Magna Carta

And the Idea of Liberty

Wednesday, November 15, 2023 - 7:00-8:00pm
Belin Chapel - Houston Christian University

Bold and unprecedented, the Magna Carta stands as an emblem of constitutional government and individual freedom. However, the Magna Carta is neither a constitution nor was it created by a democratic government. It is instead a very medieval kind of document that exemplifies a very particular notion of liberty that not only shaped British history but also influenced the Founding Fathers' visions of good and just governance.
