own philosophy or goals regarding the kinesiology field. Class projects and lectures are utilized to highlight the different fields such as exercise science, teaching, coaching, sports psychology and sociology, and sports media.

KINE 2320 Sport Psychology

Prerequisite(s): PSYC 1313

An introduction to the field of health psychology, which is devoted to understanding how people stay healthy, why they become ill, and how they respond to illness and disease. Topics will be discussed from local, national, and global perspectives and will include the behavioral aspects of the health care system, exercise and nutrition, health-compromising behaviors, stress, AIDS, and the etiology and correlates of health, disease, and dysfunction.

KINE 2334 Tests and Measurements in Kinesiology

Prerequisite(s): None

Introductory course in the area of measurement and evaluation in kinesiology. Fundamental statistics and practical experiences of administering and taking physical education skills tests are included. Students also learn how to construct knowledge tests.

KINE 2335 Sports and Fitness Activities

Prerequisite(s): None

Methods and materials are provided in the areas of teaching team and individual activities to elementary and secondary students, church recreation programs, or summer recreation programs. A variety of activities will be presented such as archery, golf, horseshoes, table tennis, bowling, pickleball, and badminton to name a few. Students will also be required to develop an activity and teach it to the class as well as take tests, and learn the rules of the sport activities that are taught.

KINE 2336 Strategies and Principles of Coaching

Prerequisite(s): None

An overview of strategies and principles involved in coaching are emphasized. In addition, organization and administration of practices and games is discussed. The student will learn to develop drills and teach students in the proper developmental sequences appropriate for both junior and senior high school age students. Upon completion of the course, students will complete the American Sport Education Program Coaching Certification Exam.

KINE 2337 Standard First Aid/CPR

Prerequisite(s): None

Students will be given information that will allow them to recognize when an emergency has occurred, how to follow a plan of action, and how to provide care for injuries or sudden illnesses until professional medical help arrives. Students will learn how to splint, bandage, care for individuals experiencing a diabetic coma, stroke, shock, heat exhaustion, or burns, and administer one person CPR on an infant, child, and adult. Role-playing, and outside class and in-class assignments are used to demonstrate and teach the necessary skills. Certification is received in both CPR and first-aid from the American Red Cross.

KINE 2340 Health Psychology

Prerequisite(s): None

Health Psychology is an introductory course dealing with the major content areas of health psychology. Topics include an overview of the field of health psychology, major body systems, important theoretical models for explaining, promoting, and changing health behaviors, moderators for stress and coping, and an introduction to health services including patient provider relations. The psychosocial aspects of pain, coronary heart disease, hypertension, stroke, diabetes, and other chronic health conditions will be introduced. (Also offered as PSYC 2340)

KINE 3210 Exercise Prescription

Prerequisite(s): KINE 2230 or KINE 1350; must be taken concurrently with KINE 3393

An upper level required class designed to enhance the student's ability to develop wellness activities appropriate for specific populations, such as senior citizens, preschool students, fitness classes, day care students, or other individuals with special needs.

KINE 3232 Wellness for Special Populations

Prerequisite(s): BIOL 2404

Students will learn the anatomical and physiological differences of special populations such as children, pregnant women, obese elderly and those with cardiovascular disease. Students will plan appropriate exercise and nutrition prescriptions for special populations as well as become familiar with appropriate exercise testing procedures and precautions.

KINE 3301 Prevention and Treatment of Sports Injuries

Prerequisite(s): KINE 2310

Basic instruction in the prevention, care, and evaluation of athletic injuries through lectures, discussions, and laboratories, for the future trainer, coach, or physical education instructor.

KINE 3304 Athletic Training Internship III

Prerequisite(s): None

Practical experience supervised by a Texas licensed athletic trainer. The course's emphasis is on learning and mastering clinical skills appropriate to skill level. A minimum of 300 clinical hours must be accumulated for the internship.

KINE 3305 Nutrition for Health

Prerequisite(s): None

A course designed to study foods and their effects upon health, development, and performance of the individual. The student will be introduced to concepts of nutrition for optimal health, sports nutrition, and basic essential nutrient dietary needs.

KINE 3315 Athletic Training Internship IV

Prerequisite(s): None

Practical experience supervised by a Texas licensed athletic trainer. The course's emphasis is on learning and mastering clinical skills appropriate to skill level. A minimum of 300 clinical hours must be accumulated for the internship.

KINE 3360 Administration in Sports and Kinesiology

Prerequisite(s): KINE 2310

Students will learn leadership, management, communication, and motivation skills necessary for dealing with the business side of sports and kinesiology programs. In addition, the course will cover human resource issues, public relation opportunities, how to develop partnerships and market wellness and sport programs. Other areas also covered are risk management, facility management, finances and law issues.

KINE 3370 Fieldwork in Sports Administration

Prerequisite(s): KINE 3360

This internship course provides students with real world experience in the area of sport management. Students are placed based on internship site availability.

KINE 3393 Physiology of Exercise

Prerequisite(s): KINE 2230 or 1350, and BIOL 2404 with grade C or better

A course concerning human physiology and its relationship to exercise. All systems in the body are studied with regard to how each system reacts and adapts to the stress of exercise. Must be taken simultaneously with KINE 4293.

KINE 3395 Kinesiology/Applied Biomechanics

Prerequisite(s): KINE 2310 or 1350 or 2230, KINE 3393 and BIOL 2404

Muscles of the human body and their functions in relation to movement will be studied. Simple examples and analyses of human motion will be studied in an effort to acquaint the student with the reasons for teaching specific sport movements.

KINE 3398 Foundations of Health Instruction

Prerequisite(s): KINE 2230 and 1350 or 2310

The class emphasizes the development, implementation, and evaluation of health and wellness programs advocating physical activity aimed at school age children (K-12) and/or adults. Areas that will be covered include the origins and functions of public health, various approaches to program development (including informational, behavioral, and environmental approaches), program and policy evaluation, local and corporate partnerships, and advocacy strategies. Students will also create their own presentations on various health related topics to educate a group of their peers.

KINE 3410 Evaluation of Sports Injuries

Prerequisite(s): KINE 2337; BIOL 1414 or CHEM 1404; BIOL 2404; formal admission to the athletic training internship program or instructor's permission.

This course is designed for athletic training students seeking Texas Licensure. This course includes an in-depth inquiry into the anatomical and physiological process associated with the occurrence of injuries to athletes and physically active individuals. By recognizing the signs and symptoms and then interpreting results of special tests, the student will develop techniques and methods with which to accurately evaluate and determine the extent of the injury sustained. This course focuses on the evaluation process for common injuries and conditions sustained by athletes that are related to the upper and lower extremities of the body. This course includes one semester hour credit for laboratory sessions.

KINE 3420 Therapeutic Exercise and Rehabilitation

Prerequisite(s): KINE 2410 and 3304; BIOL 2404 and formal admittance to the Athletic Training Internship Program or instructor's permission.

This course will focus on the theoretical basis of exercise, techniques and specific rehabilitative programs to give the student a basic competency level in designing and implementation of therapeutic exercise programs for the injured athlete. An understanding of the concepts of range of motion, strength, power, endurance, and return to activity will be obtained in this course.

KINE 4304 Athletic Training Internship V

Prerequisite(s): None

Practical experience supervised by a Texas licensed athletic trainer. The course's emphasis is on learning and mastering clinical skills appropriate to skill level. A minimum of 300 clinical hours must be accumulated for the internship.

KINE 4305 Athletic Training Internship VI

Prerequisite(s): None

Practical experience supervised by a Texas licensed athletic trainer. The course's emphasis is on learning and mastering clinical skills appropriate to skill level. A minimum of 300 clinical hours must be accumulated for the internship.

KINE 4323 Motor Learning

Prerequisite(s): BIOL 2404, KINE 2310 or 2230 or KINE 1350 and 3393

A course structured around the basics of human movement and motor performance. Subject matter includes perceptual-motor foundations of physical education with emphasis on the state of the performer and his ability to learn motor skills.

KINE 4328 Wellness and Fitness in EC-12 Schools

Prerequisite(s): KINE 2310 or 2230 or 1350

This course is designed to introduce the kinesiology major to practical concepts and programs that are presently being taught in elementary, junior high, and secondary physical education programs. The course includes information on daily and unit lesson plan preparation, class organization, classroom management, and field experience. A big part of this class is devoted to what is going on in the Schools, as well as what is effective and valuable in a modern physical education curriculum. (12-hour practicum included)

KINE 4340 Wellness Internship

Prerequisite(s): KINE 2310 or 2230 or 1350; BIOL 2404 with a grade of C or better; completion of 22 hours of Kinesiology courses (excluding activity courses), and senior standing

A field experience in kinesiology involving supervised experiences working in either an on-campus or off-campus setting that must be approved by the Kinesiology Department. This student will be required to complete 150 field experience hours. In addition, the class will prepare materials for future job or graduate school applications.

KINE 4351 Sports Facility and Event Management

Prerequisite(s): KINE 3360

This course will focus on elements of planning, design and management related to maintenance, operations, security, and marketing for successful facility and event management of high School, collegiate, professional and recreational facilities and events. During the semester, students will get hands-on experience through the planning of their own event, and upon completion of the course, students will then be prepared to design, run, and evaluate a key event.

KINE 4352 Sports Media and Ethics

Prerequisite(s): KINE 3360

The purpose of this course is to provide students an opportunity to reflect on and discuss ethical and media concerns in athletics. It is designed to allow students the opportunity to examine the concepts of ethics throughout sport without being limited to just considering those competing on the field or court. Topics will include ergogenic aids, exploitation, cheating, genetic enhancement, violence and spectatorship, as well as broadcast and social media.

KINE 4353 Sports Law

Prerequisite(s): KINE 3360

This course is designed to enable students to expand their knowledge on laws, rules, and regulations surrounding sport and recreation, including legal issues associated with sports, sporting events, sports-related industries, sports programs, athletic education, recreation management and their constituents. Topics include negligence, property and premises law, risk management, contract law, constitutional law, and sports legislation.

KINE 4363 Sport Sociology

Prerequisite(s): KINE 2310 or 2230 or 1350

Sport Sociology is designed to thoughtfully examine and analyze the role of sports in modern society. Understanding sports as a part of our American culture is appropriate in analyzing the many subcultures involved in the world of sport. Issues of deviance, racial and gender discrimination, socio-economic status, and ethics are critically considered to analyze sport from a sociological perspective.

KINE 4370 Research in Kinesiology

Prerequisite(s): KINE 2310 or 2230 or 1350, completion of 22 hours of Kinesiology courses (excluding activity courses) and senior standing.

Research in current issues of kinesiology will be addressed to provide information regarding the field of kinesiology. Students will write a research paper and give a presentation addressing a chosen issue.

KINE 4380 Special Top/Independent Study

For course description and prerequisites for this course, please [contact the Dean of the School of Nursing and Allied Health.](#)

Latin (LATN) Course Descriptions

LATN 1311 Elementary Latin I

Prerequisite(s): None

Introduction to the fundamentals of classical Latin. Topics include: pronunciation, basic vocabulary, grammar and syntax, practice in reading basic Latin. Graded reading material is adapted from classical texts and cultivates an appreciation of Latin literature and culture.

LATN 1312 Elementary Latin II

Prerequisite(s): LATN 1311

Continuation of elementary Latin sequence. Topics include: continued study of vocabulary, grammar and syntax; reading more difficult Latin; gaining greater appreciation of Latin literature and culture.

LATN 2311 Intermediate Latin

Prerequisite(s): LATN 1312

This course has three main goals: to develop proficiency in reading Latin, to strengthen command of Latin grammar and vocabulary, and to explore key features of Roman life and culture. Students read extended selections in the original Latin prose/poetry; and classroom discussion addresses cultural and historical issues while also reviewing grammar, stylistics, and poetics.

LATN 3301 Classical Mythology

Prerequisite(s): None

This course introduces the major Greek and Roman Myths in translation, analyzes the ways myths function in ancient and modern society, and considers the importance of Classical Myth on the modern world.

LATN 3302 Cicero

Prerequisite(s): LATN 2311

Selected Latin readings from Cicero's oratory, philosophy, or letters.

LATN 3303 Vergil

Prerequisite(s): LATN 2311

Selected Latin readings from Vergil's Aeneid, Georgics, or Eclogues.

LATN 3304 Horace

Prerequisite(s): LATN 2311

Selected Latin readings from Horace's poetic works.

LATN 3305 Ovid

Prerequisite(s): LATN 2311

Selected Latin readings from Ovid's poetic works.

LATN 3306 Plautus and Terrence

Prerequisite(s): LATN 2311

Selected Latin readings from the comedies of Plautus and/or Terrence.

LATN 3307 St. Augustine

Prerequisite(s): LATN 2311

Selected Latin readings from St. Augustine's Confessions, City of God, or other works.

LATN 4301 Latin Letters

Prerequisite(s): LATN 2311

Selected Latin readings from the letters of Cicero, Pliny, Seneaca, or others.

LATN 4302 Roman Satire

Prerequisite(s): LATN 2311

Selected Latin readings from the satires of Horace, Juvenal, Martial, Apuleius, and/or others.

LATN 4303 Roman Philosophical Works

Prerequisite(s): LATN 2311

Selected Latin readings from Roman philosophical works including Cicero, Seneca, and others.

LATN 4304 Roman Historians

Prerequisite(s): LATN 2311

Selected Latin readings from Caesar, Sallust, Livy, Suetonius, or Tacitus.

LATN 4305 Roman Lyric Poetry

Prerequisite(s): LATN 2311

Selected Latin readings from Horace, Catullus, Propertius, Tibullus, and/or others.

LATN 4306 Readings from Christian Latin

Prerequisite(s): LATN 2311

Selected Latin readings from Christian authors from Late Antiquity through the Medieval period.

LATN 4399 Readings from Latin Literature

Prerequisite(s): Permission of the instructor.

Latin authors to be read are selected to meet the needs of the student. With content changed, this course may be repeated.

LATN 5301 Elementary Latin I

Prerequisite(s): None

Introduction to the fundamentals of classical Latin. Topics include: pronunciation, basic vocabulary, grammar and syntax, practice in reading basic Latin. Graded reading material is adapted from classical texts and cultivates an appreciation of Latin literature and culture.

LATN 5302 Elementary Latin II

Prerequisite(s): LATN 5301 or permission of the instructor.

Continuation of elementary Latin sequence. Topics include: continued study of vocabulary, grammar and syntax; reading more difficult Latin; gaining greater appreciation of Latin literature and culture.

General Linguistics (LING) Course Descriptions

LING 3310 General Linguistics

Prerequisite(s): GREK 2312 and 2322

An introduction to basic linguistic concepts and applications for biblical languages students as applied to biblical texts.

LING 5310 General Linguistics

Prerequisite(s): GREK 5301 and GREK 5302 or permission of the instructor.

An introduction to basic linguistic concepts and applications for biblical languages students as applied to biblical texts.

Mathematics (MATH) Course Descriptions

MATH 1034 Precalculus Mathematics Laboratory

Prerequisite(s): MATH 1313 and MATH 1323 or a satisfactory score on a departmental placement exam

Corequisite(s): MATH 1434, Precalculus Mathematics

This is the laboratory portion of MATH 1434, Precalculus Mathematics.

MATH 1051 Calculus I Laboratory

Prerequisite(s): MATH 1434 or a satisfactory score on a placement test

Corequisite(s): MATH 1451, Calculus I

This is the laboratory portion of MATH 1451, Calculus I.

MATH 1052 Calculus II Laboratory

Prerequisite(s): MATH 1451

Corequisite(s): MATH 1452, Calculus II

This is the laboratory portion of MATH 1452, Calculus II.

MATH 1301 Introductory Algebra

Prerequisite(s): None

The quantitative tools required in a modern society, including a brief review of arithmetic, graphical representation of data, and beginning algebra. This course is offered to aid students with deficiencies in basic mathematical skills. Students who already have credit in a higher-level mathematics course will not be given credit in this course. This course may not be counted as part of the mathematics major.

MATH 1302 Intermediate Algebra

Prerequisite(s): MATH 1301, MATH SAT score of at least 400 or MATH ACT score of at least 18, or a satisfactory score on a math placement exam.

This course is intended for students who have had some previous exposure to algebra, either an introductory algebra course or two years of high school algebra. Topics include: linear equations and inequalities, absolute value, quadratic equations, polynomials, rational functions, algebraic fractions, exponentials and radicals, systems of linear equations, and applications. Students who already have credit for a higher-level mathematics course will not be given credit for this course. This course may not be counted as part of the mathematics major or the mathematical studies major.

MATH 1305 Math for Critical Thinking

Prerequisite(s): MATH 1301 or 1302 or a MATH SAT/ACT score of at least 400/18 or a satisfactory score on a departmental placement exam.

Mathematical topics needed for the critical evaluation of quantitative information and arguments, including logic and the critical appraisal of graphs and tables including the use of some simple mathematical models and an introduction to elementary probability, statistics, and finance. This course may not be counted as part of a mathematics major, or a mathematical studies major.

MATH 1313 College Algebra

Prerequisite(s): MATH 1302 or a MATH SAT/ACT score of at least 550/25 or a satisfactory score on a departmental placement exam.

Evaluating and manipulating algebraic expressions, the laws of exponents, polynomials, factoring, rational expressions, radicals, the quadratic formula, solving equations and inequalities, systems of linear equations, an introduction to graphing, and applications. Students with no previous exposure to algebra should take MATH 1304 before MATH 1313. MATH 1313 may not be counted as part of a mathematics major. It may not be counted as part of a mathematical studies major except by students with a specialization in middle grades.

MATH 1323 Trigonometry

Prerequisite(s): MATH 1313 or a satisfactory score on a departmental placement exam.

A study of trigonometric functions, exponentials, logarithms, and applications for students needing a more comprehensive background than the accelerated coverage given in MATH 1434. This course may not be counted as part of the mathematics major.

MATH 1434 Precalculus Mathematics

Prerequisite(s): MATH 1313 and MATH 1323 or a satisfactory score on a departmental placement exam.

Sets, relations, functions, roots of polynomial equations, trigonometry, and analytic geometry. This course may not be counted as part of the mathematics major. This course includes one semester hour credit for laboratory sessions.

MATH 1451 Calculus I

Prerequisite(s): MATH 1434 or a satisfactory score on a placement test.

Limits, continuity, differentiation and integration of elementary and transcendental functions, L'Hôpital's Rule. Applications, including rates of change, max/min problems, and area between curves. This course includes one semester hour credit for laboratory sessions.

MATH 1452 Calculus II

Prerequisite(s): MATH 1451

A continuation of MATH 1451. Topics include: Techniques and applications of integration, improper integrals, parametric representations of curves, polar coordinates, L'Hopital's Rule, numerical approximation of integrals, an introduction to differential equations, and infinite series. This course includes one semester hour credit for laboratory sessions.

MATH 2023 Linear Algebra Laboratory

Prerequisite(s): MATH 1451

Corequisite(s): MATH 2423, Linear Algebra

This is the laboratory portion of MATH 2423, Linear Algebra.

MATH 2051 Calculus III Laboratory

Prerequisite(s): MATH 1452

Corequisite(s): MATH 2451, Calculus III

This is the laboratory portion of MATH 2451, Calculus III.

MATH 2181 Special Topics/Independent Study

Topics are selected on the basis of student needs and the academic qualifications of the staff. A minimum of 30 hours of study is required for each semester hour of credit.

MATH 2201 Foundations of Higher Mathematics

Prerequisite(s): MATH 1451 or permission of the instructor.

This course is a mathematically rigorous introduction to fundamental concepts required for higher-level mathematics. Topics include logic, sets, relations, functions, and algebraic structures, with an emphasis on formal mathematical proof techniques. It is required for the mathematics major.

MATH 2281 Special Topics/Independent Study

Topics are selected on the basis of student needs and the academic qualifications of the staff. A minimum of 30 hours of study is required for each semester hour of credit.

MATH 2302 Foundations of Arithmetic and Numeration

Prerequisite(s): MATH 1305 or higher level mathematics.

A study, from an advanced perspective, of the concepts and skills involved in arithmetic and numeration. Topics include sets, rational numbers (whole numbers and place value, fractions, integers and decimals), number theory, properties and algebraic reasoning, arithmetic operations, percents, ratios, and proportions. Problem solving is emphasized. This course, designed for education majors, may not be counted as part of the mathematics major or minor or meet the Liberal Arts Core Curriculum, math proficiency requirement.

MATH 2303 Foundations of Geometry, Measurement, Probability & Statistics

Prerequisite(s): MATH 1305 or higher level mathematics.

A study, from an advanced perspective, of the basic concepts and methods of geometry, measurement, probability and statistics. Topics include representation and analysis of data; discrete and conditional probability; measurement; and geometry as approached through similarity and congruence, through coordinates, and through transformations. Problem solving is emphasized. This course, designed for education majors, may not be counted as part of the mathematics major or minor or meet the Liberal Arts Core Curriculum, math proficiency requirement.

MATH 2381 Special Topics/Independent Study

Topics are selected on the basis of student needs and the academic qualifications of the staff. A minimum of 30 hours of study is required for each semester hour of credit.

MATH 2423 Linear Algebra

Prerequisite(s): MATH 1451

Introduction to linearity in mathematics. Topics include: matrices, determinants, abstract vector spaces, linear dependence, bases, eigenvalues and eigenvectors, and linear transformations. This course includes one semester hour credit for laboratory sessions.

MATH 2451 Calculus III

Prerequisite(s): MATH 1452

A continuation of MATH 1452. Topics include: three-dimensional coordinate systems, quadric surfaces, cylindrical and spherical coordinates, vector calculus in three dimensions, partial derivatives, the total differential, multiple integrals, line integrals, surface integrals, vector fields, Green's Theorem, Stokes' Theorem, the Divergence Theorem, and applications. This course includes one semester hour credit for laboratory sessions.

MATH 2481 Special Topics/Independent Study

Topics are selected on the basis of student needs and the academic qualifications of the staff. A minimum of 30 hours of study is required for each semester hour of credit.

MATH 3001 Introductory Statistics for the Life Sciences Laboratory

Prerequisite(s): MATH 1434 or MATH 1451 or a satisfactory score on a departmental placement examination.

Corequisite(s): MATH 3401, Introductory Statistics for the Life Sciences

This is the laboratory portion of MATH 3401, Introductory Statistics for the Life Sciences.

MATH 3004 Probability and Statistics with Computer Applications Laboratory

Prerequisite(s): MATH 1451

Corequisite(s): MATH 3404, Probability and Statistics with Computer Applications

This is the laboratory portion of MATH 3404, Probability and Statistics with Computer Applications.

MATH 3181 Special Topics/Independent Study

Topics are selected on the basis of student needs and the academic qualifications of the staff. A minimum of 30 hours of study is required for each semester hour of credit. Up to one semester hour credit for laboratory sessions may be included.

MATH 3281 Special Topics/Independent Study

Topics are selected on the basis of student needs and the academic qualifications of the staff. A minimum of 30 hours of study is required for each semester hour of credit. Up to one semester hour credit for laboratory sessions may be included.

MATH 3302 Foundations of Geometry

Prerequisite(s): MATH 1451 or consent of instructor.

A study of classical Euclidean geometry using both analytic and synthetic techniques, with an emphasis on the formal development of geometry. Topics include axiomatic systems, congruence and similarity, transformations, area and volume, Euclidean construction, finite geometries, and a brief introduction to non-Euclidean geometry. This course is required for the mathematical studies major but may not be counted as part of a mathematics major.

MATH 3311 Introduction to Discrete Mathematics and Combinatorics

Prerequisite(s): MATH 1451; MATH 2201 is highly recommended.

This course introduces students to elements of combinatorics, number theory, and discrete structures. Topics covered include permutations, combinations, prime factorizations, the Euclidean Algorithm, relations, the pigeonhole principles, inclusion and exclusion, and finite state machines. It exposes students to areas of mathematics of current practical interest and involves the use of proof and algorithmic thinking.

MATH 3331 Nonlinear Dynamics and Chaos

Prerequisite(s): MATH 3333

An introduction to dynamical systems. This course develops the theory for normal forms, structural stability of solutions, robust behavior, transversality, and local bifurcations.

MATH 3333 Ordinary Differential Equations

Prerequisite(s): MATH 1452 and 2423

A first course. Topics include: existence and uniqueness of solutions, initial and boundary value problems, solutions of first order equations, solutions of higher order linear equations with constant coefficients, infinite series solutions, numerical solutions, solutions of linear systems, solutions using Laplace transforms, and applications.

MATH 3334 Partial differential Equations

Prerequisite(s): MATH 3333

An introduction to the basic properties of partial differential equations, including ideas and techniques that have proven useful in analyzing and solving them. Topics include vibrations of solids, fluid flow, molecular structure, photon and electron interactions, and radiation of electromagnetic waves, with emphasis on the role of partial differential equations in modern mathematics, especially in geometry and analysis.

MATH 3353 Introduction to Abstract Algebra

Prerequisite(s): MATH 1452, 2201 and 2423

An introduction to algebraic structures. Topics include sets, operations, relations, groups, subgroups, equivalence classes, Lagrange's Theorem, homomorphisms, rings, and ideals.

MATH 3364 Mathematical Computing

Prerequisite(s): MATH 1451 or consent of instructor

An introductory course in computer programming with applications to mathematics. The programming language used will vary; possible choices include but are not restricted to Java, C++, C#, Maple, and MATLAB. Topics include: design of algorithms, structured programming, data types, control structures, functions and procedures, and mathematical problem solving. This course may be repeated for credit provided a different computer programming language is used.

MATH 3371 Introduction to Complex Variables

Prerequisite(s): MATH 2451

An introduction to complex analysis and the study of complex-valued functions of a single complex variable. Topics include the complex number system, the Cauchy-Riemann conditions, analytic functions including linear, exponential, logarithmic and trigonometric transformations, differentiation and integration of complex-valued functions, line integrals, and Taylor and Laurent Series expansions.

MATH 3381 Special Topics/Independent Study

Topics are selected on the basis of student needs and the academic qualifications of the staff. A minimum of 30 hours of study is required for each semester hour of credit. Up to one semester hour credit for laboratory sessions may be included.

MATH 3383 Mathematical Methods for Science and Engineering

Prerequisite(s): Credit for or concurrent enrollment in MATH 3333

Advanced techniques in applied mathematics for students of science and engineering, with topics chosen from partial differential equations, Laplace transforms, Fourier series, complex analysis, and vector analysis. (Offered also as PHYS 3383.)

MATH 3401 Introductory Statistics for the Life Sciences

Prerequisite(s): MATH 1434 or MATH 1451 or a satisfactory score on a departmental placement examination.

An introduction to elementary probability and statistics with applications to the life sciences. Topics include frequency distributions, measures of central tendency and spread, probability concepts, discrete and continuous distributions, point and interval estimation, hypothesis testing, and an introduction to linear correlation and regression. This course includes one semester hour credit for laboratory sessions. May not be counted as part of a math major or a math studies major. Students may not receive credit for both MATH 3401 and MATH 3404.

MATH 3404 Probability and Statistics with Computer Applications

Prerequisite(s): MATH 1451

A mathematical development of the basic concepts of probability and statistics, emphasizing the theory of discrete and continuous random variables, with applications in science and engineering. Topics include descriptive statistics, probability theory, random variables, expected value, probability density functions, probability distributions, correlation and regression, and an introduction to statistical inference. This course includes one semester hour credit for laboratory sessions.

MATH 3481 Special Topics/Independent Study

Topics are selected on the basis of student needs and the academic qualifications of the staff. A minimum of 30 hours of study is required for each semester hour of credit. Up to one semester hour credit for laboratory sessions may be included.

MATH 4001 Introduction to Numerical Analysis Laboratory

Prerequisite(s): MATH 2451 and either MATH 3364 or consent of the instructor.

Corequisite(s): MATH 4401, Introduction to Numerical Analysis

This is the laboratory portion of MATH 4401, Introduction to Numerical Analysis.

MATH 4181 Special Topics/Independent Study

Topics are selected on the basis of student needs and the academic qualifications of the staff. A minimum of 30 hours of study is required for each semester hour of credit. Up to one semester hour credit for laboratory sessions may be included.

MATH 4201 Mathematical Topics for Teachers

Prerequisite(s): 15 hours of mathematics and junior or senior standing.

A review of mathematical topics of special interest to students obtaining teacher certification in mathematics, including material from algebra, geometry, probability, statistics, linear algebra, discrete math, and others. This course includes instruction on technology used in teaching mathematics, both graphing calculators and computer software. Required for the mathematical studies major, but may not be counted as part of a mathematics major.

MATH 4281 Special Topics/Independent Study

Topics are selected on the basis of student needs and the academic qualifications of the staff. A minimum of 30 hours of study is required for each semester hour of credit. Up to one semester hour credit for laboratory sessions may be included.

MATH 4301 Real Variables I

Prerequisite(s): MATH 2451 and 2201

A rigorous introduction to mathematical analysis. Topics covered include the real and complex number systems, basic topology, numerical sequences and series, continuity of functions, and differentiation.

MATH 4302 Real Variables II

Prerequisite(s): MATH 4301

A continuation of MATH 4301. Further study of mathematical analysis. Topics covered include Riemann integration, sequences and series of functions, functions of several variables, and integration of differential forms.

MATH 4310 Advanced Discrete Mathematics and Combinatorics

Prerequisite(s): MATH 3311

Further study of enumerative techniques and discrete structures including generating functions, recurrence relations, graph theory, spanning trees, optimization, and Boolean Algebras.

MATH 4311 Topology I

Prerequisite(s): MATH 3353 or MATH 4301

An introduction to topology and its applications. Topics include a review of basic abstract algebra; the definition of a topological space, interior, closure, and boundary of sets; subspace, product, and quotient topologies; continuity and homeomorphisms; metrics and metric spaces; connectedness; and compactness.

MATH 4312 Topology II

Prerequisite(s): MATH 4311

A continuation of MATH 4311. Topics include dynamical systems and chaos, homotopy and degree theory, fixed point theorems, embeddings, knots, graphs, and manifolds.

MATH 4332 Dynamics and Bifurcations

Prerequisite(s): MATH 2201 and 2451

Introduction to the theory of equilibrium solutions of nonlinear equations. Presentation of the theory of bifurcations includes the analysis of the nonlinear ordinary and algebraic equations that arise from the methods of reduction by projections.

MATH 4341 Mathematical Biology

Prerequisite(s): MATH 3333

Introduction to modeling in biology and genetics. Some of the models covered include populations models, host-parasite models, and gene spread models as described by difference equations, differential equations, and partial differential equations. The emphasis of this course will be to familiarize students with the selection of models and predictions based on the models chosen.

MATH 4353 Advanced Abstract Algebra

Prerequisite(s): MATH 3353

A continuation of MATH 3353. The focus of this course is on rings, domains, fields, polynomials, Galois theory, Boolean algebra, and modules. Other topics may be covered if time permits.

MATH 4372 Advanced Complex Variables

Prerequisite(s): MATH 3371

Further study of differentiable complex-valued functions of a single complex variable. Topics include residue theory and contour integrals, z-transforms, conformal mapping, harmonic functions and their applications, Fourier Series, and Laplace transforms.

MATH 4380 Differential Geometry

Prerequisite(s): MATH 2451 and 2201

An introduction to diffeomorphisms and smooth manifolds. Topics covered include tangent spaces, orientation of manifolds, vector fields, homotopy, and the index of a map.

MATH 4381 Special Topics/Independent Study

Topics are selected on the basis of student needs and the academic qualifications of the staff. A minimum of 30 hours of study is required for each semester hour of credit. Up to one semester hour credit for laboratory sessions may be included.

MATH 4401 Introduction to Numerical Analysis

Prerequisite(s): MATH 2451 and either MATH 3364 or consent of the instructor.

An introduction to modern approximation techniques. This course shows how, why, and when numerical techniques can be expected to work and fail. It demonstrates the relevance of numerical analysis to a variety of disciplines and provides ample practice for students. Topics covered include approximating solutions to equation in one variable, interpolation and approximation of polynomials, numerical differentiation and integration, applications to differential equations, and solutions of both linear and nonlinear systems of equations.

MATH 4481 Special Topics/Independent Study

Topics are selected on the basis of student needs and the academic qualifications of the staff. A minimum of 30 hours of study is required for each semester hour of credit. Up to one semester hour credit for laboratory sessions may be included.

Master of Fine Arts (MFA) Course Descriptions

MFA 5311 Graduate Painting I

Prerequisite(s): None

Graduate painting students will, in this introductory course, use a variety of painting processes including watercolor, oil, acrylic, and mixed media works to establish their central body of creative art. Interdisciplinary activities combining 2-Dimensional and 3-Dimensional processes will be acceptable. Students will be expected to continue their development of a formidable classical ability both in drawing and painting techniques and be prepared to explore thesis content in their painting activities.

MFA 5312 Graduate Painting II

Prerequisite(s): None

Graduate painting students will, in this second level course, continue in their use of a variety of painting processes including watercolor, oil, acrylic, and mixed media works to establish their central body of creative art. Interdisciplinary activities combining 2-Dimensional and 3-Dimensional processes will be acceptable. Students will be expected to continue their development of a formidable classical ability both in drawing and painting techniques and be prepared to explore thesis content in their painting activities.

MFA 5313 Graduate Painting III

Prerequisite(s): None

Graduate painting students will, in this third level course, become more adept with a variety of painting processes including watercolor, oil, acrylic, and mixed media works to establish their central body of creative art. Interdisciplinary activities combining 2-Dimensional and 3-Dimensional processes will be acceptable. Students will be expected to continue their development of a formidable classical ability both in drawing and painting techniques and be prepared to explore thesis content in their painting activities.

MFA 5314 Graduate Painting IV

Prerequisite(s): None

Graduate painting students will use a variety of painting processes including watercolor, oil, acrylic, and mixed media works to establish their central body of creative art. Interdisciplinary activities combining two-dimensional and three-dimensional processes will be acceptable. Students will be expected to continue their development of a formidable classical ability both in drawing and painting techniques and be prepared to explore their thesis content in painting activities. These courses in graduate painting focus the development of the interdisciplinary professional discourse and works of art needed in order to master the fine art of painting. All activities of graduate painting are juxtaposed towards the creation of original works of art, which express the individual. These creative impulses are organized with the student through criticism by the professor, which express critical thoughts towards the implementation of content and processes that lead the artist down the critical and spiritual path of discoveries required of any professional artist.

MFA 5319 Structures of Poetry

For course description and prerequisites for this course, please [contact the Dean of the School of Fine Arts.](#)

MFA 5321 Graduate Drawing I

Prerequisite(s): None

This course will introduce students to use the processes of wet and dry media, including watercolor, ink, charcoal, pastel, conte combined with new and experimental media including encaustic, rubbing, etc. Students will be expected to continue their development of a formidable classical ability drawing and be prepared to explore thesis content in their painting activities.

MFA 5322 Graduate Drawing II

Prerequisite(s): None

This course will continue to introduce students to use the processes of wet and dry media, including watercolor, ink, charcoal, pastel, conte combined with new and experimental media including encaustic, rubbing, etc. Students will be expected to continue their development of a formidable classical ability drawing and be prepared to explore thesis content in their painting activities.

MFA 5323 Graduate Drawing III

Prerequisite(s): None

Students in this course will begin to become more adept in the use of processes of wet and dry media, including watercolor, ink, charcoal, pastel, conte combined with new and experimental media including encaustic, rubbing, etc. Students will be expected

to continue their development of a formidable classical ability drawing and be prepared to explore thesis content in their painting activities.

MFA 5324 Graduate Drawing IV

Prerequisite(s): None

This course will allow students to use the processes of wet and dry media, including watercolor, ink, charcoal, pastel, and conte combined with new and experimental media including encaustic, rubbing, etc. Students will be expected to continue their development of a formidable classical ability drawing and be prepared to explore thesis content in their painting activities.

MFA 5328 The Holocaust: After 50 Years

Prerequisite(s): None

Students read poetry, fiction, personal narratives, and essays that reflect the Holocaust experience. Through their reading and research papers, a visit to the Holocaust Museum, and viewing films, students come to understand the history of anti-Semitism and how it culminated in the greatest crime against humanity of the 20th century. Students also consider subsequent genocides and discuss whether or not the hope Never again can ever be realized.

MFA 5331 Graduate Ceramics I

Prerequisite(s): None

This course in Ceramics will require a high level of traditional skills in building 3-Dimensional clay sculptural forms in addition to traditional ceramic techniques such as throwing, and hand-building. The course will combine experimental processes, glaze variations and clay body recipes for low and high range firing temperatures. Student's work will begin to achieve a thematic focus by the end of the semester.

MFA 5332 Graduate Ceramics II

Prerequisite(s): None

This course in Ceramics will require a high level of traditional skills in building 3-Dimensional clay sculptural forms in addition to traditional ceramic techniques such as throwing, and hand-building. The course will combine experimental processes, glaze variations and clay body recipes for low and high range firing temperatures. Student's work will continue to achieve a thematic focus by the end of the semester.

MFA 5333 Graduate Ceramics III

Prerequisite(s): None

This course in Ceramics will require a high level of traditional skills in building 3-Dimensional clay sculptural forms in addition to traditional ceramic techniques such as throwing, and hand-building. The course will combine experimental processes, glaze variations and clay body recipes for low and high range firing temperatures. Student's work will begin to develop a more mature thematic focus by the end of the semester.

MFA 5334 Graduate Ceramics IV

Prerequisite(s): None

This course combines, through experimental processes, glaze variations and clay body recipes for low and high range firing temperatures. This course will require a high level of traditional skills in building three-dimensional clay sculptural forms in addition to traditional ceramic techniques such as throwing and hand-building. A student's work is expected to achieve a thematic focus by the end of the semester.

MFA 5340 Expressionism and the Arts

Prerequisite(s): None

This course will examine the expressive aspects of the Hellenistic, Baroque, and Romantic eras, but will emphasize the artistic movement of the late nineteenth and early twentieth centuries known as Expressionism. Emphasis will be on the European and American experience.

MFA 5341 Graduate Sculpture I

Prerequisite(s): None

In this graduate sculpture course, students will begin to learn how to translate drawings into 3-Dimensional media such as steel, bronze, assemblage, found objects, wood, plaster, film, and installation including video and audio. Students will be expected to continue their development of a high level of drawing skill and materials and methods of sculpture both subtractive and additive techniques. All techniques used in this course and the resulting projects culminate towards each student's thesis content.

MFA 5342 Graduate Sculpture II

Prerequisite(s): None

In this graduate sculpture course, students will continue to learn how to translate drawings into 3-Dimensional media such as steel, bronze, assemblage, found objects, wood, plaster, film, and installation including video and audio. Students will be expected to continue their development of a high level of drawing skill and materials and methods of sculpture both subtractive and additive techniques. All techniques used in this course and the resulting projects culminate towards each student's thesis content.

MFA 5343 Graduate Sculpture III

Prerequisite(s): None

In this graduate sculpture course, students will begin to become more adept in learning how to translate drawings into 3-Dimensional media such as steel, bronze, assemblage, found objects, wood, plaster, film, and installation including video and audio. Students will be expected to continue their development of a high level of drawing skill and materials and methods of sculpture both subtractive and additive techniques. All techniques used in this course and the resulting projects culminate towards each student's thesis content.

MFA 5344 Graduate Sculpture IV

Prerequisite(s): None

In this graduate sculpture course, students will begin to become more adept in learning how to translate drawings into 3-Dimensional media such as steel, bronze, assemblage, found objects, wood, plaster, film, and installation including video and audio. Students will be expected to continue their development of a high level of drawing skill and materials and methods of sculpture both subtractive and additive techniques. All techniques used in this course and the resulting projects culminate towards each student's thesis content.

MFA 5350 Study and Studio Abroad

Prerequisite(s): None

This course meets during an HBU Department of Visual Arts Study Abroad Trip and includes touring important artistic, architectural and religious venues. Students are expected to produce artistic works during their trip as well as gather information which will inspire future artistic creativity upon their return.

MFA 5351 Graduate Printmaking I

Prerequisite(s): None

This course will allow a student to begin to explore in new ways one or more of the following drawing and printmaking techniques: etching, silkscreen, woodblock printing, intaglio, mono printing in the traditional and digital processes. Students will discover a personal voice in preparation for the development of their thesis content. Students are expected to have a working knowledge of printmaking techniques before enrolling.

MFA 5352 Graduate Printmaking II

Prerequisite(s): None

This course will allow a student to explore in new ways one or more of the following drawing and printmaking techniques: etching, silkscreen, woodblock printmaking, intaglio, mono printing in the traditional and digital processes. Students will discover a personal voice in preparation for the development of their thesis content.

MFA 5353 Graduate Printmaking III

Prerequisite(s): None

This course will allow a student to continue to explore in new ways one or more of the following drawing and printmaking techniques: etching, silkscreen, woodblock printing, intaglio, mono printing in the traditional and digital processes. Students will discover a personal voice in preparation for the development of their thesis content.

MFA 5354 Graduate Printmaking IV

Prerequisite(s): None

This course will allow a student to begin to explore in new ways one or more of the following drawing and printmaking techniques: etching, silkscreen, woodblock printing, intaglio, mono printing in the traditional and digital processes. Students will discover a personal voice in preparation for the development of their thesis content. Students are expected to have a working knowledge of printmaking techniques before enrolling.

MFA 5381 Special Topics/ Independent Study

For course description and prerequisites for this course, please [contact the Dean of the School of Fine Arts](#).

MFA 5382 The Greek World

Prerequisite(s): None

This course introduces students to the world of Ancient Greece. The goals of the course are to read the foundational texts of the Archaic, Classical, and Hellenistic periods, to place them in their historical, philosophical, and archaeological contexts, and to consider their impact on western civilization. Authors read in this class may include: Homer, Aeschylus, Sophocles, Euripides, Aristophanes, Plato, Aristotle and Thucydides.

MFA 5383 The Roman World

Prerequisite(s): None

This course introduces students to the world of Ancient Rome. The goals of the course are: to read the foundational texts of the Republican and Imperial periods, to place them in their historical, philosophical, and archaeological contexts, to understand the interrelationship between the Greek and Roman worlds, to discuss the emergence of Christianity in its classical context, and to consider the impact of Ancient Rome on western civilization. Authors read in this class may include: Vergil, Cicero, Lucretius, Horace, Plautus, Terrence, Suetonius, Tacitus, and Pliny.

MFA 5384 The Medieval World

Prerequisite(s): None

This course introduces students to the Medieval World. The goals of the course are: to read the foundational texts of the Medieval period, to place them in their historical, philosophical, and architectural contexts, to understand the relationship between the Classical Antiquity and the emergence of Christian Europe, and to consider the impact of the Medieval period on western civilization. Authors read in this class may include: Boethius, Augustine, Aquinas, Dante, Bede and Chaucer.

MFA 5385 The Renaissance and Reformation

Prerequisite(s): None

This course introduces students to the period of the Renaissance and Reformation. The goals of the course are: to read the foundational texts of the Reformation period, to place them in their historical, philosophical, and religious contexts, to understand the relationship between the Classical Antiquity, the middle ages, and the emergence of early modern Europe, and to consider the impact of the Renaissance and Reformation on western civilization. Authors read in this class may include: Luther, Calvin, Machiavelli, Erasmus, Petrarch, Shakespeare, Milton and Donne.

MFA 5386 The Enlightenment

Prerequisite(s): None

This course introduces students to the period of the Enlightenment. The goals of the course are: to read the foundational texts of the Enlightenment period, to place them in their historical, philosophical, scientific and religious contexts, to understand the relationship between the Classical Antiquity, the scientific revolution, and the emergence of representative democracy, and to consider the impact of the Enlightenment on western civilization. Authors read in this class may include: Locke, Hobbes, Pope, Swift, Austen, Voltaire, Rousseau and Kant.

MFA 5387 The Modern World

Prerequisite(s): None

This course introduces students to the period of Romanticism and Modernity. The goals of the course are: to read the foundational texts of Romanticism and Modernism, to place them in their historical, philosophical, scientific, and religious contexts, to understand the relationship between the Romanticism and Modernism, and to consider the impact of these movements on the post-modern world. Authors read in this class may include: Goethe, Wordsworth, Nietzsche, Eliot, Einstein and Beckett.

MFA 5388 The Last Fifty Years

Prerequisite(s): None

This course introduces students to recent developments in western civilization. Special attention will be given to postmodernism and how has it influenced American culture. The goals of the course are: to examine the critical moral, political, economic, and social questions of the 20th century, and to understand the connection between this period and those that have preceded it. Special attention will be given to primary source readings.

MFA 5390 Western Culture and Human Experience

Prerequisite(s): None

These courses are a core component of the MLA program and offer a broad overview of history, politics, art, and philosophy. MLA 5390 will cover the years from the time of classical Greece through the medieval period; MLA 5391 will cover the Renaissance, Reformation, and Early Modern period; MLA 5392 will cover from the French revolution through Modern times.

MFA 5391 Western Culture and Human Experience II

Prerequisite(s): None

This course offers a broad overview of history, politics, art, and philosophy. MFA 5391 will cover the Renaissance, Reformation, and Early Modern periods.

MFA 5392 Western Culture and Human Experience II

Prerequisite(s): None

This course offers a broad overview of history, politics, art, and philosophy. The course will cover the period from the French revolution through Modern times.

MFA 6315 Graduate Painting V

Prerequisite(s): None

Graduate painting students will use a variety of painting processes including watercolor, oil, acrylic, and mixed media works to establish their central body of creative art. Interdisciplinary activities combining two-dimensional and three-dimensional processes will be acceptable. Students will be expected to continue their development of a formidable classical ability both in drawing and painting techniques and be prepared to explore their thesis content in painting activities. These courses in graduate painting focus the development of the interdisciplinary professional discourse and works of art needed in order to master the fine art of painting. All activities of graduate painting are juxtaposed towards the creation of original works of art, which express the individual. These creative impulses are organized with the student through criticism by the professor, which express critical thoughts towards the implementation of content and processes that lead the artist down the critical and spiritual path of discoveries required of any professional artist.

MFA 6316 Graduate Painting VI

Prerequisite(s): None

Graduate painting students will use a variety of painting processes including watercolor, oil, acrylic, and mixed media works to establish their central body of creative art. Interdisciplinary activities combining two-dimensional and three-dimensional processes will be acceptable. MFA 6324 The Art of Being Human

Prerequisite(s): None

This course is an introduction to the humanities. It reaffirms the liberal arts tradition that maintains that the humanities constitute the best and brightest expressions of all people. The emphasis is on the interaction between the arts, religion, and philosophy, and on the humanities, believing that this approach helps us to see artists and philosophers at work, trying to solve real problems that we all know about.

MFA 6325 Graduate Drawing IV

Prerequisite(s): None

This course will allow students to use the processes of wet and dry media, including watercolor, ink, charcoal, pastel, and conte combined with new and experimental media including encaustic, rubbing, etc. Students will be expected to continue their development of a formidable classical ability drawing and be prepared to explore thesis content in their painting activities.

MFA 6326 Graduate Drawing VI

Prerequisite(s): None

This course will allow students to use the processes of wet and dry media, including watercolor, ink, charcoal, pastel, and conte combined with new and experimental media including encaustic, rubbing, etc. Students will be expected to continue their development of a formidable classical ability drawing and be prepared to explore thesis content in their painting activities.

MFA 6327 Graduate Drawing VII

Prerequisite(s): None

This course will allow students to use the processes of wet and dry media, including watercolor, ink, charcoal, pastel, and conte combined with new and experimental media including encaustic, rubbing, etc. Students will be expected to continue their development of a formidable classical ability drawing and be prepared to explore thesis content in their painting activities.

MFA 6328 Graduate Drawing VIII

Prerequisite(s): None

This course will allow students to use the processes of wet and dry media, including watercolor, ink, charcoal, pastel, and conte combined with new and experimental media including encaustic, rubbing, etc. Students will be expected to continue their development of a formidable classical ability drawing and be prepared to explore thesis content in their painting activities.

MFA 6335 Graduate Ceramics V

Prerequisite(s): None

This course combines, through experimental processes, glaze variations and clay body recipes for low and high range firing temperatures. This course will require a high level of traditional skills in building three-dimensional clay sculptural forms in addition to traditional ceramic techniques such as throwing and hand-building. A student's work is expected to achieve a thematic focus by the end of the semester.

MFA 6336 Graduate Ceramics VI

Prerequisite(s): None

This course combines, through experimental processes, glaze variations and clay body recipes for low and high range firing temperatures. This course will require a high level of traditional skills in building three-dimensional clay sculptural forms in addition to traditional ceramic techniques such as throwing and hand-building. A student's work is expected to achieve a thematic focus by the end of the semester.

MFA 6337 Graduate Ceramics VII

Prerequisite(s): None

This course combines, through experimental processes, glaze variations and clay body recipes for low and high range firing temperatures. This course will require a high level of traditional skills in building three-dimensional clay sculptural forms in addition to traditional ceramic techniques such as throwing and hand-building. A student's work is expected to achieve a thematic focus by the end of the semester.

MFA 6338 Graduate Ceramics VIII

Prerequisite(s): None

This course combines, through experimental processes, glaze variations and clay body recipes for low and high range firing temperatures. This course will require a high level of traditional skills in building three-dimensional clay sculptural forms in addition to traditional ceramic techniques such as throwing and hand-building. A student's work is expected to achieve a thematic focus by the end of the semester.

MFA 6345 Graduate Sculpture V

Prerequisite(s): None

In this graduate sculpture course, students will begin to become more adept in learning how to translate drawings into 3-Dimensional media such as steel, bronze, assemblage, found objects, wood, plaster, film, and installation including video and audio. Students will be expected to continue their development of a high level of drawing skill and materials and methods of sculpture both subtractive and additive techniques. All techniques used in this course and the resulting projects culminate towards each student's thesis content.

MFA 6346 Graduate Sculpture VI

Prerequisite(s): None

In this graduate sculpture course, students will begin to become more adept in learning how to translate drawings into 3-Dimensional media such as steel, bronze, assemblage, found objects, wood, plaster, film, and installation including video and audio. Students will be expected to continue their development of a high level of drawing skill and materials and methods of sculpture both subtractive and additive techniques. All techniques used in this course and the resulting projects culminate towards each student's thesis content.

MFA 6347 Graduate Sculpture VII

Prerequisite(s): None

In this graduate sculpture course, students will begin to become more adept in learning how to translate drawings into 3-Dimensional media such as steel, bronze, assemblage, found objects, wood, plaster, film, and installation including video and audio. Students will be expected to continue their development of a high level of drawing skill and materials and methods of sculpture both subtractive and additive techniques. All techniques used in this course and the resulting projects culminate towards each student's thesis content.

MFA 6348 Graduate Sculpture VIII

Prerequisite(s): None

In this graduate sculpture course, students will begin to become more adept in learning how to translate drawings into 3-Dimensional media such as steel, bronze, assemblage, found objects, wood, plaster, film, and installation including video and audio. Students will be expected to continue their development of a high level of drawing skill and materials and methods of sculpture both subtractive and additive techniques. All techniques used in this course and the resulting projects culminate towards each student's thesis content.

MFA 6350 Study and Studio Abroad

Prerequisite(s): None

This course meets during an HBU Department of Visual Arts Study Abroad Trip and includes touring important artistic, architectural and religious venues. Students are expected to produce artistic works during their trip as well as gather information which will inspire future artistic creativity upon their return.

MFA 6352 Graduate Drawing V

For course description and prerequisites for this course, please [contact the Dean of the School of Fine Arts.](#)

MFA 6355 Graduate Printmaking V

Prerequisite(s): None

This course will allow a student to begin to explore in new ways one or more of the following drawing and printmaking techniques: etching, silkscreen, woodblock printing, intaglio, mono printing in the traditional and digital processes. Students will discover a personal voice in preparation for the development of their thesis content. Students are expected to have a working knowledge of printmaking techniques before enrolling.

MFA 6356 Graduate Printmaking VI

Prerequisite(s): None

This course will allow a student to begin to explore in new ways one or more of the following drawing and printmaking techniques: etching, silkscreen, woodblock printing, intaglio, mono printing in the traditional and digital processes. Students will discover a personal voice in preparation for the development of their thesis content. Students are expected to have a working knowledge of printmaking techniques before enrolling.

MFA 6357 Graduate Printmaking VII

Prerequisite(s): None

This course will allow a student to begin to explore in new ways one or more of the following drawing and printmaking techniques: etching, silkscreen, woodblock printing, intaglio, mono printing in the traditional and digital processes. Students

will discover a personal voice in preparation for the development of their thesis content. Students are expected to have a working knowledge of printmaking techniques before enrolling.

MFA 6358 Graduate Printmaking VIII

Prerequisite(s): None

This course will allow a student to begin to explore in new ways one or more of the following drawing and printmaking techniques: etching, silkscreen, woodblock printing, intaglio, mono printing in the traditional and digital processes. Students will discover a personal voice in preparation for the development of their thesis content. Students are expected to have a working knowledge of printmaking techniques before enrolling.

MFA 6361 Graduate Gallery and Museum Practices I

Prerequisite(s): None

This Gallery and Museum Practices course will begin to introduce the MFA student to a conceptual and practical understanding of art exhibitions and their importance in the careers of visual artists, as well as their contributions to contemporary society. Visitations to Houston area museums and galleries will be an important component of this course. Lectures will be offered on the history of fine art venues from the late 19th century to the present. At the time of graduation, the graduate student will be also be offered the opportunity of exhibiting their MFA work in Houston Baptist University's UAC Gallery.

MFA 6362 Graduate Gallery and Museum Practices II

Prerequisite(s): None

This Gallery and Museum Practices course will provide the MFA student with a conceptual and practical understanding of art exhibitions and their importance in the careers of visual artists, as well as their contributions to contemporary society. Visitations to Houston area museums and galleries will be an important component of this course. Lectures will be offered on the history of fine art venues from the late 19th century to the present. At the time of graduation, the graduate student will also be offered the opportunity of exhibiting their MFA work in Houston Baptist University's UAC Gallery.

MFA 6363 Graduate Gallery and Museum Practices III

Prerequisite(s): None

This Gallery and Museum Practices course will provide the MFA student with a more sophisticated conceptual and practical understanding of art exhibitions and their importance in the careers of visual artists, as well as their contributions to contemporary society. Visitations to Houston area museums and galleries will be an important component of this course. Lectures will be offered on the history of fine art venues from the late 19th century to the present.

MFA 6364 Graduate Gallery and Museum Practices IV

Prerequisite(s): None

This Gallery and Museum Practices course will provide the MFA student with a more sophisticated conceptual and practical understanding of art exhibitions and their importance in the careers of visual artists, as well as their contributions to contemporary society. Visitations to Houston area museums and galleries will be an important component of this course. Lectures will be offered on the history of fine art venues from the late 19th century to the present. At the time of the graduation, the graduate student will also be offered the opportunity of exhibiting their MFA work in Houston Baptist University's UAC Gallery.

MFA 6375 Van Gogh and the Post Impressionist Movement

Prerequisite(s): None

The course deals with the major formative phase of the modern movement in art. Both Impressionist and Post-Impressionist styles and artists will be examined. The focus of the course is concerned with the expressive and lively paintings of this modern master. His style will be traced from his early days in his native Holland, through his contact with the Impressionists in Paris, to his final days in Southern France.

MFA 6376 Michelangelo and Leonardo

Prerequisite(s): None

This course is concerned with a study of the art of two of the great masters of the High Renaissance in Italy--Michelangelo Buonarroti and Leonardo da Vinci. These two great individuals, who have had a tremendous impact in western culture from their own times through our own era, will be studied through a variety of their works.

MFA 6377 Contemporary Art Movements

Prerequisite(s): None

This course is designed to provide an overview of the major visual art movements of the 20th century and to extend an investigation into the current art scene. An introduction will begin with study of the influence of late 19th century movements

such as Impressionism, Post Impressionism, and Art Nouveau.

MFA 6378 The Gothic Cathedral

Prerequisite(s): None

This course examines the architectural development of the Christian Basilica from the middle of the twelfth through the sixteenth century. The Gothic Cathedral is an enduring symbol of the Middle Ages and provides one of the most important links between ancient and modern times.

MFA 6381 Special Topics

For course description and prerequisites for this course, please [contact the Dean of the School of Fine Arts](#).

MFA 6385 Modern Architecture

Prerequisite(s): None

This course is designed to provide an overview of the major developments of architecture of the 20th century pioneers. The study will include the following: the innovations of the tall buildings in America, the Bauhaus in Germany, the development of major masters of the 20th century, and new forms from new materials. An important objective of the course is to explore current architects and their contemporary efforts, and a substantial part of the course will include an investigation of the architecture of the metropolitan Houston area.

MFA 6386 Art Impressionism

Prerequisite(s): None

This course is designed to cover the movement of Impressionism in art during the latter part of the 19th century. It is recognized as the beginning point of the modern era in art. Works by the major artists of the group to be examined include Degas, Monet, Manet, Renoir, and Pissaro.

MFA 6388 Writing About Art

Prerequisite(s): None

The Master of Fine Arts course Writing About Art explores written documents and taped interviews by modern and contemporary artists and critics. This course differs from those that explore art historical movements, in that a primary focus is on the written and verbal statements by individual artists whether or not they agree with art historical canons. The writings are an extension of the visual artist's studio life, with the course being organized to explore the artist as; correspondent, aesthetic statesman, critic, and collaborator. MFA students will be required to keep a journal of their own writings, as well as participate in the seminar style discussions of the assigned readings.

MFA 6392 Modern Masters - Picasso

Prerequisite(s): None

This course consists of a thorough study of the life and art of the twentieth-century master artist, Pablo Picasso. His long and productive career is studied in the context of the complex arena of twentieth century art.

MFA 6399 Graduate Thesis/ Portfolio Development

All MFA graduate studio majors will, in this course, coordinate their thesis writing and body of art created during their MFA period of study preparing both for their Thesis MFA professional exhibition. Each student will work with their graduate committee chair, as primary instructor for this final seminar course during a full semester prior to his or her exhibition and planned graduation of the MFA program. The professor and candidate will work together to ensure the best possible portfolio development. Though not mandatory it is advised that this course be taken in one's last semester of study prior to the MFA thesis lecture and solo exhibition. Work that has already been started relating to the student's individual Thesis writing and creative Oeuvre will be coordinated and edited during the duration of this course. Satisfactory approval of both the instructor and the UAC Gallery director are needed prior to any MFA thesis exhibition, public MFA presentation lecture and oral thesis defense.

Management (MGMT) Course Descriptions

MGMT 3302 Principles of Management

Prerequisite(s): None

This course provides background in the theory and practice of management principles centered around leading, controlling, planning and organizing for a more effective workplace. Students will learn the historical underpinnings of current management practice in the areas of organization design, theory, strategy and planning, team building, motivation, leadership and decision-making, among others. Heavy emphasis is placed upon application in the modern organization.

MGMT 3305 Organization Behavior and Management

Prerequisite: MGMT 2341 or MGMT 3302

An introduction to problems and decision making processes of organizations from a behavioral theory viewpoint. The level of analysis of the material is that of the individual manager and groups within the organizations. Topics include personality, motivation and attitude effects on organizational effectiveness, decision making models, leadership traits and behaviors, stress management, and group and team behavior. The integration of these concepts occurs within the organizational structures and processes. Emphasis is on effective management leading to effective organizations.

MGMT 3316 Innovation and New Offering Development

Prerequisite(s): MGMT 3302

This course deals with the critical issues in the management of highly innovative enterprises and the way they create value through innovation. Innovation can be applied at all levels of the value chain and in the areas of research and development, manufacturing, marketing, and new offering development and support. The concept of innovation in the area of new offering development will be examined in great detail and the students will become familiar with how some of the best-in-class companies create products and services much more quickly and effectively than the rest of the industry.

MGMT 3322 Human Resources Management

Prerequisite(s): MGMT 3302

Study of all phases of the human resources management (HRM) function from recruitment to retirement of the employee. Included are employment strategic planning, recruitment, selection, training and development, compensation, discipline, and the various laws under which employers must operate. Emphasis is on improving organizational effectiveness through the HRM function.

MGMT 3336 Organizational Theory

Prerequisite(s): MGMT 3302

This course provides the student with a foundation in the area of organizational theory. The focus of the course is on the structure of organizations and the interrelationship of organizations and their environments. Emphasis will be given to theoretical development, comparison of theoretical foundations, the assessment of empirical support for the theories, current perspectives of management, and current frontiers in organizational research. Applications of the theoretical perspectives to management and to current organizational events will be discussed.

MGMT 4315 Power and Negotiation

Prerequisite(s): MGMT 2341 or MGMT 3305 or MGMT 3302

This course examines the art and science of management negotiation. The use of power to affect outcomes is explored. Students are exposed to cooperation theory, as well as multiple perspectives and analytical skills, in power management with a firm and between firms. Labor relations negotiations are also discussed. The course heavily depends upon cases that stimulate decision-making in the real business setting.

MGMT 4323 Transformational Leadership and Change

Prerequisite(s): MGMT 3302

In-depth overview of the behaviors and characteristics of an effective leader conducted through current readings from experts on management, leadership, and business and through the study of the habits of visionary companies. Emphasizes the importance of innovation while studying various ways of leading people and organizations to become innovative. Examines common misconceptions about leadership and provides a practical understanding of leadership by analyzing great leaders and their organizations.

MGMT 4335 Managing the Global Enterprise

Prerequisite(s): MGMT 3302

Focuses on general management and integration of functional area skills needed to compete in a complex international business

environment. Case material addresses strategic issues, operational practices, and governmental relations of multinational companies. Key topics include identifying, developing, and defending an international competitive advantage; evaluating the international environment; and, organizing to become a successful global competitor.

MGMT 5260 Decision Making Techniques for Managers

Prerequisite(s): None

This course will provide a sound knowledge of many quantitative methods used by managers in the decision making process - linear programming, multi-objective decision making, analytic hierarchy process, decision making under uncertainty, decision trees and simulations. The course will integrate modeling into many functional areas of business, including Finance, Management, Marketing and Economics. Students will get hands-on modeling experience in the Microsoft Excel environment. Basic principles of probability and statistics are also explored. Graduate Business programs only.

MGMT 5261 Management Principles

Prerequisite(s): None

This course provides background in the theory and practice of management principles centered around leading, controlling, planning and organizing for a more effective workplace. Students will learn the fundamental and historical underpinnings of current management practice in the areas of human resources management, motivation, leadership operations, and decision-making, among others. Graduate Business Program Only.

MGMT 5262 Organizational Principles

Prerequisite(s): None

This course introduces students to fundamental organizational concepts. Students will learn the elements and advantages of various organizational structures and processes. Further, students will be introduced to the most current thinking and practices in the management of organizational operations, both in manufacturing and services. Graduate Business Program only.

MGMT 5263 Legal Environment of Business

Prerequisite(s): None

A study of the legal environment of business, the role of law in society, the judicial process, and government regulation. Emphases are given to the law of contracts, torts, intellectual property, as well as employment law dealing with discrimination and its relation to human resources. Graduate Business Program Only.

MGMT 5340 Internship: MBA

Prerequisite(s): Current enrollment in MBA Program, completion of 12 hours in the MBA Program, good academic standing. An opportunity or experience by which students learn by undertaking responsible roles in organizations where the business practices of the enterprise will be studied. The students will have the opportunity to develop interpersonal skills while acquiring practical knowledge in their disciplines. The students will be exposed to various work roles and career choices.

MGMT 5361 Staffing and Performance Management

Prerequisite(s): None

Examines strategic approaches for determining staffing requirements. Focuses on the overall staffing process including identifying non-traditional innovative recruiting sources, labor and supply and demand impacts, candidate evaluation/selection methods, legal framework, interviewing techniques and marketing strategies for attracting the best candidates. Development of knowledge and skills in contemporary performance management processes, and coaching methods. Graduate Business programs only.

MGMT 6181 Special Topics/Independent Study

For course description and prerequisites for this course, please [contact the Dean of the Dunham College of Business.](#)

MGMT 6303, Global Project Management

Prerequisite(s): None

This course focuses on the increasingly valuable and specialized field of Project Management as it applies to global business projects. As organizations seek sourcing, production, partnership, and market development opportunities in international markets, managers who have expertise in defining, coordinating, and bringing projects to closure will be of increasing value to their organizations. The course is a first step in preparing students to pursue future certification in the Project Management profession, should they wish to do so. Graduate Business Programs only.

MGMT 6307 International Law

Prerequisite(s): None

As global corporations span national boundaries, they must interact with a large number of national legal systems, international agreements, and international organizations. This course deals with a wide variety of international legal issues which affect the conduct of business, including, but not limited to, the following: the evolution of international law; laws and regulations that concern international trade; organizations that regulate and promote international trade, such as WTO, NAFTA, and the EU; employment law; criminal law for business fraud; laws for the protection of IP-patents, copyrights, and trade secrets; environmental laws and organizations; issues of personal privacy and confidentiality; and laws that govern property rights and the resolution of ownership. Graduate Business programs only.

MGMT 6328 Executive Communication and Information Strategies

Prerequisite(s): None

This course has two related but separate components – executive communications and information strategies. Overall, the fundamentals of communicating, sharing, storing, and protecting organizational ideas and information will be examined. Communicating ideas and information, both orally and in writing, is a major part of the course. Students will examine different genres of written communication appropriate for managers and executives. Similarly, they will examine the different genres of oral communications expected of business leaders. In examining information strategies, the course deals with a manager's use of information resources for decision making and explores best practices for managing the acquisition and operation of information systems. Students will learn the role of information technology in various business processes. Finally, the course examines the processes and technologies involved in protecting information and privacy of the organization and all of its stakeholders.

MGMT 6331 Compensation and Benefits

Prerequisite(s): None

This course provides an in-depth understanding of total rewards including compensation and benefits. The content of the course considers the role of total rewards within the larger context of human resources management and business strategy with an emphasis on the theories, principles, design, implementation and administration of total rewards programs. Topics include internal and external pay relationships, job analysis, job evaluation, compensation models, performance appraisals, salary structures, short and long-term incentives, benefit designs and cost management. Graduate Business programs only.

MGMT 6334 Legal Challenges in HR Management

Prerequisite(s): None

This course explores the legal aspects of the employee/employer relationship from a functional standpoint- beginning with the recruiting and selecting of employees, through their development and growth in the organization and ultimately, in some cases, their departure. Emphasis is on limiting employer liability through effective and sound interviewing processes, documentation of employee performance, execution and the ultimate handling of employee/employer conflict, including but not limited to labor relations and discrimination issues such as harassment, disability, etc. Graduate Business Programs only.

MGMT 6335 History of Management, Human Resources, and Employment Relations

Prerequisite(s): None

Tracing the evolution of managerial thought from the Industrial Revolution to contemporary theory, this course provides background in the theory and practice of management and human resources. Principles of scientific management, the human relations movement, and the modernization of personnel to the modern models of human resource management will be examined. Concomitantly, employee relations will be examined both as a by-product of management systems and socio-cultural pressures.

MGMT 6338 Human Resource Management for HR Professionals

Prerequisite(s): None

The course provides a strategic overview and integrated perspective of all the primary human resources functions. Emphasis is on the integration of HR practices and programs with the business strategy and culture of the organization. Topics include formulating HR strategy, staffing, performance management, strategic compensation, managing change, benefits, policy development, embracing diversity, employee development, and HR technology. Since students are HR professionals, the course is structured to draw upon their work experience. MS-HRM Program only.

MGMT 6346 Global Supply Chain Management

Prerequisite(s): None

This course presents a methodology that links all the organizations involved with a company's global supply-chain in an integrated two-way communication system to manage high-quality inventory in the most effective and efficient manner. It examines the multitude of policies, procedures, and organizational structures that are required to do this. It presents the evolution of the Purchasing function into Supply Management, examining such issues as buyer-supplier relationship, cross-functional teams, total cost of ownership, quality management, and others. It further presents the whole process of product

development. Other management issues include outsourcing, strategic sourcing, strategic cost management, and pricing. In addition, the course examines legal and ethical issues, government procurement, and institutional supply management. Graduate Business programs only.

MGMT 6352 Organizational Behavior

Prerequisite(s): None

This course deals with the basic concepts of management from a behavioral viewpoint. The behavior of individuals and groups in an organizational setting as well as the dynamics of the organization as the aggregate of individual behaviors are emphasized. Organizational theory and human resource management are discussed. Production operations management will be introduced. Graduate Business programs only.

MGMT 6364 Training and Development

Prerequisite(s): None

Focuses on creating learning designs and delivery approaches to meet employee development needs and business priorities. Topics include training needs analysis, methods of instruction, consulting skills to determine performance issues and potential training solutions, audio-visual hardware, educational software, validation and evaluation. Students are exposed to new learning technologies and authoring tools and the broader issues of employee development, including career planning and succession management. Graduate Business programs only.

MGMT 6374 Global Business Strategy

Prerequisite(s): None

This course deals with the management of global enterprises in their pursuit to maximize value provided to their respective stakeholders. It examines the evolution from international to global competition and how this affects a variety of industry types. It also looks at the different competitive structures that have appeared in the global area--alliances, partnerships, and acquisitions. Related to this, it presents the resulting organizational structures and business models. It further examines many issues of global management, such as global marketing, global risk management, global supply chains, global R&D, global knowledge management, and others. Graduate Business programs only.

MGMT 6376 Business Strategy and Policy

Prerequisite(s): None

This course focuses on strategic management from a value-based perspective. The corporate level of decision-making is emphasized. Various models of the strategic process from formulation, to implementation, to evaluation are discussed. How resources, including such intangible assets as knowledge, are used to implement strategic decisions is evaluated. Graduate Business programs only.

MGMT 6378 Management of Global Human Resources

Prerequisite(s): None

Examines the human resources issues facing multi-national organizations and joint venture. Areas covered include the process of expanding internationally, the process of understanding culture and applying human resource management concepts in a multinational environment. Provides an understanding of organizational design in multinational corporations. The course will develop skills in gathering information on the business, economic, legal and cultural environment in various regions and countries around the world. Graduate Business programs only.

MGMT 6380 Seminar: Selected Topics

Directed study. Involves specification and approval of a study design; development of data; and analysis and reporting results. Graduate Business programs only.

MGMT 6381 Special Topics

For course description and prerequisites for this course, please [contact the Dean of the Dunham College of Business.](#)

MGMT 6382 Strategic Planning and HRM Challenges

Prerequisite(s): None

Focuses on the integration of business strategy and human resources strategy. Prepares students to understand the linkages and impact of HR programs on the successful execution of business strategy and to develop HR strategies that are aligned with business strategy, culture and employee motivation. Includes examination of contemporary political, social and economic and environmental issues that impact the development of HR strategy. Graduate Business programs only.

MGMT 6386 Organizational Problems, Diagnostics, and Solutions

Prerequisite(s): Completion of 15 credit hours of core courses in the program

This course focuses on the role of the manager as a problem-solver, including the processes involved in anticipating, recognizing, diagnosing, and generating solutions for large-scale organizational problems. Students are exposed to the proper methodologies and are given the tools to go beyond events and “patterns of events” to the underlying systemic structures responsible for organizational and other problems. In addition to the managerial role in organizational problem-solving, the course will explore the possible roles of business in addressing large-scale social and global problems. Such problems represent legitimate business opportunities and threats and, thus, the role of business in solving them is explored in terms of emerging business and social models. Graduate Business Programs only.

MGMT 6389 Value Creation through Innovation and Entrepreneurship

Prerequisite(s): None

This course explores the critical role that knowledge and innovation play in corporate entrepreneurship and intrapreneurship. Entrepreneurial thinking and innovative processes are vital for gaining and maintaining advantages in the marketplace. Topics include entrepreneurial processes, the types and management of knowledge assets, knowledge management processes, innovation processes, and protection of an organization’s intellectual resources. Graduate Business Programs only

MGMT 6392 Transformational Leadership and Ethics in Business

Prerequisite(s): None

This course focuses on integrating leadership theory, ethical frameworks, current events, and experiential practice to help students become leaders who are grounded in ethical foundations. While a breadth of Leadership models will be explored and discussed, special attention will be given to the transformational leadership that becomes necessary in the midst of organizational change. The course will further emphasize the importance of ethical behavior in leadership, strategic thinking, leading transformational change, and shaping organizational culture to nurture leadership development. Graduate Business Programs only.

MGMT 6393 Global Enterprise Management

Prerequisite(s): None

The multinational enterprise must deal with a variety of institutions, forces, and problems that extend far beyond those faced by the organization which operates in only one economy. Effective management of the multinational requires solving a set of problems that differ intrinsically from those faced by the manager in a single economy. This course addresses the nature of these problems and their effective solutions. Graduate Business programs only.

MGMT 6395 International Management Experience

Prerequisite(s): None

This course combines classroom work with international travel and provides the student with direct contact with managers operating in another country. A weeklong international trip (scheduled at the end of the term) is a part of the course. Topical coverage in class sessions emphasizes cultural and historical differences in countries that produce different managerial styles and contrasting business practices. Graduate Business programs only.

Management Information Systems (MIS) Course Descriptions

MIS 3330 Information Systems and Business Analytics

Prerequisite(s): BUSA 2301 and 2311

This course provides students with basic knowledge of Information Systems and Business Analytics and their use for business operations, managerial decision-making, and strategic advantage. The computer hardware, software, and networks are discussed. The development and use of databases and data warehouses are addressed. Various tools and techniques for data interrogation, visualization, presentation, data mining, and predictive analytics are examined. Data analysis and spreadsheet modeling are addressed. Students will gain hands-on experience and develop skills necessary for working with large data sets from various business areas.

Marketing (MKTG) Course Descriptions

MKTG 3301 Principles of Marketing

Prerequisite(s): ECON 2311 or 2302

The fundamental marketing concepts and functions are analyzed and interpreted within the framework of the competitive, legal, economic, and social environments.

MKTG 3310 Consumer Behavior

Prerequisite(s): MKTG 3301

A study of human behavior in the market place. Attention is focused on applying concepts from the social sciences to understanding the consumer decision processes and buying patterns.

MKTG 3313 Social Media Marketing

Prerequisite(s): None

A study of social media marketing and the various strategies that promotes successful usage of this promotion and consumer engagement tool. Marketing's role in e-commerce, Web-design, and Internet advertising principles are also explored. Students, through a real-world project/case, apply the functions of marketing to a social media marketing problem situation/case.

MKTG 3333 Sports, Entertainment, & Event Marketing

Prerequisite(s): None

A study of the sports, entertainment, and event sectors of the economy. Marketing strategies used in these three venues are emphasized. Real-life projects are used in each of the three areas to enhance learning experiences and reinforce knowledge acquisition. Marketing and management problem-solving techniques guide student-generated marketing plans.

MKTG 3360 Professional Sales

Prerequisite(s): MKTG 3301

A study of the principles and techniques of personal selling using a behavior approach.

MKTG 3380 Online Marketing

Prerequisite(s): MKTG 3301

A study of marketing on the Internet. Emphasizes marketing's role in e-commerce. Applications for effective web site design, Internet advertising principles, proper usage of information technology in designing and implementing marketing strategy, and how to do marketing research via the Internet are demonstrated and discussed.

MKTG 4330 International Marketing

Prerequisite(s): MKTG 3301

A study of the problems and procedures of marketing in foreign countries, including the effects of cultural dynamics in assessing world markets.

MKTG 4336 Principles of Advertising

Prerequisite(s): Junior or senior standing

A study of the advertising component of the firm. Emphasizes the interactive coordination and strategy of this promotional tool. Applications necessary for developing target markets, utilization of the mass media, advertising research, and analysis of the complete campaign are stressed.

MKTG 4340 Internship

Prerequisite(s): See the Dunham College of Business Internship Coordinator for current prerequisite information.

The course is an integrating field experience by which students learn actual business practices by undertaking responsible roles in an organization. The students develop interpersonal skills while acquiring practical knowledge in their disciplines. The students are exposed to various work roles and career choices.

MKTG 4350 Marketing Research

Prerequisite(s): MKTG 3301

Studies the methodology and procedures used to meet the information needs of marketing management.

MKTG 4360 Marketing Strategy

Prerequisite(s): Senior standing

A comprehensive course designed to study marketing strategy using case histories. This is a capstone course and requires the

basic knowledge the student has acquired in earlier marketing courses.

MKTG 4381 Special Topics

Prerequisite(s): Approval of the Dean of the Dunham College of Business.

Directed study of a minimum of thirty clock hours for each hour of credit. Provides the marketing major the opportunity to conduct a detailed investigation of selected marketing problems.

MKTG 5260 Marketing Principles

Prerequisite(s): None

This course provides background in the theory and practice of marketing principles. Marketing concepts and functions are presented within the framework of the competitive, legal, economic, and social environments.

MKTG 6310 Marketing Management

Prerequisite(s): None

An inquiry into marketing decision-making. Emphasis is placed on strategic planning and analytical procedures for marketing decisions. The course integrates all areas of marketing management and relates marketing activities to the other functional areas of the firm. This course culminates with the presentation of a comprehensive marketing plan to a panel of venture capitalists. Graduate Business programs only.

MKTG 6333 International Marketing Seminar

Prerequisite(s): MKTG 6310

The study of marketing structures, organization, policies, and procedures as applied to the international environment. This course examines competition, strategies, and technology in the global market place. Graduate Business programs only.

MKTG 6334 Marketing Strategy Seminar

Prerequisite(s): MKTG 6310

A comprehensive course that studies strategy formulation, planning procedures and challenges present in today's marketplace. This course uses case analysis to illustrate contemporary issues and decision making. Graduate Business programs only.

MKTG 6373 Changing Markets and Organizations

Prerequisite(s): None

This course is designed to provide insight into how new markets are formed. Study centers around new business paradigms created by organizations to respond to these new and changing markets. Insights into how marketing management strategies are formulated with respect to diverse market segments, e-commerce, and innovations are also provided. Information technology from a marketing perspective is tied to the newly emerging business structures. Graduate Business programs only.

Master of Liberal Arts (MLA) Course Descriptions

MLA 5301 The Trivium in the Western Tradition

Prerequisite(s): None

This course explores the historical and practical importance of the Trivium as a fundamental part of teaching and learning. It incorporates the basic elements of the Western tradition and the liberal arts, focusing them around the disciplines of grammar, logic, and rhetoric.

MLA 5302 Logic and the Great Texts

Prerequisite(s): None

This course introduces students to the study of logic in the Western tradition, with particular emphasis on Aristotelian and classical forms of logic from the ancient Greeks to the modern world. Particular emphasis will be placed on logic as it is applied to classical education and the Great Books of the Western tradition.

MLA 5303 Classics and Christianity

Prerequisite(s): None

This course is a broad survey of the history, literature, philosophy, religion, art, archaeology and politics of the Ancient Graeco-Roman World with the purpose of focusing on specific elements that shed light on our understanding of the Bible and the development of Christianity.

MLA 5311 Islam: Resurrection of Empire

Prerequisite(s): None

This course will address the question of whether Islamic fundamentalism is becoming a more potent force on the current world stage.

MLA 5314 The Nature of Biography

For course description and prerequisites for this course, please [contact the Dean of the Smith College of Liberal Arts.](#)

MLA 5315 The Vietnam Experience

Prerequisite(s): None

This course will focus on the collective American experience during the Vietnam War era from 1954-1976. Through various media and first-hand experience, the class will examine the impact of the war on the United States and the generation of men and women who fought for American ideals at home and abroad.

MLA 5318 Texas Culture

Prerequisite(s): None

The purpose of this course is to view the Texas experience from a variety of angles, including the history of the Lone Star State, and how Texas fits in the national, social and political mosaic.

MLA 5319 Structures of Poetry

Prerequisite(s): None

Structures of Poetry teaches students to read poetry thoughtfully, accurately, and wisely. Students who are experienced with reading poetry will emerge from this course as capable readers. Students who have read much poetry will emerge from this course with a much fuller understanding of the way a poem functions.

MLA 5321 Victorian Fiction

Prerequisite(s): None

This course will serve as an introductory course on Victorian Fiction that will bridge MLA 6338, Great Detectives; MLA 6355, Gothic Novels; and MLA 6369, Charles Dickens. Victorian Fiction will be a survey of the major Victorian novelists from Dickens to Hardy.

MLA 5322 Fictional History

Prerequisite(s): None

This course will be a survey of historical fiction from Sir Walter Scott to the present day with an emphasis on those works that have shaped popular concepts of history.

MLA 5323 Tolkien and the World of Fantasy

Prerequisite(s): None

Critical interest in the study of fantasy has grown because of the vast popularity of J.R.R. Tolkien and C.S. Lewis. This course will include the relationship of fantasy to medieval literature, fairy tales, fables and folklore, but emphasis will be on works since 1800.

MLA 5326 The Conquest of the Americas

Prerequisite(s): None

In The Conquest of the Americas students will examine the three major pre-Columbian cultures in Latin America (Maya, Aztec, and Inca). Documents recording the encounter of the Old and New Worlds will be read (in English): diaries, letters, and histories plus hieroglyph/pictograph histories.

MLA 5328 Holocaust: After 50 Years

For course description and prerequisites for this course, please [contact the Dean of the Smith College of Liberal Arts](#).

MLA 5329 Hildegard von Bingen and Her Music

Prerequisite(s): None

The purpose of this course is to study and become familiar with the musical works of Hildegard von Bingen, placing them within the history, environment and thought of the time. Students will become familiar with earlier forms of worship music and the contemporary Christian music of her day.

MLA 5335 Egypt: Pharaohs and Pyramids

Prerequisite(s): None

This course will provide a survey of Egyptian history from the earliest pharaohs through the Roman occupation; it will also examine the literature, mythology, art, architecture, and science of Egypt as well as the West's rediscovery of the Egyptian culture.

MLA 5336 Romanticism and Revolution: Art and Literature

Prerequisite(s): None

This course will study the impact of the French and American revolutions with emphasis on the visual arts. This survey of the Romantic Era will include a brief review of the major English poets, composers who based their major works on Romantic literary works, and artists of the Romantic Era.

MLA 5338 World Religions: Hinduism and Buddhism in India and Southeast Asia

Prerequisite(s): None

This course will examine Hinduism and Buddhism through readings in works such as the Vedic Hymns, the Bhagavad-Gita, and the Ramayana which link classical and popular Asian religion. Numerous examples of religious architecture, geography, and myth will further illustrate subject matter.

MLA 5341 Three Cities of the Revolution

Prerequisite(s): None

This class will enhance the student's critical understanding of the American republic through studies and readings in Revolutionary War perspectives presented by Williamsburg, Boston, and Philadelphia.

MLA 5343 African-American Literature

Prerequisite(s): None

Students will study slave narratives, spirituals and gospel music, folk tales, sermons, speeches, poetry, drama and fiction and analyze the literature as it relates to and reflects the periods in which it was written.

MLA 5345 Faulkner

Prerequisite(s): None

Students read novels and short stories by William Faulkner and relate his themes and style to American Modernism.

MLA 5349 The Epic: Homer and Virgil

For course description and prerequisites for this course, please [contact the Dean of the Smith College of Liberal Arts](#).

MLA 5351 Great Books in Ancient and Medieval Political Theory

Prerequisite(s): None

This course is an examination of the classic dilemmas and recurring problems in political theory and how they are dealt with by ancient Greek, Roman, and Medieval thinkers. Central to the course is a discussion of the nature of man, the meaning of life, and how best to achieve it.

MLA 5352 Dangers and Dilemmas in Democracy

Prerequisite(s): None

By examining classic texts in democratic theory, students will develop greater insight into the dangers and dilemmas of democracy, how they might be resolved, and how our own nation might overcome some of these same obstacles.

MLA 5353 Southern Women Writers

Prerequisite(s): None

Students will examine the literature of writers of the American South that reflect issues peculiar to that region as it comes to terms with slavery and its legacy. The reading list will include selected works of Kate Chopin, Harper Lee, Ellen Gilchrist and Eudora Welty.

MLA 5354 Law and Lawyers in Literature, Film and Video

Prerequisite(s): None

A study of the ways in which lawyers have been viewed in literature, cinema, and television.

MLA 5355 The American Constitutional Experience

Prerequisite(s): None

This course examines the American constitution from a historical and philosophical perspective, approaching the American constitutional experience as a battle of ideas and words. The course relies on historical documents such as the Declaration of Independence, Federalist Papers, and the US Constitution.

MLA 5357 Voices of the Civil War

Prerequisite(s): None

The American Civil War as it is related by the participants themselves, through the interpretation of the most influential historians of the 20th century, and on to the visions of today's filmmakers and novelists. Each class session gives us an opportunity to read, view, and discuss memoirs, novels, histories, movies, and TV programs that illuminate the Civil War experience. Students will be asked to read and view these materials in the context of the times in which they were created. This will allow us to see the development of Civil War themes across the years since the conflict. Finally, students will be able to better articulate the meaning of the war in today's society.

MLA 5358 Women of Tudor England

Prerequisite(s): None

This course will study women during the Tudor Era (1485-1603). Even though women during this era were exhorted to be silent and obedient, ironically, for the first time in English history several women ruled as queens in their own right and numerous other women had a significant impact on history. Some famous women of the era were the six wives of Henry VIII, Bloody Mary, Mary Queen of Scots, Lady Jane Grey, and Bess of Hardwick. Special emphasis will be on the exceptional reign of Elizabeth I, who survived both to rule as an unmarried woman and become, by many standards, the most successful monarch in English history. This course will also explore the lives of the common women of Tudor England and trace cultural, social, and economic changes impacting their lives.

MLA 5359 Utopia, Dystopia and the Literature of Technology

Prerequisite(s): None

This course will cover literature that portrays societies that are utopian and/or dystopian in nature, and feature the use or misuse of technology. The course will begin with Sir Thomas More's Utopia (1516), then proceed chronologically through the 19th and 20th centuries. We will end by exploring a new literary genre, hypertext fiction, which is not only produced but also consumed using technology, since it can only be read on a computer screen. Students will analyze the works using selected 20th century critical theories.

MLA 5360 Mythology in Literature and the Arts

Prerequisite(s): None

This course provides an overview of the major myths, the archetypes based on those myths, and their use in literature and the arts. It emphasizes the Greco-Roman, Norse, and Celtic myths, but also covers other mythologies. Coverage will include major

stories from the Old and New Testaments.

MLA 5361 Understanding the Greeks: Socrates, Plato, Aristotle

Prerequisite(s): None

This course investigates the lasting impact of Greek thought on Western Civilization. The course provides a look at ancient Greek civilization including origins, religion, gender roles, daily life, theater, war, mythology, and politics. The primary focus of the course is tracing the intellectual contributions of the Greeks to Western Civilization and the way we view the world today.

MLA 5364 Chaucer and the Fourteenth Century

Prerequisite(s): None

Examines the fourteenth century as a turning point in English and European culture: the end of the High Middle Ages and the beginnings of the pre-Renaissance. The course emphasizes the rise of vernacular languages as literary languages, particularly in Italy and England, and the role of Geoffrey Chaucer as the father of English poetry.

MLA 5365 Milton

Prerequisite(s): None

This course considers the thought and works of John Milton, with special attention devoted to *Paradise Lost*. Through examination of Milton's poetry and his major prose writings as well as their historical context and influence, students will explore the artistic, religious, political, and philosophical contributions of this key intellectual figure.

MLA 5382 The Greek World

Prerequisite(s): None

This course introduces students to the world of Ancient Greece. The goals of the course are to read the foundational texts of the Archaic, Classical, and Hellenistic periods, to place them in their historical, philosophical, and archaeological contexts, and to consider their impact on western civilization. Authors read in this class may include Homer, Aeschylus, Sophocles, Euripides, Aristophanes, Plato, Aristotle, and Thucydides.

MLA 5383 The Roman World

Prerequisite(s): None

This course introduces students to the world of Ancient Rome. The goals of the course are to read the foundational texts of the Republican and Imperial periods, to place them in their historical, philosophical, and archaeological contexts, to understand the interrelationship between the Greek and Roman worlds, to discuss the emergence of Christianity in its classical context, and to consider the impact of Ancient Rome on western civilization. Authors read in this class may include Vergil, Cicero, Lucretius, Horace, Plautus, Terrence, Suetonius, Tacitus, and Pliny.

MLA 5384 The Medieval World

Prerequisite(s): None

This course introduces students to the Medieval World. The goals of the course are to read the foundational texts of the Medieval period, to place them in their historical, philosophical, and architectural contexts, to understand the relationship between the Classical Antiquity and the emergence of Christian Europe, and to consider the impact of the Medieval period on western civilization. Authors read in this class may include Boethius, Augustine, Aquinas, Dante, Bede and Chaucer.

MLA 5385 The Renaissance and Reformation

Prerequisite(s): None

This course introduces students to the period of the Renaissance and Reformation. The goals of the course are to read the foundational texts of the Reformation period, to place them in their historical, philosophical, and religious contexts, to understand the relationship between the Classical Antiquity, the middle ages, and the emergence of early modern Europe, and to consider the impact of the Renaissance and Reformation on western civilization. Authors read in this class may include Luther, Calvin, Machiavelli, Erasmus, Petrarch, Shakespeare, Milton, and Donne.

MLA 5386 The Enlightenment

Prerequisite(s): None

This course introduces students to the period of the Enlightenment. The goals of the course are to read the foundational texts of the Enlightenment period, to place them in their historical, philosophical, scientific and religious contexts, to understand the relationship between the Classical Antiquity, the scientific revolution, and the emergence of representative democracy, and to consider the impact of the Enlightenment on western civilization. Authors read in this class may include Locke, Hobbes, Pope, Swift, Austen, Voltaire, Rousseau and Kant.

MLA 5387 The Modern World

Prerequisite(s): None

This course introduces students to the period of Romanticism and Modernity. The goals of the course are: to read the foundational texts of Romanticism and Modernism, to place them in their historical, philosophical, scientific, and religious contexts, to understand the relationship between the Romanticism and Modernism, and to consider the impact of these movements on the post-modern world. Authors read in this class may include: Goethe, Wordsworth, Nietzsche, Eliot, Einstein and Beckett.

MLA 5388 The Last Fifty Years

Prerequisite(s): None

This course introduces students to recent developments in western civilization. Special attention will be given to postmodernism and how has it influenced American culture. The goals of the course are: to examine the critical moral, political, economic, and social questions of the 20th century, and to understand the connection between this period and those that have preceded it. Special attention will be given to primary source readings.

MLA 5390 Western Culture and Human Experience

Prerequisite(s): None

These courses are a core component of the MLA program and offer a broad overview of history, politics, art, and philosophy. MLA 5390 will cover the years from the time of classical Greece through the medieval period; MLA 5391 will cover the Renaissance, Reformation, and Early Modern period; MLA 5392 will cover from the French revolution through Modern times.

MLA 5391 Western Culture and Human Experience

Prerequisite(s): None

These courses are a core component of the MLA program and offer a broad overview of history, politics, art, and philosophy. MLA 5390 will cover the years from the time of classical Greece through the medieval period; MLA 5391 will cover the Renaissance, Reformation, and Early Modern period; MLA 5392 will cover from the French revolution through Modern times.

MLA 5392 Western Culture and Human Experience

Prerequisite(s): None

These courses are a core component of the MLA program and offer a broad overview of history, politics, art, and philosophy. MLA 5390 will cover the years from the time of classical Greece through the medieval period; MLA 5391 will cover the Renaissance, Reformation, and Early Modern period; MLA 5392 will cover from the French revolution through Modern times.

MLA 5399 Thesis

This course is for the research, writing, and defense of a faculty-approved Master of Liberal Arts thesis. Course may be taken twice for credit.

MLA 6301 Science and the Common Understanding

Prerequisite(s): None

This course will include readings and discussions concerning the great scientific discoveries of the past, the historical context from which they arose, and the conflicts that resulted during their eventual resolution.

MLA 6304 Scientists: Their Philosophy, Their Essays

Prerequisite(s): None

This course studies scientific essays, some of historical significance - most from the modern world in which we live, most in written form but some in the form of video - all composed by scientists/essayists. No scientific or mathematical background is assumed or expected; instead, the approach is that of the seeker of knowledge and understanding, the aesthetic looking for beauty in content and style, and the critic viewing all with a skeptical eye.

MLA 6310 Unborn Life in the Western Tradition and American History

Prerequisite(s): None

Through a close study of great texts as well as individual scholarly research, this graduate-level course explores the history of ideas, attitudes, and practices regarding unborn life in the Western Tradition. The course pays special attention to American history as an expression of that tradition and to Christian reflection on the unborn from antiquity to the present.

MLA 6312 The French Enlightenment

Prerequisite(s): None

This course focuses on the cosmopolitan popularization of ideas and rhetorical strategies for their dissemination that became not only characteristics of the major philosophies of the French Enlightenment but also compelling and normative models for

nearly all subsequent philosophical, critical, and scientific thought in the Modern Age.

MLA 6315 Critical Approaches to Literature: Don Quixote

Prerequisite(s): None

This course uses the Cervantes masterpiece Don Quixote de la Mancha as a springboard for the study of literary theory that may, in turn, be applied to other literary texts. Contemporary theories such as psychological, mythological-archetypal, formalist, structuralist, and poststructuralist methodologies will be examined and applied to Quixote.

MLA 6317 The Graying of America

Prerequisite(s): None

This course is designed to provide the student with sociological approaches to the study of aging. An examination of the emergence of aging as a problem in industrial nations will be undertaken. Consideration of specific problems and programs related to aging will also be addressed.

MLA 6318 Church and State in Early Modern England

Prerequisite(s): None

This course examines the relationship between the church and the state as a fundamental aspect of early modern English history (c.1500-170). Events of the period such as the Reformation, the Wars of Religion, the Enlightenment, and the Scientific Revolution deeply impacted church-state relations and the development of the modern nation-state. Particular attention will be paid to the opinion-shaping influence of early printed books, including: Bibles, devotional manuals, sermons, plays, printed images, and other literature. The course also will provide an introduction to early modern paleography and historiography.

MLA 6324 The Art of Being Human

Prerequisite(s): None

This course is an introduction to the humanities. It reaffirms the liberal arts tradition that maintains that the humanities constitute the best and brightest expressions of all people. The emphasis is on the interaction between the arts, religion, and philosophy, and on the humanities, believing that this approach helps us to see artists and philosophers at work, trying to solve real problems that we all know about.

MLA 6331 Jane Austen and the Brontes

Prerequisite(s): None

The Jane Austen and the Brontes course is significant in its juxtaposition of both canonical and non-canonical early female novelists who represent both enlightenment and romantic literary and social values. The aim of this course is for the student to develop an appreciation of the authors' contributions to the development of the novel, and to fully understand the cultural periods that influence these novels.

MLA 6344 American Popular Culture

Prerequisite(s): None

A study of the development and impact of the mass media and society with an emphasis on the 20th century. Materials to be studied include dime novels, pulp magazines, comic books, and paperback books as well as their relationships to other mass media, particularly radio, television, and motion pictures. Other aspects include the production, marketing and distribution of popular culture as well as the sociological and psychological implications.

MLA 6345 Shakespeare: Goodly Frame Earth

For course description and prerequisites for this course, please [contact the Dean of the Smith College of Liberal Arts](#).

MLA 6346 King Arthur in History and the Arts

Prerequisite(s): None

This course examines the major literary, musical, and artistic works inspired by the legends of King Arthur and the Knights of the Round Table. The course will cover the historical roots of the legends, their use by major historians, and their influence on European and English literature.

MLA 6354 Myth of the West in Film

For course description and prerequisites for this course, please [contact the Dean of the Smith College of Liberal Arts](#).

MLA 6358 Our Times/Our Literature

For course description and prerequisites for this course, please [contact the Dean of the Smith College of Liberal Arts](#).

MLA 6359 The Rhetoric of Social Change

Prerequisite(s): None

This course will explore the evolution of social movements from a rhetorical perspective. Special attention will be given to how public opinion is manipulated by both agents of change and agents of control. Topics to be studied will include civil rights, women's liberation, Vietnam, and the new right.

MLA 6363 Men's Visions in Literature and Art

Prerequisite(s): None

This course will examine a variety of 20th century male perceptions, values, visions, and art forms. Western world literature celebrates the courage, competitions, and conquests of men in conflict with one another, nature, God, and themselves. Men who lose such conflicts consider themselves failures, and the literature about them is tragic. But when a man wins those conflicts, he often destroys, damages, or diminishes his antagonists, the natural world, his God and his own humanity, dignity, satisfaction and joy.

MLA 6366 Alexander the Great and the Hellenistic Period

Prerequisite(s): None

This course will focus on the life of Alexander, his impact on the Greek and Eastern Mediterranean world, and the forces which he unleashed in the Hellenistic Period.

MLA 6368 Power in the Middle Ages

Prerequisite(s): None

The question of what power is and who should wield it became particularly acute in the disorder of the Middle Ages. After the collapse of the Roman Empire kings, nobles, and the church all attempted to maintain or expand their authority, and women and intellectuals carved their own niche in the life of the time. This course examines how their battles for power and the solutions they worked out in the heat of the moment not only built their institutions of government but also laid the foundations for our own government and some of the ideas of liberty we hold most dear today.

MLA 6369 The World of Charles Dickens

Prerequisite(s): None

This course will provide an overview of the life, world, and work of Charles Dickens, the Shakespeare of the English novel. His development as a writer will be traced through his major novels: *Oliver Twist*, *David Copperfield*, *Dombey and Son*, *Little Dorrit*.

MLA 6371 Music in the Theatre

Prerequisite(s): None

The major emphasis of this course will be a presentation of the characteristics and differences between the Operetta and the Broadway show. Discussion of the components of the operetta will use as illustrations Lehar, Strauss, and Victor Herbert; the section on Broadway shows will feature standard composers such as Rodgers and Hammerstein and Lerner and Loewe; and including, finally, the contemporaries such as Bernstein, Bacharach, Herman, and Sondheim.

MLA 6374 Travel: The Italian Renaissance

Prerequisite(s): None

A tour of the three cities most associated with the Renaissance: Rome, Florence, and Venice. It will also include other significant sites such as Pisa, Ravenna, Verona, and Milan.

MLA 6375 Van Gogh and the Post-Impressionist Movement

Prerequisite(s): None

The course deals with the major formative phase of the modern movement in art. Both Impressionist and Post-Impressionist styles and artists will be examined. The focus of the course is concerned with the expressive and lively paintings of this modern master. His style will be traced from his early days in his native Holland, through his contact with the Impressionists in Paris, to his final days in Southern France.

MLA 6376 Michelangelo and Leonardo

Prerequisite(s): None

This course is concerned with a study of the art of two of the great masters of the High Renaissance in Italy - Michelangelo Buonarroti and Leonardo da Vinci. These two great individuals, who have had a tremendous impact on western culture from their own times through our own era, will be studied through a variety of their works.

MLA 6377 Contemporary Art Movements

Prerequisite(s): None

This course is designed to provide an overview of the major visual art movements of the 20th century and to extend an investigation into the current art scene. An introduction will begin with study of the influence of late 19th century movements such as Impressionism, Post-Impressionism, and Art Nouveau.

MLA 6378 The Gothic Cathedral

Prerequisite(s): None

This course examines the architectural development of the Christian Basilica from the middle of the twelfth through the sixteenth centuries. The Gothic Cathedral is an enduring symbol of the Middle Ages and provides one of the most important links between ancient and modern times.

MLA 6381 A World in Transition

Prerequisite(s): None

The transition from the classical world to a world is divided into three successor states; the Byzantine Empire, the Germanic kingdoms of the Latin West, and the Islamic Caliphates. This course examines a number of different sources: historical, literary, and artistic to trace the evolution of these various forces.

MLA 6386 Art Impressionism

Prerequisite(s): None

This course is designed to cover the movement of Impressionism in art during the latter part of the 19th century; it is recognized as the beginning point of the modern era in art. Works by the major artists of the group to be examined include Degas, Monet, Manet, Renoir, and Pissaro.

MLA 6387 Music of Paris, 1870-1930

Prerequisite(s): None

This course is a survey of music composed, performed, and experienced in Paris at the turn of the century and through World War I. The survey will include a study of influences shared by the arts: visual, literary, ballet, opera, and other musical genre.

MLA 6391 Three Auteurs of the Cinema: Bergman, Fellini, Truffaut

Prerequisite(s): None

Student will examine three films each of these universally recognized masters of the post-World War II cinema. Their vision of movies as art will be emphasized.

MLA 6392 Modern Masters: Picasso

Prerequisite(s): None

This course consists of a thorough study of the life and art of the twentieth-century master artist, Pablo Picasso. His long and productive career is studied in the context of the complex arena of twentieth century art.

MLA 6397 Shakespeare: History and Film

Prerequisite(s): None

The purpose of this course is to introduce students to William Shakespeare's plays about the Wars of the Roses; to examine those plays in the contexts of Shakespeare's era and our own; to analyze his use and misuse of his sources for dramatic and political purposes; and to study the major modern cinematic and televised adaptations of the plays.

Music (MUSI) Course Descriptions

MUSI 0001 Forum/Recital Attendance

Prerequisite(s): Declared Music Major or Minor

Music majors must enroll in this course to document forum and recital attendance each semester. Grades on a pass/fail basis. For credit, attendance at six (6) recitals is required and a maximum of two (2) Forum absences is permitted. Students admitted to the School of Music are required to register for this course (unless enrolled in EDUC 4494, EDUC 4497, or MUSI 4090). Recital credit is not granted for a student performing on all/part of a concert or recital. Transfer students should review current School of Music Handbook policies for specific details.

MUSI 0002 Piano Proficiency

Prerequisite(s): Declared Music Major

All School of Music students (except Bachelor of Music piano majors) must enroll in Class Piano 1143, 1144, 1145, or 1146 until this proficiency is passed. Music majors must enroll in this course in order to take the piano proficiency exam, which is grades on a pass/fail basis. Students who pass Piano Proficiency upon entrance audition must enroll during their first semester. Transfer students should review current School of Music Handbook policies for specific details.

MUSI 0003 Sophomore Review

Prerequisite(s): MUSI 2323 and 2123 or concurrent enrollment in both. To be taken in the spring semester of the Sophomore year or just prior to completing 60 credit hours.

Includes an essay, performance, interview, and the Theory I-IV Cumulative Exam. Two failed attempts to pass all four sections will result in the student being advised toward the Music Minor and an alternative major. All Music Majors MUST file a degree plan upon passing MUSI 0003, Sophomore Review, at which point they will become eligible to enroll in MUSI 3000 and 4000 level courses. Transfer students should review Current School of Music Handbook policies for specific details.

MUSI 0222 Fundamentals of Music Theory

Prerequisite(s): Audition Theory Placement Exam

A basic course designed only for conditional admit students to the School of Music who do not meet the minimum level score required on the Audition Theory Placement Exam for entrance into Music Theory I (MUSI 1322). MUSI 0222 is not applicable to degree requirements for a music major or minor. Students placed in MUSI 0222 will continue on with MUSI 1322, Theory I, and MUSI 1122, Theory I Lab, only after they pass this course. It will be only offered in the summer at HBU. As another option, conditional admit students may choose to enroll in and pass an approved Fundamentals of Music Theory on-line course or elsewhere with written permission from the Director of the School of Music or the Office of the Dean of the College of Arts and Humanities. An official transcript for the course (whether taken on-line or elsewhere) must also be sent to and received in the Office of the Registrar prior to full School of Music admission and scholarship eligibility.

MUSI 1111 Husky Band

Prerequisite(s): Permission of the instructor/band director.

An instrumental ensemble rehearsing 3-4 hours per week, performing primarily for University basketball games and other HBU functions. Course may be repeated for credit. Open to non-music majors.

MUSI 1113 University Singers

Prerequisite(s): Permission of the Area Coordinator, Choral Music

Rehearsal and performance of the finest music written for choral ensembles. Course may be repeated for credit. Open to non-music majors.

MUSI 1114 Guitar Ensemble

Prerequisite(s): Permission of the instructor.

Group guitar performance of classical guitar literature. Course may be repeated for credit.

MUSI 1119 Opera Workshop Ensemble

Prerequisite(s): Permission of the Area Coordinator, Vocal Studies

Basic technical preparation and performance of individual scenes or complete operas, including dramatic exercises, improvisations, and the integration of music, acting, and opera staging, allowing students to experience all facets of production technique. Course may be repeated for credit.

MUSI 1143 Class Piano I

Prerequisite(s): Declared Music Major or Minor

Basic keyboard instruction for music majors and minors whose applied instrument is not piano.

MUSI 1144 Class Piano II

Prerequisite(s): Declared Music Major or Minor; MUSI 1143 and Class Piano I with a grade of C or higher.
Continued basic keyboard instruction for non-piano majors.

MUSI 1145 Class Piano III

Prerequisite(s): Declared Music Major or Minor; MUSI 1144 and Class Piano II with a grade of C or higher.
Intermediate instruction in keyboard skills for non-piano majors.

MUSI 1146 Class Piano IV

Prerequisite(s): Declared Music Major or Minor; MUSI 1145 and Class Piano III with a grade of C or higher.

Corequisite(s): MUSI 0002, Piano Proficiency

Advanced keyboard instruction directed toward demonstrated completion of Piano Proficiency requirements. Must be taken concurrently with MUSI 0002, Piano Proficiency.

MUSI 11B1 Horn

Prerequisite(s): None

One half-hour private lesson per week. A minimum of one hour per day of individual practice is required.

MUSI 11B2 Trumpet

Prerequisite(s): None

One half-hour private lesson per week. A minimum of one hour per day of individual practice is required.

MUSI 11B3 Trombone

Prerequisite(s): None

One half-hour private lesson per week. A minimum of one hour per day of individual practice is required.

MUSI 11B4 Euphonium

Prerequisite(s): None

One half-hour private lesson per week. A minimum of one hour per day of individual practice is required.

MUSI 11B5 Tuba

Prerequisite(s): None

One half-hour private lesson per week. A minimum of one hour per day of individual practice is required.

MUSI 11C1 Composition

Prerequisite(s): None

One half-hour private lesson per week in music composition.

MUSI 11G1 Classical Guitar

Prerequisite(s): None

One half-hour private lesson per week. A minimum of one hour per day of individual practice is required.

MUSI 11H1 Harp

Prerequisite(s): None

One half-hour private lesson per week. A minimum of one hour per day of individual practice is required.

MUSI 11K1 Piano

Prerequisite(s): None

One half-hour private lesson per week. A minimum of one hour per day of individual practice is required.

MUSI 11K2 Organ

Prerequisite(s): None

One half-hour private lesson per week. A minimum of one hour per day of individual practice is required.

MUSI 11K3 Harpsichord

Prerequisite(s): None

One half-hour private lesson per week. A minimum of one hour per day of individual practice is required.

MUSI 11P1 Percussion

Prerequisite(s): None

One half-hour private lesson per week. A minimum of one hour per day of individual practice is required.

MUSI 11S1 Harpsichord

Prerequisite(s): None

One half-hour private lesson per week. A minimum of one hour per day of individual practice is required.

MUSI 11S2 Viola

Prerequisite(s): None

One half-hour private lesson per week. A minimum of one hour per day of individual practice is required.

MUSI 11S3 Cello

Prerequisite(s): None

One half hour private lesson per week. A minimum of one hour per day of individual practice is required.

MUSI 11S4 Double Bass

Prerequisite(s): None

One half-hour private lesson per week. A minimum of one hour per day of individual practice is required.

MUSI 11V1 Voice

Prerequisite(s): None

One half-hour private lesson per week. A minimum of one hour per day of individual practice is required.

MUSI 11W1 Flute

Prerequisite(s): None

One half-hour private lesson per week. A minimum of one hour per day of individual practice is required.

MUSI 11W2 Oboe

Prerequisite(s): None

One half-hour private lesson per week. A minimum of one hour per day of individual practice is required.

MUSI 11W3 Clarinet

Prerequisite(s): None

One half-hour private lesson per week. A minimum of one hour per day of individual practice is required.

MUSI 11W4 Bassoon

Prerequisite(s): None

One half-hour private lesson per week. A minimum of one hour per day of individual practice is required.

MUSI 11W5 Saxophone

Prerequisite(s): None

One half-hour private lesson per week. A minimum of one hour per day of individual practice is required.

MUSI 1256 English/Italian Diction

Prerequisite(s): None

Introduction to the speech sounds and rhythms of the English and Italian languages as applied to vocal literature.

MUSI 1257 French/German Diction

Prerequisite(s): None

Introduction to the speech sounds and rhythms of German and French languages as applied to vocal literature.

MUSI 12B1 Horn

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance on School of Music Forum once annually is required.

MUSI 12B2 Trumpet

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance on School of Music Forum once annually is required.

MUSI 12B3 Trombone

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance on School of Music Forum one annually is required.

MUSI 12B4 Euphonium

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance on School of Music Forum once annually is required.

MUSI 12B5 Tuba

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance on School of Music Forum once annually is required.

MUSI 12C1 Composition

Prerequisite(s): None

One hour private lesson per week in music composition.

MUSI 12G1 Classical Guitar

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance on School of Music Forum once annually is required.

MUSI 12H1 Harp

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance on School of Music Forum once annually is required.

MUSI 12K1 Piano

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance on School of Music Forum one annually is required.

MUSI 12K2 Organ

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance on School of Music Forum once annually is required.

MUSI 12K3 Harpsichord

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance on School of Music Forum once annually is required.

MUSI 12P1 Percussion

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance on School of Music Forum once annually is required.

MUSI 12S1 Violin

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance on the School of Music Forum once annually is required.

MUSI 12S2 Viola

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance on School of Music Forum once annually is required.

MUSI 12S3 Cello

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance on School of Music Forum once annually is required.

MUSI 12S4, Double Bass

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance on School of Music Forum once annually is required.

MUSI 12V1 Voice

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance on School of Music Forum once annually is required.

MUSI 12W1, Flute

Prerequisite(s): None

One half-hour private lesson per week. A minimum of one hour per day of individual practice is required.

MUSI 12W2 Oboe

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance on School of Music Forum once annually is required.

MUSI 12W3 Clarinet

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance on School of Music Forum once annually is required.

MUSI 12W4 Bassoon

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance on School of Music Forum once annually is required.

MUSI 12W5 Saxophone

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance on School of Music Forum once annually is required.

MUSI 1322 Theory I

Prerequisite(s): Acceptable Audition Theory Placement Exam score or MUSI 0222 and Fundamentals of Music Theory or an approved online Fundamentals of Music Theory course.

Corequisite(s): Concurrent enrollment in MUSI 1122, Theory Lab I.

An integrated course involving analysis and elementary composition of melody, two-part, three-part, and four-part homophonic textures, binary and ternary forms, tonal harmony through secondary dominant chords, and near-related modulations. It may not be taken out of sequence.

MUSI 1323 Theory II

Prerequisite(s): MUSI 1322, Theory I

Corequisite(s): MUSI 1123, Theory II Lab

An integrated course involving more in-depth analysis and elementary composition of melody, two-part, three-part, and four-part homophonic textures, binary and ternary forms, tonal harmony through secondary dominant chords, and near-related modulations. It may not be taken out of sequence.

MUSI 1331 Music Appreciation (a Liberal Arts Core requirement)

Prerequisite(s): None

A required entry level music course for all non-music majors, surveying a variety of musical styles. No music reading skills are required. May serve as a preparatory course to MUSI 2331, History I, and MUSI 2332, Music History II.

MUSI 1422 Theory I

Prerequisite(s): Acceptable Audition Theory Placement Exam score and MUSI 0222 Fundamentals of Music Theory (C or higher) or an approved on-line Fundamentals of Music Theory course.

Corequisite(s): Concurrent enrollment in MUSI 1022, Theory I Lab

An integrated course involving analysis and elementary composition of melody, two-part, three-part, and four-part homophonic textures, binary and ternary forms, tonal harmony through secondary dominant chords, and near-related modulations. It may not be taken out of sequence.

MUSI 1423 Theory II

Prerequisite(s): MUSI 1422, Theory I

Corequisite(s): Concurrent enrollment in MUSI 1023, Theory II Lab

An integrated course involving more in depth analysis and elementary composition of melody, two-part, three-part and four-part homophonic textures, binary and ternary forms, tonal harmony through secondary dominant chords, and near-related modulations. It may not be taken out of sequence.

MUSI 2111 Schola Cantorum

Prerequisite(s): Audition and permission of the Area Coordinator, Choral Activities

A select chamber ensemble which may be divided into smaller groups of quartets, sextets, and octets, studying and performing chamber choral literature. Course may be repeated for credit. Open to non-music majors.

MUSI 2112 Chamber Music Ensemble

Prerequisite(s): Permission of instructor and the Area Coordinator, Keyboard Studies

The study and performance of the major chamber music literature written for combinations of instruments including the piano. May be repeated for ensemble credit. Open to non-music majors.

MUSI 2181 Instrumental Techniques: Brass

Prerequisite(s): MUSI 0003, Sophomore Review

The study of technical problems, teaching materials, and basic performance problems of brass instruments. Teaching each instrument at the elementary level is included.

MUSI 2182 Instrumental Techniques: Percussion

Prerequisite(s): MUSI 0003, Sophomore Review

The study of technical problems, teaching materials, and basic performance problems of percussion instruments. Teaching each instrument at the elementary level is included.

MUSI 2183 Instrumental Techniques: Strings

Prerequisite(s): MUSI 0003, Sophomore Review

The study of technical problems, teaching materials, and basic performance problems of string instruments. Teaching each instrument at the elementary level is included.

MUSI 2184 Instrumental Techniques: Woodwinds

Prerequisite(s): MUSI 0003, Sophomore Review

The study of technical problems, teaching materials, and basic performance problems of woodwind instruments. Teaching each instrument at the elementary level is included.

MUSI 2249 Class Piano Pedagogy

Prerequisite(s): Piano Major

Corequisite(s): Concurrent enrollment in MUSI 0002, Piano Proficiency

Devoted to the development of keyboard skills covered in Class Piano I-IV including improvisation, harmonization, realization of figured bass, transposition, sight-reading, accompanying, and basic score reading. Observation and guided field experience is included.

MUSI 2322 Theory III

Prerequisite(s): MUSI 1323, Theory II

Corequisite(s): Concurrent enrollment in MUSI 2122, Theory III Lab

This course examines the rudiments of analysis of larger 17th-19th Century forms, Chromatic Harmony (altered and borrowed harmony in particular) integrated with analysis and basic composition techniques. It includes Theme and Variations (Cantus Firmus or Continuous Variations) and Sectional Theme and Variations. Course must be taken in sequence.

MUSI 2323 Theory IV

Prerequisite(s): MUSI 2322, Theory III

Corequisite(s): Concurrent enrollment in MUSI 2123, Theory IV Lab.

This course includes the study of chromatic harmony/remote modulation techniques, large-scale form analysis (Sonata-Allegro and Sonata-Rondo), and comprehensive analysis with attention to thematic growth processes. Course must be taken in sequence.

MUSI 2331 Music History I

Prerequisite(s): MUSI 1322, Theory I, and MUSI 1122, Theory I Lab (or concurrent enrollment in both).

A survey of Western music from Antiquity through the Renaissance. Course will include representative works, analytical listening, genres/forms, and composition recognition. Music History courses must be taken consecutively.

MUSI 2332 Music History III

Prerequisite(s): MUSI 1323, Theory II (or concurrent enrollment); MUSI 1123, Theory II Lab (or concurrent enrollment); MUSI 2331, Music History I.

A survey of Western Music from the Baroque through the Classical period. Course will include representative works, analytical listening, genres/forms, and composition recognition. Music History courses must be taken consecutively.

MUSI 2341 Vocal Accompanying

Prerequisite(s): Piano must be primary Applied Instrument; MUSI 1323, Theory II; and, MUSI 1123, Theory II Lab

Techniques for collaboration with singers are taught through the exploration of repertoire for piano and voice. Additionally, students learn rehearsal and vocal coaching techniques through performance and individualized instruction in a performance class setting.

MUSI 2381 Foundations of Music Education

Prerequisite(s): Music Education (BME) Majors

An introductory survey course for music teacher certification candidates designed to present philosophical, historical, and psychological foundations for music education. Field experience is required. This course is a prerequisite for Elementary Music Methods (MUSI 4382) and Secondary Music Methods (MUSI 4383).

MUSI 2422 Theory III

Prerequisite(s): MUSI 1423, Theory II.

Corequisite(s): Concurrent enrollment in MUSI 2022, Theory III Lab

This course examines the rudiments of analysis of larger 17th-19th Century forms, Chromatic Harmony (altered and borrowed harmony in particular) integrated with analysis and basic composition techniques. It includes Theme and Variations (Cantus Firmus or Continuous Variations) and Sectional Theme and Variations. Course must be taken in sequence.

MUSI 2423 Theory IV

Prerequisite(s): MUSI 2422, Theory III.

Corequisite(s): Concurrent enrollment in MUSI 2023, Theory IV Lab

This course includes the study of chromatic harmony/remote modulation techniques, large-scale form analysis (Sonata-Allegro and Sonata-Rondo), and comprehensive analysis with attention to thematic growth processes. Course must be taken in sequence.

MUSI 3090 Performance Recital

Prerequisite(s): MUSI 0003, Sophomore Review

A solo recital of at least thirty minutes but not more than forty minutes of music usually performed at the end of the sixth semester of study. Required of all students majoring in music. A pre-recital hearing must be passed at least two weeks prior to the performance date.

MUSI 3140 Studio Accompanying

Prerequisite(s): MUSI 0003, Sophomore Review and MUSI 2341, Vocal Accompanying

Guided practical experience in Collaborative Arts for Piano Majors through assigned studio accompaniment and performance. May be repeated for credit.

MUSI 3180 Performance Recital

Prerequisite(s): MUSI 0003, Sophomore Review

The exploration of techniques for understanding and developing the young voice, including a survey of literature and other resources for teachers and directors working with young voices.

MUSI 31B1 Horn

Prerequisite(s): None

One half-hour private lesson per week. This course is eligible only for fulfilling degree requirements with permission of the Area Coordinator and the Director of the School of Music. A minimum of one hour per day of individual practice is required.

MUSI 31B2 Trumpet

Prerequisite(s): None

One half hour private lesson per week. This course is eligible only for fulfilling degree requirements with permission of the Area Coordinator and the Director of the School of Music. A minimum of one hour per day of individual practice is required.

MUSI 31B3 Trombone

Prerequisite(s): None

One half hour private lesson per week. This course is eligible only for fulfilling degree requirements with permission of the Area Coordinator and the Director of the School of Music. A minimum of one hour per day of individual practice is required.

MUSI 31B4 Euphonium

Prerequisite(s): None

One half-hour private lesson per week. This course is eligible only for fulfilling degree requirements with permission of the Area Coordinator and the Director of the School of Music. A minimum of one hour per day of individual practice is required.

MUSI 31B5 Tuba

Prerequisite(s): None

One half-hour private lesson per week. This course is eligible only for fulfilling degree requirements with permission of the Area Coordinator and the Director of the School of Music. A minimum of one hour per day of individual practice is required.

MUSI 31C1 Composition

Prerequisite(s): None

One half hour private lesson per week in music composition. This course is eligible only for fulfilling degree requirements with permission of the Area Coordinator and the Director of the School of Music.

MUSI 31G1 Classical Guitar

Prerequisite(s): None

One half hour private lesson per week. This course is eligible only for fulfilling degree requirements with permission of the Area Coordinator and the Director of the School of Music. A minimum of one hour per day of individual practice is required.

MUSI 31H1 Harp

Prerequisite(s): None

One half-hour private lesson per week. This course is eligible only for fulfilling degree requirements with permission of the Area Coordinator and the Director of the School of Music. A minimum of one hour per day of individual practice is required.

MUSI 31K1 Piano

Prerequisite(s): None

One half-hour private lesson per week. This course is eligible only for fulfilling degree requirements with permission of the Area Coordinator and the Director of the School of Music. A minimum of one hour per day of individual practice is required.

MUSI 31K2 Organ

Prerequisite(s): None

One half-hour private lesson per week. This course is eligible only for fulfilling degree requirements with permission of the Area Coordinator and the Director of the School of Music. A minimum of one hour per day of individual practice is required.

MUSI 31K3 Harpsichord

Prerequisite(s): None

One half-hour private lesson per week. This course is eligible only for fulfilling degree requirements with permission of the Area Coordinator and the Director of the School of Music. A minimum of one hour per day of individual practice is required.

MUSI 31P1 Percussion

Prerequisite(s): None

One half-hour private lesson per week. This course is eligible only for fulfilling degree requirements with permission of the Area Coordinator and the Director of the School of Music. A minimum of one hour per day of individual practice is required.

MUSI 31S1 Violin

Prerequisite(s): None

One half hour private lesson per week. The course is eligible only for fulfilling degree requirements with permission of the Area Coordinator and the Director of the School of Music. A minimum of one hour per day of individual practice is required.

MUSI 31S2 Viola

Prerequisite(s): None

One half hour private lesson per week. This course is eligible only for fulfilling degree requirements with permission of the Area Coordinator and the Director of the School of Music. A minimum of one hour per day of individual practice is required.

MUSI 31S3 Cello

Prerequisite(s): None

One half hour private lesson per week. This course is eligible only for fulfilling degree requirements with permission of the Area Coordinator and the Director of the School of Music. A minimum of one hour per day of individual practice is required.

MUSI 31S4 Double Bass

Prerequisite(s): None

One half-hour private lesson per week. This course is eligible only for fulfilling degree requirements with permission of the Area Coordinator and the Director of the School of Music. A minimum of one hour per day of individual practice is required.

MUSI 31V1 Voice

Prerequisite(s): None

One half hour private lesson per week. This course is eligible only for fulfilling degree requirements with permission of the Area Coordinator and the Director of the School of Music. A minimum of one hour per day of individual practice is required.

MUSI 31W1 Flute

Prerequisite(s): None

One half-hour private lesson per week. This course is eligible only for fulfilling degree requirements with permission of the Area Coordinator and the Director of the School of Music. A minimum of one hour per day of individual practice is required.

MUSI 31W2 Oboe

Prerequisite(s): None

One half-hour private lesson per week. This course is eligible only for fulfilling degree requirements with permission of the Area Coordinator and the Director of the School of Music. A minimum of one hour per day of individual practice is required.

MUSI 31W3 Clarinet

Prerequisite(s): None

One half-hour private lesson per week. This course is eligible only for fulfilling degree requirements with permission of the Area Coordinator and the Director of the School of Music. A minimum of one hour per day of individual practice is required.

MUSI 31W4 Bassoon

Prerequisite(s): None

One half-hour private lesson per week. This course is eligible only for fulfilling degree requirements with permission of the Area Coordinator and the Director of the School of Music. A minimum of one hour per day of individual practice is required.

MUSI 31W5 Saxophone

Prerequisite(s): None

One half hour private lesson per week. This course is eligible only for fulfilling degree requirements with permission of the Area Coordinator and the Director of the School of Music. A minimum of one hour per day of individual practice is required.

MUSI 3260 Introduction to Conducting

Prerequisite(s): MUSI 0003, Sophomore Review and Junior Standing (64 hrs.)

The course seeks to develop skill in conducting small and larger works for chorus and orchestra and to develop the necessary conducting grammar to accomplish this task.

MUSI 3262 Advanced Conducting

Prerequisite(s): MUSI 0003, Sophomore Review; MUSI 3260, Introduction to Conducting; Junior Standing (64 hrs.)

The course continues to develop skill in conducting smaller and larger works for chorus and orchestra and to develop the necessary conducting grammar to accomplish the task.

MUSI 3263 Choral Conducting

Prerequisite(s): MUSI 0003, Sophomore Review

The conducting of choral groups, including a study in basic technique, style, and interpretation.

MUSI 3264 Advanced Choral Conducting

Prerequisite(s): MUSI 0003, Sophomore Review and MUSI 3263, Choral Conducting

The conducting of choral groups, including a study in advanced techniques, style, and interpretation as it applies to conducting choruses.

MUSI 3265 Choral Arranging

Prerequisite(s): MUSI 0003, Sophomore Review

The course provides practical study of the techniques needed for arranging choral music. Includes setting music for worship, secular situations, choral counterpoint, chorale textures, and study of varying accompanimental styles.

MUSI 3281 Special Topics/Independent Study

For course description and prerequisites for this course, please [contact the Dean of the School of Fine Arts.](#)

MUSI 32B1 Horn

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance of a required recital before graduation is required.

MUSI 32B2 Trumpet

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance of a required recital before graduation is required.

MUSI 32B3 Trombone

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance of a required recital before graduation is required.

MUSI 32B4 Euphonium

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance of a required recital before graduation is required.

MUSI 32B5 Tuba

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance of a required recital before graduation is required.

MUSI 32C1 Composition

Prerequisite(s): None

One hour private lesson per week in music composition.

MUSI 32G1 Classical Guitar

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance of a required recital before graduation is required.

MUSI 32H1 Harp

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance of a required recital before graduation is required.

MUSI 32K1 Piano

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance of a required recital before graduation is required.

MUSI 32K2 Organ

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance of a required recital before graduation is required.

MUSI 32K3 Harpsichord

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance of a required recital before graduation is required.

MUSI 32P1 Percussion

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance of a required recital before graduation is required.

MUSI 32S1 Violin

Prerequisite(s): None

One half hour private lesson per week. This course is eligible only for fulfilling degree requirements with permission of the Area Coordinator and the Director of the School of Music. A minimum of one hour per day of individual practice is required.

MUSI 32S2 Viola

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance of a required recital before graduation is required.

MUSI 32S3 Cello

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance of a required recital before graduation is required.

MUSI 32S4 Double Bass

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance of a required recital before graduation is required.

MUSI 32V1 Voice

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance of a required recital before graduation is required.

MUSI 32W1 Flute

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance of a required recital before graduation is required.

MUSI 32W2 Oboe

Prerequisite(s): None

One half-hour private lesson per week. This course is eligible only for fulfilling degree requirements with permission of the Area Coordinator and the Director of the School of Music. A minimum of one hour per day of individual practice is required.

MUSI 32W3 Clarinet

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance of a required recital before graduation is required.

MUSI 32W4 Bassoon

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance of a required recital before graduation is required.

MUSI 32W5 Saxophone

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance of a required recital before graduation is required.

MUSI 32W5 Saxophone

Prerequisite(s): None

One hour private lesson per week. A minimum of two hours per day of individual practice and solo performance of a required recital before graduating is required.

MUSI 3322 Theory V: Contemporary Theory

Prerequisite(s): MUSI 0003, Sophomore Review

This course is a study of new compositional materials and analytical techniques in the 20th Century and includes intensive work in aural skills and sight singing. It is a continuation of skills and techniques introduced in MUSI 2322 and MUSI 2323. It may not be taken out of sequence.

MUSI 3323 Theory VI: Counterpoint

Prerequisite(s): MUSI 0003, Sophomore Review

A polyphonic study of eighteenth through twentieth century writing, including forms and composition of shorter contrapuntal forms. The course also includes intensive work in aural skills.

MUSI 3324 Instrumentation

Prerequisite(s): MUSI 0003, Sophomore Review

An introduction to the principles of instrumentation and orchestration.

MUSI 3325 Scorereading

Prerequisite(s): MUSI 0003, Sophomore Review

The practical application of analysis skills and score reading skills for Theory/Composition majors. May include aspects of instrumentation.

MUSI 3326 Advanced Analysis

Prerequisite(s): MUSI 0003, Sophomore Review; successful completion of MUSI 3322, Theory V; and Permission of the Instructor.

An advanced study of analytical techniques for Theory/Composition majors.

MUSI 3327 Instrumental Techniques

Prerequisite(s): MUSI 0003, Sophomore Review

The study of ranges, tonal possibilities, technical limitations, and necessary transpositions for orchestral and band instruments.

MUSI 3333 Music History III

Prerequisite(s): MUSI 0003, Sophomore Review

A survey of Western music in the Romantic period. Course will include representative works, analytical listening, genres/forms and composition recognition. Music History courses must be taken consecutively.

MUSI 3334 Music History II

Prerequisite(s): MUSI 0003, Sophomore Review; MUSI 3333

A survey of Western music in the Contemporary period, including 20th and 21st century music. Course will include representative works, analytical listening, genres/forms and composition recognition. Music History courses must be taken consecutively.

MUSI 3340 Instrumental Accompanying

Prerequisite(s): MUSI 0003, Sophomore Review; Piano must be Primary Applied Instrument; and, Permission of the Area Coordinator, Keyboard Studies.

Through the exploration of repertoire for piano and other instruments, this course encompasses techniques for collaboration with instrumentalists. Rehearsal and instrumental coaching techniques are developed through performance and individualized instruction in a performance class setting.

MUSI 3356 Vocal Literature

Prerequisite(s): MUSI 0003, Sophomore Review; Permission of the Area Coordinator, Vocal Studies

A survey study of solo song literature from approximately 1400-present.

MUSI 3371 Sacred Music Literature

Prerequisite(s): MUSI 0003, Sophomore Review

A survey of music used for congregational worship spanning from Gregorian chant to the present focusing on texts and music from a historical and cultural perspective, including recent trends. Examination of the evolution of liturgical song from the chorale through the anthem, cantata, and oratorio. Methods for building a library of hymns and anthems for weekly use based on the seasons of the church year may be included.

MUSI 3374 Church Music Practicum

Prerequisite(s): MUSI 0003, Sophomore Review; Sacred Music Major

Includes specialized topics pertaining to the sacred music ministry such as church leadership, development of service outlines, and contemporary worship considerations, in addition to required on-site class participation in worship services.

MUSI 3381 Special Topics/Independent Study

For course description and prerequisites for this course, please [contact the Dean of the School of Fine Arts.](#)

MUSI 4090 Senior Recital

Prerequisite(s): MUSI 0003, Sophomore Review; MUSI 3090, Performance Recital; Permission of Applied Professor.

A solo recital of at least fifty minutes of music, usually performed at the end of the eighth semester of study. A pre-recital hearing must be passed at least two weeks prior to the performance date.

MUSI 4273 Technical Church Musician Skills

Prerequisite(s): MUSI 0003, Sophomore Review

This course assists students in developing competencies for the vast array of technical skills required for today's church musician. Areas explored may include the church organ, hand bells, keyboards, multi-media computer technology including music notation and sequencing software, sound reinforcement systems, and microphone techniques. Visiting consultants will augment instruction.

MUSI 4299 Senior Capstone

Prerequisite(s): MUSI 0003, Sophomore Review; successful completion of at least 110 credit hours

An advanced study, critical analysis, and/or research-oriented course required for all BM majors covering one or more of the following rotating Special Topics/areas: history, musical works, sacred music, or notable composers. Should be taken during the final year of a student's undergraduate music program.

MUSI 4341 Piano Literature

Prerequisite(s): MUSI 0003, Sophomore Review; Piano Major

A general survey of music written for the piano and its predecessors. It includes a substantial aural component.

MUSI 4343 Piano Pedagogy

Prerequisite(s): MUSI 0003, Sophomore Review; Piano Major

Covers aspects of piano pedagogy including instruction for beginning and advanced students, as well as business considerations needed for private studio instruction. Field experience is included.

MUSI 4355 Vocal Pedagogy

Prerequisite(s): MUSI 0003, Sophomore Review

A historical and practical approach to the art of teaching voice. Emphasis is on research, writing, and observation, involving some student teaching as directed by the instructor.

MUSI 4382 Elementary Music Methods

Prerequisite(s): MUSI 0003, Sophomore Review; MUSI 2381, Foundations of Music Education; BME major degree plan filed

Develops competencies necessary for implementing music learning and skill development for pre-adolescents, in addition to surveying important methodologies used in elementary general music teaching for the music specialist. Observation and practical experience is included.

MUSI 4383 Secondary Music Methods

Prerequisite(s): MUSI 0003, Sophomore Review; MUSI 2381, Fundamentals of Music Education; BME major degree plan filed.

Develops competencies necessary for implementing musical learning and skill development for students at the secondary School level. Examines principles and strategies relevant to successful music production in the junior and senior high student in Schools. Observation and practical teaching experience is included.

Music: Music Theory (MUTH) Course Descriptions

MUTH 0000 Theory Cumulative

For course description and prerequisites for this course, please contact the Dean of the School of Fine Arts.

MUTH 4332 Instrumentation

Prerequisite(s): MUTH 2232

An introduction to the principles of instrumentation and orchestration.

Nursing (NURS) Course Descriptions

NURS 3110 Applied Clinical Reasoning I

Prerequisite(s): NURS 3408, 3309, and 3323

Corequisite(s): NURS 3404

The first of two courses designed to increase the nursing student's clinical reasoning skills to better prepare him/her for clinical practice, course examinations, the Evolve HESI RN-Exit Exam, and the NCLEX-RN licensure examination. This course assists the students to develop strategies for success related to personal circumstances, study habits and abilities and test-taking skills. Critical thinking, clinical reasoning, nursing judgement and methods for self-remediation of weaknesses continue to be emphasized.

NURS 3111 Applied Clinical Reasoning II

Prerequisite(s): NURS 3408, 3309, 3323, and 3404

Corequisite(s): NURS 3424

The second of two courses designed to increase the nursing student's clinical reasoning skills to better prepare him/her for clinical practice, course examinations, the Evolve HESI RN- Exam, and the NCLEX-RN licensure examination. This course builds on previously implemented strategies for success and continues to refine the student's ability to be successful with the NCLEX-style questions in preparation for success with the EVOLVE RN Exit Exam at the end of the semester. Critical thinking, clinical reasoning, nursing judgement, and methods for self-remediation of weaknesses continue to be emphasized.

NURS 3222 Perspectives on Health Care Delivery Systems

Prerequisite(s): Formal acceptance to the Nursing Program, and GPA of 3.0.

Pre or Corequisite(s): NURS 3323, 3408, and 3309

Students analyze the trends that influence the health care system and methods of health care delivery in the United States. The class discusses agencies, initiatives, and roles for promoting quality improvement in the health outcomes. The practicum experiences provide opportunities to assess health service organizations and world health care delivery systems in order to determine their effectiveness in promoting health consistent with cultural beliefs. This is a two-semester hour course that includes 18 practicum hours.

NURS 3309, Pharmacology

Prerequisite(s): Formal acceptance to the Nursing Program, and GPA of 3.0.

Pre or Corequisite(s): NURS 3323, 3404, and 3222

A course designed to assist students in preparing for clinical experiences by applying concepts of assessment, pathophysiology, pharmacology, diagnostic and laboratory testing analysis, and therapeutic interventions to specific clinical situations. The course involves didactic and experiential teaching methods and active learning experiences. In addition to preparing for clinical experiences, the course is designed to promote the development of critical and creative thinking, problem-solving, and time management skills.

NURS 3323 Health Assessment

Prerequisite(s): Formal acceptance to the Nursing Program, and GPA of 3.0.

Pre or Corequisite(s): NURS 3222, 3404, and 3309

Assessment of the individuals across the lifespan is taught within the context of growth and development. The student should be able to differentiate between normal findings, normal variations and abnormal findings in individuals when performing assessments in a variety of settings. Assessment, as the first step of the nursing process, is the foundation for a systematic approach to care of the individual. The student will organize and analyze data to select appropriate NANDA Nursing Diagnoses for health promotion. This is a three-semester hour course, including 67.5 clinical hours.

NURS 3408 Art and Science of Nursing

Prerequisite(s): Formal acceptance to the Nursing Program, and GPA of 3.0.

Pre or Corequisite(s): NURS 3323, 3222, and 3309

Students learn systematic approaches, basic skills, and professional attitudes for providing care and therapeutic interventions used to promote health in clients across the lifespan and assist these clients with activities of daily living. This course incorporates knowledge of humans in health and illness, aesthetic perception of human experiences, personal understanding of self and others, and the capacity to make legal and ethical choices. Emphasis is placed on critical thinking and legal and ethical decision-making. The course incorporates the principles learned in NURS 2323. This is a four-semester hour course, including 90 clinical hours.

NURS 3404 Care of Individuals I

Prerequisite(s): NURS 3222, 3309, 3323, 3408, 3404, GPA of 2.5 or higher, and successful completion of the Novice Level Curriculum Checkpoint.

Co-requisites: BIOL 3433 or NURS 3414; may be taken concurrently with this course.

This is a four-semester hour course, including 90 clinical hours. It is the first in a series of three courses that focuses on nursing care of individuals. These courses must be taken in order. The dimensions of health are assessed in individuals experiencing health problems. Students apply concepts of case management and continuity of care to individuals across the lifespan, including care during perioperative experiences. Students are expected to be able to provide care in a variety of acute care settings.

NURS 3414 Pathophysiology for Health Care

Prerequisite(s): CHEM 1404, NURS 3222, 3323, 3409, and GPA of 2.5 or higher.

Students describe the pathology of health conditions and use concepts of pathophysiology for applying caring/healing practices to designing health care plans for promoting fullness in living across the lifespan. The manifestations of pathology form a basis for health assessment. Synthesis of pathophysiology with levels of health promotion and prevention provides rationale for case management priorities. Three semester hours, including 14 laboratory hours.

NURS 3424 Care of Individuals II

Prerequisite(s): NURS 3222, 3309, 3323, 3408, 3404; BIOL 3433 or NURS 3414; GPA of 2.5 or higher, and successful completion of the Novice Level Curriculum Checkpoint.

This is a four-semester hour course, including 90 clinical hours. It is the second in a series of three courses that focuses on nursing care of individuals. These courses must be taken in order. The dimensions of health are assessed in individuals experiencing health problems. Students apply concepts of case management and continuity of care to individuals across the lifespan, including care for patients with chronic illnesses. Students are expected to be able to provide care in a variety of acute care settings.

NURS 3434 Care of Individuals III

Prerequisite(s): GPA of 2.5 or higher, and NURS 3424.

This is the third in a series of three courses that focus on nursing care of individuals. The dimensions of health are assessed in individuals experiencing major and/or life-threatening health problems. Upon successful completion of the course, students are expected to be able to apply concepts of case management and continuity of care across the lifespan and use a systematic approach to provide care for individuals with major and/or life-threatening health problems. Students provide care in a variety of critical care units. The course is four semester hours, including 90 clinical hours.

NURS 4312, Care of Vulnerable Populations

Prerequisite(s): None

Co-Requisite(s): NURS 3404; BIOL 3444 or NURS 3414. A GPA of 2.5 is required to progress in the curriculum. Novice Level Checkpoint: Passed.

This course is one of four courses for the Baccalaureate Nursing program that focuses on care of groups, populations, and communities. Students apply concepts of epidemiology to determine the factors that contribute to vulnerability in groups, communities, and populations. Students examine research methodologies and approaches that are employed to improve health outcomes for vulnerable populations. The levels of prevention serve as a basis for analyzing recommendations for health programming for the vulnerable populations. The course is four semester hours, including 45 clinical hours.

NURS 4394, Applied Nursing Research

Prerequisite(s): Completion of all prerequisite courses for entry into nursing, and it is recommended that students have completed: Computer competency or CISM 1321; Humanities (15 hours); Fine Art (3 hours); CHRI (9 hours); School of Nursing Prerequisite(s): NURS 3222; NURS 3202; NURS 3323; Math for Meds competency or NURS 3111; NURS 3309; NURS 3408; NURS 3404; NURS 3414 and NURS 4412; NURS 3434; a GPA of 2.5 is required to progress in the curriculum; Novice Level Checkpoint: Passed; Advanced Beginner Level Checkpoint: Required completion at the end of NURS 3434; NURS 3434; NURS 4434 and have passed the proficiency for any of these courses. A GPA of 2.5 is required to progress in the curriculum. Honors College students will take HNRS 4215 in lieu of NURS 4494. Novice Level Checkpoint: Passed; Advanced Beginner Level Checkpoint: Passed.

(See checkpoint policy and procedure for those not successful on the checkpoint.)

This course focuses on professional issues in nursing and the research process and on the transition from student to professional role and applying the research process to clinical practice. Students practice nursing at the level of advanced beginner in specified environments and address clinical practice quality improvement issues via research methods appropriate for the baccalaureate prepared nurse. Upon successful completion of this course, students are expected to be able to address current issues in nursing and health care delivery; relate philosophical perspectives to nursing theories, research and practice; analyze

nursing as a career and profession; and evaluate the professional role in developing health policy and regulation. In addition, students should be able to analyze and resolve ethical dilemmas in health care situations by applying critical thinking skills and ethical theories and principles. Students should also be able to apply research findings to Performance Improvement in health care delivery system. The course is four semester hours (30 didactic hours and 90 practicum/externship hours).

NURS 4414 Care of Families with Mental Health Problems

Prerequisite(s): NURS 2404, GPA of 2.5 or higher, and successful completion of the Advanced Beginner Curriculum Checkpoint.

Pre or Corequisite(s): NURS 3404 and 4412

This is one of three courses that focus on specialty care of individuals and their families. In this course, the dimensions of health are assessed in families dealing with mental health problems. Students apply concepts of care to case management and continuity of care of families with mental health problem in the home, community, and specialized environments. Students are expected to be able to use a systematic approach to provide care for families with mental health problems. This course is four semester hours, including 90 clinical hours.

NURS 4424 Nursing in the Community and Nursing the Community

Prerequisite(s): NURS 4412 and 4494; and a GPA of 2.5 or higher

This course is one of four courses for the Baccalaureate Nursing program that focus on care of groups, populations, and communities. Students analyze historical trends and characteristics and factors that have impacted community health nursing and contributed to community health issues. Students compare and contrast the professional nursing roles in the community and apply theories, models, and principles to community health nursing practice. Opportunities are provided to use systematic approaches to identify health needs to groups and populations and promote health in the community. This is a four-semester hour course, including 90 clinical hours.

NURS 4434 Care of Childbearing Families

Prerequisite(s): None

Corequisite(s): NURS 3434, GPA of 2.5 or higher, and successful completion of the Advanced Beginner Level Curriculum Checkpoint.

This is one of three courses that focus on specialty care of individuals and their families. The dimensions of health are assessed in childbearing families requiring specialized care. Students apply concepts of care to case management and continuity of care of childbearing families. Students use a systematic approach to providing care for childbearing families, in the community and in specialty care units such as labor and delivery, neonatal intensive care units, pre-natal and postpartum units. This is a four-semester hour, including 90 clinical hours.

NURS 4444 Care of Families with Children

Prerequisite(s): NURS 3434, GPA of 2.5 or higher, and successful completion of the Advanced Beginner Level Curriculum Checkpoint.

This is one of three courses that focus on specialty care of individuals and their families. The dimensions of health are assessed in families with children and adolescents. Students are expected to be able to apply concepts of care to case management and continuity of care of families with children and adolescents in the community and in pediatric health care environments. Students use a systematic approach to provide care for families with children and adolescents. This course is four semester hours, including 90 clinical hours.

NURS 4564, Professional Issues and Nurse Leadership

Prerequisite(s): 66 semester hours of the general studies requirements and prerequisites for nursing, including the following courses: ENGL 1313 and 1323; BIOL 1414, 2404, 2414, and CHEM 1404; PSYC 1313, 2301, and 3313; social science elective (SOC 1313, POLS 2313, ECON 2311 or 2312); MATH 1305 or higher; CHRI 1313, 1323, and elective; 18 semester hours of Humanities; 3 semester hours of Fine Arts; and CISM 1321.

School of Nursing and Allied Health Requirements: Completion of all prior nursing courses: NURS 3222; NURS 3323; NURS 3408; NURS 3303; NURS 3212; NURS 3404; NURS 3424; NURS 3434; NURS 4392; NURS 3414 or BIOL 2433; NURS 4212; NURS 4294; NURS 4414; NURS 4424; NURS 4434; NURS 4444. A GPA of 2.5 is required to progress in the curriculum.

This course focuses on professional issues in nursing, nursing management and the use of research in clinical practice as well as the study of health administration and leadership from the nurse's perspective. Students apply leadership and management behaviors and skills to providing care for a group of patients and promoting positive consumer relationships; and analyze effectiveness and efficiency of care delivery systems promoting positive health outcomes. The course is five semester hours, including 108 clinical hours.

Philosophy (PHIL) Course Descriptions

PHIL 1300 Introduction to Philosophical Dialogue

Prerequisite(s): None

This course introduces students to principles of philosophical discourse by means of Socratic dialogue, basic epistemology seminars, scholarly cultural analysis, and study of philosophical texts. Students are taught to recognize and avoid informal fallacies in discussion, and to strive for intellectual precision and logical soundness as they search for truth.

PHIL 1310 Logic

Prerequisite(s): None

Logic has long been part of the core of a liberal arts education. In this course, students will learn to become better thinkers and communicators; mastering skills in symbolic logic, fallacy identification, and the philosophy of language. Topics in the history of philosophy and other disciplines will be studied to illustrate the role of logic in the liberal arts and to provide an opportunity for students to use their skills in diverse contexts.

PHIL 1313 Introduction to Philosophy

Prerequisite(s): None

A foundational course designed to familiarize the student with the meaning and relevance of philosophy through a study of its main problems and the principal theories that have been proposed as solutions to them.

PHIL 3323 Ancient and Medieval Philosophy

Prerequisite(s): None

A study of the historical development of Western philosophy from its early beginnings in Greece to the end of the Middle Ages.

PHIL 3334 Philosophical Foundations for a Christian Worldview (Apologetics)

Prerequisite(s): PHIL 1313

An in-depth study of the philosophical foundations for Christian belief and practice, including engaging philosophical criticisms of basic Christian beliefs and teaching.

PHIL 3344 Modern/Contemporary Philosophy

Prerequisite(s): None

A continuation of PHIL 3323, beginning with the Renaissance and ending with the more important philosophers of recent times.

PHIL 3350 Philosophy of Tragedy

Prerequisite(s): None

An analysis and evaluation of the tragic worldview as expressed in classic literature and philosophies of life. Topics considered could include the role of fate, free will, luck, and providence in moral responsibility, virtue, and happiness. Works considered could include the philosophies of Aristotle, Hegel, Schopenhauer, Kierkegaard, and Nietzsche, alongside the dramas of Sophocles and Shakespeare. Special attention will be paid to the problem of evil and the question of whether tragedy is compatible with the Christian worldview.

PHIL 3360 Medical Humanities

Prerequisite(s): None

A course designed to introduce students to medical humanities. The course is an interdisciplinary approach to looking at medical ethics and culture that will focus on the humanities and especially philosophy. Subjects to be covered may include the concept of personhood at the beginning and end of life, the arts and medicine, the historical development of medicine, theology of medicine, and the philosophy of science and medicine.

PHIL 3365 Medical Ethics

Prerequisite(s): None

This course will look at debates in medical ethics. Topics may include abortion, euthanasia, medical testing and research, scarcity and distribution of health care, genetics, privacy, and reproductive technology.

PHIL 4181 Special Topics/Independent Study

For course description and prerequisites for this course, please [contact the Dean of the School of Christian Thought](#).

PHIL 4323 Ethics

Prerequisite(s): None

A course in which the major ethical systems and their theories of value and conduct are studied critically and evaluated from a Christian point of view.

PHIL 4333 Aesthetics

Prerequisite(s): PHIL 1313

Examination of texts from the history of philosophy focusing on the questions of beauty, appropriateness, and value of both art and nature.

PHIL 4334 Metaphysics

Prerequisite(s): PHIL 1313

Metaphysics is the study of the nature of reality. Topics to be discussed may include freedom of the will, causation, being, the nature of universals, possibility and necessity, space and time, philosophical anthropology and some philosophical theology. This class will provide a survey of these topics as it surveys views of the nature of reality over many different philosophical genres.

PHIL 4335 Epistemology

Prerequisite(s): PHIL 1313

Considers questions such as the following: Can I have knowledge of anything outside my own mind - for example, physical objects or other minds? Or is the skeptic's attack on my commonplace claims to know unanswerable? What is knowledge?

PHIL 4336 Philosophy of Science

Prerequisite(s): PHIL 1313

Examination of the philosophical foundations for the natural sciences, as well as conceptual issues surrounding the nature and extent of scientific inquiry.

PHIL 4358 Analytic Philosophy

Prerequisite(s): PHIL 1313

Readings from post-Idealist Anglo-American philosophers who pursue clarity, precision, and formalized logical argument as the best means to engage recurring philosophical questions.

PHIL 4359 Political Philosophy

Prerequisite(s): PHIL 1313

Examination of texts from the history of philosophy focusing on the relationship between the individual and collective neighbor. In this course, the great philosophers guide us as we wrestle with questions concerning the polis, state, just and unjust government, and the law.

PHIL 4363 Philosophy of Religion

Prerequisite(s): None

A critical examination of the nature and validity of religious experience and the place of religion in human life. Consideration is given to religious problems such as the existence and nature of God, the source of religious knowledge, the nature of man, the origin and nature of evil. (Offered also as CHRI 4363.)

PHIL 4381 Special Topics

Prerequisite(s): PHIL 1313

Careful study of a few topics in the history of philosophy - either one philosopher's treatment of several philosophical problems or several philosophers' treatments of one or two closely related problems. Examples: selected topics in Aristotle, theories of causation in early modern philosophy, and Kant's reaction to Hume.

PHIL 4390 Great Philosophers and Their Works

Prerequisite(s): PHIL 1313

This course will closely study one or more philosophical texts from an important philosophical thinker. Examples include a study of Kierkegaard, a seminar on the Critique of Pure Reason, a close look at The Republic and the secondary literature surrounding it, and the writings of Al Plantinga.

PHIL 5181 Special Topics/Independent Study

For course description and prerequisites for this course, please [contact the Dean of the School of Christian Thought](#).

PHIL 5300 Fundamentals of Apologetics

Prerequisite(s): None

This course will cover the fundamentals of classic Christian apologetics. Topics such as arguments for God's existence, the problem of evil, and the epistemology of religious belief will be covered.

PHIL 5310 Logic

Prerequisite(s): None

This course will cover basic logic, including traditional logic, but focusing on modern symbolic logic. In addition to sentence logic and predicate logic, it will include probability and basic modal logic.

PHIL 5320 Philosophy of Religion: Faith and Reason

Prerequisite(s): None

This course will deal with basic issues in philosophy of religion, such as arguments, the problem of evil, the relationship between faith and reason, miracles, and life after death. Also offered as APOL 5320.

PHIL 5330 Metaphysics

Prerequisite(s): None

This course will examine fundamental issues such as the nature of ultimate reality or being, the mind body problem, and the nature of freedom and its relationship to determinism. Particular attention will be given to the role of God in metaphysics and to the difference his existence makes for various issues.

PHIL 5340 Epistemology

Prerequisite(s): None

This course will examine and assess different accounts of warranted belief and grounds for claims to knowledge. It will give attention to religious epistemology and the impact of theistic belief on epistemic theory.

PHIL 5350 Ethics

Prerequisite(s): None

This course will focus on the nature of the good and the right, and various accounts of these fundamental aspects of moral philosophy, both classical and contemporary. Attention will be given to theistic and Christian accounts of morality, such as natural law theory and divine command theory.

PHIL 5360 History of Philosophy: Ancient and Medieval

Prerequisite(s): None

This course will survey major figures, issues and ideas in the history of philosophy from the period of the pre-Socratic philosophers through the middle ages. Particular attention will be given to development of Christian thought in these time periods.

PHIL 5370 History of Philosophy: Modern

Prerequisite(s): None

This course will survey major figures, issues, movements, and developments from Descartes in the beginning of the modern period to the early twentieth century. Particular attention will be given to the period of the enlightenment and other movements that have affected Christianity, either positively or negatively.

PHIL 5381 Special Topics

For course description and prerequisites for this course, please [contact the Dean of the School of Christian Thought](#).

PHIL 6310 Aesthetics

Prerequisite(s): None

This course will analyze and assess theories of beauty, value and the nature and meaning of art. Particular attention will be given to the role that belief in God has in the creative process and the meaning and motivation for artistic creation.

PHIL 6320 Science and Faith

Prerequisite(s): None

This course will explore the history of the relationship between science and religion, including the alleged hostility between the two. It will examine various accounts of the compatibility between the two and ways they can be understood as mutually enriching. Other topics in the philosophy of science and how they interact with theism may be considered. Also offered as APOL 6320.

PHIL 6330 Philosophy of C. S. Lewis

Prerequisite(s): None

This course will critically examine the main philosophical and religious writings of C. S. Lewis. It will assess the value and ongoing significance of his work for Christian philosophy and apologetics.

PHIL 6340 Church and State

Prerequisite(s): None

This course is a survey of some of the different views of church-state relations that have been developed in western philosophy and in the Christian tradition over the last two thousand years. Its focus is on contemporary thinkers and also on the political philosophies of the major philosophers in the canon. It includes studies of monarchy, two-kingdom theory, religious toleration, distributive justice, democracy, establishment and disestablishment, and citizenship, among other topics. Upon completion of the course, students will be familiar with the major theories of the relationship between church and state, and will be able to articulate and defend their own views of church-state interaction.

PHIL 6350 The Problem of Evil

Prerequisite(s): None

This course will examine the problem of evil as a challenge to theistic and Christian belief, and explore different responses to the challenge, both classic and contemporary.

PHIL 6360 Philosophy of History

Prerequisite(s): None

This course explores topics in both substantive and critical philosophy of history. These topics may include the nature of historical explanation and narrative, the relation of history to other disciplines, and the way in which scholars have viewed historical progress. Of interest will be the way in which the Philosophy of History can inform our theological beliefs, and in particular, our understanding of the life of Christ.

PHIL 6380 Thesis Research

This is a course for students writing a Master's thesis. Requirements and readings will be set by consultations with a student's advisor and the Director of Graduate Studies.

PHIL 6381 Special Topics/Independent Study

For course description and prerequisites for this course, please [contact the Dean of the School of Christian Thought](#).

Physics (PHYS) Course Descriptions

PHYS 1001 Physics for the Liberal Arts Mind Laboratory

Prerequisite(s): MATH 1313 or a higher level mathematics course or permission of the instructor.

Corequisite(s): PHYS 1401, Physics for the Liberal Arts Mind

This is the laboratory portion of PHYS 1401, Physics for the Liberal Arts Mind.

PHYS 1003 Physics of Sound Laboratory

Prerequisite(s): MATH 1313 or permission of the instructor.

Corequisite(s): PHYS 1403, Physics of Sound

This is the laboratory portion of PHYS 1403, Physics of Sound.

PHYS 1011 Astronomy and the Universe Laboratory

Prerequisite(s): MATH 1313 or permission of the instructor.

Corequisite(s): PHYS 1411, Astronomy and the Universe

This is the laboratory portion of PHYS 1411, Astronomy and the Universe.

PHYS 1016 General Physics I Laboratory

Prerequisite(s): MATH 1434 or MATH 1451 or a satisfactory score on a departmental placement exam.

Corequisite(s): PHYS 1416, General Physics I

This is the laboratory portion of PHYS 1416, General Physics I.

PHYS 1017 General Physics II Laboratory

Prerequisite(s): PHYS 1416

Corequisite(s): PHYS 1417, General Physics II

This is the laboratory portion of PHYS 1417, General Physics II.

PHYS 1401 Physics for the Liberal Arts Mind

Prerequisite(s): MATH 1313 or a higher level mathematics course or permission of the instructor.

A descriptive course designed for non-science majors with no previous knowledge of physics. Traces the development of our current understanding of physics with emphasis on conceptual understanding. This course includes one semester hour credit for laboratory sessions. This course does not count towards a physics major.

PHYS 1403 Physics of Sound

Prerequisite(s): MATH 1313 or permission of the instructor. Basic knowledge of musical notation is recommended.

This course is an introduction to the physical principles behind sound and music. Topics include the fundamental theory of vibration, sound waves and propagation, diffraction and interference, free, coupled and driven oscillations, resonance and oscillation modes. The anatomy and psychophysics of the ear are also covered as well as musical scales, and the nature of sound from the musical instruments. The course includes one semester hour credit for laboratory experiments. This course does not count towards a physics major.

PHYS 1411 Astronomy and the Universe

Prerequisite(s): MATH 1313 or permission of the instructor.

Designed for non-science majors, this course is an overview of the solar system, astronomical instruments, the origin and evolution of stars, galaxies, black holes, quasars, cosmology, and the structure and origin of the universe. Concepts and critical thinking are strongly emphasized. The course includes one semester hour credit for laboratory investigations consisting of computer work and observation sessions. This course does not count towards a physics major.

PHYS 1416 General Physics I

Prerequisite(s): MATH 1434 or MATH 1451 or a satisfactory score on a departmental placement exam.

A precalculus-based introduction to Newton's laws of motion, gravitation, fluids, and sound. This course includes one semester hour credit for laboratory sessions. This course may not be counted as part of the physics, chemistry, or biochemistry/molecular biology major.

PHYS 1417 General Physics II

Prerequisite(s): PHYS 1416

A precalculus-based introduction to the general principles of thermodynamics, electricity, magnetism, and geometric wave

optics. This course includes one semester hour credit for laboratory sessions. This course may not be counted as part of the physics, chemistry, or biochemistry/molecular biology major.

PHYS 2013 Principles of Physics I Laboratory

Prerequisite(s): MATH 1451

Corequisite(s): PHYS 2413, Principles of Physics I

This is the laboratory portion of PHYS 2413, Principles of Physics I.

PHYS 2023 Principles of Physics II Laboratory

Prerequisite(s): PHYS 2413

Corequisite(s): PHYS 2423, Principles of Physics II

This is the laboratory portion of PHYS 2423, Principles of Physics II.

PHYS 2181 Special Topics/Independent Study

Topics are selected based on student needs and academic qualifications of the staff. A minimum of 30 hours of study is required for each semester hour of credit. Up to one semester hour credit for laboratory sessions may be included.

PHYS 2281 Special Topics/Independent Study

Topics are selected based on student needs and academic qualifications of the staff. A minimum of 30 hours of study is required for each semester hour of credit. Up to one semester hour credit for laboratory sessions may be included.

PHYS 2343 Introductory Theoretical Physics

Prerequisite(s): PHYS 2423, concurrent enrollment in MATH 1452, or consent of the instructor.

Designed as an introduction to mathematical methods used in classical mechanics, electromagnetism and quantum mechanics.

Topics include separation of variables and solving Laplace's equation, special functions, differential and integral vector calculus.

PHYS 2381 Special Topics/Independent Study

Topics are selected based on student needs and academic qualifications of the staff. A minimum of 30 hours of study is required for each semester hour of credit. Up to one semester hour credit for laboratory sessions may be included.

PHYS 2413 Principles of Physics I

Prerequisite(s): MATH 1451

An introduction to Newton's laws of motion, gravitation, fluids, and sound. This course includes one semester hour credit for laboratory sessions.

PHYS 2423 Principles of Physics II

Prerequisite(s): PHYS 2413

An introduction to the physical principles of thermodynamics, kinetic theory, electricity, magnetism, simple AC and DC circuits, and geometric wave optics. This course includes one semester hour credit for laboratory sessions.

PHYS 2481 Special Topics/Independent Study

Topics are selected based on student needs and academic qualifications of the staff. A minimum of 30 hours of study is required for each semester hour of credit. Up to one semester hour credit for laboratory sessions may be included.

PHYS 3013 Modern Physics I Laboratory

Prerequisite(s): PHYS 2343 or consent of the instructor.

Corequisite(s): PHYS 3413, Modern Physics I

This is the laboratory portion of PHYS 3413, Modern Physics I.

PHYS 3023 Modern Physics II Laboratory

Prerequisite(s): PHYS 3413

Corequisite(s): PHYS 3423, Modern Physics II

This is the laboratory portion of PHYS 3423, Modern Physics II.

PHYS 3033 The Art of Electronics Laboratory

Prerequisite(s): PHYS 2423, 3413, or consent of the instructor.

Corequisite(s): PHYS 3433, The Art of Electronics

This is the laboratory portion of PHYS 3433, The Art of Electronics.

PHYS 3043 Computational Physics Laboratory

Prerequisite(s): PHYS 3313, 3413, 3323 (or concurrent enrollment), or consent of the instructor

Corequisite(s): PHYS 3443, Computational Physics

This is the laboratory portion of PHYS 3443, Computational Physics.

PHYS 3181 Special Topics/Independent Study

Topics are selected based on student needs and academic qualifications of the staff. A minimum of 30 hours of study is required for each semester hour of credit. Up to one semester hour credit for laboratory sessions may be included.

PHYS 3281 Special Topics/Independent Study

Topics are selected based on student needs and academic qualifications of the staff. A minimum of 30 hours of study is required for each semester hour of credit. Up to one semester hour credit for laboratory sessions may be included.

PHYS 3313 Mechanics

Prerequisite(s): PHYS 2343 and MATH 1452

Topics include single-particle Newtonian mechanics, oscillations, gravitation, calculus of variations, Lagrangian and Hamiltonian dynamics, central-force motion and dynamics of system of particles.

PHYS 3323 Electricity and Magnetism

Prerequisite(s): PHYS 2343 and MATH 1452

Topics include solving Laplace's and Poisson's equations, the method of images, multi-pole expansion, electrostatics and magnetostatics in the presence of matter, Maxwell's equations, electromagnetic waves and radiation.

PHYS 3381 Special Topics/Independent Study

Topics are selected based on student needs and academic qualifications of the staff. A minimum of 30 hours of study is required for each semester hour of credit. Up to one semester hour credit for laboratory sessions may be included.

PHYS 3383 Mathematical Methods for Science and Engineering

Prerequisite(s): Credit for or concurrent enrollment in MATH 3333

Advanced techniques in applied mathematics for students of science and engineering, with topics chosen from partial differential equations, Laplace transforms, Fourier series, complex analysis and vector analysis. Fourier series. (Also offered as MATH 3383.)

PHYS 3413 Modern Physics I

Prerequisite(s): PHYS 2343 or consent of the instructor.

An introduction to special relativity, pre-quantum physics and basic concepts of quantum mechanics and atomic structure. This course includes one semester hour credit for laboratory sessions designed as investigations of optical phenomena and fundamental constants.

PHYS 3423 Modern Physics II

Prerequisite(s): PHYS 3413

A continuation of PHYS 3413. Topics include many-electron atoms, molecules, solid state, nuclear structure, and elementary particles. This course includes one semester hour credit for laboratory sessions.

PHYS 3433 The Art of Electronics

Prerequisite(s): PHYS 2423, 3413, or consent of instructor.

The Art of Electronics consists of basic electronics and solid state physics theories and experiments. Topics include the fundamentals of direct and alternating current circuits involving applications of Ohm's Law and Kirchhoff's Laws. Students learn semiconductor physics to understand the operation of diodes, transistors and op amps. In the laboratory section, students build and test circuits while developing skills in the operation of power supplies, function generators, oscilloscopes and spectrum analyzers.

PHYS 3443 Computational Physics

Prerequisite(s): PHYS 3313, 3413, 3323 (or concurrent enrollment), or consent of instructor.

Students learn computational techniques useful for solving problems in advanced dynamics, electromagnetism and quantum mechanics. Advanced dynamics topics include the study of deterministic chaos solving systems of ordinary differential equations. Students apply finite element method electromagnetic modeling to calculate static electric and magnetic fields, solve time dependent magnetic problems, and calculate current flow. Quantum dynamics problems are analyzed by solving the time

dependent Schrodinger equation. In the laboratory, students gain hands-on experience using mathematical software to solve problems in advanced dynamics, electromagnetism, and quantum mechanics.

PHYS 3481 Special Topics/Independent Study

Topics are selected based on student needs and academic qualifications of the staff. A minimum of 30 hours of study is required for each semester hour of credit. Up to one semester hour credit for laboratory sessions may be included.

PHYS 4181 Special Topics/Independent Study

Topics are selected based on student needs and academic qualifications of the staff. A minimum of 30 hours of study is required for each semester hour of credit. Up to one semester hour credit for laboratory sessions may be included.

PHYS 4221 Undergraduate Research Experience in Physics I

Prerequisite(s): At least 29 hours of Physics completed.

Senior physics majors will investigate a topic of current research interest with physics faculty. The course will involve problem identification, literature search, and start of research (building the necessary background or setting up the necessary experiment(s) to solve the research problem, development of the solution of the problem). All students will meet with faculty twice a week for instruction, guidance and exploration of the topic.

PHYS 4222 Undergraduate Research Experience in Physics II

Prerequisite(s): PHYS 4221

This course is a continuation of PHYS 4221. The course will involve the further development of the solution of the research problem; finding applications; acquisition of new results; completion of research; writing of research paper; preparation and delivery of oral presentation; application, preparation and presentation at the annual HBU Celebration of Scholarship Symposium. All students will meet with faculty twice a week for instruction, guidance and exploration of the topic.

PHYS 4281 Special Topics/Independent Study

Topics are selected based on student needs and academic qualifications of the staff. A minimum of 30 hours of study is required for each semester hour of credit. Up to one semester hour credit for laboratory sessions may be included.

PHYS 4323 Thermodynamics and Statistical Mechanics

Prerequisite(s): PHYS 2343

Energy in Thermal Physics, The Second Law of Thermodynamics, Thermal Interactions.

PHYS 4343 Introduction to Quantum Mechanics I

Prerequisite(s): PHYS 2343, 3413, and MATH 1452

Foundations of quantum mechanics, Schrodinger's equation with applications such as the square well, harmonic oscillator, hydrogen atom, and electron spin.

PHYS 4344 Introduction to Quantum Mechanics II

Prerequisite(s): PHYS 4343

Continuation of PHYS 4343 covering quantum mechanics of identical particles, time-independent perturbation theory, the variational principle, WKB approximation, and time-dependent perturbation theory.

PHYS 4381 Special Topics/Independent Study

Topics are selected based on student needs and academic qualifications of the staff. A minimum of 30 hours of study is required for each semester hour of credit. Up to one semester hour credit for laboratory sessions may be included.

PHYS 4481 Special Topics/Independent Study

Topics are selected based on student needs and academic qualifications of the staff. A minimum of 30 hours of study is required for each semester hour of credit. Up to one semester hour credit for laboratory sessions may be included.

Psychology (PSYC) Course Descriptions

PSYC 1313 General Psychology

Prerequisite(s): None

An introductory course dealing with the major content areas in psychology. Topics may include heredity and environment, emotions and motivation, perception, learning, personality, and intelligence. This course may be taken to meet Smith College requirements and as an elective by non-psychology majors. It is required for psychology majors.

PSYC 2181 Special Topics

For course description and prerequisites for this course, please contact the Dean of the College of Education and Behavioral Sciences.

PSYC 2301 Introductory Statistics for the Behavioral Sciences

Prerequisite(s): MATH 1305, 1313 or equivalent

The course provides an introduction to descriptive and inferential statistics, correlation, probability, and regression-with applications in behavioral sciences. (Offered also as SOCI 2301.)

PSYC 2311 Schools and Learning

Prerequisite(s): None

A study of philosophical, cultural, and psychological constructs as well as ethical principles which influence education, Schooling, and learning. Observation and experience in Schools is combined with intensive analyses and applications of principles from philosophy, sociology, psychology, and ethics (as they apply to education and Schooling). This course does not count toward a psychology major. (Offered also as EDUC 2311 and SOCI 2311.)

PSYC 2325 Dating and Intimate Relationships

Prerequisite(s): None

This is an introductory course understanding close relationships. It will cover the research on relationships from dating through family formation. This course will survey the scientific research about how people are attracted to each other and the processes of establishing and maintaining a dating relationship. The effects of cohabiting will be examined and its relationship on children. How this intimacy develops into a health marital relationship and how the stresses of marriage can threaten this intimacy is covered. The causes of divorce and the special challenges of single-parenting and intimacy are addressed.

PSYC 2330 Human Sexuality

Prerequisite(s): None

This is an introductory course about human sexuality. It will survey a variety of topics from biological to psychological to social aspects of human sexuality. This course will provide a scientific understanding of the historical, biological, psychological and social/cultural influences on human sexuality and its expression. Information about human sexuality across the lifespan will be included. This course provides information about sexual identity, orientation, and how changing sexual attitudes are influencing the culture. This course also provides information about the prevention and treatment of sexually transmitted infections. Information about the biological and psychological causes of sexual dysfunction and their treatments will also be covered.

PSYC 2340 Health Psychology

Prerequisite(s): None

Health Psychology is an introductory course dealing with the major content areas of health psychology. Topics include: an overview of the field of health psychology, major body systems, important theoretical models for explaining, promoting, and changing health behaviors, and moderators for stress and coping. The psychosocial aspects of pain, coronary heart disease, hypertension, stroke, diabetes, and other chronic health conditions will also be introduced. (Offered also as KINE 2340)

PSYC 2364 Abnormal Psychology

Prerequisite(s): PSYC 1313

A study of normal and abnormal psychological functioning, psychological disorders, behavioral disorders, psychosomatic illnesses, and substance abuses. May be taken by non-psychology majors as an elective. Recommended for majors in nursing, education, and areas which deal with problems of persons.

PSYC 2381 Special Topics

For course description and prerequisites for this course, please contact the Dean of the College of Education and Behavioral Sciences.

PSYC 3303 Research Methods

Prerequisite(s): PSYC 2301 and WRIT 2306 or 3304 or permission of instructor

This is an applied research course for psychology majors. Students are introduced to research design and methods for behavioral sciences to include experiments and correlational studies. Applied projects include using library databases, reading and critically reviewing current empirical literature, proposing original research, writing hypotheses, and discerning appropriate data analyses and statistics. (Offered also as SOCI 3303.)

PSYC 3305 Psychology of Personality

Prerequisite(s): PSYC 1313

This course reviews the major theories of personality as they relate to explanations of human behavior, mental processes, and development. Issues of formal theory development and evaluation of formal theories are addressed. May be used as an advanced elective by psychology majors.

PSYC 3313 Human Growth and Development

Prerequisite(s): PSYC 1313

An upper level psychology elective, this course is designed to emphasize the continuity of human development throughout the life span. The interrelationships among physical, cognitive and psychosocial development will be emphasized.

PSYC 3320 Introduction to Art Therapy

Prerequisite(s): None

This course is presented as a workshop, integrating theoretical learning with practice and experience. The course includes lectures, readings, and class discussions alongside personal experience and art groups. The practical aspects require an open minded approach and willingness to work creatively with different textiles as means to develop awareness of intra- and inter-personal processes.

PSYC 3343 Experimental Psychology

Prerequisite(s): PSYC 1313, 2301, and WRIT 2306 or 3304

This is an applied research course for psychology majors. Research design for experiments, co-relational studies and more complex research projects are studied. Actual projects are performed with formal project and laboratory reports filed for each such completed study. Quantitative methods and their applications are emphasized, including the use of descriptive, inferential and multivariate statistics.

PSYC 3410 Experimental Psychology

Prerequisite(s): PSYC 1313, PSYC 2301 or SOCI 2301

Experimental psychology is an applied research course for psychology majors. Basic research methods and terminology will be presented and practiced in the classroom and these principles then applied in a computer lab. Research design for experiments, correlational studies, and more complex research projects will be critically reviewed. Students will be expected to participate in the early stages of designing a quantitative research study to include a critical review of the literature, formulating testable hypotheses, choosing an appropriate research design and outlining the methods and analyses. Applied statistical analyses will be reviewed and then practiced with SPSS software in the lab.

PSYC 4181 Special Topics

A service course designed to permit the offerings of topics of current interest. May also be used for individual study in which a minimum of 30 clock hours of directed study is required for each semester hour of credit. Advanced reading, testing, and projects involving research are included. Departmental approval required.

PSYC 4281 Special Topics

A service course designed to permit the offerings of topics of current interest. May also be used for individual study in which a minimum of 30 clock hours of directed study is required for each semester hour of credit. Advanced reading, testing, and projects involving research are included. Departmental approval required.

PSYC 4292 Senior Seminar in Experimental Psychology

Prerequisite(s): PSYC 2301, 3343, WRIT 2306 or 3304, and 15 hours in psychology

In this course the student designs an original research project, preparing a proposal which describes the problem, the hypotheses, the review of literature, techniques to be used, and other components normally found in research proposals. See Note 9 under Undergraduate Degree Requirements.

PSYC 4295 Senior Seminar in Experimental Psychology

Prerequisite(s): PSYC 4292

The student conducts an approved research project and prepares a report which includes findings and conclusions. See Note 9 under Undergraduate Degree Requirements.

PSYC 4310 History and Theoretical Systems in Psychology

Prerequisite(s): PSYC 1313 and at least 64 credit hrs

This course surveys current systems of thought in psychology and reviews the major philosophical and historical underpinnings of the discipline. Relevant material from scientific research, including the biological and physical sciences, will be included.

PSYC 4316 Child Psychopathology

Prerequisite(s): PSYC 1313, WRIT 2306 or 3304 or permission of instructor

This course will focus on major forms of atypical development in childhood and adolescence. Course material will include disorders of behavior, disorders of emotion, developmental and learning problems, and problems related to mental health. Child and adolescent disorders will be discussed in terms of defining characteristics, associated features, possible causes, theoretical formulations, research evidence, and current approaches to intervention and prevention. The possible developmental course of each disorder will be presented to show how biological, psychological and socio-cultural factors interact with the child's environment to determine the expression of atypical development. (Offered also as PSYC 5316.)

PSYC 4322 Cognitive Psychology

Prerequisite(s): PSYC 1313; at least 64 credit hours, and any BIOL course

Cognitive psychology is the study of the mind, how we perceive the world, remember, reason, think, and learn. This course will present an overview of cognitive psychology, its findings, theories, and approach. Topics covered will include pattern recognition, attention, memory, imagery, concepts and categorization, and problem solving.

PSYC 4323 Theories of Counseling and Psychotherapy

Prerequisite(s): PSYC 1313, WRIT 2306 or 3304, or permission of the instructor

Comprehensive and intensive study of major theoretical orientations in counseling and psychotherapy, stressing implications for research and practice. Includes experiences in micro-counseling and other simulations to develop counseling skills. (Offered also as EPSY 5323 and PSYC 5323.)

PSYC 4326 Psychology of Dying, Bereavement, and Counseling

Prerequisite(s): WRIT 2306 or 3304 or permission of instructor

A course dealing with the process of dying and grief of the survivors. The psychological adjustments of the individual, family, and professional are examined. How to facilitate grief as well as therapeutic issues are discussed. (Offered also as PSYC 5326 and EPSY 5326.)

PSYC 4330 Psychology of Learning

Prerequisite(s): None

A course stressing the contributions of major learning theories to understanding behavior. Particular attention is paid to human learning and the applicability of learning theory to the educational process as well as to goal attainments. (Offered also as EDUC 4330, PSYC 5330, and EPSY 5330.)

PSYC 4332 Social Psychology

Prerequisite(s): At least 64 credit hrs.

Contemporary approaches to social behavior are considered. Cultural influences, prejudice, persuasion, conformity, attribution theories, and social cognitions are some of the topics addressed. (Offered also as PSYC 5332 and SOCI 4332.)

PSYC 4333 Measurement and Evaluation

For course description and prerequisites for this course, please contact the Dean of the College of Education and Behavioral Sciences.

PSYC 4334 Psychology of Religion

Prerequisite(s): CHRI 1313, 1323 and at least 64 credit hrs.

The insights of psychology as a science are used to inspect and evaluate the religious dimensions of life. How religion affects religious development, health, experience, and relationships in the church, family, and marriage will be covered. (Offered also as CHRI 4334 and PSYC 5334.)

PSYC 4340 Art Therapy with Children

Prerequisite(s): None

This course is designed to provide with a basic understanding and practical approaches to the assessment and treatment of infants, young children and adolescents. Students will develop clinical skills in the areas of observation, assessment, diagnosis, intervention, treatment planning and referral to community resources. Students will be provided with “hands-on” experience in the use of art therapy techniques used in assessing and treating children. Students will become familiar with the documentation and the professional language used in communicating with agencies that provide children’s services. Cultural diversity will be included in discussions of children and adolescents and its impact on assessments and treatment planning.

PSYC 4341 Pre-Professional Art Therapy Capstone Course

Prerequisite(s): PSYC 3320 and 4340

Supervised internship in the practice of art therapy counseling with individuals, groups and/or families. The internship seminar is designed to help students develop their techniques of practice in art therapy and counseling and their application of art therapy to various populations and settings, including ethical and legal issues of art therapy practice. Students complete internship hours at predetermined site(s) off campus, participate in seminars as scheduled and individual supervision.

PSYC 4353 Physiological Psychology

Prerequisite(s): PSYC 1313; BIOL 1404 or 2404 or 2475 or 2414; and WRIT 2306 or 3304

A study of the physiological bases of behavior, with emphasis on learning the relationships between the functioning of the brain and nervous system with observable behavior. Neurodevelopment, the effects of drugs, and the biological basis of psychopathology will be some of the topics covered.

PSYC 4360 Cultural Psychology

Prerequisite(s): PSYC 1313 and at least 64 credit hours

The course will introduce counseling relationships and processes. Included in the study are theories of multicultural counseling, dimensions of worldviews, racial/cultural identity development, counseling ethnic minorities, bicultural/biracial minorities, women, and sexual minorities. The main focus of the course will be gaining practical knowledge and skills necessary to work effectively with ethnically and culturally diverse clients in North America.

PSYC 4381 Special Topics

A service course designed to permit the offerings of topics of current interest. May also be used for individual study in which a minimum of 30 clock hours of directed study is required for each semester hour of credit. Advanced reading, testing, and projects involving research are included. Departmental approval required.

PSYC 4390 Psychology Capstone Course

Prerequisite(s): PSYC 3410, Senior standing

This course is the culminating experience for the psychology major. Students will incorporate the essential core concepts of psychology into one of two domains. Domain I will focus on an in-depth original research project written according to American Psychological Association guidelines. Domain II will focus on an internship at an approved site.

PSYC 5181 Special Topics

A service course designed to permit the offerings of topics of current interest. May also be used for individual study in which a minimum of thirty (30) clock hours of directed study is required for each semester hour of credit. Advanced reading, testing, and projects involving research are included. Permission of instructor required.

PSYC 5281 Special Topics

A service course designed to permit the offerings of topics of current interest. May also be used for individual study in which a minimum of thirty (30) clock hours of directed study is required for each semester hour of credit. Advanced reading, testing, and projects involving research are included. Permission of instructor required.

PSYC 5300 General Psychology

Prerequisite(s): None

An introductory course dealing with the major content areas in psychology. Topics may include heredity and environment, emotions and motivation, perception, learning, personality, and intelligence. An examination of how introductory principles are applied in licensure programs is addressed. This course is taken by students fulfilling the leveling requirement for a master's degree in psychology or counseling.

PSYC 5301 Introductory Statistics for the Behavioral Sciences

Prerequisite(s): None

This provides an intermediate level introduction to descriptive and inferential statistics, correlation, probability, and regression with applications in behavioral sciences. This course is taken by students fulfilling the leveling requirement for a Master's

degree in psychology or counseling.

PSYC 5302 Abnormal Psychology

Prerequisite(s): None

A study of normal and abnormal psychological functioning, psychological disorders, psychosomatic illnesses, and substance abuses. May be taken by non-psychology majors as an elective. This course is taken by students fulfilling the leveling requirement for a Master's degree in psychology or counseling.

PSYC 5310 Ethical and Professional Issues in Psychology and Counseling

Prerequisite(s): None

A seminar format will provide the student with opportunities to study ethical standards and applications in psychology.

PSYC 5312 Marriage, Couple, and Family Counseling Theories

Prerequisite(s): None

This course is an introduction to the field of couples and family therapy. It will feature theory and practice in the treatment of dyadic relationships, marriages, and families (including families with children). Students will develop an understanding of the prominent theories, including emphasis on systems theories that form the basis of relevant therapy approaches, and will develop basic skills in utilizing therapeutic interventions with couples and families.

PSYC 5313 Methods and Techniques in Counseling

Prerequisite(s): None

This course will introduce the student to those active listening skills which communicate the qualities of empathy, genuineness and unconditional positive regard. The course will include role-playing and videotaped exercises. Other selected interventions will be included.

PSYC 5314 Methods and Techniques in Christian Counseling

Prerequisite(s): None

This course is designed to introduce graduate students to basic techniques, methods, and theories behind the practice of Christian counseling and to integrate established psychotherapeutic techniques into the practice Christian counseling.

PSYC 5315 Christian Integration Seminar I

Prerequisite(s): None

The purpose of this course is to help the student begin a path to effectively integrate their Christian faith with psychology and counseling. Theological backgrounds of counseling, major theories of Christian integration with counseling and the role of the Christian counselor in society will be examined. The student will formulate their own Christian integration perspective based on activities and readings in the course. This course is to be taken in the student's first year in the MACC program.

PSYC 5316 Child Psychopathology

Prerequisite(s): None

This course will focus on major forms of atypical development in childhood and adolescence. Course material will include disorders of behavior, disorders of emotion, developmental and learning problems, and problems related to mental health. Child and adolescent disorders will be discussed in terms of defining characteristics, associated features, possible causes, theoretical formulations, research evidence, and current approaches to intervention and prevention. The possible developmental course of each disorder will be presented to show how biological, psychological and socio-cultural factors interact with the child's environment to determine the expression of atypical development. (Offered also as PSYC 4316.)

PSYC 5323 Theories of Counseling and Psychotherapy

Prerequisite(s): None

Comprehensive and intensive study of major theoretical orientations in counseling and psychotherapy, stressing implications for research and practice. Includes experiences in micro-counseling and other simulations to develop counseling skills. (Offered also as PSYC 4323 and EPSY 5323.)

PSYC 5326 Psychology of Dying, Bereavement, and Counseling

Prerequisite(s): None

A course dealing with the process of dying and grief of the survivors. The psychological adjustments of the individual, family, and professional are examined. How to facilitate grief as well as therapeutic issues are discussed. (Offered also as PSYC 4326, EPSY 5326.)

PSYC 5330 Psychology of Learning

Prerequisite(s): None

A course stressing the contributions of major learning theories to understanding behavior. Particular attention is paid to human learning and the applicability of learning theory to the educational process as well as to goal attainments. (Offered also as EDUC 4330, PSYC 4330, and EPSY 4330.)

PSYC 5332 Social Psychology

Prerequisite(s): None

Contemporary approaches to social behavior are considered. Cultural influences, prejudice, persuasion, conformity, attribution theories, and social cognitions are some of the topics addressed. (Offered also as PSYC 4332 and SOCI 4332.)

PSYC 5334 Psychology of Religion

Prerequisite(s): None

The insights of psychology as a science are used to inspect and evaluate the religious dimensions of life. How religion effects religious development, health, experience, and relationships in the church, family, and marriage will be covered. (Offered also as CHRI 4334 and PSYC 4334.)

PSYC 5353 Physiological Psychology

Prerequisite(s): None

A study of physiological bases of behavior with an emphasis on mental disorders, behaviors, and emotions.

PSYC 5360 Cultural Psychology

This course is designed to strengthen diversity and multicultural awareness among counselors, and other mental health providers. The course will strengthen counseling relationships and processes. Included in the study are theories of multicultural counseling, dimensions of worldviews, racial/cultural identity development, counseling ethnic minorities, bicultural/biracial minorities, women, and sexual minorities. The main focus of the course will be on gaining practical knowledge and skills necessary to work effectively with ethnically and culturally diverse clients in North America.

PSYC 5363 Principles of Guidance

For course description and prerequisites for this course, please [contact the Dean of the College of Education and Behavioral Sciences](#).

PSYC 5381 Special Topics

A service course designed to permit the offerings of topics of current interest. May also be used for individual study in which a minimum of thirty (30) clock hours of directed study is required for each semester hour of credit. Advanced reading, testing, and projects involving research are included. Permission of instructor required.

PSYC 6101 Licensed Specialist in School Psychology Internship

This course is designed for students who have completed the Masters of Arts in Psychology degree and the additional hours required for the LSSP. The internship experience is a minimum of 1200 contact hours, of which 600 must be in a public School supervised by an individual qualified in accordance with state requirements. A licensed psychologist must supervise the non-School experience. The student must complete the internship in less than two years and in no more than two sites. The student must have direct, systematic supervision with experiences that include assessment, intervention, behavior management, and consultation for children representing a range of ages, populations, and needs. This course meets on campus when the student is involved in an off-campus internship assignment.

PSYC 6102 Licensed Specialist in School Psychology Internship

This course is designed for students who have completed the Masters of Arts in Psychology degree and the additional hours required for the LSSP. The internship experience is a minimum of 1200 contact hours, of which 600 must be in a public School supervised by an individual qualified in accordance with state requirements. A licensed psychologist must supervise the non-School experience. The student must complete the internship in less than two years and in no more than two sites. The student must have direct, systematic supervision with experiences that include assessment, intervention, behavior management, and consultation for children representing a range of ages, populations, and needs. This course meets on campus when the student is involved in an off-campus internship assignment.

PSYC 6103 Licensed Specialist in School Psychology Internship

This course is designed for students who have completed the Masters of Arts in Psychology degree and the additional hours required for the LSSP. The internship experience is a minimum of 1200 contact hours, of which 600 must be in a public School supervised by an individual qualified in accordance with state requirements. A licensed psychologist must supervise the non-

School experience. The student must complete the internship in less than two years and in no more than two sites. The student must have direct, systematic supervision with experiences that include assessment, intervention, behavior management, and consultation for children representing a range of ages, populations, and needs. This course meets on campus when the student is involved in an off-campus internship assignment.

PSYC 6104 Licensed Specialist in School Psychology Internship

This course is designed for students who have completed the Masters of Arts in Psychology degree and the additional hours required for the LSSP. The internship experience is a minimum of 1200 contact hours, of which 600 must be in a public School supervised by an individual qualified in accordance with state requirements. A licensed psychologist must supervise the non-School experience. The student must complete the internship in less than two years and in no more than two sites. The student must have direct, systematic supervision with experiences that include assessment, intervention, behavior management, and consultation for children representing a range of ages, populations, and needs. This course meets on campus when the student is involved in an off-campus internship assignment.

PSYC 6105 Licensed Specialist in School Psychology Internship

This course is designed for students who have completed the Masters of Arts in Psychology degree and the additional hours required for the LSSP. The internship experience is a minimum of 1200 contact hours, of which 600 must be in a public School supervised by an individual qualified in accordance with state requirements. A licensed psychologist must supervise the non-School experience. The student must complete the internship in less than two years and in no more than two sites. The student must have direct, systematic supervision with experiences that include assessment, intervention, behavior management, and consultation for children representing a range of ages, populations, and needs. This course meets on campus when the student is involved in an off-campus internship assignment.

PSYC 6106 Licensed Specialist in School Psychology Internship

This course is designed for students who have completed the Masters of Arts in Psychology degree and the additional hours required for the LSSP. The internship experience is a minimum of 1200 contact hours, of which 600 must be in a public School supervised by an individual qualified in accordance with state requirements. A licensed psychologist must supervise the non-School experience. The student must complete the internship in less than two years and in no more than two sites. The student must have direct, systematic supervision with experiences that include assessment, intervention, behavior management, and consultation for children representing a range of ages, populations, and needs. This course meets on campus when the student is involved in an off-campus internship assignment.

PSYC 6181 Special Topics

A service course designed to permit the offerings of topics of current interest. May also be used for individual study in which a minimum of thirty (30) clock hours of directed study is required for each semester hour of credit. Advanced reading, testing, and projects involving research are included. Permission of instructor required.

PSYC 6191 Counseling Practicum

Supervised laboratory experiences in individual and group counseling with emphasis upon methods and techniques. Competence in counseling with varied types of human concerns is developed. All practicum students must be involved in counseling activities and must exhibit skills in evaluation as well. This course meets on campus when the student is involved in an off-campus practicum assignment.

PSYC 6192 Counseling Practicum

Supervised laboratory experiences in individual and group counseling with emphasis upon methods and techniques. Competence in counseling with varied types of human concerns is developed. All practicum students must be involved in counseling activities and must exhibit skills in evaluation as well. This course meets on campus when the student is involved in an off-campus practicum assignment.

PSYC 6193 Counseling Practicum

Supervised laboratory experiences in individual and group counseling with emphasis upon methods and techniques. Competence in counseling with varied types of human concerns is developed. All practicum students must be involved in counseling activities and must exhibit skills in evaluation as well. This course meets on campus when the student is involved in an off-campus practicum assignment.

PSYC 6194 Counseling Practicum

Supervised laboratory experiences in individual and group counseling with emphasis upon methods and techniques. Competence in counseling with varied types of human concerns is developed. All practicum students must be involved in counseling activities and must exhibit skills in evaluation as well. This course meets on campus when the student is involved in

an off-campus practicum assignment.

PSYC 6199 Thesis Defense

Prerequisite(s): PSYC 6324 and the successful completion of 30 hrs. of course work in the MPA-General Program.

This course is for students in the MAP-General program who have successfully completed the research project requirement for PSYC 6324. Students will select an advisory committee to prepare for formal manuscript preparation and the oral defense of the thesis.

PSYC 6281 Special Topics

A service course designed to permit the offerings of topics of current interest. May also be used for individual study in which a minimum of thirty (30) clock hours of directed study is required for each semester hour of credit. Advanced reading, testing, and projects involving research are included. Permission of instructor required.

PSYC 6301 Principles of Human Development

Prerequisite(s): None

Intensive study and examination of literature and theory in developmental psychology as it relates to persons through the lifespan from infancy through adulthood. Social and personality development, intellectual development, language acquisition, and developmental expectations are emphasized. The unique concerns of the exceptional child are studied as well as in-depth, case-study skill development. (Offered also as EPSY 6301.)

PSYC 6302 Measurement and Appraisal

Prerequisite(s): None

Principles and techniques of psychological measurement are emphasized. Major instruments are surveyed, exclusive of projective measures and individual intellectual measures. The knowledge and skills covered can apply in a variety of settings; agencies, clinics, Schools, and businesses. Uses and critical evaluation of achievement, aptitude, interest, and non-projective personality tests are included, as are experiences in administering and scoring of tests, and ethical standards for uses of tests. (Offered also as EPSY 6302.)

PSYC 6305 Individual Psychological Evaluation

Prerequisite(s): EPSY/PSYC 6302 or permission of the instructor.

Review of theory underlying individual ability tests; supervised practice in test administration, scoring, and interpretation. Skills in report preparation are addressed. The Wechsler scales are emphasized. (Offered also as EPSY 6305 and EDSP 6305.)

PSYC 6306 Career Information and Career Counseling

Prerequisite(s): EPSY 6302 OR PSYC 6302

Methods and processes of collecting, organizing, evaluating, and interpreting educational, occupational, and personal-social information. Theories of career development are included as well as the counselor's role in career education. Career interest inventories and other measures are reviewed with reference to their utility in career counseling.

PSYC 6308 Methods of Group Process

Prerequisite(s): PSYC 5323

This is a course in learning how to lead out-patient psychotherapy groups. Mock groups are conducted which allow students opportunities to practice group leadership. Feedback is provided by classmates and the professor. (Offered also as EPSY 6308.)

PSYC 6310 Clinical Psychopathology

Prerequisite(s): 24 graduate semester hours in psychology or permission of the instructor.

A course that examines the etiology, symptoms, diagnosis, prognosis and therapeutic methods applicable to the major psychological disorders. Emphasis is placed on being able to differentiate one disorder from the other.

PSYC 6311 Addictions and Compulsive Disorders

Prerequisite(s): None

This course examines a variety of models for the etiology and treatment of addictions with an emphasis on the biopsychological perspective. Students are encouraged to integrate empirically based intervention into Christian counseling settings.

PSYC 6315 Christian Integration Seminar II

Prerequisite(s): PSYC 5315 and at least 21 hours completed since taking PSYC 5315 or permission of the instructor.

This course is an advanced survey course in the field of Christian Counseling. Students will learn how to apply the prominent theories that form the basis of Christian Counseling and develop a working knowledge of the special ethical and cultural considerations unique to the Christian counselor.

PSYC 6320 Research Techniques and Procedures

Prerequisite(s): None

A study of a spectrum of research methods related to psychological and educational research. The course is designed to develop research knowledge and skills. Included are theory, techniques, designs, evaluation of research, and integration of findings into professional decision-making. (Offered also as EDUC 6320 and EDAD 6310.)

PSYC 6324 Research Seminar

Prerequisite(s): PSYC 6320

The student conducts an approved research project and prepares a report of findings of sufficient quality to be submitted for professional publication.

PSYC 6343 Personality Assessment

Prerequisite(s): PSYC/EPSY 6302, PSYC/EPSY 6305, and PSYC 6310 or permission of instructor

This course is an introduction to projective and objective psychological testing techniques used in the evaluation of people exhibiting mental, emotional, and/or behavioral disturbances. Report writing skills are addressed.

PSYC 6381 Special Topics

A service course designed to permit the offerings of topics of current interest. May also be used for individual study in which a minimum of thirty (30) clock hours of directed study is required for each semester hour of credit. Advanced reading, testing, and projects involving research are included. Permission of instructor required.

Sociology (SOCI) Course Descriptions

SOCI 1313 Principles of Sociology

Prerequisite(s): None

A study of the nature of social relations, social institutions, and social processes, and of the products of these relationships. The nature of culture, communications, socialization, mobility, social control and other sociological concepts are considered. It is strongly recommended that this course be taken prior to all other sociology courses.

SOCI 2301 Introductory Statistics for the Behavioral Sciences

Prerequisite(s): MATH 1305 and 1313 or equivalent.

The course provides an introduction to descriptive and inferential statistics, correlation, probability, and regression-with applications in behavioral sciences. (Offered also as PSYC 2301)

SOCI 3320 Social Change

Prerequisite(s): SOCI 1313 and WRIT 2306 or 3304

This course critically examines the most contemporary social issues related to the practice of medicine, educational reform, and social structures such as mass media, religion, and the political process within a framework of historical change. This course is designed to develop an awareness, appreciation and critical evaluation of cultural transformations influencing the social world.

SOCI 3323 History of Sociological Thought

Prerequisite(s): None

A study of the development of social thought, including a critical analysis of theories of leading social thinkers.

SOCI 3327 Criminology

Prerequisite(s): WRIT 2306 or 3304

This course critically examines contemporary social issues related to social norms, norm violations, and social sanctions. Specifically the content of the course will address crime and violence, juvenile delinquency, and the criminal justice system.

SOCI 3374 Urban Sociology

Prerequisite(s): None

A social systems approach to the analysis of the emerging problems of urban-suburban areas, with special consideration of the development of alternative solutions for these problems and strategies of intervention.

SOCI 3393 Sociology of Childhood and Adolescence

Prerequisite(s): WRIT 2306 or 3304

Analysis of social class, ethnic influences and sex-role socialization on childhood and adolescence; the socializing agents in these age groups will be examined.

SOCI 4181 Special Topics

A service course designed to permit the offering of topics of current interest. May also be used for individual study, in which a minimum of 30 clock hours of directed study is required for each semester hour of credit. Topics and projects are selected on the basis of student interest and demand. Permission of department required.

SOCI 4281 Special Topics

A service course designed to permit the offering of topics of current interest. May also be used for individual study, in which a minimum of 30 clock hours of directed study is required for each semester hour of credit. Topics and projects are selected on the basis of student interest and demand. Permission of department required.

SOCI 4332 Social Psychology

Prerequisite(s): SOCI 1313

Contemporary approaches to social behavior are considered. Language development, cultural influences, prejudice, persuasion, conformity, and attraction are some of the topics addressed. (Offered also as PSYC 4332 and PSYC 5332)

SOCI 4373 The American Family

Prerequisite(s): None

An in-depth examination of current research related to the family as a dynamic component of American culture. Recent trends reflected in research data will be carefully examined within the context of sociological theory. Selected concepts and theories of the institutions of marriage and the family and factors and forces of society which impact on self-understanding, relationships,

human development, life cycles, mate selection, alternative life styles, feminine and masculine roles, marital adjustments, parenting, and family crises will be addressed.

SOCI 4381 Special Topics

A service course designed to permit the offering of topics of current interest. May also be used for individual study, in which a minimum of 30 clock hours of directed study is required for each semester hour of credit. Topics and projects are selected on the basis of student interest and demand. Permission of department required.

Spanish (SPAN) Course Descriptions

SPAN 1314 Elementary Spanish I

Prerequisite(s): None

Focus is on achieving beginning proficiency in Spanish, developing the skills of listening, speaking, reading, writing, viewing, and showing in the interpersonal, interpretive and presentational modes. Students learn to use and understand the language necessary for expressing basic needs, wants, and courtesies. Vocabulary and structures for meeting immediate survival needs are practiced. Students begin to gain insights into Hispanic cultural values and patterns of daily life. Not open to students with more than two years of high School Spanish or with proficiency level above Novice.

SPAN 1324 Elementary Spanish II

Prerequisite(s): SPAN 1314 or permission of the instructor.

The focus of this course is on elementary proficiency in Spanish, continuing to develop the skills of listening, speaking, reading, writing, viewing, and showing in the interpersonal, interpretive and presentational modes. Students learn to use and understand the language necessary for expressing basic needs, wants, and courtesies. Vocabulary and structures for meeting immediate survival needs are practiced. Students begin to gain insights into Hispanic cultural values and patterns of daily life.

SPAN 2314 Intermediate Spanish I

Prerequisite(s): SPAN 1324 or permission of the instructor.

The focus of this course is on intermediate proficiency in Spanish using the skills of listening, speaking, reading, writing, viewing, and showing in the interpersonal, interpretive and presentational modes. Students ask and answer questions on everyday topics, initiate and respond to simple statements, and maintain basic conversations. Students learn to comprehend utterances in areas of immediate need and in situations where context aids understanding. Students gain insights into culture and civilization through interactive activities and through discussions and readings in the language.

SPAN 2324 Intermediate Spanish II

Prerequisite(s): SPAN 2314 or permission of the instructor.

The focus of this course is on advanced proficiency in Spanish using the skills of listening, speaking, reading, writing, viewing, and showing in the interpersonal, interpretive and presentational modes. Students ask and answer questions on everyday topics, initiate and respond to simple statements, and maintain basic conversations. Students learn to comprehend utterances in areas of immediate need and in situations where context aids understanding. Students gain insights into culture and civilization through interactive activities and through discussions and readings in the language.

SPAN 3305 Individualized Spanish Proficiency

Prerequisite(s): SPAN 1314 and 1324

Focus is on increasing proficiency in Spanish using the skills of listening, speaking, reading, writing, viewing, and showing in the interpersonal, interpretive and presentational modes and on acquiring a more comprehensive knowledge and understanding of the cultures of the Spanish speaking world. Students develop individual language proficiencies while using Spanish to complete a series of projects where they make connections with other subject areas and participate in Spanish speaking communities. Not open to students with proficiency above Intermediate.

SPAN 3306 Individualized Spanish Proficiency

Prerequisite(s): SPAN 1314 and 1324

Focus is on increasing proficiency in Spanish using the skills of listening, speaking, reading, writing, viewing, and showing in the interpersonal, interpretive and presentational modes and on acquiring a more comprehensive knowledge and understanding of the cultures of the Spanish speaking world. Students develop individual language proficiencies while using Spanish to complete a series of projects where they make connections with other subject areas and participate in Spanish speaking communities. Not open to students with proficiency above Intermediate.

SPAN 3307 Individualized Spanish Proficiency

Prerequisite(s): SPAN 1314 and 1324

Focus is on increasing proficiency in Spanish using the skills of listening, speaking, reading, writing, viewing, and showing in the interpersonal, interpretive and presentational modes and on acquiring a more comprehensive knowledge and understanding of the cultures of the Spanish speaking world. Students develop individual language proficiencies while using Spanish to complete a series of projects where they make connections with other subject areas and participate in Spanish speaking communities. Not open to students with proficiency above Intermediate.

SPAN 3308 Business Spanish

Prerequisite(s): SPAN 1314, 1324, 2314, and 2324 or the equivalent (an intermediate knowledge of written and spoken Spanish).

Students develop the communication skills needed to succeed in a business environment where Spanish is spoken by studying the various forms of business communications, including Spanish-language business publications, letters, memos, reports, and resumes. They practice the interpersonal skills of negotiating, persuading, defending, and hypothesizing. They study the effects of culture and experience on perception. They increase their knowledge about the countries where Spanish is spoken.

SPAN 3314 Advanced Grammar

Prerequisite(s): SPAN 2314 and 2324 or the equivalent.

Focus is on increasing proficiency in Spanish using the skills of listening, speaking, reading, writing, viewing, and showing in the interpersonal, interpretive and presentational modes and on increasing knowledge of the cultures of Spain and the Spanish speaking world. Topics which may be included are literature, the arts, history, and work and leisure activities. Students review the grammar of Spanish as needed to increase proficiency.

SPAN 3321 Special Topics

Special Topics are determined by interested students with the approval of the Department Chair. Spanish-language literature in the United States, the contemporary Latin American short story and Spanish Golden Age comedia are examples of possible areas of interest.

SPAN 3324 Introduction to Hispanic Literature

Prerequisite(s): SPAN 2314 and 2324 or the equivalent.

Focus is on increasing proficiency in Spanish using the skills of listening, speaking, reading, writing, viewing, and showing in the interpersonal, interpretive and presentational modes and on developing cultural knowledge. Students increase their expertise in the analysis and interpretation of the literature of Spain and the Spanish speaking world.

SPAN 3335 Spanish Writing Workshop

Prerequisite(s): None

This course provides students with strategies to write fluently in Spanish. Techniques emphasize the steps of the writing process. Students use self-editing and peer collaboration to produce a portfolio of their work. (Offered also as EDBI 3335.)

SPAN 3345 Peninsular Literature

Prerequisite(s): None

Discussions, readings, and writing practices center on major historical periods and canonical authors from Spain, with a deep view toward preparation for the Spanish majors and minors. The course may include readings from classical texts such as Cervantes's *Don Quixote* and the selected poetry of Gustavo Adolfo Becker.

SPAN 3346 Latin-American Literature

Prerequisite(s): None

This course centers on the deep analysis of masterpieces of the literature of Latin America. The course may include selected texts from Nobel Prize literature laureats Gabriel Garcia Marquez, Mario Vargas Llosa and Pablo Neruda among other authors. The learning activities will highlight the significance of the Latin-American literary movement and the ongoing influence of these authors.

SPAN 3347 The Art of Translation

Prerequisite(s): None

The art of Translation is centered on discussions of the history and theory of literary translation and other written text; provides the student with the specific vocabulary and cultural insight to effectively interpret the message intended in translating Spanish/English or English/Spanish. Emphasis is on the practice of translating and the acquisition of specialized knowledge in translation.

SPAN 3348 Medical Spanish I: Communication and Culture

Prerequisite(s): SPAN 2324 or equivalent

This course is designed to provide the student with the specific vocabulary, structure, and cultural awareness to effectively communicate with the growing Spanish-speaking patients in an international medical setting. The knowledge and skills developed in this course will benefit future health care majors and minors by preparing them to adequately convey, produce, evaluate and mediate oral and written health messages in Spanish.

SPAN 3350 Spanish for Health Care Professionals

Prerequisite(s): None

This online course is a focused Spanish language and culture course designed to enhance effective communication between patients and their healthcare professional as related to their daily activities. The course emphasizes vocabulary with a focus on the healthcare environment. The course will highlight building the patient-practitioner relationship, understanding patient's symptoms, taking medical history, giving vital instructions, collecting medical information, etc. Oral proficiency is the primary goal of this course. There is no prerequisite knowledge of Spanish required for this class. This class does not count towards the SPAN major or minor. Students pursuing a SPAN major or minor should take SPAN 3348, *Medical Spanish I*.

SPAN 3360 Spain in the Americas

Prerequisite(s): SPAN 3314 or 3324

This course presents historical and cultural information about the three dominant cultures in South America at the time of the first encounter with Spain-the Mayas, Aztecs, and Incas-and the events and perspectives of that initial encounter between two worlds, as recorded by eyewitnesses. Course is taught in Spanish.

SPAN 3365 Don Quixote

Prerequisite(s): None

This course will cover the classic and first contemporary novel of the Spanish language, *Don Quixote*, by Miguel de Cervantes Saavedra. The course will facilitate the literary analysis and close reading of *Don Quixote*, selected plays and exemplary novels written by Cervantes. The course will highlight the relevance of *Don Quixote* and the artistic and cultural impact that *Don Quixote* continues to have in modern times.

SPAN 3370 Hispanic Literature

Prerequisite(s): ENGL 1313 and 1323

The study of major periods and masterworks of Hispanic literature, read and discussed in English. Introduces literary/cultural figures of medieval and early modern Spain (*El Cid*, *Don Quixote*, *Don Juan*); and includes major 20th-century writers, as well as literary movements that were propagated from Latin America to the rest of the literary world (e.g., magical realism). The course may be used to fulfill Smith College humanities/literature requirements but not to fulfill requirements for the Spanish/English major. (Offered also as ENGL 3370.)

SPAN 3372 Spanish Film Studies

Prerequisite(s): SPAN 1314, 1324, 2314, and 2324 or the equivalent (an intermediate knowledge of written and spoken Spanish).

Students view important films in Spanish from one or more major periods and Spanish speaking countries, study the role of the movie directors and actors, consider how the multi-media aspects of film affects them as viewers, and study the films as a record of cultural values and cultural change. Further development of language proficiency in understanding, speaking, reading, and writing is emphasized. Theme or topic may vary as determined by instructor and student interest.

SPAN 3374 Hispanic Popular Music

Prerequisite(s): None

Students study the text of lyrics to important Hispanic popular music. They analyze the structure and various levels of meaning and learn to recognize the literary complexity. Students are introduced to the music that accompanies the lyrics. Vocabulary acquisition is emphasized. Class discussions and all written work will be in Spanish. At the end of the semester the students will be able to comprehend and appreciate the Spanish language in lyrics and have knowledge of the major musical trends and cultural traditions in Latin-American countries.

SPAN 3376 Hispanic Women Writers

Prerequisite(s): None

Students study significant literature by women writers in the form of narrative and poetry and explore the issues facing contemporary women. Discussions, readings, and writing practice center on major historical periods and authors, with a view toward preparation for the Spanish majors. Further development of language proficiency in understanding, speaking, reading, and writing is emphasized.

SPAN 3378 Hispanic Fantastic Literature

Prerequisite(s): SPAN 1314, 1324, 2314, 2324, 3314, 3324, or the equivalent.

Discussions, readings and writing practices center on masterpieces of the narrative of fantastic literature from Spain and Latin America. Students explore the emergence of magical realism in Latin America and the use of fantastic and supernatural elements. They also study the history, politics and culture of Hispanic countries to analyze the use of the fantastic elements in the text and compare societal conflicts of the present with those expressed in the readings. Further development of language

proficiency in understanding, speaking, reading and writing is emphasized.

SPAN 3380 Contemporary Drama

Prerequisite(s): Spanish 1314, 1324, 2314, 2324, 3314, and 3324 or the equivalent.

This course focuses on masterpieces of twentieth century dramatic texts from Spain and Latin American. The students dramatize the texts in class and interchange characters to do readings in a role-playing format. Deep literary analysis is an integral part of the course. Students learn to interpret the dramatic texts and understand the culture, history and politics of the time. The students compare societal conflicts embedded in the dramatic text with modern day troubles. The students will be exposed to audio and video of live theater performances. At the end of the class the students give a live theater performance of one of the plays.

SPAN 4305 Masterworks of Hispanic Literature and Culture

Prerequisite(s): None

Discussions, readings, and writing practices center on major historical periods and authors, with a view toward preparation for the Senior Seminars. Further development of language proficiency in understanding, speaking, reading, and writing is emphasized. Theme or topic may vary as determined by instructor and student interest. Don Quixote or Latin American short story are examples of possible topics.

SPAN 4306 Masterworks of Hispanic Literature and Culture

Prerequisite(s): None

Discussions, readings, and writing practices center on major historical periods and authors, with a view toward preparation for the Senior Seminars. Further development of language proficiency in understanding, speaking, reading, and writing is emphasized. Theme or topic may vary as determined by instructor and student interest. Don Quixote or Latin American short story are examples of possible topics.

SPAN 4307 Masterworks of Hispanic Literature and Culture

Prerequisite(s): None

Discussions, readings, and writing practices center on major historical periods and authors, with a view toward preparation for the Senior Seminars. Further development of language proficiency in understanding, speaking, reading, and writing is emphasized. Theme or topic may vary as determined by instructor and student interest. Don Quixote or Latin American short story are examples of possible topics.

SPAN 4324 Contemporary Spanish-American Literature

Prerequisite(s): None

A study of the selected works of the foremost contemporary Spanish-American writers.

SPAN 4343 Hispanic Cultural Perspectives

Prerequisite(s): None

A study of the major cultural aspects of Spanish speaking countries, with a special emphasis on literature, art, history, geography and cultural patterns. Not open to students with language proficiency below Intermediate High. (Offered also as EDBI 4343, 4344.)

SPAN 4344 Hispanic Cultural Perspectives

Prerequisite(s): None

A study of the major cultural aspects of Spanish speaking countries, with a special emphasis on literature, art, history, geography and cultural patterns. Not open to students with language proficiency below Intermediate High. (Offered also as EDBI 4343, 4344.)

SPAN 4385 Work Internship in Spanish

Prerequisite(s): SPAN 3314 or the equivalent.

Students use their oral and written proficiency in a supervised setting in (a) business or consulates, (b) health care, or (c) education or church work. To be eligible, students must be classified as a junior or senior, must be working towards a major in Spanish at Houston Baptist University, and must have at least a 3.0 QPA in Spanish. Interested students must take an oral proficiency test with a member of the Spanish faculty and receive a score of Intermediate High or higher. Students must also submit an application to the Intern Selection Committee at least one quarter in advance of the scheduled internship. If accepted by the committee, the applicant must also be interviewed and accepted by the supervisor in the internship setting.

SPAN 4386 Work Internship in Spanish

Prerequisite(s): SPAN 3314 or the equivalent.

Students use their oral and written proficiency in a supervised setting in (a) business or consulates, (b) health care, or (c) education or church work. To be eligible, students must be classified as a junior or senior, must be working towards a major in Spanish at Houston Baptist University, and must have at least a 3.0 QPA in Spanish. Interested students must take an oral proficiency test with a member of the Spanish faculty and receive a score of Intermediate High or higher. Students must also submit an application to the Intern Selection Committee at least one quarter in advance of the scheduled internship. If accepted by the committee, the applicant must also be interviewed and accepted by the supervisor in the internship setting.

SPAN 4387 Work Internship in Spanish

Prerequisite(s): SPAN 3314 or the equivalent.

Students use their oral and written proficiency in a supervised setting in (a) business or consulates, (b) health care, or (c) education or church work. To be eligible, students must be classified as a junior or senior, must be working towards a major in Spanish at Houston Baptist University, and must have at least a 3.0 QPA in Spanish. Interested students must take an oral proficiency test with a member of the Spanish faculty and receive a score of Intermediate High or higher. Students must also submit an application to the Intern Selection Committee at least one quarter in advance of the scheduled internship. If accepted by the committee, the applicant must also be interviewed and accepted by the supervisor in the internship setting.

Theatre (THEA) Course Descriptions

THEA 1100 Performance and Production

Prerequisite(s): None

In this laboratory course, students participate in a significant HBU theater production as a performer or assist in some other major aspect of theater production (e.g., scenery, lighting, design, stage crew, or directing). After auditions and assignments, the class is composed of the students in the College-produced play. This course may be taken up to six times. This course will be pass/fail.

Professional Writing (WRIT) Course Descriptions

WRIT 3121, 3221, 3321 Special Topics

Prerequisite(s): ENGL 1313 and 1323

Topics are determined by the needs and interests of students in the areas of advanced and specialized writing. They include topics not covered in creative or professional writing courses such as advanced creative writing, advanced rhetoric, advanced expository writing, advanced argumentative and persuasive writing, and writing for specific markets.

WRIT 3121, 3221, 3321 Special Topics

Prerequisite(s): ENGL 1313 and 1323

Topics are determined by the needs and interests of students in the areas of advanced and specialized writing. They include topics not covered in creative or professional writing courses such as advanced creative writing, advanced rhetoric, advanced expository writing, advanced argumentative and persuasive writing, and writing for specific markets.

WRIT 3303 Elements of Professional Writing

Prerequisite(s): ENGL 1313 and 1323

This course offers students an overview of different types of writing and the role writing plays in the modern work place. Students evaluate examples of professional writing and selections from mass media, identify fallacious reasoning, use and recognize correct grammatical usage, write and revise a variety of papers. Each student compiles a portfolio representing his or her best work. Each student also interviews a person who writes on the job. NOTE: Students may select this course for credit towards the Professional Writing Specialization in Technical Writing or Rhetoric, and for elective credit towards the Professional Writing Specialization in Creative Writing.

WRIT 3121, 3221, 3321 Special Topics

Prerequisite(s): ENGL 1320 and 1330

Topics are determined by the needs and interests of students in the areas of advanced and specialized writing. They include topics not covered in creative or professional writing courses such as advanced creative writing, advanced rhetoric, advanced expository writing, advanced argumentative and persuasive writing, and writing for specific markets.

WRIT 3334 Life Writing

Prerequisite(s): ENGL 1313 and 1323

An introduction to the writing of personal history. Students read individual journals, autobiography and autobiographical fiction by a variety of authors from different time periods and of different nationalities, genders, and races. In their own expository writing students incorporate advanced techniques in the areas of description, narration, and analysis and compile a collection of their best works. Students may select this course for elective credit towards the Professional Writing Specialization in Creative Writing and in Rhetoric.

WRIT 3345 Technical Writing

Prerequisite(s): ENGL 1313 and 1323

This course trains students to write effectively in the modern workplace. Students study audience analysis, document design, graphics and web design. They apply what they have learned by creating a variety of written documents, including email messages, memos, letter, resumes, and reports. Some group work is required as students need to practice collaborative writing and peer review. Students may select this course for credit towards the Professional Writing Specialization in Technical Writing and for elective credit towards the Professional Writing Specialization in Creative Writing.

WRIT 3350 Creative Writing Non-Fiction

Prerequisite(s): ENGL 1313 and 1323

This course explores non-fiction prose and its rhetorical elements. Students both read and write creative non-fiction, compiling a reading journal and a writing portfolio of their own essays.

WRIT 3354 Creative Writing - Poetry

Prerequisite(s): ENGL 1320 and 1330

An introduction to poetry writing, accomplished through the study and analysis of reputable literary models, followed by production of original poems and discussion of those poems in a workshop format. Note: WRIT 3354 fulfills Smith College credit under Humanities and may be used for the Professional Writing Specialization.

WRIT 3355 Creative Writing - Fiction

Prerequisite(s): ENGL 1313 and 1323

An introduction to fiction writing, accomplished through the study and analysis of reputable literary models, followed by production of original short stories and discussion of those stories in a workshop format. Note: WRIT 3355 fulfills Smith College credit under Humanities and may be used toward the Professional Writing Specialization.

WRIT 3356 Playwriting and Screenwriting

Prerequisite(s): ENGL 1320 and 1330

An introduction to writing for the stage and screen, accomplished through the study and analysis of appropriate models, followed by production of original works and discussion of those works in a workshop format. NOTE: WRIT 3356 fulfills Smith College credit under Humanities. Students may also select this course for credit toward the Professional Writing Specialization, the Writing Major, or the English Major.

WRIT 3381 Special Topics

For course description and prerequisites for this course, please [contact the Dean of the School of Fine Arts.](#)

WRIT 3383 Advanced Grammar and Writing

Prerequisite(s): ENGL 1313 and 1323

The course includes an overview of the history of the English language. It emphasizes descriptive grammar using sentence diagramming and analysis. The course includes the in-depth study of construction, forms, and usage of words, phrases, clauses, and sentences. Required for teacher certification in Language Arts grades 4-8 and 8-12.

WRIT 4101, 4201, 4301 Writing Internship

Prerequisite(s): ENGL 1313 and 1323, at least 3 hours from WRIT 3303 or 3345, at least a 3.0 GPA in English, an application, and two letters of recommendation to the Intern Selection Committee at least one semester in advance.

Students who excel in English may also enroll at the discretion of the Director of the Writing Specialization Program. This course provides students the opportunity to apply the principles of effective and correct written and oral communication in a professional or academic environment. Students will design, write and edit various documents while working in an approved position on or off campus. Students must complete 40 hours per credit hour.

WRIT 4101, 4201, 4301 Writing Internship

Prerequisite(s): ENGL 1313 and 1323, at least 3 hours from WRIT 3303 or 3345; a 3.0 GPA in English, an application, and two letters of recommendation to the Intern Selection Committee at least one semester in advance.

Students who excel in English may also enroll at the discretion of the Director of the Writing Specialization Program. This course provides students the opportunity to apply the principles of effective and correct written and oral communication in a professional or academic environment. Students will design, write and edit various documents while working in an approved position on or off campus. Students must complete 40 hours per credit hour.

WRIT 4281 Special Topics

For course description and prerequisites for this course, please [contact the Dean of the School of Fine Arts.](#)

WRIT 4101, 4201, 4301 Writing Internship

Prerequisite(s): ENGL 1313 and 1323; at least 3 hours from WRIT 3303 or 3345; at least a 3.0 GPA in English, an application, and two letters of recommendation to the Intern Selection Committee at least one semester in advance.

Students who excel in English may also enroll at the discretion of the Director of the Writing Specialization Program. This course provides students the opportunity to apply the principles of effective and correct written and oral communication in a professional or academic environment. Students will design, write and edit various documents while working in an approved position on or off campus. Students must complete 40 hours per credit hour.

WRIT 4353, 4354, 4355, 4356, 4357, 4358 Advanced Creative Writing Workshop

Prerequisite(s): ENGL 1313 and 1323

These courses are designed for advanced students of creative writing and will stress individual instruction and work on creative manuscripts such as a collection of poems or short stories, a novel or full-length play, screenplays, and radio and television scripts. NOTE: WRIT 4353, 4354, 4355, 4356, 4357, and 4358 do not satisfy requirements for the English major.

WRIT 4353, 4354, 4355, 4356, 4357, 4358 Advanced Creative Writing Workshop

Prerequisite(s): ENGL 1313 and 1323

These courses are designed for advanced students of creative writing and will stress individual instruction and work on creative manuscripts such as a collection of poems or short stories, a novel or full-length play, screenplays, and radio and television

scripts. NOTE: WRIT 4353, 4354, 4355, 4356, 4357, and 4358 do not satisfy requirements for the English major.

WRIT 4353, 4354, 4355, 4356, 4357, 4358 Advanced Creative Writing Workshop

Prerequisite(s): ENGL 1313 and 1323

These courses are designed for advanced students of creative writing and will stress individual instruction and work on creative manuscripts such as a collection of poems or short stories, a novel or full-length play, screenplays, and radio and television scripts. NOTE: WRIT 4353, 4354, 4355, 4356, 4357, and 4358 do not satisfy requirements for the English major.

WRIT 4353, 4354, 4355, 4356, 4357, 4358 Advanced Creative Writing Workshop

Prerequisite(s): ENGL 1313 and 1323

These courses are designed for advanced students of creative writing and will stress individual instruction and work on creative manuscripts such as a collection of poems or short stories, a novel or full-length play, screenplays, and radio and television scripts. NOTE: WRIT 4353, 4354, 4355, 4356, 4357, and 4358 do not satisfy requirements for the English major.

WRIT 4353, 4354, 4355, 4356, 4357, 4358 Advanced Creative Writing Workshop

Prerequisite(s): ENGL 1313 and 1323

These courses are designed for advanced students of creative writing and will stress individual instruction and work on creative manuscripts such as a collection of poems or short stories, a novel or full-length play, screenplays, and radio and television scripts. NOTE: WRIT 4353, 4354, 4355, 4356, 4357, and 4358 do not satisfy requirements for the English major.

WRIT 4358 Advanced Creative Writing Workshop

Prerequisite(s): ENGL 1313 and 1323

These courses are designed for advanced students of creative writing and will stress individual instruction and work on creative manuscripts such as a collection of poems or short stories, a novel or full-length play, screenplays, and radio and television scripts. NOTE: WRIT 4358 does not satisfy requirements for the English major.

WRIT 4364 Advanced Poetry Writing

Prerequisite(s): WRIT 3354 or 3355, or permission of the instructor.

This advanced poetry writing course is designed to build upon the groundwork established in WRIT 3354. Class time is spent in the analysis of models - works from the tradition and more recent works in experimental veins - and intensive discussion of student poems. Students may select this course for credit toward the Professional Writing Specialization.

WRIT 4365 Advanced Fiction Writing

Prerequisite(s): ENGL 1313 and 1323

This advanced fiction writing course is designed to build upon the groundwork established in WRIT 3355. Class time is spent in the analysis of models - works from the tradition and more recent work in experimental veins - and intensive discussion of student short stories or chapters from novels or novellas. Students may select this course for credit toward the Professional Writing Specialization.

WRIT 4370 Grant Writing

Prerequisite(s): ENGL 1313 and 1323

This course examines the conventions for researching and writing grant proposals, specifically for educational and non-profit organizations.

WRIT 4373 The Critical Essay and Review Writing

Prerequisite(s): ENGL 1320 and 1330

An examination of the basic elements of the critical essay, the review essay, the review, and the short notice.

WRIT 4374 Rhetoric for Professional and Technical Writers

Prerequisite(s): ENGL 1313 and 1323

This course provides students with an overview of classical and modern rhetoric from ancient Greece to the 20th century, with an emphasis on written documents. Students will read excerpts from the writings of Plato, Aristotle, Cicero, Quintilian, Descartes, Locke, Hume, Kant, Bakhtin, Wittgenstein, Lyotard, and others. Students will also analyze professional and technical documents in light of classical and contemporary rhetorical theories. Students may select this course for credit towards the Professional Writing Specialization in Technical Writing or Rhetoric, and for elective credit towards the Professional Writing Specialization in Creative Writing.

WRIT 4376 Promotional and Persuasive Writing

Prerequisite(s): ENGL 1313 and 1323

This course provides students with an introduction to and an overview of persuasive and promotional writing. Students will read, analyze, and produce several types of persuasive and promotional documents in the following categories: proposal writing, political writing, non-profit/fundraising writing, religious writing, and sales/promotional writing. Students may select this course for credit towards the Professional Writing Specialization in Technical Writing or Rhetoric, and for elective credit towards the Professional Writing Specialization in Creative Writing.

WRIT 4381 Special Topics

For course description and prerequisites for this course, please [contact the Dean of the School of Fine Arts](#).

WRIT 4391 Senior Seminar: Creative Writing in Poetry

Prerequisite(s): WRIT 3354 or permission of the instructor.

This seminar is designed to build upon the groundwork established in WRIT 3354. Class time is spent in the analysis of model-works from the tradition and more recent works in experimental veins--and intensive discussion of student poems. Students also present and monitor their progress on the research project and share final results with the class.

WRIT 4392 Senior Seminar: Creative Writing in Fiction

Prerequisite(s): WRIT 3355 or permission of the instructor.

This seminar is designed to build upon the groundwork established in WRIT 3355. Class time is spent in the analysis of models-works from the tradition and more recent works in experimental veins--and intensive discussion of student short stories or chapters from novels or novellas. Students also present and monitor their progress on the research project and share final results with the class.

Deans of the Colleges & Schools

Blackwell, Ben, PhD

Interim Dean, School of Christian Thought; Assistant Professor of Christianity; Director, Master of Arts in Theological Studies

- BA, Accounting, Ouachita Baptist University
- BA, Biblical Languages, Ouachita Baptist University
- MBA, Henderson State University
- ThM, Historical Theology and Pastoral Ministries, Dallas Theological Seminary
- PhD, New Testament and Historical Theology, Durham University (England)

Green, Jeffrey, PhD

Interim Associate Dean, The Graduate School; Assistant Professor of Philosophy; Director, Institute of Christianity and Scholarship

- BA, History and Philosophy, Southern Methodist University
- MA, Philosophy, University of Notre Dame
- PhD, Philosophy, University of Notre Dame

Hammons, Christopher, PhD

Dean, School of Humanities; Professor of Government

- BA, Government, University of Texas at Austin
- MA, Political Science, University of Houston
- PhD, Political Science, University of Houston

Hinze, Jodey, JD

Dean, Smith College of Liberal Arts; Assistant Professor of Business

- BA, Criswell College
- MA, Philosophical Theology, summa cum laude, Criswell College
- JD, University of Houston Law Center

Lester, Jason, DM

Interim Dean, School of Fine Arts; Chair, Department of Music; Associate Professor of Music

- BME, Voice, Baylor University
- MM, Vocal Performance, University of Cincinnati College-Conservatory of Music
- DM, Vocal Performance, Florida State University

McGaughey, Carol, EdD

Acting Dean, College of Education and Behavioral Sciences; Chair, Department of Special Populations; Professor of Education; Teacher Certification Officer; Director, Post Baccalaureate Program

- BS, Education, Illinois State University
- MEd, Education, Counseling and Guidance, University of Miami
- EdD, Curriculum and Instruction, Technology in the Classroom, Baylor University

Schumann, Renae, PhD, RN

Dean, School of Nursing and Allied Health; Professor of Nursing; John S. Dunn Professorship in Nursing

- BS, Nursing, The University of Texas Health Science Center at Houston School of Nursing
- MS, Nursing, The University of Texas Health Science Center at Houston School of Nursing

- PhD, Nursing Science, Texas Woman's University

Simpson, Cynthia, PhD

Interim Provost; Dean, The Graduate School; Professor of Education

- BS, Interdisciplinary Studies, Elementary Education, Texas State University

Professor of Marketing

- BBA, Advertising, Texas Technological College
- MBA, Marketing, Texas Tech University
- DBA, Marketing, Texas Tech University

Brownlee, Avin, PhD

Professor of Biology

- BS, Biology, West Texas State University
- MCS, Biology and Chemistry, University of Mississippi
- PhD, Biology, University of Mississippi

Busby, James, MFA

Associate Professor of Art; Artist-in-Residence

- BA, Art, Sam Houston State University
- MA, Art, New Mexico Highlands University

Busch, Steven, EdD

Associate Professor of Education

- BS Ed, Biology and Psychology, Texas State University
- MEd, Administration, Stephen F. Austin State University
- EdD, Administration and Supervision, The University of Houston

Bush, Robert, PhD

Associate Dean, Archie W. Dunham College of Business; Professor of Marketing

- BA, Psychology, Saint Mary's University
- MS, Marketing, Louisiana State University
- PhD, Business, Louisiana State University

Busiek, Kaye, EdD

Assistant Professor of Education

- BA, Houston Baptist University
- MEd, Arizona State University
- EdD, Curriculum and Instruction, Northern Arizona University

Bussell, Valerie, PhD

Associate Professor of Psychology

- BS, Art Education, TX all level certification, University of Houston
- MA, Social Psychology, University of Houston
- PhD, Social Psychology, University of Houston

Cajas, Edgar, PhD

Associate Professor of Music

- BS, Universidad de San Carlos de Guatemala

- MCM, Church Music, Southwestern Baptist Theological Seminary
- MM, Piano Performance, Southwestern Baptist Theological Seminary
- PhD Music Education, University of Oklahoma

Carroll-Davis, Lisa, PhD

Assistant Professor of Latin American Studies

- BA, Spanish and French, Houghton College
- MRes, European Languages and Cultures, University of Exeter
- PhD, Modern Languages, University of Southampton

Casebier, K. Diane, MLS

Assistant Professor of Library Science

- BA, Communication, University of Texas at Arlington
- MLS, University of North Texas-Denton

Clardy, Ellen, PhD

Assistant Professor of Economics

- BA, Economics, Trinity University
- MA, Economics, Rice University
- PhD, Economics, Rice University

Claycomb, James, PhD

Associate Professor of Physics

- BS, Physics University of Houston
- MS, Physics University of Houston
- PhD, Physics University of Houston

Collins, Michael, MFA

Professor of Art; Artist-in-Residence

- BFA, Art, University of Houston
- MFA, Art-Painting, Southern Methodist University

Cox, Donna, RN, MS

Assistant Professor of Nursing

- BA, Nursing, McKendree College, Lebanon, Illinois
- MS, Community Health Nursing, State University of New York at Binghamton
- Additional studies at Frontier School of Midwifery and Family Health and Case Western University

Craig, William Lane, PhD, DTheol, DLitt

Professor of Philosophy

- BA, Communications, Wheaton College
- MA, Philosophy of Religion, Trinity Evangelical Divinity School
- MA, Church History, Trinity Evangelical Divinity School
- PhD, Philosophy, University of Birmingham, England
- DTheol, Universität München, Germany

Crider, Bonita, MLS

Assistant Professor of Library Science

- BA, Radio and Television, University of Houston
- MLS (Masters of Library Science), University of North Texas

Czopik, Agnieszka, PhD

Assistant Professor of Biology

- BS, Biology and Chemistry, Connecticut University
- BS, Molecular, Cellular and Developmental Biology, Yale University
- MA and MPH, Molecular, Cellular and Developmental Biology, Yale University

Davis, David, PhD

Assistant Professor of History; Director, Master of Liberal Arts

- BGS, University of Texas - Tyler
- MA, Cardiff University
- PhD, University of Exeter

Davis, Kristen, MA

Assistant Professor of Apologetics

- BS, Religion in Biblical Studies, Liberty University
- MA, Christian Apologetics, Biola University

Delaquis, Esther, MFA

Assistant Professor of Art

- BFA, Painting, Kwame Nkrumah University of Science and Technology, Ghana. West Africa
- MFA, Painting, Texas Tech University, Lubbock, Texas

Dixon, Rosemary, RN, MSN

Testing Coordinator, SoNAH

- BSN, University of the Incarnate Word in San Antonio, TX
- MSN, University of Texas Health Science Center in Houston, TX

Dominguez, Patricia, RN, MSN

Assistant Professor of Nursing

- PhD, Political Science, University of Houston

Hartenburg, Gary, PhD

Director of the Honors College; Assistant Professor of Philosophy

- BA, Bible and Theology, Moody Bible Institute
- MA, Philosophy of Religion and Ethics, Biola University
- MA, Philosophy, University of California–Irvine
- PhD, Philosophy, University of California–Irvine

Hatchett, Randy, PhD

Professor of Christianity

- BA, Religion and Philosophy, Dallas Baptist College
- MDiv, Southwestern Baptist Theological Seminary
- PhD, Philosophy of Religion at Southwestern Baptist Theological Seminary

Hawley, Darby, PhD

Assistant Professor of Psychology

- BA, Biopsychology, Randolph-Macon College
- MA, Development and Cognitive Neuroscience, University of Houston
- PhD, Development and Cognitive Neuroscience, University of Houston

Hayrapetyan, Levon, PhD

Chair, Department of Management, Marketing, and Business; Professor of Business

- BS, Applied Mathematics, Yerevan State University, Armenia
- MS, Applied Mathematics, Yerevan State University, Armenia
- PhD, Computer Science, Kiev State University, Ukraine.

Hemati, Russell, PhD

Chair, Department of Philosophy; Assistant Professor of Philosophy

- BA, Philosophy, Dallas Baptist University
- MA, Philosophy, Baylor University
- PhD, Philosophy, Baylor University

Henderson, Curtis, PhD

Associate Professor of Biology

- BS, Biology and Chemistry, Howard Payne University
- PhD, Biology, Texas Tech University

Hinze, Jodey, JD

Dean, Smith College of Liberal Arts; Assistant Professor of Business

- BA, Criswell College
- MA, Philosophical Theology, summa cum laude, Criswell College
- DJ, University of Houston Law Center

Hittinger, John P., PhD

Distinguished Research Professor in Philosophy

- BA, Philosophy, University of Notre Dame
- MA, Philosophy, The Catholic University of America
- PhD, Philosophy, The Catholic University of America

Holcomb, Trae

Associate Professor of Mathematics

- BS, Computer Science, Texas State University
- MS, Applied Mathematics, University of Colorado
- PhD, Mathematics, Texas A&M University

Horn, Jacqueline Peltier, PhD

Chair, Department of Biology; Professor of Biology; Athletics Certification Officer

- AS, Sciences, Alvin Community College
- BS, Biochemistry, Texas A&M University, College Station, Texas
- PhD, Biomedical Sciences, University of Texas Graduate School of Biomedical Sciences

Johnson, Garret, MFA

Assistant Professor of Writing and Mass Communication; Faculty Advisor, The Collegian

- BA, English, University of Houston
- MFA, Creative Writing, University of Houston

Johnston, Cristie Jo, DMin

Professor of Theology

- Formal registration and completing writer's conference in June 2015 in pursuit of PhD from University of Bristol, United Kingdom.
- Advanced Biblical Studies, Liberty University
- BA, Biblical Studies, Midwestern Baptist College
- MDiv, Christian Education, Midwestern Baptist Seminary
- DMin, Theology, Acadia University-Acadia Divinity College, Nova Scotia, Canada

Johnston, Jeremiah J., PhD

Associate Professor of Early Christianity; Special Assistant to the President; President, Christian Thinkers Society

- Visiting PhD Scholars Program – Yale Divinity School, Yale University
- BA, Biblical Studies, Midwestern Baptist College
- MDiv, Midwestern Baptist Theological Seminary

Johnston, Jerome, DMin

Professor of Theology; Vice President for Advancement. Innovative and Strategic Marketing

- Honorary DD, Liberty Baptist Theological Seminary
- BA, Midwestern Baptist College, conferred with Honors
- MDiv, Midwestern Baptist Theological Seminary, conferred with Highest Honors
- DMin, Acadia Divinity College

Jones, Steven L., PhD

Chair, Department of Classics and Biblical Languages; Director, Master of Arts in Biblical Languages; Assistant Professor of Classics

- BA, Greek/Latin, Baylor University
- MA, Greek, Latin, and Classical Studies, Bryn Mawr College
- PhD, Classics, The University of Texas at Austin

Joseph, Anthony, PhD

Professor of History

- BA, Plan II Honors Program, University of Texas at Austin
- PhD, History, Princeton University

Kennedy, Tom, EdD

Associate Professor of Psychology

- MDiv, Theology, Southwestern Baptist Theological Seminary
- MRE, Counseling, Southwestern Baptist Theological Seminary
- EdD, Counseling, Texas Tech University

Kirkwood, David, DMA

Assistant Professor Music

- BM, Vocal Performance, Biola University
- MM, Voice Performance, Peabody Institute of Music of The Johns Hopkins University
- DMA, Vocal Arts, University of Southern California (ABD)

Kohut, Emily, MEd

Athletic Training Coordinator

- BS, Athletic Training, California University of Pennsylvania
- MEd, Allied Health Education and Administration, University of Houston

Kramlich, Daniel L., DMA

Professor of Music

- BA, Piano Performance, Lebanon Valley College
- MM, Music Theory, Indiana University
- DMA, Composition, University of Houston
- PhD, Music Theory, Indiana University

Kreft, Laura, MFA

Assistant Professor of Art; Director, Fine Arts Museum

- BS, Visual Communications, Institute of Design, Illinois Institute of Technology, Chicago, Illinois
- MFA, Printmaking and Photography, University of Houston

Lester, Jason, DM

Interim Dean, School of Fine Arts; Chair, Department of Music; Associate Professor of Music

- BME, Voice, Baylor University
- MM, Vocal Performance, University of Cincinnati College - Conservatory of Music
- DM, Vocal Performance, Florida State University

Lewis, Jr., Paul W., PhD

Assistant Professor of Mathematics

- BS, Mathematics, University of Tennessee
- PhD, Mathematics, University of Tennessee

Liang, Ernest, PhD

Associate Professor of Finance; Director, Center for Christianity in Business

- MBA, PhD, The University of Chicago

Licona, Mike, PhD

Associate Professor of Theology

- MA, Religious Studies, Liberty University
- PhD, New Testament Studies, University of Pretoria

Llizo, Robert, PhD

Associate Professor of History

- BA, History, Biola University
- MA, History (Medieval and Renaissance), California State University
- PhD, History (Medieval and Early Modern Studies), Claremont Graduate School

Luketich, Sharon, RN, MSN, CNE

Chair, Department of Nursing; Assistant Professor of Nursing; John S. Dunn and Jerome L. Howard Professorship of Excellence in Clinical Nursing Practice

- BS, Nursing, University of Texas Medical Branch
- MS, Nursing, University of Texas at Tyler

Luo, Yongli, PhD

Assistant Professor of Finance

- BS, International Business, Chongqing University, China
- MS, Management, Chinese Academy of Sciences
- PhD, Finance, University of Texas- Pan American

Mark, Steven, PhD

Associate Professor of Accounting

- BA, Accounting, University of South Florida
- MA, Secondary Business and Vocational Education, University of South Florida
- PhD, Higher Education Administration and Supervision, Bowling Green State University

Markos, Louis, PhD

Professor of English; Robert H. Ray Chair of Humanities; Scholar-in-Residence

- BA, English and History, Colgate University (Hamilton, NY)
- MA and PhD, English, University of Michigan (Ann Arbor, MI)

Marshall, Phillip, PhD

Assistant Professor of Theology

- Undergraduate Studies, Russian Language, Linguistics, and Soviet Politics, Georgetown University
- BA, Biblical Studies, The Master's College

- PhD, Old Testament Studies, The Southern Baptist Theological Seminary

Maston, Jason, PhD

Chair, Department of Theology; Assistant Professor of Theology; Director, Center for Exploring Ministry Careers

- BA, Biblical Studies, Southwest Baptist University
- MATH, Southwestern Baptist Theological Seminary
- PhD, New Testament, Durham University, UK

Mater, Marie A., PhD

Associate Professor of Speech Communication

- BA, Communication Studies & Political Science, Washburn University
- MA, Rhetorical Studies, University of Iowa
- PhD, Sociology, University College Cork-National University of Ireland

Mattix, Micah, PhD

Assistant Professor of Literature

- BA, Economics, North Carolina State University
- MA, English, North Carolina State University
- Dr. des lettres. English, University of Fribourg

McGaughey, Carol, EdD

Acting Dean; Chair, Department of Special Populations; Professor of Education; Teacher Certification Officer; Director, Post Baccalaureate Program

- BS, Education, Illinois State University
- MEd, Education, Counseling and Guidance, University of Miami
- EdD, Curriculum and Instruction, Technology in the Classroom, Baylor University

McNeil, Cheryl, RN, MSN, MBA

Assistant Professor of Nursing

- ADN, Eastern Kentucky University
- BSN, UT Health Science Center, Houston
- MBA, Houston Baptist University
- MSN (Leadership), Regis University, CO

Mittelberg, Mark, MA (Colorado)

Assistant Professor of Christian Thought; Executive Director, Center for American Evangelism

- BS, Business Management, Minot State University, (summa cum laude)
- MA, Philosophy of Religion, Trinity Evangelical Divinity School (magna cum laude)

Molzberger, Hans, MFA

Assistant Professor of Art

- BFA equivalency for professional art activities in Germany.
- MFA, Houston Baptist University

Moore, Brenda, RN, PhD

Assistant Professor of Nursing

- ASN, Houston Community College
- BSN, University of Alabama
- MSN, Michigan State University
- PhD, University of Nevada

Moore, Patrick, MM

Assistant Professor of Music; Director of Bands; Director of Instrumental Studies

- BM, University of Arkansas
- MM, Texas Tech University

Morrison, Heather, MAT

Assistant Professor of Kinesiology; Wellness Management Internship Coordinator

- BS, Athletic Training and Physical Education, University of West Alabama
- MAT, Physical Education and Exercise Science, University of West Alabama

Nation, Philip W. II, DMin

Assistant Professor, Leadership and Biblical Studies

- BA, Samford University
- MDiv, Beeson Divinity School, Samford University
- DMin, Southeastern Baptist Theological Seminary

Neill, Jeremy, PhD

Assistant Professor of Philosophy

- BA in English and Philosophy, Wheaton College (IL)
- PhD in Philosophy, Saint Louis University

Nero, Renata, PhD

Chair, Department of Psychology; Professor of Psychology; Director, Graduate Studies in Psychology; Sharon Burrows Professor in School Counseling

- BA, Psychology, Fisk University
- MA, Afro-American Studies, University of California at Los Angeles
- MS, PhD, Clinical Psychology, University of Massachusetts at Amherst

Noble, Ann, MLS

Director, Moody Library; Professor of Library Science

- BA, History, Baylor University
- MLS, University of Texas, Austin

Ordway, Holly, PhD

Professor of English; Director, Master of Arts in Apologetics

- BA, English, University of Massachusetts Amherst
- MA, English, University of North Carolina at Chapel Hill
- MA, Christian Apologetics, Biola University
- PhD, English, University of Massachusetts Amherst

Osterloh, Mary, PhD

Assistant Professor of Chemistry

- BA, Chemistry, University of Michigan
- PhD, Organic Chemistry, University of Texas - Austin

Owusu-Ansah, Stephen, PhD

Chair, Department of Accounting, Economics, and Finance; Professor of Accounting

- BS, Administration (Accounting Major), University of Ghana, Legon
- MS, Project Analysis, Finance and Investment, The University of York, UK
- PhD, Accounting, Middlesex University, London, UK

Painter, Jared, PhD

Assistant Professor of Mathematics

- BS, Mathematics, University of Texas at Tyler
- MS, Mathematics, University of Texas at Tyler
- PhD, Mathematics, University of Texas at Arlington

Pearcey, Nancy, MA

Professor of Apologetics; Scholar-in-Residence

- BA, Iowa State University
- MA, Biblical Studies, Covenant Theological Seminary, St. Louis
- Additional study at the Institute for Christian Studies, Toronto

Poole, Garry, BA

Assistant Professor of Christian Thought; Director, Center for American Evangelism

- BA, Mathematics & Psychology, Indiana University

Potter, Evelyn, PhD

Chair, Department of Mathematics; Assistant Professor of Mathematics

- BS, Mathematics, Texas Lutheran University
- MS, Mathematics, Iowa State University
- PhD, Applied Mathematics, Iowa State University

Priest, Susan, MSN, RN, CNS

Assistant Professor of Nursing; RN to BSN Coordinator

- BSN, University of Texas Health Science Center
- MSN, University of Texas Health Science Center

Quiros, Ana, PhD

Assistant Professor of Education

- BS, Biology and Chemistry, University of Houston
- MEd, Bilingual/ESL Education, Texas A&M University
- PhD, Educational Psychology, Texas A&M University
- Certificate, Respiratory Therapy, University of Texas Health Center

Reed, Dianne, EdD

Professor of Education; Director, EdD Program

- BS, Education, Prairie View A&M University
- MA, Education, Prairie View A&M University
- EdD, Education, Texas A&M University

Rexilius, Ronald J., PhD

Assistant Provost; Chair, Department of History and Great Texts; Associate Professor of History

- BA, History, Crown College
- MA, History, University of Nebraska-Lincoln
- PhD, History, University of Nebraska-Lincoln

Reveles, Kathryn, PhD, DNP, PNP

Associate Professor of Nursing

- BSN, University of Texas - El Paso
- MSN, University of Texas - El Paso
- Post-MSN Certificate, University of Texas, Medical Branch
- DNP, Rocky Mountain University of Health Professions
- PhD, Nursing, Stephen F. Austin University

Riley, Dean, MALS

Professor of Library Science

- BME, University of Texas at San Antonio
- MA, Southwestern Baptist Theological Seminary
- MALS, University of Missouri-Columbia

Robinson, Sammie, PhD

Assistant Professor of Management

- BBA, Southwestern University
- MBA, Southern Methodist University
- PhD, Business Administration, The University of Kansas

Rosato, Michael J., EdD

Associate Provost for Academic Affairs; Professor of Education, College of Education and Behavioral Sciences

- BA, History, Carson-Newman University
- MEd, Teaching Methods, Texas Wesleyan University
- EdD, Higher Education, Indiana University, Bloomington, Indiana

Russell, Brett, MS ATC

Instructor of Kinesiology

- BS, Biology, Oklahoma Christian University
- MS, Athletic Training, Stephen F. Austin State University

Savannah, Kari Jo, PhD

Assistant Professor of Biology

- BS, Chemistry, Hillsdale College
- PhD, Biochemistry and Biomedical Sciences, UT Health Science Center - Houston and MD Anderson Cancer Center

Schneider, Susan, RN, MSN

Assistant Professor of Nursing

- BSN, Mankato State University - Mankato, MN
- MSN, University of Texas, El Paso

Schumann, Renae, PhD, RN

Dean, School of Nursing and Allied Health; Professor of Nursing; John S. Dunn Professorship in Nursing

- BS, Nursing, The University of Texas Health Science Center at Houston School of Nursing
- MS, Nursing, The University of Texas Health Science Center at Houston School of Nursing
- PhD, Nursing Science, Texas Woman's University

Sharp, Mary Jo, MA

Assistant Professor of Apologetics; External Networking Apologist

- BME, University of Oklahoma
- MA, Apologetics, Biola University

Studer, Kylee J., PhD

Assistant Professor of Kinesiology

- BS, Health and Sports Studies, Miami University
- MA, Sport and Exercise Humanities, The Ohio State University
- PhD, Sport and Exercise Humanities, The Ohio State University

Sikora, Joshua, MFA

Chair, Department of Journalism and Mass Communication, Creative Writing, and Theater; Assistant Professor, Cinema and New Media Arts

- BA, Film / Television / Radio, Biola University
- MFA, Studio Art, Houston Baptist University, in progress

Simpson, Cynthia, PhD

Interim Provost; Dean of the Graduate School; Professor of Education

- BS, Interdisciplinary Studies, Elementary Education, Texas State University
- MEd, Elementary Education, emphasis in Special Education and Diagnostics, Sam Houston State University
- PhD, Educational Human Resource Development, Texas A&M University

Sloan, Jr., Robert B., PhD

University President; Professor of Theology

Snell, Micah, MDiv

Instructor of English

- BA, Humanities (Magna Cum Laude), Biola University
- PBC, Classics, University of California Los Angeles

- PhD, Theology, University of St. Andrews

TenNapel, Doug, MA

Professor of Cinema and New Media Arts; Film Maker-in-Residence

- BFA in Fine Art / Illustration, Point Loma Nazarene University
- MA in Art, California State University

Towery, Robert, PhD

Professor of Chemistry; Faculty Athletics Representative

- BS, Chemistry, Belhaven College
- PhD, Analytical Chemistry, The University of Southern Mississippi

Travis, Melissa, MA

Assistant Professor of Apologetics

- BS, Biology, Campbell University
- MA, Science and Religion, Biola University

Trevino, Elizabeth (Polly), PhD

Assistant Professor of Education; Director, Online Programs CoEBS

- BA, English, Texas A&M University
- MEd, Educational Psychology, emphasis in Bilingual Education, Texas A&M University
- PhD, Educational Psychology, emphasis in Bilingual Education, Texas A&M University

Trevino, Saul, PhD

Associate Professor of Chemistry

- BS, Biochemistry, Texas A&M University
- PhD, Medical Sciences, Texas A&M University

Tyler, Jr., John O., PhD

Associate Professor of Government

- BA, Philosophy, *Summa Cum Laude*, Texas A&M University
- JD, Law, SMU Law School
- PhD, Philosophy, Texas A&M University

Upton, Stacey, RN, MSN

Assistant Professor of Nursing; Clinical Placement Coordinator

- BSN, University of Texas at Austin
- MSN, Texas Woman's University, Houston, TX

Van Caemelbecke, Eric, PhD

Professor of Chemistry

- BS, l'Ecole Nationale Supérieure de Chimie et Physique de Bordeaux, France (engineering School)
- PhD, Chemistry, The University of Houston

Walls, Jerry, PhD

Professor of Philosophy; Scholar-in-Residence

- BA, Religion and Philosophy, Houghton College
- MDiv, Princeton Seminary
- STM, Yale Divinity School
- PhD, Philosophy, Notre Dame

Ward, Michael, PhD

Professor of Apologetics; Director, C.S. Lewis Centre

- BA, English Language and Literature, University of Oxford
- MA, English Language and Literature, University of Oxford
- MA, Theology, University of Cambridge
- PhD, Divinity, University of St Andrews

Warren, Doris, PhD

Dean, Department of Chemistry; Professor of Chemistry

- BS, Chemistry, Baylor University
- MS, Chemistry, Baylor University
- PhD, Analytical Chemistry, University of Houston

Weeks, Michael, PhD

Dean, Archie W. Dunham College of Business; Professor of Management

- BEE, Auburn University
- MBA, Auburn University
- MSc, University of Oxford (UK)
- PhD, University of Oxford (UK)

Whaley, Brenda, PhD

Professor of Biology; Administrative SACSCOC Officer

- BS, Biology and Chemistry, Houston Baptist University
- MS, Chemistry, Georgia Institute of Technology
- PhD, Biochemistry, University of Texas Graduate School of Biomedical Sciences - Houston

Wilson, D.R. (Randy), PhD

Chair, Department of Law and Society; Professor of Sociology

- BA, Religion, Baylor University
- MA, Educational Psychology, University of Texas at San Antonio
- PhD, Sociology, The University of North Texas

Wilson, Dawn, EdD

Professor of Education Technology; Director, MED-Cohort Operations; Director, MED-HBU Campus

- BS, Education, Baylor University
- MA, Curriculum and Instruction, Specialization in Instructional Technology, Houston Baptist University
- EdD, Curriculum and Instruction in the area of Instructional Technology

Wilson, Doni, PhD

Professor of English

- BA, History, Baylor University
- MA & PhD, English, University of North Carolina at Chapel Hill

Wingate, Hannah, PhD

Associate Professor of Biology

- BS, Biology, University of New Mexico
- MS, Immunology, University of Texas-Houston Health Science Center
- PhD, Cancer Biology, University of Texas-Houston Health Science Center

Woodbury, Christine, PhD

Assistant Professor of Education

- BS, Western Illinois University
- MS, National University
- PhD, Texas Woman's University

Woods, Treacy, PhD

Chair, Department of Chemistry; Professor of Chemistry

- BS, Chemistry, Mankato State College
- BS, Mathematics, Mankato State College
- Graduate Course work in Chemistry, Iowa State University
- PhD, Chemistry, Rice University

Yarrington, John, DMA

Choral Music; Professor of Music

- BMus Ed, University of Oklahoma
- MSM, Union Theological Seminary
- DMA, University of Oklahoma

Yatsenko, Yuri, PhD

Professor of Business

- MS, Physics, Kiev State University (Kiev, Ukraine)
- PhD, Computer Sciences, Kiev State University (Kiev, Ukraine)
- Dr.Sci., Mathematics, Presidium of the Academy of Sciences of USSR (Moscow)

Yee, Kristopher, MAPHil

Instructor of Philosophy

- Bachelor of Arts, Biola University
- Master of Arts in Philosophy, Houston Baptist University
- Doctor of Philosophy (PhD) in Great Books (in progress), Faulkner University
