The minimum undergraduate residence requirement for the baccalaureate degree is 36 hours, including at least 12 semester hours of upper level courses in one's major completed at HBU with a grade of "C" or better in each course. To graduate, all students must complete at least 125 semester hours, meet proficiency standards if required, earn required CLW points, earn a "C" or better in all major classes, and file a degree plan and intent to graduate. This is not a contract or a guarantee of a degree. Degree requirement and articulated courses at HBU can change. Students are responsible for being aware of any changes and meeting regularly with their advisors to update their plan of study.
