Husky Fact	BCMB is a popular major choice for Pre-Dental students.

The minimum undergraduate residence requirement for the baccalaureate degree is 36 hours, including at least 12 semester hours of upper level courses in one's major completed at HCU with a grade of "C" or better in each course. To graduate, all students must complete at least 125 semester hours, meet proficiency standards; if required, earn required CLW points; earn a "C" or better in all major classes; and file a degree plan and intent to graduate. This is not a contract or a guarantee of a degree. Degree requirements and articulated courses at HCU can change. Students are responsible for being aware of any changes and meeting regularly with their advisors to update their plan of study.
