Husky Fact	CHEM is the top major choice for Pre-Pharmacy Majors.

The minimum undergraduate residence requirement for the baccalaureate degree is 36 hours, including at least 12 semester hours of upper level courses in one's major completed at HBU with a grade of "C" or better in each course. To graduate, all students must complete at least 125 semester hours, meet proficiency standards if required, earn required CLW points, earn a "C" or better in all major classes, and file a degree plan and intent to graduate. This is not a contract or a guarantee of a degree. Degree requirement and articulated courses at HBU can change. Students are responsible for being aware of any changes and meeting regularly with their advisors to update their plan of study.
